The matter concerned herewith is in regard to the petition of District Board No. 2 for the establishment of the price classifications and minimum prices for all shipments except truck and for truck shipments, as set forth in Supplement R and Supplement T attached hereto, and the establishment of a shipping point at Val. Section No. T-245-1 on the Baltimore & Ohio Railroad in District No. 2 and at Foxburg, Pennsylvania on the Pennsylvania Railroad in District No. 1 for the coals produced at the Hillcrest (s) Mine, Mine Index No. 2718, of Hillcrest Coal Company, Ltd. (Tony Grippo).

It is further ordered, That, pending further order of the Director, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, the schedules of effective minimum prices for District No. 2 for all shipments except truck and for truck shipments are supplemented to include the price classifications and minimum prices appearing in Supplement R and Supplement T which are annexed hereto and made a part hereof.

It is further ordered, That pleadings in opposition to that portion of the original petition in the above-entitled matter which pertains to the Hillcrest (s) Mine, Mine Index No. 2718, of Hillcrest Coal Company, Ltd. (Tony Grippo), and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: July 2, 1943.

DISTRICT BOARD 23

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 23 for the establishment of price classifications and minimum prices for the coals of the Peacock Mine.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, was duly filed with this Division by the above-named party, requesting the temporary and permanent establishment of price classifications and minimum prices for the coals of the Peacock Mine, Mine Index No. 180, of code member Stanley Kepka, located in Subdistrict "B" in District No. 23.

Petitioner alleges that although the Peacock Mine is actually located in Subdistrict "B", the nature and quality of the coal produced therefrom, and the market areas to be served, indicate that the coals of this mine are similar to coals produced in Subdistrict "G", and proposes, therefore, that the same price classifications and minimum prices be established for the coals of the Peacock Mine in the respective size groups for shipment by rail and truck as are presently in effect for comparable and analogous coals produced in Subdistrict "G", except that, in Size Groups 21 and 23 for truck shipments petitioner proposes the establishment of minimum prices 25 cents per ton lower than those applicable to coals in these size groups produced in Subdistrict "G".

The original petition in this matter does not contain facts sufficient to warrant the granting of the permanent relief requested by petitioner without a hearing.

It appearing, however that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; that no petitions of intervention have been filed with the Division in this matter; and that the following action is deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, *It is ordered*, That, pending further order, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, the schedule of effective minimum prices for District No. 23 for all shipments is amended to include the price classifications and minimum prices set forth in the schedule marked "Supplement R and T" annexed hereto and hereby made a part hereof.

It is ordered, That a hearing in the above entitled matter under the applicable provisions of said Act and the rules of the Division be held on July 31, 1943, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division at the Federal Office Bldg., Rm. 117, Seattle, Washington.

It is further ordered, That Charles O. Fowler, or any other officer or officers of the Division duly designated for that purpose, shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before July 26, 1943.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 23 requesting that the same price classifications and minimum prices be established for the coals of the Peacock Mine, Mine Index No. 180, in Subdistrict "B" in District No. 23 in the respective size groups for shipment by rail and truck as are presently in effect for comparable and analogous coals produced in Subdistrict "G" in District No. 23, except that in Size Groups 21 and 23 for truck shipments petitioner proposes the establishment of minimum prices 25 cents per ton lower than those applicable to coals in these size groups produced in Subdistrict "G".

Dated July 2, 1943.

[Docket No. B-312]

CAMPBELL COE COAL CO.

NOTICE OF AND ORDER FOR HEARING

In the matter of Campbell Coe, doing business as Campbell Coe Coal Company, registered distributor, Registration No. 1683.

The Bituminous Coal Division (the Division) finds it necessary in the proper administration of the Bituminous Coal Act of 1937 (the Act) and the Bituminous Coal Code (the Code) promulgated pursuant thereto to determine:

A. Whether Campbell Coe, (hereinafter referred to by his trade name of Campbell Coe Coal Company) registered distributor, Registration No. 1683 (the Distributor) whose address is 16 Waverly Avenue, Newark, New Jersey, has wilfully violated any provisions of section 4 II (i) of the Act, the marketing rules and regulations, regulations for the registration of distributors and other pertinent orders of the Division and the distributor's agreement (the Agreement) filed with the Division on October 2, 1940 by said Distributor with his application for registration, and more particularly whether said Distributor:

1. During the period February 4, 1941 to October 9, 1941, inclusive, sold to various purchasers approximately 1556.60 tons of run of mine coal (Size Group 3), produced by the Reitz Coal Company, a Code Member, at its Mine #8, Mine Index No. 425, located in Somerset County, Pennsylvania, District No. 1, pursuant to a sales agency contract dated September 30, 1940 between said Code Member and the Distributor, and accepted and retained thereon sales agent's commissions in excess of the commissions specified in said sales agency contract, thereby modifying said contract, whereas a copy of the terms and conditions of such modification thereof had not been filed with the Statistical Bureau, resulting in violation of Rules 4 (A), 4 (B) and 9 (a) of section II of the marketing rules and regulations, and whether the participation of the Distributor in said violations constituted a violation by the Distributor of paragraph (e) of the Agreement.

2. (a) During the period December 18, 1940 to January 6, 1942, inclusive, sold to various purchasers approximately 623.40 net tons of 2'' nut and slack coal (Size Group 4) produced by the Allegheny River Mining Company at its Ringgold Mine (Mine Index No. 433), located in Jefferson County, Pennsylvania, District No. 1, pursuant to a sales agency contract dated September 30, 1940 for the sale of said coal entered into between the Distributor and the Pittsburgh and Shawmut Coal Company, whereby the Distributor was appointed sales agent for the Allegheny River Mining Company [by virtue of the authority vested in the Pittsburgh and Shawmut Coal Company by the terms of a contract between the Allegheny River Mining Company and the Pittsburgh and Shawmut Coal Company authorizing said Pittsburgh and Shawmut Coal Company to appoint sales agents for the Allegheny River Mining Company], and accepted and retained thereon sales agent's commissions in excess of the commissions specified in said contract, thereby modifying said contract, whereas a copy of the terms and conditions of such modification thereof had not been filed with the Statistical Bureau, resulting in violation of Rules 4 (A), 4 (B), and 9 (a) of section II of the marketing rules and regulations, and whether the participation of the Distributor in said violations constituted a violation by the Distributor of paragraph (e) of the Agreement; or

(b) During the period December 18, 1940 to January 6, 1942, inclusive, purchased and resold to various purchasers the coal referred to in paragraph 2 (a) hereof, and accepted and retained thereon Distributor's discounts in excess of the maximum allowable Distributor's discounts as prescribed by the order dated June 19, 1940 in General Docket No. 12, in violation of paragraphs (a) and (e) of the Agreement.

B. Whether the registration of said Campbell Coe Coal Company as a registered distributor should be revoked or suspended or other appropriate action taken.

It is therefore ordered, Pursuant to §§ 304.14 (now 317.14) of the rules and regulations for the registration of distributors that a hearing be held at the Post Office Building, Room 308, Newark, New Jersey, on August 5, 1943, at 10 a. m. to determine whether the said Campbell Coe Coal Company has committed violations in the respects heretofore described and whether the registration of said Distributor should be revoked or suspended or other appropriate action taken.

It is further ordered, That Travis Williams, or any other officer of the Division duly designated to preside at such hearing, is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit findings of fact and conclusions and recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said Distributor and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answer setting forth the position of said Distribu-

tor with reference to the matters hereinbefore described, shall be filed within twenty (20) days after date of service hereof on said Distributor, and that failure to file an answer herein within such period, unless the presiding officer shall otherwise order, shall be deemed to be an admission by said Distributor of the commission of the violations hereinbefore described and a consent to the entry of an appropriate order thereon.

Notice is also hereby given that any application pursuant to § 301.132 of the rules of practice and procedure before the Division for the disposition of this proceeding without formal hearing must be filed not later than fifteen (15) days after receipt by said Distributor of a copy of this notice of and order for hearing.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered herein may include, in addition to the matters specifically recited herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Dated: July 5, 1943.

[Docket Nos. A-1913, A-1913 Part II]

DISTRICT BOARD 2

MEMORANDUM OPINION, ETC.

In the matter of the petition of District Board No. 2 for the establishment of price classifications and minimum prices for rail shipments and changes in shipping points for the coals of certain mines in District No. 2; Docket No. A-1913.

In the matter of the petition of District Board No. 2 for the establishment of price classifications and minimum prices for rail shipments from Mine Index No. 2341; Docket No. A-1913, Part II.

Memorandum opinion and order severing Docket No. A-1913 Part II from Docket No. A-1913, and notice of and order for hearing

On April 9, 1943, an Order was issued in Docket No. A-1913 granting temporary relief, pending final disposition of the matter, for the coals of certain mines in District No. 2, including Mine Index No. 2341, and providing that the relief therein granted should become final 60 days from the date thereof, unless it should otherwise be ordered. In accordance with information furnished to the Division by District Board No. 2, the original petitioner in Docket No. A-1913, the code member operator of Mine Index No. 2341 was listed in the said order as The Highway Coal Company.

Subsequently, Hyman Weinberg, of Mt. Pleasant, Pennsylvania, advised the Division that he is the operator of this mine rather than The Highway Coal Company, and he requested that an appropriate order be issued and that he be permitted to become an intervenor in this proceeding.

By order dated May 22, 1943, Hyman Weinberg was admitted as an intervenor in this proceeding. It was further provided in said order that the relief granted for Mine Index No. 2341 in the order dated April 9, 1943 in Docket No. A-1913 was not to become final 60 days from the date of that order, but was to remain temporary until further order; that the said order dated April 9, 1943 was, in all other respects, to remain in full force and effect, and that an order scheduling a hearing for the purpose of adducing facts upon which final relief for Mine Index No. 2341 might be based would be issued in due course. It now appears appropriate that a hearing be held in this matter insofar as it concerns Mine Index No. 2341.

The following action being deemed necessary in order to effectuate the purposes of the Act:

Now, therefore, *It is ordered*, That the portion of Docket No. A-1913 relating to the coals of Mine Index No. 2341 be, and the same hereby is, severed from the said docket and docketed as Docket No. A-1913 Part II.

It is further ordered, That the relief granted for Mine Index No. 2341 in the Order dated April 9, 1943 in Docket No. A-1913 shall continue to remain temporary.

It is further ordered, That a hearing in Docket No. A-1913 Part II under the applicable provisions of the Bituminous Coal Act of 1937 and the rules of the Division be held on August 6, 1943, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, Washington, D. C. On such day the Chief of the Records Section in the Office of the Division will advise as to the room where such hearing will be held.

It is further ordered, That Edward J. Hayes, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearings are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the Rules and Regulations of the Bituminous Coal Division for Proceedings Instituted Pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before August 2, 1943.

All persons are hereby notified that the hearing in Docket No. A-1913 Part II and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the determination of the code member operator of Mine Index No. 2341, located in District No. 2, and whether the minimum prices and price classifications temporarily established for Mine Index No. 2341 in the order dated April 9, 1943, in Docket No. A-1913 shall be made permanent.

BECCARIA COAL MINING CO.

ORDER DIRECTING CODE MEMBERS TO CEASE AND DESIST

In the matter of Beccaria Coal Mining Company, a partnership, also known as Fred Dezaiffe, Sr., and Fred Dezaiffe, Jr., individually and as copartners, trading and doing business as Beccaria Coal Mining Company, Code Members.

Upon the basis of findings of fact and conclusions of law set forth in the opinion of the Director filed simultaneously herewith, wherein it appears that code members wilfully violated section 4 II (e) of the Act, the corresponding section of the Code, Rule 13 of section II and Rule 1 of section III of the marketing rules and regulations, and Price Instruction No. 5 of the schedule of effective minimum prices for District No. 1 for all shipments except truck, and pursuant to sections 4 II (j), 5 (b) and other provisions of the Bituminous Coal Act of 1937;

It is ordered, That Fred DeZaiffe, Sr., and Fred DeZaiffe, Jr., individually and as copartners, trading and doing business as Beccaria Coal Mining Company, code members operating the Leland No. 8 Mine (Mine Index No. 273), located in Clearfield County, Pennsylvania, in District 1, their agents, representatives, employees, successors or assigns, and any persons acting or claiming to act for or on their behalf, cease and desist from violating section 4 II (e) of the Act, the corresponding section of the code, Rule 13 of section II and Rule 1 of section III of the marketing rules and regulations, and Price Instruction No. 5 of the schedule of effective minimum prices for District No. 1 for all shipments except truck, or from otherwise violating the provisions of the Act, the code, and the rules and regulations thereunder.

Notice is hereby given that upon failure or refusal to comply with this order the Division may apply to a Circuit Court of Appeals for the enforcement thereof, or take other appropriate action as authorized by the Act.

JOHN J. CABLE

ORDER GRANTING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of John J. Cable requesting permission to mix coals produced at the Toth & Alwine Mine, Mine Index No. 3107 with coals produced at the Grazier Mine, Mine Index No. 2648 located in District No. 1.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting permission to mix coals produced at the Toth & Alwine Mine, Mine Index No. 3107 of Clarence Alwine & Steve Toth (Steve Toth) with coals produced at the Grazier Mine, Mine Index No. 2648, of John J. Cable, for rail shipment at Foustwell, Pennsylvania, on the Baltimore and Ohio Railroad; and

It appearing that a reasonable showing of necessity has been made by the granting of temporary relief in the manner hereinafter set forth; and

No petition of intervention having been filed with this Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, *It is ordered*, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 1 for All Shipments Except Truck is supplemented to include price classifications, minimum prices and other matters set forth in the schedule marked Supplement R annexed hereto and made a part hereof.

It is further ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on July 27, 1943, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Cuff, or any other officer of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before July 16, 1943.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

Notice is hereby given that applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

The matter concerned herewith is in regard to a petition filed with this Division by John J. Cable requesting permission to mix coals produced at the Toth & Alwine Mine, Mine Index No. 3107 of Clarence Alwine & Steve Toth (Steve Toth) with coals produced at the Grazier Mine, Mine Index No. 2648 of John J. DISTRICT BOARD 16

MEMORANDUM OPINION AND ORDER DENYING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 16 for certain increases in minimum prices for coals in Size Group 9 produced at all mines in District No. 16.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, was duly filed with this Division by the above-named party on June 9, 1943, and amended on June 12, 1943, requesting (a) that the effective minimum price for 1½" x ¾" modified pea coal, Size Group 9, produced in all subdistricts except Subdistrict 10 of District No. 16 for rail and truck shipments into all market areas, be increased 25 cents per ton; (b) that as to coals of these dimensions produced in Subdistrict 10 the effective minimum price be increased 35 cents per ton for rail and truck shipments into all market areas, with the exception that no increase be established for such shipments to the Denver Tramway Corporation; and (c) that pending further order, a temporary order be issued granting such relief.

No reasonable showing of necessity having been made for the granting of temporary relief herein without a hearing;

Now, therefore, *It is ordered*, That the request for temporary relief be, and the same hereby is, denied without prejudice to the renewal of such request for temporary relief, upon further showing or upon the basis of the record to be made at the hearing to be held herein.

It is further ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on August 10, 1943, at 10 o'clock in the forenoon of that day, at a hearing room of

the Bituminous Coal Division at the Grand Jury Room, Post Office Bldg., Denver, Colorado.

It is further ordered, That Charles O. Fowler, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before August 5, 1943.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of thi. petition.

The matter concerned herewith is in regard to the amended petition of District Board No. 16, requesting that the effective minimum prices for 1½" x ¾" modified pea coal, Size Group 9, produced in all subdistricts of District No. 16 except Subdistrict 10, for rail and truck shipments into all market areas, be increased 25 cents per ton, and that in Subdistrict 10 the effective minimum prices for coals of these dimensions for such shipments be increased 35 cents pe" ton, with the exception that no increase be established in the minimum prices for such coals produced in Subdistrict 10 for shipment to the Denver Tramway Corporation.

DISTRICT BOARD 23

NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 23 for the establishment of price classifications and minimum prices for mines in Subdistrict "D", District No. 23.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the Rules of the Division be held on July 30, 1943, at 2 o'clock p. m. at a hearing room of the Bituminous Coal Division, at the Federal Office Building, Room 117, Seattle, Washington.

It is further ordered, That Charles O. Fowler, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before July 24, 1943.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 23 requesting the establishment of minimum prices of $3.10 per ton and $3.60 per ton for rail shipments and for truck shipments, respectively, into all market areas for coals in Size Group 21 (2" x 0) produced at all mines in Subdistrict "D" in District No. 23.

[Docket No. 35-FD]

SUPERIOR COAL CO.

ORDER EXTENDING EFFECTIVE DATE OF DENIAL OF APPLICATION FOR EXEMPTION

An Order was issued in this proceeding on May 25, 1943, denying an application for exemption of Superior Coal Company, Code Member in District No. 10, effective fifteen (15) days from the date thereof. Thereafter, on June 11, 1943, at the request of Superior Coal Company, the effective date of the Order denying its application for exemption was extended to July 1, 1943.

By application, dated June 28, 1943, Superior Coal Company requested that the effective date of the Order of the Director of May 25, 1943, denying its application for exemption be extended to August 1, 1943. Applicant alleges that on June 26, 1943, it requested District Board No. 10 to recommend the establishment of a minimum price for coals produced by Superior Coal Company and sold to the Chicago and Northwestern Railway Company and its subsidiary, the Chicago, St. Paul, Minneapolis, and Omaha Railway Company, the principal purchasers of Superior's coals. Applicant further alleges that District Board No. 10 advised it to request this extension since the Board would be unable to pass upon the request of Superior Coal Company prior to July 1, 1943, the present effective date of the aforementioned Order of the Director.

In these circumstances, I believe that the requested relief is appropriate and that the third paragraph of the Order denying the application of Superior Coal Company for exemption, dated May 25, 1943, should accordingly be amended to read as follows:

It is hereby further ordered, That effective August 1, 1943, the application of Superior Coal Company is denied.

It is so ordered.

Dated: July 1, 1943.

W. D. CORLEY, JR.

NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of W. D. Corley, Jr., Code Member in District No. 17, for a reduction in the effective minimum price for "Bone Coal" produced from the Corley No. 6 Mine.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the Rules of the Division be held on August 9, 1943, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, at the Grand Jury Room, Post Office Building, Denver, Colorado.

It is further ordered, That Charles O. Fowler, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before August 4, 1943.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of W. D. Corley, Jr., code member in District No. 17, requesting a reduction from $2.50[1] per ton to $1.25 per ton in the minimum price for waste bony coal resulting from washing raw coal produced from his Corley No. 6 Mine, Mine Index No. 23, located in Subdistrict 3 in District No. 17.

YORK & PARK

MEMORANDUM OPINION AND ORDER TO CEASE AND DESIST

In the matter of Dewey C. York, Dude Park and I. T. York, individually and as copartners doing business under the name and style York & Park.

On June 1, 1943, after notice and hearing, Edward J. Hayes, a duly designated Examiner of the Division, submitted a Report in which he found that code members Dewey C. York, Richard L. Park, named herein as "Dude" Park, and I. T. York individually and as copartners doing business as York & Park, a partnership, operating the York Mine, Mine Index No. 2848, located in Bell County, Kentucky, wilfully violated the provisions of the Order in General Docket No. 19 dated October 9, 1940 by selling coal produced at their mine during April 1941 for shipment by rail, whereas prices, temporary or final, had not been established by the Division for said coal by rail shipment.

The Examiner recommended that an order be issued directing code members to cease and desist from violating the said order of the Director dated October 9, 1940, the Code and the rules and regulations thereunder.

Opportunity was afforded to all parties to file exceptions to the Examiner's Report. No exceptions have been filed.

I have considered the report of the Examiner and I find that it adequately and accurately reflects the evidence disclosed in the record. Upon the basis of the proposed findings of fact, proposed conclusions of law and recommendation set forth in the report and upon the entire record in this proceeding,

It is hereby ordered, That the proposed findings of fact and the proposed conclusions of law of the Examiner are approved and adopted as the findings of fact and conclusions of law of the Director.

It is further ordered, That Dewey C. York, Richard L. Park, named herein as "Dude" Park, and I. T. York, doing business under the name and style of York & Park, a partnership, operating the York Mine (Mine Index No. 2848), located in Bell County, Kentucky, their agents, employees, representatives, successors and assigns, and all persons acting or claiming to act on their behalf or interest, cease and desist from violating the Code, the rules and regulations thereunder and particularly the Order of the Director in General Docket No. 19 dated October 9, 1940.

Notice is hereby given that upon failure or refusal to comply with this order, the Division may apply to a United States Circuit Court of Appeals for the enforcement thereof, or may otherwise proceed as authorized by the Act.

Dated: July 1, 1943.

GRIFFITH-CONSUMERS CO.

ORDER REINSTATING REGISTRATION AS A DISTRIBUTOR

In the Matter of Griffith-Consumers Company, Registered Distributor, Registration No. 3737, Respondent.

The registration of the above-named respondent as a distributor having been suspended for twenty (20) days from June 6, 1943 by order of the Director in the above-entitled matter dated May 22, 1943; and

Said Order of Suspension having been duly served upon the said respondent on May 24, 1943; and

A proper affidavit in compliance with § 317.15 of the Rules and Regulations for the Registration of Distributors and the terms and provisions of said Order dated May 22, 1943 having been duly filed with the Bituminous Coal Division on June 21, 1943;

Now, therefore, *It is ordered,* That the registration of the said Griffith-Consumers Company, as a distributor be, and the same hereby is, reinstated effective as of June 27, 1943.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6524]

MODIFICATIONS OF LICENSES IN THE FIXED PUBLIC AND FIXED PUBLIC PRESS SERVICES

ORDER FOR HEARING, ETC.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 29th day of June 1943:

The Commission having under consideration the contractual arrangements for divisions of charges between licensees in the fixed public and fixed public press services and their foreign correspondents, and also having under consideration its order of May 11, 1943 proposing a modification of licenses in the fixed public and fixed public press services, effective June 30, 1943, by the inclusion therein of a condition requiring that the division of the radio-link portion of the toll for foreign or overseas radiocommunication be on a basis of 50% to the licensee and 50% to the foreign correspondent;

It appearing, That a hearing has been requested before the proposed modification of license becomes effective;

It is ordered, That each of the licensees designated in the attached list[1] be and it is hereby afforded an opportunity to show cause at a hearing to be held beginning at 10:00 a. m. on July 19, 1943, at the offices of the Commission in Washington, D. C., why the Commission's order of May 11, 1943 should not become final;

It is further ordered, That the effective date of the Commission's aforesaid order of May 11, 1943 be and it is hereby suspended;

It is further ordered, That upon the filing by any of the licensees designated in the attached list of a statement consenting to the modificatiton of its licenses as provided in the order of May 11,

[1] This price does not include the minimum price increase provided for by the Order entered in General Docket No. 21 on August 28, 1942.

[1] Filed as a part of the original document.

1943, said order shall become final as to such licensee.

[Docket Nos. G-432, G-470]

THE OHIO FUEL GAS COMPANY V. PANHANDLE EASTERN PIPE COMPANY

ORDER ALLOWING RATE SCHEDULE TO TAKE EFFECT RETROACTIVELY AND TERMINATING PROCEEDINGS

JUNE 29, 1943.

It appearing to the Commission that:

(a) On November 13, 1942, Panhandle Eastern Pipe Line Company (hereinafter referred to as "Panhandle Eastern") filed with the Commission a schedule of rates and charges, designated as Panhandle Eastern Pipe Line Company Rate Schedule FPC No. 59, providing for the sale of natural gas at the rate of 2.5¢ per therm to The Ohio Fuel Gas Company (hereinafter referred to as "Ohio Fuel") for resale, through an established interconnection between the pipelines of said companies near the Indiana-Ohio State line between Muncie, Indiana, and Dayton, Ohio, pursuant to Directive No. 1, dated July 25, 1942, issued by the War Production Board under its Limitation Order L-31:

(b) On November 23, 1942, Ohio Fuel filed with the Commission, in Docket No. G-432, a protest (treated by the Commission as a complaint) and motion for an order striking the said Rate Schedule FPC No. 59, alleging, among other things, that the rates and charges therein are unjust, unreasonable, unduly discriminatory, unduly preferential, and unlawful;

(c) On February 1, 1943, Panhandle Eastern filed an answer to said protest and motion, generally denying the allegations contained therein and praying that its Rate Schedule FPC No. 59 be approved and made effective from and after August 1, 1942;

(d) On April 29, 1943, Panhandle Eastern filed with the Commission a schedule of rates and charges designated as Panhandle Eastern Pipe Line Company Rate Schedule FPC No. 94, providing for the sale of natural gas at the rate of 2.5¢ per therm to Ohio Fuel for resale through an interconnection between pipelines of the said companies at a point west of the Village of Maumee, Ohio, pursuant to Directive No. 10, dated March 30, 1943, issued by the War Production Board under its Limitation Order L-31:

(e) On May 14, 1943, Ohio Fuel filed with the Commission, in Docket No. G-470, a protest (treated by the Commission as a complaint), alleging in substance that the proposed rates are discriminatory and unlawful;

(f) On June 14, 1943, Panhandle Eastern filed an answer to said protest and motion in Docket No. G-470, generally denying the allegations contained therein and praying that its Rate Schedule FPC No. 94 be approved;

(g) On May 22, 1943, the Commission consolidated the proceedings in said Docket Nos. G-432 and G-470 for the purpose of hearing, and ordered that a public hearing be held June 16, 1943, at which hearing counsel for Panhandle Eastern and Ohio Fuel stated that representatives of said companies had reached an agreement *inter sese* with respect to the said sale of natural gas at the interconnections, whereupon the Commission's Trial Examiner recessed said hearing to June 26, 1943, to enable said companies to secure the ratification of said agreement by their respective boards of directors and to file new rate schedules;

(h) On June 25, 1943, there was submitted for filing with the Commission an agreement dated June 16, 1943, between Panhandle Eastern and Ohio Fuel, designated as Panhandle Eastern Pipe Line Company Rate Schedule FPC No. 95, providing for the sale to Ohio Fuel of natural gas at the two pipeline interconnections hereinabove referred to, at the rate of 1.6¢ per therm for all gas delivered prior to May 1, 1943, and 1.9¢ per therm for gas delivered on and after May 1, 1943; accompanying said Rate Schedule were certified copies of resolutions of the boards of directors of Panhandle Eastern and Ohio Fuel authorizing the execution of said agreement;

(i) On June 25, 1943, Panhandle Eastern filed with the Commission a formal request that the proceedings herein be terminated; and on June 26, 1943, Ohio Fuel filed with the Commission a formal request to dismiss its protests (complaints) and motion heretofore filed in these proceedings;

The Commission *orders*, That:

(A) The Panhandle Eastern Pipe Line Company Rate Schedule FPC No. 95 be and it hereby is allowed to take effect as of August 1, 1942, superseding Panhandle Eastern Pipe Line Company Rate Schedules FPC Nos. 59 and 94;

(B) Said Panhandle Eastern Pipe Line Company Rate Schedule FPC No. 95 shall be deemed to have been filed and published in compliance with the Natural Gas Act;

(C) Nothing contained in this order shall be construed as a waiver of the requirements of Section 7 of the Natural Gas Act, as amended, nor shall it be construed as constituting approval by this Commission of any service, rate, provision, or condition contained in the contract referred to herein; nor shall this order be construed as in any manner changing or affecting the Commission's Opinion No. 80 and Order Reducing Rates entered September 23, 1942, in Docket Nos. G-200 and G-207, or in any manner relieving Panhandle Eastern from filing new rate schedules reflecting the reduction in rates in conformity therewith;

(D) This order is without prejudice to any findings or orders heretofore made, or which may hereafter be made by the Commission in any proceedings now pending or hereafter instituted by or against Panhandle Eastern or Ohio Fuel;

(E) The proceedings in Docket Nos. G-432 and G-470 be and they hereby are terminated.

[Amendment of Vesting Order 853]

ESTATE OF ERIC PLACK

Whereas, Pursuant to Vesting Order No. 853 dated February 8, 1943 (8 F.R. 2062), the undersigned vested the following property and interest:

All right, title, interest and claim of any kind or character whatsoever of Karl Plach, or his surviving issue and Christine Kraupar, or her surviving issue and each of them in and to the Estate of Eric Plack, also known as Erick Plack, also known as E. Plack, and also known as Eric Plach, deceased;

Whereas in subparagraph 2 of said Vesting Order No. 853 the said property and interests were found by the undersigned to be payable or deliverable to or claimed by nationals of a designated enemy country, Austria;

Whereas the last known address of the said nationals was found by the undersigned in subparagraph 2 of said Vesting Order No. 853 to be Austria;

Whereas in subparagraph 3 of said Vesting Order No. 853 the undersigned determined that if such nationals are not persons within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Austria); and

Whereas in said Vesting Order No. 853 the name of the designated enemy country was, inadvertently and through error, stated to be Austria, instead of Germany.

Now, therefore, Vesting Order No. 853 of February 8, 1943, is hereby amended by striking the word "Austria" from said order wherever it may appear and by substituting the words "Germany (Austria)" in place and stead thereof.

All other provisions of said Vesting Order No. 853 and all action taken on behalf of the undersigned in reliance thereon, pursuant thereto and under the authority thereof are hereby ratified and confirmed.

[Vesting Order 1499]

THE SUMITOMO BANK OF HAWAII

Under the authority of the Trading with the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that The Sumitomo Bank of Hawaii is a corporation organized under the laws of and doing business in the Territory of Hawaii and is a business enterprise within the United States;

2. Finding that 1,970 shares of $100 par value common capital stock of said The Sumitomo Bank of Hawaii are registered in the names of and owned by the persons in the amounts set opposite their names, respectively, as follows:

Names:	Number of shares
Shingenori Hattori	35
Yutaka Kodama	30
Hayashi Okahashi	50
Torataro Onoda	40
The Sumitomo Bank, Ltd.	1,815
Total	1,970

3. Finding that:

a. Shigenori Hattori, Yutaka Kodama and Hayashi Okahashi, the last known address of each of whom is Japan, are subjects of Japan and are nationals of a designated enemy country (Japan);

b. Torataro Onoda is a subject of Japan and has been interned by order of the Military Governor of the Territory of Hawaii and is a national of a designated enemy country (Japan), and

c. The Sumitomo Bank, Ltd. is a corporation organized under the laws of Japan with its principal place of business in Japan, and is a national of a designated enemy country (Japan);

4. Finding that said 1,970 shares constitute a substantial part (namely, 98.5%) of all outstanding capital stock of the aforesaid business enterprise and represent control thereof;

5. Determining, therefore, that such business enterprise is a national of a designated enemy country (Japan);

6. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan);

7. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

8. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the 1,970 shares of capital stock hereinbefore described in subparagraph 2, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on May 18, 1943.

[Vesting Order 1500]

PACIFIC BANK

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that Pacific Bank is a corporation organized under the laws of and doing business in the Territory of Hawaii and is a business enterprise within the United States;

2. Finding that 2,878 shares of $50 par value common capital stock of said Pacific Bank are registered in the names of and owned by the persons in the amounts set opposite their names, respectively, as follows:

Names:	Number of shares
Isaku Fujimoto	40
Shozo Kawakami	10
Dr. Robert A. Kimura	75
Geo. T. Kojima	10
Mannosuke Komu	10
Totaro Matsui	120
Motoi Motoshige	25
Wasuke Motoshige	500
Kyoichi Nakano	50
Taichi Sato	350
Tatsuko Sayegusa (Mrs.)	10
Kichitaro Sekiya	100
Daizo Sumida	650
Koichiro Sumida	30
Shinzaburo Sumida	280
Tajiro Sumida	70
Tamaichi Tanaka	110
Seizo Yamamoto	373
Tsuneichi Yamamoto	5
Heichi Yamanaka	40
Moritaro Yamasaki	10
Yasu Yonekura (Mrs.)	10
Total	2,878

3. Finding that:

a. The following named persons, the last known address of each of whom is Japan, are subjects of Japan and are nationals of a designated enemy country (Japan);

Isaku Fujimoto.
Wasuke Motoshige.
Kyoichi Nakano.
Tatsuko Sayegusa (Mrs.).
Tajiro Sumida.
Seizo Yamamoto.
Heichi Yamanaka.
Moritaro Yamasaki.
Yasu Yonekura (Mrs.).

b. Motoi Motoshige and Koichiro Sumida, the last known address of each of whom is Japan, are citizens of the United States and are nationals of a designated enemy country (Japan).

c. The following named persons, who have either been interned by order of the Military Governor of the Territory of Hawaii or have been repatriated to Japan, are subjects of Japan and are nationals of a designated enemy country (Japan):

Shozo Kawakami.
Dr. Robert A. Kimura.
Geo. T. Kojima.
Mannosuke Komu.
Totaro Matsui.
Taichi Sato.
Kichitaro Sekiya.
Daizo Sumida.
Tamaichi Tanaka.
Tsuneichi Yamamoto.

d. Shinzaburo Sumida is a citizen of the United States and has been interned by order of the Military Governor of the Territory of Hawaii, and determining that he has been acting or purporting to act directly or indirectly for the benefit or on behalf of a designated enemy country (Japan) or a national or nationals thereof, and therefore is a national of a designated enemy country (Japan);

4. Finding that the aforesaid 2,878 shares constitute a substantial part (namely 71.95%) of all outstanding capital stock of the aforesaid business enterprise and represent control thereof;

5. Determining, therefore, that such business enterprise is a national of a designated enemy country (Japan);

6. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan);

7. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

8. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the 2,878 shares of capital stock hereinbefore described in subparagraph 2, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on May 18, 1943.

[Amendment of Vesting Order 1554]

ESTATE OF AGOSTINO ALESSANDRINI

Whereas, pursuant to Vesting Order Number 1554 dated May 28, 1943 (8 F.R. 7610), the undersigned vested certain property and interests of nationals of a designated enemy country (Italy); and

Whereas, in describing said nationals they were inadvertently and through clerical error referred to as nationals of a designated enemy country (Germany);

Now, therefore, Vesting Order Number 1554 of May 28, 1943, is hereby amended by striking the word "Germany" in the third line of subparagraph 2 and in the fourth line of subparagraph 3 and substituting therefor the word "Italy" in place and stead thereof.

All other provisions of said Vesting Order Number 1554 and all action taken on behalf of the undersigned in reliance thereon, pursuant thereto and under the authority thereof are hereby ratified and confirmed.

Executed at Washington, D. C., on June 24, 1943.

A. W. BUHLMANN, INC.

In re: Matter of A. W. Buhlmann, Inc., bankrupt; File No. D-28-1790; E. T. sec. 1126.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation;

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Walter Upright, as trustee in bankruptcy, acting under the judicial supervision of the United States District Court for the Southern District of New York; and

(2) Such property and interests are payable or deliverable to, or claimed by nationals of a designated enemy country, Germany, namely,

Nationals:	Last known address
Jean Gusken	Germany.
Maschinenfabriek Gerber Wanslesen.	Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests;

All right, title, interest and claim of any kind or character whatsoever of Jean Gusken and Maschinenfabrick Gerber Wanslesen, and each of them, in and to dividends awarded to them as general creditors of A. W. Buhlmann, Inc., Bankrupt,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all the proceeds thereof shall be held in a special appropriate account or accounts pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The term "national" and "designated enemy country", as used herein, shall have the meanings prescribed in section 10 of said Executive Order.

Dated: June 21, 1943.

TRUST UNDER WILL OF AUGUSTA VON HAGEN BRAND

In re: Trust under will of Augusta von Hagen Brand, deceased; File D-28-4917; E. T. sec. 1421.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Florence E. Wilson, formerly known as Florence E. Siedenburg, as executrix and trustee, acting under the judicial supervision of the Surrogate's Court of the County of New York, New York;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals:	Last known address
Anna Lueder and her issue	Germany.
Augusta Pulfrich and her issue	Germany.
Carla von Bocklin and her issue	Germany.
Richard Brill	Shanghai, China.

And determining that—

(3) Richard Brill, a citizen or subject of a designated enemy country, Germany, and within an enemy occupied area, Shanghai, China, is a national of a designated enemy country, Germany;

(4) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Anna Lueder, Augusta Pulfrich and Carla von Bocklin, and their respective issue, and each of them, in and to the trusts created under the will of Augusta von Hagen Brand, deceased; and

All right, title, interest and claim of any kind or character whatsoever of Richard Brill in and to the estate of Augusta von Hagen Brand, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

(1) The property and interests hereinafter described are property which is in the process of administration by Chicago City Bank & Trust Company, 815 West 63rd Street, Chicago, Illinois, Executor, acting under the judicial supervision of the Probate Court of Cook County, State of Illinois;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals:	*Last known address*
Children of Maria Graul, deceased, names unknown.	Germany.
Children of Peter Guth, deceased, names unknown.	Germany.
Children of Heinrich Guth, deceased, names unknown.	Germany.
Children of William Guth, deceased, names unknown.	Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of the children of Maria Graul, deceased, names unknown, the children of Peter Guth, deceased, names unknown, the children of Heinrich Guth, deceased, names unknown, the children of William Guth, deceased, names unknown, and each of them, in and to the estate of Philipp Guth, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property and interests or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Dated: June 21, 1943.

ESTATE OF EDWARD HAENSROTH

In re: Estate of Edward Haensroth, deceased; File No. D–28–3570; E. T. sec. 5780.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by the Treasurer of the County of Cook of State of Illinois, as depositary, acting under the judicial supervision of the Probate Court of Cook County, Illinois; and

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals:	*Last known address*
Lillie Rupphof	Hanover, Munden, Germany.
Mary Rupphof	Kenkel, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

Cash distributable and payable to Lillie Rupphof in the sum of $801.13, and Mary Rupphof in the sum of $801.13, which amounts were deposited with the Treasurer of Cook County, Illinois, on February 27, 1942, pursuant to order of the court of February 6, 1942, to the credit of the aforesaid nationals,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

OFFICE OF DEFENSE TRANSPORTATION.

[Supp. Order ODT 3, Revised–34]

GEORGIA HIGHWAY EXPRESS, INC., AND DIXIE OHIO EXPRESS CO.

COORDINATED OPERATIONS BETWEEN ATLANTA AND LA GRANGE, GEORGIA

Upon consideration of the application for authority to coordinate operations as common carriers by motor vehicle in the transportation of property between Atlanta and La Grange, Georgia, filed with the Office of Defense Transportation by Georgia Highway Express, Inc., Atlanta, Georgia, and Dixie Ohio Express Co., Akron, Ohio, as governed by § 501.9 of General Order ODT 3, Revised, as amended 7 F.R. 5445, 6689, 7694; 8 F.R. 4660), and

It appearing that such coordination is necessary in order to assure maximum utilization of the facilities, services and equipment, and to conserve and providently utilize vital equipment, materials and supplies, of the above-named carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. Dixie Ohio Express Co. shall divert to Georgia Highway Express, Inc., at La Grange, all shipments originating at La Grange and routed through Atlanta, Georgia, in cases where Dixie Ohio Express Co. does not have, and Georgia Highway Express, Inc., does have, adequate equipment available at La Grange to perform such transportation.

2. Georgia Highway Express, Inc. shall accept from shippers at La Grange all shipments diverted to it pursuant to paragraph 1 hereof, and shall transport such shipments to its own terminal at Atlanta, pursuant to the lawfully applicable rates, charges, rules and regulations of Dixie Ohio Express Co.

3. Except as may be otherwise provided by agreement between the carriers, or prescribed by the Interstate Commerce Commission or by an appropriate State regulatory body, the division of revenues derived from the transportation performed pursuant hereto shall be as determined by the Office of Defense Transportation.

4. All records of the carriers pertaining to any transportation performed pursuant to this order shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

5. The provisions of this order shall not be so construed or applied as to require either carrier named herein to perform any service beyond its transportation capacity, or to permit either carrier to alter its legal liability to any shipper. In the event compliance with any term

of this order would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of either carrier named herein, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

6. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operation affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations and practices of the carrier which may be necessary to accord with the provisions of this order; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

7. Contractual arrangements made by the carriers to effectuate the terms of this order shall not extend beyond the effective period of this order.

8. Communications concerning this order should refer to "Supplementary Order ODT 3, Revised–34", and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

9. This order shall become effective July 12, 1943, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 5th day of July 1943.

[Supp. Order ODT 3, Revised–35]

E. A. SCHLAIRET TRANSFER CO., AND HAECKL'S EXPRESS, INCORPORATED

COORDINATED OPERATIONS BETWEEN POINTS IN OHIO

Upon consideration of the application for authority to coordinate operations as common carriers by motor vehicle in the transportation of property in less-than-truckload lots between points in Ohio, filed with the Office of Defense Transportation by E. A. Schlairet Transfer Co., a corporation, Mt. Vernon, Ohio, Haeckl's Express, Incorporated, Hamilton, Ohio, designated as Schlairet and Haeckl, respectively, as governed by § 501.9 of General Order ODT 3, Revised, as amended, (7 F.R. 5445, 6689, 7694; 8 F.R. 4660), and

It appearing that such coordination is necessary in order to assure maximum utilization of the facilities, services, and equipment, and to conserve and providently utilize vital equipment, materials, and supplies, of the above-named carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, It is *hereby ordered*, That:

1. Haeckl shall:

(a) Suspend its collection and delivery service at Marion and Delaware, Ohio, and at Columbus, Ohio, in respect of shipments destined to points on its route between Columbus and Marion;

(b) Suspend the transportation of all shipments over its route between Columbus and Marion, except shipments originating at points beyond Columbus which (i) due to size and weight are not susceptible of interchange or (ii) constitute a full truckload; and

(c) Divert to Schlairet at the latter's terminal at Columbus all shipments in less-than-truckload lots originating at points beyond Columbus and destined to Marion or intermediate points between Marion and Columbus, except such shipments which due to size and weight are not susceptible of interchange.

2. Schlairet shall:

(a) Accept and transport all shipments diverted to it by Haeckl pursuant to paragraph 1 hereof; and

(b) Accept from shippers and transport between Columbus and Marion and points intermediate thereto all shipments tendered to it on bills of lading of Haeckl and originating at and moving between any of such points, and perform collection and delivery service at Columbus in respect of such shipments.

3. Whenever Haeckl has equipment available at Marion or intermediate points between Marion and Columbus, such equipment shall be loaded by Schlairet with shipments destined to or routed through Columbus.

4. The carrier to which a shipment has been diverted shall transport such shipment pursuant to the lawfully applicable rates, charges, rules, and regulations of the diverting carrier.

5. Except as may be otherwise provided by agreement between the carriers, or prescribed by the Interstate Commerce Commission or by an appropriate State regulatory body, the division of revenues derived from the transportation performed pursuant hereto shall be as determined by the Office of Defense Transportation.

6. All records of the carriers pertaining to any transportation performed pursuant to this order shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

7. The provisions of this order shall not be so construed or applied as to require either carrier named herein to perform any service beyond its transportation capacity, or to permit either carrier to alter its legal liability to any shipper. In the event compliance with any term of this order would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of either carrier named herein, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

8. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rate, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

9. Contractual arrangements made by the carriers to effectuate the terms of this order shall not extend beyond the effective period of this order.

10. Communications concerning this order should refer to "Supplementary Order ODT 3, Revised–35", and unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

11. This order shall become effective July 12, 1943, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as

the Office of Defense Transportation by further order may designate.

[Supp. Order ODT 3, Revised-36]

SALEM NAVIGATION CO., AND REIMANN TRUCK SERVICE

JOINT FREIGHT SERVICE BETWEEN VANCOUVER, WASHINGTON, AND POINTS IN OREGON

Upon consideration of the application for authority to coordinate operations as common carriers by motor vehicle by establishing a joint freight service in the transportation of property between Vancouver, Washington, and points in Oregon filed with the Office of Defense Transportation by Salem Navigation Co., a corporation, Portland, Oregon, and Reimann Truck Service, a corporation, Salem, Oregon, herein collectively designated as "carriers", as governed by § 501.9 of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660), and

It appearing that such coordination is necessary in order to assure maximum utilization of the facilities, services, and equipment and to conserve and providently utilize vital equipment, materials, and supplies of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered,* That:

1. On such terms as may be agreed upon between the carriers or, if they fail to agree thereon, as the Office of Defense Transportation shall find to be just and reasonable, the carriers shall:

(a) Discontinue the use of separate terminals and staffs of office personnel at Portland and Salem, Oregon; and use jointly the terminal now used by Salem Navigation Co. at Portland and the terminal now used by Reimann Truck Service at Salem, and consolidate such staffs at those points; and

(b) Establish a joint service, designated as Joint Freight Service, in respect of (i) collection and delivery of shipments at Portland and Salem and (ii) line-haul transportation of shipments between Vancouver, Washington; Portland; Salem; and the site of Camp Adair, south of Monmouth, Oregon.

2. Salem Navigation Co. shall:

(a) Perform the line-haul transportation of all shipments for the Joint Freight Service;

(b) Suspend the collection and delivery of shipments at Portland and Salem and utilize the collection and delivery service performed by Reimann Truck Service at those points for the Joint Freight Service: *Provided,* That Salem Navigation Co. may perform such collection or delivery service whenever practicable in order to accomplish efficient and expeditious transportation of shipments; and

(c) In respect of shipments transported by the Joint Freight Service, be responsible for (i) rating bills of lading, (ii) preparing and abstracting freight bills, (iii) keeping necessary freight records, (iv) filing necessary reports, (v) handling and paying freight claims, (vi) settling advance and beyond charges with connecting freight carriers, (vii) collecting freight charges, and (viii) such other similar acts as are customarily required of operators of freight trucks.

3. Reimann Truck Service shall:

(a) Perform the collection and delivery of all shipments at Portland and Salem for the Joint Freight Service, except such shipments as may be collected or delivered by Salem Navigation Co. as provided in subparagraph (b) of paragraph 2 hereof;

(b) Suspend the line-haul transportation of shipments and utilize the line-haul transportation service performed by Salem Navigation Co. for the Joint Freight Service; and

(c) Constitute Salem Navigation Co. its agent for the performance of the acts specified in subparagraph (c) of paragraph 2 hereof.

4. Except as may be otherwise provided by agreement between the carriers, or prescribed by the Interstate Commerce Commission or by an appropriate State regulatory body, the division of revenues derived from the transportation performed pursuant to this order shall be as determined by the Office of Defense Transportation.

5. The records of the carriers pertaining to any transportation performed pursuant to this order shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. The provisions of this order shall not be so construed or applied as to require either carrier named herein to perform any service beyond its transportation capacity, or to permit either carrier to alter its legal liability to any shipper. In the event compliance with any term of this order would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of either carrier named herein, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

7. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

8. Contractual arrangements made between carriers to effectuate the terms of this order shall not extend beyond the effective period of this order.

9. Communications concerning this order should refer to "Supplementary Order ODT 3, Revised-36," and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

10. This order shall become effective July 19, 1943, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

If, during any delivery period, the minimum price, as established by the Secretary of Agriculture, to be paid producers for Class I fluid milk delivered at a plant located not more than 40 miles from the State House in Boston and disposed of by a contractor, is above or below $3.86 per cwt. for milk containing 3.7 per cent of butterfat, the maximum prices fixed in this order for half-pint bottles thereafter delivered shall be increased or decreased by an amount equal to the increase or decrease for a half-pint of such milk.

(3) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for fluid milk sold and delivered by contractors under contracts with the Food Distribution Administration of the United States Department of Agriculture and the Department of Public Schools of the City of Springfield, Massachusetts, for distribution to school children in said Springfield and its environs are modified so that the maximum price for such standard milk in one-half bottles for each such contractor shall be 3.16 cents per bottle. If, during any delivery period, the minimum price, as established by the Milk Control Board of the Commonwealth of Massachusetts, to be paid producers for fluid milk in said City is above or below $4.02 per cwt. for standard milk, the maximum price fixed in this Order for half-pint bottles thereafter delivered shall be increased or decreased by an amount equal to the increase or decrease for a half-pint of such milk. In the case of any such increase or decrease, each contractor who delivers such standard school milk shall, within ten days after the first delivery at the new price, report such new price in writing to the Regional Office of Region I of the Office of Price Administration.

(4) This Order G-12 as amended may be revoked or amended by the Regional Administrator of Region I at any time.

(5) *Effective date.* (a) This Order G-12 as amended shall become effective as of February 1, 1943, at 12: 01 a. m.

[Region I Order G-14]

HARDWOOD-CORDWOOD AND FIREWOOD IN MASSACHUSETTS

Order No. G-14 under § 1499.18 (c) of the General Maximum Price Regulation; hardwood-cordwood and firewood in Massachusetts (formerly General Order No. 14).

For reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by § 1499.18 (c) of the General Maximum Price Regulation, as amended by Amendment 33, *It is hereby ordered:*

(a) For hardwood-cordwood and hardwood-firewood sold and delivered in the Commonwealth of Massachusetts the maximum prices established by § 1499.2 of the General Maximum Price Regulation are modified, so that the maximum prices for hardwood-cordwood and hardwood-firewood sold and delivered therein in the transactions listed below shall be the prices (in dollars and cents) specified in the applicable schedule.

(1) For purposes of this order, the localities in the Commonwealth of Massachusetts have been allocated among seven zones, as defined below, and the maximum prices for hardwood-cordwood and hardwood-firewood sold and delivered in the localities in each zone shall be as follows:

(i) Hardwood-cordwood, in 4 foot lengths;

Zone	At roadside	Delivered at retailer's yard	Delivered at buyer's premises		
	Per cord	*Per cord*	*Per cord*	*One-half cord*	*One-fourth cord*
1	$10	$12	$12	$6.25	$3.50
2	11	13	15	7.75	4.25
3	13	15	17	8.75	4.75
4	14	17	19	9.75	5.25
5	15	17	20	10.25	5.50
6	-------	20	23	11.75	6.25
7	-------	-------	26	13.25	7.00

(ii) Hardwood-firewood in 12 inch, 16 inch and 24 inch lengths:

Zone	Delivered at retailer's yard	Delivered at buyer's premises			
	Per cut-up cord	*Per cut-up cord*	*One-half cut-up cord*	*One-quarter cut-up cord*	*1 to 5 cu. ft. Per cu. ft.*
1	$14	$14.00	$7.25	$4.00	$0.40
2	15	17.00	8.75	4.75	.40
3	17	19.00	9.75	5.25	.40
4	19	21.00	10.75	5.75	.40
5	20	23.00	11.75	6.25	.40
6	23	26.00	13.25	7.00	.40
7		28.50	15.00	8.00	.40

(2) The terms used in the above schedules are defined as follows:

(i) "Cordwood" means any wood 4 feet in length, including half the kerf, intended for consumption as fuel, and so prepared that at least 80% consists of cleft wood or merchantable body wood in the round of desirable species.

(ii) "Firewood" means any wood cut to any lengths less than 4 feet and more than 8 inches, and prepared and intended for consumption as fuel.

(iii) "Hardwood" means any wood cut from any deciduous tree.

(iv) "Delivered" means deposited on or at the premises designated by the buyer.

(v) "Cord" means the Massachusetts statutory unit of measure consisting of 128 cubic feet or the equivalent of a pile closely stacked 8 feet in length, 4 feet in width and 4 feet in height.

(vi) "Cut-up cord" means the unit of measure consisting of the amount of firewood cut from a cord of 4 foot wood; *Provided, however,* That a "cut-up cord" of 12-inch or 16-inch wood shall contain no less than 96 cubic feet, and *Provided,* That a "cut-up cord" of 24-inch wood shall contain no less than 104 cubic feet.

(3) Sales and deliveries of hardwood-cordwood and hardwood-firewood shall be made only in the following units of measure:

(i) Hardwood-cordwood—one cord or any multiple thereof; one-half cord; one-quarter cord.

(ii) Hardwood-firewood—one "cut-up cord" or any multiple thereof; one-half "cut-up cord"; one-quarter "cut-up cord"; one to five cubic feet.

(iii) Fractions of the above units of measure (except cubic feet) may be sold at a directly proportionate reduction in price from the price of the next larger unit of measure for which a price is fixed in this order.

(4) A service charge may be added by the seller if, at the buyer's request, the seller shall carry the wood into the buyer's house or any of his covered outbuildings and neatly stack or pile the wood therein, as follows:

(i) A charge at the rate of $1.25 per full cord or "cut-up cord" and proportionately for additional fractions thereof may be added.

(ii) A charge of $1.00 per half cord or "cut-up cord" and $.75 per quarter cord or "cut-up cord" may be added.

(iii) For other fractions of the above units of measure between one cord or "cut-up cord" and one quarter cord or "cut-up cord", a charge at a directly proportionate reduction in price from the service charge fixed for the next larger unit of measure may be added.

(iv) No service charge may be added to the maximum price for sales and deliveries of quantities of less than one quarter cord or "cut-up cord."

(5) Any seller of wood subject to this order shall cause a certificate (a sales slip or memorandum) to be issued and delivered to the purchaser or his agent at the time of delivery of the wood, which shall show:

(i) The date of the sale.

(ii) The names and addresses of the buyer and seller.

(iii) The quantity of cordwood sold, in terms of cords, or the quantity of firewood sold, in terms of "cut-up cords", or of cubic feet.

(iv) The total price of the wood.

(v) The stacking, piling and carrying charge, if such service has been requested.

(6) The price limitations set forth in this order shall not be evaded, either by direct or indirect methods in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to hardwood-cordwood and hardwood-firewood in the Commonwealth of Massachusetts, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge or discount, premium or other privilege, or by tying-agreement or other trade understanding or otherwise. Specifically, the following practices are forbidden, without limiting the generality of the foregoing:

(i) No seller shall require as a condition of any sale or delivery of such wood that the buyer use the services of the seller in carrying, stacking or piling the purchased wood on the premises of the buyer.

(ii) No seller shall increase prices by any charge for the extension of credit, or by any decrease in the time customarily allowed for payment.

(b) The counties, cities and towns in the Commonwealth of Massachusetts are allocated for purposes of this order into zones as follows:

RAILROAD RETIREMENT BOARD.

MUNICIPAL DOCKS RAILWAY, JACKSONVILLE, FLA.

ORDER REOPENING INITIAL DETERMINATION

Order reopening General Counsel's initial determination on status of Municipal Docks Railway of the City of Jacksonville, Florida, under the Railroad Unemployment Insurance Act.

Whereas the General Counsel on February 26, 1943, issued an opinion L–43–163 on the basis of information submitted by Municipal Docks Railway (sometimes called Municipal Docks and Terminals Railway) of the City of Jacksonville and secured by the General Counsel from the files of the Interstate Commerce Commission, determining that Municipal Docks Railway of the City of Jacksonville, Florida, as a separable and identifiable enterprise of said City of Jacksonville, was on August 29, 1935, and thereafter has been at all times a carrier by railroad subject to Part I of the Interstate Commerce Act, and, as such, an employer under the Railroad Retirement Acts and the Railroad Unemployment Insurance Act; and

Whereas said Municipal Docks Railway on April 1, 1943, submitted to the General Counsel a statement dated March 18, 1943, questioning the correctness of this determination, and on May 26, 1943, submitting a petition to the Railroad Retirement Board dated May 21, 1943; and

Whereas in accordance with § 319.40 of Part 319 of the regulations governing proceedings under section 5 (c) of the Railroad Unemployment Insurance Act, the General Counsel on June 30, 1943, entered a general order awarding benefits on the basis of compensation earned in the service of Municipal Docks Railway subject to a right of recovery of any benefits paid pursuant to such order as provided in section 5 (c) of the Railroad Unemployment Insurance Act:

Now, therefore, the General Counsel, pursuant to the authority vested in him by Part 319 of the regulations, *Orders and directs,* That:

(1) The General Counsel's determination of February 26, 1943, that Municipal Docks Railway, as a separable and identifiable enterprise of the City of Jacksonville, is an employer under the Railroad Unemployment Insurance Act be, and it hereby is, reopened for further consideration and proceedings in accordance with Part 319 of the regulations; and that

(2) The information and argument heretofore submitted to the General Counsel and to the Board by Municipal Docks Railway and information heretofore obtained on his own initiative by the General Counsel from the files of the Interstate Commerce Commission shall constitute the record in the proceeding under the Railroad Unemployment Insurance Act, and the determination of Municipal Docks Railway's employer status under the Railroad Unemployment Insurance Act shall proceed on the basis of such record unless on or before July 20, 1943, any properly interested party expresses an intention to submit additional evidence or to present argument in accordance with §§ 319.42 and 319.45 of the regulations.

BRADDOCK LIGHT & POWER CO., INC.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 1st day of July, 1943.

Notice is hereby given that an application or declaration (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Braddock Light & Power Company, Incorporated, a public utility subsidiary of The North American Company, Washington Railway and Electric Company and Washington and Rockville Railway Company of Montgomery County, all registered holding companies; and

Notice is further given that any interested persons may, not later than July 10th, 1943 at 5:30 p. m., e. w. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such application or declaration, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania.

All interested persons are referred to said application or declaration, which is on file in the office of said Commission for a statement of the transaction therein proposed, which is summarized below:

Braddock Light & Power Company, Incorporated, proposes to issue eight unsecured negotiable promissory notes, non-interest bearing, each for the sum of $3,409.56, aggregating $27,276.48, each of said notes to be dated July 15, 1942 (or such subsequent date as may be desirable or necessary) two each of said notes to mature respectively, July 15, 1943, July 15, 1944, July 15, 1945, and July 15, 1946. Said notes will be given at the time of issuance thereof to the holders of, and in substitution for, like notes theretofore issued to certain non-affiliated persons as part payment for approximately 14 acres of land in Alexandria City, Virginia, intended for future use as a generating station site, whereupon the previously-issued notes will be acquired by Braddock and will forthwith be cancalled and retired. It is stated that the notes will not be issued until authority therefor has been secured from the State Corporation Commission of Virginia.

Section 6 (b) of the Act has been designated as being applicable to the proposed transaction.

By the Commission.

NORTH AMERICAN LIGHT & POWER CO. HOLDING-COMPANY SYSTEM AND NORTH AMERICAN CO.

NOTICE OF FILING OF PETITION FOR EXTENSION OF TIME AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 1st day of July, 1943.

The Commission having entered its order herein on December 30, 1941 pursuant to section 11 (b) (2) of the Public Utility Holding Company Act of 1935 directing that North American Light & Power Company shall be liquidated and its existence terminated, and further

directing that North American Light & Power Company and The North American Company shall proceed with due diligence to submit to this Commission a plan or plans for the prompt liquidation of North American Light & Power Company in a manner consistent with the provisions of said Act; and

The Commission having extended the time for compliance with such order for a period of six months from January 22, 1943 (Holding Company Act Release No. 4066):

Notice is hereby given that on June 21, 1943 North American Light & Power Company filed a petition requesting the entry of a further order by this Commission under section 11 (c) of the Act extending for an additional year from July 22, 1943, the time for compliance with the order of December 30, 1941 above described.

All interested persons are referred to said petition which is on file in the office of the Commission for full details concerning the petition.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held for the purpose of considering said petition and for other purposes;

It is ordered, That a hearing in this proceeding shall be held at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, at 10:00 o'clock a. m., e. w. t., on the 19th day of July, 1943, in such room as may be designated on such date by the Hearing Room Clerk.

All persons desiring to be heard or otherwise wishing to participate in the hearing, should notify the Commission in the manner provided by the Commission's Rules of Practice, Rule XVII on or before July 17, 1943.

At said hearing there will be considered (1) whether North American Light & Power Company has exercised due diligence in its efforts to comply with the Commission's order of December 30, 1941, and whether an extension of time for compliance with said order is necessary or appropriate in the public interest or for the protection of investors or consumers, and (2) whether the above-described petition should be granted.

It is further ordered, That Robert P. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing above ordered. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That the Secretary of this Commission shall serve notice of this order by mailing a copy thereof by registered mail to North American Light & Power Company and The North American Company and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

By the Commission.

STANLEY CLARKE, ET AL.

NOTICE OF FILING AND ORDER FOR CONSOLIDATION AND HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 30th day of June 1943.

In the matter of Stanley Clarke, Trustee of Associated Gas and Electric Company, Denis J. Driscoll and Willard L. Thorp, trustees of Associated Gas and Electric Corporation, File No. 52-22; Henry A. Stix, Associated Gas and Electric Company, Associated Gas and Electric Corporation, File No. 52-18.

Notice is hereby given that an application has been filed by Stanley Clarke, Trustee of Associated Gas and Electric Company, and Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, pursuant to section 11 (f) of the Public Utility Holding Company Act of 1935 (the Act) for the approval of a plan of reorganization of the mentioned companies. Copies of this application are available for the inspection of all interested persons in the office of this Commission. A specification of the parties involved and a summarization of the filing follow:

I

Both the Associated Gas and Electric Company (Ageco) and Associated Gas and Electric Corporation (Agecorp) are public utility holding companies registered under the Act. On January 10, 1940, Ageco and Agecorp, being unable to meet their maturing obligations, filed petitions for reorganization under Chapter X of the Bankruptcy Act. In the reorganization proceedings, which are pending in the United States District Court for the Southern District of New York, Stanley Clarke is the Trustee for Ageco and Denis J. Driscoll and Willard L. Thorp are the Trustees for Agecorp. Denis J. Driscoll and Willard L. Thorp are a holding company registered under the Act. All of the common stock of Agecorp is held by the Trustee for Ageco which is the top company in the Associated System. Agecorp (the Agecorp Trustees) is the immediate parent of three major public utility holding companies (registered under the Act) and of various other holding and miscellaneous companies. The three major holding companies, NY PA NJ) , General Gas & Electric Corporation (Gengas), and Associated Electric Company (Aelec), control, in turn, electric and gas subsidiaries in some twenty states and in the Philippine Islands. The principal operating subsidiaries thus controlled directly or indirectly by Ageco and Agecorp are:

A. Subsidiaries of NY PA NJ:

1. Metropolitan Edison Company, furnishing electricity, gas, and steam in the eastern part of Pennsylvania;

2. New Jersey Power & Light Company, furnishing electricity and gas in western New Jersey;

3. New York State Electric & Gas Corporation, furnishing electricity, gas, steam, and transportation in central and scattered areas of New York;

4. Northern Pennsylvania Power Company, furnishing electricity, gas, and steam in northern Pennsylvania;

5. Rochester Gas and Electric Corporation, furnishing electricity, gas, and steam in western New York; and

6. Edison Light and Power Company, furnishing electricity in southern Pennsylvania.

New Jersey Power & Light Company holds 32.39% of the controlling securities of Jersey Central Power & Light Company, which furnishes electricity and gas in northern and eastern New Jersey. Through system ownership of National Public Service Company debentures, the beneficial interest in substantially all of the remaining common stock is system-owned.

B. Subsidiaries of General Gas & Electric Corporation:

1. Eastern Shore Public Service Company, which furnishes, by itself and through its subsidiaries, electricity, gas, and ice in Delaware, Maryland, and Virginia;

2. Florida Power Corporation and Florida Public Service Company, which furnishes electricity, gas, ice, and water in Florida;

3. Georgia Power and Light Company, which furnishes electricity and water in Georgia;

4. South Carolina Electric and Gas Company, which furnishes electricity, gas, and transportation in South Carolina;

5. Virginia Public Service Company, which furnishes electricity, gas, and water in Virginia.

C. Subsidiaries of Associated Electric Company:

1. Pennsylvania Electric Company, which furnishes electricity, gas, and steam in western Pennsylvania.

2. Manila Electric Company and Escudero Electric Service Company. (The properties of these companies are in the Philippine Islands.)

The application of the Trustees recognizes that many of the foregoing properties cannot be retained in a single holding company system, and that in any case the corporate grouping of certain of the properties should be rearranged. Although the Plan does not set forth the specific steps to be taken either by the Trustees or by the reorganized company for the purpose of effectuating the necessary system reconstruction, the application indicates a tentative program which the Trustees deem appropriate for integrating the properties on a sound business and financial basis and in compliance with the requirements of section 11 (b) (1) of the Act. In this connection, the Trustees recognize also that the ultimate capital structure of the reorganized company (referred to in the Plan and hereafter in this Notice and Order as the Surviving Company) must be such as to facilitate and not to impede such a program.

II

As at March 31, 1943, Agecorp and Ageco had outstanding the following securities:

	Principal amount outstanding 3/31/43
Agecorp:	
8% Eight Yr. Gold Bonds due March 15, 1940	[a] $8,337,510.00
Agecorp Fixed Interest Debentures due 1978	24,307,765.00
Agecorp Income Debentures due 1978	139,240,755.00
Total debt obligations of Agecorp	171,886,030.00

[a] Includes $474,000 principal amount held by NY PA NJ.

	Principal amount outstanding 3/31/43
Ageco:	
Ageco Fixed Interest Debentures	$58,994,830.69
Ageco 5% Income Debentures due 1983	12,000.00
Ageco Sinking Fund Income Debentures due 1983	1,217,630.00
Ageco Sinking Fund Income Debentures due 1986	6,918,410.00
Ageco Convertible Obligations	42,089,844.00
Ageco Scrip, matured or maturing after January 10, 1940	10,380,712.36
Total Debt Obligations of Agecorp and Ageco	291,499,457.05
Ageco:	*Shares*
Preferred Stock	509,510.2257
Preference Stock	1,149,248.4
Class A Stock	4,434,354.1322
Class B Stock	607,953.
Common Stock	1,085,549.1809

In addition to the foregoing, there remained outstanding in the hands of the public, at March 31, 1943, $4,777,687 principal amount of Convertible Debenture Certificates, Old Convertible Obligations, and Convertible Certificates called for conversion into cumulative preferred and preference stocks. None of these securities is shown to be outstanding on the books of Ageco; however, the amounts of preferred stock and preference stock represented as outstanding include the shares into which unsurrendered Convertible Debenture Certificates, Convertible Certificates, and Old Convertible Obligations were purportedly converted by Ageco.

Senior to the foregoing securities and to claims of general creditors (of an indeterminate amount) are Trustees' Certificates, taxes, and administration expenses, also of an indeterminate aggregate amount.

On February 28, 1941, Ageco filed a petition in the Agecorp reorganization proceedings attacking, among other things, the validity of a Plan of Rearrangement of Debt Capitalization offered by Ageco to its fixed interest debenture holders on May 15, 1933. The ensuing litigation, known as the Recap Litigation, was conducted before the Honorable Frederick E. Crane, who was appointed by the Reorganization Court to serve as Special Master. Before this litigation had been concluded, the Trustees of Ageco and Agecorp proposed a plan for compromise which would, in effect, resolve the conflicting claims of all Ageco and Agecorp creditors and security holders. This proposal (hereinafter called the Recap Compromise) has been referred to the same Special Master for his report upon its fairness; hearings on the Recap Compromise are now in progress.

The Plan would give effect to the Recap Compromise as proposed with one minor modification; the treatment which it (and the Plan) proposes to accord the claimants against the estates is discussed in IV below.

III

The provisions of the Plan may be summarized as follows:

Either Ageco, Agecorp, or any corporation now in the Associated system or a new corporation, whichever may appear to be advisable in the interest of security holders, will succeed to the assets of the two estates.

The capitalization of the Surviving Company shall include:

	Authorized	Estimated to be outstanding on consummation of the plan
New Senior Debt	$11,000,000	$11,000,000
New Common Stock $5 Par Value	*Shares* 7,750,000	*Shares* 7,500,000

In addition, the capitalization may include an estimated $8,000,000 principal amount of New Debentures, to be used to discharge the claims of the 8's of 1940.

The precise terms of the new securities of the Surviving Company are not set forth in the Plan, but may be described in general as follows: The New Senior Debt may be represented in whole or in part by a bank loan or by short term bonds, debentures, or other obligations, secured or unsecured, which may be sold, publicly or privately, with or without underwriting, as may be feasible. Provisions as to maturity, interest rate, amortization, security, and the like are to be supplied by amendment to the Plan. The New Debentures will be subordinated to the New Senior debt both as to principal and interest; the Plan provides merely that their terms and conditions "will be such that the holders of Ageco 8's of 1940 will receive full compensatory treatment of their claims to the extent recognized by the Recap Compromise". The New Common Stock is to have a par value of $5 per share and shall be entitled to one vote per share for all purposes, voting cumulatively for the election of directors. Application will be made to list the New Common Stock on a national securities exchange.

IV

The Plan proposes the following treatment to be accorded the various claims against the estates and debtors:

Administration expenses, trustees' certificates, and state and local taxes are to be paid in cash.

Claims for all Federal taxes (exclusive of amounts which may be due under Titles VIII and IX of the Social Security Act) for the years 1934–1939, inclusive, are to be settled and discharged by the payment of $750,000 in cash within ninety days after the entry of an order of the Court confirming the Plan (or, in the event of an appeal from such order, within ninety days after the date when such order, following its affirmance, shall have ceased to be subject to further review). Ageco, Agecorp, the Trustees, and the Surviving Company shall also waive

any and all claims for refunds or credits in respect of all Federal taxes (other than taxes paid under Titles VIII and IX of the Social Security Act) for the taxable years 1934–1939, inclusive. All other Federal tax liabilities of Ageco and Agecorp, in such amounts as may be finally determined by settlement or otherwise, shall be paid in cash.

The holders of the 8's of '40 shall be entitled to receive, with respect to each $100 principal amount, New Debentures having an aggregate principal amount equal to the sum of $102.56 plus interest at the rate of 4% per annum on $100 from July 10, 1943, to the effective date of the Plan. It provides in the alternative that the claims of the holders of the 8's of '40 may be satisfied by the distribution of securities of a company or companies in the Associated System other than the Surviving Company, and that the Trustees will specify, by an amendment to the Plan, which alternative shall be effective and the terms and conditions thereof.

General creditors of the estate and holders of the following described securities of Ageco or Agecorp, as the case may be, shall receive, for each $100 of principal amount and all right to interest thereon (or each share of stock and dividends thereon, as the case may be) to the effective date of the Plan, the number of shares of New Common Stock indicated below. No fractional shares of New Common Stock will be issued; scrip will be issued in lieu of fractional shares and the Plan provides that the Surviving Company may make appropriate provision for making scrip readily marketable.

The Plan provides that the affairs of the Surviving Company shall be managed by a Board of Directors who shall be elected at each annual meeting of stockholders. It further provides that the number and names of the persons who will act as directors to hold office until the first annual meeting of stock-

holders following the consummation of the Plan (and until the election and qualification of their successors) will be included in an amendment to Plan. The by-laws of the company shall provide for an executive committee whose members are to be elected by the Board of Directors. The first officers of the Surviving Company will be selected and appointed by the Board of Directors with the approval of the Court. Their successors are to be appointed as may be provided in the charter or by-laws. The by-laws, which shall not be subject to amendment except by vote of the stockholders, shall fix the compensation of the members of the Board of Directors, and of the executive committee, other than salaried officers.

VI

The Plan as submitted by the Trustees assumes not only that the Recap litigation and its related controversies will be settled by compromise, but also that the following major problems will be disposed of in the manner indicated:

1. It is assumed that the Secretary of the Treasury, pursuant to section 199 of the Bankruptcy Act, will accept the Plan, thus settling the claim of the United States Government against Ageco and Agecorp for taxes for the years 1934–1939, inclusive, and that Federal income and excess profits tax returns filed by the Trustees for the years 1940 and 1941, and the consolidated income and excess profits tax returns for the year 1942 will be accepted substantially as filed, and that the consolidated liability of the Ageco affiliated group for the year 1943 will be determined on substantially the same basis.

2. Utilities Employees Securities Company (Uesco), organized in 1931 to serve, among other things, as an investment medium for the employees of the Associated System, now holds $36,045,355 principal amount of various issues of the debt securities of Ageco and Agecorp, and is the largest single creditor of both estates. The Trustees have interposed objections to the claims of Uesco based on these holdings, and the Ageco Trustee has instituted suit against Uesco. In order to settle these and other controversies Uesco entered into an agreement with Ageco and Agecorp (and various of their subsidiaries and with New England Gas and Electric Association) on June 4, 1943, providing for the liquidation of Uesco, and in that connection for the limited participation of Uesco in the reorganization of Ageco and Agecorp. (The details of this agreement are stated in a notice to be distributed to the security holders of Ageco and Agecorp, pursuant to an order of the United States District Court for the Southern District of New York.) The Plan assumes that the contract and the transactions proposed therein will receive the approval of this Commission and of the Court.

3. The Trustees, pursuant to section 11 (e) of the Act, have submitted a plan for the reorganization of General Gas & Electric Corporation (Gengas). The Trustees have assumed that this Gengas plan, in substantially the form submitted, will be approved by this Commission and a court of competent jurisdiction.

4. Finally, it is assumed that at the effective date of the Plan there will be no restrictions imposed by Federal or State commissions, litigation, or otherwise, on the flow of cash from the operating companies to the Surviving Company or upon the Surviving Company's disposition of its income, which would materially impair the ability of the Surviving Company to support its capital structure or otherwise to make the Plan unfeasible. To accomplish these purposes the Trustees, in their introductory Statement to the Plan suggest the program for the reconstruction of NY PA NJ set forth below. Although this program is tentative, and its consummation is not a condition to the Plan (the Trustees reserving the right to modify or abandon it), the pro forma consolidated balance sheet and income statement for the Surviving Company and its subsidiaries (attached to the Plan as Exhibits) gives effect to its consummation. This program is as follows:

a. NY PA NJ is to transfer its investment in Keystone Public Service Company, Bradford Electric Company, and Pennsylvania Edison Company to Associated Electric Company or to that company's subsidiary, Pennsylvania Electric Company. (Filings in regard to these transactions have already been made with the Commission. File Nos. 70–549, 70–551, 70–563, 70–602, 70–604.)

b. New York State Electric & Gas Corporation is to retire $2,500,000 principal amount of its 3¾% First Mortgage Bonds.

c. Rochester Gas and Electric Corporation is to redeem 27,000 shares (the entire issue) of its outstanding Series C $6 Preferred Stock, and 11,871 shares Series D $6 Preferred Stock. (Filings in regard to this transaction have been made with this Commission—File No. 70–720.)

d. New Jersey Power & Light Company is to retire $600,000 principal amount of its First Mortgage Bonds, 4½% Series of 1960.

e. Ultimately, New Jersey Power & Light Company is to acquire all or the major portion of the shares of common stock of Jersey Central Power & Light Company.

f. NY PA NJ is to purchase from New Jersey Power & Light Company 8,710 shares of Metropolitan Edison Company Cumulative Preferred Stock.

g. NY PA NJ is to purchase from Metropolitan Edison Company the following securities:

$15,778,500 principal amount of The Mohawk Valley Company 6's of 1981;

$327,500 principal amount of NY PA NJ 5's of 1956;

100,000 shares of common stock of Staten Island Edison Corporation.

h. NY PA NJ is to purchase from New York State 2,725 shares preferred stock of Staten Island Edison Corporation.

i. The reorganization of York Railways Company is to be completed, pursuant to a plan providing for the consolidation of its subsidiaries (Edison Light and Power Company and York Steam Heating Company) with Glen Rock Electric Light and Power Company. Metropolitan Edison Company is to acquire the consolidated group by providing the additional necessary cash.

j. Metropolitan Edison Company is to purchase from NY PA NJ 35,729 shares of Metropolitan Edison Company Cumulative Preferred Stock.

k. Metropolitan Edison Company is to retire its following outstanding securities:

$5,000,000 principal amount 4½% Series D First Mortgage Bonds;

97,536 shares Prior Preferred Stock;

17,361 shares Cumulative Preferred Stock.

l. Metropolitan Edison Company is to reclassify the remaining 60,000 shares of its Cumulative Preferred Stock held by NY PA NJ into $5 Preferred Stock which NY PA NJ sells.

m. NY PA NJ is to retire all of its debt and preferred stock except bonds or other obligations which will then be vested in either Agecorp, Associated Utilities Corporation, a subsidiary of Agecorp, or the Surviving Company.

Notice is further given that Henry A. Stix, representing himself to be a holder of securities of Ageco and Agecorp has filed an application for approval of a plan of reorganization for these debtors. All interested persons are referred to said application which is on file in the office of this Commission for a detailed statement of the terms of the plan, which is summarized as follows:

1. A new corporation to be organized to acquire all the assets held by the Ageco and Agecorp Trustees.

2. The new corporation is to issue various series of certificates of indebtedness aggregating $24,495,000, in payment of the following items: Trustees Certificates; expenses of liquidation, including attorneys fees; the 8's of '40, and accrued interest thereon; the notes and bonds of Uesco; and reimbursement of contributions made to Uesco by companies in the Associated and New England Gas and Electric Association systems.

3. The new corporation is to issue 2,991,752,235 shares of common stock to be distributed as follows:

1 1/10 shares for each $50 face amount of Agecorp Fixed Interest Debentures due 1973 ($25,122,300 face amount at December 31, 1939)	552,690.6
1 1/10 shares for each $100 face amount of Agecorp Income Debentures due 1978 ($144,723,815 at December 31, 1939)	1,591,961.965
1 share for each $100 face amount of Ageco Debentures (various series) ($69,147,510 at December 31, 1939)	691,475.10
1 share for each $100 face amount Ageco Interest Bearing Scrip ($10,200,035 at December 31, 1939)	102,000.35
1/10 share for each $100 face amount Ageco Convertible Debenture Certificates, Convertible Obligations (or similar securities with similar names) ($53,625,221 at December 31, 1939)	53,625.22
Total	2,991,753.235

This plan contemplates the ultimate liquidation of the Certificates of Indebtedness so that the eventual capitalization of the new corporation will consist solely of common stock.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the Plan submitted by the Trustees of Associated Gas and Electric Company and of Associated Gas and Electric Corporation, and with respect to the plan filed by Henry A. Stix, or any other plan which may be proposed by any person having a bona fide interest in the reorganization (and with respect to any amendments thereof), in accord-

ance with the provisions of section 11 (f) of the Act; and

It appearing that substantial saving of time and expense will result if consideration of the plans heretofore filed are consolidated;

It is ordered, That the proceedings upon File No. 52–22 and upon File No. 52–18 be and they hereby are consolidated.

It is further ordered, That a hearing on such plans as proposed, or as modified, under the applicable provisions of the Public Utility Holding Company Act of 1935, and rules of the Commission, be held on August 23, 1943, at 10:30 a. m., e. w. t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room where such hearings will continue thereafter from time to time.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act, and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of the issues to be considered in this consolidated proceeding, particular attention will be directed at said hearing in respect to the plan of reorganization filed by Stanley Clarke, Trustee of Associated Gas and Electric Company, and Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, (and, insofar as applicable, to the plan filed by Stix and any other plans which may be filed by persons with a bona fide interest in the reorganization) to the following matters and questions:

1. Whether the proposed Plan is fair and equitable;
2. Whether the proposed Plan is feasible;
3. To what extent, if any, the proposed Plan should be modified or amended to render it fair and equitable and feasible;
4. Whether the Plan and the various transactions proposed in connection therewith meet the requirements and standards of the applicable sections of the Public Utility Holding Company Act of 1935, particularly sections 7, 10, 11, and 12 thereof, and the rules and regulations promulgated thereunder, and of the United States Bankruptcy Act, including, but without limitation, the proposals as to the following matters:

a. The issuance of the New Senior Debt, the New Debentures, and the New Common Stock of the Surviving Company;

b. The provision for the selection of the first Board of Directors and officers of the Surviving Company;

c. The provisions of the Charter, By-Laws, and other documents to be used in consummating the plan.

5. Whether, and to what extent, approval of the plan or of the steps to be taken in consummation thereof, should be conditioned upon further orders of the Commission relating, among other things, but without limitation, to the NY PA NJ reconstruction program, the reorganization of Gengas, and the performance of the contract between the Trustees (and others) and Uesco.

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing copy of this order to Stanley Clarke, Trustee of Associated Gas and Electric Company, Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, and Henry A. Stix, not less than thirty days prior to the date hereinbefore fixed as the date for the hearing, and that Stanley Clarke, Trustee of Associated Gas and Electric Company, and Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, shall serve notice of the hearing aforesaid by mailing copies of this order to all persons who have appeared in the reorganization proceeding Nos. 75634 and 75635 in the United States District Court for the Southern District of New York, not less than thirty days prior to the date hereinbefore fixed as the date of the hearing, and that notice of said hearing is hereby given to subsidiaries of said Associated Gas and Electric Company and Associated Gas and Electric Corporation, the security holders of said Associated Gas and Electric Company and Associated Gas and Electric Corporation, and of the subsidiaries thereof, consumers of said companies, states, municipalities, and political subdivisions of states within which are located any of the utility assets of Associated Gas and Electric Company and Associated Gas and Electric Corporation and all subsidiaries thereof, or under the laws of any of which such companies are incorporated, or Federal authorities having jurisdiction thereof; all State commissions, State securities commissions, and all agencies, authorities, judicial bodies or instrumentalities of the United States of America, and of one or more states, municipalities, or other political subdivision having jurisdiction over Associated Gas and Electric Company and Associated Gas and Electric Corporation, or any subsidiaries thereof, or over any of the businesses, affairs, or operations of any of them.

Further notice is to be given by general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and to all persons by publication of this order in the FEDERAL REGISTER not later than fifteen days prior to the date hereinbefore fixed as the date of hearing.

It is further ordered, That on or before July 20, 1943, Stanley Clarke, Trustee of Associated Gas and Electric Company, and Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation, mail copies of this Notice of and Order for Hearing to all known security holders of Associated Gas and Electric Company and Associated Gas and Electric Corporation, respectively, at their last known addresses, and that such Trustees mail copies of the plan of reorganization filed by them to such security holders of their respective estates as may request a copy thereof.

It is further ordered, That any persons desiring to be heard in connection with this proceeding, or proposing to intervene herein, shall file with the Secretary of this Commission, on or before August 16, 1943, his request or application therefor, as provided in Rule XVII of the Rules of Practice of the Commission.

By the Commission.

ELECTRIC BOND AND SHARE COMPANY

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 2nd day of July, A. D. 1943.

A declaration having been filed by Electric Bond and Share Company under section 12 (c) of the Public Utility Holding Company Act of 1935, a hearing having been held after appropriate notice, and the Commission being fully advised and having this day issued its findings and opinion herein;

On the basis of said findings and opinion, *It is hereby ordered*, That said declaration be and it hereby is permitted to become effective, subject to the conditions enumerated below:

1. All purchases shall be effected on the New York Curb Exchange and the company shall not solicit or cause to be solicited the sale of any shares to the company either on or off the Exchange.

2. The company shall furnish to the Commission promptly at the end of each week a report showing the number of shares of each class of preferred stock purchased each day during the week, the prices at which they were purchased and the names of the brokers through whom they were purchased.

3. The company shall include in its quarterly reports to stockholders information as to the total number of shares of each class purchased and the aggregate purchase price for each class.

4. No purchases shall be made after the expiration of nine months from the date of this order, subject, however, to the right of the company to apply for an extension or extensions of such period.

5. The Commission reserves jurisdiction in its discretion to rescind or modify this order at any time prior to the expiration of such nine-month period or any extension or extensions thereof, any such rescission or modification to be applicable to such portion of the $15,000,000 as shall not have been previously expended.

6. At least seven days before purchases are commenced, the company shall advise by letter the holders of record of its preferred stock fully with respect to its intention to make purchases and the method to be employed, and the Commission reserves jurisdiction with respect to the form and contents of such notice and any similar communications.

7. The Commission reserves jurisdiction to require that all shares of preferred stock acquired by the company pursuant to the present declaration and order be retired and canceled.

By the Commission.

NORTHERN STATES POWER COMPANY (DELAWARE) AND NORTHERN STATES POWER COMPANY (MINNESOTA)

ORDER PERMITTING JOINT DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 30th day of June 1943.

Northern States Power Company (Delaware), a registered holding company, and its subsidiary, Northern States Power Company (Minnesota), also a registered holding company, having filed a joint declaration pursuant to section 12 (b) of the Public Utility Holding Company Act of 1935 and Rule U-45 of the General Rules and Regulations promulgated thereunder, regarding a proposal to continue the postponement of the payment of $345,650.18, the balance of the 1942 instalment on the principal of the open account indebtedness (which is now in the amount of $7,530,852.08) owing by Northern States Power Company (Delaware) to Northern States Power Company (Minnesota), until December 31, 1943, because a plan filed by Northern States Power Company (Delaware) pursuant to section 11 (e) of said Act for its liquidation and dissolution, the proceedings on which are still pending, provides for the disposition of said indebtedness primarily by the surrender by Northern States Power Company (Minnesota) of 481,111 shares of the common stock of the last mentioned company (all of which is owned by Northern States Power Company (Delaware)) and for a distribution of the remaining shares of the common stock of Northern States Power Company (Minnesota) among the stockholders of Northern States Power Company (Delaware), and because a reduction in the indebtedness would necessitate an alteration in the allocations proposed by the plan and serve no useful purpose; Northern States Power Company (Minnesota) agrees that, pending the consummation of the plan and until December 31, 1943, or the date of such consummation (whichever shall be earlier), it will continue to segregate on its books $345,650.18 of its earned surplus as not being available for the declaration of dividends on its common stock; declarants further request that Northern States Power Company (Minnesota) be permitted to waive all interest due on said indebtedness for the period from June 30, 1943 to December 31, 1943;

Said joint declaration having been filed on June 12, 1943, and notice of said filing having been duly given in the manner and form prescribed by Rule U-23 under said Act and the Commission not having received a request for hearing with respect to said declaration within the period specified within such notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that all applicable statutory requirements are met and deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declaration to become effective;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and conditions prescribed in Rule U-24 and to the agreement with respect to earned surplus set forth in said joint declaration, that the said declaration be and the same is hereby permitted to become effective forthwith: *Provided, however*, That nothing contained in this order shall be construed as constituting a determination by us of the propriety of the disposition of the open account indebtedness as proposed in the aforementioned plan.

By the Commission (Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940).

CONSOLIDATED NATURAL GAS COMPANY

NOTICE OF FILING OF AMENDMENT AND ORDER RECONVENING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 1st day of July 1943.

Consolidated Natural Gas Company having heretofore filed applications and declarations and amendments thereto pursuant to sections 6, 7, 9, 10 and 11 of the Public Utility Holding Company Act of 1935 and Rule U-50 of the Rules and Regulations promulgated thereunder regarding the issuance of securities to Standard Oil Company (New Jersey) in exchange for all of the outstanding securities of Hope Natural Gas Company, The East Ohio Gas Company, The Peoples Natural Gas Company and The River Gas Company presently owned by Standard Oil Company (New Jersey), a detailed description of said applications or declarations having been set forth in the Commission's Notice of and Order for Hearing of August 7, 1942 (Holding Company Act Release No. 3725);

A further amendment to said applications and declarations having been filed on June 30, 1943 wherein Consolidated Natural Gas Company proposes to acquire, in addition to the securities of the foregoing companies, all of the outstanding securities of New York State Natural Gas Corporation held by Standard Oil Company (New Jersey), such acquisition to be made in exchange for stock of Consolidated Natural Gas Company; and

Hearings having been held in respect of said applications and declarations as heretofore filed and said hearings having been adjourned subject to the call of the Trial Examiner; and

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that the hearings be reconvened for the purpose of completing the evidence in respect of the proposed transactions, as amended.

It is ordered, That the hearings in the above entitled matter be reconvened on the 15th day of July, 1943, at 10 o'clock in the forenoon of that day in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as the hearing room clerk in Room 318 will at that time advise.

It is further ordered, That Richard Townsend, or any other officer or officers of the Commission designated by it for that purpose, shall preside at such hearings in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all power granted to the Commission under section 18 (c) of said Act and to a Trial Examiner under the Commission's Rules of Practice.

It is further ordered, That, without limiting the scope of the issues presented by these proceedings, in addition to the matters specified in our Notice and Order of August 7, 1942, particular attention will be directed at the reconvened hearing to the following matters and questions:

(1) Whether the proposed acquisition of the securities of New York State Natural Gas Corporation is detrimental to the carrying out of the provisions of section 11 of the Act;

(2) Whether the proposed transactions are in all respects consistent with the applicable standards of the Act and the rules promulgated thereunder.

By the Commission.

CONSUMERS GAS COMPANY

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 2nd day of July 1943.

Consumers Gas Company, a subsidiary of The United Gas Improvement Company, a registered holding company and in turn a subsidiary of The United Corporation, also a registered holding company, having filed an application and an amendment thereto, pursuant to section 10 of the Public Utility Holding Company Act of 1935, regarding the purchase from non-affiliated interests, from time to time within one year from the date of this Commission's approval, as shares become available for purchase, not to exceed 800 shares of the capital stock of Reading Gas Company at prices which

will yield a favorable return on the funds so invested as contrasted with other available investments; and

Consumers Gas Company being the lessee of the property and franchises of Reading Gas Company, under a 99-year lease expiring November 1, 1985, and presently owning 1,692 shares of the 12,000 outstanding shares of stock of Reading Gas Company, and having proposed to acquire said additional shares as an investment for its special reserve fund created in 1934 to provide for the exercise of an option to purchase Reading Gas Company's property and franchises at the expiration of said lease; and

Said application having been filed on June 2, 1943, and an amendment thereto on June 9, 1943, and Notice of Filing having been duly given in the form and manner prescribed in Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application within the period specified in such Notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that no adverse findings are necessary under section 10 of the Act and that the proposed acquisitions have the tendency required by section 10 (c) (2) of the Act; and deeming it appropriate, in the public interest and in the interests of investors and consumers, to grant said application as amended;

It is ordered, That pursuant to U-23 and the applicable provisions of said Act, that said application as amended be and the same is hereby granted, subject to the terms and conditions prescribed by Rule U-24 and subject to the further condition that the granting of said application shall in no wise affect or prejudice the right of the Commission to enter an order in the pending section 11 (b) (1) proceedings regarding The United Gas Improvement Company in respect of the retainability by The United Gas Improvement Company of any direct or indirect interest in Consumers Gas Company or Reading Gas Company, as to which matter jurisdiction is hereby expressly reserved.

By the Commission (Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940).

JACKSONVILLE GAS CORPORATION

ORDER AUTHORIZING SOLICITATIONS

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 2nd day of July, A. D. 1943.

A declaration having been filed on June 22, 1943, pursuant to sections 11 (g) and 12 (e) of the Public Utility Holding Company Act of 1935 and Rule U-62 promulgated thereunder, regarding a proposed solicitation by Jacksonville Gas Corporation of proxies for the election of directors at a special meeting of the stockholders of said corporation to be held on July 23, 1943, said proxies including the names of all candidates nominated by stockholders; and

Amendments to said declaration having been filed on June 29, 1943, and on July 2, 1943; and

Counsel for Jacksonville Gas Corporation having requested that the declaration be permitted to become effective prior to the expiration of the time provided in Rule U-62; and

The Commission having considered said declaration as amended, and finding that the requirements of sections 11 (g) and 12 (e) of the Act and of Rule U-62 are complied with so far as applicable; and

The Commission deeming it appropriate and in the public interest and in the interest of investors to permit said amended declaration to become effective forthwith;

It is ordered, That said declaration, as amended, be permitted to become effective forthwith, in the manner and on the terms set forth therein.

By the Commission.

WEST TEXAS UTILITIES COMPANY AND THE MIDDLE WEST CORPORATION

ORDER FURTHER EXTENDING TIME FOR PURCHASE OF SECURITIES

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 1st day of July 1943.

On January 25, 1943, this Commission after a public hearing, issued its order with respect to a combined application and declaration, as amended, filed by West Texas Utilities Company and The Middle West Corporation regarding a proposed offer by West Texas Utilities Company to purchase all the outstanding securities of Pecos Valley Power & Light Company. Said application was granted and said declaration permitted to become effective subject to certain conditions.

The purchase offer became effective January 30, 1943 for a thirty-day period and, at the option of the company was subsequently extended to and including March 30, 1943. Subsequently West Texas Utilities Company filed its Supplemental Application requesting, and the Commission granted, an extension to June 30, 1943 within which West Texas Utilities Company could make purchases pursuant to such offer. It is represented that at the close of business on June 30, 1943, 97.43% of the outstanding First Mortgage Bonds, 95.70% of the outstanding Income Debentures and 93.39% of the outstanding common stock of Pecos Valley Power & Light Company had been deposited pursuant to the terms of said offer.

The offer as made by the applicant provided that West Texas Utilities Company had the right at its option to purchase all securities offered if at least 90% of the principal amount of the bonds, 90% of the principal amount of the debentures and 80% of the shares of common stock of Pecos Valley Power & Light Company were deposited pursuant to such offer. Such percentages having been deposited, West Texas Utilities Company has elected to purchase all the securities deposited.

West Texas Utilities Company has now filed its amended Supplemental Application No. 2 requesting a further extension of the period within which it may purchase the outstanding securities of Pecos Valley Power & Light Company to July 31, 1943; and

It appearing appropriate to the Commission that such request be granted for the period from June 30, 1943 to July 31, 1943;

It is ordered, That the period within which West Texas Utilities Company may purchase the outstanding securities of Pecos Valley Power & Light Company be and the same is hereby extended to and including July 31, 1943, subject to the same conditions imposed by our order of January 25, 1943.

By the Commission.

TRUSTEES OF ASSOCIATED GAS AND ELECTRIC CORP.

NOTICE OF FILING OF APPLICATION FOR AN EXTENSION OF TIME AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 3d day of July 1943.

In the matter of Denis J. Driscoll and Willard L. Thorp, as trustees of Associated Gas and Electric Corporation, respondents.

The Commission having heretofore by its order dated August 13, 1942, pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935, ordered Denis J. Driscoll and Willard L. Thorp, as Trustees of Associated Gas and Electric Corporation, to "sever their relationship with" certain named companies "by disposing or causing the disposition, in any appropriate manner not in contravention of the applicable provisions of the said Act or the rules and regulations promulgated thereunder, of their direct and indirect ownership, control and holding of securities issued, and properties owned, controlled or operated by" the named companies:

Notice is hereby given that Denis J. Driscoll and Willard L. Thorp, as Trustees of Associated Gas and Electric Corporation, have filed an application pursuant to section 11 (c) of said Act for an extension of an additional year within which to comply with the Commission's order of August 13, 1942.

It appearing to the Commission that it is appropriate and in the public interest and in the interest of investors and consumers that a hearing be held to consider said application:

It is hereby ordered, That a hearing on said application under the applicable provisions of the Act and the rules of the Commission thereunder be held on August 2, 1943, at 10:30 a. m., e. w. t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

It is further ordered, That, without limiting the scope of the issues presented by said application, particular attention will be directed at said hearing to the following questions:

1. Whether Denis J. Driscoll and Willard L. Thorp, as Trustees of Associated Gas and Electric Corporation, have exercised due diligence in their efforts to comply with the order of the Commission of August 13, 1942;

2. Whether an extension of an additional year for compliance with said order of August 13, 1942, is necessary or appropriate in the public interest or for the protection of investors or consumers.

It is further ordered, That Charles S. Lobingier or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matters. The officer so designated to preside is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That any person desiring to be heard or otherwise wishing to participate in this proceeding shall file with the Secretary of the Commission, on or before July 28, 1943, his request or application therefor as provided in Rule XVII of the Commission's Rules of Practice.

It is further ordered, That the Secretary of the Commission shall serve notice of the entry of this order by mailing a copy thereof to the respondents and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

By the Commission.

NEW ENGLAND PUBLIC SERVICE CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 3d day of July 1943.

In the matter of Lester Martin, Floyd Jefferson, William S. Spatcher and Howard H. Hubbard, as protective committee for holders of preferred stock of New England Public Service Company.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935, and particularly section 12 (e) thereof and Rule U-62 promulgated thereunder, by Lester Martin, Floyd Jefferson, William S. Spatcher and Howard H. Hubbard, as a Protective Committee for the holders of Preferred Stock, $6 Dividend Series and Preferred Stock, $7 Dividend Series, of New England Public Service Company, a subsidiary of Northern New England Company, both registered holding companies. All interested persons are referred to the said declaration, which is on file in the office of this Commission, for a full statement of the action therein proposed, which may be summarized as follows:

The declarants propose to solicit authorizations from the holders of the Preferred Stock of New England Public Service Company and to represent such stockholders in all hearings and proceedings before the Commission, or any other body, or in any court, in connection with the plan filed by New England Public Service Company with the Commission on December 7, 1941 (File No. 59-15) proposing a method of complying with the applicable provisions of the Public Utility Holding Company Act of 1935, particularly Section 11 thereof, or in connection with any other proposed reorganization plan, plan of liquidation or plan of recapitalization, which may effect the rights and preferences of the said Preferred Stock of New England Public Service Company.

Said declaration indicates that only one member of the committee named therein, namely, Lester Martin, owns stock of New England Public Service Company consisting of 1,000 shares of Preferred Stock $6 Dividend Series and 400 shares of Preferred Stock $7 Dividend Series. In addition, he owns 4,044 shares of Non-Cumulative Participating Preferred Stock of New England Industrial, Inc., a subsidiary of New England Public Service Company, 1,414 shares of Capital Stock of Bates Manufacturing Company and 25 shares of Common Stock of Hill Manufacturing Company, both subsidiaries of New England Industries, Inc.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said declaration, and that said declaration shall not become effective except pursuant to the further order of the Commission.

It is ordered, That a hearing on such matters under the applicable provisions of the Public Utility Holding Company Act of 1935 and the Rules thereunder be held on July 20, 1943 at 10:00 a. m., E. W. T., at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated at such time by the hearing room clerk in 318. All persons desiring to be heard or otherwise wish to participate in the proceeding, shall notify the Commission in the manner provided by Rule XVII of the Commission's Rules of Practice, on or before July 17, 1943.

It is further ordered, That William W. Swift, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearing in such matters. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That, without limiting the scope of the issues presented by said declaration, particular attention will be directed at the hearing to the following matters and questions:

1. Whether such solicitation is necessary or appropriate in the public interest or for the protection of investors and consumers.

2. Whether the public interest or the interest of investors and consumers require the imposition of terms and conditions with respect to such proposed solicitation.

3. Whether such declaration as filed, or as it may be amended, should be permitted to become effective as consistent with the standards of section 12 (e) of the Act and Rule U-62 promulgated thereunder.

4. Whether by reason of his holding of various securities of companies in the New England Public Service Company holding company system, and his other interests, if any, said Martin is qualified to represent said preferred stockholders of New England Public Service Company, or whether he has an interest or interests in conflict therewith; and whether said Jefferson, Spatcher and Hubbard have interests which are in conflict with said Preferred Stock.

It is further ordered, That the Secretary of the Commission shall serve notice of the entry of this Order by mailing a copy thereof by registered mail to New England Public Service Company and Northern New England Company and to the declarants and that notice shall be given to all other persons by publication in the FEDERAL REGISTER.

By the Commission.

INTERNATIONAL UTILITIES CORPORATION

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 3rd day of July, A. D. 1943.

Notice is hereby given that an amendment to an application has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by International Utilities Corporation, a registered holding company.

Notice is further given that any interested person may, not later than July 19, 1943, at 5:30 p. m., e. w. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such application, as filed or as amended, may be granted as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania.

All interested persons are referred to said amendment, which is on file in the office of the Commission, for a statement of the transactions therein proposed, which are summarized below:

The Commission has heretofore entered a series of orders in the above entitled proceeding upon application of International Utilities Corporation, by which orders International has been authorized to purchase certain amounts of the Collateral Trust Bonds 6½% Series of its subsidiary, Dominion Gas and Electric Company, subject to certain conditions, including among others, the condition that such purchases be effected on or before December 31, 1942. In a further order dated April 23, 1943, the Commission granted a further amendment to said application which requested an extension of time to December 31, 1943, within which to purchase $276,500 principal amount of said Collateral Trust Bonds previously authorized and which also sought authorization for the purchase within such time of an additional $500,000 principal amount of said bonds.

By amendment, dated June 28, 1943, International Utilities Corporation proposes a change in the methods of acquiring the said bonds which it has been previously authorized to purchase by the said order of the Commission, dated April 23, 1943, and proposes to request from public holders thereof the tender of the said bonds to International at their call price, 101% of principal amount, and accrued interest thereon to date of delivery. International offers to purchase the said bonds up to but not exceeding $600,000 principal amount of such bonds; the said offer is to expire on December 15, 1943 or on the date when Dominion Gas and Electric Company calls the said bonds for redemption, whichever is earlier.

By the Commission.

[Order 112]

EAST LANSING PROJECT, MICH.

ESTABLISHMENT FOR CONSCIENTIOUS OBJECTORS

I, Lewis B. Hershey, Director of Selective Service, by virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885, 50 U.S.C., Sup. 301-318, inclusive); E.O. No. 8675, 6 F.R. 831, E.O. 9279, 7 F.R. 10177, and the authority vested in me by the Chairman of the War Manpower Commisison under Administrative Order No. 26, 7 F.R. 10512, hereby designate the East Lansing Project to be work of national importance, to be known as Civilian Public Service Camp No. 112. Said project, located at East Lansing, Ingham County, Michigan, will be the base of operations for farm work in the State of Michigan, and registrants under the Selective Training and Service Act, who have been classified by their local boards as conscientious objectors to both combatant and noncombatant military service and have been placed in Class IV-E, may be assigned to said project in lieu of their induction for military service.

The work to be undertaken by the men assigned to said East Lansing Project will consist primarily of handling and milking cows in the college dairy barn and pasteurizing, bottling milk for delivery, buttermaking, cheese making and ice cream making in the creamery and shall be under the technical direction of the Michigan State College of Agriculture and Applied Sciences. The camp, insofar as camp management is concerned, will be under the same institution. Men shall be assigned to and retained in camp in accordance with the provisions of the Selective Service Act and regulations and orders promulgated thereunder. Administrative and directive control shall be under the Selective Service System through the Camp Operations Division of National Selective Service Headquarters.

TITLE 7—AGRICULTURE

Chapter X—War Food Administration

[FPO 5,[1] Rev.]

PART 1206—FERTILIZER

DELIVERY AND USE OF FERTILIZER

Effective July 1, 1943, § 1206.1 is hereby revised and amended in its entirety to read as follows:

§ 1206.1 *Fertilizer* — (a) *Definitions.* For the purposes of this order:

(1) "Fertilizer" means any material used as a plant food containing one or more of the following: Nitrogen, phosphorus, or potassium, excluding, however, animal and poultry manure, peat, humus and basic slag.

(2) "Specialty fertilizer" means any fertilizer which is prepared for use on lawns, home gardens, shrubbery, trees, flowers, parks and parkways, malls and roadsides, cemeteries, golf courses and non-commercial plantings of trees, shrubs and flowers. Such fertilizers are usually packed in a wide variety of package sizes and are customarily distributed through seed and hardware stores and other retail establishments generally in urban areas.

(3) "Grade" means the minimum guaranteed plant food content of any fertilizer expressed in percentages of its principal plant food components in the following order: Nitrogen, available phosphoric acid and water-soluble potash.

(4) "Approved grade" means any grade of fertilizer listed in Schedule I attached hereto.

(5) "Chemical nitrogen" means any nitrogen, other than organic nitrogen, including, but not limited to, ammonium sulfate, sodium nitrate, calcium cyanamid, urea, ammonium nitrate, cal-nitro and nitrogen-bearing solutions.

(6) "Organic nitrogen" means nitrogen derived from any plant or animal organism containing nitrogen, including, but not limited to: animal, fish, processed garbage and other tankages; bone meal; blood; castor pomace; tobacco stems; oilseed meals (including cottonseed, peanut, soy bean, rape, linseed and other oilseed meals); sewage sludge; cocoa shell meal; bat, peruvian and whale guanos; but excluding animal and poultry manures, peat and humus.

(7) "Superphosphate" means any plant food product which is obtained by mixing rock phosphate with either or both sulfuric acid and phosphoric acid.

(8) "Potash" means any compound of potassium containing, or capable of releasing in the soil, any water-soluble compound of potassfum including, but not limited to, muriate of potash, sulfate of potash, and manure salts.

(9) "Fertilizer manufacturer" means any person who manufactures or mixes fertilizer for sale.

(10) "Dealer" means any person, other than a fertilizer manufacturer, who purchases or has purchased fertilizer for resale.

(11) "Agent" means any person, other than a fertilizer manufacturer, who receives or has received fertilizer on a consignment basis for resale.

(12) "Person" means any individual, partnership, corporation, association, or any other organized group of persons, and shall include any agent, agency, or any person acting for or on behalf of any of the foregoing. The term "person" shall also include the United States or any agency thereof, and a State or any political subdivision or agency thereof.

(13) "Group A crop" means any crop listed in Schedule II attached hereto.

(14) "Group B crop" means any crop not listed in Schedule II. It shall not, however, include any crop to the extent that the use of fertilizer in the production of such crop is restricted or prohibited by the terms of this order.

(15) "Victory garden" means any garden planted primarily for the non-commercial production of vegetables and small fruits.

(16) "Rate of application per acre" means the total pounds of plant food (nitrogen, available phosphoric acid and potash) applied per acre.

(17) "Deputy Administrator" means the Deputy Administrator in charge of

(b) *Restrictions on delivery and use of fertilizer*—(1) *Schedule I.* No fertilizer manufacturer, dealer or agent shall, subject to the exemptions provided for in paragraph (d) hereof, deliver for use on crops, and no person shall use on crops, in any of the States listed in Schedule I attached hereto, any grade of fertilizer other than the grades designated on such schedule as applicable to the respective States listed thereon, and where a particular grade is designated on such schedule as available only for a particular crop or purpose, such grade shall be delivered and used only for the production of such crop or for such purpose.

(2) *Victory garden fertilizer.* No fertilizer manufacturer, dealer or agent shall, subject to the exemptions provided for in paragraph (d) (2) hereof, deliver in any State listed in Schedule I attached hereto any fertilizer for use on victory gardens other than the grade or grades designated in Schedule I for victory gardens in such States. Such grade or grades, when delivered for such purpose, shall be labeled "Victory Garden Fertilizer—For Food Production Only", and no person shall use in any State listed in Schedule I any fertilizer other than a grade so labeled, for such purpose. Nothing in this paragraph, however, shall prevent any fertilizer manufacturer, dealer or agent from delivering for use on victory gardens stocks of fertilizer of the grade of 3–8–7 on hand on July 1, 1943, which are already packaged and labeled "Victory Garden Fertilizer—For Food Production Only". Nor shall anything in this paragraph prevent any person who purchases fertilizer pursuant to this order for use other than on his victory garden from applying for, obtaining and using on his victory garden fertilizer of the grade or grades so purchased.

(3) *Cut flowers, bulbs, nurseries, etc.* No fertilizer manufacturer, dealer or agent shall, subject to the exemptions provided for in paragraph (d) (2) hereof, deliver, and no person shall use any fertilizer on cut flowers, bulbs, nurseries, commercial plantings of shrubs, ornamental trees, or other ornamental plants in excess of 75 percent of the total quantity of plant foods, in terms of nitrogen, phosphorus, and potash, used for such purposes by such person during either the period July 1, 1941, to June 30, 1942, or July 1, 1942, to June 30, 1943. The restriction of this paragraph (b) (3) shall not apply to the delivery and use of fertilizer for any food crop plant.

(4) *Size of packages.* No fertilizer manufacturer, dealer or agent shall deliver any fertilizer for use on crops in packages of less than 80 pounds: *Provided, however,* That fertilizer delivered pursuant to paragraphs (b) (2) and (d) (1) (i) hereof may be packaged in packages of 5, 10, 25, and 50 pounds net weight: *Provided, further,* That fertilizer delivered pursuant to paragraphs (c) (2) and (d) (2) (ii) hereof may be packaged in containers of any size.

(c) *Specialty fertilizer.* (1) During the period July 1, 1943, to June 30, 1944, each fertilizer manufacturer may manufacture no more than one grade of mixed specialty fertilizer, and, in addition, may sell and deliver straight chemical nitrogeneous material as specialty fertilizer. For such purposes, each manufacturer may use quantities of nitrogen and potash not to exceed 50 percent of the quantities of each used by such manufacturer for such purposes during the period July 1, 1941, and June 30, 1942. The grade of mixed specialty fertilizer need not be an approved grade of fertilizer. The water-insoluble organic nitrogen content of the mixed specialty fertilizer shall not exceed 25 percent of its total nitrogen content, and its total plant food content shall consist of at least 16 units.

(2) No fertilizer manufacturer, dealer or agent shall deliver and no person shall use, subject to the exemptions provided for in paragraph (d) (2) hereof, any fertilizer on lawns, golf courses, parks, cemeteries, roadsides, or noncommercial plantings of trees, shrubs, or flowers, except specialty fertilizers. The restrictions provided for in this paragraph (c) (2) shall apply to the use by any landscape gardener or nurseryman of fertilizer on lawns, trees, shrubs, or flowers planted on the premises of his customers.

(d) *Exemptions from restrictions.* (1) The restrictions provided for in paragraph (b) (1) hereof shall not apply to:

(i) Deliveries by fertilizer manufacturers, dealers and agents of any fertilizer for the preparation of solutions to be used in the transplanting of vegetable crop plants, or to the use by any person of fertilizer delivered pursuant to this paragraph (d) (1) (i).

(ii) Deliveries by fertilizer manufacturers, dealers and agents of stocks of unapproved grades of fertilizer in bags in their hands on July 1, 1943, to be used on Group A or Group B crops, or to the use by any person of any fertilizer delivered pursuant to this paragraph (d) (1) (ii) for such purpose.

(2) The restrictions of paragraphs (b) (1), (b) (2), (b) (3), and (c) (2) hereof shall not apply to:

(i) The use by any person of any fertilizer on hand on July 1, 1943, for use and not for sale. Such fertilizer may be used for any purpose.

(ii) The manufacture or delivery of fertilizer in pressed tablet form, or in a completely soluble form, for use on plants, flowers, and grasses: *Provided, however,* That no materials allocated by the War Production Board for use in agriculutral fertilizers shall be used in the manufacture of fertilizer in pressed tablet or completely soluble form.

(iii) Deliveries by any person of any fertilizer to a fertilizer manufacturer for use in the manufacture of mixed fertilizer.

(iv) Deliveries by fertilizer manufacturers, dealers or agents of any fertilizer for use in establishing and maintaining grass and other vegetation at Air Force Stations of the United States Army, Navy, Marine Corps, and Coast Guard, and at other military installations for establishing and maintaining grass and other vegetation, where such is certified, in the case of the Army, by the Division Engineer, or, in the case of the Navy, Marine Corps or Coast Guard, by the Agronomist, Bureau of Aeronautics, Navy Department, as essential for training activities, operations or health, or to the use by any person of any fertilizer delivered pursuant to this paragraph (d) (2) (iv).

(v) Deliveries of fertilizer for experimental purposes to educational institutions or publicly-owned agricultural institutions, or to the use of fertilizer by such institutions for such purposes.

(e) *Delivery in violation of order.* No person shall accept delivery of any fertilizer which he knows or has reason to believe is delivered in violation of this order.

(f) *Directions.* (1) Each fertilizer manufacturer shall comply with such directions as may be issued from time to time by the Deputy Administrator with respect to the quantities, grades, and kinds of mixed fertilizer to be manufactured and with respect to the use or delivery of any fertilizers.

(2) Each person affected by this order shall comply with such directions as may be issued from time to time by the Deputy Administrator with respect to the delivery and use of fertilizers.

(g) *Distribution and delivery.* (1) Each fertilizer manufacturer, dealer and agent shall during the 1943–1944 season make fertilizer available according to crop requirements in each geographical locality in which such manufacturer, dealer and agent made fertilizer available for use in the 1942–1943 season, unless such manufacturer, dealer or agent, has adequate proof that the crop requirements for fertilizer in any such locality are being adequately served by other manufacturers, dealers or agents. For the purposes of this paragraph, no account shall be taken of fertilizer delivered in the 1942–1943 season outside of the regular geographical localities served by a manufacturer, dealer, or agent, where such deliveries were made at the specific request of the War Food Administration or its predecessors.

(2) No fertilizer manufacturer, dealer or agent shall deliver fertilizer to any person in excess of such person's requirements, as provided for in paragraph (h) hereof, and no person shall use any fertilizer in excess of his requirements as provided for in paragraph (h) hereof.

(3) Fertilizer manufacturers, dealers and agents shall accept applications and make deliveries of fertilizers for use on Group A crops before delivering fertilizers for use on Group B crops requiring fertilizers at the same time, but applications for fertilizer for Group A crops shall be made at least 30 days in advance of the date such fertilizer is required in order to obtain preference over applications for fertilizer for Group B crops requiring fertilizer at the same time.

(4) In accepting applications for and making deliveries of fertilizer materials, no fertilizer manufacturer, dealer or agent shall discriminate against persons who apply for such materials for home mixing: *Provided, however,* That the requirements of such persons shall be established in accordance with the provisions of paragraph (h) hereof, and that the amount of such available materials delivered to any person for home mixing shall not exceed the amount which such person would be eligible to obtain in mixed fertilizers pursuant to the provisions of this order.

(h) *Requirements*—(1) *Group A crops.* The requirement of any person for fertilizer for use on any Group A crop shall be the acreage of the crop to be grown by such person multiplied either by the rate of application per acre customarily used by such person for such crop, or customarily used on comparable farms in the same area for such crop, or by the rate of application per acre recommended by the State Agricultural Experiment Station for such crop in the same area: *Provided, however,* That in no case, except as provided in paragraph (h) (3) hereof, shall the rate of application per acre exceed the rate of application per acre recommended by the State Agricultural Experiment Station for such crop in such area.

(2) *Group B crops.* The requirement of any person for fertilizer for use on any Group B crop shall be the acreage of the crop to be grown for which fertilizer is requested by such person multiplied by the rate of application per acre customarily used by such person on such crop, or customarily used on such crop on the farm for which fertilizer is being requested, or customarily used on such crop on comparable farms in the same area: *Provided, however,* That in no case, except as provided in paragraph (h) (3) hereof, shall the rate of application per acre exceed the rate of application per acre recommended by State Agricultural Experiment Station for use on such Group B crop.

(3) Notwithstanding, the provisions of paragraphs (h) (1) and (h) (2) hereof, the Deputy Administrator may fix the maximum rate of application per acre for use on any crop, and in connection therewith may, in his discretion, fix the maximum pounds of any individual fertilizer component to be applied per acre.

(i) *Applications.* (1) No fertilizer manufacturer, dealer or agent shall, in the year ending June 30, 1944, deliver to any person, other than a fertilizer manufacturer, dealer or agent, any fertilizer (except fertilizer delivered pursuant to paragraphs (b) (2), (c) (2), (d) (1) (i), (d) (2) (ii), (d) (2) (iii), (d) (2) (iv), and (d) (2) (v) hereof), unless prior to such delivery he shall have received from the person to whom delivery is to be made for use (hereinafter referred to as the applicant) a written application therefor. An applicant may apply in an application for fertilizer for either of the six-months periods of the year ending June 30, 1944 (i. e., July 1, 1943, to December 31, 1943, and January 1, 1944, to June 30, 1944), or for the full year ending June 30, 1944. In either case, however, a supplementary application shall be made where the actual acreage to be planted is greater than the acreage included in the original application. The original application shall contain the following:

(i) The total fertilizer requirements, by crops, acreage of crops, rates of application per acre, grades of mixed fertilizers or materials, and quantities required. These requirements shall be set forth for the period of July 1, 1943, to December 31, 1943, if the application is for that period only, or for the period of January 1, 1944, to June 30, 1944, if the application is for that period only, or for the full year ending June 30, 1944, if the application is for that period. If an applicant requests delivery of fertilizer during the period July 1, 1943, to December 31, 1943, for use on crops during the spring season of 1944, his anticipated requirements shall be based upon an acreage of such crops not in excess of the acreage of such crops grown by him in 1943.

(ii) The fertilizer, if any, which the applicant has on hand to apply on the foregoing requirements.

(iii) The fertilizer, if any, which has been ordered by the applicant from any other person, but which has not been delivered.

(iv) A certification to the effect that the rates of application and the acreage of crops used to establish the applicant's requirements are in accordance with the provisions of this order.

(v) The signature and address of the applicant, the date of signing the application, and the name of the dealer, agent, or manufacturer, to whom the application is given.

(2) Each fertilizer manufacturer shall provide a sufficient quantity of application forms for his own use and the use of his agents and dealers, on which the information required by paragraph (i) (1) hereof shall be written. Each fertilizer manufacturer may, if he wishes, print his firm's name and address on the form. The reverse side may be used for a delivery record. The applications shall be signed in triplicate by the applicant, one of the copies to be given to the applicant for his files, another to be retained by the manufacturer, or his dealer

or agent, and the third to be forwarded to a designated representative of the War Food Administration, or to an office designated by the Deputy Administrator.

(3) No fertilizer manufacturer, dealer, or agent shall use on his own crops any fertilizer (except fertilizer used pursuant to paragraphs (b) (2), (c) (2), (d) (1) (i), (d) (2) (i), and (d) (2) (ii) hereof), unless he has executed the form of application provided for in paragraph (i) (2) hereof. (The provisions of paragraphs (i) (1), (i) (2), and (i) (3) hereof have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.)

(j) *Records.* Each fertilizer manufacturer, dealer or agent, who delivers any fertilizer to any person other than a fertilizer manufacturer, dealer, or agent (or uses any fertilizer on his own crops) shall keep a record of each such delivery, showing the person to whom delivery is made, the date of delivery, and the quantity of fertilizer materials or grade of mixed fertilizer (and a similar record of use on his own crops), and each such manufacturer, dealer, or agent shall retain for not less than two years records of such delivery (or own use) and all applications accepted by him pursuant to paragraph (i) (1) hereof: *Provided, however,* That the provisions of this paragraph (j) shall not apply to individual deliveries in lots of less than 250 pounds of fertilizer authorized to be delivered by paragraphs (b) (2) and (c) (2) hereof. (The record keeping requirements of this paragraph have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.)

(k) *Reports.* Each person affected by this order shall make such reports to the Deputy Administrator in such form and at such time as the Deputy Administrator may from time to time request, subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(l) *State regulations.* Nothing contained in this order shall be construed to permit the delivery or use of any grade of fertilizer in any State where the use or delivery of such grade in such State is specifically prohibited by such State.

(m) *Notification of customers.* Fertilizer manufacturers, dealers and agents shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but failure to give such notice shall not excuse any person from complying with the terms hereof.

(n) *Audits and inspections.* Each fertilizer manufacturer, dealer or agent to whom this order applies shall, upon request, submit his books, records, and accounts, for audit and inspection by duly authorized representatives of the War Food Administration.

(o) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, or who conspires with another to perform any of such acts, is guilty of a crime and upon conviction may be punished by fine and imprisonment. In addition, any such person may by administrative suspension order be prohibited from receiving any deliveries of or selling or otherwise disposing of or using any fertilizer or any other material now or hereafter authorized to be rationed or allocated by, or subject to the priority control of, the War Food Administrator, and may be deprived of any priority assistance. Further, the Deputy Administrator may recommend to the Office of Price Administration or to the War Production Board that any person who violates any provision of this order or any amendment or supplement thereto be denied the right to receive, use, sell or otherwise dispose of any other materials which now are or in the future may be under allocation.

(p) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may apply in writing for relief to the Deputy Administrator, setting forth in such petition all pertinent facts and information. The Deputy Administrator may, upon the basis of such application and other information, take such action as he deems appropriate. The decision of the Deputy Administrator shall be in writing and shall be final and conclusive.

(q) *Delegation of authority.* The administration of this Food Production Order No. 5, Revised, and the powers conferred upon the War Food Administrator by Executive Order No. 9280 [2] and Executive Order No. 9322,[3] as amended by Executive Order No. 9334,[4] insofar as such powers relate to the administration of this order are hereby delegated to the Deputy Administrator. The Deputy Administrator shall be assisted in the administration of this order by such employees of the War Food Administration as he may designate, and such employees are hereby authorized to administer the provisions of this order.

(r) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless instructions to the contrary are issued, be addressed to the War Food Administration, United States Department of Agriculture, Washington, D. C., Ref. FPA 5.

(s) *Effect on War Production Board Order M–231.* War Production Board Order M–231 is superseded by this Food Production Order No. 5, Revised: *Provided, however,* That War Production Board Order M–231 shall continue to remain in full force and effect for the purpose of allowing or sustaining any suit, action, prosecution, or administrative or other proceeding heretofore or hereafter commenced with respect to any violation committed or right or liability incurred prior to January 18, 1943, under or pursuant to the terms of War Production Board Order M–231.

(t) *Territorial application of order.* This order shall have application in the continental United States, including only the 48 States and the District of Columbia of the United States.

PART 1206—FERTILIZER

CHEMICAL FERTILIZER IN PUERTO RICO

Section 1206.501 is hereby amended as set forth below:

[1] 8 F.R. 5437.

Paragraph (h) (1) is amended to read as follows:

(h) *Requirements of fertilizer users.* (1) The War Board shall establish the basis or method for determining the requirements of fertilizer users. This shall be established by taking into account the supply of fertilizer materials available or expected to be available in Puerto Rico and the need to obtain the greatest practicable amount of food production in Puerto Rico. Such basis or method shall be uniformly applicable in determining the requirements of all persons growing the same crop or crops, and, so far as practicable, shall apply throughout the growing season during which this order is effective: *Provided, however,* That, with respect to sugarcane, no person's requirements for chemical fertilizer shall exceed, in a basic formula of 10–6–9 or its nitrogen equivalent in any other formula prescribed by the Board, (i) 50 percent by weight of the average amount per acre of chemical fertilizer used by such person during the period January 1, 1940, to April 30, 1941, on crops started during the calendar year 1940, irrespective of the formula of the chemical fertilizer used during such period, or (ii) 350 pounds of chemical fertilizer, whichever is greater, multiplied by his acreage to be cultivated for the 1943–1944 harvest. The average amount per acre of chemical fertilizer used by any person for sugarcane during the period January 1, 1940, to April 30, 1941, shall be ascertained from the Agricultural Adjustment Agency records or, in the absence of such records, from the records of any other agency of the United States. As used in this paragraph (h (1), "nitrogen" means nitrogen (N) expressed in terms of ammonia (NH_3).

In order to correct a typographical error, the reference to paragraph "(c)" in paragraph (b) is changed to "(o)".

In order to correct a typographical error, "(i)", designating the paragraph headed "*Obtaining fertilizer on a ration card.*" is changed to "(1)".

This amendment shall become effective July 7, 1943.

Mabry, Secretary of Association of Advertising Film Companies; Motion Picture Advertising Service Co., Inc., a Corporation; United Film Ad Service, Inc., a Corporation; Ray-Bell Films, Inc., a Corporation; Alexander Film Co., a Corporation; and A. V. Cauger Service, Inc., a Corporation

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 25th day of June, A. D. 1943.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission; the answers of respondents; a stipulation of facts entered into by and between W. T. Kelley, Chief Counsel for the Commission, and the attorneys for all of the respondents except Screen Broadcast Corporation and Albert E. Fair, which provided among other things that the Commission might proceed upon the statement of facts in such stipulation, together with any testimony taken in the proceeding, to make its report stating its findings as to the facts (including inferences which it might draw from the stipulated facts) and its conclusion based thereon and enter its order disposing of the proceeding as to such respondents without the filing of briefs or oral argument; testimony and other evidence taken before a trial examiner of the Commission theretofore duly designated by it; report of the trial examiner upon the evidence and the exceptions to such report filed by respondents Screen Broadcast Corporation and Albert E. Fair; brief in support of the complaint and brief in opposition thereto filed on behalf of respondents Screen Broadcast Corporation and Albert E. Fair; and oral argument by the attorney for the Commission and the attorney for respondents Screen Broadcast Corporation and Albert E. Fair; and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That respondent Association of Advertising Film Companies, an unincorporated trade association, and its officers; respondent C. J. Mabry, individually and as Secretary of said Association; respondent distributors, Motion Picture Advertising Service Co., Inc., United Film Ad Service, Inc., Ray-Bell Films, Inc., Alexander Film Co., and A. V. Cauger Service, Inc., corporations, and their respective officers; and said respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, leasing, renting, and distribution of commercial motion picture films in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from entering into, continuing, cooperating in, or carrying out any planned common course of action, agreement, understanding, combination, or conspiracy between or among any two or more of said respondents, or between any one or more of said respondents and others not parties hereto, to do or perform any of the following acts or things:

1. Fixing or maintaining screening or display rates to be charged national advertisers, or rates, commissions, or other amounts of compensation to be paid or allowed booking agencies.

2. Entering into contracts with motion picture exhibitors for the exclusive privilege of exhibiting national advertising by means of commercial motion picture films in theaters owned, controlled, or operated by such exhibitors.

3. Entering into, continuing, or carrying out any agreement with respondent Screen Broadcast Corporation or respondent General Screen Advertising, Inc., or any other booking or central agency, whereby:

(a) Respondent distributors agree not to accept national motion picture film advertising from any source other than respondent Screen Broadcast Corporation or respondent General Screen Advertising, Inc., or other booking or central agency, in any designated territory; or

(b) Respondent Screen Broadcast Corporation or respondent General Screen Advertising, Inc., or any other booking or central agency, agrees to sell motion picture film advertising to national advertisers for screening in theaters under contract with respondent distributors according to screening or display rates cooperatively fixed and listed with respondent Screen Broadcast Corporation or respondent General Screen Advertising, Inc., or other booking or central agency, by the respective respondent distributors.

4. Furnishing to respondent Screen Broadcast Corporation or respondent General Screen Advertising, Inc., or any other booking or central agency, a list of theaters under contract with respondent distributors for classification by respondent Screen Broadcast Corporation or respondent General Screen Advertising, Inc., or other booking or central agency, according to size, circulation, distribution, or weekly attendance, for the purpose or with the effect of determining display rates or charges to advertisers.

5. Declining to accept or release any film for a national advertising account unless such film is booked and released through respondent Screen Broadcast Corporation or respondent General Screen Advertising, Inc., or some other designated booking or central agency.

6. Observing any rate card or similar device issued by respondent General Screen Advertising, Inc., or any other booking or central agency, for computing the screening or display rate or the amount of compensation due each distributor or theater.

7. Adopting, promulgating, or putting into effect standard rates of compensation for use in dealing with national advertisers in connection with cooperative advertising programs.

8. Adopting or observing in dealing with advertisers or theaters, rate books or similar devices issued by respondent Association or any other association, or by any booking or central agency.

It is further ordered, That respondent Screen Broadcast Corporation, a corporation, and its officers; respondent Albert E. Fair, individually and as President of said Corporation; respondent General Screen Advertising, Inc., a corporation, and its officers; respondent J. D. Alexander, individually and as Chairman of the Board of Directors of General Screen Advertising, Inc.; respondent distributors, Motion Picture Advertising Service Co., Inc., United Film Ad Service, Inc., Ray-Bell Films, Inc., Alexander Film Co., and A. V. Cauger Service, Inc., corporations, and their respective officers; and said respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, leasing, renting, and distribution of commercial motion picture films in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from entering into, continuing, cooperating in, or carrying out any planned common course of action, agreement, understanding, combination, or conspiracy between or among any two or more of said respondents, or between any one or more of said respondents and others not parties hereto, to do or perform any of the following acts or things:

Entering into, continuing, or carrying out any agreement whereby:

(a) Respondent distributors or any of them agree not to accept any national motion picture film advertising from any source other than respondent General Screen Advertising, Inc., or respondent Screen Broadcast Corporation, or any individual or booking agency, in any designated territory; or

(b) Respondents General Screen Advertising, Inc., Screen Broadcast Corporation, Albert E. Fair, and J. D. Alexander, or any of them, agree to sell motion picture film advertising for national advertisers for screening in theaters under contract with respondent distributors according to screening or display charges or rates of compensation cooperatively fixed or determined by respondent distributors or any two or more of them.

It is further ordered, That all of the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 14 for the establishment of price classifications and minimum prices for the coals of certain mines and for a change in the shipping point for the coals of the quality mine.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines and for a change in the shipping point for the coals of the Quality Mine, Mine Index No. 559, of code member Franklin County Coal Company in District No. 14; and

It appearing that a reasonable showing of necessity has been made for the

granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 334.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 334.24 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Petitioner proposes a change in the price classifications and minimum prices for the coals of the Kleaner Coal Co. Mine, Mine Index No. 581, of code member John W. Clay (Kleaner Coal Co.) because the coals of this mine are being mined by the machine cut method rather than by the solid shot method. Price classifications and minimum prices have heretofore been established for the coals of this mine produced by the solid shot method of mining. Inasmuch as the method of mining at this mine has changed from the solid shot to the machine cut method, there appears no necessity for continuing the price classifications and minimum prices for the coals of this mine when mined by the solid shot method. Accordingly, the price classifications and minimum prices effective for the coals of the Kleaner Coal Co. Mine, Mine Index No. 581, of code member John W. Clay (Kleaner Coal Co.) when mined by the solid shot method shall no longer be applicable and the price classifications and minimum prices established herein are effective for the coals produced from this mine when mined by the machine cut method of mining, as set forth in Supplements R and T annexed hereto.

Petitioner proposes Excelsior, Arkansas, as the "billing point" for the coals of the No. 4 Mine, Mine Index No. 630, of the A. M. Hobbs Coal Co. The code membership acceptance covering Mine Index No. 630 indicates that rail shipments of the coals produced from this mine will actually originate at Hartford, Arkansas, and it appears that Excelsior, Arkansas, will be merely the "billing point" for such shipments. Therefore, the price classifications and minimum prices established herein for the coals of this mine are effective for rail shipments originating at Hartford, Arkansas, as designated in Supplement R annexed hereto.

Dated: June 25, 1943.

Director.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Executive Vice Chairman

AUTHORITY: Regulations in this subchapter issued under P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.

PART 1174—LAUNDRY EQUIPMENT, DRY CLEANING EQUIPMENT AND TAILORS' PRESSING MACHINERY

[General Limitation Order L–91, as Amended July 6, 1943]

§ 1174.1 *General Limitation Order L–91*—(a) *Definitions.* For the purposes of this order:

(1) "Manufacturer" means any person fabricating or assembling commercial laundry machinery, commercial dry cleaning machinery or tailors' pressing machinery, or parts designed specifically for any such machinery, to the extent that he is engaged in such manufacture, and shall include sales and distribution outlets controlled by a manufacturer.

(2) "Distributor" means any person in the business of distributing, selling, or dealing in restricted machinery to the extent that he is engaged in such sales, dealing or distribution, other than sales and distribution outlets controlled by a manufacturer.

(3) "Commercial laundry machinery," "commercial dry cleaning machinery," and "tailors' pressing machinery," include, but are not limited to, machinery of the kinds listed from time to time in List A attached to this order. New machinery of such kinds is machinery which has not been previously used or purchased for use. Secondhand machinery of such kinds is machinery which has been previously used or purchased for use, including rebuilt or reconditioned machinery.

(i) "Tailors' pressing machinery" shall include all pressing machinery of the types used by dry cleaning establishments, by custom tailors, or by pressing establishments, but shall not include any pressing machinery designed specifically for use either in the mass production of garments and other textiles, or in other industrial processes, which is not used by dry cleaning establishments, custom tailors, or pressing establishments.

(ii) "Commercial dry cleaning machinery" shall include all dry cleaning machinery of the types used in laundering or cleaning establishments of any kind, such as, but not limited to, rug cleaning establishments, fur cleaning establishments, ships' service departments, and army exchanges, but shall not include electric hand irons, electrically heated steam irons or electrically heated water spray irons of the types which are subject to the limitations of § 1130.1 (General Limitation Order L–65).

(iii) "Commercial laundry machinery" shall include all laundry machinery, except the following: portable rug scrubbing machines subject to Limitation Order L–222; electric hand irons, electrically heated steam irons and electrically heated water spray irons of the types subject to Limitation Order L–65; domestic laundry equipment (i. e., washing machines and ironing machines for home use) which is subject to Limitation Order L–6–c; and laundry equipment designed specifically for use either in the mass production of garments and other textiles or in other industrial processes, which is not used by laundering establishments.

(4) "Restricted machinery" means

(i) Any new commercial laundry machinery, commercial dry cleaning machinery and tailors' pressing machinery, and

(ii) Any secondhand commercial laundry machinery, commercial dry cleaning machinery and tailors' pressing machinery having a value in excess of $100 at the time of sale, lease, delivery, or other transfer: *Provided*, That secondhand machinery which is in such condition at the time of transfer that it cannot be used efficiently for the purposes for which it was designed and which is transferred with the intention that the machinery will be rebuilt or reconditioned by or at the expense of either the transferer or transferee, or both, shall be restricted machinery if its value after such rebuilding or reconditioning will exceed $100.

(5) "Emergency repair loan" means the temporary leasing or lending of restricted machinery to replace similar machinery while the latter is being repaired.

(b) *Restrictions on delivery.* (1) Regardless of the terms of any contract of sale or purchase or other commitment, or of any preference rating certificate, no person shall sell, purchase, lease, deliver, receive delivery of, or otherwise transfer or acquire restricted machinery without authorization by the War Production Board on Form PD–418, except as provided in paragraphs (b) (2), (b) (3), (b) (4), (b) (5) and (b) (6) of this order.

(2) The restrictions of paragraph (b) (1) shall not apply if the sale, lease, delivery or other transfer of restricted machinery is to a person acquiring the machinery neither for use nor for export.

(3) The restrictions of paragraph (b) (1) shall not apply if the restricted machinery sold, leased, delivered or otherwise transferred is secondhand and the transfer is by someone other than a manufacturer or distributor to a person acquiring the secondhand restricted machinery for use at the place at which it was last previously used.

(4) The restrictions of paragraph (b) (1) shall not apply to the delivery of restricted machinery from one manufacturer or distributor to another manufacturer or distributor to fill an order or part of an order received by the latter if the filling of the order has been authorized on Form PD–418.

(5) The restrictions of paragraph (b) (1) shall not apply to an emergency repair loan pursuant to written or telegraphic authorization of the War Production Board for a period not in excess of forty-five days, or to the return of any restricted machinery to its owner by the manufacturer or distributor to whom that owner delivered the machinery for repair, rebuilding or reconditioning.

(6) The restrictions of paragraph (b) (1) shall not apply to direct or indirect purchases by the Army of the United States (except purchase orders placed by or for delivery to army exchange services) or by the Navy of the United States (except purchase orders placed by or for delivery to ships' service departments) if the purchase order bears a certification by the person placing the purchase order that notice of intention to place such purchase order has been sent to the War Production Board by such person or by the armed service which ultimately will receive the equipment. For purposes of this paragraph and paragraph (d) (1) an indirect purchase by the Army or Navy is a purchase of restricted equipment by a prime contractor or a sub-contractor of the Army or Navy for ultimate delivery to the Army or Navy, provided that the equipment purchased is constructed in accordance with specifications established by the Army or Navy and the installation of the equipment is to be supervised by the Army or Navy.

(c) *Procedure for deliveries.* (1) All persons making application for an authorization under paragraph (b) (1) of this order shall make such application on Form PD–418. Applicants who secure authorization upon Form PD–418 shall surrender such Form PD–418 to their supplier before completing the transaction authorized. Such authorizations shall expire thirty days after the date of their issuance unless served in the interim upon the supplier named therein. Within five days after their expiration all expired authorization forms shall be returned for cancellation to the War Production Board.

(2) Persons seeking authorization to make emergency repair loans pursuant to paragraph (b) (5) shall apply in writing, either by letter or telegram, to the War Production Board, Washington, D. C.

(3) Any person who purchases, leases, receives delivery of, or otherwise acquires restricted machinery neither for use nor for export, or who acquires second-hand restricted machinery from a person other than a manufacturer or distributor for use at the place at which the machinery transferred was last previously used, shall certify on his purchase order or contract that such is the case. The person receiving such certification shall be entitled to rely on such representation unless he knows or has reason to believe it to be false.

(d) *Prohibition of production of new machinery.* No manufacturer shall fabricate or assemble any new commercial laundry or dry cleaning machinery, or any new tailors' pressing machinery, except as follows:

(1) To fill orders for machinery constructed in accordance with specifications of, and purchased directly or indirectly by, the Army of the United States (except army exchange services) or the

Navy of the United States (except ships' service departments),

(2) To fill orders approved on Form PD–418 for, and in accordance with specifications of the Army or Navy of any country, the government of which is entitled to the benefits of the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act),

(3) To fill orders approved on Form PD–418 for the Maritime Commission or the War Shipping Administration,

(4) To fill orders approved on Form PD–418 for machinery to equip a vessel constructed by or for the Navy, Maritime Commission, War Shipping Administration or Office of Lend-Lease Administration, or to equip a cantonment or other Army or Navy base constructed for the use and operation of the Army or Navy of the United States,

(5) To fill orders approved on Form PD–418 for a bag loading or other ordnance plant where the hazard is such that commercial laundry or dry cleaning machinery or tailors' pressing machinery has been certified to be necessary by the Army or Navy, or

(6) To complete the assembly of commercial laundry or dry cleaning machinery or tailors' pressing machinery to fill other orders approved by the War Production Board on Form PD–418, if the only operation necessary to complete the machinery for delivery is the final assembly of completely fabricated parts.

(7) Upon specific authorization of the War Production Board; the War Production Board may from time to time specifically authorize one or more manufacturers to fabricate, to assemble, or both to fabricate and assemble specified quantities of machinery of the types restricted by this paragraph (d).

(e) *Production Requirements Plan.* Unless otherwise authorized by the War Production Board, no commercial laundry or dry cleaning machinery, or tailors' pressing machinery, including maintenance or repair parts therefor, shall be manufactured except by a person who has filed an application under Priorities Regulation No. 11 (Production Requirements Plan) on a form of the PD–25 series for his material requirements for such manufacture for which he requires priority assistance.

(f) *Non-applicability to rebuilding, reconditioning, repair or maintenance of existing equipment.* The restrictions of paragraph (b) and paragraph (d) of this order shall not be construed to restrict the manufacture, acquisition, sale, or delivery, in any manner, of parts to be used to rebuild, recondition, repair or maintain existing machinery, or machinery delivered under the terms of this order. The above provision for parts for rebuilding, reconditioning, repair, or maintenance includes replacement parts to be used for such purposes.

(g) *Restrictions on use of materials.* (1) No monel metal, nickel, nickel silver, or nickel chrome steels shall be used in the production of new restricted machinery, except when specified by the Army (not including army exchange services), the Navy (not including ships' service departments) or the Maritime Commission, or the War Shipping Administration of the United States.

(2) No person shall use parts for rebuilding, reconditioning, or repairing commercial laundry machinery, commercial dry cleaning machinery or tailors' pressing machinery which parts have an aggregate weight in excess of forty percent of the weight of the machinery which is repaired, rebuilt, or reconditioned, except when necessary in order to meet specifications of the Army (except army exchanges), the Navy except ships' service departments), the Maritime Commission, or the War Shipping Administration of the United States or when specifically authorized by the War Production Board.

(3) Nothing in this order shall be construed to permit any person to sell, deliver, or otherwise transfer, or any manufacturer to purchase, receive delivery of, or otherwise acquire any raw materials, semi-processed parts, or finished products in contravention of the terms of any order or regulation effective at the date of any such sale, delivery or other transfer.

(h) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board as amended from time to time, with the exception of Priorities Regulation No. 17.

(i) *Appeals.* Any appeal from this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(j) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(k) *Records.* Each person affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventory, production, and sales of commercial laundry and dry cleaning machinery and tailor's pressing machinery.

(l) *Reports.* (1) Each person affected by this order shall execute and file with the War Production Board such reports, information, and answers to questionnaires as the War Production Board shall from time to time request.

(2) On or before January 7, 1943, for the month of December 1942, and on or before the seventh day of each month thereafter, for the preceding month, each manufacturer or distributor of commercial laundry or dry cleaning machinery, or tailors' pressing machinery shall file a monthly report on Form PD–419.

(m) *Communications to War Production Board.* All reports and information required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Service Equipment Division, Washington, D. C.; Ref.: L–91.

Issued this 6th day of July 1943.

PART 3123—FLOOR FINISHING, FLOOR MAINTENANCE AND RUG SCRUBBING MACHINES, AND INDUSTRIAL VACUUM CLEANERS

[Limitation Order L-222, as Amended July 6, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply for defense, for private account and for export of the materials used in the manufacture of floor finishing and floor maintenance machines and industrial vacuum cleaners; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3123.1 *Limitation Order L-222*—(a) *Definitions.* For the purpose of this order:

(1) "Floor finishing or floor maintenance machines" means any motorized or hand-powered mechanical device, designed for the purpose of floor finishing or maintenance. The term includes, but is not limited to, the types of machines on List A attached to this order as amended from time to time, and excludes independent motor-operated vacuum producing units, floor sanding machines and machines specifically designed for the manipulation of wet cement.

(2) "Floor finishing" and "floor maintenance" include, but are not limited to, the operations of grinding, staining, sealing, scraping, oiling, waxing or polishing floors or decks, and the collection and removal of dust, grime, oil, reclaimable materials or refuse from floors or decks, either separately or in conjunction with the operations of washing, scraping, sterilizing and wiping floors or decks.

(3) "Floor sanding machines" means machines used for the smoothing of floors or decks, other than stone or tile floors, by the use of abrasives such as, but not limited to, sandpaper and steel wool.

(4) "Rug scrubbing machines" means both portable rug shampooing machines and portable rug scrubbing machines.

(5) "Industrial vacuum cleaners" means machines in which a combination of a motor operated vacuum producer (stationary or portable), an air impeller line and a portable tool with attachments is used primarily for the collection and removal by suction of dust, oil, reclaimable materials or refuse in either the wet or dry state. "Industrial vacuum cleaners" shall not include any vacuum cleaners designed primarily for household use or any motor operated vacuum producing units incorporated in floor sanding, floor finishing or floor maintenance machines.

(6) "Blowers" means combination blowers and exhausters, i. e., machines in which a combination of a motor operated air pressure producer, an air impeller line and a portable tool with attachments is normally used for the removal of dust, materials or refuse by air pressure. "Blowers" shall not include any machines used solely for the handling of air or other gaseous mixtures.

(7) "New machines" means any machines which have neither been used, sold, rented, nor lent for the purpose of being used but includes any machines which have been used only for demonstrations, trial loans, instruction or repair loans.

(8) "Supplies" means replaceable items, such as but not limited to, polishing brushes, cleaning brushes, sanding drums and discs, stones, hoses and bags, wand handles and similar attachments which are expended in the operations of floor sanding, floor finishing, floor maintenance, rug cleaning, vacuum cleaning and air pressure cleaning.

(9) "Manufacturer" means any person engaged in the fabrication or assembly of new floor sanding machines, new floor finishing or floor maintenance machines, new rug scrubbing machines, new industrial vacuum cleaners and new blowers or of parts designed specifically for any of such machines. The term also includes wholesaling or retailing subsidiaries or divisions of such a person.

(10) "Distributor" means any person engaged in the business of selling, renting or lending of new floor sanding machines, new floor finishing or floor maintenance machines, new rug scrubbing machines, new industrial vacuum cleaners and new blowers, other than a manufacturer.

(b) *Restrictions on production*—(1) *Floor sanding and floor finishing or floor maintenance machines.* Except as permitted by paragraph (b) (4) of this order, no manufacturer shall fabricate or assemble any new floor sanding, floor finishing or floor maintenance machines or parts for such new machines.

(2) Except as permitted by paragraph (b) (4) of this order, no manufacturer shall, after August 5, 1943, fabricate or assemble any new rug scrubbing machines or parts for such new machines.

(3) Except as permitted by paragraph (b) (4) of this order, no manufacturer shall fabricate or assemble any new industrial vacuum cleaners or blowers, or parts for such new cleaners or blowers, except to the extent necessary to fill orders for new industrial vacuum cleaners or blowers authorized on Form PD-722, approved by the War Production Board. No application made on such form will be approved unless accompanied by an order rated AA-5 or higher or unless the applicant indicates a need for such machine justifying such rating.

(4) *Repair parts other than supplies.* During the calendar quarter commencing January 1, 1943, and during any calendar quarter thereafter, no manufacturer shall fabricate repair parts having an aggregate manufacturing cost in excess of 2 per cent of that manufacturer's total billed sales of new floor sanding machines, new floor finishing or floor maintenance machines, new rug scrubbing machines, new industrial vacuum cleaners and new blowers during the calendar year of 1941.

(5) *Supplies.* The restrictions of paragraph (b) of this order shall not apply to the fabrication or assembly of supplies.

(6) *Exceptions.* The War Production Board may, from time to time, specifically authorize one or more manufacturers in writing to commence fabrication, to fabricate or to assemble specified quantities of machines and repair parts otherwise restricted by paragraph (b), or to perform any combination of the foregoing operations.

(c) *Restrictions on transfer.* (1) No manufacturer or distributor shall sell, rent, lend or deliver any of the following types of new machines without authorization on Form PD-418 approved by the War Production Board prior to July 6, 1943, or on Form PD-722 approved by the War Production Board:

(i) Drum type floor sanding machines making a 6-inch path or wider;

(ii) Disc type floor sanding machine making a 10-inch path or wider;

(iii) Drum type floor finishing or floor maintenance machines making a 6-inch path or wider;

(iv) Disc type floor finishing or floor maintenance machines making a 10-inch path or wider;

(v) Rug scrubbing machines;

(vi) Industrial vacuum cleaners;

(vii) Blowers.

Such authorizations shall expire thirty days after the date of their issuance unless served in the interim upon the supplier named therein. Within five days after their expiration, all expired authorization forms shall be returned for cancellation to the War Production Board, Service Equipment Division, Washington, D. C., Ref.: L-222.

(2) Nothing in this paragraph (c) shall be construed to prohibit the sale, loan, rental or delivery of new machines from one manufacturer or distributor to another to fill an order, or part of an order, received by the latter which has been authorized by the War Production Board on Form PD-418 on or before July 6, 1943, or on Form PD-722.

(d) *Procedure for authorization.* All persons making application for the authorization required by paragraph (c) hereof shall make such application on Form PD-722.

(e) *Applicability of other orders and regulations.* (1) This order and all transactions affected thereby are subject to all applicable provisions of the regulations and orders of the War Production Board, as amended from time to time.

(2) Nothing in this order shall be construed to permit the production of any machines whose production is prevented by any other orders or regulations of the War Production Board, including § 1174.1, Limitation Order L-91, and Section 1176.1, Conservation Order M-126, as amended from time to time.

(f) *Reports.* On or before July 15, 1943, for the month of June, and on or before the 15th day of each month thereafter, for the preceding month, each manufacturer or distributor of new floor sanding machines, new floor finishing or floor maintenance machines, new rug scrubbing machines, new industrial vacuum cleaners and new blowers shall file a monthly report on Form PD-723.

(g) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(h) *Reports.* (1) All persons affected by this order shall execute and file with the War Production Board such reports and answers to questionnaires as the War Production Board shall from time to time request.

(2) On or before January 28, 1943, for the month of December, and on or before the 15th day of each month thereafter for the preceding month, each manufacturer or distributor of new floor sanding machines, new floor finishing or floor maintenance machines, or new industrial vacuum cleaners shall file a monthly report on Form PD-723.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(j) *Appeals.* Any appeal from this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(k) *Communications.* All reports to be filed hereunder, or communications concerning this order, should be addressed to: War Production Board, Service Equipment Division, Washington, D. C., Ref: L-222.

Issued this 6th day of July 1943.

PART 3196—STERILIZER EQUIPMENT

[General Limitation Order L-266 as Amended July 6, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply for defense, for private account and for export of the materials entering into the manufacture of sterilizer equipment; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3196.1 *General Limitation Order L-266*—(a) *Definitions.* For the purposes of this order:

(1) "Sterilizer equipment" means the following types of sterilizers, as each is hereinafter defined, and includes heating elements when such elements are an integral part of such sterilizers: Pressure sterilizers, bulk pressure sterilizers, pressure water sterilizers, non-pressure water sterilizers, non-pressure instrument sterilizers, non-pressure utensil sterilizers, baby bottle pasteurizers and sterilizers, bedpan steamers, boiling type bedpan sterilizers, laboratory pressure sterilizers, bedpan washers and field sterilizers. The term shall not include used or rebuilt sterilizer equipment, nor any parts or materials for the repair or maintenance of existing sterilizer equipment, nor shall it include any pressure cooker designed for processing foods.

(2) "Pressure sterilizer" means a sterilizer having a volumetric capacity of less than 40,000 cubic inches which is designed to utilize steam under pressure in order to free articles from living pathogenic microorganisms.

(3) "Bulk pressure sterilizer" means a sterilizer having a volumetric capacity of 40,000 cubic inches or more which is designed to utilize steam under pressure in order to free articles from living pathogenic microorganisms. It may or may not include attachments for fumigating purposes.

(4) "Pressure water sterilizer" means a sterilizer which is designed to heat water to a temperature higher than 212° F. in order to free it from living pathogenic microorganisms.

(5) "Non-pressure water sterilizer" means a sterilizer which is designed to free water from living pathogenic microorganisms by means of boiling.

NOTE: Former paragraph (6) redesignated (7), former paragraph (7) redesignated (6), former paragraphs (8) through (12) redesignated (11) through (15).

(6) "Non-pressure instrument sterilizer" means a sterilizer which is designed to free surgical, medical and dental instruments and similar articles from living pathogenic microorganisms by subjecting them to a boiling liquid. The term shall not include any such sterilizer which contains metal in no part other than the heating element, lid and essential hardware.

(7) "Non-pressure utensil sterilizer" means a sterilizer which is designed to free hospital or medical utensils and similar articles from living pathogenic microorganisms by subjecting them to boiling water.

(8) "Baby bottle pasteurizer and sterilizer" means equipment designed to free baby bottles from living pathogenic microorganisms and to pasteurize baby milk formulas. The term shall not include any such equipment having a capacity of twelve bottles or less.

(9) "Bedpan steamer" means a sterilizer designed to free bedpans, urinals and similar articles from living pathogenic microorganisms by subjecting them to live steam.

(10) "Boiling type bedpan sterilizer" means a sterilizer designed to free bedpans, urinals and similar articles from living pathogenic microorganisms by subjecting them to boiling water.

(11) "Laboratory pressure sterilizer" means a sterilizer which is designed to free articles from living pathogenic microorganisms by utilizing steam under pressure and which is specially designed for use in a laboratory.

(12) "Bedpan washer" means apparatus designed to wash (and, in some cases, to sterilize) bedpans, urinals, and similar articles, and which may or may not be equipped with flushing mechanism.

(13) "Field sterilizer" means any sterilizer which is designed for use in the field and which is manufactured for delivery to or for the account of (i) the Army or Navy of the United States, or (ii) any agency of the United States Government for delivery to or for the account of the government of any country pursuant to the Act of March 11, 1941, entitled, "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(14) "Manufacturer" means any person engaged in the manufacturing, fabricating or assembling of sterilizer equipment.

(15) "Distributor" means any person who purchases sterilizer equipment solely for the purpose of resale without further fabrication.

(b) *Restrictions on the manufacture of sterilizer equipment.* (1) Except as provided in subparagraph (2) of this paragraph (b), no manufacturer shall manufacture or continue the manufacture of any sterilizer equipment other than the permitted sizes of the permitted types set forth in Schedule A attached to this order.

(2) Any sterilizer equipment which was in the process of fabrication on February 24, 1943, and which cannot be completely fabricated within the restrictions of Schedule A attached to this order, may be further fabricated after said date only to the extent specifically authorized by the War Production Board. Any manufacturer requesting such specific authorization shall file a statement in duplicate with the War Production Board setting forth in detail the number of units of each type in process of fabrication on February 24, 1943, the extent of the fabrication, the amount of materials required to complete fabrication, the reasons why such units cannot be converted to the permitted types and sizes set forth in Schedule A, and any other facts supporting the request for specific authorization.

(c) *Restrictions on the use of materials in the manufacture of sterilizer equipment.* (1) No manufacturer shall incorporate any copper or copper base alloy in the manufacture of any bulk pressure sterilizer, non-pressure instrument sterilizer, non-pressure utensil sterilizer, baby bottle pasteurizer and sterilizer, bedpan steamer, boiling type bedpan sterilizer, or bedpan washer, except as follows:

(i) Copper or copper base alloy may be used to the extent required in electrical circuits, control valves, safety valves, and gauges;

(ii) Copper base alloy sheet may be used to the extent required in non-pressure instrument sterilizers which are 20" in length by 10" in width by 9" in depth or larger in size; and

(iii) Copper or copper base alloy may be used to the extent required in trays for non-pressure instrument sterilizers.

(2) No person shall use any material in the manufacture of sterilizer equipment where the use of any less critical material is practicable.

(d) *Restrictions on the sale and delivery of sterilizer equipment.* (1) Except as provided in subparagraph (2) of this paragraph (d), no person shall sell or deliver any sterilizer equipment, except to or for the account of:

(i) The Army or Navy of the United States;

(ii) Any agency of the United States Government for delivery to or for the account of the government of any country pursuant to the Act of March 11, 1941, entitled, "An Act to Promote the Defense of the United States" (Lend-Lease Act);

(iii) Any person to whom an export license covering the specific equipment has been issued by the Board of Economic Warfare: *Provided, however,* That delivery shall not be made to any person holding an export license which was issued prior to February 24, 1943, unless such export license has been revalidated by the Board of Economic Warfare after said date;

(iv) Any distributor; or

(v) Any other person who has filed Form PD-556 pursuant to paragraph (e) of this order and has been specifically authorized on such form by the War Production Board to receive the specific sterilizer equipment and has furnished to his supplier one copy of such form signed in the name of the War Production Board. (As a general rule, authority to receive sterilizer equipment will be granted only in cases where the equipment will receive general use and where essentiality is clearly established.)

(2) The restrictions set forth in subparagraph (1) of this paragraph (d) shall not apply to the sale or delivery of the following sterilizers, but production and shipping schedules of such sterilizers shall be listed on Form PD-774 in accordance with the provisions of paragraph (f) of this order:

(i) Non-pressure instrument sterilizers which are not more than 16" in length by 6" in width by 4" in depth (with a permitted variation of 10 per cent from the specified dimensions) in size; or

(ii) Laboratory pressure sterilizers which are sold or delivered as "laboratory equipment" in accordance with the provisions of Limitation Order L-144.

(3) No person shall purchase or accept delivery of any sterilizer equipment if he knows or has reason to believe that the delivery of such sterilizer equipment is prohibited by the terms of this order.

(e) *Applications on Form PD-556.* Each person seeking authorization, as permitted by paragraph (d) (1) (v) of this order, to receive sterilizer equipment shall prepare Form PD-556 in quintuplicate (copies of which form may be obtained at the local offices of the War Production Board) in the manner prescribed therein, subject to the following instructions:

(1) The form should be filed only by the person (transferee) desiring to receive sterilizer equipment and not by the person (transferor) desiring to make delivery of such equipment.

(2) In describing the equipment for which application is made, give the type, manufacturer's name and catalogue number, and the size.

(3) Do not fill in section (6).

(4) Under section (5) give the following information:

(i) State whether or not you have in use any sterilizer equipment of the same type as, or of a type similar to, the equipment applied for. If so, (1) describe such equipment and (2) state whether the equipment applied for would be used to replace existing equipment or is needed for expansion of existing facilities. If the equipment applied for would be used to replace existing equipment, state what repairs of the existing equipment are necessary and why such repairs cannot be made. If the equipment applied for is needed for expansion of existing facilities, state the average number of hours per week during which the equipment is now used and the reasons why additional equipment is needed.

(ii) State how you now accomplish the work for which the equipment applied for would be used.

(iii) State what attempts you have made to obtain used or rebuilt equipment.

(iv) Give any other pertinent information which bears on the question of your need for the equipment for which application is made.

(f) *Production and shipping schedules and restrictions thereon.* (1) On or before the 15th day of July, 1943, and on or before the 5th day of each succeeding calendar month, each manufacturer of sterilizer equipment shall file with the War Production Board in triplicate on Form PD-774, his proposed production and shipping schedules of sterilizer equipment for the period required by such form. Upon receipt of such form, the War Production Board will approve the proposed production and shipping schedules or make such changes therein as it shall deem necessary, and will thereupon return to the manufacturer a copy of such form as approved or changed.

(2) In addition to the restrictions contained in paragraphs (b), (c) and (d) of this order, each manufacturer shall produce and ship sterilizer equipment in accordance with his production and shipping schedule as approved or changed by the War Production Board, regardless of any preference rating which any order may bear or any order or regulation of the War Production Board.

(g) *Other allocation action.* With respect to sterilizer equipment, the War Production Board may, notwithstanding any other order, preference rating, or regulation of the War Production Board:

(1) Direct the return or cancellation of any unfilled order on the books of a manufacturer; or

(2) Cancel orders placed with one manufacturer and direct that they be placed with another manufacturer.

NOTE: Former paragraphs (g) through (l) redesignated (h) through (m).

(h) *Reports.* All persons affected by this order shall file such reports as may be required from time to time by the War Production Board.

(i) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(j) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(k) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(l) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(m) *Correspondence.* Reports to be filed and other communications concerning this order shall be addressed to the War Production Board, Safety and Technical Equipment Division, Washington, D. C., Ref: L-266.

Chapter XI—Office of Price Administration

PART 1307—RAW MATERIALS FOR COTTON TEXTILES

[RPS 7,[1] Amdt. 11]

COMBED COTTON YARNS AND THE PROCESSING THEREOF

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Price Schedule No. 7 is amended in the following respects:

1. Section 1307.1 (a) is amended to read as follows:

(a) Except as provided in paragraphs (c) and (d) of this section no person shall sell or deliver and no person in the course of trade or business shall buy or receive combed yarn at a price higher than the maximum price established herein, and no person shall agree, offer, solicit or attempt to do any of the foregoing.

2. Section 1307.1 (d) is added to read as follows:

(d) (1) The provisions of Revised Price Schedule No. 7 shall apply to purchases and deliveries of imported yarns even though the purchaser in the continental United States deals directly with a foreign seller outside the continental United States or with his selling agent wherever located.

(2) The provisions of Revised Price Schedule No. 7 shall not apply to:

(i) Retail sales of combed yarn;

(ii) Sales or purchases of 2 ply mercerized or gassed grey yarn, Nos. 56/2 and finer imported from England and sold exclusively for use by hosiery manufacturers, and

(iii) Sales or deliveries which are covered by the Revised Maximum Export Price Regulation.

3. Section 1307.2 is amended to read as follows:

§ 1307.2 *Less than maximum prices.* Lower prices than those established herein may be charged, demanded, paid or offered.

4. Section 1307.9 (b) is amended to read as follows:

(b) "Combed yarn" means grey and (unless otherwise specified) mercerized, gassed, and/or bleached combed cotton yarn of all qualities and specifications (1) of domestic yarn in numbers up to 120s inclusive, and (2) of imported yarn in numbers up to 180s, inclusive.

5. Section 1307.12 (d) (4) (vi) is amended by adding after the words "for quilling, cone winding and special handling" the following proviso and footnote thereto:

(vi) * * * *Provided,* That if the processor does not quill or wind, his maximum price shall be the price specified herein less his customary charge[2] for quilling or winding.

6. Section 1307.13 Appendix B is added to read as follows:

§ 1307.13 *Appendix B:*[3] *Maximum prices for the following imported English*

*Copies may be obtained from the Office of Price Administration.

[2] In determining his maximum price for processed yarns in accordance with this subparagraph the processor who has not made a customary charge for quilling or winding shall subtract the cost he would normally incur for the cost of these operations. The processor shall compute this cost by giving due consideration not only to the direct labor cost which would be involved, but also to the overhead and other costs which he recognizes in his normal accounting procedure.

[3] Actual charges paid for import duty, import taxes, ocean freight, and war risk insurance may be added to the applicable maximum price for imported English yarn determined in accordance with this section: *Provided,* That the amount of such charges shall be separately set forth in an invoice or similar document delivered to the purchaser.

[MPR 419]

SUN-DRIED SHRIMP

In the judgment of the Price Administrator, it is necessary in order to effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders No. 9250 and 9328, that maximum prices be established for sales by processors and packers of sun-dried shrimp.

Pursuant to the above authority, the Price Administrator has established prices in this regulation that are generally fair and equitable and will effectuate the purposes of the Act, and will promote equitable distribution of sun-dried shrimp through normal trade channels.

The maximum prices established herein are not below the average prices of sun-dried shrimp in the year 1941.

Determination of prices established herein has been made after consulting and advising with representative members of the industry which will be affected by the regulation.

A statement of the considerations involved in the issuance of the regulation has been issued herewith and filed with the Division of the Federal Register.*

§ 1364.16 *Maximum processors' and packers' prices for sun-dried shrimp.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders No. 9250 and 9328, Maximum Price Regulation No. 419 (Sun-Dried Shrimp), which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1364.16 issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871, E.O. 9328, 8 F.R. 4681.

MAXIMUM PRICE REGULATION 419—SUN-DRIED SHRIMP

ARTICLE I—MAXIMUM PROCESSORS' AND PACKERS' PRICES, PROHIBITION AND SCOPE OF REGULATION

Sec.

1. Maximum processors' and packers' prices for sun-dried shrimp.
2. Sales of sun-dried shrimp at higher than maximum prices prohibited.
3. Where the regulation applies.
4. Sales to which this regulation does not apply.
5. Relation to other regulations.

ARTICLE II—RECORD KEEPING AND ENFORCEMENT

6. Records and reports.
7. Indirect price increases.
8. Enforcement.

ARTICLE III—MISCELLANEOUS PROVISIONS

9. Petitions for amendment.
10. Adjustable pricing.
11. Definitions.

Article I—Maximum Processors' and Packers' Prices, Prohibition and Scope of Regulation

SECTION 1. *Maximum processors' and packers' prices for sun-dried shrimp.* (a) The prices set forth below are maximum prices f. o. b. platform, in sales of platform sun-dried shrimp, and f. o. b. the shipping point nearest the packer's warehouse, in sales of packaged sun-dried shrimp. The maximum prices are gross prices and the seller shall deduct therefrom his customary allowances, discounts and differentials to purchasers of different classes.

Platform sun-dried shrimp, per pound	$ .35
Packaged sun-dried shrimp, per pound	.42

(b) Every packer, in connection with every first sale of sun-dried shrimp made to every wholesaler and retailer after July 9, 1943, shall attach to each burlap bag, barrel, box, container or wrapping the following notice:

The Office of Price Administration has authorized us to inform you that if you are a wholesaler or retailer pricing this item under Revised Maximum Price Regulation No. 237 or 238, that under section 23a of Revised Maximum Price Regulation 237 or section 20a of Revised Maximum Price Regulation 238, you must recalculate your maximum price for this item. This recalculation is allowed only on your first purchase of this item after July 9, 1943.

SEC. 2. *Sales of sun-dried shrimp at higher than maximum prices prohibited.* (a) On or after July 10, 1943, regardless of any contract, agreement, or other obligation, no processor or packer shall sell or deliver any sun-dried shrimp and no person in the course of trade or business shall buy or receive any sun-dried shrimp at prices higher than the maximum prices established by this regulation, and no person shall agree, offer, solicit, or attempt to do any of these things.

(b) Prices lower than the maximum prices may, of course, be charged and paid.

SEC. 3. *Where the regulation applies.* The provisions of this regulation shall apply to the forty-eight states of the United States and the District of Columbia.

SEC. 4. *Sales to which this regulation does not apply.* The provisions of this regulation shall not be applicable to sales or deliveries of sun-dried shrimp to a purchaser, if prior to July 10, 1943, such sun-dried shrimp have been received by a carrier other than a carrier owned or controlled by the seller, for shipment to such purchaser.

SEC. 5. *Relation to other regulations.* (a) The provisions of this regulation supersede the provisions of the General Maximum Price Regulation[1] with respect to sales and deliveries for which maximum prices are established by this regulation.

(b) The maximum price at which a person may export sun-dried shrimp shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation[2] issued by the Office of Price Administration.

Article II—Record Keeping and Enforcement

SEC. 6. *Records and reports.* (a) Every person making a sale subject to this regulation and every person in the course of trade or business making a purchase of sun-dried shrimp, subject to this regulation, or otherwise dealing therein, after July 9, 1943, shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, complete and accurate records of each such purchase or sale showing the date thereof, the name and address of the buyer and of the seller, the price contracted for or received, the quantity and kind of sun-dried shrimp (platform or packaged).

(b) Such person shall, subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942, submit such reports to the Office of Price Administration and keep such other records in addition to or in place of the records required in paragraph (a) of this section as the Office of Price Administration may from time to time require.

SEC. 7. *Indirect price increases.* No person shall evade any of the provisions of this regulation by any scheme or device and no person shall indirectly charge or receive for sun-dried shrimp a price higher than the maximum price permitted by this regulation. No person shall as a condition of selling any sun-dried shrimp require a purchaser to buy any other product.

SEC. 8. *Enforcement.* On and after July 10, 1943, any person violating any provision of this regulation is subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for revocation of licenses provided by the Emergency Price Control Act of 1942, as amended.

Article III—Miscellaneous Provisions

SEC. 9. *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1[3] issued by the Office of Price Administration.

SEC. 10. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

SEC. 11. *Definitions.* When used in this maximum price regulation the term:

"Packaged sun-dried shrimp" means platform sun-dried shrimp which have been repacked for sale in containers customary to the trade.

"Packer" means a person who repacks platform sun-dried shrimp for sale in containers customary to the trade; he is also known as a "buyer" or "dealer."

"Person" includes any individual, corporation, partnership, association, or other organized group of persons, legal successor or representative of any of the foregoing, and includes the United States, any agency thereof, or other government, or any of its political subdivisions, and any agency of the foregoing: *Provided,* That no punishment provided by this regulation shall apply to the United States or to any such government, political subdivision, or agency.

"Platform sun-dried shrimp" means shrimp which have been cooked in brine, sun treated, shells and heads removed, and packed for shipment in containers for further packaging by a packer.

"Processor" means a person who packs platform sun-dried shrimp for pick-up by the packer; he is also known as a "drier."

"Sun-dried shrimp" means shrimp of the genera *peneus setiferus* and *peneus brasiliensis* which have been cooked in brine, sun treated, shells and heads removed, and packed for shipment in containers customary to the trade.

Effective date. This regulation shall become effective July 10, 1943.

NOTE: The reporting and recording provisions of this regulation are approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 5th day of July 1943.

PART 1334—SUGAR, CONFECTIONERY AND SOFT DRINKS

[RPS 60,[1] Incl. Amdt. 9]

DIRECT-CONSUMPTION SUGARS

Sections 1334.51 and 1334.53 are amended; §§ 1334.63, 1334.64, and 1334.65 are added; and §§ 1334.52, 1334.57a, and 1334.59 (f) are revoked by Amendment 9, effective July 10, 1943, so the Revised Price Schedule No. 60 shall read as follows:

Since August 14, 1941, the Office of Price Administration has had in effect a price schedule on raw cane sugars. Until recently this ceiling price has been an effective control on prices in the later stages of the processing and distribution of sugar. With conditions created by the outbreak of war, the prices charged by certain primary distributors and wholesalers have increased sharply in spite of the fact that the price of raw cane sugar has remained constant. To permit the continuation of this situation would be to countenance speculative profits at the expense of the American public. As an emergency measure to correct this situation the Office of Price Administration issues Price Schedule No. 60 to control the maximum prices at which refined and other direct-consumption sugars may be sold to the wholesale and retail outlets. The maximum prices established by Price Schedule No. 60 are set at the levels prevailing just before the recent advent of war and the subsequent unwarranted increases of prices of direct-consumption sugar.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

Sec.

1334.51 Maximum prices for direct-consumption sugars established with prohibition of sales in violation.
1334.52 [Revoked]
1334.53 Sales at wholesale and retail excepted.
1334.54 Less than maximum prices.
1334.55 Evasion.
1334.56 Records and reports.
1334.57 Enforcement.
1334.57a [Revoked]
1334.58 Petitions for amendment.
1334.58a [Revoked]
1334.59 Definitions.
1334.60 Effective date of Price Schedule No. 60.
1334.60a Effective dates of amendments.
1334.61 Provision with respect to direct-consumption sugar to be purchased or sold by Defense Supplies Corporation, Commodity Credit Corporation or the designees of either of them.
1334.62 Applicability.
1334.63 Adjustable pricing.
1334.64 Taxes.
1334.65 Export sales.

AUTHORITY: §§ 1334.51 to 1334.65, inclusive issued under Pub. Laws 421 and 729, 77th Cong., E.O. 9250, 7 F.R. 7871.

§ 1334.51 *Maximum prices for direct-consumption sugars established with prohibition of sales in violation.* On and after March 31, 1942, or the effective date thereof as to any Amendment to this Schedule, regardless of any contract or other obligation:

No primary distributor shall sell, offer to sell, attempt to sell, deliver, transfer or import direct-consumption sugars at higher prices than the maximum prices established in this Schedule.

No person shall buy, offer to buy, attempt to buy or receive from a primary distributor in the course of trade or business direct-consumption sugars at prices higher than the maximum prices established in this Schedule.

Maximum prices are established in this Schedule on the gross basis specifying prices as to grades and points of delivery. They include all commissions and other charges for such grades at such points. When by including amounts received from or reimbursed by the Commodity Credit Corporation or the Defense Supplies Corporation a specified maximum price is exceeded, the acceptance of or payment of such amounts in excess is not a violation of this schedule. The maximum prices specified in this schedule shall be reduced by any discounts customarily allowed for cash or prompt payment by the seller on sales of such sugars.

(a) (1) The maximum basis price for fine granulated sugar processed by cane sugar refineries in Pennsylvania, New York, New Jersey, and Massachusetts shall be $5.60 per one hundred pounds f. o. b. United States seaboard cane sugar refinery nearest freightwise to point of delivery.

(2) The maximum basis price for fine granulated sugar processed by cane sugar refineries in all states other than those specified in paragraph (a) (1) of this section shall be $5.45 per one hundred pounds f. o. b. United States seaboard cane sugar refinery nearest freightwise to point of delivery.

(3) The maximum basis price for fine granulated beet sugar manufactured in the continental United States shall be $5.35 per one hundred pounds f. o. b. United States seaboard cane sugar refinery nearest freightwise to point of delivery.

(4) (i) The maximum basis price for fine granulated sugar from off-shore areas, domestic or foreign, shall be $5.40 per one hundred pounds duty-paid basis f. o. b. United States seaboard cane sugar refinery nearest freightwise to point of delivery.

(ii) The maximum basis price for turbinado, washed-white, or similar sugar for direct consumption from offshore areas, domestic or foreign, shall be $5.20 per one hundred pounds duty-paid basis f. o. b. United States seaboard cane sugar refinery nearest freightwise to point of delivery.

(5) The maximum basis price for direct-consumption sugars other than those sugars provided for in paragraphs (a) (1), (a) (2), (a) (3), (a) (4), and (b) (1) of this section, processed from United States mainland sugar cane, including but not limited to turbinado, plantation white, and high-washed sugars, shall be $5.35 per one hundred pounds f. o. b. United States seaboard cane sugar refinery nearest freightwise to point of delivery.

(6) The respective maximum basis prices established in paragraphs (a) (1), (a) (2), (a) (3), (a) (4) (i), and (a) (5), of this section shall each be adjusted for grade and package differentials in accordance with the seller's differential therefor published or in effect on December 1, 1941.

(i) Maximum prices for a primary distributor of direct consumption sugar for grades and packages not provided for in the above shall be as follows:

For a new grade and package identical in grade, net weight, and packing material with that of any other primary distributor he shall adjust his maximum base price by the use of the same differential properly established on that date by the primary distributor with such differential located nearest freightwise to him.

If the new grade and package is not so identical with that produced by another primary distributor he shall obtain a maximum price for it by application to the Office of Price Administration, Washington, D. C., in which he shall give full data with a description of grade and package, detailed production and selling cost differences f. o. b. refinery between the new grade and package and the basis bag packing per 100 pounds at the date of application and corresponding figures for his most nearly like grades and packages as of December 1, 1941, together with a request for a specific differential. After filing application and pending authorization from the Office of Price Administration sales may be made (a) on open billing or (b) on pro forma collection price based on the requested differential with an agreement for refund to the purchaser of such sum as this price may exceed the maximum price

when duly established or (c) on the basis of differential at which sales have heretofore been made prior to the effective date of this amendment.

[Paragraph (i) added by Amendment 6, 8 F.R. 5809, effective 5-8-43]

(7) *Maximum delivered prices.* (i) Except as specifically provided in subdivisions (ii) and (iii) of this subparagraph (7), the maximum delivered price for each of the sugars for which maximum basis prices are established in subparagraphs (1), (2), (3), (4) and (5) of this section shall be determined as follows:

(*a*) Add to the maximum basis price specified, which is per one hundred pounds f. o. b. United States sea board cane sugar refinery nearest freightwise to the point of delivery (as adjusted for grade and package differentials), the transportation charges for the kind of transportation actually used which would be collectible on a shipment of identical quantity from the refinery from which the lowest established transportation rate to the point of delivery applies: *Provided, however,* That the charges so added shall not exceed those collectible for such a shipment if made entirely by rail; *And provided,* Where deliveries are ex consignment, transportation charges added shall be on the basis of all-rail rates for the identical quantity but not to exceed the rail carload rate applicable to the lowest carload minimum weight.

(*b*) The point of delivery is the siding or dock or buyer's receiving platform in the vicinity of the buyer's warehouse or place of business where the sugar is to be used or resold.

(*c*) Where the buyer actually takes delivery f. o. b. seller's refinery or at some point other than the buyer's point of delivery, the total of the price paid to the seller plus the cost of transportation paid by the buyer shall not exceed the maximum delivered price at the buyer's point of delivery, as determined by the provisions of this subdivision.

(*d*) In calculations under the provisions of this subdivision, the "kind of transportation" for sugars from offshore areas shall be that kind actually used after arrival at the point of entry in continental United States.

[Paragraph (i) amended by Amendment 8, 8 F.R. 6424, effective 5-15-43 and Amendment 9, effective 7-10-43]

(ii) Where the buyer's warehouse or place of business at or from which the sugar is to be used or resold is within a refinery city metropolitan area and the transportation to such place is performed by means of a motor vehicle owned, controlled, or hired by the seller, the maximum delivered price for each of the sugars provided for in paragraphs (a) (1), (a) (2), (a) (3), (a) (4), and (a) (5), respectively, of this section, shall be determined by adding to the applicable maximum basis price as specified in said paragraphs (as adjusted for grades and packages) a delivery charge per one hundred pounds based on the cartage rates employed by the seller on December 1, 1941.

(iii) Where the transportation to the buyer's warehouse or place of business at or from which the sugar is to be used or resold is performed by means of a motor vehicle owned, controlled, or hired by the buyer, the point of delivery shall be the place at which the sugar is loaded on such vehicle. Where such point of delivery is within a refinery city metropolitan area, the maximum delivered price at such place for each of the sugars provided for in paragraphs (a) (1), (a) (2), (a) (3), (a) (4), and (a) (5), respectively, of this section shall be the applicable maximum basis price as specified in said subparagraphs (as adjusted for grades and packages). Where such point of delivery is outside a refinery city metropolitan area, the maximum delivered price shall be calculated and determined under subdivision (i) of this subparagraph (7) using, however, the point of delivery specified in this subdivision (iii). Where the transportation is to be performed by means of a motor vehicle owned, controlled, or hired by the buyer, no sale of sugar shall be made unless the seller shall have offered to sell and deliver the sugar at a price not in excess of the price as calculated and determined in subdivision (i) of this subparagraph (7) and the buyer shall have refused such offer. All such sales shall be invoiced, and the invoices shall state as separate items the shipping point of the sugar, the location of buyer's warehouse or place of business at or from which the sugars are to be directly used or resold, the price charged, the amount of transportation charges as calculated and determined in subdivision (i) of this subparagraph (7) and the fact that the seller offered to deliver at or at less than said maximum delivered price as calculated and determined in subdivision (i) of this subparagraph (7) and the buyer rejected said offer.

(b) (1) The maximum price for direct-consumption raw cane sugar of 96 degrees polarization, of domestic or foreign origin, shall be $4.60 per one hundred pounds United States mainland shipping point, including all taxes and duty.

(2) The maximum price specified in paragraph (b) (1) of this section, shall be adjusted by making allowances per pound for each degree of polarization above or below 96 degrees (fractions of a degree in proportion) in accordance with the method customarily used prior to the effective date of Price Schedule No. 60.

§ 1334.52 [Revoked]

[§ 1334.52 revoked by Amendment 9, effective 7-10-43]

§ 1334.53 *Sales at wholesale and retail excepted.* Sales at wholesale and retail are excepted from the operation of Revised Price Schedule No. 60.

§ 1334.54 *Less than maximum prices.* Lower prices than those established in Revised Price Schedule No. 60 may be charged, demanded, paid, or offered.

§ 1334.55 *Evasion.* The price limitations established by Revised Price Schedule No. 60 shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of direct-consumption sugars alone or in conjunction with any other commodity or material or by way of any commission, service, transportation, or other charge or by a tying-agreement or other trade understanding or by making the discounts given or other terms and conditions of sale more onerous to the purchaser than those available or in effect on December 1, 1941, for purchasers from primary distributors or during the period selected by the seller as provided for in paragraph (a) of § 1334.52, or by any other means.

§ 1334.56 *Records and reports.* Every person making sales of direct-consumption sugars after December 22, 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year complete and accurate records of every sale including the date thereof, the name of the purchaser, the price paid, the grade, package and amount sold, and the date of shipment.

Persons affected by Revised Price Schedule No. 60 shall submit such reports to the Office of Price Administration as it may, from time to time, require.

§ 1334.57 *Enforcement.* (a) Persons violating any provision of this Revised Price Schedule No. 60 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942.

[Paragraph (a) as amended by Amendment 2, 7 F.R. 5664, effective 7-23-42]

(b) Persons who have evidence of any violation of this Revised Price Schedule No. 60 or any price schedule, regulation or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1334.58a [Revoked]

[§ 1334.58a added by Amendment 3, 7 F.R. 6787, effective 8-31-42, and revoked by Amendment 5, 7 F.R. 8949, effective 11-4-42]

§ 1334.59 *Definitions.* When used in Revised Price Schedule No. 60, the term:

(a) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

[Paragraph (a) as amended by Amendment 2, 7 F.R. 5664, effective 7-23-42]

(b) "Direct-consumption sugars" means any grade, or type of saccharine product derived from sugar beets or sugarcane, which is not to be, and which shall not be, further refined or otherwise improved in quality; except sugar in liquid form which contains non-sugar solids (excluding any foreign substance that may have been added) equal to more than 6 per centum of the total soluble solids, and except also sirup of cane juice produced from sugarcane grown in continental United States.

(c) "Primary distributor" means any person who manufactures direct-consumption sugars or the agent of any such person, or any person who delivers to the continental United States from offshore areas or any person who takes such delivery or the agent of any such person who makes or takes such delivery. The term "agent" shall be deemed to include a broker, factor, commission merchant, or a person who takes title but actually performs functions commonly performed by agents, brokers, factors, or commission merchants.

(d) "At wholesale" means a sale other than a sale by a primary distributor or a sale at retail.

(e) "Sale at retail" means a sale to the ultimate consumer; *provided*, no manufacturer, processor, purchaser for resale, or commercial user shall be deemed to be an ultimate consumer.

(f) [Revoked]

[Paragraph (f) revoked by Amendment 9, effective 7-10-43]

§ 1334.60 *Effective date of Revised Price Schedule No. 60.* This schedule (§§ 1334.51 to 1334.60, inclusive) shall become effective December 22, 1941.

[Issued December 20, 1941]

§ 1334.60a *Effective dates of amendments.* [The effective dates of Amendments 1 through 8 are shown in notes following the parts affected.]

§ 1334.61 *Provision with respect to direct-consumption sugar to be purchased or sold by Defense Supplies Corporation, Commodity Credit Corporation or the designees of either of them.* (a) The maximum prices established by § 1334.51 shall be applicable for purchases and sales of direct-consumption sugar by Defense Supplies Corporation, Commodity Credit Corporation, the designee or designees of either of them or other United States governmental agency duly authorized to perform functions in connection with sugar exercised by either of them except: (1) In case of purchases by any of the above specified where such maximum prices are below the sellers cost for such sugars, application may be made and the Administrator may grant maximum prices for the sale and purchase thereof in excess of the maximum prices set out in said section. (2) In cases where the seller was not subject to the provisions of § 1334.51 prior to March 31, 1942, the differentials for grades and packages, and the cartage rates of his nearest freightwise primary distributor shall be used. (3) Application may be made and approval granted by the Administrator for sales by any of the above specified parties and the purchase from any of them at maximum prices in excess of the maximum prices established by said section, and (4) The above specified parties may enter into valid contracts providing for payment of a price to be adjusted not to exceed the maximum price established by the Office of Price Administration effective at the time of shipment.

(b) All maximum prices with conditions and rights of designation established for purchases and sales of the Defense Supplies Corporation are hereby established for the Commodity Credit Corporation and shall henceforth apply to other United States governmental agencies duly authorized to perform functions in connection with sugar exercised by either of them.

[§ 1334.61 added by Amendment 1, 7 F.R. 2510, effective 3-31-42 and amended by Amendment 7, 8 F.R. 6044, effective 12-15-42]

[NOTE: Supplementary Order No. 42 (8 F.R. 4968) provides that no price regulation of the Office of Price Administration shall apply to sales or deliveries of any commodity or service made to Government agencies pursuant to secret contracts or subcontracts.]

§ 1334.62 *Applicability.* The provisions of this Revised Price Schedule No. 60 shall not apply to sales and deliveries of direct-consumption sugars to or in the territories and possessions of the United States.

[§ 1334.62 added by Amendment 4, 7 F.R. 1928, effective 11-7-42]

§ 1334.63 *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery. No person may deliver or agree to deliver at prices to be adjusted upward after delivery in accordance with action taken by the Office of Price Administration except upon authorization by the Office of Price Administration. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. This authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated, by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

§ 1334.64 *Taxes.* Any tax upon or incident to the sale, delivery, processing or use of direct-consumption sugars imposed after July 10, 1943 by any statute of the United States or statute or ordinance of any state or subdivision thereof shall be treated in determining the seller's maximum price for direct-consumption sugar and in preparing the records of such seller with respect thereto as follows: If the statute or ordinance imposing such tax or increase in tax does not prohibit the seller from stating and collecting the tax or increase separately from the purchase price, and the seller does separately collect and state it, the seller may receive in addition to the otherwise maximum price, the amount of such tax or increase in tax actually paid by him or an amount equal to the amount of such tax on direct-consumption sugars paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased.

§ 1334.65 *Export sales.* The maximum price at which a person can export direct-consumption sugars shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation [1] issued by the Office of Price Administration.

Issued this 5th day of July 1943.

PART 1341—CANNED AND PRESERVED FOODS

[MPR 306,[1] Amdt. 9]

CERTAIN PACKED FOOD PRODUCTS

A statement of the considerations involved in the issuance of Amendment No. 9 to Maximum Price Regulation No. 306 has been issued and filed with the Division of the Federal Register.[*]

Maximum Price Regulation No. 306 is amended in the following respects:

1. Section 1341.553 (a) (6), (7), (8) and (9) are added as follows:

Item	Section	Appendix
(6) Asparagus	1341.584	B
(7) Mustard Greens and Turnip Greens	1341.584	B
(8) Tomato products	1341.584	B
(9) Miscellaneous vegetables	1341.585	C

2. In § 1341.561 (a) the figure "9%" is amended to read "3%".

3. Section 1341.565 (e) is amended to read as follows:

(e) After May 18, 1943, no processor may sell more than one grade of any particular packed fruit or packed vegetable covered by this regulation under the same brand name unless the labels on the containers of the different items are clearly distinguished by appropriate words or symbols. For example, if a processor wishes to sell both Grade A and Grade B peas under the brand name "John Doe," he must sell Grade A as John Doe Grade A, Fancy, Supreme or other appropriate term and he must sell Grade B as John Doe Grade B, Extra Standard, Superior or other appropriate Grade A peas and Grade B corn under term. However, the processor may sell the same brand name without the addition of such distinguishing words or symbols on the respective labels.

4. Section 1341.565 (k) is added to read as follows:

(k) The foregoing provisions of this section apply:

(1) To all brand owners, whether or not processors, who affix labels or cause labels to be affixed to the packed fruits or vegetables covered by this regulation, packed by them or purchased by them for resale; and

(2) To any item covered by this regulation for which grades are established by the United States Department of Agriculture.

5. Section 1341.584 is amended to read as follows:

§ 1341.584 *Appendix B: Maximum prices for packed vegetables*—(a) *Peas.* (1) The maximum prices per dozen containers, f. o. b. factory, for sales other than to government procurement agencies, shall be as follows:

(2) The regions set forth in paragraph (a) (1) of this section shall be as follows:

Region I: Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia and North Carolina.

Region II: Ohio, Indiana, Michigan, Illinois, Wisconsin, Minnesota, Iowa, Nebraska, North Dakota, South Dakota, Kansas, Missouri, Oklahoma, Arkansas, Texas, Louisiana, Mississippi, Alabama, Georgia, Florida, South Carolina, Kentucky and Tennessee.

Region III: Montana, Idaho, Wyoming, Utah, Nevada, Colorado, Arizona, New Mexico.

Region IV: Oregon, Washington, California.

(3) The maximum pric for any variety and sieve size below standard in grade shall be: In No. 2 cans or in No. 303 glass jars (16–17 fl. oz.) ten cents per dozen, and in No. 10 cans, fifty cents per dozen, less than the maximum price for standard grade of the same variety, sieve size, and container size for the particular region.

(4) Blends of sieve sizes:

(i) The maximum price for a blend of two sieve sizes of a variety and grade shall be the same as the maximum price for the largest sieve size in the blend.

(ii) The maximum price for a blend of three sieve sizes of a variety and grade in No. 2 cans or in No. 303 glass jars (16–17 fl. oz.) shall be five cents per dozen, and in No. 10 cans, twenty-five cents per dozen, more than the maximum price for the largest sieve size in the blend; except that:

(a) The maximum price for a blend of three sieve sizes of a grade of Alaska peas, No. 5 sieve size being the largest size in the blend, in No. 2 cans or in No. 303 glass jars (16–17 fl. oz.) shall be two and one-half cents per dozen, and in No. 10 cans, twelve and one-half cents per dozen, more than the maximum price for No. 4 and up sieve size of the same grade;

(b) The maximum price for a blend of three sieve sizes of a grade of Alaska peas which contains both No. 5 and No. 6 sieve sizes, shall be the same as the maximum price for No. 4 and up sieve size of the same grade; and

(c) The maximum price for a blend of three sieve sizes of a grade of sweet peas which contains both No. 5 and No. 6 sieve sizes, in No. 2 cans or in No. 303 glass jars (16–17 fl. oz.) shall be two and one-half cents per dozen, and in No. 10 cans, twelve and one-half cents per dozen, more than the maximum price for No. 5 and up sieve size of the same grade.

(iii) The maximum price for a blend of four or more sieve sizes of a variety and grade shall be the same as the maximum price for the ungraded sieve size of the same variety and grade.

(5) The maximum price for a variety, sieve size (including blends) and grade of peas packed:

(i) In twelve ounce vacuum cans, shall be ten cents per dozen less than the maximum price for the same variety, sieve size and grade packed in No. 2 cans;

(ii) In No. 303 cans, shall be 85% of the maximum price for the same variety, sieve size and grade packed in No. 2 cans; and

(iii) In No. 1 cans, shall be 70% of the maximum price for the same variety, sieve size and grade packed in No. 2 cans.

(6) The word "ungraded," when used in connection with peas, refers to the sieve size and means not separated by sieve sizes.

(7) The maximum prices per dozen containers, f. o. b. factory, for any sieve size or grade of black eye or crowder peas in any region, shall be the same as the maximum price for the same sieve size, grade and container size of Alaska peas in the same region.

(8) The maximum prices per dozen containers, f. o. b. factory, for sales to government procurement agencies, shall be computed as follows:

(i) For each variety, sieve size and grade of peas in No. 2 cans, multiply the maximum price for sales other than to government procurement agencies by .96, and add to the resulting figure the amount designated for the appropriate state or portion thereof as follows:

(2) The regions set forth in paragraph (d) (1) of this section shall be as follows:

Region I: Maine, New Hampshire, Vermont, Massachusetts, Connecticut and Rhode Island.

Region II: New York.

Region III: Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas, Oklahoma, Arkansas, Missouri and Kansas.

Region IV: Ohio, Indiana, Michigan, Illinois, Wisconsin, Minnesota, Iowa, Nebraska, North Dakota and South Dakota.

Region V: Arizona, Montana, Wyoming, Colorado, New Mexico, Utah, Nevada and that part of Idaho not included in Region VI.

Region VI: Washington, Oregon, California, and Southwestern Idaho (Washington, Payette, Gem, Canyon, Ada and Owhyee counties).

(3) Differentials for other types of snap beans for which maximum prices are not named in paragraph (d) (1) of this section:

(i) In Regions I, II, III, IV and V, the maximum prices for pole beans shall be: In No. 2 cans, five cents per dozen, in No. 2½ cans, seven and one-half cents per dozen, and in No. 10 cans twenty-five cents per dozen, higher than the maximum prices named for bush beans.

(ii) In Region VI, the maximum prices for bush beans shall be: In No. 2 cans, five cents per dozen, in No. 2½ cans, seven and one-half cents per dozen, and in No. 10 cans, twenty-five cents per dozen, lower than the maximum prices named for pole beans.

(4) Differentials for other styles of pack for which maximum prices are not named in paragraph (d) (1) of this section:

(i) The maximum prices for asparagus style, horizontal style or vertical style of pack shall be: In No. 2 cans, twenty-five cents per dozen, in No. 2½ cans, thirty-two and one-half cents per dozen, and in No. 10 cans, $1.25 per dozen, higher than the maximum prices for whole beans of the same variety and grade, as listed herein or as determined by differential under the provisions of this section.

(ii) The maximum prices for French style of pack shall be: In No. 2 cans, five cents per dozen, in No. 2½ cans, seven and one-half cents per dozen, and in No. 10 cans, twenty-five cents per dozen, higher than the maximum prices for whole beans of the same variety and grade, as listed herein or as determined by differential under the provisions of this section.

(5) *Blends of sieve sizes.* (i) The maximum price of a blend of two sieve sizes of a variety and grade shall be the maximum price of the largest sieve size in the blend.

(ii) The maximum price of a blend of three sieve sizes containing only No. 4 sieve size and larger shall be the same as the maximum price for the same variety and grade, ungraded as to sieve size, in the same container. The maximum price of a blend of three sieve sizes of a variety and grade, which blend includes at least one sieve size which is smaller than No. 4 sieve size shall be: In No. 2 cans, five cents per dozen, in No. 2½ cans, seven and one-half cents per dozen and in No. 10 cans, twenty-five cents per dozen, more than the maximum price of the largest sieve size in the blend, packed in the same container.

(iii) The maximum price of a blend of four or more sieve sizes of a variety and grade shall be the same as the maximum price for ungraded sieve size of the same variety and grade in the same container.

(6) The maximum price for any variety, style and sieve size (including blends) below standard in grade shall be: In No. 2 cans, ten cents per dozen, in No. 2½ cans, twelve and one-half cents per dozen, and in No. 10 cans, fifty cents per dozen, less than the maximum price for the same variety, style and sieve size (including blends) for standard grade in the same container for the particular region.

(7) The maximum price for any variety, style, sieve size (including blends) and grade of snap beans packed:

(i) In No. 303 cans, shall be 85% of the maximum price for the same variety, style, sieve size (including blends) and grade packed in No. 2 cans;

(ii) In No. 1 cans, shall be 70% of the maximum price of the same variety, style, sieve size (including blends) and grade packed in No. 2 cans; and

(iii) In No. 303 glass jars (16–17 fl. oz.) shall be two and one-half cents per dozen more than the maximum price for the same variety, style, sieve size (including blends) and grade packed in No. 2 cans.

(8) The word "ungraded" when used in connection with snap beans, refers to the sieve size and means not separated by sieve sizes, and includes all blends of more than three sieve sizes.

(9) The maximum prices per dozen containers, f. o. b. factory, for sales to government procurement agencies, shall be computed as follows:

(i) For each variety, style, sieve size (including blends) and grade of snap beans in No. 2 cans multiply the maximum price for sales other than to government procurement agencies by .96, and add to the resulting figure the amount designated for the appropriate state or portion thereof as follows:

(2) The maximum price for any grade below grade A or fancy shall be: In No. 2 cans, twenty cents per dozen, in No. 2½ cans, thirty cents per dozen, and in No. 10 cans, one dollar, less than the maximum price per dozen for the same container, variety, style and size for grade A or fancy for the particular region.

(3) The maximum price per dozen, f. o. b. factory, for each grade of blended spears in No. 2 cans shall be the canner's maximum price per dozen, f. o. b. factory, for the 1942 pack of the same grade of blended spears, plus the sum of thirty cents per dozen in the states of California, Washington and Oregon, or the sum of twenty cents per dozen in all other States.

(4) The maximum prices per dozen containers, f. o. b. factory, for sales to

government procurement agencies shall be 96% of the maximum price for sales other than to government agencies as set forth in paragraphs (1), (2) and (3).

(2) The maximum price per dozen containers, f. o. b. factory, for sales to government procurement agencies shall be 96% of the maximum price for sales other than to government procurement agencies as set forth in paragraph (1).

(*h*) *Tomato products.* (1) The tomato products covered by the following paragraphs are tomato catsup, chili sauce, tomato puree, tomato paste, tomato juice and tomato sauce, and Italian pear shaped tomatoes.

(2) The maximum prices per dozen containers, f. o. b. factory, for sales other than to government procurement agencies of the tomato products set forth in paragraph (1) shall be computed by the processor by adjusting his maximum price per dozen, f. o. b. factory, for the 1942 pack of the same tomato product of the same grade and in the same container as follows:

(i) Deduct the total 1942 raw tomato cost per dozen containers as required to be reported in column (8) of the report filed under Maximum Price Regulation No. 152.

(ii) Add to the figure so obtained the total raw tomato cost per dozen containers determined by dividing the resale price of the Commodity Credit Corporation for the region where the processor's factory is located by the number of dozens of containers obtained per ton of raw tomatoes as required to be reported in column (5) of the report filed under Maximum Price Regulation No. 152.

(3) The processor's maximum price per dozen No. 10 cans of tomato catsup, regardless of the provisions of paragraph (2), shall be at least equal to his maximum price per dozen for the same grade in 14 ounce bottles (determined under paragraph (2)) multiplied by 6.5.

(4) Any processor who established a maximum price for any grade and size of his 1942 pack of any particular tomato product set forth in paragraph (1) by the adoption of a competitor's maximum price shall adopt the same competitor's maximum price for the 1943 pack of the same product, grade and size.

(i) Where the same competitor does not pack such product in 1943, the processor shall establish his maximum price for such product by adopting his closest competitive seller's maximum price for the same grade and size of the 1943 pack of the same product.

(ii) Where the processor did not pack the same grade and size of any of such products in 1942, the maximum price of his closest competitive seller for the same grade and size of the 1943 pack of the same product shall be the processor's maximum price.

(5) In the event that a processor cannot establish a maximum price for any grade or size of any such tomato product under the foregoing provisions, he shall apply to the Office of Price Administration, Washington, D. C., for authorization of a maximum price. His application shall contain:

(i) A full description of the item which is the subject of the application, and an itemized statement of his costs therefor.

(ii) A description of the most similar grade and size of the same product, or if he does not pack the same product in another grade and size, his most similar product; an itemized statement of his costs therefor; and his maximum price for such item. Separate maximum prices will be authorized for government procurement agencies and for other sales.

(6) The maximum prices per dozen containers, f. o. b. factory, for sales to government procurement agencies shall be:

(i) 96% of the maximum price for sales other than to government procurement agencies as established under paragraphs (1) through (5) inclusive, plus

(ii) The increased cost of raw tomatoes computed as follows:

(*a*) Determine the amount of the difference between the Commodity Credit Corporation's purchase price and resale price per ton of raw tomatoes for the area where the processor's factory is located.

(*b*) Divide that amount by the number of dozens of containers obtained per ton of raw tomatoes as required to be reported in column (5) of the report filed under Maximum Price Regulation No. 152. The resulting figure is the processor's increased cost of raw tomatoes per dozen containers, which, when added to 96% of the maximum price for sales other than to government procurement agencies, constitutes the maximum price for sales to government procurement agencies.

6. Section 1341.585, Appendix C, is added to read as follows:

§ 1341.585 *Appendix C: Maximum prices for certain miscellaneous canned vegetables.* (a) The miscellaneous canned vegetables listed below include the canned juices of such vegetables. The miscellaneous canned vegetables covered in this section are as follows:

Group I:
- Artichokes
- Bamboo sprouts
- Bean sprouts
- Celery
- Hominy
- Okra
- Onions
- Parsnips
- Peppers
- Pickles
- Pimientos
- Pumpkins
- Rhubarb
- Squash
- Turnips
- Vegetable greens (except spinach, mustard greens and turnip greens)

Group II:
- Beans, Lima (fresh)
- Beets
- Carrots

Group III:
- Mixed vegetables or mixed vegetable juices

(1) *Maximum prices for vegetables and vegetable juices in Group I.* (i) The processor's maximum price per dozen containers, f. o. b. factory, for sales other than to government procurement agencies, shall be the processor's maximum price for the 1942 pack for the same variety, style, grade and container size of the same item, plus 20% of the raw vegetable cost per dozen as required to be reported in column (8) of the report filed under Maximum Price Regulation No. 152.

(ii) The processor's maximum price per dozen containers, f. o. b. factory, for sales to government procurement agencies shall be 96% of the maximum price for sales other than to government procurement agencies as established under paragraph (i).

(2) *Maximum prices for vegetables and vegetable juices in Group II.* (i) The processor's maximum price per dozen containers, f. o. b. factory, for sales other than to government procurement agencies, shall be computed by the processor by adjusting his maximum price per dozen, f. o. b. factory, for the 1942 pack of the same variety, style, grade and container as follows:

(*a*) Deduct the total 1942 raw vegetable cost per dozen containers as required to be reported in Column (8) of the report filed under Maximum Price Regulation No. 152.

(*b*) Add to the figure so obtained the total raw vegetable cost per dozen containers determined by dividing the applicable support price of the War Food Administration for the area where the processor's factory is located by the number of dozens of containers obtained per ton of raw vegetable as required to be reported in column (5) of the report filed under Maximum Price Regulation No. 152.

(ii) The processor's maximum price per dozen containers, f. o. b. factory, for sales to government procurement agencies, shall be 96% of the maximum price for sales other than to government procurement agencies as established under paragraph (i).

(3) *Maximum prices for mixed vegetables and mixed vegetable juices (Group III).* (i) The processor's maximum price per dozen containers, f. o. b. factory, for sales other than to govenment procurement agencies, shall be his maximum price for the same item of the 1942 pack, adjusted for the difference in raw vegetable cost, to be computed as provided herein. The difference in cost shall be separately computed for each vegetable in the combination, as follows:

(*a*) For raw vegetables in Group I, increase the raw vegetable cost for such vegetables required to be used in computing maximum prices for the 1942 pack, by 20%.

(*b*) For raw vegetables in Group II, deduct the raw vegetable cost for such vegetables required to be used in computing maximum prices for the 1942 pack and add the 1943 raw vegetable cost for such vegetables, obtained by dividing the applicable support price of the War Food Administration for the area in which the processor's factory is located by the dozen container yield per ton required to be used in computing the 1942 maximum price.

(*c*) For raw vegetable cost of corn, peas, snap beans or tomatoes used in the item, deduct the raw vegetable cost for such vegetables required to be used in computing the maximum prices for the 1942 pack, and add the 1943 raw vegetable cost for such vegetables, obtained by dividing the resale price of the Commodity Credit Corporation for the area in which the processor's factory is located by the dozen container yield per ton required to be used in computing the 1942 maximum prices.

(ii) The maximum prices per dozen containers, f. o. b. factory, for sales to government procurement agencies shall be 96% of the maximum prices for sales other than to government procurement agencies, except that for any item containing corn, peas, snap beans or tomatoes, the processor shall add the amount of the difference between the Commodity Credit Corporation's purchase price and resale price per ton of such raw vegetable for the area where the processor's factory is located, divided by the dozen container yield per ton required to be used in computing the 1942 maximum prices.

(4) *Maximum prices for vegetables and vegetable juices in Groups I, II and III in certain instances.* (i) Any processor who established a maximum price for any variety, style, grade and container of his 1942 pack of any particular item in Group I, II or III by the adoption of a competitor's maximum price, shall adopt the same competitor's maximum price for the 1943 pack of the same item.

(*a*) Where the same competitor does not pack such item in 1943, the processor shall establish his maximum price for such item by adopting his closest competitive seller's maximum price for the same variety, style, grade and container of the 1943 pack of the same item.

(ii) Where the processor did not pack the same variety, style, grade and container of any particular item in Group I, II or III in 1942, the maximum price of his closest competitive seller for the same variety, style, grade and container of the 1943 pack of the same item shall be the processor's maximum price.

(iii) In the event that a processor cannot establish his maximum price under the foregoing provisions of the regulation, he shall apply to the Office of Price Administration, Washington, D. C., for authorization of a maximum price. His application shall contain:

(*a*) A statement of the reasons for his inability to establish a maximum price for the item which is the subject of the application.

(*b*) A full description of the item which is the subject of the application, and an itemized statement of his costs therefor.

(*c*) A description of the most similar grade and container of the same item, or if he does not pack the same product in another grade and container, his most similar product; an itemized statement of his costs therefor; and his maximum price for such item. Separate maximum prices will be authorized for sales to government procurement agencies and for all other sales.

7. Section 1341.586, Appendix D, is added to read as follows:

§ 1341.586 *Appendix D: Adjustment of maximum prices for approved increases in wage rates.* (a) Processors whose factories are located in the States or portions thereof listed below, shall adjust their maximum prices for sales to government procurement agencies, computed under the foregoing provisions of this regulation, for the following items, by multiplying such maximum prices by the figure indicated for each such State or portion thereof:

California	All	1.02
Oregon and Washington	All	1.03
Colorado, Delaware, Illinois, Indiana, Maryland, Michigan, Minnesota, New York, Ohio, Utah and Wisconsin.	All	1.04

(c) Processors whose factories are located in the States or portions thereof listed below shall adjust their maximum prices established under the foregoing provisions of this regulation for sales of the items designated to government procurement agencies if they have incurred wage rate increases approved by the Office of Economic Stabilization. Such adjustments are to be made only when the wage rate increases become effective after January 1, 1943. The adjustments are to be made for any item listed below, but only when 50% or more of the processor's pack of the particular item was made after the effective date of the wage rate increase. Such adjustments are to be made by multiplying the maximum prices for sales to government procurement agencies by the figure indicated for each such State or portion thereof.

(1) *Tomato juice.*

State:	Multiply maximum price by—
New York	1.04
Delaware and Maryland	1.035
Illinois, Indiana, Michigan, Minnesota, Ohio and Wisconsin	1.045
California, Colorado, Oregon, Utah and Washington	1.02

(2) All tomato products set forth in § 1341.584 (h), except tomato juice.

State:	Multiply maximum price by—
California, Colorado, Oregon, Utah and Washington	1.02
Delaware, Illinois, Indiana, Maryland, Michigan, Minnesota, New York, Ohio, and Wisconsin	1.04

(d) Processors whose factories are located in the States or portions thereof listed below shall adjust their maximum prices established under the foregoing provisions of this regulation for sales of the items designated to government procurement agencies and also their maximum prices for other sales if they have incurred wage rate increases approved by the Office of Economic Stabilization. Such adjustments are to be made only when the wage rate increases become effective after January 1, 1943. The adjustments are to be made for any item listed below, but only when 50% or more of the processor's pack of the particular item was made after the effective date of the wage rate increase. Such adjustments are to be made for sales to government procurement agencies by multiplying the maximum price for such sales by the figure indicated for each state or portion thereof, and such adjustments are to be made for sales other than to government procurement agencies by multiplying the maximum prices for such sales by the same figure.

(1) All miscellaneous vegetables set forth in Groups I, II and III in § 1341.585 (a).

State:	Multiply maximum prices by—
California, Colorado, Delaware, Illinois, Indiana, Maryland, Michigan, Minnesota, New York, Ohio, Oregon, Utah, Washington and Wisconsin	1.045

This amendment shall become effective July 10, 1943.

PART 1341—CANNED AND PRESERVED FOODS

[MPR 409,[1] Amdt. 1]

FROZEN FRUITS, BERRIES AND VEGETABLES (1943 PACK AND AFTER)

A statement of the considerations involved in the issuance of Amendment No. 1 to Maximum Price Regulation No. 409 has been issued and filed with the Division of the Federal Register.*

Maximum Price Regulation No. 409 is amended in the following respects:

1. Section 2 is amended to read as follows:

SEC. 2. *List of maximum prices which packers may charge for frozen fruits, berries and vegetables packed and frozen in barrels.* The maximum prices per pound, carload basis f. o. b. shipping point, which packers may charge for frozen fruits, berries and vegetables packed and frozen in barrels after the 1942 pack shall be:

Variety and sugar basis:	Maximum price per pound
Cherries, red sour and sweet	(to be announced)
Blackberries	do.
Boysenberries	do.
Gooseberries	do.
Loganberries	do.
Raspberries, black	do.
Raspberries, red	do.
Strawberries (Ettersburg variety):	
3+1	17¾¢
3+1 sortouts	15¾¢
4+1	18¼¢
4+1 sortouts	16¼¢
5+1	16¾¢
Straight	19¾¢
Strawberries (Other varieties):

4+1	16¾¢
4+1 sortouts	14¾¢
5+1	17¼¢
Straight	17¾¢
Youngberries	(to be announced)

When a packer sells a listed item on a "no-storage" basis, that is, at a price which includes only the first month's storage, his maximum price shall be reduced by ¼¢ per pound.

Listed barreled products for which maximum prices are "to be announced" continue to be subject to Maximum Price Regulation No. 207.

Barreled products which are not listed shall be priced under Section 3 as if they were not packed in barrels.

2. Section 3 (b) (2) is amended by adding the following new paragraph and table after the second paragraph and table and before the last paragraph, which begins with the words, "Commodities for which no figure is named . . .".

In the case of the following commodities, the packer shall adjust for raw material costs by subtracting the weighted average cost for raw materials used in the 1942 pack of the product which he figured under § 1351.202 (b) (2) of Maximum Price Regulation No. 207 from the weighted average cost for raw materials used in the 1943 pack of the product, based on not less than the first 75 per cent of his 1943 purchases, and adding the difference so obtained (after conversion to cents per unit of the finished product) to his maximum price for the item under Maximum Price Regulation No. 207. However, the packer may not add an amount greater than the figure listed below (after the listed figure has been converted to a finished product basis).

*Copies may be obtained from the Office of Price Administration.

PART 1429—POULTRY AND EGGS

[Rev. MPR 269,[1] Amdt. 11]

POULTRY

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation 269 is amended in the following respects:

1. Section 1429.14 (e) is added to read as follows:

(e) *Regional adjustment of maximum base prices and permitted increases.* (i) The following powers are delegated to each Regional Administrator of the Office of Price Administration with respect to the purchase, sale, or delivery of any poultry item at all places or any number of places within his Region, subject to the limitations listed immediately below in subparagraph (2) of this paragraph.

(i) Each Regional Administrator is authorized to adjust the maximum base prices for dressed, kosher-killed, kosher-dressed and plucked, drawn, and quick-frozen eviscerated poultry items as established in this section.

NOTE: No adjustment may be made to the maximum base prices for live poultry items as established in this section, except as provided for in paragraph (d) immediately above.

(ii) Each Regional Administrator is authorized to adjust the permitted increases established in § 1429.21 of this regulation.

(iii) Each Regional Administrator is authorized to modify or change any of the definitions listed in § 1429.21 (b) of this regulation, where it appears that such modified or changed definitions will aid in the enforcement of this regulation and in the proper distribution of poultry items in his region.

(2) The powers delegated to each Regional Administrator of the Office of Price Administration in subparagraph (1) immediately above, are subject to the following limitations:

(i) No Regional Administrator may take any action which will increase the maximum prices at which any poultry item may be sold at retail, or to ultimate consumers, including commercial, industrial, institutional, or governmental users.

(ii) No Regional Administrator may take any action which will decrease the margin of profit for retail sales of poultry items by more than one cent per pound.

(iii) No Regional Administrator may take any action which will create or tend to create a poultry shortage or need for increase in poultry prices in another locality, and which will nullify or defeat the purposes of the Emergency Price Control Act of 1942, as amended.

(iv) No adjustment may be made to any maximum base price or to any permitted increase, and no modification or change may be made to any definition, unless such adjustment, modification, or change has first been submitted in writing to the Price Executive of the Poultry, Eggs, and Dairy Products Branch of the Food Price Division of the Office of Price Administration, and to the Division Counsel For Food of the Office of Price Administration, and has been approved in writing by such Price Executive and by such Division Counsel.

2. Section 1429.19 (g) (1) is amended to read as follows:

(1) The maximum base prices for each poultry item purchased, sold, or delivered in the cities of San Diego, California, Phoenix, Arizona, Tucson, Arizona, and Reno, Nevada, shall be the same as those listed below in Table A of this section for Los Angeles.

3. Section 1429.19 (g) (2) is amended to read as follows:

(2) The maximum base prices for each poultry item purchased, sold, or delivered at all places in the State of Oregon west of the eastern boundaries of the counties of Multnomah, Clackamas, Marion, Linn, Lane, Douglas, and Jackson, shall be the same as those listed below in Table A of this section for Portland.

4. Section 1429.20 (d) (1) is hereby revoked.

This amendment shall become effective July 10, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

PART 1439—UNPROCESSED AGRICULTURAL COMMODITIES

[Rev. MPR 346,[1] Amdt. 3]

CORN

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 25 is amended to read as follows:

SEC. 25. *Purchases and sales by agencies of the Federal Government.* (a) Notwithstanding any other provision of this regulation, any agency of the Federal Government may buy any corn paying therefor not more than the foregoing maximum prices subject to agreement with the seller to adjust said price by paying him in addition thereto not exceeding the difference between the amount so paid and any higher maximum price therefor which may be in effect at any time between the effective date of this regulation and October 31, 1943.

(b) Notwithstanding any other provision of this regulation, any agency of the Federal Government may sell any corn at a maximum price no higher than 10 percent above the lowest price at which such agency is now or hereafter permitted by law to sell the same.

(c) This section shall have no application to any resale of any corn purchased from any such agency of the Federal Government.

This amendment shall become effective July 5, 1943.

PART 1429—POULTRY AND EGGS

[MPR 333,[1] Amdt. 10]

EGGS AND EGG PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 333 is amended in the following respects:

1. Section 1429.52 (a) exempting from price control "assorted eggs" candled and regraded by retailers is hereby revoked.

2. Section 1429.55 (c) is amended to read as follows:

(c) *Evasion by selling f. o. b. seller's shipping point.* Except as provided in §§ 1429.67 (1), 1429.67a (d), 1429.69 (b) (3), 1429.69 (c) (2), 1429.69 (f) (2), 1429.69 (j), 1429.71 (b), and 1429.74 (c) hereof, the maximum prices established by this regulation are maximum prices per dozen eggs or per pound of egg products delivered to the buyer as herein provided and the provisions of this regulation shall not be evaded by selling such eggs or egg products at a price f. o. b. the seller's shipping point.

3. Section 1429.65 (q) is amended to read as follows:

(c) "Retailer" means a person, firm, or corporation which sells egg items generally to ultimate consumers other than a commercial, industrial, institutional, or governmental user, and includes both "large retailers" and "independent retailers" as herein defined.

4. Section 1429.65 (q) (1) is added to read as follows:

(1) "Large retailer" means a retailer who maintains a group of four or more individual stores or individual retail outlets under one ownership.

5. Section 1429.65 (q) (2) is added to read as follows:

(2) "Independent retailer" means a retailer who does not maintain as many as four individual stores or individual retail outlets under one ownership.

6. Section 1429.65 (s) (1) is amended to read as follows:

(1) The grades, sizes, weight classes, and standards promulgated by the United States Department of Agriculture in the publication entitled "Tentative U. S. Standards and Weight Classes for Consumer Grades for Shell Eggs" or from the effective date of this amendment to August 28, 1943, inclusive, the standards, grades, and prescribed average and minimum weights promulgated by the Department of Agriculture in the publication entitled "Tentative U. S. Standards and Weights for Wholesale Grades for Shell Eggs" shall be the grades, sizes, weight classes, and prescribed average and minimum weights and standards for all shell eggs sold to any purchaser other than the United States or any agency thereof or an ultimate consumer and for which maximum prices are established by their regulation. The sizes and weight classes promulgated in the publication entitled "Tentative U. S. Standards and Weight Classes for Consumer Grades for Shell Eggs" are as follows:

Size of weight class	Minimum net weight per dozen (ounces)	Minimum net weight per 30 dozen (pounds)	Minimum weight for individual eggs at rate per dozen (ounces)

[1] 8 F.R. 2468, 3002, 3070, 3735.

The grades and standards promulgated by the United States Department of Agriculture in the publication entitled "Tentative U. S. Procurement Grades" or the grades, sizes, weight classes, and standards promulgated by the Department of Agriculture in the publication entitled "Tentative U. S. Standards and Weight Classes for Consumer Grades for Shell Eggs" or from June 26, 1943, to July 3, 1943, inclusive, the grades, standards and prescribed average and minimum weights promulgated by the Department of Agriculture in the publication entitled "Tentative U. S. Standards and Weights for Wholesale Grades for Shell Eggs" shall be used as the grades, sizes, weight classes, standards, and prescribed average and minimum weights of all shell eggs sold to the United States or any agency thereof. The standards and grades set forth in the publication entitled "Tentative U. S. Procurement Grades" shall not be used as the standards and grades for shell eggs purchased by retailers or by commercial, industrial, institutional, or non-federal governmental users, or other civilian purchasers. Shell eggs of the class of "Light Dirties" shall not be purchased by buyers other than the United States or any agency thereof. The terms "commercial user" and "industrial user" as used in this regulation shall not include the manufacturer of any egg product defined in § 1429.65 purchasing shell eggs which he manufactures into such egg products, but the maximum prices which such manufacturer may pay for such shell eggs are provided in § 1429.67a. Manufacturers of such egg products shall not purchase shell eggs used for this purpose in consumer grades or in procurement grades.

7. Section 1429.65 (a) (3) is amended to read as follows:

(3) "Current receipt eggs" means shell eggs of which at least 40 percent are U. S. Grade B and U. S. Light Dirties or better, and the balance are U. S. Grade C, except for a permitted tolerance per 30 dozen of four dozen U. S. Dirties, two dozen U. S. Checks, and one dozen "Loss". Such eggs shall have a net weight of not less than 43 pounds per 30 dozen for the lot sold.

8. Section 1429.65 (u) is amended to read as follows:

(u) "Retail grades" of shell eggs means all grades other than procurement grades and wholesale grades and "current receipt eggs" for which maximum prices are established herein, including United States Department of Agriculture consumer grades as defined in paragraph (s) (1) of this section and "checks" and "dirties".

9. Section 1429.65 (w) is added to read as follows:

(w) "Jobber", when applied to sales and deliveries of shell eggs, means a dealer who purchases eggs generally in wholesale grades from a first receiver and in less than carlot quantities; who customarily candles and grades such eggs into consumer grades; and who customarily sells such eggs to independent retailers in quantities of less than 50 cases.

10. Section 1429.65 (x) is added to read as follows:

(x) "Retail route seller" means a seller of shell eggs who distributes them to ultimate consumers other than commercial, industrial, institutional, or governmental users from an inventory stocked in trucks or other conveyances operated by driver salesmen over regular routes.

11. Section 1429.65 (y) is added to read as follows:

(y) "First receiver", when applied to sales and deliveries of shell eggs, means a dealer who purchases eggs generally in wholesale grades from a producer or shipper, and who customarily sells such eggs to jobbers and retailers.

12. Section 1429.67 (d) and Table A of such section are amended by eliminating therefrom all references to "assorted eggs".

13. Section 1429.67 (e) and Table B of such section are amended by eliminating therefrom all references to "assorted eggs".

14. The head-note of § 1429.67 (f) and sub-paragraph (1) of this section are amended to read as follows:

(f) *Maximum prices for San Francisco, Portland, Oregon, and Miami, Florida.* (1) Maximum prices in the basing point cities Portland, Oregon and San Francisco are ½ cent less than those in the above Table A.

15. Section 1429.67 (i) is amended to read as follows:

(i) *Marking containers and packages.* The containers and packages of shell eggs sold to any purchaser other than an ultimate consumer shall be plainly marked with the grade, or if ungraded, the words "current receipt eggs" or "light dirty eggs", dirty eggs, and checks, and by size or weight. All invoices used in the sale of shell eggs shall contain like information.

16. Section 1429.67a is added to read as follows:

§ 1429.67a *Maximum prices for wholesale grades of shell eggs and "current receipt eggs" sold to a "first receiver" or to any purchaser other than the United States or any agency thereof, a jobber, a large retailer, an independent retailer, retail route seller, or user, or an ultimate consumer from the effective date of this amendment to August 28, 1943, inclusive. ("First receivers" and prior purchasers.)*—(a) *Maximum prices in basing point cities and Chicago, Illinois.* The maximum prices for shell eggs of wholesale grades and current receipt eggs sold and delivered from the effective date of this amendment to August 28, 1943, inclusive, to a "first receiver" or to any purchaser other than the United States or any agency thereof, a jobber, a large retailer, an independent retailer, retail route seller, a commercial, industrial, institutional, or non-federal governmental user, or an ultimate consumer in a basing point city named in Table I of this section for each week shall be the price per dozen for eggs of the particular wholesale grade, size, prescribed average net weight, and other identification and for current receipt eggs set forth in such Table I of this section and for the week in which delivered. Such maximum prices in Chicago, Illinois, shall be the maximum prices per dozen for eggs of the particular wholesale grade, size, prescribed average net weight, and other identification and for current receipt eggs and for the week of delivery set forth in Table II of this section.

(b) *Maximum prices in "Area 1" except for New York City.* In all places other than New York City within "Area 1" the maximum prices for shell eggs of wholesale grades and for current receipt eggs sold and delivered from the effective date of this amendment to August 28, 1943, inclusive, to a first receiver or to any purchaser other than the United States or any agency thereof, a jobber, a large retailer, an independent retailer, retail route seller, a commercial, industrial, institutional, or non-federal governmental user, or an ultimate consumer for the week in which delivered shall be the maximum price per dozen for eggs of the particular wholesale grade, size, prescribed average net weight, and other identification and for current receipt eggs set forth in Table II of this section for Chicago, Illinois, plus the "transportation factor".

(1) "Transportation factor" when applied to shell eggs of wholesale grades and to current receipt eggs sold to a first receiver or to any purchaser other than the United States or any agency thereof, a jobber, a large retailer, an independent retailer, retail route seller, a commercial, industrial, institutional, or non-federal governmental user, or an ultimate consumer means the actual carlot freight rate per pound to or from a basing point city or as herein provided from Chicago, Illinois, to the place where the eggs are delivered, multiplied by the appropriate "multiplier" for the particular wholesale grade of eggs or for current receipt eggs sold and for the period in which such eggs are delivered. If there is no actual carlot freight rate between such places, then the lowest transportation charge by other means shall be used.

(2) The "multiplier" to be used in calculating the "transportation factor" for each wholesale grade of shell eggs and for current receipt eggs shall be 1.9 for standards and current receipts and 2.5 for specials and extras for all weeks from the effective date of this amendement to August 28, 1943 inclusive.

(c) *Maximum prices for wholesale grades and current receipt eggs in "Area 2", except basing point cities.* In "Area 2", except basing point cities, the maximum prices for shell eggs of wholesale grades and for current receipt eggs sold and delivered from the effective date of this amendment to August 28, 1943, inclusive, to a first receiver or to any purchaser other than the United States or any agency thereof, a jobber, a large retailer, an independent retailer, a retail route seller, a commercial, industrial, institutional, or non-federal governmental user, or an ultimate consumer at any place shall be determined as follows:

(1) From the maximum price in the basing point city reflecting the highest

price for shell eggs of the wholesale grade, size, and prescribed average net weight or for current receipt eggs sold for the week in which they are to be delivered, the "transportation factor" for such wholesale grade of eggs or for current receipt eggs from the point of delivery to the basing point city shall be subtracted. The resulting figure is the maximum price of such eggs delivered at their destination.

(d) *F. o. b. sales within 200 miles.* If the place of business of the seller from or at which he makes the particular sale of shell eggs of the wholesale grades specified in this section or of current receipt eggs is located within 200 miles of the place of business or place of use of the buyer purchasing such eggs, and the purchaser accepts the eggs at such place of business of the seller, or they are sold f. o. b. such seller's shipping point in the city, town, village, or hamlet in which seller's place of business is located, there shall be deducted from the maximum price in such city, town, village, or hamlet in which the seller's place of business is located the sum of 10 cents per case or equivalent quantity of eggs, and the reduced amount shall be the maximum price of such eggs at the place of acceptance or the place of sale f. o. b. seller's shipping point, as the case may be.

(e) *Maximum prices in cents per dozen by weeks for wholesale grades of shell eggs and current receipt eggs for civilian purchasers in the basing point cities of New York, Seattle, Los Angeles, San Diego, Phoenix and Tucson.*

17. A new § 1429.67b is added to read as follows:

§ 1429.67b *Maximum prices for wholesale grades and current receipt eggs sold to jobbers, retail route sellers, and large retailers at their warehouses.* The maximum price in cents per dozen for shell eggs of wholesale grades and current receipt eggs sold and delivered to a jobber, retail route seller, or large retailer at his warehouse, shall be one cent more per dozen than the maximum prices provided in Section 1429.67a of this regulation: *Provided, however,* That when any of such purchasers buy such shell eggs from any seller other than a first receiver they shall not pay more than the maximum price that may be paid by such first receiver as provided in § 1429.67a.

18. A new § 1429.67c is added to read as follows:

§ 1429.67c *Maximum prices for wholesale grades and current receipt eggs sold and delivered to independent retailers and commercial, industrial, institutional, and non-federal governmental users, and large retailers at their individual stores.* The maximum prices in cents per dozen for shell eggs of wholesale grades and current receipt eggs sold and delivered to an independent retailer, a large retailer at his individual store, or to a commercial, industrial, institutional, and non-federal governmental user shall be 2.5 cents more per dozen than the maximum prices provided in § 1429.67a of this regulation.

19. A new § 1429.67d is added to read as follows:

§ 1429.67d *Maximum prices for shell eggs of consumer grades sold and delivered to a first receiver or to any purchaser other than the United States or any agency thereof, a retailer, retail route seller, or commercial, industrial, institutional, or non-federal governmental user or ultimate consumer, or sold and delivered to a large retailer at his warehouse. (Jobbers, first receivers and prior purchasers.)* The maximum prices in cents per dozen for shell eggs of consumer grades sold and delivered to a first receiver or to any purchaser other than the United States or any agency thereof, a retailer, retail route seller, or commercial, industrial, institutional, or non-federal governmental user or an ultimate consumer, or sold and delivered to a "large retailer" at his warehouse, shall be 1½ cents less per dozen than provided in § 1429.67.

20. A new § 1429.67e is added to read as follows:

§ 1429.67e *Maximum prices for shell eggs of consumer grades sold and delivered to retail route sellers.* The maximum prices in cents per dozen for shell eggs of consumer grades sold and delivered to a retail route seller shall be the same as the maximum prices provided in § 1429.67.

21. Section 1429.68 is amended to read as follows:

§ 1429.68 *Maximum prices of shell eggs sold by farmers, wholesale distributors, retail route sellers, and all sellers other than retailers to ultimate consumers.* The maximum prices for shell eggs sold and delivered by farmers, wholesale distributors, retail route sellers, or sellers other than retailers to ultimate consumers except commercial, industrial, institutional, or non-federal governmental users shall be calculated by multiplying by 1.17 the maximum price for the retail grade of eggs to be sold at the time and place of delivery, determined as provided in § 1429.67 immediately above for sales to retailers.

22. Section 1429.69 (d) (1) is amended to read as follows:

(1) Prices in the basing point cities Portland, Oregon, and San Francisco are ½ cent lower than those in the above table.

23. The headnote of § 1429.69 (k) and Table I of such section are amended to read as follows:

(k) *Maximum prices in cents per dozen for wholesale grades of shell eggs for the United States or any agency thereof in the basing point cities of New York, Seattle, Los Angeles, San Diego, Phoenix, and Tucson.*

PART 1439—UNPROCESSED AGRICULTURAL COMMODITIES

[MPR 425]

FRESH FRUITS, BERRIES AND VEGETABLES FOR PROCESSING

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended. A statement of the considerations involved in the issuance of this regulation has been issued and filed with the Division of the Federal Register.*

§ 1439.354 *Maximum prices for sales of fresh fruits, berries and vegetables to processors.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 425 (Fresh Fruits, Berries and Vegetables for Processing), which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1439.354 issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

9. Compliance with the regulation.
10. Geographical applicability.
11. Export sales.
12. Applicability of other maximum price regulations.
13. Petitions for amendment.

Article I—Explanation of the Regulation

SECTION 1. *Purpose of the regulation.* The purpose of this regulation is to establish dollars and cents maximum prices for certain fresh fruits, berries and vegetables in sales to processors. Prices are in effect from July 5, 1943.

The general provisions of the regulation shall apply to the extent that they are not inconsistent with the provisions of the pricing sections applicable to particular commodities.

SEC. 2. *Definitions.* Unless the context indicates otherwise, the definitions set forth in the General Maximum Price Regulation[1] shall be applicable to similar terms used in this regulation. When used in this regulation, the term:

(a) "Processor" means a person who commercially processes the fresh fruit, berry or vegetable being priced. For example, one who cans or freezes the product being priced, or who uses it in making confectionery or bakery products, is a "processor".

(b) "Sales to processors" means sales by any person to a processor.

(c) "Commodity covered by this regulation" means any fresh fruit, berry or vegetable for which a maximum price for sales to processors is established by this regulation.

(d) "Fresh fruit, berry or vegetable of lower than specified grade" means any commodity covered by this regulation which does not conform to at least the minimum quality standard or grade specified for such commodity under the provisions of this regulation.

Article II—Pricing Sections

SEC. 3. *List of maximum prices for fresh fruits sold for processing.* In sales to any processor, the seller's maximum prices for the following listed fresh fruits shall be (prices include delivery to the processing plant):

Variety:	Cents per pound
Cherries, red sour pitted	8½

SEC. 4. *List of maximum prices for fresh berries sold for processing.* In sales to any processor, the seller's maximum prices for the following listed fresh berries shall be (prices include delivery to the processing plant):

Variety:	Cents per pound
Red raspberries	15
Black raspberries	13
Youngberries	13
Boysenberries	12
Loganberries	12
Blackberries	12
Gooseberries	8

Article III—General Provisions

SEC. 6. *Maximum prices for fresh fruits, berries and vegetables of lower than specified grade.* The maximum price for sales of any fresh fruit, berry or vegetable of lower than specified grade shall be the maximum price established for the lowest specified grade of that particular commodity under the applicable provisions of this regulation.

SEC. 7. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization shall be given by order.

SEC. 8. *Records.* A person, other than a producer, who sells or delivers any fresh fruit, berry or vegetable to a processor, or a processor who buys or receives any such commodity, shall keep for examination by the Office of Price Administration, so long as the Emergency Price Control Act of 1942, as amended, shall remain in effect, records showing in each case the date of sale, the quantity and

grade sold, the price charged, and the name and address of the purchaser or seller, as the case may be. Records shall be available for examination by the Office of Price Administration at any reasonable time.

SEC. 9. *Compliance with the regulation*—(a) *No buying or selling above maximum prices.* After this regulation is effective, regardless of any contract, agreement or other obligation, no person shall sell or deliver any fresh fruit, berry or vegetable to any processor, and no processor shall buy or receive the commodity, at prices higher than the maximum prices established for it under this regulation; and no person shall agree, offer, solicit or attempt to do any of these things. However, prices lower than the maximum prices may be charged and paid.

(b) *Evasion.* The maximum prices established under this regulation shall not be evaded by direct or indirect methods, whether by commission, service, transportation or other charge or discount, premium or other privilege; by tying-agreement or other trade understanding; by business practices relating to grading or packing, or in any other way.

(c) *Enforcement.* Any person violating the provisions of this regulation is subject to the criminal penalties, civil enforcement actions and suits for treble damages as provided in the Emergency Price Control Act of 1942, as amended.

SEC. 10. *Geographical applicability.* The provisions of this regulation shall apply only to the forty-eight states of the United States and the District of Columbia, except as may be otherwise provided for a particular commodity.

SEC. 11. *Export sales.* The maximum prices at which a person may export any commodity covered by this regulation shall be determined in accordance with the Second Revised Maximum Export Price Regulation,[2] and amendments.

SEC. 12. *Applicability of other maximum price regulations.* The provisions of this regulation supersede the provisions of other maximum price regulations to the extent that those regulations apply to sales to or purchases by processors of commodities covered by this regulation.

SEC. 13. *Petitions for amendment.* Persons seeking modification of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[3]

Effective date. This regulation shall become effective July 5, 1943.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 5th day of July 1943.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[RO 5C,[1] Amdt. 61]

MILEAGE RATIONING: GASOLINE REGULATIONS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order 5C is amended in the following respects:

1. Section 1394.8004 (d) is amended to read as follows:

(d) Each person to whom a ration book has been or is hereafter issued shall write, stamp or print, clearly and in ink, on the face of the coupons issued to him the following information, except that if no space for notation is provided on the face of the coupons the notation shall be on the reverse side:

(1) In the case of Class A books, the license number and state of registration of the vehicle for which such ration was issued. This information shall be endorsed not later than July 22, 1943, upon each coupon in a ration issued before that date, and shall be endorsed upon each coupon immediately after receipt of any ration issued on or after that date.

(2) In the case of Class B, C, D, T–1 or T–2 books, the license number and state of registration of the vehicle for which such ration was issued, except that in the case of interchangeable coupon books issued for fleet or official vehicles the information shall be the official or fleet designation (or the certificate of war necessity number in the case of commercial vehicles not bearing fleet designations) and the state and city or town in which the principal office of the fleet operator is located. This information shall be endorsed not later than July 22, 1943, upon each coupon in a ration which has been issued before that date, and shall be endorsed upon each coupon immediately after receipt of any ration issued on or after that date.

(3) In the case of E and R book coupons, the name and address of the person to whom the ration was issued, as they appear on the front cover of the ration book. These notations are required only when a transfer is made off the premises of the consumer.

2. Section 1394.8004 (e) is amended to read as follows:

(e) Each person to whom bulk coupons have been issued shall not later than July 22, 1943, write, stamp or print his name and address clearly and in ink on the reverse side of each coupon issued to him unless his name and address have already been written on the coupons at the time of issuance, or unless such coupons have been issued as a special ration for furlough travel pursuant to § 1394.-7854.

3. Section 1394.8206 (b) is amended to read as follows:

(b) Every dealer and intermediate distributor shall write or stamp clearly and in ink, on the face of each inventory coupon issued to him the name and address of his establishment as shown on his certificate of registration, except that if no space for the notation is provided on the face of the coupon the notation shall be made on the reverse side. This information shall be endorsed not later than July 22, 1943, upon each inventory coupon which has been issued before that date, and shall be endorsed upon each inventory coupon issued on or after that date immediately after receipt by the person to whom it was issued.

This amendment shall become effective July 12, 1943.

[RO 3,[1] Amdt. 71]

SUGAR

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Rationing Order No. 3 is amended in the following respects:

1. Section 1407.109a (a) is amended to read as follows:

(a) Each owner of a registering unit which includes or is composed of one or more wholesale establishments, more than one retail establishment, or a single retail establishment whose gross sales of all foods during the month of December 1942, or during any single calendar month since December 1942, were more than $2500.00, shall open at least one account for all the component establishments of such registering unit.

2. Section 1407.109a (b) is added to read as follows:

(b) The owner of any other registering unit composed of only one retail establishment may open an account for such establishment if such establishment had an account on April 27, 1943, or has a ration bank account for any other rationed food. (A bank is not required to open or maintain such accounts, but if it does so, it must open or maintain them for any such retail establishment which applies.)

3. Section 1407.109a (f) is revoked.

This amendment shall become effective July 12, 1943.

Bituminous Coal Division.

[Docket No. A–2024]

DISTRICT BOARD 15

MEMORANDUM OPINION AND ORDER DENYING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 15 requesting increases in the effective minimum prices for certain coals produced in Production Groups Nos. 1, 4, 5, 10 and 11 for rail shipments into certain market areas.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, was duly filed with this Division by the above-named party, requesting (a) certain increases in the effective minimum prices for domestic, commercial and industrial coals in Size Groups 11, 12, and 13 produced at mines in Production Groups Nos. 1, 4, 5, 10, and 11 in District No. 15 for shipment by rail into Market Area 209; (b) certain increases in the effective minimum prices applicable to domestic, commercial and industrial coals in Size Groups 1, 2, 3, 4, 6, 8, 10, 11, and 14, produced at mines in Production Group No. 11 in District No. 15, for shipment by rail into Market Area 56 and (c) that pending final disposition of this request, a temporary order be issued granting such relief.

No reasonable showing of necessity having been made for the granting of temporary relief herein without a hearing;

Now, therefore, *It is ordered*, That the request for temporary relief be, and the same hereby is, denied without prejudice to the renewal of such request for temporary relief, upon further showing or upon the basis of the record to be made at the hearing to be held herein.

It is further ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the Rules of the Division be held on July 30, 1943, at 1:30 o'clock in the afternoon of that day at a hearing room of the Bituminous Coal Division at Room 536, Dwight Building, Kansas City, Missouri.

It is further ordered, That D. C. McCurtain, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before July 24, 1943.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to an original petition filed by District Board No. 15 requesting that the minimum prices as set forth in the schedule of effective minimum prices for District No. 15 for all shipments except truck be increased by the amounts indicated below in order to reflect changes in certain freight rates:

(a) For coals in Size Groups 11, 12, and 13 produced at mines in Production Groups Nos. 1, 4, 5, 10, and 11 in District No. 15 for domestic, commercial and industrial uses when shipped by rail for consumption in Market Area 209 (Atchison-Lansing-Leavenworth):

WORDEN COAL CO.

MEMORANDUM OPINION AND ORDER OF THE DIRECTOR

In the matter of the petition of Worden Coal Company (P. H. Scanlon) for the establishment of price classifications and minimum prices for coals of the Worden Coal Company in District No. 10.

On May 20, 1943, after notice and hearing, Edward J. Hayes, a duly designated Examiner of the Bituminous Coal Division, filed a Report in which he found that the minimum f. o. b. mine prices for truck shipment for the coals in Size Groups 1 to 6, inclusive, produced at the Worden C. C. Mine (Mine Index No. 1314), should be uniformly increased 15 cents per net ton, and recommended that an order be entered amending the Schedule of Effective Minimum Prices for District No. 10 for Truck Shipments in conformity therewith.

An opportunity to file exceptions to the Report of the Examiner was afforded all interested parties. As of the date hereof no such exceptions have been filed.

I have considered the entire record in this proceeding, including the Report of the Examiner, and I find that the Examiner's proposed findings and conclusions are adequate and accurate and that his recommendations should be followed. Accordingly, I have concluded to approve and adopt the proposed findings of fact and conclusions of law of the Examiner as the findings of fact and conclusions of law of the Director.

Upon the basis of the entire record in this proceeding and pursuant to section 4 II (d) and other provisions of the Bituminous Coal Act of 1937,

It is hereby ordered, That the proposed findings of fact and the proposed conclusions of law of the Examiner are approved and adopted as the findings of fact and the conclusions of law of the Director;

It is further ordered, That the Schedule of Effective Minimum Prices for District No. 10 for Truck Shipments is amended by revising the minimum f. o. b. mine prices for truck shipment for the coals in Size Groups 1 to 6, inclusive, produced at the Worden C. C. Mine (Mine Index No. 1314) of Worden Coal Company (Patrick H. Scanlan)[1] in Section No. 8 of District 10 as follows:

Size group	1	2	3	4	5	6
Price	240	235	230	220	215	[1]210

[1] These prices include the general increase in prices directed by General Docket No. 21, order issued August 28, 1942.

[1] Petitioner is so described in the Schedule of Effective Minimum Prices for District No. 10 for Truck Shipments.

Dated: July 1, 1943.

[Docket No. A–1923]

RALPH TALARICO

NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of Ralph Talarico for revision of the effective price classifications and minimum prices for the coals of the Grasso Mine.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party:

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the Rules of the Division be held on August 9, 1943, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, at the Grand Jury Rm., Post Office Bldg., Denver, Colorado.

It is further ordered, That Charles O. Fowler, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in this matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before August 4, 1943.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of Ralph Talarico requesting (1) that his Grasso Mine, Mine Index No. 456, presently classified in Subdistrict 16 in District No. 17, be reclassified and placed in Subdistrict 15 and (2) the following revisions in the effective price classifications and minimum prices in cents per ton for the coals produced from his Grasso Mine, Mine Index No. 456:

OFFICE OF PRICE ADMINISTRATION.

[Order A-2 Under MPR 188]

ADJUSTMENT PROVISIONS FOR CERTAIN PRODUCERS OF LIME

Order No. A-2 under § 1499.159 (b) of Maximum Price Regulation No. 188—Manufacturers' Maximum Prices for Specified Building Materials and Consumers' Goods Other Than Apparel.

An opinion accompanying Order No. A-2 under § 1499.159 (b) of Maximum Price Regulation No. 188 has been issued

simultaneously herewith, and filed with the Division of the Federal Register.

(a) *Adjustment provisions for particular commodities under Maximum Price Regulation 188.* The office of Price Administration, or any duly authorized representative thereof, may adjust any maximum price for a particular commodity established under Maximum Price Regulation 188 as hereinafter provided. Applications for adjustment shall be filed in accordance with Revised Procedural Regulation No. 1.

(1) *Lime.* The following adjustment provisions, subdivisions (i) and (ii), permit the granting of relief to producers of lime (including chemical, metallurgical, industrial and building, but not agricultural lime) who are unable to maintain or expand their production under their existing maximum prices whenever, under (i), there is a general shortage in the essential supply of the commodity, or, under (ii), the loss of the seller's production would result in higher prices to consumers. The extent of relief to be granted under each provision is set forth therein.

(i) Whenever it appears that a shortage exists or threatens to exist in the essential supply of lime, and that a producer of such commodity is unable to maintain or expend his production at his maximum price or prices, the Office of Price Administration may, either on application for adjustment in accordance with the provisions of Revised Procedural Regulation No. 1 or on its own motion, by order, adjust his maximum price or prices by an amount necessary to permit the maintenance or expansion of such production upon a basis which will cover total costs.

In determining the amount of adjustment which may be granted, consideration will be given to such factors as:

(*a*) Revenue from sales of such commodity and from all other sources, and

(*b*) Production; mining, quarrying, development, milling, processing, and transportation costs; administrative and sales expenses; depreciation and depletion charges; taxes (excluding Federal and State income taxes); and capital investment.

(ii) Whenever it appears that the loss of a seller's production of lime would force his customers to resort to higher priced sources of supply and that the seller is unable to maintain his production at his maximum price or prices, the Office of Price Administration may, either on application for adjustment in accordance with the provisions of Revised Procedural Regulation No. 1 or on its own motion, by order, adjust his maximum price or prices by an amount adequate to cover his operating costs; *Provided, however,* That in no instance will the seller's maximum price be increased to a price in excess of the general level of prices prevailing for alternative sources of the supply of the commodity. The term "operating costs" shall include the cost of labor, maintenance, supplies, power, taxes other than State and Federal income taxes, insurance, workmen's compensation, royalties, and other direct expenses, depreciation and depletion (wherever practicable as determined by the Bureau of Internal Revenue in the computation of the Federal income tax) and reasonable costs of selling and administration.

(iii) Before filing an application for adjustment under the provisions of subdivisions (i) and (ii), it is suggested that each applicant obtain from the Office of Price Administration, Washington, D. C., a statement of the specific information that will be necessary in order that his application may receive prompt action.

This order No. A–2 shall become effective on the 6th day of July 1943.

(Pub. Laws 421 and 729, 77th Cong., E.O. 9250, 7 F.R. 7871)

Issued this 5th day of July 1943.

Administrator.

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 18—WAR SERVICE REGULATIONS

RESTORATION OF PERSONS HAVING REEMPLOYMENT RIGHTS

§ 18.13 *Restoration of persons having reemployment rights—*(a) *Persons discharged from the military or naval service.* Any civilian employee of the executive branch of the Government who has left or leaves his position (other than a temporary position) in order to perform active military or naval service for the United States, and (1) is honorably discharged from active military or naval service, and (2) is still qualified to perform the duties of his position, and (3) makes application for reemployment in such position within forty days after his discharge from active military or naval service, shall be entitled to the following reemployment benefits:

(1) He shall be reemployed in any position to which, according to the records of the agency, or in its judgment, he would have been promoted if he had not been absent to perform military or naval service;

(2) If such position does not exist, he shall be restored to the position which he held at the time of his entry into the military or naval service;

(3) If neither of the positions referred to in subparagraphs (1) or (2) exists, he shall be restored to a position comparable as to seniority, status, and pay with the position which he held at the time of his entry into the military or naval service.

This paragraph shall apply to employees who were originally appointed for the duration of the war, or for the duration of the war and six months thereafter: *Provided, however,* That such employees shall not be required to be retained in employment beyond the limitation placed upon their original appointments: *Provided further,* That whenever a permanent employee and any other employee have reemployment rights in the same position, the permanent employee shall be entitled to such position, and the other employee shall be entitled to a position of like status and pay.

Any person restored pursuant to this paragraph shall be restored without loss of seniority rights or other rights dependent upon length of service.

(b) *Time limit.* Any person who is entitled to reemployment in the Government service under paragraph (a) of this section, or under any provision of § 18.9 of this chapter, shall be reemployed as provided in these regulations within thirty days of his application for reemployment.

	Tampa, Fla.
	Washington, D. C.
Miami, Fla.	West Palm Beach, Fla.

§ 351.3 *Procedure on arrival.* All parcel post or other mail packages from foreign countries which, either from examination or external evidence, are found to contain plants or plant products shall be dispatched for submission, or actually submitted, to the plant-quarantine inspector (article 583 (e), Customs Regulations of 1937) at the most accessible place. The inspector shall pass upon the contents under the plant quarantine act and with the cooperation of the customs and postal officers either (1) release the package from further plant-quarantine examination and indorse his decision thereon; or (2) divert it to Washington, D. C., Hoboken, N. J., San Francisco, Calif., or Seattle, Wash., for disposition. If so diverted, the plant-quarantine inspector shall attach to the package the yellow-and-green special mailing tag addressed to the proper quarantine station. If the package is diverted, it shall be accompanied by customs card Form 3511 and transmitted in accordance with the appropriate provisions of article 372 (a) (JR 12a) of the Customs Regulations of 1937 (19 CFR 7.9 (a)) Envelopes containing customs card Form 3511 addresed to the collector of customs, New York, N. Y., shall contain a notation that the material is to be referred to the Bureau of Entomology and Plant Quarantine, Hoboken, N. J.

§ 351.4 *Records.* The customs officers at Washington, D. C., San Francisco, Calif., Seattle, Wash., and New York, N. Y., shall keep a record of such packages as may be delivered to representatives of the Department of Agriculture, and upon the return thereof shall prepare a mail entry to accompany the dutiable package and deliver it to the postmaster for delivery or onward dispatch or in appropriate cases subject the shipment to formal customs entry procedure.

§ 351.5 *Return or destruction.* Where the plant-quarantine inspector requires the entire shipment to be returned to the country of origin as a prohibited importation (in which event he shall indorse his action thereon) and delivers the shipment to the collector of customs, the collector shall in turn deliver it to the postmaster for dispatch to the country of origin. If, upon examination, the plant material is deemed dangerous to plant life, the collector of customs shall permit the plant-quarantine inspector to destroy immediately both the container and its contents. In either case the plant-quarantine inspector shall notify the addressee of the action taken and the reason therefor. If the objectionable plant material forms only a portion of the contents of the mail package and in the judgment of the inspector the package can safely be delivered to the addressee, after removing and destroying the objectionable material, such procedure is authorized. In the latter case the inspector shall place in the package a memorandum (B. E. P. Q. Form 387) informing the addressee of the action taken by the inspector and describing the matter which has been seized and destroyed and the reasons therefor. (See article 583 (d), Customs Regulations of 1937.) Mail packages received at San Juan, P. R., and Honolulu, T. H., shall be accorded treatment as herein prescribed at those two ports and not diverted to Washington, D. C., Hoboken, N. J., San Francisco, Calif., or Seattle, Wash.

§ 351.6 *Packages in closed mail dispatches.* The foregoing instructions shall be followed in the treatment of packages containing plants or plant products received in closed mail dispatches made up for transmission directly to a post office located at a customs port at which no plant-quarantine inspector is stationed. Such packages (accompanied by customs card Form 3511) shall be forwarded by the collector of customs through the postmaster to the most accessible post office listed in § 351.2 of these regulations for apropriate treatment in the manner hereinbefore provided for. This procedure shall also be followed in respect of such packages which are forwarded to unlisted post offices from the post office of original receipt without having received plant-quarantine examination. Packages discovered at post offices where no customs officer is located shall be forwarded by the postmaster under his official penalty envelope addressed to the collector of customs at the most accessible post office listed for appropriate treatment as prescribed herein.

The provisions of T.D. 48181 (7 CFR 351.1 to 351.6, inclusive) are superseded by the foregoing §§ 351.1 to 351.6, inclusive.

It has been ascertained that the H. L. Bowman Cattle Company stockyards, Maquoketa, Iowa, posted on August 16, 1940, as coming within the jurisdiction of the Packers and Stockyards Act, 1921, as amended, is now owned and operated by H. L. Bowman, Jr., and Robert B. Dorsey, partners, doing business as the Bowman Cattle Co., and that the name of the yard is now the Bowman Cattle Co. Therefore, notice of such facts is given to its owners and to the public, and the name of the stockyard changed to the Bowman Cattle Co. on the list of posted stockyards in 9 CFR 204.1.

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter I—Monetary Offices

[General License 86]

PART 131—GENERAL LICENSES UNDER EXECUTIVE ORDER NO. 8389, APRIL 10, 1940, AS AMENDED, AND REGULATIONS ISSUED PURSUANT THERETO.

BLOCKED LIFE INSURANCE POLICIES

JULY 7, 1943.

General License No. 86 under Executive Order No. 8389, as amended, Executive Order No. 9193, and section 5 (b) of the Trading with the Enemy Act, as amended by the First War Powers Act, 1941, relating to foreign funds control.

§ 131.86 *General License No. 86.* (a) A general license is hereby granted authorizing the following transactions:

(1) The payment of premiums and interest on policy loans with respect to any blocked life insurance policy;

(2) The issuance, servicing or transfer of any blocked life insurance policy in which the only blocked interest is that of one or more of the following:

(i) A member of the armed forces of the United States or a person accompanying such forces (including personnel of the American Red Cross, United Service Organizations and similar organizations);

(ii) An officer or employee of the United States; or

(iii) A citizen of the United States resident in a blocked country not within enemy territory; and

(3) The issuance, servicing or transfer of any blocked life insurance policy in which the only blocked interest (other than that of a person specified in (a) (2) above) is that of a beneficiary:

Provided, however, That this paragraph does not authorize (i) any payment to the insurer from any blocked account in which an enemy national (other than a person specified in (a) (2) above) has an interest, or from any other blocked account except a blocked account of the insured or beneficiary, or (ii) any payment by the insurer to a national of a blocked country unless payment is made by deposit in a blocked account in a domestic bank in the name of the national who is the ultimate beneficiary thereof.

(b) Notwithstanding the provisions of General Ruling No. 11, the transactions authorized by paragraph (a) (2) above may be effected even though they involve a communication from a person specified in paragraph (a) (2) (i) or (a) (2) (ii) above while such person is within enemy territory.

(c) This general license further authorizes the application, in accordance with the provisions of the policy or the established practice of the insurer, of the dividends, cash surrender value, or loan value, of any blocked life insurance policy for the purpose of:

(1) Paying premiums;

(2) Paying policy loans and interest thereon;

(3) Establishing paid-up insurance; or

(4) Accumulating such dividends or values to the credit of the policy on the books of the insurer.

(d) As used in this general license:

(1) The term "blocked life insurance policy" shall mean any life insurance policy or annuity contract, or contract supplementary thereto, in which there is a blocked interest.

(2) Any interest of a national of a blocked country shall be deemed to be a "blocked interest".

(3) The term "servicing" shall mean the following transactions with respect to any blocked life insurance policy:

(i) The payment of premiums, the payment of loan interest, and the repayment of policy loans;

(ii) The effecting by a life insurance company or other insurer of loans to an insured;

(iii) The effecting on behalf of an insured of surrenders, conversions, modifications, and reinstatements; and

(iv) The exercise or election by an insured of nonforfeiture options, optional modes of settlement, optional disposition of dividends, and other policy options and privileges not involving payment by the insurer.

(4) The term "transfer" shall mean the change of beneficiary, or the assignment or pledge of the interest of an insured in any blocked life insurance policy subsequent to the issuance thereof.

(e) This general license shall not be deemed to authorize any transaction with respect to any blocked life insurance policy issued by a life insurance company or other insurer which is a national of a blocked country or which is not doing business or effecting insurance in the United States.

[General Ruling 5A]

APPENDIX A—GENERAL RULINGS UNDER EXECUTIVE ORDER NO. 8389, APRIL 10, 1940, AS AMENDED, AND REGULATIONS ISSUED PURSUANT THERETO

REGULATIONS RELATING TO CERTAIN IMPORTATIONS AND EXPORTATIONS OF CHECKS, DRAFTS, AND OTHER FINANCIAL INSTRUMENTS

JULY 7, 1943.

General ruling No. 5A under Executive Order No. 8389, as amended, Executive Order No. 9193, sections 3 (a) and 5 (b) of the Trading With the Enemy Act, as amended by the first war powers act, 1941, relating to foreign funds control.

1. *Prohibition with respect to importation and exportation of and dealings in checks, drafts, etc.* The following transactions are prohibited after the effective date of this general ruling unless authorized by a license or other authorization of the Secretary of the Treasury expressly referring to this general ruling:

(a) The sending, mailing, exporting, or otherwise taking of any check, draft, bill of exchange, promissory note, security, or currency from the United States, directly or indirectly, to any blocked country (with the exception of China and members of the generally licensed trade area);

(b) The sending, mailing, importing, or otherwise bringing into the United States from any foreign country of any check, draft, bill of exchange, or promissory note which has been within, or which there is reasonable cause to believe has been

within, any blocked country (with the exception of China and members of the generally licensed trade area);

(c) The presentation, endorsement, acceptance, collection, payment, transfer, or protest of, or any other dealing in or with respect to, any instrument to which the prohibitions of paragraph 1 (b) hereof apply and which is sent, mailed, imported, or otherwise brought into the United States on or after August 25, 1943.

2. *Delivery of imported checks, drafts, etc., to Federal Reserve Bank of New York.* Any person who, after the effective date of this general ruling, receives any check, draft, bill of exchange, or promissory note which has been within, or which there is reasonable cause to believe has been within, any blocked country (with the exception of China and members of the generally licensed trade area) shall within five days after receipt thereof forward such instrument to the Federal Reserve Bank of New York, accompanied by a statement in triplicate setting forth:

(a) His name and address;

(b) A complete description of the instrument;

(c) The name and address of the person from whom he received the instrument; and

(d) The names of any blocked countries in which the instrument has been, or in which there is reasonable cause to believe it has been.

The Federal Reserve Bank of New York will act only as fiscal agent of the United States hereunder and shall receive and hold all such instruments as such fiscal agent, subject to the further order of the Secretary of the Treasury. Applications for the release of any such instruments may be filed in the manner prescribed in § 130.3 of the regulations, except that the place for filing applications shall be the Federal Reserve Bank of New York.

3. *Reports on arrival and departure re checks, drafts, etc.* (a) Any individual entering the United States after the effective date of this general ruling from any foreign country shall report and surrender to the collector of customs or his representative at the port of entry, before the examination of his baggage or effects has begun (or, if his baggage is not subject to examination, before customs clearance), every check, draft, bill of exchange, and promissory note carried on his person or in his baggage or effects which has been within, or which there is reasonable cause to believe has been within, any blocked country (with the exception of China and members of the generally licensed trade area). Such report shall be made in duplicate on Form FFC–160,[1] which may be obtained from the collector of customs or his representative at the port of entry.

(b) Any individual departing from the United States after the effective date of this general ruling shall report to the collector of customs or his representative at the port of exit, before customs examination has begun (or, if he is not subject to customs examination, before customs clearance), (i) all currency and (ii) every check, draft, bill of exchange, promissory note, and security carried on his person or in his baggage or effects which is destined for, or which there is reasonable cause to believe is destined for, directly or indirectly, any blocked country (with the exception of China and members of the generally licensed trade area). Such report shall be made in duplicate on Form FFC–161,[1] which may be obtained from the collector of customs or his representative at the port of exit.

4. *Exceptions.* The foregoing provisions shall not be deemed to apply to the following instruments, unless such instruments have been within, or there is reasonable cause to believe that they have been within, enemy territory, or unless such instruments are destined for, or there is reasonable cause to believe that they are destined for, enemy territory, directly or indirectly:

(a) Non-negotiable bank payment orders;

(b) (i) Incoming travelers checks;

(ii) Outgoing travelers checks which are carried by persons departing from the United States for blocked countries and which are issued in the name of the person carrying them;

(c) Outgoing checks drawn on the Treasurer of the United States which are carried by persons in the service of the United States Government and which are issued in the name of the person carrying them;

(d) Outgoing currency valued at $50 or less which is carried for traveling expenses by persons departing from the United States for blocked countries;

(e) Incoming drafts or bills of exchange drawn under letters of credit;

(f) Incoming drafts or bills of exchange drawn on importers in the Western Hemisphere in connection with the importation of goods, wares, or merchandise into the Western Hemisphere;

(g) Incoming checks, drafts, bills of exchange, or warrants drawn on the Secretary of State of the United States, the Secretary of Navy of the United States, or the Treasurer of the United States.

5. *Transactions not authorized.* This general ruling shall not be deemed to authorize any transaction prohibited by the Order or by any regulation, ruling, or instruction issued by the Secretary of the Treasury pursuant to sections 3 (a) or 5 (b) of the Trading with the Enemy Act, as amended.

6. *Definitions.* (a) The term "member" of the generally licensed trade area as used herein shall have the meaning prescribed in General License No. 53, as amended.

(b) The term "enemy territory" as used herein shall have the meaning prescribed in General Ruling No. 11, as amended.

7. *Effective date.* The provisions hereof shall take effect August 25, 1943, with the exception of paragraphs 1 (a) and 3 (b) which shall be effective on the date of issuance of this general ruling.

(Sec. 5 (b), 40 Stat. 415 and 966; Sec. 2, 48 Stat. 1; 54 Stat. 179; Public No. 354, 77th Cong., 55 Stat. 838; E.O. 8389, April 10, 1940, as amended by E.O. 8785, June 14, 1941; E.O. 8832, July 26, 1941; E.O. 8963, December 9, 1941, and E.O. 8998, December 26, 1941; E.O. 9193, July 6, 1942; Regulations, April 10, 1940, as amended June 14, 1941, and July 26, 1941)

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Executive Vice Chairman

AUTHORITY: Regulations in this subchapter issued under P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Regulation 7, as Amended July 6, 1943]

§ 944.27 *Priorities Regulation No. 7: Signature of endorsements or certifications.* (a) Whenever an order or regulation states that a purchase order or delivery order (or a document referring to it) must carry an endorsement or

certification, the endorsement or certification must be signed by the party placing the order or by a responsible individual who is duly authorized to sign for that party. The signature must be either by hand or in the form of a rubber stamp or other facsimile reproduction of a handwritten signature.

(b) If a facsimile signature is used, the following requirements must be observed: The individual whose facsimile signature is used, or another responsible individual who has been duly authorized by him to act for him, must give his approval each time the facsimile signature is put on an endorsement or certification. This approval must be shown each time by a written record signed or initialed by the individual who approves the use of the facsimile. A single record may refer to several purchase or delivery orders as to which the use of the facsimile signature has been approved at the same time, but each order must be separately shown on the record. The record need not be sent out with the order but must be kept on file with it for at least two years for inspection by representatives of the War Production Board.

(c) The party who places the order, the individual whose signature is used, and the individual who approves the use of the signature will each be considered to be making a representation to the War Production Board that the statements contained in the endorsement or certification are true to the best of his knowledge and belief, subject to criminal penalties for misrepresentation.

(d) The provisions of this regulation supersede any inconsistent provisions in any regulation or order issued before July 6, 1943, regarding the way in which endorsements or signatures are to be signed.

Issued this 6th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 965—IRON AND STEEL SCRAP

[Supplementary Order M-24-c, as Amended July 6, 1943]

ALLOY SCRAP SEGREGATION

Section 965.4 *Supplementary Order M-24-c* is hereby amended to read as follows, effective August 1, 1943:

§ 965.4 *Supplementary Order M-24-c*—(a) *Definition.* For the purpose of this order, "alloy scrap" means scrap consisting of any of the alloy irons or alloy steels listed in Schedule A hereto.

(b) *Segregation of alloy scrap.* Each person who produces in any calendar month a total of 5 tons or more of alloy scrap of the types described in Groups 1–9 inclusive and Groups 21–25 inclusive of Schedule A, or a total of 1 ton or more of alloy scrap of the types described in Groups 10–20 inclusive and Group 26 of Schedule A, shall segregate such scrap into the groups shown in Schedule A.

(c) *Mingling of segregated scrap prohibited.* No person shall (except in melting alloy iron or alloy steel) mingle alloy scrap segregated in accordance with paragraph (b) with scrap which is unclassified or in a different group, nor ship or deliver such alloy scrap without clearly identifying the group to which it belongs.

(d) *Use of alloy scrap in carbon steel prohibited.* No person shall melt alloy scrap in any of the groups described in Schedule A except in the production of alloy iron or alloy steel.

Issued this 6th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 1189—ROTENONE

[Conservation Order M-133, as Amended July 6, 1943]

Section 1189.1 *Conservation Order M-133* is hereby amended to read:

§ 1189.1 *Conservation Order M-133*—(a) *Definitions.* (1) "Rotenone" means the active insecticidal ingredients of the roots of derris, cube, barbasco, tuba or timbo. The term includes:

(i) "Crude rotenone" in the form of root or of root which has been dried, broken, shredded, cut or chipped;

(ii) "Processed rotenone" in the form of finely ground or powdered crude rotenone; also in the form of liquid or solid extracts (or resins) obtained from crude rotenone.

(2) "Rotenone insecticide" means any compound containing rotenone combined with other liquid or dry materials, whether active or inert; provided that such compound is suitable for use as an insecticide.

(3) "Importer" means any person engaged in the importation of rotenone.

(4) "Processor" means any person engaged in producing or selling processed rotenone in any of the forms described in paragraph (a) (1) (ii) hereof.

(b) *Restrictions on manufacture and processing.* (1) No person shall manufacture or process any rotenone insecticide in the form of dust or powder with a content of more than half of one per cent of rotenone, except as otherwise specifically authorized or directed by the War Production Board. This paragraph (b) (1) shall not, however, be understood to prevent the manufacture or preparation of dust having rotenone content of half of one per cent in accordance with standard commercial practice: *Provided,* That the actual variation from the permitted rotenone content shall not exceed ten per cent; nor shall this paragraph (b) (1) be understood to prevent the use in the manufacture of any rotenone insecticide of other active ingredients, activators or wetting agents.

(2) No person shall manufacture or process any rotenone insecticide incorporating pyrethrum.

(3) War Production Board may from time to time issue to processors of rotenone or to manufacturers of rotenone insecticides written directions as to the kinds and grades of processed rotenone or of rotenone insecticides to be produced, or as to the size of packages in which rotenone or rotenone insecticides may be packed.

(c) *Restrictions on deliveries and use.* (1) No importer or processor shall deliver or use rotenone and no person shall accept delivery of rotenone from an importer or processor except as specifically authorized or directed in writing by War Production Board.

(2) Authorizations or directions with respect to deliveries to be made or accepted in each month (and with respect to the use by importers and processors) will so far as practicable be issued by War Production Board prior to the commencement of each such month, but War Production Board may at any time, in its discretion and notwithstanding the provisions of paragraph (d) hereof, issue directions with respect to deliveries to be made or accepted or with respect to the use which may or may not be made of rotenone to be received by, or already in the inventory of, any person.

(3) Each person specificaly authorized to accept delivery of rotenone shall use such material for the purpose authorized and only for such purpose, except as specifically authorized or directed in writing by War Production Board. Rotenone allocated for inventory shall not be used except as specifically authorized or directed in writing by War Production Board.

(4) Rotenone allocated to fill a specified order or class of orders shall, where and to the extent that such order or class of orders is for any reason not filled, revert to inventory as though originally allocated therefor.

(d) *Exceptions to requirement for specific authorization.* (1) Notwithstanding the provisions of paragraph (c) (1) hereof, specific authorization or direction of War Production Board shall not be required for:

(i) The delivery by any importer or processor to any other person in any calendar month, or use by any importer or processor in any calendar month, of not more than five (5) pounds of processed rotenone, if in solid form, or of not more than one (1) gallon if in the form of liquid extract.

(ii) The acceptance of delivery by any person from any importer or processor in any calendar month, of not more than five (5) pounds of processed rotenone, if in solid form, or of not more than one (1) gallon in the form of liquid extract.

(2) No importer or processor shall deliver rotenone pursuant to paragraph (d) (1) hereof if such delivery will prevent or delay a delivery of rotenone which he has been specifically authorized or directed to make.

(3) No importer or processor shall deliver a total quantity of rotenone in any calendar month pursuant to paragraph (d) (1) hereof in excess of that quantity, if any, to which War Production Board may expressly limit deliveries under paragraph (d) (1) for such month.

(e) *Agricultural use and distribution of rotenone insecticides.* Use of rotenone insecticides in agriculture and distribution of rotenone insecticides to agricultural consumers (which matters are not the subject of this order) are regulated by Food Production Order No. 13.

(f) *Applications.* (1) Each person seeking authorization to accept delivery of rotenone from any importer or processor in any calendar month, whether for own consumption or resale (and each importer or processor seeking authorization to use rotenone in any calendar month) shall file application on or before the 10th day of the preceding month. Where the application relates to acceptance of delivery or use in July or August, 1943, such application shall be filed as soon as possible. In each case, application shall be made on Form PD–600, in the manner prescribed therein, subject to the following special instructions:

(i) Copies of Form PD–600 may be obtained at local field offices of War Production Board.

(ii) An original and four copies shall be prepared of which the original and two copies shall be forwarded to War Production Board, Chemicals Division, Washington, D. C., Ref.: M–133, the third copy forwarded to the supplier with whom the order is placed, and the fourth copy retained for applicant's files.

(iii) In the heading, under "Name of chemical", specify "Rotenone"; under "WPB Order No.", specify "M–133"; under "Indicate unit of measure", specify "Pounds".

(iv) In the heading at top of Tables I, and III, specify the month and year for which authorization for acceptance of delivery or use is sought.

(v) In Columns 1, 11, and 19, specify form; that is, whether dust, extract, ground, root, etc., and insert percentage of pure rotenone.

(vi) In Column 3 (Primary Product) applicant will state the use to be made of the rotenone which he wishes to receive or use, for example, "Insecticide manufacture", "Pharmaceutical products", and in Column 4 (Product End Use) applicant will state the ultimate or end use to which the product manufactured by him will be put, for example, "Agricultural". If the application is for rotenone for resale without further processing, applicant will insert in Column 3 "Resale" and in Column 4 will show the purpose or purposes for which his customer will use the rotenone so to be resold.

(vii) Table II will be filled out in its entirety, as will Table III. Table IV will be left blank.

(2) Each importer or processor seeking authorization to make delivery of rotenone during any calendar month shall file application on or before the 15th day of the preceding calendar month. The application shall be made on Form PD–601 in the manner prescribed therein, subject to the following specific instructions:

(i) Copies of Form PD–601 may be obtained at local field offices of War Production Board.

(ii) An original and four copies shall be prepared of which the original and three copies shall be forwarded to War Production Board, Chemicals Division, Washington, D. C., Ref.: M–133, the fourth copy to be retained for applicant's file.

(iii) In the heading, under "Name of chemical", specify "Rotenone"; under "WPB Order No." specify "M–133"; under "Name of company", state name and mailing address; under "Indicate unit of measure", specify "Pounds"; and state the month and year for which authorization for use or acceptance of delivery is sought.

(iv) In Columns 3 and 8, specify form; that is, whether dust, extract, ground, root, etc., and insert per cent of pure rotenone.

(v) In Column 4, the importer or processor will list the name of each customer from whom he has received an order for rotenone for delivery in the applicable month. If it is necessary to use more than one sheet to list customers, he will number each sheet in order and show a grand total for all sheets on the last sheet which is the only one that need be certified. Names of customers to whom in the applicable month the importer or processor proposes to make delivery of processed rotenone pursuant to paragraph (d) (1) hereof, need not, however, be listed, but instead the importer or processor will state in Column 1 "Total small order deliveries (estimated)" and in Column 4 will specify the total estimated quantity of processed rotenone so to be delivered.

(vi) The importer or processor may, if he wishes, leave blank Column 5.

(3) War Production Board may issue special directions with respect to the preparing and filing of Forms PD–600 and PD–601.

(g) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of War Production Board, as amended from time to time.

(2) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder and all communications concerning this order, shall, unless otherwise directed, be addressed to: "War Production Board, Chemicals Division, Washington, D. C. Ref: M–133."

This order, as amended, shall become effective July 10, 1943.

Issued this 6th day of July 1943.

PART 3068—THEOBROMINE AND CAFFEINE

[Conservation Order M–222, as Amended July 6, 1943]

Section 3068.1 *Conservation Order M–222* is hereby amended to read as follows:

§ 3068.1 *Conservation Order M–222*—(a) *Definitions.* (1) "Theobromine" means 3:7-dimethylxanthine, whether synthetic or natural, in crude or refined form. The term includes any compound of theobromine including, but not limited to, theobromine sodium-acetate and theobromine with sodium salicylate, but does not include standard dosage forms (tablets, capsules, ampules, solutions, etc.).

(2) "Caffeine" means 1:3:7-trimethylxanthine, whether synthetic or natural, in crude or refined form. The term includes all compounds of caffeine including, but not limited to, caffeine citrated, caffeine with sodium benzoate and caffeine with sodium salicylate, but does not include standard dosage forms (tablets, capsules, ampules, solutions, etc.).

(3) "Producer" means any person engaged in the production or refining of theobromine or caffeine, and includes any person who imports theobromine or caffeine or has theobromine or caffeine produced or refined for him pursuant to toll agreement.

(4) "Distributor" means any person who buys theobromine and caffeine for the purpose of resale without further processing and without changing the form thereof.

(5) "Supplier" means a producer or distributor.

(b) *Restrictions on deliveries.* (1) No supplier shall deliver theobromine or caffeine to any person except as specifically authorized or directed in writing by War Production Board. No person shall accept delivery of theobromine or caffeine which he knows or has reason to believe is delivered in violation of this order.

(2) Authorizations or directions as to deliveries to be made by suppliers in each calendar month will generally be issued by War Production Board prior to the beginning of such month, but may be issued at any time. They will normally be issued on Form PD–602 which is to be filed by the supplier with War Production Board as explained in paragraph (f) below.

(3) If a supplier is authorized or directed by War Production Board to deliver theobromine or caffeine to any specific customer or group of customers, but is unable to make the delivery either because of receipt of notice of cancellation or otherwise, the theobromine or caffeine shall revert to inventory, and shall not be delivered, or used, without further instructions.

(c) *Exceptions for deliveries to compounders for medicinal purposes and exceptions for small deliveries.* (1) Specific authorization in writing of War Production Board is not required for:

(i) Delivery of theobromine or caffeine for medicinal purposes by any supplier to any person for compounding into standard dosage forms:

(ii) Delivery of theobromine or caffeine by any person to any other person for compounding into standard dosage forms for medicinal purposes pursuant to toll agreement;

(iii) Delivery by any supplier to any person in any calendar month of not more than two (2) pounds of theobromine and not more than two (2) pounds of caffeine.

(2) The aggregate quantity of caffeine or theobromine which any supplier may deliver in any calendar month pursuant to paragraph (c) (1) shall not exceed the quantity which War Production Board shall in writing specifically authorize or direct such supplier to deliver in such month under this paragraph (c) (2) on application made by such supplier (in the normal case on Form PD–602 filed pursuant to paragraph (f) hereof), but any supplier may in any month make deliveries totaling not more than ten (10) pounds of theobromine and not more than ten (10) pounds of caffeine without any specific authorization or direction.

(d) *Restrictions on use.* (1) No supplier shall use theobromine or caffeine except as specifically authorized or directed in writing by War Production Board.

(2) Each person who with an order for theobromine or caffeine furnishes a certificate required by paragraph (e) shall use the theobromine or caffeine delivered on such order only as specified on such certificate except as otherwise specifically authorized or directed in writing by War Production Board.

(3) War Production Board may from time to time issue directions with respect to the use or uses which may or may not be made of the theobromine or caffeine to be delivered to, or then in inventory of, the prospective user.

(e) *Customer to furnish certificate of use.* No supplier shall in any calendar month beginning with August, 1943, deliver to any person more than two (2) pounds of theobromine or more than two (2) pounds of caffeine unless he shall have received from such person a certificate as to the use for which such person is ordering theobromine or caffeine. Such certificate must be substantially in the form indicated in Appendix A to this order. The certificate must be received by supplier not later than the 15th of the month preceding the month in which delivery is to be made. It need not be filed with War Production Board. A supplier must not deliver theobromine or caffeine where he knows or has reason to believe the purchaser's certificate is false, but in the absence of such knowledge or reason to believe, he may rely on the certificate.

(f) *Applications by suppliers.* (1) Each supplier requiring authorization to make delivery of, or to use, theobromine or caffeine during any calendar month, beginning with August, 1943, shall file application on or before the 20th day of the preceding month. The application shall be made on Form PD–602 in the manner set forth in the general instructions appearing on that form, subject to the special instructions contained in Appendix B to this order. If there is an inconsistency between the general and special instructions, the special instructions must be followed.

(2) Applications respecting deliveries or use in June or July, 1943, may be made either on Form PD–602 or PD–601.

(3) War Production Board may issue other and further directions with respect to preparing and filing Form PD–602.

(g) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of War Production Board, as amended from time to time.

(2) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington, D. C. Ref: M–222.

Issued this 6th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

APPENDIX A

CUSTOMER'S CERTIFICATE OF INTENDED USE

The undersigned purchaser hereby certifies to War Production Board and to his supplier, pursuant to Order No. M–222, that the theobromine, caffeine [strike out inapplicable word] ordered for delivery in ---------, month 194--, will be used by him in the manufacture or preparation of the following product(s), and that such product(s), on the basis of an order or orders filed with the undersigned, will be put to the following end use(s):

	Pounds	Primary product	End use
(A)	---------	----------	----------
(B)	---------	----------	----------

Name of Purchaser

By---
Date — Duly Authorized Official — Title

INSTRUCTIONS FOR CUSTOMER'S CERTIFICATE

(1) The certificate shall be signed by an authorized official of the purchaser, either manually or as provided in Priorities Regulation No. 7.

(2) The purchaser will specify under "Primary product", the exact product or products in which the theobromine or caffeine will be used or incorporated. For example, a person purchasing theobromine for methylation in the manufacture of caffeine will specify "Caffeine." Distributors ordering theobromine or caffeine for resale as such will specify "Resale." If purchase is for inventory, state "Inventory."

(3) Under "End use", purchaser will specify the ultimate use to which the primary product will be put; namely, medicinal or beverage. He will also indicate whether civilian Lend-Lease, other export, or military, and if the product is for uses falling in two or more such categories, the percentage falling in each. Also, indicate contract numbers in the case of military use or Lend-Lease, and in the case of export, export license numbers. A distributor purchasing theobromine or caffeine for resale will leave blank the "End use" column.

APPENDIX B

SPECIAL INSTRUCTIONS FOR SUPPLIER'S FORM PD–602

(1) Copies of Form PD–602 may be obtained at local field offices of the War Production Board.

(2) Prepare an original and three copies. File original and two copies with War Production Board, Chemicals Division, Washington, D. C., Ref: M–222, retaining the third copy for your files. The original filed with the War Production Board shall be manually signed by a duly authorized official.

(3) Where the supplier's application relates to deliveries of both theobromine and caffeine, he will file a separate set of Form PD–602 for each.

(4) In the heading, under "Name of Material", specify "Theobromine" or "Caffeine", as the case may be; under "Grade", specify the quality, for example, crude, refined, USP; under "WPB Order No.", specify "M–222"; indicate month and year during which deliveries covered by the application are to be made; under "Unit of Measure", specify "Pounds"; under name of company, specify your name and the address of the plant or warehouse from which shipment will be made.

(5) In Column 1, list each salt for which orders for delivery during the applicable month have been received (for example, caffeine alkaloid anhydrous, caffeine citrated USP, caffeine with sodium benzoate USP, theobromine sodium-acetate USP, etc.), and under each salt list in Column 1 the names of each customer (except for orders for medicinal compounding and for small orders as explained in (7) and (8) below) ordering such salt. If it is necessary to use more than one sheet to list customers, number each sheet in order and show total for each salt on last sheet, which is the only one that need be certified.

(6) In Column 1–a (except for orders for medicinal compounding and for small orders as explained in (7) and (8) below), specify the product or products in the manufacture or preparation of which theobromine or caffeine will be used by your customer, the end use to which such product or products will be put, and Army, Navy or Lend-Lease contract numbers and export license numbers, all as indicated by the certificate obtained under paragraph (e) of this order. The quantity of theobromine or caffeine used in the manufacture or preparation of each product for each product use shall be shown separately. If the theobromine or caffeine ordered by a customer is for two or more uses, indicate each use separately and indicate the quantity of theobromine or caffeine ordered for each use. In the case of theobromine and caffeine for resale or inventory, it is necessary to show only "Resale" or "Inventory".

(7) It is not necessary to list the name of any customer to whom theobromine or caffeine is to be delivered in the applicable month, whatever the quantity, for compounding into standard dosage forms for medicinal purposes. Instead, write in Column 1 "Total deliveries for medicinal compounding (estimated)" and in Column 4, specify the total estimated quantity so to be delivered.

(8) It is not necessary to list the name of any customer to whom not more than two (2) pounds of theobromine and not more than two (2) pounds of caffeine is to be delivered in the applicable month, nor, in the case of any such delivery, the name of the product or the end use. Instead, write in Column 1 "Total small order deliveries (estimated)" and in Column 4, specify the total estimated quantity so to be delivered.

(9) A producer requiring permission to use a part or all of his own production of theobromine or caffeine shall list his own name as customer in Column 1 on Form PD–602, specifying quantity required and product manufactured. Written approval of War Production Board on such Form PD–602 shall constitute authority to the producer to use theobromine or caffeine in the quantity and for the purposes indicated in such approved form.

(10) Each producer will report production, deliveries and stocks as required by Table II, Columns 8 to 16, inclusive. Distributors will fill out only Columns 8, 10, 12 and 13.

PART 1024—PIGS' AND HOGS' BRISTLES

[General Preference Order M–51, as Amended July 7, 1943]

Section 1024.1 *General Preference Order M–51* is hereby amended to read as follows:

§ 1024.1 *General Preference Order M–51*—(a) *Definitions.* For the purpose of this order:

(1) "Bristles" means pigs' or hogs' bristles, including riflings, 2 inches or longer, whether new, reclaimed, raw, dressed, imported or domestic.

(2) "Dealer" means a person who purchases and sells bristles without changing their condition.

(3) "Dresser" means a person who grades, sorts, dresses, reclaims, or in any wise processes bristles.

No. 134——2

Restrictions

(b) *Importation.* Notwithstanding any other order, rule, regulation or direction, or any certificate or authorization, no person other than Defense Supplies Corportation shall import any variety of bristles of the categories known as "Chinese", "Indias", "Russians" or "Siberians". The importation of bristles of other categories shall be according to General Imports Order M–63, as amended from time to time.

(c) *Purchase and sale.*—Unless otherwise authorized in writing by the War Production Board:

(1) *Undressed domestic bristles.* No person other than an approved dresser shall buy or accept undressed domestic bristles from a slaughter house. "Approved dresser" means a dresser so designated and authorized in writing by the War Production Board to process domestic bristles. This designation and authorization, which may be conditioned and limited by the War Production Board at any time, will be made when it approves of a dresser as capable of processing domestic bristles according to specifications fixed by the War Production Board. Applications may be made by a dresser at any time by submitting samples of his product, processed according to such specifications, accompanied by a letter describing his experience and equipment.

(2) *Dressed domestic bristles.* No person other than Defense Supplies Corporation shall buy or accept dressed domestic bristles.

(3) *Dressed imported bristles.* No person other than a dealer shall buy or accept dressed imported bristles, except:

(i) *Purchase for permitted use.* To manufacture brushes as permitted in subparagraphs (2) and (3) of paragraph (d), below.

(ii) *Purchase for inventory and inventory limit.* As may be necessary to enable him to manufacture for inventory a quantity of brushes as permitted by this order, but not more than the quantity of brushes manufactured and delivered by him according to this order (or according to this order as issued November 30, 1942 in the case of deliveries before July 30, 1943) in the calendar month preceding the date on which the order for such bristles is placed:

Provided, (a) That his inventory is not greater than a practicable minimum working inventory at the time the order is placed; (b) That, to the best of his knowledge and belief, it will not become so at the time the bristles are scheduled to be delivered; and (c) That delivery will not be accepted at any time when acceptance would bring his inventory above a practicable minimum working inventory.

(4) *Seller of bristle or bristle products.* No person shall sell or deliver bristles to a person prohibited by this paragraph (c) from buying or accepting them, or bristles or products containing bristles knowing or having reason to believe that the purchase, acceptance or use of them is not or will not be as permitted by this order.

(5) *Buyer of bristle products.* No person shall buy, accept or use products containing bristles, knowing or having reason to believe that the purchase, acceptance or use of them is not or will not be for use or to fill orders as permitted by this order.

(d) *Use*—(1) *Domestic bristles.* No person, without written authorization of the War Production Board, shall use domestic bristles in the manufacture of any product.

(2) *Imported bristles.* Unless otherwise authorized in writing by the War Production Board, no person, commencing July 30, 1943, shall use imported bristles in the manufacture of any product, except as follows:

(i) *Dental plate brushes.* Until December 31, 1943, 3 inch bristles may be used in the manufacture of dental plate brushes requiring not more than 1 pound of bristles for 120 brushes, in an amount not exceeding the manufacturer's use of bristles, nylon or both for dental plate brushes in the period July 1, 1942 through December 31, 1942.

(ii) *Military orders.* Upon specific orders for delivery to or for the account of the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration.

(iii) *Brushes for maintenance, repair or operating supplies.* Bristles 2 to 3⅛ inches long, inclusive, may be used in the manufacture of brushes, upon specific orders:

Provided, That no person shall order such brushes, except for necessary use in the maintenance or repair of facilities required for producing any product or conducting any business, activity or service, listed on Schedule I or II, as amended from time to time, annexed to CMP Regulation 5 or 5A, or for necessary operating supplies for any such purpose, or to fill specific orders therefor.

(iv) *Painters' brushes for maintenance, repair or operating supplies.* Bristles longer than 3⅛ inches may be used in the manufacture of painters' brushes, upon specific orders:

Provided, That no person shall order such brushes, except for necessary use in the maintenance or repair of facilities required for producing any product or conducting any business, activity or service, listed on Schedule I, as amended from time to time, annexed to CMP Regulation 5 or 5A, or for necessary operating supplies for any such purpose, or to fill specific orders therefor.

(v) *Limitation on orders.* No person shall order any brushes, referred to in subdivisions (iii) and (iv) of this subparagraph (2), for delivery or accept them, during any calendar quarter, in a quantity exceeding his requirements for such maintenance, repair and operating supplies during any such quarter.

(3) *Manufacture exceeding specific orders and disposal of excess.* The requirements of subdivisions (ii), (iii) and (iv) in the next preceding subparagraph (2) that products be manufactured only to fill specific orders, shall not prevent the manufacture of minimum commercially practicable quantities of products exceeding specific orders:

Provided, That any excess manufactured shall be sold only upon orders referred to in said subdivisions (ii), (iii) or (iv), as the case may be, of said paragraph (2), above.

(4) *Prior order.* Until July 30, 1943, the restrictions on the use of imported bristles, provided in this order as issued November 30, 1942, shall apply. The restrictions, provided in this order, on the use, sale, delivery and acceptance of products containing bristles shall not apply to such products in the possession, prior to July 30, 1943, of the manufacturer, jobber or retailer, as the case may be.

Conservation

(e) *Conservation.* Unless otherwise authorized in writing by the War Production Board, no person shall use in the manufacture of any product a mixture of more than 55% of pigs' or hogs' bristles or a combination of both.

Provided, That this restriction shall not apply to:

(1) The manufacture of dental plate brushes as described in paragraph (d) (2) (i), above.

(2) The manufacture of any product containing bristles none of which are longer than 2⅛ inches.

(3) The manufacture of any product bought by or for the account of the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration, where a contracting or inspecting officer of the department or agency concerned, after reviewing the applicable Emergency Alternate Federal Specification, certifies in a signed certificate, sent to the manufacturer, that a different bristle mixture is necessary for military or naval use.

Fair Distribution of Products

(f) *Fair distribution of products.* It is hereby declared to be the policy of the War Production Board that bristles and brushes shall be distributed equitably, and that no person shall discriminate, in the acceptance or filling of orders or in the making of sales or deliveries, as between customers who meet his established prices, terms and conditions of sale. Upon complaint of any person or without such complaint, the War Production Board may investigate any case of supposed failure of any person to distribute his product equitably, and may issue such instructions as are necessary to obtain equitable distribution. Any instructions issued pursuant to this paragraph must be in writing to be valid.

General Provisions

(g) *Reports and communications*—(1) *Imported bristles.* Every owner of imported bristles shall file with the Bureau of the Census, Department of Commerce, acting as compiling agent for the War Production Board, not later than the 10th day of each month, a report on Form WPB–431 (formerly Form PD–217), showing his holdings and consumption of imported bristles during the preceding month.

(2) *Domestic bristles.* Every owner of more than ten pounds of domestic bristles shall file with the War Production Board not later than the 10th day of each month, a report on Form WPB–2287 (formerly Form PD–781), showing his holdings and shipments of domestic bristles during the preceding month.

(3) *Reporting.* All reports required to be filed and all communications concerning this order shall unless otherwise directed in writing be addressed to the War Production Board, Textile, Clothing and Leather Division, Washington, D. C. Ref.: M–51.

(h) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate referring to the particular provision appealed from and stating fully the grounds for the appeal.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(j) *Further restrictions.* No dealer, dresser or manufacturer of brushes shall use bristles or sell, deliver, accept or use bristles or brushes contrary to any specific directions which may be issued from time to time by the War Production Board.

(k) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

Issued this 7th day of July 1943.

PART 3214—MEN'S, WOMEN'S, CHILDREN'S, AND INFANTS' HOSIERY

[General Limitation Order L–274, as Amended July 7, 1943]

Section 3214.1 *General Limitation Order L–274* is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of silk, nylon, rayon, cotton, wool and other materials for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3214.1 *General Limitation Order L–274*—(a) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board as amended from time to time.

(b) *Definitions.* For the purposes of this order, unless otherwise expressly defined all trade terms shall have their usual and customary meanings.

(c) *Restrictions on the manufacture of certain types of hosiery.* (1) No person shall put into production women's full-fashioned hosiery, women's seamless circular knit hosiery, men's hosiery, misses', children's or infants' hosiery, or crew socks, except in accordance with Schedules A, B, C, D, E, and F, which are a part of this order, or as permitted in paragraphs (c) (2), (c) (3), and (c) (4).

(2) Any person having a substantial number of machines which on May 15, 1943, or within one year prior thereto were in use to manufacture products referred to in paragraph (c) (1), but which cannot be used or converted to produce the products permitted by this order without a substantial allotment of critical materials for conversion, may, if he desires, so report in writing to the War Production Board, attention of Textile, Clothing and Leather Division, setting forth all pertinent facts. The War Production Board, if it determines that the output of such machines is necessary to maintain production at adequate levels, may establish specifications for products to be manufactured with such machines, such specifications to apply to such products alone, and to supersede the applicable limitations of this order.

(3) The restrictions of paragraph (c) (1), and the schedules therein referred to, and any specifications established pursuant to paragraph (c) (2), do not apply to the manufacture of any hosiery for or for the account of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration.

(4) Any hosiery manufacturer may use to produce hosiery not permitted by this order any material which was in his possession or on order on April 2, 1943, and which with his existing machines he cannot use to manufacture products permitted by this order.

(d) *Appeal.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate referring to the particular provision appealed from and stating fully the grounds of the appeal.

(e) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing & Leather Division, Washington, D. C., Ref.: L–274.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Records.* All manufacturers affected by this order shall keep and preserve for not less than two years accurate and complete records of production, type and poundage of raw materials consumed, and shipments made by date, quantity, and name of consignee.

Issued this 7th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A—WOMEN'S FULL-FASHIONED RAYON HOSIERY

NOTE: Table I, paragraphs (a), (b), (c), (d), (j), (l), (p), amended; (q) added, July 7, 1943.

(a) This schedule applies to women's full-fashioned plain knit rayon hosiery. The manufacture of women's rayon hosiery of mesh construction, either on modified lace, full lace, or jacquard attachments, and women's rayon hosiery of so-called "run-prcof" construction, is also covered by all the provisions of this schedule except where specifically stated to apply to plain knit hosiery only. The schedule does not apply to constructions made of combinations of cotton, wool, continuous filament or spun rayon.

(b) No person shall produce any women's full-fashioned rayon hosiery unless it meets the minimum specifications shown on Table I, except that the column in the table headed "minimum total courses" applies to rayon plain knit hosiery only, and except for a provision respecting acetate rayon hosiery in paragraph (q).

[1] Rayon yarn qualifying as yarn of 50 denier and having an over-all tenacity of 2.3 grams per denier or higher irrespective of elongation.

[2] Minimum total courses in continuous filament acetate rayon hosiery may be 75 courses less than the minimum established in this column for each gauge. See paragraph (q).

(c) Except in the case of continuous filament acetate rayon hosiery, which is provided for in paragraph (q), the leg length shall be 29 inches with a 1½-inch minus tolerance and a reasonable plus tolerance. Any person who manufactured proportioned length hosiery outside the tolerances permitted by this paragraph (c) in 1942 may apply to the War Production Board for permission to continue such manufacture. Such application shall be in writing, and shall set forth all pertinent facts. The War Production Board may take such action on such application as it may deem proper.

(d) In standard or conventional welt constructions, the minimum length of the double welt shall be 3½ inches and of the afterwelt 1½ inches. No afterwelt is required, but is permissible, in constructions where the main end or leg yarn is of 100 denier rayon or heavier. Double welts of less than 3½ inches and other special welt constructions are permissible providing the single thickness portion of the welt or afterwelt is no finer than 150 denier filament rayon, or the equivalent in other fibers, when knit on machines coarser than 51 gauge; or 100 denier filament rayon, or its equivalent in other fibers, when knit on machines of 51 gauge or finer. In any construction the total all over length of welt plus the afterwelt shall not be less than five inches. In constructions where the yarn used in knitting the welt is no heavier than the main end used in knitting the leg, the double welt shall not measure less than 3½ inches in length. A proportionately lower number of courses than is specified in Table I is permissible in the knitting of the welts of hosiery made with special welt constructions. When a standard or conventional double welt is knit of a higher denier than that specified as the minimum in the table, it is permissible to reduce the minimum total courses at a rate of one course less per each denier used, over the specified minimum. That is to say, if 125 denier is used in the welt instead of the specified minimum of 100 denier, the minimum number of courses may be reduced by 25 courses in the welt but not in knitting the leg portion.

(e) All rayon stockings of 75 denier or finer shall be made with an overlap of at least two (2) courses immediately following the afterwelt, in which the yarn of the afterwelt is to be knit together with the main end used in knitting the leg for a minimum of two (2) courses.

(f) The minimum number of needles used in knitting hosiery shall be the full 14 inch bar less two needles at each end of the bar on all gauges.

(g) The minimum number of courses are to be counted in conventional or legger-footer construction, from the first course in the welt to the loose course in the heel; in single unit or rack-back constructions, from the first course in the welt to the course in the heel on which the widest course in the rackback falls.

(h) The heel splicing shall measure 4½ inches from the bottom of the heel with a ½ inch tolerance, plus or minus.

(i) All seams shall be made with a minimum of 16 stitches to the inch and be made of a good quality two or three ply seaming yarn.

(j) Based on a 14-inch head, the maximum number of total flare and calf narrowings in full-fashioned plain knit hosiery shall be:

39 gauge	40 narrowings.
42 gauge	42 narrowings.
45 gauge	44 narrowings.
48 gauge	46 narrowings.
51 gauge	50 narrowings.
54 gauge and up	Optional.

(k) The reinforcing yarn in the toe must start within 10 courses from the first toe narrowing.

(l) Where two-ply cotton yarns are specified the equivalent count in single yarns may be used. Where definite counts of cotton (but not rayon) yarn are specified in the table, no finer counts of cotton yarn may be used, but combination yarns of cotton and rayon, or cotton, rayon and wool mixed yarns, and coarser counts of cotton yarns, or spun rayon yarn of total equivalent denier or heavier may be used. No spun rayon yarn may be used as a toe splicing or toe reinforcing yarn.

(m) Plied ends of single rayon yarn may be used if they make the equivalent denier of yarns shown in the table. Sixty-five denier cuprammonium rayon yarn shall be deemed equivalent to 75 denier viscose yarn and may be used as an alternate wherever 75 denier is specified in the table. The use of acetate rayon yarn is not permissible in deniers finer than 75.

(n) In single unit or rack-back construction the total minimum number of courses may be no more than 40 courses less than the minimums for conventional constructions shown in the above table.

(o) No lace bands, fancy designs or numerals are to be knit in welt or afterwelt. No picot stitches are to be placed more closely than ¾ inch apart except for the top ½ inch of the welt.

(p) For any spring-summer or fall-winter line, no manufacturer shall put in dye or knit ingrain more than 7 basic body colors, and no more than 5 of these 7 shall be in any one style.

(q) The following specifications may at the manufacturer's option be followed in the manufacture of continuous filament acetate rayon hosiery in place of the corresponding provisions in Table I and paragraph (c): The total courses may be one to 75 courses less than the minimum established for each gauge in Table I. The leg length may be 29 to 30½ inches with a 1½ inch minus tolerance and a reasonable plus tolerance.

Schedule B—Women's Seamless, Circular Knit Hosiery

Note: Table II, paragraphs (a), (d), and (h) amended July 7, 1943.

(a) No manufacturer shall produce any women's seamless or circular knit hosiery unless it meets the minimum specifications shown on Table II.

(b) Where definite counts of cotton (but not rayon) yarn are specified in the table, no finer counts of cotton yarn may be used, but combination yarns of cotton and rayon, or cotton, rayon and wool mixed yarns, and coarser counts of cotton yarns, or spun rayon yarn of total equivalent denier or heavier may be used. No spun rayon yarn may be used as a splicing or reenforcing yarn in heel or toe.

(c) Where two-ply cotton yarns are specified in the table the equivalent counts in single yarns may be used.

(d) The leg length of women's seamless rayon hosiery shall be 30 inches with a 1½ inch minus tolerance and a reasonable plus tolerance. All welts to finish a minimum of 4 inches.

(e) The specified minimum total courses are to be counted from the first course in the welt to the end of the high splicing where the reciprocating motion is started for the heel.

(f) Mesh or tuck stitch constructions in women's circular knit hosiery are restricted to the following constructions:

(1) On single-end tuck stitch knitting, no finer than one end of 100 denier rayon yarn or its equivalent in other fibres may be used in the leg, on any machine regardless of number of needles.

(2) On double-end mesh knitting no finer than 75 denier rayon yarn or its equivalent in other fibres may be used in the leg, on any machine regardless of number of needles.

(3) Minimum number of turns per inch in the rayon yarn in mesh or tuck stitch constructions are to be the same as shown in the above table for plain knit constructions for similar deniers.

(g) All sole splicing yarns are prohibited in women's circular knit all-over cotton hosiery and in women's circular knit rayon hosiery when the main end is 100 denier rayon yarn or heavier.

(h) For any spring-summer or fall-winter line, no manufacturer of women's seamless hosiery shall put in dye or knit ingrain more than 7 basic body colors, and no more than 5 of these 7 colors in any one style. In addition to the foregoing colors, white is also permitted.

Schedule C—Men's Hosiery

Note: Paragraph (c) (1) amended July 7, 1943.

(a) The following limitations apply to men's hosiery but do not apply to the manufacture of men's work socks or bundle socks made of wool, part wool, or cotton.

(b) No manufacturer may produce in any mill men's hosiery in fancy patterns which were not in actual production in such mill during the sixty-day (60) period immediately prior to April 2, 1943. Any machines that have been idle for this entire period may be set-up on patterns of the mill's choosing, but when so set-up, they are subject to the limitations of this clause.

(c) (1) For any spring-summer or fall-winter line no one mill shall put in dye or knit ingrain more than 7 basic body colors and no more than 5 of such 7 basic colors in any one style, to which may be added white and three War Service colors.

(2) No limitations are placed upon the use of various colors in yarns used purely for decorative purposes in men's fancy hosiery.

(d) No men's cotton hosiery is to be manufactured with any splicing or reinforcing yarn in the sole.

(e) True-ribbed tops, those knitted separately and transferred, or those knitted automatically on H-H or Komet machines, shall not be doubled, turned or hemmed. None of the limitations of this paragraph shall apply to men's hosiery made on R. I. machines.

(f) No men's hosiery is to be manufactured with any mock-seams.

Schedule D—Misses', Children's, and Infants' Hosiery and Women's Anklets

Note: Paragraph (f) amended July 7, 1943.

(a) No manufacturer shall put in production any fancy or novelty patterns or designs, not actually in production in the period between October 1st, 1942, and April 2, 1943.

(b) No manufacturer shall produce any children's half-socks in a foot-size larger than seven and one-half (7½); Infants' ribbed long hose may not be produced in a foot-size exceeding 5½ or in a color other than white.

(c) (1) The total finished leg-length of all women's, misses', children's, and infants' anklets either straight-up or cuff-top is not to exceed the measurements shown in Table ±10 of U. S. Commercial Standards, C. S. 46–40, as follows:

TABLE 10—STANDARD LENGTHS OF ANKLETS

[Folded and single cuffs]

Size	Number of needles	Size of cylinder (diameter)	Standard length	Tolerance
		Inches	*Inches*	
5–5½	120–160	2¼–2½	4	+¼
6–6½	120–180	2¼–3	4½	+¼
7–7½	130–200	2½–3¼	5	+¼
8–8½	140–220	2½–3½	5½	+¼
9–9½	150–240	2¾–3½	6	+¼
10–10½	160–240	3–3½	6	+¼
11–11½	120–180	3¼–3¾	6	+¼

(2) No cuff may be turned down or folded more than once, and shall not be made of more than one thickness of fabric before folding.

(3) No top or cuff either straight-up or folded is to measure when finished more than two (2) inches in length.

(d) (1) No true-ribbed, topped-on anklets or anklets made on H-H or Komet machines, in sizes 8 and up are to be manufactured with other than straight-up tops. No cuff or turned tops. None of the limitations of this paragraph shall apply to hosiery made on R. I. machines.

(2) All folded down or cuff top anklets in sizes 8 and up are to be manufactured with sewed-on tops.

(e) No women's anklets or misses', children's or infants' hosiery shall be manufactured with any splicing or reinforcing yarn in the sole of the foot.

(f) In the twelve months period following May 15, 1943, no manufacturer of women's anklets or misses', children's, or infants' hosiery shall knit ingrain or put in dye more than 8 basic body colors in staple constructions, and, in novelty constructions no more than 7 of such basic colors in any one style. In addition to the foregoing colors white is also permitted. No restriction is placed upon the use of any colored yarns in the manufacture of decorative stripes, designs and figures in any part of women's anklets, or misses', children's or infants' hosiery.

Schedule E—Women's Full-Fashioned All-Over Cotton Hosiery

Note: Paragraphs (b), (c), and (m), and the caption of Table III amended July 7, 1943.

(a) This schedule does not apply to women's cotton hosiery of the "Cut and sewed" type.

(b) No person shall produce any women's full-fashioned all-over cotton hosiery unless it meets the minimum specifications shown on Table III. Single counts of cotton yarn may be used if equivalent to the 2-ply counts shown in the table.

TABLE III—WOMEN'S FULL-FASHIONED ALL-OVER COTTON HOSIERY, MAXIMUM PERMISSIBLE FINENESS OF YARN

Gauge	Welt	Leg	High heel	Sole	Lower heel total equiv.	Toe weight	Minimum total courses
39 or lower	70/2	70/2	120/2	120/2	50/2	50/2	1150
42	80/2	80/2	120/2	120/2	50/2	50/2	1250
45 and 48	100/2	100/2	120/2	120/2	60/2	60/2	1300
51 and higher	140/2	140/2	120/2	120/2	80/2	80/2	1350

(c) The finished leg length of women's full-fashioned cotton hosiery shall be 30 inches with a one inch minus tolerance and a reasonable plus tolerance.

(d) The minimum length of welts shall be 3½ inches.

(e) The minimum number of needles used in knitting full-fashioned cotton hosiery shall be the full width of the needle bar of each gauge less the customary two needles at each end of the bar.

(f) Courses shall be counted in the same manner as specified in paragraph (g) of Schedule A.

(g) Heel splicings shall measure 4½ inches with ½ inch tolerance, plus or minus.

(h) All seams shall be made of a good quality two or three ply yarn with a minimum of 16 stitches to the inch.

(i) Narrowings shall not exceed the maximum number of total flare and calf narrowings for each gauge as shown in paragraph (j) of Schedule A.

(j) The reinforcement yarn in the toe shall start within 10 courses of the first toe narrowing.

(k) No lace bands, lace stripes, fancy designs or numerals are to be knit in the welt or after-welt. No picot stitches are to be placed more closely than ¾ inch apart except for the top ½ inch of the welt.

(l) None of the restrictions in paragraphs (b), (f), or (i) shall apply to the manufacture of any modified or full lace mesh constructions or to any jacquard mesh constructions or to any so-called "Non-run or Run-proof" constructions.

(m) For any spring-summer or fall-winter line, no manufacturer of women's full-fashioned cotton hosiery shall put in dye or knit ingrain more than 4 basic body colors in any one style.

Schedule F—Crew Socks

Note: Schedule F added July 7, 1943.

(a) For the purpose of this schedule crew socks are defined as a distinctive type of hosiery for men, women and children made with an ankle or top section knit on any ribbing machine coarser than 1 x 1 rib and with a plain knit foot.

(b) No manufacturer shall produce any men's, women's, or children's crew socks after July 15, 1943, except in accordance with the following specifications:

(1) The use of any continuous filament rayon is not permitted.

(2) The ribbed top shall end no farther than 3 inches from the bottom of the heel.

(3) To be knit, finished, packed and shipped with straight-up tops; not with cuffed or turned down tops.

(4) No restrictions are placed on the number of needles, diameter of cylinders or counts of yarn that may be used.

(5) The range of foot sizes may include all or any of sizes 4–13.

(6) The finished leg length shall not exceed the following measurements:

Foot sizes	Maximum permissible lengths (inches)	Tolerance (inch)
4–5½	5	±½
6–7½	6	±½
8–9½	7	±½
10–11½	8	±½
12–13	9	±½

(7) For any spring-summer or fall-winter line, no manufacturer of crew socks shall knit ingrain or put in dye more than 7 basic body colors, and in staples, no more than 6 of such basic colors shall be in any one style, and in novelties no more than 4 of such basic colors shall be in any one style. No restrictions are placed upon the use of any colored yarns in the manufacture of decorative stripes in crew socks.

Part 3252—Displays

[General Limitation Order L–294]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of copper, zinc, paper and paperboard, required for the production of printed matter for defense, for private account and for export, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3252.1 *Limitation Order L–294*—(a) *Definitions.* For the purpose of this order:

(1) "Display" means any laminated combination of printed matter and board or other material, with or without easels or braces, employed to convey a message, display merchandise, or advertise a product or service, including but not limited to point-of-sale advertising, window, counter, floor, wall or shelf displays.

(2) "Printed matter" means any paper or paperlike substance with ink applied to it by the relief, planograph, intaglio, silk screen or other stencil process, or any combination or modification thereof.

(3) "Board" means any grade or quality of chip, laminated chip, or other board employed for the production of displays, easels, braces or plane surfaces.

(4) "Easel" means any form, shape or quality of board employed in the production of displays to provide means of maintaining such displays in position.

(5) "Brace" means any form, shape or quality of board employed in the production of displays to give rigidity and reinforcement.

(6) "Back-lining" means any paper or paperlike substance mounted to the reverse side of board employed in the production of displays.

(7) "Put into process" means (i) the first application of ink to paper or paperlike substance by a printer, or (ii) the lamination of one or more sheets of unprinted paper or printed matter to board, or (iii) the fabrication or processing of any part of a display, or (iv) the assembly of any component parts of a display.

(b) *Limitations.* (1) No person shall put into process for the production of displays:

(i) Board in the manufacture of which any virgin pulp has been employed, except board in the inventory of such person on July 7, 1943.

(ii) Back-lining in the manufacture of which any kraft fiber has been employed, except back-lining in the inventory of such person on July 7, 1943.

(iii) Reinforcements or other parts (other than necessary joining hardware) containing any wood, metal or plastic, except parts in the inventory of such person on July 7, 1943.

(2) On and after July 1, 1943, no person shall put into process during any calendar quota for the production of displays:

(i) Paper or paperlike substance in excess of $66\frac{2}{3}$ per cent of the gross weight thereof put into process by him for the production of displays during the corresponding calendar quarter of 1941: *Provided,* That such person, in any calendar quarter, may use for the production of displays up to 15 per cent more than his quota, the excess to be deducted from his quota for the succeeding calendar quarter: *And provided further,* That such person, in any calendar quarter, may use for the production of displays additional paper or paperlike substance equivalent to his less-than-quota usage in any preceding calendar quarters.

(ii) Board in excess of $66\frac{2}{3}$ per cent of the gross weight thereof put into process by him for the production of displays during the corresponding calendar quarter of 1941.

(c) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

(2) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(3) *Communications to the War Production Board.* All communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Printing and Publishing Division, Washington, D. C., Ref: L–294.

(4) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 7th day of July 1943.

PART 1302—ALUMINUM

[MPR 2,[1] Amdt. 1]

ALUMINUM SCRAP AND SECONDARY ALUMINUM INGOT

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 2 is amended in the following respects:

1. Section 4 is amended to read as follows:

SEC. 4. *Prohibition against dealing in secondary aluminum ingot at prices above the maximum.* On and after June 23, 1943, regardless of any contract, agreement, or other obligation, no person shall sell or deliver secondary aluminum ingot, and no person in the course of trade or business shall buy or receive secondary aluminum ingot, at prices higher than the maximum prices set forth in Appendix B, incorporated herein as section 15; and no person shall agree, offer, solicit or attempt to do any of the foregoing: *Provided,* That any person may sell and deliver, or deliver secondary aluminum ingot until August 1, 1943, at prices no higher than the maximum prices heretofore established for secondary aluminum ingot, so long as the quantity of secondary aluminum ingot delivered by such person at such prices between June 1, 1943, and July 31, 1943, inclusive, does not exceed the quantity of (a) aluminum scrap and secondary aluminum ingot which such person had on hand in his plant at the close of business on May 31, 1943, and which he reported to the War Production Board on Form PD–272, plus (b) the amount of scrap purchased under contract or other firm commitment prior to June 23, 1943, and which was not included on said inventory reported to the War Production Board on Form PD–272.

NOTE: Supplementary Order No. 34 (7 F.R. 10779) permits special packing expenses to be added to maximum prices on sales to procurement agencies of the United States.

2. Section 15 (c) is amended to read as follows:

(c) *Maximum prices for certain wrought alloys and primary grade ingot*—(1) *Wrought alloys.*

	Maximum price (cents per pound)
(i) 17S	14½
(ii) 18S	14½
(iii) 32S	14½
(iv) 52S	14½

To be sold at this price, these alloys must meet the specifications set forth in the War Production Board directive of June 15, 1943, as amended from time to time thereafter.

(2) *Primary grade ingot.*

	Maximum price (cents per pound)
142	15½
355	15½
195	15

To be sold at this price, these alloys must meet the following specifications:

	Cu.	Si.	Fe.	Mg.	Mn.	Zn.	Ni.	Cr.	Ti.	Total others	Each
#142	3.5–4.5	0.50	0.50	1.2–1.8	0.1	0.1	1.7–2.3	0.25	0.20	0.15	0.05
#355	1.0–1.5	4.5–5.5	0.35	0.4–0.6	0.1	0.1	----------	0.25	0.20	0.1	0.05
#195	4.0–5.0	1.2	0.65	.03	0.2	0.1	----------	------	0.2	0.15	0.05

This amendment shall become effective July 12, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

FIXED MARK-UP REGULATION FOR SALES OF CERTAIN FOOD PRODUCTS AT WHOLESALE

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 237 is amended in the following respects:

1. In section 2 after the head-note "*Exempt wholesalers.*", and before the sentence "This regulation shall not apply to wagon-wholesalers.", there is inserted the paragraph designation and head-note "(a) *Wagon-wholesalers.*"

2. Paragraph (b) is added to section 2 to read as follows:

(b) *Marine provisioners.* This regulation shall not apply to sales by marine provisioners. A marine provisioner is a seller at least 50% of whose business is the sale of food commodities to boat and steamship companies for the provisioning of boats, with delivery to the boats from shore locations by the use of truck and launch facilities. A seller is a marine provisioner only for the food commodities he sells in this way.

PART 1383—SHOES AND SHOE FINDINGS

[MPR 420]

HARDWOOD HEEL BLOCKS AND FINISHED HARDWOOD HEELS

A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

§ 1383.1 *Maximum prices for hardwood heel blocks and finished hardwood heels.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 420 (Hardwood Heel Blocks and Finished Hardwood Heels), which is annexed hereto and made a part hereof, is hereby issued.

[3] 7 F.R. 1309, 1836, 2132, 3430, 3821, 4229, 4294, 4484, 5605, 7665, 7666, 7977, 8204, 8653, 8702, 8948, 9130, 9189, 9393, 9486, 9958, 10471, 10530, 11069; 8 F.R. 1200, 1972, 2875, 3251.

AUTHORITY: § 1383.1 issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

MAXIMUM PRICE REGULATION NO. 420—HARDWOOD HEEL BLOCKS AND FINISHED HARDWOOD HEELS

CONTENTS

Sec.
1. Prohibition against transactions at prices in excess of maximum prices.
2. To what products, transactions and geographical areas this regulation applies.
3. Maximum prices for producers' sales of hardwood heel blocks and finished hardwood heels.
4. Maximum prices for producers' sales of hardwood heel blocks and finished hardwood heels which cannot be priced under section 3.
5. Relation to other regulations.
6. Licensing.
7. Enforcement.
8. Invoices.
9. Records.
10. Petitions for amendment.
11. Prohibited practices.
12. Adjustable pricing.

SECTION 1. *Sales of hardwood heel blocks and finished hardwood heels at higher than maximum prices prohibited.* (a) On and after July 12, 1943, regardless of any contract or other obligation, no producer shall sell or deliver and no person, in the course of trade or business, shall buy or receive from a producer any hardwood heel blocks or finished hardwood heels at prices higher than the maximum prices established by this regulation, and no person shall agree, offer or attempt to do any of the foregoing.

(b) Prices lower than the maximum prices may, of course, be charged.

SEC. 2. *To what products, transactions and geographical areas this regulation applies*—(a) *What products and transactions are covered by this regulation.* This regulation applies to sales by producers of hardwood heel blocks and finished hardwood heels, except sales of wedge heels (blocks or finished) which are exempt from the provisions of this regulation.

"Producer" means any person who turns, finishes, or in any other manner makes hardwood heel blocks or finished hardwood heels, or has them made for his own account.

"Hardwood heel block" means a turned wood product made of hard maple or yellow birch, completely shaped and ready for the application of covering material and a toplift.

"Finished hardwood heel" means a hardwood heel block to which covering material and a toplift have been applied, completely finished and suitable for attachment to a shoe.

"Custom finished hardwood heel" means a finished hardwood heel which has been produced in Brooklyn, New York, or Rochester, New York, is generally sold in small quantities and contains unusual details of style and workmanship, and is generally known in the trade as a "custom heel."

"Wedge heels" are shoe heels which extend from the back of the heel-seat to the ball of the shoe. They are attached to and support not only the heel portion of the shoe (as is the purpose of conventional heels) but also the arch or shank portion of the shoe. Wedge heels may be used with or without a platform and may be made with different treading surfaces such as "bridge, tunnel, fiddle shank, etc." They are used generally on the type of shoes known as play shoes.

(b) *What geographical areas are covered.* This regulation shall be applicable to the continental United States, but not to the territories and possessions of the United States.

SEC. 3. *Maximum prices for producers' sales of hardwood heel blocks and finished hardwood heels.* (a) Maximum prices for hardwood heel blocks are established by paragraph (b) of this section. Maximum prices for finished hardwood heels are established by paragraph (c) of this section. The prices under Column I apply to all hardwood heel blocks and finished hardwood heels produced in New England. The prices under Column II, except as otherwise provided under Column III, apply to all hardwood heel blocks and finished hardwood heels produced outside of New England. The prices under Column III apply to all custom finished hardwood heels produced in Brooklyn, New York, and Rochester, New York. All maximum prices are f. o. b. point of shipment and subject to a discount of not less than two per cent for payment within ten days from the end of the month in which shipment is made.

(b) *Maximum prices for hardwood heel blocks*—(1) *Base block prices.*

SEC. 4. *Maximum prices for producers' sales of hardwood heel blocks and finished hardwood heels which cannot be priced under section 3.* (a) The maximum price for a hardwood heel block or finished hardwood heel for which a maximum price is not provided in section 3 of this regulation shall be a price in line with the established maximum price for the item of most comparable construction made by the producer. Such in-line price shall be computed as follows:

(1) Calculate the cost of materials and direct labor, as defined in this subparagraph, both for the item to be priced and the comparable item. "Materials" includes only materials which become part of the item sold, such as lumber, covering material, toplift material, adhesive, nails, and slugging wire. "Cost of materials" shall be the net cost, after deducting all discounts, plus transportation charges actually paid. "Direct labor" includes all operations performed directly on the item sold. It does not include such labor as elevator, custodial and maintenance workers, firemen, engineers, truck drivers and helpers, receiving and shipping clerks, other clericals, salesmen, foremen and working foremen and other supervisory employees. In computing the cost of direct labor, the current wage rates for each class of labor must be used: *Provided, however,* That the wage rates may not be higher than those prevailing on October 3, 1942, unless approved by the War Labor Board.

(2) Obtain the difference in cost of materials and direct labor between the item being priced and the comparable item. Adjust the maximum price of the comparable item by adding or subtracting this difference, depending upon whether the cost of materials and direct labor is greater or less in the item being priced than in the comparable item. The result will be the maximum price for the item being priced.

(b) Within 30 days from the date of the first contract to sell or sale of an item priced in accordance with paragraph (a) of this section, a report shall be made to the Office of Price Administration, Textile, Leather and Apparel Price Division, Washington, D. C., containing (1) a description of the item being priced and of the comparable item; (2) a detailed statement of the cost of materials and direct labor in the item being priced and the comparable items; and (3) the method of calculating the maximum price of the new item.

(c) The reported maximum price, if found to be excessive, may be reduced by the Office of Price Administration, but if it is not disapproved within 30 days of the receipt of the report, it is approved. The seller may proceed at once, however, with sales or deliveries of the item at the maximum price he has computed, but he shall notify the buyer that the maximum price is subject to reduction by the Office of Price Administration. If the price is ordered reduced, the seller must refund any excess over the maximum price finally approved. Any maximum price established under this section shall be subject to adjustment at any time by the Office of Price Administration.

SEC. 5. *Relation to other regulations*—(a) *General Maximum Price Regulation, Maximum Price Regulation No. 157 and Maximum Price Regulation No. 196.* The provisions of the General Maximum Price Regulation,[3] Maximum Price Regulation No. 157[4] and Maximum Price Regulation No. 196,[5] shall not apply and this regulation shall apply to producers' sales and deliveries of hardwood heel blocks or finished hardwood heels.

[3] 8 F.R. 3096, 3849, 4347, 4486, 4724, 4978, 4848, 6047.

[5] 7 F.R. 6078, 7254, 8016, 8945.

(b) *Second Revised Maximum Export Price Regulation.* The maximum price for export sales of hardwood heel blocks or finished hardwood heels is governed by the Second Revised Maximum Export Price Regulation[6] issued by the Office of Price Administration.

SEC. 6. *Licensing*—(a) *License required.* A license as a condition of selling is required of every producer selling any hardwood heel blocks or finished hardwood heels for which a maximum price is established by this regulation. No producer whose license is suspended in proceedings under section 205 (f) (2) of the Emergency Price Control Act of 1942 shall, during the period of suspension, sell any commodities as to which his license to sell is suspended.

(b) *License granted.* Every producer selling any hardwood heel blocks or finished hardwood heels for which a maximum price is established by this regulation is granted a license as a condition of selling any such hardwood heel blocks or finished hardwood heels. The provisions of this regulation shall be deemed to be incorporated in the license hereby granted, and any violation of any provision so incorporated shall be a violation of the provisions of said license. Such license shall be effective on the effective date of this regulation or when any such producer becomes subject to the maximum price provisions of this regulation, and shall, unless suspended in accordance with the provisions of the Emergency Price Control Act of 1942, remain in effect as long as this regulation, or any applicable part, amendment or supplement remains in effect.

SEC. 7. *Enforcement.* (a) Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for revocation of license provided for by the Emergency Price Control Act of 1942.

(b) War procurement agencies and their contracting or paying finance officers are not subject to any liability, civil or criminal, imposed by this regulation. "War Procurement agencies" include the War Department, the Department of the Navy, the United States Maritime Commission and the Lend-Lease Section in the Procurement Division of the Treasury Department, or any of their agencies.

SEC. 8. *Invoices.* Every producer shall, in connection with every sale of hardwood heel blocks or finished hardwood heels deliver an invoice to the purchaser showing (1) the date of sale, (2) the name and address of the seller and the purchaser, (3) the shipping terms, (4) the terms of sale, (5) the quantity, the selling price, and an identification of each different hardwood heel block or finished hardwood heel sold, including a listing, by name, of any extras included in the selling price.

SEC. 9. *Records.* Every seller must keep a duplicate of the invoice delivered in connection with every sale and every buyer, in the course of trade or business, must keep the invoice received in connection with every purchase for which a maximum price is established by this regulation. All such records must be

[6] 8 F.R. 4132, 5987.

kept available for inspection by the Office of Price Administration for a period of three years.

SEC. 10. *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1,[7] issued by the Office of Price Administration.

SEC. 11. *Prohibited practices.* Any practice which is used as a device to effect a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying agreements, trade understandings and the like.

SEC. 12. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by the official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

Effective Date

This regulation shall become effective July 12, 1943.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 6th day of July 1943.

PART 1397—CONSTRUCTION OF BUILDINGS AND STRUCTURES

[MPR 251,[1] Amdt. 2]

CONSTRUCTION AND MAINTENANCE SERVICES AND SALES OF BUILDING AND INDUSTRIAL EQUIPMENT AND MATERIALS ON AN INSTALLED OR ERECTED BASIS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 251 is amended in the following respect:

1. Section 1397.68 is amended to read as follows:

§ 1397.68 *Applications for adjustment and petitions for amendment*—(a) *Government contracts.* Any person who had made or intends to make a Government contract or subcontract thereunder, who believes that a maximum price established under this regulation impedes or threatens to impede the production, manufacture, or distribution of a commodity or the supply of a service which is essential to the war program and which is or will be the subject of the contract or subcontract, may file an application for adjustment of that maximum price in accordance with Procedural Regulation No. 6,[2] issued by the Office of Price Administration.

(b) *Local shortage.* The Office of Price Administration, or any duly authorized representative thereof, may by order adjust any maximum price established under this regulation for any seller who shows:

(1) That there exists or threatens to exist in a particular locality a shortage in the supply of any building or industrial equipment or materials on an installed or erected basis or the supply of any construction service which aids directly in the war program or is essential to a standard of living consistent with the prosecution of the war; and

(2) That such local shortage will be substantially reduced or eliminated by adjusting the maximum prices of such seller and of like sellers for such commodity or service; and

(3) Such adjustment will not create or tend to create a shortage, or a need for increases in prices, in another locality, and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended.

Each Regional Administrator is authorized to make adjustments or act upon applications for adjustment under this paragraph (b).

Applications for adjustment shall be filed in accordance with Revised Procedural Regulation No. 1.[3]

(c) *Petitions for amendment.* Any person seeking a modification of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.

This amendment shall become effective July 12, 1943.

PART 1499—COMMODITIES AND SERVICES

[SR 14 to GMPR, Amdt. 192]

TEA BAGS AND PACKAGED TEA

A statement of considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Supplementary Regulation No. 14 is amended in the following respects:

1. Section 1499.73 (a) (88) (vi) is added to read as follows:

(vi) *Maximum prices for tea bags and packaged tea of brands of tea formerly blended from the less expensive teas.* (*a*) Tea packers' maximum delivered prices on brands of tea for sales to wholesalers which heretofore have been lower than those listed in Column A, if such brands are now blended from Ceylon, India or Travencore teas, shall be as set out in Column A;

(*b*) Tea packers' maximum delivered prices on brands of tea for sales to retailers, restaurants and institutions which heretofore have been lower than those listed in Column B, if such brands are now blended from Ceylon, India or Travencore teas, shall be as set out in Column B.

	Maximum prices per thousand bags	
	Column A	Column B
8 tea bags to a package (200 tea bags to the pound)	6.75	7.00
16 tea bags to a package (200 tea bags to the pound)	6.45	6.70
48 tea bags to a package (200 tea bags to the pound)	6.15	6.40
100 tea bags to a package (200 tea bags to the pound)	6.15	6.40
100 tea bags to a package (250 tea bags to the pound)	5.75	6.00
	Maximum prices per 16 tea bags	
	Column A	Column B
1 oz. tea bags	.80	.83
	Maximum prices per dozen packages	
	Column A	Column B
4 oz. packaged tea	2.16	2.25
1⅛ oz. packaged tea	.77	.80

Prices set out above are maximum prices delivered to the customer's usual place of acceptance. In calculating the maximum prices for a sales unit, fractions of ½ cent or more shall be raised to the next higher cent and fractions of less than ½ cent shall be lowered to the next lower cent. The above prices shall be reduced by those discounts for cash or prompt payment which have been customarily allowed for such brands.

This amendment shall become effective July 12, 1943.

DRY EDIBLE BEANS, SALES EXCEPT AT WHOLESALE AND RETAIL

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 270 is amended in the following respects.

1. In § 1351.1203 (a), two items are amended to read as follows:

Marrow beans (not including red marrow):

U. S. choice hand picked	7.25
U. S. No. 1	7.15
U. S. No. 2	7.00
U. S. No. 3 and lower	6.75

Yelloweye beans:

U. S. choice hand picked	7.25
U. S. No. 1	7.15
U. S. No. 2	7.00
U. S. No. 3 and lower	6.75

2. Section 1351.1203 (b) is amended to read as follows:

(b) For dry edible beans which are packed in the following containers, the following amounts may be added to the maximum prices listed in paragraph (a) of this section:

Size of container:	*Amount permitted to be added (per cwt.)*
(1) Up to 2 pounds	$2.00
(2) 3 pounds	1.60
(3) 5 pounds	1.45
(4) 25 pounds	.30

The differentials listed above for special packages are applicable to all sellers covered by this regulation who package dry edible beans in the above-listed container sizes.

This amendment shall become effective July 12, 1943.

PART 1448—EATING AND DRINKING ESTABLISHMENTS

[Restaurant MPR 1-1, Amdt. 1]

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION IN RHODE ISLAND

For the reasons set forth in the statement of considerations issued simultaneously herewith and under the authority vested in the Rhode Island District Director by the Emergency Price Control Act of 1942, as amended, Executive Order 9250, Executive Order 9328, and General Order No. 50, section (e), *It is hereby ordered*, That the above regulation be amended as follows:

1. Section 1 is hereby amended to read as follows:

SECTION 1. *What this regulation does.* This regulation fixes the maximum or ceiling prices that may be asked, charged or received for "food items" or "meals" by any person who operates an eating or drinking place in the State of Rhode Island. The words "your" and "you" in this regulation refer to such persons. "Eating or drinking place" includes any place, establishment, or location, whether temporary or permanent, from which any food item or meal is sold, except those places which are specifically exempted by section 17 hereof. The maximum prices which you may charge for any "food item" including any beverage, or "meal" are governed by the provisions of this regulation. Prices lower than ceiling prices may, of course, be asked, charged or received. "Food items" and "meals" as well as certain other terms used in this regulation are defined or explained in section 15. The seven-day period beginning April 4, 1943 and ending April 10, 1943 is called the "seven-day period" and ceiling prices fixed by this regulation are based on prices charged in this period. This regulation shall not supersede or amend General Order No. 50 issued by the Office of Price Administration or any provision thereof except insofar as the provisions of this regulation are inconsistent therewith.

2. Section 15 (f) is hereby amended to read as follows:

(f) "Proprietor" means any person who owns or operates any eating or drinking place located in the State of Rhode Island except those places specifically exempted by section 17 hereof.

3. Section 17 is hereby amended to read as follows:

SEC. 17. *Exempt sales.* Sales at the following eating or drinking places are specifically exempt from the provisions of this regulation:

(a) Eating and drinking places located on church premises and operated solely in connection with church, Sunday school and other religious occasions.

(b) Hospitals, except for food items and meals served to persons other than the patients, when a separate charge is made for such food items and meals.

(c) Eating and drinking places (when operated as such) located on board common carriers, including railroad dining cars, club, bar and buffet cars, and peddlers aboard railroad cars traveling from station to station.

(d) Eating and drinking places owned and operated by charitable, religious or cultural organizations such as the United Service Organization, Red Cross or similar organizations selling food items or meals on a non-profit basis primarily to members of the Armed Forces.

(e) Bona fide fraternity or sorority houses located at a recognized school, college or university insofar as such houses sell only to members and bona fide guests of members. Whenever such houses sell to persons other than members or bona fide guests of members, such houses shall be considered for all sales an eating or drinking place within the meaning of this regulation. No such house shall be considered to be exempt within the meaning of this subparagraph, unless its members pay dues (more than merely nominal in amount), are elected to membership by a governing board, membership committee or other body, and otherwise is operated as a fraternity or sorority house.

4. Section 18 is hereby added to read as follows:

SEC. 18. *Special orders.* The provisions of this regulation to the contrary notwithstanding, the Office of Price Administration may from time to time issue special orders providing for the establishment or reduction of the maximum

PART 1448—EATING AND DRINKING ESTABLISHMENTS

[Restaurant MPR 3–6]

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION, DESIGNATED COUNTIES IN MICHIGAN

In the judgment of the Regional Price Administrator of Region III, the prices of food and beverages sold for immediate consumption in the counties of Clinton, Eaton, Hillsdale, Ingham, Jackson, Lenawee, Livingston, Macomb, Monroe, Oakland, St. Clair, Washtenaw, and Wayne in the State of Michigan have risen and are threatening further to rise to an extent and in a manner inconsistent with the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328.

In the judgment of the Regional Administrator of Region III, the maximum prices established by this regulation are generally fair and equitable and are necessary to check inflation and to effectuate the purposes of the Act. So far as possible, the Regional Administrator of Region III gave due consideration to prices prevailing between October 1 and 15, 1941, and consulted with the representatives of those affected by this regulation.

A statement of the considerations involved in the issuance of this regulation is issued simultaneously herewith.

Therefore, in accordance with the direction of the President to take action which will stabilize prices affecting the cost of living, and under the authority therewith delegated by the President pursuant to the Act of Congress approved October 2, 1942, entitled "An Act to Aid in Stabilizing the Cost of Living" (7 F.R. 7565), 77th Congress, Second Session, and under the authority of Executive Order 9250, Executive Order 9328, and the Emergency Price Control Act of 1942, the Regional Price Administrator of Region III hereby issues this Restaurant Maximum Price Regulation No. 3–6, establishing as maximum prices for food and drink sold for immediate consumption in the counties mentioned above the prices prevailing therefor during the seven-day period beginning April 4, 1943 and ending April 10, 1943.

§ 1448.206 *Maximum Prices for food and drink sold for immediate consumption.* Under the authority vested in the Regional Administrator of Region III by the Emergency Price Control Act of 1942 as amended, Executive Order 9250, Executive Order 9328 and General Order No. 50 issued by the Office of Price Administration, Restaurant Maximum Price Regulation No. 3–6 (Food and Drink Sold for Immediate Consumption), which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1448.206 issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

RESTAURANT MAXIMUM PRICE REGULATION NO. 3–6—FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION

17. Provision for amendments and adjustments.
18. Licensing.
19. Revocation.

SECTION 1. *Sales at higher than ceiling prices prohibited.* If you own or operate a restaurant, hotel, cafe, delicatessen, soda fountain, boarding house, or any other eating or drinking place, you must not offer or sell any "food item" including any beverage) or "meal" at a price higher than the highest price at which you offered the same food item or meal in the seven-day period beginning Sunday, April 4, 1943, and ending Saturday, April 10, 1943. You must not offer or sell any other food item or meal at a price higher than the ceiling price which you figure according to the directions in the next section (section 2). You may, of course, sell at lower than ceiling prices.

SEC. 2. *How you figure ceiling prices for food items and meals you did not sell in the seven-day period.* You must figure your ceiling price for a food item or meal which you did not offer in the seven-day period, as follows:

(a) If you served the same food item or meal within thirty days prior to April 4, 1943, you shall take as your ceiling price the last price at which you offered the same food item or meal during said thirty-day period.

(b) If you did not sell or offer to sell the food item or meal either during the seven-day period, or the thirty-day period, then you choose from the food items or meals for which a ceiling price has already been fixed, the food item or meal which is most similar to the food item or meal you are pricing; and

(c) Figure a price which is "in line" with the price of that most similar food item or meal. A price is "in line" if the customer receives as much value for his money from the one item or meal as from the other, even though the two prices may be different. In comparing values, quality, size of portions, and the margin over food cost are the things that count;

(d) Once your ceiling price for a food item or meal has been fixed, it may not be changed.

SEC. 3. *Classes of food items and meals.* See definition of "food item" and "meal" contained in section 15.

(a) The classes of food items are as follows:

Breakfast Items

(1) Fruits and fruit juices.
(2) Cereals.
(3) Egg and combination egg dishes served at breakfast.
(4) Breads, rolls, toast, etc., served at breakfast.
(5) All other breakfast dishes.

Other Items

(6) Appetizers and cocktails.
(7) Soups.
(8) Beef.
(9) Pork.
(10) Lamb, mutton.
(11) Veal.
(12) Poultry.
(13) Fish and shellfish.
(14) Miscellaneous and variety meats including liver, kidneys, and made dishes such as stews, casseroles, etc.
(15) Egg and cheese dishes which might be served as a main dish or entree in a meal.
(16) All other dishes which might be served as a main dish or entree in a meal, such as spaghetti, vegetable plate, baked beans, chop suey, etc.
(17) Potatoes.
(18) All other vegetables.
(19) Bread and butter.
(20) Salads (except as served as main course in a meal).
(21) Cakes, cookies, pies, pastries and other baked goods.
(22) Ice cream and all fountain items.
(23) All other desserts including fruits, puddings, cheese, etc.
(24) Hot sandwiches including hamburgers and frankfurters.
(25) Cold sandwiches.
(26) All other food items.

Beverages

(27) Non-alcoholic beverages.
(28) Beer and other malt beverages.
(29) Wines.
(30) Other alcoholic beverages.

(b) *The classes of meals.* For the purposes of this regulation there shall be ten classes of meals; namely, breakfast, lunch, tea, dinner, and supper during the week days, and breakfast, lunch, tea, dinner and supper on Sundays.

(c) *Legal holidays.* Your ceiling prices for food items or meals served on those days designated legal holidays by Federal law or the law of the State in which the establishment is located may be the same as your Sunday ceiling prices for such establishment.

SEC. 4. *No ceiling price to be higher than the highest price in the base period.* Under no circumstances are you permitted to charge a higher price for a food item or meal which you did not offer in the seven-day period than the highest price at which you offered a food item or meal under the same class during the seven-day period, except that, if, during the thirty-day period immediately prior to April 4, 1943, you served a food item or meal at a price higher than the highest price charged for food items or meals in the same class during the aforesaid seven-day base period, then you may continue to sell that same food item or meal at the higher price. In any such case, your records, as set forth in section 9 (b) herein, must include the menu or information showing the previous offering of such food item or meal at the higher price.

Example 1. If you figured an "in line" price for a week day at $1.25, and your highest price in the week day dinner class is $1.00, your ceiling price for the new dinner is $1.00.

Example 2. If during the seven-day period your highest price for soup was 15 cents, you may not offer any soup at a price higher than 15 cents.

Example 3. If during the seven-day period your highest price for a week day dinner was $1.25 in general, that is the highest price you may charge for any week day dinner. If, however, you served a chicken dinner at $1.50 on any week day within 30 days prior to April 4, 1943, then you may continue to serve the same chicken dinner at $1.50 even though that is a higher price than any price charged for the same class dinner during the seven day period. But you may not add a new meal not served the 30-day period, at a price in excess of $1.25. Observe the requirement that a supporting menu (or price list) be made available to justify such exception.

SEC. 5. *Prohibition against discontinuing meals at certain prices.* You must not now discontinue offering meals at prices comparable to those charged by you in the seven-day period if by your doing so your customers would actually have to pay more than they did in the seven-day period. You will be in violation of this rule unless:

(a) You continue to offer meals at different prices representative of the range of prices at which you offered meals of the same class during the seven-day period, and unless

(b) You continue to offer on week days at least as many different meals at or below the lowest price charged by you for meals of the same class on any week day that you select in the seven-day period, as you did on that day.

(c) You continue to offer on Sundays and legal holidays at least as many different meals at or below the lowest price charged by you for meals of the same class on Sunday, April 4, 1943, as you did on that day.

Example: Thus, you may select any week day in the seven-day period as the base day for week-day meals.

If you select Friday, April 9, 1943, to determine the lowest price and the number of week-day meals offered at that price, and if on that day you offered six week-day dinners, of which two were priced at 85¢, and one each at 90¢, $1.00, $1.10, $1.15 you must continue to offer at least two week-day dinners at 85¢.

SEC. 6. *Evasion.* (a) You must not evade the provisions of this regulation by any scheme or device, including:

(1) Deteriorating quality or reducing quantity without making appropriate reductions in price;

(2) Withdrawing the offer, or increasing the price, of any meal ticket, weekly rate, or other arrangement by which customers may buy food items or meals at less than the prices they must pay when purchasing by item or meal;

(3) Increasing any cover, minimum, bread-and-butter, service, corkage, entertainment, check-room, parking, or other special charges, or making such charges when they were not in effect in the seven-day period;

(4) Requiring as a condition of sale of an item or meal the purchase of other items or meals, except that you may refuse to sell coffee unless a customer also purchases another food item;

(5) Refusing to sell combinations of food items as meals if such meals were offered in the seven-day period and the items making up the combination are being offered separately.

(b) You will not be considered evading the provisions of this regulation, however, if you do any of the following things, even though you did not do any of those things during the seven-day period:

(1) You may limit your customers to one cup of coffee per meal;

(2) You may limit your customers to one pat of butter per meal;

(3) You may reduce the quantity or eliminate altogether, ketchup, chili sauce, and any other condiment which is rationed;

(4) You may reduce the amount of sugar served with each cup of coffee or tea to, but not less than, one teaspoonful.

(c) You must not, however, make the curtailment authorized in the foregoing subparagraphs and furnish these items at an additional charge. For example, if during the seven-day period you furnished ketchup, you may not discontinue furnishing this item free and at the same time offer to furnish it for an additional charge.

SEC. 7. *Rules for new proprietors.* (a) If you acquire another's business and continue the business in the same place, you are subject to the same ceiling prices and duties as the previous proprietor.

(b) If you open an eating or drinking place after the seven-day period, you must fix ceiling prices in line with the ceiling prices of the nearest eating or drinking place of the same type as yours. If you operate a concession in conjunction with a public event and were not in operation during the base period, you shall establish your prices in line with a similar type of eating and drinking place operating during the time of the base period. If the ceiling prices so fixed are too high and threaten to have an inflationary effect on the prices of food and drink, the Office of Price Administration may issue an order requiring you to reduce your ceiling prices. You are subject to the record requirements of section 9 and the posting requirements of section 10 immediately upon the opening of your place.

SEC. 8. *Taxes.* If in the seven-day period you stated and collected the amount of any tax separately from the price you charged, you may continue to do so. You may also separately state and collect the amount of any new tax or of any increase in the amount of a previous tax on the sale of food or drink or in the business of selling food or drink, if the tax is measured by the number or price of items or meals.

SEC. 9. *Records.* You must observe all the record keeping requirements of General Order No. 50. This order requires among other things that you do the following:

(a) *Customary records.* You must preserve all your existing records relating to your prices, costs, and sales. You must also continue to maintain such records as you ordinarily kept. All such records shall be subject to examination by the Office of Price Administration.

(b) *Records of the seven-day period.* You must make available for examination by any person during ordinary business hours a copy of each menu used by you in the seven-day period. If you did not use menus, you must prepare in duplicate and make available for such examination a list of the highest prices you charged in the seven-day period.

(c) *Future records.* Beginning with the effective date of this regulation, you must keep, for examination by the Office of Price Administration, two each of the menus used by you each day. If you do not use menus you must prepare in duplicate, and preserve for such examination, a record of the prices charged by you each day, except that you need not record prices which are the same as, or less than, prices you previously recorded for the same items or meals. If your establishment is in Wayne County, Michigan, and you were subject to the provisions of Restaurant Maximum Price Regulation No. 3–3, and accordingly maintained records similar to the above for the effective period of said Restaurant Maximum Price Regulation No. 3–3, you shall also preserve such records for future reference.

SEC. 10. *Posting.* (a) If you made menus available to customers in the seven-day period April 4 to April 10, inclusive, you shall continue to make them available. All menus shall include prices for meals and food items offered.

(b) Within one week after the effective date of this order:

(1) Your menus must contain in clear and legible printing or writing, the following statement:

All prices listed are at or below our ceiling price, which, by OPA regulation, are the highest prices we charged for the same item or meal from April 4 to April 10, 1943. Our records of prices for such period are available for your inspection.

(2) In addition to the above statement, whenever a meal or food item appears on a menu or price list at a price below the ceiling price, an asterisk shall appear beside the price. The asterisk shall be explained on the menu by clear and legible printing or writing as follows: *Below Our Ceiling Price.

(c) If you did not use menus during the April 4–10 period, you may either (1) institute the use of menus, abiding by the foregoing requirements, or (2) you must post a price list including prices for all meals and food items offered, near the cashier's desk, if any, or in such other location in your establishment that it may be easily seen and read by customers at the time of purchase. Such price list shall conform to the requirements of paragraph (b) above.

(d) If your establishment is in Wayne County, Michigan, and you were subject to the provisions of Restaurant Maximum Price Regulation No. 3–3, you must comply with the above posting provision as of the effective date hereof.

SEC. 11. *Operation of several places.* If you own or operate more than one eating or drinking place, you must do everything required by this regulation for each place separately.

SEC. 12. *Relation to other maximum price regulations.* The provisions of this regulation shall not apply to any sale for which a maximum price is established by any other regulation, including the General Maximum Price Regulation, now or hereafter issued by the Office of Price Administration.

For example, bottles of milk and beer remain subject to the GMPR as amended.

SEC. 13. *Geographical application.* The provisions of this order shall be applicable to all eating and drinking places (as hereinafter defined in section (15) (e)) located in the Counties of Clinton, Eaton, Hillsdale, Ingham, Jackson, Lenawee, Livingston, Macomb, Monroe, Oakland, St. Clair, Washtenaw, and Wayne in the State of Michigan.

SEC. 14. *Enforcement.* Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension of licenses provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 15. *Definitions and explanations.* (a) "Person" means individual, corporation, partnership, association or any other organized group of persons or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, any other government, or any of its political subdivisions, and any agency of any of the foregoing.

(b) "Meal" means a combination of food items sold at a single price. Examples of meals are a five-course dinner, a club breakfast, and a blueplate special. Two or more kinds of food which are prepared or served to be eaten together as one dish are not a "meal." Examples of such dishes are: ham and eggs, bread and butter, apple pie and cheese.

(c) "Offered" means offered for sale and includes the listing or posting of prices for items and meals even though the items and meals so offered were not actually on hand to be sold.

(d) "Food item" means an article or portion of food (including beverages) sold or served by an eating or drinking place for consumption in or about the place or to be taken out for eating without change in form or additional preparation. It includes two or more kinds of food which are prepared or served to be eaten together as one dish, such as ham and eggs, bread and butter, apple pie and cheese.

(e) "Eating and drinking place" shall include any place, establishment or location, whether temporary or permanent, from which any food item or meal is sold, except those which are specifically exempted in section (16) hereof. It shall include by way of example, but not by way of limitation, such movable places where food is dispensed as field kitchens, lunch wagons, "Hot Dog" carts, etc.

(f) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 and in the General Maximum Price Regulation, issued by the Office of Price Administration, shall apply to other terms used herein.

SEC. 16. *Exemptions.* Sales by the following eating or drinking places are specifically exempted from the provisions of this regulation:

(a) Eating and drinking places located on church, temple or synagogue premises and operated in connection with special church, temple or synagogue, Sunday School or other religious occasions.

(b) Railroad dining cars.

(c) Hospitals, except for food items and meals served to persons other than the patients, when a separate charge is made for such food items and meals.

SEC. 17. *Provision for amendments and adjustments*—(a) *Amendments.* The provisions of this regulation to the contrary notwithstanding, the Office of Price Administration may from time to time issue special orders providing for the reduction of the maximum price of any food items or items or meal or meals sold or offered for sale by any seller or sellers when, in the judgment of the Administrator, such action is necessary or desirable to prevent excessive charges, to prevent inflation, to stabilize prices affecting the cost of living, or to carry out the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328.

(b) *Adjustments.* The Office of Price Administration may adjust the maximum prices for any eating or drinking establishment under the following circumstances:

(1) The establishment will be forced to discontinue operations unless it is granted an adjustment of the maximum prices established by this regulation.

(2) Such discontinuance will result in serious inconvenience to consumers in that they will either be deprived of all restaurant service or will have to turn to other establishments that present substantial difficulties as to distance, hours of service, selection of meals or food items offered, capacity, or transportation.

(3) By reason of such discontinuance, the same meals or food items will cost the customers of the eating establishment as much or more than the proposed adjusted prices.

If you are the proprietor of an eating establishment which satisfies the requirements specified above, you may apply for an adjustment of your maximum prices by submitting to your Office of Price Administration District Office an application in duplicate. The application should contain the following information:

(1) Your name and address.

(2) A description of your eating establishment, including the type of service rendered, such as cafeteria, table service, etc.; classes of meals offered, such as breakfast, lunch and dinner; number of persons served per day during the most recent thirty-day period (in counting the number of persons served, anyone who was served more than once is to be counted separately for each occasion he was served); and such other information that may be useful in classifying your establishment.

(3) The reasons why your customers will be seriously inconvenienced if you discontinue operations.

(4) The names and addresses of the three nearest eating places of the same type as yours.

(5) A list showing your present maximum prices and requested adjusted prices.

(6) A profit and loss statement for your restaurant business for the most recent three-month accounting period, and a copy of your last income tax return if one was filed separately for your restaurant business.

Applications for adjustment under this section may be acted upon by the Regional Administrator or by any District Director who has been authorized to do so by order of the Regional Administrator.

SEC. 18. *Licensing.* The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation are applicable to every person subject to this Restaurant Maximum Price Regulation Number 3–6.

SEC. 19. *Revocation.* This regulation supersedes and replaces and revokes Restaurant Maximum Price Regulation No. 3-3 which became effective the 12th day of May 1943, and which was applicable to Wayne County, Michigan, only: *Provided, however,* That this regulation shall not annul, invalidate, interfere with or otherwise affect any action or proceedings undertaken, or any cause of action which may have arisen thereunder.

Effective date. This regulation shall be effective June 29, 1943.

NOTE: The reporting provisions of this regulation have been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

Issued this 22d day of June 1943.

BIRCKETT L. WILLIAMS,
Regional Administrator.

PART 1448—EATING AND DRINKING ESTABLISHMENTS

[Restaurant MPR 4–1, Amdt. 2]

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION IN CERTAIN SOUTHERN STATES

For the reasons set forth in the statement of considerations issued simultaneously herewith, and under the authority vested in the Regional Price Administrator of Region IV by the Emergency Price Control Act of 1942, as amended, Executive Order 9250, Executive Order 9328, and General Order 50, section (e), *It is hereby ordered,* That Restaurant Maximum Price Regulation 4–1 be amended by adding two new paragraphs to section 17 to be known as paragraphs (e) and (f) as set forth below:

(e) Eating and drinking places operated by any school, college or university which is a non-profit institution (that is, where no part of the net earnings inures to the benefit of any private shareholder or individual), which sells food items or meals on a non-profit or cost basis (or as near thereto as reasonable accounting methods will permit), and substantially all sales of which are made to students, faculty members and employees of such institution. For purposes of this paragraph, persons receiving instruction on the premises of such institution by arrangement with the War Department or Department of the Navy shall be considered students.

(f) Eating cooperatives formed by officers in the Armed Forces (as, for example, officers' mess) operated as a non-profit cooperative (where no part of the net earnings inures to the benefit of any individual), which sells food items or meals on a cost basis (or as near thereto as reasonable accounting methods will permit), and substantially all sales of which are made to officers who are members of the cooperative.

This Amendment 2 to Restaurant Maximum Price Regulation No. 4–1 shall become effective June 29, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 23d day of June 1943.

PART 1448—EATING AND DRINKING ESTABLISHMENTS

[Rev. Restaurant MPR 7–1, Amdt. 1]

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION IN CERTAIN WESTERN STATES

Pursuant to the Emergency Price Control Act of 1942, as amended, and paragraph (e) of General Order No. 50, and for the reasons set forth in a Statement of Considerations isued simultaneously herewith, it is hereby ordered that the above described regulation be amended in the following respects:

1. A new section designated section 8a is added to read as follows:

SEC. 8a. *Seasonal eating and drinking places*—(a) *Exempt places.* If you are the proprietor of a seasonal eating or drinking place that:

(1) Was not open during the base period from April 4 to 10, 1943,

(2) Receives 90 percent or more of its total annual revenue during four calendar months of the year,

(3) Is located in an area for which no Maximum Rent Regulation has been issued,

the prices for food items and meals offered by you in that place are exempt from control.

You must not regard this exemption as relieving you from the obligations imposed upon you by General Order No. 50, and you are still subject to the provisions of section 19 of this regulation. Pursuant to this latter section the Administrator will by special order establish maximum prices for any seasonal eating or drinking place which takes undue advantage of the exemption.

(b) *Non-exempt places.* If you are the proprietor of a seasonal eating or drinking place which is not exempt under the terms of paragraph (a) you must figure your ceiling prices as follows:

(1) If the place was in operation during the base period from April 4 to April 10, 1943, use the rules set forth in sections 2 and 3.

(2) If the place was not in operation during the base period from April 4 to April 10, 1943, but another place of the same type and within a reasonable distance was in operation during that period, fix your ceiling prices as a new proprietor under the terms of section 8 (b).

(3) If you cannot price under subparagraphs (1) or (2) above, you must apply for a price to the OPA District Office for the area in which the place is located.

2. *Right to revoke or amend.* This amendment may be revoked, modified or amended at any time by the Price Administrator or the Regional Administrator.

This amendment shall become effective on June 21, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871, and E.O. 9328, 8 F.R. 4681)

Issued this 15th day of June 1943.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A–1991]

BUTTERWORTH COAL COMPANY

NOTICE OF AND ORDER FOR HEARING AND ORDER GRANTING TEMPORARY RELIEF

In the matter of the petition of Butterworth Coal Company for permission to mix the coals produced at the Mine Index No. 3529 with the coals of Mine Index No. 73 for rail shipment.

An original petition and an amendment thereto, pursuant to the Bituminous Coal Act of 1937, having been duly filed with the Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on August 5, 1943, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal

Division, Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is ordered, That W. A. Cuff, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of facts and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petition of intervention shall be filed with the Bituminous Coal Division on or before July 31, 1943.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the original petition and an amendment thereto filed with the Division by Butterworth Coal Company, a code member in District No. 1, requesting permission to mix the coals produced at Mine Index No. 3529 of Frank De Petro with the coals produced at Mine Index No. 73 of Butterworth Coal Company, for shipment by rail, at Garman, Pennsylvania, on the Pennsylvania Railroad.

It is further ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 1 for All Shipments Except Truck, is supplemented to include the price classifications and minimum prices in the schedule marked Temporary Supplement R annexed hereto and made a part hereof.

Notice is hereby given that applications to stay, terminate, or modify the temporary relief herein granted may be filed with the Division pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: July 5, 1943.

[Docket No. G-230]

TENNESSEE GAS AND TRANSMISSION COMPANY

ORDER REOPENING HEARING AND SETTING DATE THEREOF

JULY 5, 1943.

It appearing to the Commission that the Applicant in this proceeding, Tennessee Gas and Transmission Company, for a certificate of public convenience and necessity under Section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of facilities for the transportation and sale of natural gas in interstate commerce, has made a partial showing for such a certificate upon the record heretofore made, all of which matters are more fully set out in the Commission's Opinion and Finding No. 93, which is hereby referred to and made a part hereof by reference.

The Commission, having considered the application filed, the testimony and evidence adduced at the public hearings hereon heretofore held, and the record made herein, orders that:

(A) Further hearings in this proceeding be held commencing on September 8, 1943, at 9:45 a. m. (e. w. t.) in the Commission's Hearing Room, Hurley-Wright Building, 1800 Pennsylvania Avenue, N. W., Washington, D. C., upon the Applicant's ability to meet the requirements referred to in the Commission's above cited Opinion and Finding;

(B) If prior to the hearing date fixed in item (A) hereof, the Applicant desires to go forward with the presentation of further evidence upon the pertinent issues, upon ten days' notice thereof the date for hearing may be advanced by the Commission;

(C) Interested State commissions and interveners of record may continue participation in this proceeding, as provided in the Provisional Rules of Practice and Regulations under the Natural Gas Act.

[Region VII Order G-1 Under MPR 376]

FRESH FRUITS AND VEGETABLES IN COLORADO AND WYOMING

Order No. G-1 under section 4 (c) of Maximum Price Regulation No. 376; adjustment of maximum prices for certain fresh fruits and vegetables when sold otherwise than at retail in the States of Colorado and Wyoming.

For the reasons set forth in an opinion issued simultaneously herewith and upon the authority vested in the Regional Administrator by section 4 (c) of Maximum Price Regulation No. 376, *It is hereby ordered:*

(a) *Commodities covered.* This order covers each kind, variety, and type of the following fresh vegetables when grown in or brought into the State of Colorado:

(1) Tomatoes	(5) Green peas
(2) Snap beans	(6) Lettuce
(3) Carrots	(7) Spinach
(4) Cabbage	

The fresh vegetables listed above are referred to in this order as the "listed commodities".

(b) *Geographical applicability.* The provisions of this order are limited in their geographical application to the states of Colorado and Wyoming.

(c) *Transactions covered.* (1) In Colorado, this order applies to all sales except those expressly exempted by paragraph (e) hereof.

(2) In Wyoming, this order applies only to sales when the "listed commodities" were grown in Colorado or if not grown there, were brought into the State of Colorado and there re-sold in less then carlots or less than trucklots to a primary distributor or an intermediate seller who re-sells the same in Wyoming.

(d) *Applicability of Maximum Price Regulation No. 376 and other regulations.* Except insofar as the same are inconsistent with or contrary to the terms and provisions of this Order No. G-1, all of the terms and provisions of Maximum Price Regulation No. 376 shall be applicable hereto with like force and effect as though re-written herein. The maximum prices for the "listed commodities" heretofore established by Order No. G-1 under § 1439.253a (c) of Temporary Maximum Price Regulation No. 28, and Order No. G-2 under § 1439.253a (c) of Temporary Maximum Price Regulation No. 28 and § 1439.304 (c) of Temporary Maximum Price Regulation No. 29, are hereby modified in accordance with the provisions of this order.

(e) *Exempt sales.* The provisions of this order shall not apply to the following:

(1) Sales and deliveries at retail which shall continue to be priced under Maximum Price Regulation No. 268, except sales at retail by a grower or by a wayside market stand, which are covered by this order.

(2) Deliveries to the United States or any agency thereof under contract entered into prior to February 18, 1943, (as to tomatoes, snap beans, carrots, cabbage, and green peas) and February 20, 1943, (as to lettuce and spinach).

(3) Sales and deliveries by a farmer of any listed commodity grown on his farm to a country shipper. This regulation shall apply to any sales and deliveries by a farmer directly to wholesalers, retailers, and commercial, industrial and institutional users, except sales and deliveries to processors, such as but not limited to, canners, packers, manufacturers, or dehydrators.

(f) *Prohibition against sales above maximum prices.* On and after the effective date of this order, regardless of any contract or other obligation, no person shall sell or deliver and no person in the course of trade or business shall buy or receive any of the "listed commodities" at prices higher than the maximum prices established by this order and no person shall agree, offer, solicit or attempt to do any of the foregoing. Lower prices than the maximum price may be charged and paid.

(g) *Definitions.* When used in this order, the term:

(1) "Person" includes individuals, corporations, partnerships, associations, or any legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government or any of its political subdivisions or any agency of any of the foregoing.

(2) "Grower" means a person who produces one or more of the "listed commodities".

(3) "Country shipper" means any person, including a grower, who makes sales and deliveries from his farm or country shipping point to any other person and whose sales are covered by the maximum prices set forth in paragraph (p) hereof.

(4) "Carlot or trucklot distributor" means a person other than a country shipper who purchases the "listed commodities" in straight or mixed carlots or in straight or mixed trucklots and re-sells the same in unbroken carlots or unbroken trucklots in a terminal market or other wholesale receiving point.

(5) "Primary distributor" means a person who maintains an established place of business at a terminal or wholesale market and who either by himself or jointly with other primary distributors, purchases the "listed commodities" in straight or mixed carlots or straight or mixed trucklots and breaks the shipment and re-sells in smaller lots without materially changing the form, to intermediate sellers or to retailers. A truck or a truck stand shall not be deemed to be an "established place of business" within the meaning of this order; but a stall in a public market shall be deemed to be such place of business.

(6) "Intermediate seller" means any person (other than a country shipper or retailer) who purchases from a primary distributor any one or more of the "listed commodities" in less than carlots or trucklots for the purpose of re-selling and who takes title and makes sales to any person who is not an ultimate consumer. The term "ultimate consumer" shall not include industrial, commercial, or institutional users (including procurement agencies of the United States or of any State).

(7) "Retailer" means a person who makes sales to ultimate consumers.

(8) "Sales and deliveries at retail" means sales by retailers. Sales to industrial, commercial, or institutional users (including procurement agencies of the United States or of any State) shall not be construed to be sales at retail.

(9) "Country shipping point" means the first place in or near the producing area in the State of Colorado where any one or more of the "listed commodities" is made ready for shipment to any person.

(10) "Cost of transportation" means freight by common, contract, or private carrier not to exceed the lowest common or contract carrier rate for available transportation over a distance of 25 miles or more, and includes charges incurred for pre-cooling, initial icing, and other protective services.

(11) Unless the context otherwise requires, the definitions set forth in Section 13 of Maximum Price Regulation No. 376 shall apply to other terms used herein.

(h) *Maximum prices for country shippers.* Maximum prices for all sales made at a country shipping point shall be the prices specified in the tables set forth in paragraph (p) hereof.

(i) *Maximum prices for carlot or trucklot distributors.* If any person, (1) purchases any one or more of the "listed commodities" in straight or mixed carlots at a country shipping point in Colorado and re-sells the same in straight or mixed carlots in a terminal market or other wholesale receiving point in Colorado or Wyoming; or (2) purchases any one or more of the "listed commodities" in straight or mixed trucklots at a country shipping point in Colorado and re-sells the same in straight or mixed trucklots (without breaking the original trucklots) at a terminal market or other wholesale receiving point in Colorado or Wyoming, the maximum price shall be the maximum price at the country shipping point plus the cost of transportation from the country shipping point to the terminal market or other wholesale receiving point plus a brokerage charge, if actually incurred, not to exceed the broker's maximum service charge as established under § 1499.101 (c) (17) of Maximum Price Regulation No. 165 and duly filed with the proper War Price and Rationing Board.

(j) *Classes of primary distributors and intermediate sellers.* For the purposes of this order, primary distributors

and intermediate sellers shall be divided into the following classes:

CLASS I: *Retailer-owned cooperative seller.* A retailer-owned cooperative primary distributor or intermediate seller is either a nonprofit organization or a corporation, 51% or more of the stock of which is owned by its retailer customers and which purchases and re-sells the "listed commodities" without materially changing their form.

CLASS II: *Cash-and-carry seller.* A cash-and-carry seller is a seller not in Class I who customarily buys and re-sells the "listed commodities" to intermediate sellers, retail stores, or to commercial, industrial, or institutional users without materially changing their form and who does not customarily deliver or extend credit to customers.

CLASS III: *Service seller.* A service seller is a seller not in Class I who customarily purchases and re-sells the "listed commodities" to chain stores, independent retail stores or to commercial, industrial, or institutional users without materially changing their form and who customarily delivers and extends credit to customers.

(k) *Maximum prices for primary distributors.* (1) A primary distributor's "base price" shall be the country shipping point price when the "listed commodities" are grown in Colorado, plus cost of transportation, plus a brokerage charge, if actually incurred, not to exceed the broker's maximum service charge as established under § 1499.101 (c) (17) of Maximum Price Regulation No. 165 and duly filed with the proper War Price and Rationing Board; and when the "listed commodities" are grown outside of Colorado, the "base price" of a primary distributor whose place of business is in Colorado shall be the net cost to him delivered at his customary receiving point when purchased from a customary supplier in straight or mixed carlots or in straight or mixed trucklots, not, however, to exceed the maximum price of his supplier plus cost of transportation, and plus a brokerage charge as hereinabove specified in this paragraph.

(2) The maximum price for any one of the "listed commodities", when sold by a Class I or Class II primary distributor, shall be such primary distributor's "base price" multiplied by 1.095; and the maximum price for any one of the "listed commodities", when sold by a Class III primary distributor, shall be such primary distributor's "base price" multiplied by 1.175.

(l) *Maximum prices for intermediate sellers.* (1) An intermediate seller's "base price" for any one of the "listed commodities", when purchased from a primary distributor, shall be the "base price" of his supplier. In all such transactions it shall be the duty of the seller to furnish the buyer a statement either upon the face of the invoice or by separate instrument, showing the seller's "base price" and how it was arrived at.

(2) The maximum price for any one of the "listed commodities" when sold by a Class I or Class II intermediate seller shall be such intermediate seller's "base price" multiplied by 1.20 plus cost of transportation and the maximum price for any one of the "listed commodities" when sold by a Class III intermediate seller shall be such intermediate seller's "base price" multiplied by 1.29. *Provided, however,* That an intermediate seller who purchases from another intermediate seller shall have for his maximum price the maximum price of the intermediate seller from whom he purchased.

(m) *Maximum prices for sales at retail by a grower or a wayside market stand.* The maximum prices for a grower or a wayside market stand on sales made to an ultimate consumer shall be the country shipping point price multiplied by 1.40.

(n) *Notification by intermediate seller.* Every sale of a "listed commodity" by an intermediate seller to another intermediate seller shall be accompanied by a notification in writing showing the seller's maximum price for such sale.

(o) *What specified markups include.* The maximum markups provided herein for primary distributors and intermediate sellers include all commissions and brokerage charges, if any, and all other items of cost involved in making local deliveries within a seller's customary free delivery zone. Any primary distributor or intermediate seller delivering the "listed commodities" to institutions or retail stores outside his free delivery zone may charge different delivered prices in such other areas or zones in which deliveries are made as follows:

(1) He first determines his delivered price for each area or zone by adding to his prices established by this order an amount not exceeding the average cost of delivery to the institutions or retailers in the area or zone.

(2) In determining the average cost of delivery to the retailers in the area or zone no rate shall be used which is in excess of the lowest common or contract carrier rate for available transportation.

(3) If such a delivery charge is made, the amount thereof shall be included as part of the maximum price established by this order. Before using such area or zone differential, the primary distributor or intermediate seller shall report it in writing to the nearest Regional or State office of the Office of Price Administration having jurisdiction over the seller.

(p) *Maximum prices at country shipping point in Colorado.*

LAUNDRY AND CLEANING SERVICES IN LOS ANGELES AREA

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1499.114 (d) of Maximum Price Regulation No. 165 as amended, *It is hereby ordered:*

(a) The adjusted maximum prices which power laundries located in the Los Angeles area as herein defined may charge for family laundry services, and for those industrial laundry and cleaning services which are described in Appendix A attached hereto, shall be those set forth in the said Appendix A.

(1) Except as otherwise expressly provided, the adjusted maximum prices shall be those specified in Column 1 of Appendix A.

(2) In the case of dry wash (fluff dry), semifinish (rough dry), family flat and finished service supplied by American Steam Laundry, 1705 Hooper Avenue, Los Angeles, and Sav-a-Day Laundry, 6101 Santa Fe Avenue, Huntington Park, California, the adjusted maximum prices shall be those set forth in Column 2 of Appendix A.

(3) In the case of dry wash (fluff dry), and semifinish (rough dry) service supplied by Peerless Laundry, 5862 South Main Street, Los Angeles, the adjusted maximum prices shall be those set forth in Column 3 of Appendix A.

(4) In the case of finished service supplied by the following laundries, the adjusted maximum prices shall be those set forth in Column 3 of Appendix A.

Modern Craft Laundry, 900 N. Labrea, Hollywood, California.
Hollywood Laundry, 1020 Lillian Way, Los Angeles, California.
Beverly Hills Laundry, 321 N. Maple Dr., Beverly Hills, California.
California Laundry, 1025 N. Vine, Los Angeles, California.
Craig Laundry, 900 N. Highland Ave., Los Angeles, California.
Peerless Laundry, 5862 S. Main St., Los Angeles, California.
Riverview Laundry, 451 San Fernando Rd., Los Angeles, California.
French Colonial Laundry, 601 S. Figueroa St., Los Angeles, California.

(5) In the case of the service of laundering or cleaning overalls and coveralls supplied by the following laundries, the adjusted maximum prices shall be those set forth in Column 4 of Appendix A.

Welch Overall and Uniform Cleaning Co., 3505 Pasadena Ave., Los Angeles.
Prudential Laundry Company, 850 W. Slauson St., Los Angeles.
California Overall Cleaning Co., 959 E. 31st St., Los Angeles.
Los Angeles Overall Cleaning Co., 2420 E. 58th St., Los Angeles.
Johnson Overall Cleaning Co., North Hollywood.

(6) The adjusted maximum price of a family laundry service which does not conform exactly to the description of *one* of the listed family services in Appendix A, shall be that of the listed service all of whose specifications are met by the unlisted service. Thus, where an unlisted service offers more elements of laundry service than a particular listed service, but does not meet the specifications of a higher-priced listed service, its maximum price shall be that of the lower-priced listed service.

(7) In finished service, starch must be supplied where necessary for proper finishing of wearing apparel (including shirts) unless the customer requests no starch.

(8) In the case of finished service, any power laundry may impose a minimum charge of 50¢ (before discount) for cash and carry customers and a minimum charge of $1.50 for delivery customers.

(9) Any power laundry which customarily allowed a discount for cash and carry service during March 1942 must maintain a discount, the amount of which shall be at least 20% in the case of all laundries not expressly named in this sub-paragraph, 15% in the case of the French Colonial Laundry, 601 S. Figueroa St., Los Angeles, and 10% in the case of the following laundries:

Peerless Laundry, 5862 S. Main St., Los Angeles.
Modern Craft Laundry, 900 N. Labrea, Los Angeles.
Sav-a-Day Laundry, 6101 Santa Fe Ave., Huntington Park.
Beverly Hills Laundry, 321 N. Maple Dr., Beverly Hills, Calif.
Craig Laundry, 900 N. Highland Ave., Los Angeles.

(10) Any item of family laundry service for which no adjusted maximum price is fixed by this order shall be subject to the maximum price established pursuant to Maximum Price Regulation No. 165 as amended.

(b) The adjusted maximum prices which power laundries located in the Los Angeles area may charge for military laundry, washed and dried or washed and returned finished ready for use, shall be the prices set forth in Appendix B attached hereto.

(c) The adjusted maximum prices which any power laundry in the Los Angeles area may charge for commercial and institutional flat work, washed and returned finished ready for use shall be the prices set forth in Column 1 of Appendix C attached hereto except that in the case of commercial or institutional flat work supplied to hotels having 75 rooms or less or to apartment houses having 50 units or less, the adjusted maximum prices shall be those set forth in Column 2 of Appendix C. For the purposes of this paragraph, the term "commercial or institutional flat work" means flat work sold to commercial and institutional users including governmental users.

(d) *Definitions.* For the purposes of this order:

(1) "Los Angeles area" means the city of Los Angeles except the portion thereof lying south of Rosecrans Avenue and the cities of Inglewood, Culver City, Huntington Park and Beverly Hills in the State of California.

(2) "Power laundry" includes all establishments offering laundry services for sale, except such hand laundries as do not use power machinery to wash laundry.

(3) "Ready for use" refers to laundry which has been pressed or ironed by machine, but which need not have been ironed by hand.

(e) Within 30 days after the effective date of this order, each power laundry located in the Los Angeles area and offering family laundering services shall post in its establishment, in a place and manner so that it is plainly visible to members of the public entering the establishment, a placard or other statement stating the adjusted maximum prices applicable to that establishment under this order, and the applicable maximum prices for any other family laundry services offered by the establishment. Within 30 days after the effective date of this order each power laundry in the Los Angeles area shall furnish to each customer a statement describing the family laundry services offered as they are described in Appendix A and stating the maximum prices of each. Similar statements shall be furnished thereafter to new customers.

(f) No power laundry in the Los Angeles area may refuse to supply any laundry service which it supplied in March 1942, if it supplies or offers to supply any higher priced service which includes the same or substantially the same processes (with or without additional processes), as the lower price service; except that a laundry may substitute for any family laundry service supplied in March 1942 which is not described in Appendix A that service listed in Appendix A which most closely resembles it in specifications and price.

This order may be amended, revoked or corrected at any time.

This order shall take effect June 28, 1943.

(Pub. Laws 421 and 729, 77th Cong., E.O. 9250, 7 F.R. 7871)

Issued this 24th day of June 1943.

FRANK E. MARSH,
Regional Administrator.

SECURITIES AND EXCHANGE COMMISSION.

[File Nos. 59-55, 37-30]

COMMUNITY GAS AND POWER COMPANY, ET AL.

ORDER REQUIRING SIMPLIFICATION OF HOLDING COMPANY SYSTEM AND RELATED ACTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 2nd day of July, A. D. 1943.

In the matter of Community Gas and Power Company, American Gas and Power Company and the subsidiary companies thereof; File No. 59-55 and Public Utilities Management Corporation; File No. 37-30.

The Commission having instituted proceedings with respect to Community Gas and Power Company, American Gas and Power Company, and the subsidiary companies thereof, under sections 11 (b) (1), 11 (b) (2), 12 (c), 12 (f), 13, 15 and 20 (a) of the Public Utility Holding Company Act of 1935;

Hearings having been held after appropriate notice, and the Commission being fully advised and having this day issued its findings and opinion herein;

On the basis of said findings and opinion, *It is hereby ordered*, Pursuant to section 11 (b) (1) of said Act, that American Gas and Power Company shall limit the operations of its holding company system by severing its relationships with the companies named hereafter, by disposing or causing the disposition, in any appropriate manner not in contravention of the applicable provisions of said Act or the rules, regulations or orders promulgated thereunder, of its direct and indirect ownership, control and holding of securities issued and properties owned, controlled or operated by such companies:

Birmingham Gas Company
Savannah Gas Company
Jacksonville Gas Company
St. Augustine Gas Company
Bangor Gas Company
Lowell Gas Light Company
American Utilities Associates;

It is further ordered, Pursuant to section 11 (b) (2) of said Act, that the steps enumerated below be taken by the companies indicated, in any appropriate manner not in contravention of the applicable provisions of said Act or the rules, regulations or orders promulgated thereunder:

1. That the corporate existence of Community Gas and Power Company be terminated and that said company be liquidated and dissolved;

2. That the existence of American Utilities Associates be terminated and that American Utilities Associates be liquidated and dissolved; and

3. That American Gas and Power Company change its present capital structure consisting of secured debentures, indebtedness owed to subsidiary companies, and common stock, into a capital structure consisting of one class of stock, namely common stock.

It is further ordered, Pursuant to section 12 (c) of said Act and Rule U-100 of the general rules and regulations promulgated under said Act, that American Gas and Power Company shall not acquire, retire, or redeem any of its outstanding debentures (with the exception of debentures held in the treasury of said company at the date hereof) except pursuant to a declaration effective in accordance with the procedure specified in Rule U-23, and that the exemptions provided by paragraphs (b) (4), (5, and (6) of Rule U-42 be and hereby are withdrawn as applied to any future acquisition, retirement, or redemption of any of said outstanding debentures.

It is further ordered, Pursuant to section 13 of said Act, that Post Amendment No. 1 to Application for Approval of Mutual Service Company, filed by American Gas and Power Company and Public Utilities Management Corporation, be and hereby is approved, and that the transactions proposed therein be carried into effect forthwith; and such transactions are hereby declared exempt from section 9 (a) of said Act pursuant

to the provisions of paragraph (b) of Rule U-40, and from the requirements of Rule U-43, paragraph (a), as provided in paragraph (b) (3) thereof.

And *It is further ordered:*

(1) That jurisdiction be and hereby is reserved to the Commission to consider all other issues raised in the Commission's notice and order for hearing of September 24, 1942, with respect to the aforementioned companies and not yet decided, including among others, questions relating to the disposition of the proceeds of any sales consummated pursuant to section 11 (b) (1) of said Act, the corporate structure of Minneapolis Gas Light Company under sections 11 (b) (2), 12 (c) and 12 (f) of said Act, accounts under sections 15 (a), 15 (f) and 20 (a) of said Act, and the continued existence of American Gas and Power Company under section 11 (b) (2) of said Act; and

(2) That the Commission's findings, opinion and order herein shall be without prejudice to the right of the Commission to enter such other and further orders from time to time as the Commission may deem necessary or appropriate to secure compliance by the respondents with the provisions of the Act and the pertinent rules, regulations and orders thereunder.

By the Commission.

INTERSTATE POWER COMPANY

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania on the 5th day of July, A. D. 1943.

Notice is hereby given that an application or declaration (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Interstate Power Company (Del.), a registered holding company and a subsidiary of Ogden Corporation, also a registered holding company; and

Notice is further given that any interested persons may, not later than July 19, 1943 at 5:30 p. m., e. w. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such application or declaration, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania.

All interested persons are referred to said application or declaration, which is on file in the office of said Commission for a statement of the transaction therein proposed, which is summarized below:

Interstate Power Company (Del.) proposes to settle and adjust the intercompany open account indebtedness of $252,567.59 owed to it by its wholly-owned subsidiary, Interstate Power Company of Wisconsin. In effecting such settlement and adjustment, it is proposed that the said subsidiary pay its parent the sum of $52,567.59 in cash in consideration of the forgiveness of the balance of said account, amounting to $200,000. The said subsidiary will credit its capital surplus in the amount of $200,000 and will use said amount of capital surplus for no other purpose than to absorb adjustments to be made on its books when the original cost of its utility plant is finally determined and approved by the Public Service Commission of Wisconsin.

Section 12 (b) of the Act and Rule U-45 have been designated as being applicable to the proposed transaction.

By the Commission.

I. Amends paragraph (d) of § 240.10a-1 *Short sales* [Rule X-10A-1] by deleting the word "or" at the end of subparagraph (7); by deleting the period at the end of subparagraph (8), and adding in lieu thereof a semi-colon and the word "or"; and by inserting a new subparagraph (9), reading as follows, after subparagraph (8):

(9) Any sale of a security on a national securities exchange effected in accordance with a special offering plan declared effective by the Commission pursuant to paragraph (d) of § 240.10b-2 [Rule X-10B-2].

II. Amends paragraph (d) of § 240.10b-2 *Solicitation of purchases on an exchange to facilitate a distribution of securities* [Rule X-10B-2] by deleting subparagraph (3) thereof, reading as follows:

(3) The provisions of this exemption shall terminate at the close of business on July 31, 1943, unless the Commission otherwise determines.

The Securities and Exchange Commission having declared effective on February 14, 1942, the plan for special offerings filed pursuant to Rule X-10B-2 (d) by the New York Stock Exchange and having declared effective on May 21, 1942, an amended plan for such special offerings; and the New York Stock Exchange, on July 1, 1943, having filed further amendments to its plan for such special offerings;

The Securities and Exchange Commission having heretofore declared effective for a limited period special offering plans of the New York Curb Exchange and the San Francisco Stock Exchange; and

The Securities and Exchange Commission having given due consideration to the special offering plan, as amended, of the New York Stock Exchange and to the advisability of extending the effectiveness of the special offering plan of th New York Curb Exchange and the San Francisco Stock Exchange for an indefinite period, and having due regard for the public interest and for the protection of investors, pursuant to the Securities Exchange Act of 1934, particularly sections 10 (b) and 23 (a) thereof, and Rule X-10B-2 thereunder, hereby declares the amended special offering plan of the New York Stock Exchange as filed on July 1, 1943, and the respective special offering plans of the New York Curb Exchanges and the San Francisco Stock Exchange as now effective, to be effective, on condition that if at any time it appears to the Commission necessary or appropriate in the public interest or for the protection of investors so to do, the Commission may suspend or terminate the effectiveness of any of said plans by sending at least ten days' written notice to the Exchange whose plan is being suspended or terminated.

Effective July 5, 1943.

By the Commission.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

[T. D. 5276]

Subchapter A—Income and Excess-Profits Taxes

PART 19—INCOME TAX UNDER THE INTERNAL REVENUE CODE

PENSION TRUSTS

In order to conform Regulations 103 [Part 19, Title 26, Code of Federal Regulations, 1940 Sup.] to section 162 of the Revenue Act of 1942 (Public Law 753, 77th Congress), approved October 21, 1942, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding section 19.165–1 the following:

SEC. 162. PENSION TRUSTS. (Revenue Act of 1942, Title I.)

(a) *Exemption of trusts.* Section 165 (relating to employees' trusts) is amended to read as follows:

SEC. 165. EMPLOYEES' TRUSTS.

(a) *Exemption from tax.* A trust forming part of a stock bonus, pension, or profit-sharing pl n of an employer for the exclusive benefit of his employees or their beneficiaries shall not be taxable under this supplement and no other provision of this supplement shall apply with respect to such trust or to its beneficiary—

(1) if contributions are made to the trust by such employer, or employees, or both, for the purpose of distributing to such employees or their beneficiaries the corpus and income of the fund accumulated by the trust in accordance with such plan;

(2) if under the trust instrument it is impossible, at any time prior to the satisfaction of all liabilities with respect to employees and their beneficiaries under the trust, for any part of the corpus or income to be (within the taxable year or thereafter) used for, or diverted to, purposes other than for the exclusive benefit of his employees or their beneficiaries;

(3) if the trust, or two or more trusts, or the trust or trusts and annuity plan or plans are designated by the employer as constituting parts of a plan intended to qualify under this subsection which benefits either—

(A) 70 per centum or more of all the employees, or 80 per centum or more of all the employees who are eligible to benefit under the plan if 70 per centum or more of all the employees are eligible to benefit under the plan, excluding in each case employees who have been employed not more than a minimum period prescribed by the plan, not exceeding five years, employees whose customary employment is for not more than twenty hours in any one week, and employees whose customary employment is for not more than five months in any calendar year, or

(B) such employees as qualify under a classification set up by the employer and found by the Commissioner not to be discriminatory in favor of employees who are officers, shareholders, persons whose principal duties consist in supervising the work of other employees, or highly compensated employees;

and

(4) if the contributions or benefits provided under the plan do not discriminate in favor of employees who are officers, shareholders, persons whose principal duties consist in supervising the work of other employees, or highly compensated employees.

(5) A classification shall not be considered discriminatory within the meaning of paragraphs (3) (B) or (4) of this subsection merely because it excludes employees the whole of whose remuneration constitutes "wages" under section 1426 (a) (1) (relating to the Federal Insurance Contributions Act) or merely because it is limited to salaries or clerical employees. Neither shall a plan be considered discriminatory within the meaning of such provisions merely because the contributions or benefits of or on behalf of the employees under the plan bear a uniform relationship to the total compensation, or the basic or regular rate of compensation, of such employees, or merely because the contributions or benefits based on that part of an employee's remuneration which is excluded from "wages" by section 1426 (a) (1) differ from the contributions or benefits based on employee's remuneration not so excluded, or differ because of any retirement benefits created under State or Federal law.

(6) A plan shall be considered as meeting the requirements of paragraph (3) of this subsection during the whole of any taxable year of the plan if on one day in each quarter it satisfied such requirements.

(b) *Taxability of beneficiary.* The amount actually distributed or made available to any distributee by any such trust shall be taxable to him, in the year in which so distributed or made available, under section 22 (b) (2) as if it were an annuity the consideration for which is the amount contributed by the employee, except that if the total distributions payable with respect to any employee are paid to the distributee within one taxable year of the distributee on account of the employee's separation from the service, the amount of such distribution to the extent exceeding the amounts contributed by the employee, shall be consirered a gain from the sale or exchange of a capital asset held for more than 6 months.

(c) *Treatment of beneficiary of trust not exempt under subsection* (a). Contributions to a trust made by an employer during a taxable year of the employer which ends within or with a taxable year of the trust for which the trust is not exempt under section 165 (a) shall be included in the gross income of an employee for the taxable year in which the contribution is made to the trust in the case of an employee whose beneficial interest in such contribution is nonforfeitable at the time the contribution is made.

* * * * *

(d) *Taxable years to which amendments applicable.* The amendments made by this section shall be applicable as to both the employer and employees only with respect to taxable years of the employer beginning after December 31, 1941, except that—

(1) In the case of a stock bonus, pension profit-sharing, or annuity plan in effect on or before September 1, 1942,

(A) such a plan shall not become subject to the requirements of section 165 (a), (3), (4), (5), and (6) until the beginning of the first taxable year beginning after December 31, 1942,

(B) such a plan shall be considered as satisfying the requirements of section 165 (a), (3), (4), (5), and (6) for the period beginning with the beginning of the first taxable year following December 31, 1942, and ending December 31, 1943, if the plan satisfies such requirements by December 31, 1943,

* * * * *

(2) In the case of a stock bonus, pension, profit-sharing or annuity plan put into effect after September 1, 1942, such a plan shall be considered as satisfying the requirements of section 165 (a) (3), (4), (5) and (6) for the period beginning with the date such plan is put into effect and ending December 31, 1943, if the plan satisfies such requirements by December 31, 1943.

PAR. 2. The heading of § 19.165–1 is amended to read as follows: *Employees' trusts for taxable years beginning prior to January 1, 1942.*

PAR. 3. There is inserted immediately following § 19.165–1 the following:

§ 19.165 (a) (1)–1 *Employees' trusts for taxable years beginning after December 31, 1941*—(a) *In general.* In order that a trust may be exempt under section 165 (a) it must be part of a stock bonus, pension, or profit-sharing plan of an employer for the exclusive benefit of his employees or their beneficiaries. The trust must be formed and availed of solely to aid in the proper execution of a plan which is a definite written program and arrangement communicated to the employees, solely designed and applied to enable such employees or their beneficiaries to share in the capital or profits of such employer's trade or business or to provide for the livelihood of such employees or their beneficiaries after the retirement of such employees.

The term "plan" implies a permanent as distinguished from a temporary program. While the employer may reserve the right to change or terminate the plan, and to discontinue contributions thereunder, if the plan is abandoned for any cause other than business necessity

within a few years after it has taken effect, this will be evidence that the plan from its inception was not a bona fide program for the exclusive benefit of employees in general. Especially, will this be true in the case of a pension plan under which pensions were fully funded for the highly paid employees or others in favor of whom discrimination is prohibited under section 165 (a), and which was abandoned soon after the pensions for such favored employees had been provided. The permanency of the plan will be indicated by all of the surrounding facts and circumstances, including the likelihood of the employer's ability to continue contributions as provided under the plan. In the event a plan is abandoned, the employer should promptly notify the Commissioner, stating the circumstances which led to the discontinuance of the plan.

If the plan is so designed as to amount to a subterfuge for the distribution of profits to shareholders, even if other employees who are not shareholders are included under the plan, it will not qualify as a plan for the exclusive benefit of employees. The plan must benefit the employees in general, although it need not provide benefits for all of the employees. Among the employees to be benefited may be persons who are officers and shareholders. However, a plan is not for the exclusive benefit of employees in general if it discriminates either in eligibility requirements, contributions, or benefits by any device whatever in favor of employees who are officers, shareholders, persons whose principal duties consist in supervising the work of other employees, or the highly compensated employees. See section 165 (a) (3), (4), and (5). All of the surrounding and attendant circumstances and the details of the plan will be indicative of whether it is a bona fide stock bonus, pension, or profit-sharing plan for the exclusive benefit of employees in general. The law is concerned not so much with the form of any plan as it is with its effects in operation. For example, in section 165 (a) (5) the law specifies certain provisions, which of themselves are not discriminatory, but this does not mean that a plan containing these provisions may not be discriminatory in actual operation.

A plan is for the exclusive benefit of employees or their beneficiaries even though it may cover former employees as well as present employees and employees who are temporarily on leave, as, for example, in the military or naval forces. A plan covering only former employees may qualify under section 165 (a) if it complies with the provisions of section 165 (a) (3) (B), with respect to coverage, and section 165 (a) (4), with respect to contributions and benefits, as applied to all of the former employees. The term "beneficiaries" of an employee within the meaning of section 165 includes the estate of the employee, dependents of the employee, persons who are the natural objects of the employee's bounty, and any persons designated by the employee to share in the benefits of the plan after the death of the employee.

No specific limitations are provided in section 165 (a) with respect to investments which may be made by the trustees of a trust qualifying under section 165 (a). The contributions may be used by the trustees to purchase any investments permitted by the trust agreement, to the extent allowed by local law. Where, however, the trust funds are invested in stock or securities of the employer, full disclosure must be made of the reasons for such arrangement and of the conditions under which such investments are made in order that the Commissioner may determine whether the trust serves any purpose other than constituting part of a plan for the exclusive benefit of employees.

(b) *Portions of years; affiliated corporations.* An exempt status must be maintained throughout the entire taxable year of the trust in order for the trust to obtain any exemption for such year. But see section 165 (a) (6) and § 19.165 (a) (3)–1. A trust forming part of a plan of affiliated corporations for their employees may be exempt if all the requirements are otherwise satisfied.

(c) *Proof of exemption.* Every trust claiming exemption for a taxable year beginning after December 31, 1941, must prove its right thereto by filing with the collector of the district in which the employer files his return: (1) An affidavit showing its character, purpose, activities, sources and disposition of corpus and income and every fact which might affect its status for exemption; (2) verified copies of the trust instrument and of the employer's plan, showing all amendments; (3) the latest financial statement, showing the assets, liabilities, receipts and disbursements of the trust; and (4) the information required under § 19.23 (p) (1)–2 in order to show that the trust forms part of a stock bonus, pension, or profit-sharing plan of an employer for the exclusive benefit of his employees or their beneficiaries, which plan meets the requirements of section 165 (a).

The collector upon receipt of the affidavit and other papers will forward them to the Commissioner for decision as to whether the trust is exempt. The information required in the preceding paragraph must be filed for each taxable year of the trust with respect to which this section is applicable, but the documents or information mentioned in items (1) and (2) of the preceding paragraph need not be filed with respect to other than the first of such taxable years, except when necessary to show changes occuring since the last filing.

§ 19.165 (a) (2)–1 *Impossibility of diversion under the trust instrument*—(a) *In general.* Under section 165 (a) (2) a trust is not exempt unless under the trust instrument it is impossible (in the taxable year and at any time thereafter prior to the satisfaction of all liabilities to employees or their beneficiaries covered by the trust) for any part of the trust corpus or income to be used for, or diverted to, purposes other than for the exclusive benefit of such employees or their beneficiaries. As used in section 165 (a) (2), the phrase "if under the trust instrument it is impossible" means that the trust instrument must definitely and affirmatively make it impossible for the nonexempt diversion or use to occur, whether by operation or natural termination of the trust, by power of revocation or amendment, by the happening of a contingency, by collateral arrangement, or by any other means. It is not essential that the employer relinquish all power to modify or terminate the rights of certain employees covered by the trust, but it must be impossible for the trust funds to be used or diverted for purposes other than for the exclusive benefit of his employees or their beneficiaries. As used in section 165 (a) (2), the phrase "purposes other than for the exclusive benefit of his employees or their beneficiaries" includes all objects or aims not solely designed for the proper satisfaction of all liabilities to employees or their beneficiaries covered by the trust.

(b) *Meaning of "liabilities".* The intent and purpose in section 165 (a) (2) of the phrase "prior to the satisfaction of all liabilities with respect to employees and their beneficiaries under the trust" is to permit the employer to reserve the right to recover at the termination of the trust, and only at such termination, such balance in the trust as is due to erroneous actuarial computations during the previous life of the trust. A balance due to an "erroneous actuarial computation" is the surplus arising because actual requirements differ from the expected requirements based upon previous actuarial valuations of liabilities or determinations of costs of providing pension benefits under the plan in accordance with reasonable assumptions as to mortality, interest, etc., and correct procedures relating to the method of funding, all as made by a careful person skilled in calculating the amounts necessary to satisfy pecuniary obligations of such a nature. For example, a trust has accumulated assets of $1,000,000 at the time of liquidation, determined by acceptable actuarial procedures using reasonable assumptions as to interest, mortality, etc., as being necessary to provide the benefits in accordance with the provisions of the plan. Upon such liquidation it is found that $950,000 will satisfy all of the liabilities under the plan. The surplus of $50,000 arises, therefore, because of the difference between the amounts actuarially determined and the amounts actually required to satisfy the liabilities. This $50,000, therefore, is the amount which may be returned to the employer as the result of an erroneous actuarial computation. If, however, the surplus of $50,000 had been accumulated as a result of a change in the benefit provisions or in the eligibility requirements of the plan, the $50,000 could not revert to the employer because such surplus would not be the result of an erroneous actuarial calculation. The term "liabilities" as used in section 165 (a) (2) includes both fixed and contingent obligations to employees. For example, if 1,000 employees are covered by a trust forming part of a pension plan, 300 of whom have satisfied all the requirements for a monthly pension, while the remaining 700 employees have not yet completed the required period of service, contingent obligations to such 700 employees have nevertheless arisen which constitute "liabilities" within the meaning of that term. It must be impossible for the employer (or other nonemployee) to recover any amounts other than such amounts as remain in the trust because of "erroneous actuarial computations" after the satisfaction of all fixed and contingent obligations, and the trust instrument must contain a definite affirmative provision to that effect whether the obligations to employees have their source in the trust instrument itself, in the plan of which the trust forms a part, or in some collateral instrument or arrangement forming a part of such plan, and whether such obligations are, technically speaking, liabilities of the employer, of the trust, or of some other person forming a part of the plan or connected with it.

§ 19.165 (a) (3)–1 *Requirements as to coverage.* In order to insure that stock bonus, pension, and profit-sharing plans are utilized for the welfare of employees in general, and to prevent the trust device from being used for the principal benefit of shareholders, officers, persons whose principal duties consist in supervising the work of other employees, or highly paid employees, or as a means of tax avoidance, a trust will not be exempt unless it is part of a plan which satisfies the coverage requirements of section 165 (a) (3). See § 19.165 (a) (4)–2 as to the effective date of section 165 (a) (3). The percentage requirements in section 165 (a) (3) (A) refer to a percentage of all the active employees, including employees temporarily on leave, such as those in the armed forces of the United States, if such employees are eligible under the plan. The application of section 165 (a) (3) (A) may be illustrated by the following example:

An employer adopts a plan at a time when he has 1,000 employees. The plan provides that all full-time employees who have been in the employment for a period of two years and have reached the age of 30 shall be eligible to participate. The plan also requires the participating employees to agree to contribute 3 percent of their monthly pay. At the time the plan is made effective 100 of the 1,000 employees had not been in the employment for a period of two years. 50 of the employees were seasonal employees whose customary employment was for not more than five months in any calendar year. 25 of the employees were part-time employees whose customary employment was for not more than 20 hours in any one week. 150 of the full-time employees who had been employed for two years or more had not yet reached age 30.

Section 165 (a) (3) (A) will be met if 540 employees are covered by the plan, as shown by the following computation:

1. Total employees with respect to which the percentage requirements are applicable (1,000—(100+50+25))	825
2. Employees not eligible to participate because of age requirements	150
3. Total employees eligible to participate	675
4. Percentage of employees in item 1 eligible to participate	81+
5. Minimum number of participating employees to qualify the plan (80 per cent of 675)	540

If only 70 per cent, or 578 of the 825 employees satisfied the age and service requirements, then 462 (80 per cent of 578) participating employees would satisfy the percentage requirements.

If a plan fails to qualify under the percentage requirements of section 165 (a) (3) (A), it may still qualify under subparagraph (B) of such section provided always that (as required by paragraphs (3) and (4) of section 165 (a)) the plan's eligibility conditions, benefits and contributions do not discriminate in favor of employees who are officers, shareholders, persons whose principal duties consist in supervising the work of other employees, or the highly compensated employees.

Section 165 (a) (5) sets out certain classifications that will not in themselves be considered discriminatory. However, those so designated are not intended to be exclusive. Thus, plans may quality under section 165 (a) (3) (B) which are limited to employees who have reached a designated age or have been in the employment for a designated number of years or are employed in certain designated departments or are in other classifications, provided that the effect of covering only such employees is not to discriminate in favor of officers, shareholders, employees whose principal duties consist in supervising the work of other employees, or highly compensated employees. For example, if there are 1,000 employees, and the plan is written for only salaried employees, and consequently only 500 employees are covered, that fact alone will not justify the conclusion that the plan does not meet the coverage requirements of section 165 (a) (3) (B), provided the classification as established does not discriminate in favor of shareholders, officers, employees whose principal duties consist in supervising the work of other employees, and the highly paid employees. If a contributory plan is offered to all of the employees, but the requirement of contribution by the employee participants is so burdensome as to make the plan acceptable only to the highly paid employees, the classification will be considered discriminatory in favor of such highly paid employees.

Section 165 (a) (5) contains a provision to the effect that a classification shall not be considered discriminatory within the meaning of subparagraph (B) merely because there are excluded from the plan employees whose annual remuneration is $3,000 or less and as to which the Social Security Act applies. This provision, in conjunction with subparagraph (B), is intended to permit plans to qualify which supplement the Social Security program. A classification which excludes all employees the whole of whose remuneration constitutes wages under section 1426 (a) (1) (relating to the Federal Insurance Contributions Act), or a classification including such employees in a plan under which the contributions or benefits based on that part of an employee's remuneration which is excluded from wages under such law differs from the contributions or benefits based on the employee's remuneration not so excluded, will not be a discriminatory classification merely because of such exclusion or difference. However, in making his determination with respect to discrimination in classification under section 165 (a) (3) (B) the Commissioner will consider whether the total benefits resulting to each employee under the plan and under such law or under such law only establish an integrated and correlated retirement system satisfying the tests of section 165 (a). Thus, a classification of employees under any plan which results in relatively or proportionately greater benefits for employees earning above any specified salary amount or rate than for those below such salary amount or rate may be found to be discriminatory within the meaning of subparagraph (B) unless such relative or proportionate differences in benefits as between employees resulting from such classification are approximately offset by the retirement benefits provided by the Social Security Act. For this purpose the total Social Security Act benefits of an employee, in view of the supplementary benefits provided by such law, may be considered as 150 percent of the primary insurance benefit provided thereby. A plan supplementing the Social Security Act and excluding employees earning $3,000 per annum or less will not, however, be deemed discriminatory merely because, for administrative convenience, it provides a reasonable minimum benefit not to exceed $20 a month. Similar considerations, to the extent applicable in any case, will govern classifications under plans supplementing the benefits provided by other Federal or State laws. See section 165 (a) (5).

An employer may designate several trusts or a trust or trusts and an annuity plan or plans as constituting one plan which is intended to qualify under section 165 (a) (3), in which case all of such trusts and plans taken as a whole may meet the requirements of such section. The fact that such combination of trusts and plans fails to qualify as one plan does not prevent such of the trusts and plans as qualify from meeting the requirements of section 165 (a).

It is provided in section 165 (a) (6) that a plan will satisfy the requirements of section 165 (a) (3), if on at least one day in each quarter of the taxable year of the plan it satisfies such requirements. This makes it possible for a new plan requiring contributions from employees to qualify if by the end of the quarter-year in which the plan is adopted it secures sufficient contributing participants to meet the requirements of section 165 (a) (3). It also affords a period of time in which new participants may be secured to replace former participants, so as to meet the requirements of either subparagraphs (A) or (B) of section 165 (a) (3).

§ 19.165 (a) (4)–1 *Discrimination as to contributions or benefits.* To be exempt under section 165 (a) a trust must not only meet the coverage requirements of section 165 (a) (3), but, as provided in section 165 (a) (4), it must also be a part of a plan under which there is no discrimination in contribu-

tions or benefits in favor of officers, shareholders, employees whose principal duties consist in supervising the work of other employees, or highly compensated employees as against other employees whether within or without the plan. However, section 165 (a) (5) sets out certain provisions which will not in and of themselves be discriminatory within the meaning of paragraphs (3) or (4) of section 165 (a). (See section 165 (a) (3)-1.). Thus, a plan will not be considered discriminatory merely because the contributions or benefits bear a uniform relationship to total compensation, or to the basic or regular rate of compensation, or merely because the contributions or benefits based on the first $3,000 of annual compensation of employees subject to the Federal Insurance Contributions Act differ from the contributions or benefits based on the excess of such annual compensation over $3,000. The exceptions specified in section 165 (a) (5) are not an exclusive enumeration, but a recital of provisions frequently encountered which will not of themselves constitute forbidden discrimination in contributions or benefits. Variations in contributions or benefits may be provided so long as the plan, viewed as a whole for the benefit of employees in general, with all its attendant circumstances, does not discriminate in favor of employees within the enumerations with respect to which discrimination is prohibited.

A plan which excludes employees, the whole of whose remuneration constitutes wages under section 1426 (a) (1) (relating to the Federal Insurance Contributions Act), or a plan in which the contributions or benefits based on that part of an employee's remuneration which is excluded from wages under such law differs from contributions or benefits based on the employee's remuneration not so excluded, or a plan in which the contributions or benefits differ because of any retirement benefit created under State or Federal law, will not be discriminatory because of such conclusion or difference, provided the total benefits resulting under the plan and under such law establish an integrated and correlated retirement system satisfying the tests of section 165 (a).

Although a plan may provide for termination at will by the employer this will not of itself prevent a trust from qualifying as exempt under section 165 (a). However, in certain cases that fact may necessitate some provision in the plan which will preclude such termination from effecting the prohibited discriminations. This may occur where, for example, certain officers or highly compensated employees are at the inception of the plan within a few years of retirement age and the operation of the plan will fund and vest their benefits in a short period, thus resulting in such discrimination in favor of such officers or highly compensated employees.

§ 19.165 (a) (4)-2 *Effect of amendments to section 165 (a) on old and new stock bonus, pension, profit-sharing, and annuity plans.* Section 162 (d) of the Revenue Act of 1942 makes the requirements of section 165 (a) (3), (4), (5), and (6) inapplicable for taxable years beginning prior to January 1, 1943, in the case of a stock bonus, pension, profit-sharing, or annuity plan in effect on or before September 1, 1942. In such cases, for such taxable years a trust will be exempt if it complies with section 165 (a) (1) and (2), except that for taxable years beginning prior to January 1, 1940, it need not comply with section 165 (a) (2). The provisions of § 19.165-1, prior to amendment by this Treasury decision, are applicable in such a case to a taxable year beginning after December 31, 1941, and prior to January 1, 1943. A plan which requires the use of a trust is not in effect as of September 1, 1942, if there was no valid trust in existence at that time. A plan requiring the purchase of an annuity or insurance contract or contracts is not in effect as of September 1, 1942, if there is no such contract or contracts in effect at that time.

In the case of a plan in effect on or before September 1, 1942, the plan will be considered as satisfying the requirements of section 165 (a) (3), (4), (5), and (6) for the period beginning with the beginning of the first taxable year following December 31, 1942 and ending December 31, 1943, if the plan satisfies such requirements by December 31, 1943. Thus, if an employer having such a plan in effect makes a return on the basis of the calendar year, he will have until December 31, 1943 to amend his plan so as to make it satisfy such requirements for the calendar year 1943. Also, if he is on a fiscal year basis he will have until December 31, 1943 to amend his plan with respect to a taxable year beginning after December 31, 1942.

In the case of plans not in effect on or before September 1, 1942, the amendments made to section 165 by section 162 of the Revenue Act of 1942 are applicable to all taxable years beginning after December 31, 1941. However, if such a plan satisfies the requirements of section 165 (a) (3), (4), (5), and (6) by December 31, 1943, it shall be considered as satisfying such requirements for the period beginning with the date such plan is put into effect and ending December 31, 1943.

§ 19.165 (b)-1 *Taxability of beneficiary under a trust which meets the requirements of section 165 (a).* Section 165 (b) and (c) relates to the taxation of the beneficiary of an employees' trust. If an employer makes a contribution for the benefit of an employee to a trust for the taxable year of the employer which ends within or with a taxable year of the trust for which the trust is exempt under section 165 (a), the employee is not required to include such contributions in his income except in the year or years in which such contributions are distributed or made available to him. It is immaterial in the case of contributions to an exempt trust whether the employee's rights in the contributions to the trust are forfeitable or nonforfeitable either at the time the contribution is made to the trust or thereafter. The distribution from such an exempt trust when received or made available will be taxable to him as if it were an annuity to the extent provided in section 22 (b) (2). The provisions of section 165 (b) relate only to distributions by a trust which is exempt under section 165 (a) for the taxable year of the trust in which the distribution is made. If a trust is exempt for the taxable year in which the distribution occurs, but was not so exempt for one or more prior taxable years, the amount of any such taxable distribution may be reduced by the part thereof shown to the satisfaction of the Commissioner to be properly allocable to employer's contributions or earnings of the trust previously accounted for as taxable income by the employee or to earnings of the trust previously accounted for as taxable income by the trust. Where the distribution occurs in a taxable year of the trust for which it is not exempt under section 165 (a), the taxability of such distribution will depend on the taxable status of the trust at the time of the distribution. If such trust was not exempt for one or more prior taxable years, the adjustments outlined above may be made in connection with any distribution.

If a trust exempt under section 165 (a) purchases an annuity contract for an employee and distributes it to the employee in a year for which the trust is exempt, the contract containing a cash surrender value which may be available to an employee by surrendering the contract, such cash surrender value will not be considered income to the employee unless and until the contract is surrendered.

If pension or annuity payments are continued after the death of a retired employee to his beneficiary, such beneficiary will be required to include such pension or annuity payments in income to the same extent that the deceased employee would have been required to include such payments in income had he lived to receive such payments. See also section 126 (a). If the trust purchases under the plan retirement income insurance with life insurance protection payable upon the death of the employee participants, so much of the premium as was paid from the contributions of the employer or earnings thereon for such life insurance protection will constitute income to the employee for the year or years in which the contributions or earnings are applied to the purchase of such life insurance. If the amount payable upon death at any time during the year exceeds the cash value (or if no cash value, then the reserve) of the insurance policy at the end of the year, the entire amount of such excess will be considered current life insurance protection. The cost of such insurance will be considered to be the one-year term premium for such amount based upon the rates of the company issuing the annuity contract (or if no one-year term policy is issued, the cost of such one-year term computed by using the same mortality table and rate of interest and rate of loading as was used in determining the rates for the annuity contract). The determination of the cost of life insurance protection may be illustrated by the following example:

A policy is purchased by an employer for an employee 35 years of age, providing an annuity of $100 per month upon retirement at age 65, with a minimum death benefit of $10,000. The level annual premium for the policy is $436.40. The insurance payable if death occurred in the first year would be $10,000. The cash value at end of the first year is 0. The net insurance is therefore $10,000—0, or $10,000. Assuming that the one-year term premium for the same insurance company is $12.15 per $1,000, the premium for $10,000 of life insurance is therefore $121.50, and this is the amount to be reported as income by the employee for the year. The balance of $314.90 is the amount contributed for the annuity, which is not taxable to the employee under a plan meeting the requirements of section 165 (a), except as provided under section 165 (b). Assuming that the cash value at the end of the second year is $480, the net insurance would then be $9,520 for the second year. With a one-year term rate of $12.33 (age 36), the amount to be reported as income to the employee would be $117.38. Any amounts paid under an annuity contract as a death benefit, not in the nature of life insurance, shall be included in the income of the beneficiary when received, and is not excluded from income under section 22 (b) (1).

If the total distributions payable with respect to any employee under a trust that in the year of distribution is exempt under section 165 (a) are paid to the distributee within one taxable year of the distributee on account of the employee's separation from the service, the amount of such distribution to the extent it exceeds the amount contributed by the employee, shall be considered a gain from the sale or exchange of a capital asset held for more than 6 months. For example, if under a profit-sharing trust, the total distributions to which an employee is entitled are paid in a taxable year of the trust for which it is exempt to the employee in the year in which he retires or severs his connection with his employer, or to his widow if he dies during the course of his employment, the amount received by the employee or widow to the extent it exceeds the employee's contributions will be considered a gain from the sale or exchange of a capital asset held for more than 6 months, to be taken into account to the extent provided in section 117 (b). As to adjustments if the trust was not exempt for one or more taxable years prior to the year of distribution, see the first paragraph of this section.

§ 19.165 (c)-1 *Treatment of beneficiary of a trust not exempt under section 165 (a).* Any contribution made by an employer on behalf of an employee to a trust during a taxable year of the employer which ends within or with a taxable year of the trust for which the trust is not exempt under section 165 (a), shall be included in income of the employee for his taxable year during which the contribution is made if the employee's beneficial interest in the contribution is nonforfeitable at the time the contribution is made. An employee's beneficial interest in the contribution is nonforfeitable within the meaning of sections 165 (c) and 23 (p) (1) (D) at the time the contribution is made if there is no contingency under the plan which may cause the employee to lose his rights in the contribution. For example, if under the terms of a pension plan, an employee upon termination of his services prior to the retirement date, whether voluntarily or involuntarily, is entitled to a deferred annuity contract to be purchased with the employer's contributions made on his behalf, or is entitled to annuity payments which the trustee is obligated to make under the terms of the trust instrument based on the contributions made by the employer on his behalf, the employee's beneficial interest in such contributions is nonforfeitable. On the other hand, if under the terms of a pension plan, an employee will lose the right to any annuity purchased from, or to be provided by, contributions made by the employer if his services should be terminated prior to retirement, his beneficial interest in such contributions is forfeitable. The mere fact that an employee may not live to the retirement date, or may live only a short period after the retirement date, and may not be able to enjoy the receipt of annuity or pension payments, does not make his beneficial interest in the contributions made by the employer on his behalf forfeitable. If the employer's contributions have been irrevocably applied to purchase an annuity contract for the employee, or if the trustee is obligated to use the employee's contributions to provide an annuity for the employee provided only that the employee is alive on the dates the annuity payments are due, the employee's rights in the employer's contributions are nonforfeitable.

(c) *Employees' annuities.* Section 22 (b) (2) (relating to taxation of annuities) is amended by inserting at the end thereof the following new subparagraph:

(B) *Employees' annuities.* If an annuity contract is purchased by an employer for an employee under a plan with respect to which the employer's contribution is deductible under section 23 (p) (1) (B), or if an annuity contract is purchased for an employee by an employer exempt under section 101 (6), the employee shall include in his income the amounts received under such contract for the year received except that if the employee paid any of the consideration for the annuity, the annuity shall be included in his income as provided in subparagraph (A) of this paragraph, the consideration for such annuity being considered the amount contributed by the employee. In all other cases, if the employee's rights under the contract are nonforfeitable except for failure to pay future premiums, the amount contributed by the employer for such annuity contract on or after such rights become nonforfeitable shall be included in the income of the employee in the year in which the amount is contributed, which amount together with any amounts contributed by the employee shall constitute the consideration paid for the annuity contract in determining the amount of the annuity required to be included in the income of the employee under subparagraph (A) of this paragraph.

PAR. 5. There is inserted immediately after § 19.22 (b) (2) (A)-4, as added by Treasury Decision 5194, the following:

§ 19.22 (b) (2) (B)-1 *Employees' annuities.* If an employer for a taxable year beginning after December 31, 1941, purchases an annuity contract on behalf of an employee, including a retired or former employee, under a plan with respect to which his contribution is deductible under section 23 (p) (1) (B) (see § 19.23 (p) (1) (B)-1), the employee is not required to include such amount in his income in the taxable year during which such contribution is made. The amount received or made available to such employee under such annuity contract shall be included in gross income of the employee in the taxable year in which received or made available, except that if the employee contributed any of the consideration for the annuity, the annuity shall be included in his income as provided in § 19.22 (b) (2) (A)-2, the consideration for the annuity being considered the amount contributed by the employee. If in a taxable year beginning after December 31, 1941, an employer purchases an annuity contract which is not under a plan with respect to which his contribution is deductible under section 23 (p) (1) (B), the amount of such contribution shall be included in the income of the employee in the taxable year during which such contribution is made, if the employee's rights under the annuity contract are nonforfeitable, except for failure to pay future premiums, at the time the contribution is made. In such case, the total amount of such contributions required to be included in the income of the employee together with any amounts contributed by him will constitute the consideration paid for the annuity contract in determining the amount of the annuity required to be included in the income of the employee under section 22 (b) (2) (A). If the employee's rights under the annuity contract in such a case were forfeitable at the time the employer's contribution was made for the annuity contract, even though they become nonforfeitable later, the amount of such contribution is not required to be included in the income of the employee, but any amount received or made available to the employee under the annuity contract shall be includible in the gross income of the employee in the taxable year in which received or made available, except that if the employee contributed any of the consideration for the annuity, the annuity shall be included in his income to the extent provided in § 19.22 (b) (2) (A)-2. The fact that an employee may not live a sufficient length of time to enjoy any benefits under the annuity contract, or that no payments will be made under any circumstances to his estate or other beneficiary, will not make the annuity contract forfeitable.

If upon the death of a retired employee, the widow or other beneficiary of such retired employee is paid, in accordance with the terms of the annuity contract relating to the deceased employee, an annuity or other death benefit, the amounts received or made available to her shall be included in her income to the extent that they would have been

included in the income of the deceased employee had he lived and received such payments. See also section 126 (a). As to taxation of life insurance benefits in connection with annuity contracts, see § 19.165 (b)–1.

If the employer is an organization which is exempt under section 101 (6), the employee is not required to include in his income the amount paid by the employer for an annuity contract, regardless of whether the annuity plan satisfies the requirements of section 165 (a) (3), (4), (5), and (6) and whether the employee's rights are nonforfeitable.

As to taxation of annuities purchased by a trustee under a pension or profit-sharing trust, see §§ 19.165 (b)–1 and 19.165 (c)–1.

As to the effective date of the amendments made by section 162 (c) of the Revenue Act of 1942, relating to employees' annuities and the effect of such amendments on both old and new annuity plans, see section 162 (d) and § 19.165 (a) (4)–2.

(b) *Deduction allowed employer.* Section 23 (p) (relating to deduction for amounts paid to pension trusts) is amended to read as follows:

(p) *Contributions of an employer to an employees' trust or annuity plan and compensation under a deferred-payment plan.*

(1) *General rule.*—If contributions are paid by an employer to or under a stock bonus, pension, profit-sharing, or annity plan, or if compensation is paid or accrued on account of any employee under a plan deferring the receipt of such compensation, such contributions or compensation shall not be deductible under subsection (a) but shall be deductible, if deductible under subsection (a) without regard to this subsection, under this subsection but only to the following extent:

(A) In the taxable year when paid, if the contributions are paid into a pension trust, and if such taxable year ends within or with a taxable year of the trust for which the trust is exempt under section 165 (a), in an amount determined as follows:

(i) an amount not in excess of 5 per centum of the compensation otherwise paid or accrued during the taxable year to all the employees under the trust, but such amount may be reduced for future years if found by the Commissioner upon periodical examinations at not less than five-year intervals to be more than the amount reasonably necessary to provide the remaining unfunded cost of past and current service credits of all employees under the plan, plus

(ii) any excess over the amount allowable under clause (i) necessary to provide with respect to all of the employees under the trust the remaining unfunded cost of their past and current service credits distributed as a level amount, or a level percentage of compensation, over the remaining future service of each such employee, as determined under regulations prescribed by the Commissioner with the approval of the Secretary, but if such remaining unfunded cost with respect to any three individuals is more than 50 per centum of such remaining unfunded cost, the amount of such unfunded cost attributable to such individuals shall be distributed over a period of at least 5 taxable years, or

(iii) in lieu of the amounts allowable under (i) and (ii) above, an amount equal to the normal cost of the plan, as determined under regulations prescribed by the Commissioner with the approval of the Secretary, plus, if past service or other supplementary pension or annuity credits are provided by the plan, an amount not in excess of 10 per centum of the cost which would be required to completely fund or purchase such pension or annuity credits as of the date when they are included in the plan, as determined under regulations prescribed by the Commissioner with the approval of the Secretary, except that in no case shall a deduction be allowed for any amount (other than the normal cost) paid in after such pension or annuity credits are completely funded or purchased.

(iv) Any amount paid in a taxable year in excess of the amount deductible in such year under the foregoing limitations shall be deductible in the succeeding taxable years in order of time to the extent of the difference between the amount paid and deductible in each such succeeding year and the maximum amount deductible for such year in accordance with the foregoing limitations.

(B) In the taxable year when paid, in an amount determined in accordance with subparagraph (A) of this paragraph, if the contributions are paid toward the purchase of retirement annuities and such purchase is a part of a plan which meets the requirements of section 165 (a) (3), (4), (5), and (6), and if refunds of premiums, if any, are applied within the current taxable year or next succeeding taxable year towards the purchase of such retirement annuities.

(C) In the taxable year when paid, if the contributions are paid into a stock bonus or profit-sharing trust, and if such taxable year ends within or with a taxable year of the trust with respect to which the trust is exempt under section 165 (a), in an amount not in excess of 15 per centum of the compensation otherwise paid or accrued during the taxable year to all employees under the stock bonus or profit-sharing plan. If in any taxable year beginning after December 31, 1941, there is paid into the trust, or a similar trust then in effect, amounts less than the amounts deductible under the preceding sentence, the excess, or if no amount is paid, the amounts deductible, shall be carried forward and be deductible when paid in the succeeding taxable years in order of time, but the amount so deductible under this sentence in any such succeeding taxable year shall not exceed 15 per centum of the compensation otherwise paid or accrued during such succeeding taxable year to the beneficiaries under the plan. In addition, any amount paid into the trust in a taxable year beginning after December 31, 1941, in excess of the amount allowable with respect to such year under the preceding provisions of this subparagraph shall be deductible in the succeeding taxable years in order of time, but the amount so deductible under this sentence in any one such succeeding taxable year together with the amount allowable under the first sentence of this subparagraph shall not exceed 15 per centum of the compensation otherwise paid or accrued during such taxable year to the beneficiaries under the plan. The term "stock bonus or profit-sharing trust" as used in this subparagraph, shall not include any trust designed to provide benefits upon retirement and covering a period of years, if under the plan the amounts to be contributed by the employer can be determined actuarially as provided in subparagraph (A). If the contributions are made to two or more stock bonus or profit-sharing trusts, such trusts shall be considered a single trust for the purposes of applying the limitations in this subparagraph.

(D) In the taxable year when paid, if the plan is not one included in paragraphs (A), (B), or (C), if the employees' rights to or derived from such employer's contribution or such compensation are nonforfeitable at the time the contribution or compensation is paid.

(E) For the purposes of subparagraphs (A), (B), and (C), a taxpayer on the accrual basis shall be deemed to have made a payment on the last day of the year of accrual if the payment is on account of such taxable year and is made within sixty days after the close of the taxable year of accrual.

(F) If amounts are deductible under subparagraphs (A) and (C), or (B) and (C), or (A), (B), and (C), in connection with two or more trusts, or one or more trusts and an annuity plan, the total amount deductible in a taxable year under such trusts and plans shall not exceed 25 per centum of the compensation otherwise paid or accrued during the taxable year to the persons who are the beneficiaries of the trusts or plans. In addition, any amount paid into such trust or under such annuity plans in a taxable year beginning after December 31, 1941, in excess of the amount allowable with respect to such year under the preceding provisions of this subparagraph shall be deductible in the succeeding taxable years in order of time, but the amount so deductible under this sentence in any one such succeeding taxable year together with the amount allowable under the first sentence of this subparagraph shall not exceed 30 per centum of the compensation otherwise paid or accrued during such taxable years to the beneficiaries under the trusts or plans. This subparagraph shall not have the effect of reducing the amount otherwise deductible under subparagraphs (A), (B), and (C), if no employee is a beneficiary under more than one trust, or a trust and an annuity plan.

If there is no plan but a method of employer contributions or compensation has the effect of a stock bonus, pension, profit-sharing, or annuity plan, or similar plan deferring the receipt of compensation, this paragraph shall apply as if there were such a plan.

(2) Deductions under prior income tax acts.—Any deduction allowable under section 23 (q) of the Revenue Act of 1928 (45 Stat. 802), or the Revenue Act of 1932 (47 Stat. 182), or the Revenue Act of 1934 (48 Stat. 691), under section 23 (p) of the Revenue Act of 1936 (49 Stat. 1661), or the Revenue Act of 1938 (52 Stat. 464), or the Internal Revenue Code for a taxable year beginning before January 1, 1943, which under such section was apportioned to any taxable year beginning after December 31, 1942, shall be allowed as a deduction for the years to which so apportioned to the extent allowable under such section if it had remained in force with respect to such year.

* * * * *

(d) *Taxable Years to Which Amendments Applicable.*—The amendments made by this section shall be applicable as to both the employer and employees only with respect to taxable years of the employer beginning after December 31, 1941, except that—

(1) In the case of a stock bonus, pension, profit-sharing, or annuity plan in effect on or before September 1, 1942,

(A) such a plan shall not become subject to the requirements of section 165 (a) (3), (4), (5), and (6) until the beginning of the first taxable year beginning after December 31, 1942,

(B) such a plan shall be considered as satisfying the requirements of section 165 (a) (3), (4), (5), and (6) for the period beginning with the beginning of the first taxable year following December 31, 1942, and ending December 31, 1943, if the plan satisfies such requirements by December 31, 1943,

(C) if the contribution of an employer to such a plan in the employer's taxable year beginning in 1942 exceeds the maximum amount deductible for such year under section 23 (p) (1), as amended by this section, the amount deductible in such year shall be not less than the sum of—

(i) the amount paid in such taxable year prior to September 1, 1942, and deductible under section 23 (a) or 23 (p) prior to amendment by this section, and

(ii) with respect to the amount paid in such taxable year on or after September 1, 1942, that proportion of the amount deductible for the taxable year under section 23 (p) (1), as amended by this section, which the number of months after August 31, 1942, in the taxable year bears to twelve.

(2) In the case of a stock bonus, pension, profit sharing or annuity plan put into effect after September 1, 1942, such a plan shall be considered as satisfying the requirements of section 165 (a) (3), (4), (5) and (6) for the period beginning with the date such plan is put into effect and ending December 31, 1943, if the plan satisfies such requirements by December 31, 1943.

PAR. 7. The heading of § 19.23 (p)–1 is amended to read as follows: *Payments to employees' pension trusts for taxable years beginning prior to January 1, 1942.*

PAR. 8. The heading § 19.23 (p)–2 is amended to read as follows: *Information to be furnished by employer claiming deductions for taxable years beginning prior to January 1, 1942.*

PAR. 9. There is inserted immediately following § 19.23 (p)–2 the following:

§ 19.23 (p) (1)–1 *Contributions of an employer to an employees' trust or annuity plan and compensation under a deferred payment plan; in general.* Section 23 (p), as amended, prescribed limitations upon deductions for amounts contributed by an employer under a pension, annuity, stock bonus, or profit-sharing plan, or under any plan of deferred compensation. It is immaterial whether the plan covers present employees only, or present and former employees, or only former employees. Section 23 (p) does not cover contributions or compensation which give the employee or former employee present benefits such as life insurance protection. The cost of such benefits is deductible to the extent allowable under section 23 (a). See § 19.165 (b)–1. Section 23 (p), however, is applicable to all contributions under a stock bonus, pension, profit-sharing, or annuity plan, whether or not the employee's rights in such contributions are nonforfeitable.

A contribution to be deductible under section 23 (p) must be an ordinary and necessary expense which would be deductible under section 23 (a) if it were not for the fact that the statute specifically provides that it shall be deductible under section 23 (p). A contribution by a corporation under a plan which is created primarily for the purpose of benefiting shareholders of the company is not deductible. Such contribution may constitute a dividend within the meaning of section 115 (a). A contribution under a plan that is set up for the exclusive benefit of employees as such, and thus represents an item of expense, is of the nature of compensation for personal services rendered by the employees covered by the plan. The amount of contributions allowable as a deduction has an over-all limitation—the entire contributions for the taxable year when added to other compensation paid must represent reasonable compensation for services rendered by the employee beneficiaries. In the case of contributions for pensions for employees, any contributions on behalf of an employee in excess of the amount necessary to provide a reasonable pension for the employee in view of his past and current services is not deductible. What constitutes a reasonable pension will depend upon the facts in the particular case. Compensation otherwise paid the employee, length of service, and retirement age are among the elements to be considered in determining what is a reasonable pension. In the case of a stock bonus or profit-sharing plan which provides for additional compensation for employees not paid as a pension, a contribution will not be fully deductible unless it can be justified as a reasonable addition to the compensation otherwise paid to employees who are beneficiaries under the plan. In addition to the over-all limitation referred to above, section 23 (p) sets forth further limitations as to the amounts that may be deductible for the taxable year.

Section 23 (p) is not confined to formal stock bonus, pension, profit-sharing and annuity plans, or deferred compensation plans, but it includes any method of contributions or compensation having the effect of a stock bonus, pension, profit-sharing or annuity plan, or similar plan deferring the receipt of compensation. Thus, a corporation paying pensions to such of its retired employees and in such amounts as may be determined from time to time by the board of directors or responsible officers of the company has a plan in effect that is governed by section 23 (p). If an employer on the accrual basis defers paying any compensation to an employee until a later year or years under an arrangement having the effect of a stock bonus, pension, profit-sharing or annuity plan, or similar plan deferring the receipt of compensation, he shall not be allowed a deduction until the year in which the compensation is paid. This provision is not intended to cover the case where an employer on the accrual basis defers payment of compensation after the year of accrual merely because of inability to pay such compensation in the year of accrual, as, for example, where the funds of the company are not sufficient to enable payment of the compensation without jeopardizing the solvency of the company, or where the liability accrues in the earlier year, but the amount payable cannot be exactly determined until the later year.

Deductions under section 23 (p) are generally allowable only for the year for which the contribution or compensation is paid, regardless of the fact that the taxpayer may make his return on the accrual basis. Exceptions are made in the case of overpayments as provided in subparagraphs (A), (C), and (F) of section 23 (p) (1), and, as provided by section 23 (p) (1) (E), in the case of payments made by a taxpayer on the accrual basis within 60 days after the close of the taxable year of accrual. This latter provision is intended to permit a taxpayer on the accrual basis to deduct such accrued contribution or compensation, provided payment is actually made within 60 days after the close of the year of accrual.

Any payments shall be disallowed as a deduction under section 23 (p), if determined by the National War Labor Board, the Secretary of Agriculture, or the Commissioner to have been made in contravention of the Act of October 2, 1942, entitled "An Act to amend the Emergency Price Control Act of 1942, to aid in preventing inflation, and for other purposes", as amended (Public Law 729, 77th Congress; Public Law 34, 78th Congress), or of the regulations, orders, or rulings promulgated thereunder.

§ 19.23 (p) (1)–2 *Information to be furnished by employer claiming deductions.* If a deduction from gross income is claimed under section 23 (p) (1) (A), (B), (C), or (F) the employer must file the following information to establish that the plan or plans meet the requirements of sections 165 (a) or 23 (p) (1) (B), and that the deductions claimed do not exceed the amount allowable under subparagraphs (A), (B), (C) or (F) of section 23 (p) (1), as the case may be:

(a) Verified copies of all the instruments constituting the plan or plans intended to qualify under section 165 (a), including trust indentures, group annuity contracts, and specimen copy of each type of individual contract, with all amendments to any such instruments.

(b) A statement describing the plan or plans which indicates the name or names of the employers, date of inception of each plan, type of administration (whether a trust or insured plan), and a summary of the provisions relating to

(1) Employee eligibility requirements for participation in the plan,

(2) Employee contributions, if any,

(3) Employer contributions,

(4) The basis or formula for determining the amount of each type of benefit and the requirements for obtaining such benefits,

(5) The vesting requirements,

(6) The method of funding, and

(7) The basis of distribution upon liquidation.

(c) A tabulation in columnar form showing the information specified below with respect to each of the twenty-five highest paid employees, listed in the order of their compensation, covered by the plan:

(1) Name.

(2) Whether an officer.

(3) Percentage of each class of stock owned directly or indirectly by the employee or members of his family.

(4) Whether the principal duties consist in supervising the work of other employees.

(5) Year of birth.

(6) Length of service for employer on date of statement.

(7) Total compensation paid or accrued during the taxable year showing separately (i) basic salary, (ii) other direct payments, such as bonuses and commissions, (iii) compensation paid other than in cash, such as goods, services, insurance protection, etc.

(8) Amounts contributed during the taxable year with respect to the employee

by the employer under each other plan of deferred compensation.

(9) Amounts paid under the plan during the taxable year by the employer for the benefit of the employee for (i) retirement annuity or other deferred benefits, showing amounts paid for (a) past service and (b) current service, (ii) life insurance protection, if any, (iii) percentage which each such contribution bears to total of such contributions made for all employees under the plan.

(10) Based on the actuarial method and assumptions used in determining the total employer contributions, the amount of employer liability under the plan (i) with respect to service rendered by the employee prior to the taxable year and (ii) with respect to current service of the employee for the taxable year.

(11) If a pension plan, the amount of benefit to be normally payable annually to each such employee.

(d) The total for items (7) and (8) set forth in (c) above with respect to all of the employees included under the plan and also with respect to all of the employees; also the total for item (9) with respect to all of the employees included under the plan.

(e) A schedule showing the total number of employees as of the close of the taxable year for each of the following groups:

(1) All seasonal and part-time employees excluded under the percentage calculation of section 165 (a) (3) (A) (reasonably estimated).

(2) All employees excluded under the years of service requirement (reasonably estimated).

(3) All employees excluded because older than a maximum age (reasonably estimated).

(4) All employees excluded because younger than a minimum age (reasonably estimated).

(5) All employees excluded because of maximum salary requirements.

(6) All employees excluded solely because of minimum salary requirement and by separate schedule all employees excluded both because of minimum salary requirement and other reason or reasons.

(7) All employees excluded for reasons other than those listed above, specifying reasons.

(8) All employes covered by the plan.

(9) All employees of the employer.

(f) A detailed balance sheet together with or including actuarially determined assets and liabilities, showing equities under insurance or annuity contract, if any; and a statement of receipts and disbursements during the year.

(g) A statement or schedules showing the valuation assumptions with respect to interest, mortality, turnover, rate of salary increase, etc., used in determining the costs under the plan. In addition, a statement showing the method of application of such factors to the data, in sufficient detail to permit actuarial analysis as to adequacy thereof and a summary of the total costs claimed, by risk or other pertinent groups, showing the basis for determining the amount of deduction claimed.

If a deduction is claimed under section 23 (p) (1) (D) for the taxable year, the taxpayer shall furnish such information as is necessary to show that the deduction is not allowable under the other subparagraphs of section 23 (p) (1), that the amount paid is an ordinary and necessary expense, and that the employees' rights to or derived from such employer's contribution or such compensation were nonforfeitable at the time the contribution or compensation was paid.

The Commissioner may, in addition, require any further information that he considers necessary to establish deductions under section 23 (p), and may waive the filing of such information required herein which he considers unnecessary in the particular case. If the data and information required to be filed under paragraphs (a), (b), and (g) of this section are filed for the first taxable year for which deductions are claimed under section 23 (p), as amended by the Revenue Act of 1942, such data and information need not be filed for subsequent years unless a change is made in the plan, instruments, or valuation assumptions described in paragraph (g), in which case a statement shall be filed at the close of the taxable year showing what changes have been made and the effect thereof. The information required under the other paragraphs of this section shall be filed annually, unless the Commissioner waives the filing of any portion thereof in any particular case.

Records substantiating all data and information specified in this section must be kept at all times available for inspection by internal revenue officers at the main office or place of business of the employer.

§ 19.23 (p) (1)–3 *Amounts deductible under a plan in effect on or before September 1, 1942 for a taxable year beginning in 1942.* Section 162 (d) of the Revenue Act of 1942 allows additional deductions for a taxable year of an employer beginning in 1942 if the deductions are taken under a plan in effect on or before September 1, 1942. For the taxable year mentioned such plan need not meet the requirements of section 165 (a) (3), (4), (5), and (6). See § 19.165 (a) (4)–2. If the plan meets the other requirements of section 165 (a) at all times during the taxable year, the employer will be entitled to the amount deductible under section 23 (p), as amended, for such taxable year, or for the amount determined under the following computation, whichever is the greater: The amount paid in such taxable year prior to September 1, 1942, to the extent that such amount is deductible under sections 23 (a) and 23 (p), prior to amendment by the Revenue Act of 1942, plus such portion of the amount paid on or after September 1, 1942 and deductible under section 23 (p) (1), as amended by the Revenue Act of 1942, which the number of months after August 31, 1942 in the taxable year bears to 12. For example, an employer making a return on the calendar year basis paid into a pension trust on March 1, 1942, the sum of $200,000, and on October 1, 1942, he made a further contribution of $100,000. Assume that the total contributions of $300,000 would have been deductible under section 23 (a) and section 23 (p) prior to amendment by the Revenue Act of 1942, but that only $240,000 thereof is deductible under section 23 (p), as amended by the Revenue Act of 1942, without giving effect to section 162 (d) (1) (C). A deduction of $280,000 will be allowable for 1942, determined as follows:

Amount contributed prior to September 1, 1942, and deductible under section 23 (a) and section 23 (p) prior to its amendment	$200,000
Pro-rata portion of total 1942 contributions allowed under section 23 (p) after its amendment (4/12 of $240,000)	80,000
	280,000

§ 19.23 (p) (1) (A)–1 *Contributions of an employer to an employees' pension trust; in general.* A contribution of an employer to a pension trust to be deductible under section 23 (p) (1) (A) must be paid within the taxable year of the employer which ends within or with a taxable year of the trust for which the trust is exempt under section 165 (a). The term "pension trust" as used in section 23 (p) (1) (A) means a trust created or availed of by an employer to provide definite actuarially determinable benefits for his employees, which may include former employees, or their beneficiaries, to be paid over a period of years, generally for life, after the retirement of employees, based on service prior to retirement. The retirement benefits may be forfeitable or nonforfeitable. Retirement benefits are basically only life annuities payable after retirement. However, for purposes of this section a retirement benefit may include the following additional benefits: (a) a death benefit, as provided in the plan but not to exceed the excess of the reserve at retirement over the annuity payments received prior to the death of the retired employee (payable either in cash or over a period of years), (b) a benefit upon death or separation from service or upon termination of participation in the plan of an amount as provided in the plan but not to exceed the reserve accumulated for the retirement annuity at the time. Any additional benefits, such as life insurance payments exempt under section 22 (b) (1), will not be considered as part of the retirement annuity for purposes of this section. The cost of such life insurance benefits as distinguished from the cost of an annuity is deductible under section 23 (a) to the extent it is an ordinary and necessary expense, and is includible in the income of the employee as additional compensation in the year or years payments for such life insurance are made. See § 19.165 (a) (1)–1. An amount to be deductible under section 23 (p) (1) (A) must also meet the requirements of section 23 (a). It must be an ordinary and necessary expense. (See § 19.23 (p) (1)–1.) In addition to the requirement that a contribution to be deductible must be an ordinary and necessary expense, the amount of contributions to a pension trust deductible for any taxable year is subject to the further limitations set out in section 23 (p) (1) (A).

In determining allowable deductions all calculations must consider discount for expected mortality and anticipated interest and may consider expected turnover, anticipated salary increases, variable retirement ages, variations in mortality for different classes of risks, other pertinent factors of an actuarial nature, and expenses of operation. In any case, the amount of deduction otherwise allowable for the taxable year shall be reduced by any decrease in liability which may arise from an experience during the next preceding taxable year more favorable than the assumed experience on which the cost calculations were based for each year. In no event shall an interest rate be less than, nor shall any mortality table require premiums greater than, reasonable amounts warranted under the circumstances. In the case of contributions made to a trust where the employer incurs expenses, not payable out of such contributions, such as trustee's fees, actuary's fees, and other expenses, the employer shall be allowed deductions for such expenses under section 23 (a) to the extent they are ordinary and necessary. A properly weighted retirement age determined from reasonable analyses of the experience of the employees included in the plan may be used as the normal retirement age. Different basic assumptions or premium rates may be used for different classes of risks or different groups where such differences are justified by conditions or required by contract, so long as the results of the application thereof are reasonable and do not cause any discrimination.

§ 19.23 (p) (1) (A)–2 *Contributions of an employer to an employees' pension trust; amounts deductible under clause* (i). If the amount of contributions for the first taxable year that section 23 (p) (1) (A) is applicable does not exceed 5 percent of the compensation otherwise paid or accrued during the taxable year to all the employees covered by the trust, it will not be necessary for the taxpayer for such taxable year to submit actuarial data to show that such amount is reasonably necessary to provide the remaining unfunded cost of past and current service credits to all employees under the plan. The term "compensation otherwise paid or accrued" means all of the compensation paid or accrued except that for which a deduction is allowable under a plan that qualifies under section 165 (a), including a plan that qualifies under section 23 (p) (1) (B). However, the Commissioner will make periodical examinations from time to time, at not less than five-year intervals, and will reduce the amount allowable as a deduction below the 5 percent figure for the years following the taxable year with respect to which the examination is made, if he finds that such percentage is producing contributions in excess of the amount reasonably necessary to provide the remaining unfunded cost of past and current service credits of all employees under the plan.

For the second year and each fifth year thereafter the taxpayer shall submit with his return a certification by a qualified actuary or the company underwriting the pension of the amount determined to be necessary to provide the remaining unfunded cost of past and current service credits. Such certificate shall be accompanied by appropriate supporting data. If the Commissioner determines that the deduction claimed for the taxable year is excessive, the percentage limitation for future years shall be reduced to such amount as may be determined by the Commissioner. During each future year the amount deductible shall be limited to such lower percentage as has been approved by the Commissioner, and no change will be permitted in such percentage until a subsequent actuarial valuation shows such change to be necessary. Such subsequent valuation may be made at any time by the taxpayer and submitted to the Commissioner.

§ 19.23 (p) (1) (A)–3 *Contributions of an employer to an employees' pension trust; amounts deductible under clause* (ii). The level amount or level percentage of compensation under clause (ii) of section 23 (p) (1) (A) may be determined by any reasonable and generally accepted actuarial method selected by the employer. While the need for actuarial calculations is implicit in clause (ii), the statute leaves the determination of specific methods to regulations to be prescribed by the Commissioner with the approval of the Secretary. Clause (ii) must be construed in the light of its obvious relationship to clauses (i) and (iii) and the interplay of clauses (i), (ii) and (iii). Each employer desiring to fund under clause (ii) shall submit the proposed method to the Commissioner and receive approval of such method before the results will be acceptable. Any method which does not fund cost of past service credits more rapidly than that permitted under clause (iii) will be acceptable, and the approval of the Commissioner will not be necessary in such a case.

If the total costs computed under clause (ii) exceed the amount allowable under clause (i), the amount allowable under clause (ii) will be the excess of such total cost over the amount allowable in clause (i). In other words, if a deduction is claimed under clause (ii), the total amount allowable under both clause (i) and (ii) will be the total cost for the year with respect to either the "level amount" basis or the "level percentage" of payroll basis.

§ 19.23 (p) (1) (A)–4 *Contributions of an employer to an employees' pension trust; amounts deductible under clause* (iii) The basic limitation on deductions for any year under clause (iii) is the sum of the "normal" cost, plus an amount equal to one-tenth of the cost of "past service or other supplementary pension or annuity credits" not provided by such "normal" cost.

"Normal cost" for any taxable year is the cost actuarially determined which would be required during such year to maintain the plan assuming that the plan had been in effect from the beginning of the service of each then included employee and that such costs for prior years had been paid and all assumptions as to interest, mortality, time of payment, etc. had been fulfilled. Such normal cost may be determined under any reasonable and generally accepted actuarial method and may be expressed either as (a) a level amount or a level percentage of payroll or (b) the total for all of the employees of the single premiums for the unit benefits of each accruing during the year. The method of funding used for determining normal costs must be reasonable and consistent with the provisions of the plan. No method of determining normal cost will be permitted which results in discrimination or manipulation.

Past service or supplementary cost at any time is the amount which would be required at such time to meet all the future retirement annuity benefits provided by the plan which will not be met by the expected payments of normal costs and expected future contributions of employees.

§ 19.23 (p) (1) (A)–5 *Contributions of an employer to an employees' pension trust; deduction of excessive amounts paid in a taxable year.* Any amount paid in a taxable year in excess of the amount deductible in such year under clause (ii) or (iii) shall be deductible under the provisions of clause (iv) in the succeeding taxable years in order of time to the extent of the difference between the amounts paid and deductible in each such succeeding taxable year and the maximum amounts deductible for such year in accordance with the limitations under clause (ii) or (iii), whichever is applicable. Thus, if the normal cost of the plan required the taxpayer to pay under the plan $100,000 for the taxable year 1942, and he paid $150,000, he would be allowed a deduction of $100,000 for 1942, but if the normal cost continued to be $100,000 for 1943, and he paid in $75,000 that year, he would be allowed a deduction of $100,000 for 1943, and he would be allowed to take the remaining $25,000 in 1944, or for the first succeeding year or years, in which he pays in less than the normal cost for that year.

§ 19.23 (p) (1) (B)–1 *Contributions of an employer toward the purchase of retirement annuities.* Section 23 (p) (1) (B) relates to the deduction of amounts paid by an employer for retirement annuities for his employees. If amounts are contributed by an employer to a pension trust and the trust purchases such annuities, the amounts so contributed are deductible under section 23 (p) (1) (A). In order that an employer's payments for retirement annuities may be deductible under section 23 (p) (1) (B), the annuity contracts must be purchased under a plan that meets the requirements with respect to coverage and discrimination in contributions and benefits set out in section 165 (a) (3), (4), (5), and (6). See §§ 19.165 (a) (3)–1 to 19.165 (a) (4)–2. In the case of an annuity plan in effect on or before September 1, 1942, the annuity plan need not meet the requirements of section 165 (a) (3), (4), (5), and (6) except for taxable years beginning after December 31, 1942. (See section 162 (d) of the Revenue Act of 1942.) In addition, no

deduction will be allowable for any taxable year under section 23 (p) (1) (B) if any refund of premiums which may be made under the annuity contracts is not applied within the taxable year in which received, or within the next succeeding taxable year, toward the purchase of such retirement annuities for the employees covered under the annuity plan. This provision applies whether the refund is made upon the termination of any annuity contract or prior thereto. If the annuity plan is discontinued, any amount refunded shall be applied during the taxable year of the employer in which the refund is made or during his next succeeding taxable year toward the purchase of annuity contracts for all employees covered by the plan, whether or not the rights of such employees are nonforfeitable. Such refund shall be applied equitably, and so far as the amount of refund will permit, to the liability under the plan, including contingent liability, with respect to each included employee. See § 19.165 (a) (2)–1 for similar requirements upon termination of a pension trust. All amounts refunded under an annuity contract shall be considered a return of premiums to the extent that the amounts recovered do not exceed the total premiums paid. Any amounts credited to an employer under an annuity contract toward the payment of premiums then or thereafter due and which are not refunded, are not required to be credited against the premiums due for the current taxable year or the next succeeding taxable year, but may be credited against premiums due for any taxable year. If under the terms of any annuity contract it is possible for refunds of premiums to be made and not applied within the taxable year in which the refund is received or the next succeeding taxable year toward the purchase of such retirement annuities, no deduction will be allowable under section 23 (p) (1) (B). However, section 23 (p) (1) (B) shall be applicable if under the terms of the annuity contract any refunds are required to be made to a trustee, other than the employer, under an irrevocable trust indenture which provides that such refunds shall be used solely for the payment of premiums for the current year or subsequent years, under the annuity contract.

§ 19.23 (p) (1) (C)–1 *Contributions of an employer to a stock bonus or profit-sharing trust.* Section 23 (p) (1) (C) is applicable to contributions of an employer to a stock bonus or profit-sharing trust that meets the requirements of section 165 (a). The contributions to be deductible under this section must be paid in a taxable year of the employer which ends within or with a taxable year of the trust with respect to which the trust is exempt under section 165 (a). Any amount deductible under any of the subdivisions of subparagraph (A) of section 23 (p) (1) is not deductible under subparagraph (C), since such amounts represent contributions to a pension trust and not to a stock bonus or profit-sharing trust. As to the types of contributions deductible under subparagraph (A), see §§ 19.23 (p) (1) (A)–1 to 19.23 (p) (1) (A)–4.

The amount of contributions deductible under section 23 (p) (1) (C) in any taxable year is limited to 15 percent of the compensation otherwise paid or accrued during the taxable year to all of the employees covered by the stock bonus or profit-sharing plan. The term "compensation otherwise paid or accrued" means all of the compensation paid or accrued except that for which a deduction is allowable under a plan that qualifies under section 165 (a). If contributions are made by an employer during a taxable year to two or more stock bonus or profit-sharing trusts, he is limited in his deduction to 15 percent of the compensation otherwise paid or accrued during the taxable year to all of the employees covered by such trusts. If an employer contributes in any taxable year beginning after December 31, 1941, an amount in excess of the maximum amount for which he is allowed a deduction under section 23 (p) (1) (C), such excess shall be deductible in the succeeding taxable years in order of time, but the total amount deductible in any one taxable year shall not exceed 15 percent of the compensation otherwise paid or accrued during such succeeding taxable year to the employees covered by the plan in such year. For example, if an employer pays into a profit-sharing trust during 1943 $100,000, and he is limited to a deduction of $60,000 for such year under the 15 percent limitation provision, and he pays in $70,000 in 1944, although entitled to a deduction of $100,000 for 1944, if he had paid in that amount, nevertheless he will be allowed a deduction of $100,000 for 1944. . The remaining $10,000 of the 1943 overpayment not deductible for 1943 or 1944 shall be allowable as a deduction in any succeeding year or years in order of time to the extent that he has not made a contribution of the maximum allowable for such succeeding year or years.

If such contributions are made in any taxable year beginning after December 31, 1941, and such contributions are less than the maximum amount that would have been deductible for such year if contributed, the excess of such maximum amount over the amount actually contributed, or if no amount was contributed, then such maximum amount shall be carried forward and be deductible for the succeeding taxable years, in order to time, but the amount so carried forward shall not be deductible for any taxable year in an amount in excess of 15 percent of the compensation otherwise paid or accrued during such taxable year to the employees covered by the plan. For example, an employer paid into an exempt profit-sharing trust in 1942 $50,000. 15 percent of the total compensation paid or accrued to the employees covered by the trust, not including the amounts contributed to the trust on behalf of such employees, for such year amounted to $150,000. For 1943, 15 percent of such compensation for such employees amounted to $125,000. The employer contributed $300,000 to such a trust during that year. The amount deductible for 1943 is limited by section 23 (p) (1) (C) to $225,000: $125,000 (amount equal to 15 percent of the compensation otherwise paid in 1943) plus $100,000 (amount carried forward from 1942, which amount is not in excess of such 15 percent of such compensation).

§ 19.23 (p) (1) (D)–1 *Contributions of an employer under a plan that does not meet the requirements of section 165 (a).* Subparagraph (D) of section 23 (p) (1) covers all cases for which deductions are allowable under section 23 (p) (1) but not allowable under subparagraphs (A), (B), (C) or (F) of such section. No deduction is allowable under section 23 (p) (1) (D) for any contribution paid or accrued by an employer under a stock bonus, pension, profit-sharing, or annuity plan, or for any compensation paid or accrued on account of any employee under a plan deferring the receipt of such compensation, except for the year when paid, and then only to the extent allowable under section 23 (p) (1). See § 19.23 (p) (1)–1. If payments are made under such a plan and the amounts are not deductible under the other subparagraphs of section 23 (p) (1), they are deductible under subparagraph (D) to the extent that individual employees' rights to or derived from such employer's contribution or such compensation are nonforfeitable at the time the contribution or compensation is paid. As to what constitutes nonforfeitable rights of an employee, see § 19.165 (c)–1. If an amount is accrued but not paid during the taxable year, or if paid during the taxable year and the employees' rights are forfeitable at the time the amount is paid, no deduction will be allowed the employer for such amount for such taxable year.

§ 19.23 (p) (1) (F)–1 *Contributions of an employer to two or more employees' trusts, or annuity plans.* Subparagraph (F) of section 23 (p) (1) covers cases where an employer makes contributions during a taxable year beginning after December 31, 1941 either to (a) a pension trust and a profit-sharing or stock bonus trust, or (b) a profit-sharing or stock bonus trust and under an annuity plan, or (c) both pension and profit-sharing or stock bonus trusts and under an annuity plan, and such contributions are made under a plan or plans that meet the requirements of section 165 (a). It does not cover cases where an employer makes contributions to two or more pension trusts or to a pension trust and under an annuity plan or plans. In such cases deductions are determined under subparagraph (A) of section 23 (p) (1) if made under a plan that meets the requirements of section 165 (a) or, if not meeting such requirements, then under subparagraph (D) of such section. Neither is it applicable to a case where there are only two or more stock bonus or profit-sharing trusts. See § 19.23 (p) (1) (C)–1. If no employee is a beneficiary under more than one trust, or a trust and an annuity plan, subparagraph (F) is not applicable.

The amount deductible under subparagraph (F) is limited to 25 percent of the compensation otherwise paid or accrued during the taxable year to the employees covered by the plans. The term

"compensation otherwise paid or accrued" means all of the compensation paid or accrued except that for which a deduction is allowable under a plan that qualifies under section 165 (a). If an employer contributes an amount under such plans in a taxable year beginning after December 31, 1941 in excess of the 25 percent limitation, he shall be allowed deductions for such excess in the succeeding years in order of time but limited in amount in any one year so that the total amount allowable under subparagraph (F) for any one taxable year shall not exceed 30 percent of the compensation otherwise paid or accrued during such taxable year to the employees covered by the plans. For example, if an employer on the calendar year basis contributed during 1942 to pension and profit-sharing trusts amounts equal to 40 percent of the compensation otherwise paid employees covered by the plans, and in 1943 contributed to such trusts an amount equal to 25 percent of such compensation, he would be allowed a deduction for 1943 for the excess for which no deduction was allowable for 1942 plus the amount otherwise allowable for 1943 in an aggregate amount not in excess of 30 percent of the compensation otherwise paid such employees for 1943. If there remained a portion of such excess for which no deduction was allowable for 1943, such portion could be carried over to 1944 and succeeding taxable years, subject to the 30 percent limitation.

(Sec. 162 of the Revenue Act of 1942 (Pub. Law 753, 77th Cong.), and sec. 62 of the Internal Revenue Code (53 Stat. 32; 26 U. S. C. 62).)

[SEAL] NORMAN D. CANN,
Acting Commissioner of Internal Revenue.

Approved: July 8, 1943.

JOHN L. SULLIVAN,
Acting Secretary of the Treasury.

PART 611—DUTY AND RESPONSIBILITY TO REGISTER

NONDECLARANT ALIEN NOT RESIDING IN UNITED STATES

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885, 50 U.S.C. Sup. 301–318, inclusive); E.O. No. 8545, 5 F.R. 3779, E.O. No. 9279, 7 F.R. 10177, and the authority vested in me by the Chairman of the War Manpower Commission in Administrative Order No. 26, 7 F.R. 10512, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 611.13 to read as follows:

§ 611.13 *When a nondeclarant alien is not residing in the United States.* (a) A male alien who is now in or hereafter enters the United States who has not declared his intention to become a citizen of the United States is not "a male person residing in the United States" within the meaning of section 2 or section 3 of the Selective Training and Service Act of 1940, as amended; provided he has in his personal possession an official document issued pursuant to authorization of or described by the Director of Selective Service which identifies him as a person not required to present himself for and submit to registration and provided:

(1) He is a diplomatic representative, a technical attaché of a foreign embassy or legation, a counsul general, a consul, a vice consul, or a consular agent of a foreign country; or

(2) He is an employee of a foreign embassy, legation, or consulate and a national of the country employing him who has been notified to the Department of State; or

(3) He is a full-time official or employee of a foreign government and a national of the country employing him, who has been notified to the Department of State; provided that at the time he is notified to the Department of State, a proper representative of his government advises and after investigation the Department of State and the Director of Selective Service agree that he is in fact not residing in the United States; or

(4) He is a dependent male child of any person described in subparagraph (1), (2), or (3) of this paragraph; or

(5) He is a member and in the active service of the armed forces of a cobelligerent or a neutral country; or

(6) He has entered or hereafter enters the United States in a manner prescribed by its laws and does not remain in the United States after May 16, 1942, or for more than 3 months following the date of his entry, whichever is the later; or

(7) He has, within the time prescribed and in the manner provided in § 611.21, filed with the local board with which he is registered, or if he is not registered, with the local board having jurisdiction over the area in which he is located, an Alien's Application for Determination of Residence (Form 302), together with an Alien's Personal History and Statement (Form 304), and such application is either pending or has resulted in the issuance by the local board of an Alien's Certificate of Nonresidence (Form 303) which has not expired; or

(8) He is an individual designated by the Director of Selective Service as not required to present himself for and submit to registration; or

(9) He is within a group of individuals described by the Director of Selective Service as not required to present themselves for and submit to registration.

2. The foregoing amendment to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

LEWIS B. HERSHEY.
Director.

AUTHORITY: Regulations in this subchapter issued under P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a); Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.

PART 1130—ELECTRICAL APPLIANCES

[General Limitation Order L-65, as Amended July 8, 1943]

§ 1130.1 *General Limitation Order L-65*—(a) *Definitions.* For the purposes of this order:

(1) "Electrical appliances" means only those appliances listed on Schedule A of this order which have as functional parts, electrical heating units (of any wattage), or which are powered by an electrical vibrator or electrical fractional horsepower motor.

(2) "Heating unit" means any electric heating unit designed primarily for use in an electrical appliance or in a domestic type electric range.

(3) "Electrical resistance material" means material in the form of ribbon or wire to be incorporated in heating units, in which either nickel or chromium or both, are used to create electrical resistance for the development of heat.

(4) "Manufacturer" means any person engaged in the business of manufacturing or assembling any heating units, electrical appliances or parts for such appliances, including a person who assembles parts of an electrical appliance for sale in knock-down form.

(5) "Distributor" means any person engaged in the business of transferring heating units, electrical appliances or

parts for such appliances to his retail outlets or to other dealers.

(6) "Dealer" means any person engaged in the business of transferring or repairing heating units, electrical appliances or parts for such appliances to or for ultimate consumers.

Any person who acts in more than the single capacity of manufacturer, distributor or dealer as defined in paragraphs (a) (4), (a) (5) and (a) (6) of this order shall for the purposes of this order be deemed a manufacturer, distributor or dealer, depending upon the capacity in which he acts in each specific transaction.

(7) "Preferred order" means any purchase order, contract or subcontract for delivery to or for the account of the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration.

(8) "Repair or replacement part" means any heating unit for a domestic electric range or any heating unit or other part for an electrical appliance when such heating unit or part is not produced for use in the manufacture or assembly of any new electrical appliance or new domestic electric range.

(9) "Current-carrying parts" include only the following parts: Heating units, thermostats and temperature controls, relays, lead-in and connection wires, switches, terminals, fuses, receptacles and parts of motors which conduct electric current, but shall not include cord sets.

(b) *General restrictions on production.* (1) On and after June 17, 1943, no manufacturer shall produce any new electrical appliance (or parts therefor) other than repair or replacement parts, except:

(i) The following new electrical appliances (or parts therefor) may be produced in fulfillment of preferred orders: Coffee makers, flat irons, air heaters, water heaters, and commercial or heavy duty equipment of the following types: broilers, food choppers, food mixers, food grinders, food servers, food slicers, fry kettles, griddles, hotplates, juicers, ovens, ranges, toasters, urns and vegetable peelers.

(ii) During the period beginning June 17, 1943, and ending September 30, 1943, inclusive, and during each three months period thereafter, a manufacturer may produce for other than preferred orders as specified in paragraph (b) (1) (i) above, no more units of any of the following types of new electrical appliance (or parts therefor) than 10% of the number of units of that particular electrical appliance (or parts therefor) produced by him during 1940: Commercial or heavy duty equipment of the following types: broilers, food choppers, food mixers, food grinders, food servers, food slicers, fry kettles, griddles, hotplates, juicers, ovens, ranges, toasters, urns and vegetable peelers; *Provided*, that no manufacturer shall produce any units of any type of new electrical appliance (or parts therefor) listed in this paragraph (ii) if such production will result in an accumulation of inventory of that particular type of new electrical appliance (or parts therefor) greater than 15% of the number of units of that particular electrical appliance (or parts therefor) produced by him during 1940.

(2) On and after June 17, 1943, no manufacturer shall use copper or copper base alloys in the production of any new electrical appliances, or parts therefor (whether or not in fulfillment of preferred orders) specified in paragraph (b) (1) of this order, except for such minimum amounts as are necessary for the conduction of electric current or essential to the proper functioning of parts.

(c) *Restrictions on transfer of new electrical appliances.* On and after June 17, 1943, no manufacturer shall transfer the physical possession of or title to any new electrical appliance manufactured after that date, except

(1) In fulfillment of preferred orders.

(2) Pursuant to specific authorization of the War Production Board on Form PD–556 pursuant to an application filed on said Form. Form PD–556 may be obtained from the nearest regional or district office of the War Production Board and shall be submitted in quadruplicate, according to the following instructions:

(i) Under section I, supply the name and address of the manufacturer and supplier of the equipment if the application is submitted by anyone other than the appliance manufacturer;

(ii) Under section II (a), supply a complete description of the electrical appliance, manufacturer's model designation and size or capacity;

(iii) Under section II, do not fill in (b), (c) and (d).

(iv) Answer all applicable questions on the form except Questions 6, 7 and 8 in section III.

(d) *Repair or replacement parts.* (1) Except in fulfillment of preferred orders, on and after June 17, 1943, no manufacturer shall use copper or copper base alloys in the production of any repair or replacement parts, other than the specific parts listed on the following table, or any part thereof:

Type of equipment	*Repair or replacement parts for which copper or copper base alloys are permitted*
Air heaters	Current-carrying parts.
Commercial permanent wave equipment and commercial hair driers.	Current-carrying parts, other than copper or copper base alloy disposable grids for permanent wave equipment.
Flat irons	Cord sets pursuant to paragraph (d) (3) of this order and current-carrying parts.
Commercial or heavy duty equipment of the following types: broilers, food choppers, food mixers, food grinders, food servers, food slicers, fry kettles, griddles, hotplates, juicers, ovens, ranges, toasters, urns and vegetable peelers.	Current-carrying parts and motor bearings where the use of other material is impracticable.
Heating units for domestic electric ranges	Current-carrying parts.
Hotplates and disc stoves	Current-carrying parts.
Roasters	Current-carrying parts.
Water heaters	Current-carrying parts and immersion units.

(2) On and after June 17, 1943, no manufacturer shall use copper or copper base alloys in the production of repair and replacement parts in fulfillment of preferred orders, except for such minimum amounts necessary for the conduction of electric current or essential to the proper functioning of parts.

(3) On and after June 17, 1943, no manufacturer shall produce any replacement cord sets except for flat irons. Replacement cord sets produced for flat irons shall conform to the following specifications: The cord shall be of a quality which tests 3,000 or more cycles in flexure and shall be not more than 6 feet in length; plugs and caps shall be so constructed that they can be readily dismantled and reassembled for repair purposes. During the period beginning June 17, 1943, and ending December 31, 1943, and during each six month period thereafter, no manufacturer shall produce more replacement cord sets for flat irons than 25% of the number of such replacement cord sets produced by him during the year 1940.

(4) On and after June 17, 1943, no manufacturer shall produce any repair or replacement parts (other than replacement cord sets for flat irons) if he has, or as a result of such production will have, more parts of such type in his inventory than the number of parts of such type which he sold during the preceding six calendar months.

(5) Except in fulfillment of preferred orders, on and after June 17, 1943, no manufacturer or distributor shall transfer any repair or replacement parts unless a similar used part has been delivered to him in exchange therefor, or unless he has been informed that a similar used part is being held or will be secured by the dealer or distributor to whom the new part is being transferred, or has been disposed of in accordance with this paragraph. The used parts shall be held subject to disposition at the direction of the manufacturer or distributor who transferred the new part. If no such direction is given within 60 days, the person holding the used part shall promptly dispose of it through regular scrap channels.

(e) *Restriction on use or transfer of electrical resistance material.* On and after June 17, 1943, no manufacturer shall use in the production of heating units or transfer for any purpose whatsoever, any electrical resistance material reported by him in columns 4 and 8 of Form PD–370 prior to September 30, 1942, except pursuant to specific authorization of the War Production Board on Form PD–556 pursuant to an application filed on said Form.

(1) When filing Form PD–556 as an application to use electrical resistance material in the production of heating units, answer all applicable questions except section I, Columns (b) and (c) in section II, and questions 4, 6, 7 and 8 in section III.

(2) When filing Form PD–556 as an application for the transfer of resistance material, answer all applicable questions except Columns (b) and (c) in section II, and Questions 4, 6, 7 and 8 in section III. The unit of measure in each case, under Column (d) of section II shall be pounds.

(f) *Inventory restrictions.* No manufacturer shall accumulate for use in the manufacture of electrical appliances, heating units, or repair or replacement parts, any inventories of raw materials, semi-processed materials or finished parts in quantities in excess of the minimum amount necessary to maintain production as permitted by this order.

(g) *Applicability of other orders.* In so far as any other order heretofore or hereafter issued by the Office of Production Management or the War Production Board limits the use of any material in the production of electrical appliances, heating units, or repair or replacement parts to a greater extent than the limits imposed by this order, the provisions of such other order shall govern unless otherwise specified therein.

(h) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

(i) *Reports.* Every manufacturer affected by this order shall execute and file Form PD–655 with the War Production Board, Washington, D. C., Ref.: L-65, on or before the 10th day following the close of each calendar month.

(j) *Appeals.* Any appeal from the provisions of this order should be made on Form PD–500.

(k) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(l) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Consumers Durable Goods Division, Washington, D. C., Ref.: L–65.

Issued this 8th day of July 1943.

By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

NOTE: "Dehydration devices (domestic)," "Food dehydration equipment (domestic)" revoked July 8, 1943.

The following is the list of electrical appliances specified in paragraph (a) (1) of this order:

Air Heaters (except as covered by L–107 and L–158)
Aquarium Heaters
Baking Ovens
Barbecue Machines
Biscuit and Muffin Bakers
Blankets
Bottle Warmers
*Bread Slicers (except as covered by L–83)
Bread Toasters (except as covered by L–182)
Broilers
Casseroles
Chafing Dishes
Choppers, food and meat
Cigar and Cigarette Lighters
Clothes Driers
Coffee Makers
Coffee Mills
Coffee Roasters
Commercial Cooking and Food and Plate Warming Equipment
Corn Poppers
Curling Irons
*Dishwashing Equipment (domestic)
Double Boilers
Doughnut Cookers
Dry Shavers
Egg Boilers
Face and Hand Driers
Fan Type Heaters (except as covered by L–107 and L–158)
Faucet Heaters
Flat Irons
Fly Screens and Traps
Fireplaces
Food Choppers and Slicers
Food Conveyance Equipment
Food Cooking Equipment
Food Grinders
*Food Mixers
*Food Preparation Machinery
Food Servers
Fry Kettles
Griddles
Grills
Hair Clippers
Hair Driers
Heating Pads
Hedge Clippers
Hotplates and Disc Stoves
Ice Cream Freezers, Domestic
**Immersion Heaters
*Juice Extractors
Knife Sharpeners and Grinders
Massage Vibrators
*Meat, Fish and Bone Cutters
Neckwear and Trousers Pressers
Ovens (except as covered by L–182)
Peanut Roasters
Percolators
Permanent Wave Equipment
Popcorn Machinery
Portable Air Heaters
Pyrographic Pencils
Radiant Heaters
Ranges, Commercial (except as covered by L–182)
Roasters
Roasting Ovens
Sandwich Toasters
Soup Cookers
Steak and Meat Tenderizing Equipment
Steam Tables
**Steamers
Stock Pots
**Strip Heaters
Table Stoves
Tea Kettles
**Unit Heaters
Urns
Vibrators
**Vane Heaters
Waffle Irons
Water Heaters (except as covered by L–185)

*Only those using a fractional horsepower motor.

** Except for industrial applications.

PART 3026—PETROLEUM PRODUCTS

[Preference Rating Exclusion Order M–201 as Amended July 8, 1943 [1]]

The fulfillment of the requirements for the defense of the United States has created a shortage in certain petroleum products which will result, in certain areas, in a shortage in the supply of such petroleum products for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3026.1 *Preference Rating Exclusion Order M–201*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to the applicable provisions of any priorities regulation issued by the War Production Board, as amended from time to time.

(b) *Definitions.* (1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency or any organized group of persons, whether incorporated or not.

(2) "Petroleum" means petroleum, petroleum products and associated hydrocarbons, including, but not limited to, natural gas.

(3) "Restricted products" means those products of petroleum which may from time to time be specified in Exhibit A hereof and which are not excepted, in whole or in part, from the provisions of this order by Exhibit B hereof.

(c) *Exclusion of restricted products from certain provisions of priorities regulations and orders.* (1) Notwithstanding the provisions of any regulation, order, direction or certificate heretofore issued by the War Production Board or the Office of Production Management, deliveries of restricted products may be made by any person to any person for any purpose without regard to any preference rating assigned to the purchase, sale or delivery of such restricted products. No person shall require the application of a preference rating assigned by any regu-

[1] Exhibits A and B amended July 8, 1943.

lation, order, direction or certificate to the purchase, sale or delivery of restricted products and, except as provided in paragraph (c) (2) hereof, no such purchase, sale or delivery of restricted products shall be deemed to bear any preference rating whatsoever.

(2) No preference rating shall be assigned to any purchase, sale or delivery of restricted products (other than to a purchase, sale or delivery of fuel oil for use in ocean-going vessels) by any regulation, order, direction or certificate hereafter issued by or under the authority of the War Production Board, except by or pursuant to a regulation or order hereafter issued by the War Production Board specifically assigning the rating and excepting the transaction from the provisions of this order.

(d) *Excepted products.* The provisions of this order do not apply to any product of petroleum specified in Exhibit B hereof.

(e) *Applications and communications.* Applications for a specific assignment of a preference rating and exception from the provisions of this order shall be made on Form PD–1A accompanied by a letter in triplicate stating the reasons for such exception. Any such application shall be addressed to the Petroleum Administration for War, South Interior Building, Washington, D. C., Ref: M–201. All communications concerning this order shall be similarly addressed.

(f) *Violations.* Any person who wilfully violates any provision of this order or who wilfully furnishes false information to the War Production Board in connection with this order is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance by the War Production Board.

(g) Section 1115.2 *Preference Rating Exclusion Order M–144* is hereby revoked.

Issued this 8th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

EXHIBIT A

NOTE: Exhibit A amended in its entirety July 8, 1943.

The following are specified restricted products.

(1) Liquefied petroleum gas: propane, propylene, butanes, butenes, or any combination or dilution thereof commonly known as liquefied petroleum gas.

(2) Aviation gasoline: any liquid fuel (including components thereof), except Diesel fuel, used for aircraft propulsion which meets current provisional or permanent United States Army or Navy specifications for aircraft fuels.

(3) Motor fuel: any liquid fuel (including components thereof) suitable for use in the propulsion of motor vehicles or motor boats.

(4) Naphtha: any liquid petroleum fraction or derivative commonly known as naphtha, including that cut of gasoline or kerosene classified as naphtha: *Provided*, That the term naphtha shall not include any toluene fraction of Kauri-butanol value of 85 Kauri-butanol number or higher, or any aromatic petroleum solvent, as defined in General Preference Order M–150, as amended.

(5) Insecticide base: any liquid petroleum fraction or derivative used as or suitable for use as a base or carrier for the active chemical ingredients of an insecticide, germicide or deodorant.

(6) Fuel oil: any liquid petroleum fraction or derivative commonly known as fuel oil, including grades No. 1, 2, 3, 4, 5, or 6, Bunker "C" fuel oil, Diesel fuel, kerosene, range oil, gas oil and any other liquid petroleum product used for the same purpose as the above designated grades.

(7) Lubricating oil: any liquid petroleum fraction or derivative regardless of the extent processed, (1) which is used for or is suitable for lubrication, including, but not limited to, cutting, drawing, processing, soluble, transformer and white oils, and (2) which does not contain in excess of 50% by weight of additives or compounds.

(8) Lubricating grease: any lubricant manufactured from petroleum and a soap, organic salt or ester of any fatty oil or fatty acid.

(9) Asphalt: asphalt of petroleum origin and all asphaltic products of petroleum origin, including road oils.

(10) Petroleum wax: any solid hydro-carbon mixture commonly known as paraffin wax (fully refined, semi-refined, or crude scale) or micro-crystalline wax (amorphous wax, petrolatum wax), or any combination of these, regardless of the extent processed.

(11) Petrolatum: any semi-solid hydrocarbon mixture, plastic and unctuous, commonly known as petrolatum or petroleum jelly, regardless of the extent processed.

EXHIBIT B

NOTE: Exhibit B amended July 8, 1943.

The following are specified excepted products:

PART 3283—DOMESTIC FOOD DEHYDRATORS

[General Limitation Order L–308]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply for defense, for private account or for export of iron and steel and other critical materials used in the production of domestic food dehydrators; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3283.1 *General Limitation Order L–308*—(a) *Definitions.* For the purposes of this order:

(1) "Domestic food dehydrator" means a self-contained food dehydrating unit designed for home use consisting of a cabinet, fan or blower, a thermostat and a source of heat provided by either a heating element, light bulbs or fuel burning device and constructed so that temperature, humidity and air-flow are controlled.

(2) "Manufacturer" means any person engaged in the manufacture, fabrication or assembly of domestic food dehydrators other than for personal use, or experimental purposes, except schools and educational institutions manufacturing domestic food dehydrators for educational purposes.

(3) "Produce" means to process, fabricate, work on or assemble.

(b) *General restrictions.* (1) On or after July 8, 1943, no manufacturer shall produce any domestic food dehydrators except approved domestic food dehydrators as authorized by the War Production Board.

(2) Each manufacturer desiring to produce domestic food dehydrators under this order shall file with the War Production Board a letter of application pursuant to the instructions contained in Form WPB–2853, which form may be obtained from the War Production Board, Consumers Durable Goods Division.

(3) The War Production Board will notify each manufacturer of the individual authorization granted pursuant to this paragraph, by inclusion of such manufacturer's name and the approved number of units on Schedule A attached to this order. Such authorization will constitute approval of the domestic food dehydrator described in the manufacturer's application.

(4) All of the domestic food dehydrators authorized and approved for production under this order must be completed before September 1, 1943.

(c) *Statement of policy.* The production of domestic food dehydrators is directly related to the war time problem of preservation and distribution of food supplies. It is an emergency program which requires the completion of a maximum of 100,000 dehydrators prior to September 1, 1943. In the assignment of production quotas the War Production Board shall take into consideration:

(1) The amount of controlled materials involved in the manufacturer's proposed domestic food dehydrators.

(2) Other critical raw materials or fabricated parts.

(3) The raw materials and fabricated parts obtained from stocks available.

(4) The recommendation of the Office of Production Research and Development as to the performance of the dehydrators.

(5) The recommendation of the Department of Agriculture.

(6) The recommendations of the Smaller War Plants Corporation as to the distress condition of the manufacturer.

(7) The labor and transportation situation in the area where the plant of each applicant is located.

(8) The proposed selling price.

(9) Such other factors the War Production Board shall deem appropriate.

(d) *Inventories.* (1) No manufacturer authorized to produce domestic food dehydrators shall place an order for or accept delivery of any raw materials, semi-processed materials or fabricated parts in excess of the quantities necessary to complete his approved production quota.

(2) No manufacturer shall accumulate for the use and production of domestic food dehydrators under this order, inventories of raw materials, semi-processed materials or finished parts in excess of the minimum necessary to maintain production at the rate permitted.

(e) *Applicability of other orders and regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board. In so far as any other order of the War Production Board limits the use of any material in the production of domestic food dehydrators to a greater extent than the limits imposed by this order, the restrictions of such other order shall govern unless otherwise specified therein.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Appeal.* Any appeal from the provisions of this order, or of any schedule issued pursuant thereto, should be made on Form WPB–1477 (formerly PD–500), filed with the War Production Board.

(h) *Communications.* All reports required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Consumers Durable Goods Division, Washington, D. C., Ref: L–308.

Issued this 8th day of July 1943.

PART 1340—FUEL

[RPS 88,[1] Amdt. 114]

PETROLEUM AND PETROLEUM PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

In § 1340.159 (c) (1), two unnumbered paragraphs are added after the words "Crude petroleum".

(1) *Crude petroleum.* If a contract was in effect on October 1, 1941 for the purchase of crude petroleum at the receiving tank at a price in excess of the lowest posted price as of October 1, 1941 for the given pool applicable to such production or for the purchase of crude petroleum at a point other than at the receiving tank at a price in excess of such posted price, and if a specific maximum price has been established for crude petroleum produced at such pool under § 1340.159 (c); then the maximum price at the receiving tank or at such other point for the production covered by the contract, or any renewal of such contract, or a new contract between the same buyer and seller concerning the same production, shall be the sum of the contract price and the difference between the specific price as set out in § 1340.159 (c) and the lowest posted price as of October 1, 1941.

Where contracts of the type described above were in effect on October 1, 1941, duly authenticated copies of such contracts shall be filed by the purchaser with the Petroleum Branch of the Office of Price Administration at Washington, D. C. within thirty days after the effective date of this amendment, unless copies of said contracts have heretofore been filed with the Office of Price Administration.

This amendment shall become effective July 13, 1943.

*Copies may be obtained from the Office of Price Administration.

PART 1351—FOOD AND FOOD PRODUCTS

[Rev. MPR 238,[1] Amdt. 6]

FIXED MARK-UP REGULATION FOR SALES OF CERTAIN FOOD PRODUCTS AT RETAIL

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 238 is amended in the following respects:

1. In sections 1 (b), 1 (b) (2), 1 (b) (3), 1 (b) (4), 3, 5, 14, 16, 18, 21 (b) (1), 22, and 26, and in Appendix A, the word "group" is substituted for the word "class", "groups" is substituted for "classes", "Group" is substituted for "Class", and "Groups" is substituted for "Classes" wherever used.

2. Section 1 (b) (1) is amended to read as follows:

(1) Group 1: "Independent" retail stores with "annual gross sales" of less than $50,000. A retail store shall be an "independent" retail store if it is not one of 4 or more stores under one ownership whose combined "annual gross sales" are $500,000 or more.

3. Section 8 is amended to read as follows:

SEC. 8. *How a retailer must post his group.* At all times, a retailer must have the group his store is in under this regulation posted on a sign reading "OPA–1", "OPA–2", "OPA–3", or "OPA–4", whichever his store is, or on a sign which the Office of Price Administration may furnish, so that it can be clearly seen by his customers; except that if under any order issued under General Order No. 51 a retailer is allowed to post the sign of another group, he may do so.

This amendment shall become effective July 13, 1943.

has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 268 is amended in the following respects:

1. In sections 1 (b), 1 (b) (2), 1 (b) (3), 1 (b) (4), 3 (a) (1), 3 (a) (3), 12, 16, 17, 20 (b) (1), 21 and 25, and in Appendix A, the word "group" is substituted for the word "class", "groups" is substituted for "classes", "Group" is substituted for "Class", and "Groups" is substituted for "Classes" wherever used.

2. Section 1 (b) (1) is amended to read as follows:

(1) Group 1: "Independent" retail stores with "annual gross sales" of less than $50,000. A retail store shall be an "independent" retail store if it is not one of 4 or more stores under one ownership whose combined "annual gross sales" are $500,000 or more.

3. Section 3 (d) is amended to read as follows:

(d) Stores under one ownership pricing from a central point may calculate their maximum prices based on the "net cost" of purchases during the 7 days preceding Tuesday of each week. Those prices must not be put into effect before the following Thursday.

4. The head-note of section 5 is amended to read as follows:

SEC. 5. *How a retailer must post his maximum prices and group.*

5. Section 5 (b) is amended to read as follows:

(b) *Group.* At all times a retailer must have the group his store is in under this regulation posted on a sign reading "OPA-1", "OPA-2", "OPA-3", or "OPA-4", whichever his store is; or on a sign which the Office of Price Administration may furnish, so that it can be clearly seen by his customers; except that if under any order issued under General Order No. 51 a retailer is allowed to post the sign of another group, he may do so.

Maximum Price Regulation No. 336 is amended in the following respects:

1. In sections 1, 2 (a), 2 (c), 13, 14, 16, 19 and 20, the word "group" is substituted for the word "class", "groups" is substituted for "classes", "Group" is substituted for "Class", and "Groups" is substituted for "Classes" wherever used.

2. Section 2 (d) is amended to read as follows:

(d) Your store is a chain store if it is one of 4 or more stores owned by one person which have combined annual gross sales of $500,000 or more. If you are in doubt whether your store is in "Group 1 and 2", consult the directions given in sections 11, 12 and 13.

3. Section 12 (b) (1) is amended to read as follows:

(1) If you sell foods in a retail store in which more than one retailer sells a complete line of the same general class of food, you will be treated as operating a separate retail store of your own and you must find its group by using your own separate sales.

This amendment shall become effective July 13, 1943.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[MPR 355,[1] Amdt. 8]

RETAIL CEILING PRICES FOR BEEF, VEAL, LAMB AND MUTTON CUTS AND ALL VARIETY MEATS AND EDIBLE BY-PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 355 is amended in the following respects:

1. In sections 1, 2 (c), 14 (a), 15, 16, 18, 22 and 28, the word "group" is substituted for the word "class", "groups" is substituted for "classes", "Group" is substituted for "Class" and "Groups" is substituted for "Classes" wherever used.

2. Section 2 (a) is amended to read as follows:

(a) You will find your ceiling prices for each grade of beef, veal, lamb and mutton cuts on your "OPA List of Ceiling Prices for Beef, Veal, Lamb and Mutton—Fresh, Frozen or Cured" (Article III, section 22). A copy of the list for each kind of meat, variety meat and edible by-product for your zone and group may be obtained from your local war price and rationing board or from your district office of Price Administration Office. If any store had a 1942 total sales volume of $250,000 or more, and is one of a "chain store" organization which had a combined total sales volume for all stores of $40,000,000 or more during 1942, the ceiling prices for each grade of beef, veal, lamb and mutton cuts applicable to such store shall be 10% lower, adjusted to the nearest cent, than the ceiling prices established herein for Group 3 and 4 stores.

3. Section 2 (d) is amended to read as follows:

(d) Your store is a "chain store" if it is one of four or more stores owned by one person which had a combined total sales volume for all stores of $500,000 or more during 1942. If you are in doubt whether your store is in "Group 1 and 2" consult the directions given in sections 13, 14 and 15.

4. Section 14 (b) (1) is amended to read as follows:

(1) If you sell foods in a retail store in which more than one retailer sells a complete line of the same general class of food, you will be treated as operating a separate retail store of your own, and you must find your group by using your own separate sales.

5. Section 14 (b) (2) is amended to read as follows:

(2) If you sell food in a retail store in which there are other food retailers, but none of whom sells a complete line of the same general class of food, you must find your group by taking the combined annual gross sales of all the food retailers in that store.

This amendment shall become effective July 13, 1943.

PART 1364—FRESH, CURED, AND CANNED MEAT AND FISH PRODUCTS

[MPR 418]

FRESH FISH AND SEAFOOD

In the judgment of the Price Administrator, it is necessary in order to effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, that maximum prices be established for the sale by producers and wholesale distributors of fresh fish and seafood.

So far as practicable, the Price Administrator has consulted and advised with representative members of the industry which will be affected by the regulation. In the judgment of the Price Administrator, the prices established are generally fair and equitable and will effectuate the purposes of the Act. The prices established are not below the average prices of fresh fish and seafood in the year 1941.

Table D: Maximum prices for cash and carry wholesalers of fresh fish and seafood.
Table E: Maximum prices for service and delivery wholesalers of fresh fish and seafood.

Article I—Purpose and Scope of Regulation

SECTION 1. *What this regulation does.* This regulation fixes the maximum prices at which producers and wholesalers may sell fresh fish and seafood. On and after July 13, 1943, the date this regulation takes effect, no producer or wholesaler may sell or deliver any fresh fish or seafood, and no person in the course of trade or business may buy or receive any fresh fish or seafood from a producer or wholesaler at prices higher than the prices fixed by this regulation. But prices lower than those fixed may be charged or paid.

SEC. 2. *How a producer determines his maximum prices for fresh fish*—(a) *Ex-vessel fish.* Table A (Article IV, section 20 (a)) lists the species of fresh fish and seafood (including shellfish and mollusks) for which maximum prices are established by this regulation. The prices are fixed for each month. For each month, there are two columns of prices. The left-hand pricing column is the producer's maximum price at the port of entry for the designated species in bulk, ex-vessel, i. e., in the customary way in which the particular species is landed at that port, and of the customary size, where size is a factor in the price. War risk insurance premiums may be paid in addition to the listed maximum prices for those species of fish and in those localities where such premiums have customarily been paid by purchasers of the fish.

(b) *Boxed fish.* Where a producer (fisherman), besides producing and bringing his catch to port, also boxes or barrels his fish at or near the port of entry for convenience of sale and transportation to market, his maximum prices shall be the prices listed in the right-hand pricing column of Table A for the species and the month involved. Such prices shall include all brokerage, commission, or any other customary selling fees, transportation, and any other expenses incurred.

SEC. 3. *Maximum prices for sales to wholesalers by a primary fish shipper wholesaler*—(a) *Sale by a primary fish shipper wholesaler.* A sale by a primary fish shipper wholesaler is a sale by a person who buys fresh fish or seafood in bulk, ex-vessel, and/or from a producer who boxes or barrels his own fish or seafood, and who distributes bulk, boxed, barreled, or packaged fish and seafood to other wholesalers (retailer-owned cooperative, cash and carry, and service and delivery) or to a retail chain store warehouse.

(1) *Maximum prices for sales by a primary fish shipper wholesaler.* Maximum prices for sales by a primary fish shipper wholesaler are the prices listed in Table B (Article IV, section 20 (b)). These prices are f. o. b. his established place of doing business in bulk. For fish and seafood that are placed in containers the prices shall be the prices set forth in Table B plus the container prices provided in section 19.

SEC. 4. *Maximum prices for sales to retailer-owned cooperative stores, individual retail stores and purveyors of meals by wholesalers*—(a) *Sale by a retailer-owned cooperative wholesaler.* A sale by a retailer-owned cooperative wholesaler is a sale by a person who is either a non-profit organization or a corporation of which 51% or more of the stock is owned by its retailer customers and which generally sells f. o. b. warehouse or delivers to affiliated retail stores.

(1) *Maximum prices for sales by a retailer-owned cooperative wholesaler.* Maximum prices for sales by a retailer-owned cooperative wholesaler are the prices listed in Table C (Article IV, section 20 (c)) plus the container prices provided in section 19 when containers are used, plus transportation as provided in section 7.

(b) *Sale by a cash and carry wholesaler.* A sale by a cash and carry wholesaler is a sale by a person who distributes fish and seafood to individual retail stores and purveyors of meals; who normally sells for cash but who also may extend credit, and whose sale is made where the goods are picked up at his established place of doing business either by his customer or a common carrier hired or employed by the customer.

(1) *Maximum prices for sales by a cash and carry wholesaler.* Maximum prices for sales by a cash and carry wholesaler are the prices listed in Table D (Article IV, section 20 (d)) plus the container prices provided in section 19 when containers are used, plus transportation as provided in section 7.

(c) *Sale by a service and delivery wholesaler.* A sale by a service and delivery wholesaler is a sale by a person who distributes fish and seafood to individual retail stores and purveyors of meals from his established place of doing business, and who delivers the goods to his customer's usual receiving point.

(1) *Maximum prices for sales by a service and delivery wholesaler.* Maximum prices for sales by a service and delivery wholesaler are the prices listed in Table E (Article IV, section 20 (e)) plus the container prices provided in section 19 when containers are used, plus transportation as provided in section 7.

SEC. 5. *Combination wholesaler.* Within the meaning of this regulation, a combination wholesaler is a person who performs two or more types of wholesale sales defined in section 3 and section 4. Such a wholesaler will fall within one class, depending upon the type of sale made in the particular case and the service rendered.

Example. From an established place of doing business, one person may make sales

*Copies may be obtained from the Office of Price Administration.

as a primary fish shipper wholesaler or as a cash and carry or service and delivery wholesaler. Thus, if a primary fish shipper wholesaler makes a sale to another class of wholesaler, he will take the maximum price allowed him as a primary fish shipper wholesaler. If the same person makes a sale to an individual retail store which picks up the goods, he will take the maximum price allowed for a cash and carry sale.

SEC. 6. *Special package shipments to out-lying country points by wholesalers.* A retailer-owned cooperative wholesaler, cash and carry wholesaler or service and delivery wholesaler who packs fish and seafood in special containers for shipment to out-lying country points to individual retail stores or purveyors of meals shall, in addition to the permitted maximum price, add the actual cost of the special containers and the cost of the refrigerant. The added cost must be shown on the invoice to the customer.

SEC. 7. *Allowance for transportation*—(a) *When a wholesaler may add his transportation cost to listed prices.* The prices set forth in section 20 list maximum prices for sales by a retailer-owned cooperative, cash and carry, and service and delivery wholesaler, exclusive of container costs and transportation costs incurred in transporting the fish to his established place of doing business. Where such transportation charges have been incurred (excluding local trucking and handling charges), a wholesaler may add to the maximum prices the actual cost of transportation from the primary fish shipper wholesaler's established place of doing business to his customary receiving point.

Example. A cash and carry wholesaler in an inland City A buys 10,000 pounds of "X" fish in the round from a primary fish shipper wholesaler in City B, which is at the port of entry. The cost of transporting the 10,000 pounds of fish from City B to City A is one cent per pound or $100. If the cash and carry wholesaler in City A sells the 10,000 pounds of fish in the round, his maximum selling price per pound, exclusive of container costs, is the listed price in Table D, section 20 for "X" species in the round, plus transportation costs of 1¢. However, if the same cash and carry wholesaler in City A fillets the 10,000 pounds of fish, and his yield is 4,000 pounds of fillets, he is allowed to add to the listed price in Table D, section 20 for "X" species filleted, transportation costs of 2½¢ per pound. Thus, in these two instances, where the cash and carry wholesaler sells fresh fish in the round and filleted, he recovers his actual transportation costs.

(b) *Authorization to regional offices to fix transportation allowances.* Any regional office of the Office of Price Administration, and such other offices as may be authorized by the appropriate regional office, may by order determine and fix for any area or locality within its jurisdiction, a transportation allowance applicable to any species of fresh fish or seafood. The allowance shall be ascertained by reference to the principal source or sources from which the particular species is shipped to the area or locality and the method of transportation generally used. The transportation allowance thus fixed shall be used by all wholesalers in lieu of the actual transportation cost, in determining their maximum prices for the sale, in the area or locality, of the designated species of fresh fish or seafood. The transportation allowance may be made effective for such time as the appropriate office finds proper, and may be changed from time to time to reflect changes in the principal sources of designated species of fish or seafood or methods of shipment which occur in the regular course of business. In determining the maximum prices for sales of fresh fish and seafood in any area or locality for which a transportation allowance is not established, wholesalers shall add actual transportation cost as provided in paragraph (a) of this section. Any transportation allowance established pursuant to the provisions of this paragraph shall have the same force and effect as if specifically established in this regulation.

SEC. 8. *Imported fresh fish and seafood.* The maximum prices at which a wholesaler, including any agent of a foreign shipper, may sell any fresh fish and seafood listed in the regulation shall be the prices listed in Table B, C, D, or E, depending on the type of sale involved, plus the container prices provided in section 19 when containers are used. Any wholesaler in the United States except the primary fish shipper wholesaler shall add the actual transportation cost from the point at which the fresh fish or seafood enters the United States to his established place of doing business. If that transportation cost is less than the transportation cost from the shipping point in the United States closest to the foreign shipper's plant to the wholesaler's established place of doing business, the latter may be added in place of the actual transportation cost.

Example. Fresh fish and seafood might move from Prince Rupert, B. C. to Montreal by Canadian National Railway and enter the United States slightly south of Montreal on the way to New York. The port of entry in the United States would thus be near Montreal. Under such circumstances, any wholesaler in the United States except the primary fish shipper wholesaler would be permitted to add only the rail rate from Montreal to New York were it not for the added provision in this section that allows the wholesaler to use Seattle as the port of entry. The rail rate is the same from Prince Rupert to New York as it is from Seattle to New York. Thus, the wholesaler may add what would amount to the actual transportation cost.

SEC. 9. *Sales to governmental agencies.* For the purposes of this regulation a governmental agency may be considered an individual retail store, purveyor of meals or any class of wholesaler, depending on the type of sale involved and service rendered by the seller.

SEC. 10. *Where this regulation applies.* The provisions of this regulation shall apply to the United States, its territories and possessions.

SEC. 11. *Sales to which this regulation does not apply.* (a) The provisions of this regulation shall not be applicable to sales or deliveries of fresh fish and seafood to a purchaser, if prior to July 13, 1943 such fresh fish and seafood have been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

(b) The provisions of this regulation shall not apply to any sales at retail. A sale at retail is a sale to an ultimate consumer other an industrial or commercial user.

SEC. 12. *Relation to other regulations.* (a) The provisions of this regulation supersede Maximum Price Regulation No. 366, as amended (Fresh Tuna Fish), except that Maximum Price Regulation No. 366, as amended, shall remain in full force and effect until the effective date of this regulation.

(b) The maximum price at which a person may export fresh fish and seafood shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation[1] issued by the Office of Price Administration.

Article II—Record Keeping and Enforcement

SEC. 13. *Records and reports.* (a) Every person making a sale, subject to this regulation and every person in the course of trade or business making a purchase of fresh fish or seafood, subject to this regulation, or otherwise dealing therein, after July 12, 1943, shall keep for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer and of the seller, the price contracted for or received, the quantity, species, grade, style of dressing of pack of fresh fish or seafood, and the container type and size.

(b) Such person shall, subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942, submit such reports to the Office of Price Administration and keep such other records in addition to or in place of the records required in paragraph (a) of this section as the Office of Price Administration may from time to time require.

SEC. 14. *Indirect price increases.* No person shall evade any of the provisions of this regulation by any scheme or device, and no person shall indirectly charge or receive for fresh fish or seafood a price higher than the maximum price permitted by this regulation. No person shall, as a condition of selling any fresh fish or seafood, require a purchaser to buy any other fish or seafood or any other product.

SEC. 15. *Enforcement.* On and after July 13, 1943, any person violating any provision of this regulation shall be subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for revocation of licenses provided by the Emergency Price Control Act of 1942, as amended.

[1] 8 F.R. 4132, 5987.

Article III—Miscellaneous Provisions

SEC. 16. *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 issued by the Office of Price Administration. Any application involving the problem of transportation shall be filed in the regional office in the region where the petitioner resides.

SEC. 17. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

SEC. 18. *General definitions.* When used in this maximum price regulation the term:

"Butterfly fillet" means two single fillets which are held together as a single unit by leaving intact the belly wall of the fish.

"Cellophane wrapped" means fish, seafood, or fillets which are wrapped in cellophane.

"Container" means a box, carton or crate, of wood, paper, metal or other substance used for packing fish.

"Drawn fish" means fish from which the viscera or entrails have been removed, with the head left on.

"Dressed" means fish from which the viscera and head have been removed.

"Established place of doing business" means the plant where the producer or wholesaler handles and distributes fresh fish or seafood.

"Fillet" means the heavily meated section or strip of fish cut from along the backbone and outside the rib bones, extending from the nape and gills to the tail.

"Gutted" means fish from which the viscera or entrails have been removed, with the head left on.

"Headed" means fish from which the head has been removed.

"Layer pack" means fish which have been placed in a container in layers that are divided by sheets of paper.

"New York City" means the five boroughs of New York City and an area along the New Jersey shore of the Hudson River opposite Manhattan, and includes the area supervised by the Port of New York Authority.

"Parchment wrapped" means fish or fillets individually wrapped in parchment paper.

"Person" includes any individual, corporation, partnership, association, or other organized group of persons, legal successor or representative of any of the foregoing, and includes the United States, any agency thereof, or other government, or any of its political subdivisions, and any agency of the foregoing: *Provided*, That no punishment provided by this regulation shall apply to the United States or to any such government, political subdivision, or agency.

"Price per pound" means the price for 16 net ounces of fresh fish or seafood.

"Price per ton" means the price for 2,000 net pounds of fresh fish or seafood.

"Producer" means the fisherman and those persons allied with him in the catching and landing of fish and seafood.

"Retail chain store warehouse" means the receiving point for a unit of chain stores owned by one person.

"Round fish" means fish as it comes from the water.

"Seine caught" means fish caught by gear other than hook and line.

"Troll caught" means fish caught by hook and line in ocean waters.

Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

Article IV—Maximum Prices and Container Prices

SEC. 19. *Schedule of container prices.* Add the appropriate container prices set forth in this section to the maximum prices for bulk fish and seafood listed in Tables B, C, D, and E when fish are sold in containers. For any size containers not listed in this section, take the nearest size for which provision is made.

When cellophane wrapped, add an additional ¼ cent per pound.

PART 1377—WOODEN CONTAINERS

[Rev. MPR 186,[1] Amdt. 7]

WESTERN WOODEN AGRICULTURAL CONTAINERS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation 186 is amended in the following respects:

1. In § 1377.110 the paragraphs (f) to (k), inclusive, are redesignated (g) to (l), inclusive, and a new paragraph (f) is added to read as follows:

(f) *Mark-up for sales of shook and covers by "growers' service organizations".* On sales of shook and covers, as defined in this regulation, in carload lots by "growers' service organizations" a mark-up of 10 percent may be added to the maximum price. On sales of less than carload lots a mark-up of 20 percent may be added. These mark-ups may be added only on sales of shook and covers bought by a "growers' service organization" for the purpose of resale, and only by organizations which receive authorization from the Office of Price Administration. Authorization may be granted by letter to any organization making application for permission to add the mark-ups if it is shown that the organization is engaged primarily in the business of marketing fruits and vegetables for the account of growers and that it maintains enclosed warehousing facilities for fresh fruit and vegetable containers and covers.

2. In § 1377.110 the new paragraph (l) is amended by adding the phrase, "plus actual freight from mill to warehouse" following "basic prices" in the sentence reading:

In the case of all warehouses located in the northwest area, the maximum charges in Table 6 are to be added to the "basic prices."

This amendment shall become effective July 13, 1943.

PART 1386—SOAP AND GLYCERINE

[MPR 390,[1] Amdt. 2]

HOUSEHOLD SOAPS AND CLEANSERS SOLD BY RETAIL FOOD STORES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 390 is amended in the following respects:

1. In sections 2 (a), 3 (a), 3 (b), 5, 12 (a), 13, 14, 16 (c), 17, 18 and 19, the word "group" is substituted for the word "class", "groups" is substituted for "classes", "Group" is substituted for "Class", and "Groups" is substituted for "Classes" wherever used.

2. The definition of "chain retail food store" in section 10 (a) is amended to read as follows:

"Chain retail food store" means one of four or more retail food stores under one ownership which jointly have an annual gross volume of $500,000 or more.

3. Section 12 (b) (1) is amended to read as follows:

(1) If you sell foods in a retail store in which more than one retailer sells a complete line of the same general class of food, you are treated as a separate retailer and must find out what group you are in by using only your own annual gross sales.

4. Section 12 (b) (2) is amended to read as follows:

(2) If you sell food in a retail store in which there are other food retailers, but no two of them sell a complete line of the same general class of food, you must find out what group you are in by taking the combined annual gross sales of all the food retailers in that store.

This amendment shall become effective July 13, 1943.

PART 1377—WOODEN CONTAINERS

[MPR 320,[1] Amdt. 5]

EASTERN AND CENTRAL WOODEN AGRICULTURAL CONTAINERS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 320 is amended in the following respects:

1. Section 1377.202 (a) is amended to read as follows:

(a) *Products covered by the regulation.* This regulation, under the term "Eastern and Central Wooden Agricultural Containers", covers wooden agricultural containers made entirely of wood or a combination of wood and solid fiber or corrugated board, which are manufactured in any of the following states: Alabama, Arkansas, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Nebraska, New Hampshire, New Jersey, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Vermont, Virginia, West Virginia, and Wisconsin.

The term "agricultural container" means any assembled or unassembled box, crate, tray, lug, cup, hamper, basket, carrier, or similar container customarily used for picking, handling, storing or shipping fresh fruits and vegetables. This regulation also covers any constituent wooden part (partial shook) of the containers covered herein, if it is ready to be assembled into the container. Carstrips, riser sticks and tomato stakes are also included within the terms of the regulation.

Expressly excluded from the provisions of this regulation are coopered products, veneer and plywood drums, and used containers.

2. Section 1377.208 is amended to read as follows:

§ 1377.208 *Containers covered by the regulation but not specifically priced.* A manufacturer desiring to price a container not specifically priced in the in the schedules must write to the Lumber Branch of the Office of Price Administration, Washington, D. C., giving a complete description of the item to be priced, all available production cost data, his requested selling price, and any facts in support of the requested price. Approval of a price will be by letter or telegram, and any price not disapproved within 20 days from receipt of the application shall be considered approved until amended or revoked by this Office. After filing application for a price and pending action by the Office of Price Administration a seller may use his requested price, subject to adjustment to the price approved by this Office.

Once a maximum price for a container has been approved or established by the Office of Price Administration under this section, the manufacturer must inform each warehouse operator, dealer or broker who sells the container which he manufactures of the price so established.

3. Section 1377.210 (c) is amended to read as follows:

(c) *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery, but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant the authorization has been delegated. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

4. In § 1377.216 (a), Table III, Zone 4 price of $18.00 for 1 bushel (32 quart) hampers—wire or loop fasteners is amended to read $20.00.

This amendment shall become effective July 7, 1943.

PART 1381—SOFTWOOD LUMBER

[Rev. MPR 161,[1] Amdt. 5]

WEST COAST LOGS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 161 is amended in the following respects:

1. Section 1381.154, paragraph (G) is amended to read as follows:

(G) DOUGLAS FIR SPECIAL SHIP SPAR LOGS

Specially selected for ship spars, booms, and masts and of following lengths	Puget Sound District	Willapa Bay-Grays Harbor District	Columbia River District	Southern Oregon-Tillamook District
42 to 54 feet	$30	$30	$30	$28
56 to 70 feet	40	40	40	38
72 to 80 feet	42.50	42.50	42.50	40.50
82 to 90 feet	45	45	45	43
92 to 100 feet	50	50	50	48
102 to 116 feet	55	55	55	53
Over 116 feet	75	75	75	73

2. Section 1381.155 is amended to read as follows:

§ 1381.155 *Long and short lengths and special logs*—(a) *Additions for long length.* For Nos. 1 and 2 Sawmill Logs (all species except Western red cedar) and Douglas fir peewee logs over 42 feet in length, (after allowance for trim) the following additions may be made to the prices in the above tables:

	Per 1,000 feet
42 to 50 feet	$1.00
52 to 60 feet	2.00
62 to 70 feet	3.00
72 to 80 feet	4.00

For example, the maximum price on a No. 1 Douglas fir sawmill log 54 feet long in Puget Sound District is $33.00 per thousand feet. Authorizations for special prices on long length under the previous provisions of this paragraph will continue in effect for the quantity of logs to which the authorization extended. Note that the long log addition may not be made on Aircraft Grade Logs, Peeler Logs, Douglas Fir Special Ship Spar Logs, Ponton Logs, or logs sold on a camp run basis.

(b) *Special logs.* For sawmill logs over 80 feet selected to fill particular orders for long timbers or lumber or other specific purpose actually requiring long logs, or for logs of necessary extra specifications that cannot be priced under paragraph (G) of the preceding § 1381.-154, the buyer and seller jointly shall file with the Lumber Branch, Office of Price Administration, Washington, D. C., the species, grade, specifications, and quantity of the particular logs, the requirement therefor, and the proposed price. This proposed price must be submitted within ten days of its first use. If, within 15 days of the receipt of the request

[1] 8 F.R. 1117, 2992, 5678, 6619.

for approval, the Office of Price Administration does not disapprove the requested price, such price shall thereafter be the maximum price for that seller for that item. Pending such approval or action by the Office of Price Administration, the seller may deliver the item and receive payment therefor, subject to the condition that a refund will be made if the price is in excess of that approved by the Office of Price Administration. Adjustment for approval of such prices may be made by letter or telegram by the Lumber Branch of the Office of Price Administration.

(c) *Short lengths.* For blocks in lengths of less than 12 feet, deduct $5.00 per 1,000 feet log scale from the prices in the price tables in section 1381.154 above.

3. Section 1381.156, paragraph (g) is amended to read as follows:

(g) *Contract logging service.* Persons rendering contract logging services by producing logs for an owner of stumpage, whether a seller of logs or consumer, are permitted under the provisions of § 1499.666 (c) of Supplementary Service Regulation No. 16 to make the same additions for overtime operations and under the same conditions as outlined in this section. In making application for authority to make such additions, the contractor should indicate, in addition to the other information required by paragraph (c) the name of the person for whom the service is rendered and a statement of his maximum prices computed under Maximum Price Regulation No. 165 [2]—Services. If there has been any adjustment of the maximum price established by that regulation which is based in any way on increased operating costs due to overtime operations, the addition may not be made under this paragraph.

This amendment shall become effective July 13, 1943.

PART 1381—SOFTWOOD LUMBER

[Correction to Rev. MPR 222]

NORTHERN SOFTWOOD LUMBER

In the sentence immediately preceding paragraph (e) of section 7, the word "not" should be inserted between "may" and "be"; so that the sentence reads: "The addition may not be made on quotations or sales until permission has been received."

This correction shall become effective July 13, 1943.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[RO 11, Amdt. 71 [1]]

FUEL OIL RATIONING REGULATIONS

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Ration Order No. 11 is amended in the following respects:

1. Section 1394.5001 (a) (7) is amended to read as follows:

(7) "Consumer" means any person acquiring fuel oil for use, including use as a component part of any manufactured article, material, or compound other than fuel oil. The term includes dealers and primary suppliers to the extent that they use fuel oil, or acquire fuel oil for use rather than for transfer.

2. Section 1394.5001 (a) (10) is amended to read as follows:

(10) "Dealer" means any person (other than a primary supplier) who is engaged in the business of buying and selling fuel oil. The term also includes secondary suppliers.

3. Section 1394.5001 (a) (17) is amended by deleting the phrase "or secondary supplier."

4. Section 1394.5001 (a) (26) is amended to read as follows:

(26) "Secondary supplier" means any person, other than a primary supplier, who is engaged in the business of buying and selling fuel oil for resale.

5. Section 1394.5001 (a) (35) is amended to read as follows:

(35) "Transfer" means to sell, give, exchange, lease, lend, deliver, supply or furnished, and includes the transfer of title by legal process or operation of law, such as, but not limited to, the transfer of title by will, inheritance or foreclosure; it also includes the withdrawal or setting apart for his own use by any dealer or primary supplier of fuel oil held by him but not acquired for use; but does not include the creation of a security interest or security title involving no change of possession. Delivery to a carrier for shipment, or by a carrier in the course of or in completion of shipment, shall not be deemed a transfer to or by such carrier. Any delivery of fuel oil into stationary storage facilities designated by the Petroleum Administration for War as a terminal to receive principal petroleum products pursuant to Petroleum Directive No. 59 of the Petroleum Administration for War shall be deemed a transfer of fuel oil to the owner or operator of such terminal, and delivery of fuel oil from such terminal to a person other than the owner or operator shall be deemed a transfer of fuel oil by the owner or operator to such person.

6. Section 1394.5651 is amended by substituting the phrase "primary supplier" for the word "supplier" wherever appearing.

7. Section 1394.5652 is amended by substituting the phrase "primary supplier" for the word "supplier".

8. Section 1394.5655 (b) (6) is amended by substituting the phrase "primary supplier" for the word "supplier".

9. Section 1394.5657 (c) is amended by deleting the phrase "or secondary supplier" wherever appearing, and the phrase "or supplier".

10. Section 1394.5659 (b) is amended by substituting the phrase "primary supplier" for the word "supplier" wherever appearing, and by inserting after the phrase "or delivery receipts" the parenthetical phrase "(or his certified ration check, if he is a depositor)".

11. Section 1394.5659 (b) (1) is amended by inserting the parenthetical phrase "(or his certified ration check, if he is a depositor)" after the phrase "or delivery receipts" wherever appearing.

12. Section 1394.5659 (b) (2) is amended by inserting the parenthetical phrase "(or his certified ration check, if he is a depositor)" after the phrase "or delivery receipts" and by substituting the phrase "Receipts or certified ration check" for the phrase "or receipts".

13. Section 1394.5660 (a) is amended by substituting the phrase "primary suppliers" for the word "suppliers".

14. Section 1394.5660 (b) is amended by substituting the phrase "primary supplier" for the word "supplier" and by inserting the parenthetical phrase "(or his certified ration check, if he is a depositor)" after the phrase "or delivery receipts".

15. Section 1394.5661 is amended to read as follows:

§ 1394.5661 *Discriminations in transfers to consumers.* On and after November 1, 1942, no dealer or primary supplier shall discriminate, in the transfer of fuel oil, among consumers entitled to acquire fuel oil under this Ration Order No. 11.

16. Section 1394.5663 (b) is amended by deleting the phrase "or supplier".

17. Section 1394.5663 (c) is amended by substituting the phrase "primary supplier" for the word "supplier".

18. Section 1394.5664 is amended to read as follows:

§ 1394.5664 *Transfers by Army, Navy, Marine Corps and Coast Guard.* (a) The Army, Navy, Marine Corps and Coast Guard of the United States may transfer fuel oil to consumers, dealers or primary suppliers. Such transfers must be in exchange for coupons or other evidences or Delivery Receipts equal in gallonage value to the fuel oil transferred (except in the case of transfers to primary suppliers). The agency transferring the fuel oil shall report on its official letterhead to the Control and Audit Section, Fuel Oil Rationing Branch, Washington Office, on or before the 24th day of each month, the amount of fuel oil transferred during the preceding month to each primary supplier and the amount transferred, respectively, to dealers and consumers and shall (except in the case of transfers to primary suppliers) submit coupons or other evidences or delivery receipts equal in gallonage value to the fuel oil so transferred.

(b) A transfer of fuel oil made pursuant to paragraph (a) of this section shall not constitute the Army, Navy, Marine Corps or Coast Guard a dealer or primary supplier.

Provisions Relating to Primary Suppliers and Dealers

20. Section 1394.5701 is amended to read as follows:

§ 1394.5701 *Registration of primary suppliers and dealers*—(a) *Primary suppliers.* Primary suppliers shall apply for registration on Form OPA R–1116 (Revised), in duplicate, to any Board within the limitation area as follows: with respect to operations constituting him a primary supplier in any part of the limitation area other than "Area A" or "Area B", on October 27 or 28, 1942; with respect to operations constituting him a primary supplier in "Area A", on February 12, or 13, 1943; and with respect to operations constituting him a primary supplier in "Area B", on March 15 or 16, 1943. A person who begins operations which constitute him a primary supplier in such areas after such dates shall apply for registration within five (5) days after becoming a primary supplier. If an establishment is already included in an earlier registration, application for registration of such establishment need not be made.

(1) The applicant shall furnish, together with such other information as may be required by such form:

(i) His name, firm name and business address.

(ii) His total fuel oil storage capacity (as defined in § 1394.5703) and his total inventory of fuel oil on hand (as defined in § 1394.5702) as of 12:01 a. m. on October 1, 1942; or in "Area A" as of 12:01 a. m. on February 1, 1943; or in "Area B" as of 12:01 a. m. on March 14, 1943; if he became a primary supplier since October 1, 1942, or in "Area A" since February 1, 1943, or in "Area B" since March 14, 1943, as of the time he became a primary supplier.

(iii) The location of, and the storage capacity and inventory on hand at, each establishment included in the proposed registration; or, if he does not maintain stationary storage facilities, the number of mobile and portable units included in the registration, and the capacity and vehicle license number of each mobile delivery unit. If more than one establishment or mobile unit is included in the registration, the applicant shall attach a schedule or schedules to Form OPA R–1116 (Revised), supplying the information required with respect to each such establishment or mobile unit.

(iv) A statement as to the facts which constitute him a primary supplier under the definition of primary supplier in subparagraph (22) of paragraph (a) of § 1394.5001.

(v) If he applies for registration after the time fixed by paragraph (a), a signed statement, in duplicate, setting forth his reasons for not applying within the time fixed for the application.

(2) A primary supplier shall include in one application for his primary supplier registration all the establishments or mobile facilities at or from which he conducts operations constituting him a primary supplier and all stationary storage facilities in which he commingles fuel oil with that of other primary suppliers irrespective of the ownership of such facilities. However, facilities in which a primary supplier commingles fuel oil pursuant to Directive No. 59 of the Petroleum Administration for War shall be included in his application only if operation constituting him a primary supplier are conducted at or from such facilities. If he has other establishments within the limitation area, he may include some or all of them in his application if he chooses to do so.

(i) He shall apply for registration as a dealer as to each establishment at which he engages in the business of transferring fuel oil and which he does not choose to include in his primary supplier registration.

(ii) Where the operations of a primary supplier are divided by him among two or more accounting and financial districts, he may make a separate application for registration for each district of all the establishments or facilities as to which he is a primary supplier in such district.

(iii) A primary supplier may include in his application for registration as a primary supplier the fuel oil storage facilities of any person who receives fuel oil on consignment from him, title to the fuel oil remaining in the consignor until the time of transfer by the consignee. If such facilities are included in the application, the consignee shall for all purposes of this Ration Order No. 11 be deemed to be an agent of the primary supplier with respect to such fuel oil. If the consignee's facilities are not included in the application, the consignee shall apply for registration as a dealer with respect to such facilities, and notwithstanding the retention of title by the consignor to the fuel oil consigned, the consignee shall surrender coupons or other evidences upon the transfer of such fuel oil to him and include the fuel oil in his inventory.

(3) Registration certificates shall be issued in accordance with § 1394.5704.

(b) *Dealers.* Every dealer transacting business within the limitation area (except those dealers who are required to apply for registration pursuant to paragraph (d) of this Section) shall, on October 27 or 28, 1942 (and in "Area A" on February 12 or 13, 1943; or in "Area B" on March 15 or 16, 1943), apply for registration on Form OPA R–1116 (Revised), in duplicate, to a Board.

(1) The applicant shall furnish, together with such other information as may be required:

(i) His name, firm name, business address and type of business.

(ii) His total fuel oil storage capacity (as defined in § 1394.5703).

(iii) His total inventory of fuel oil on hand (as defined in § 1394.5702) as of 12:01 a. m. on October 1, 1942; and in "Area A" as of 12:01 a. m. on February 1, 1943; and in "Area B" as of 12:01 a. m. on March 14, 1943.

(iv) If he applies for registration after the time fixed by paragraph (b), a signed statement, in duplicate, setting forth his reasons for not applying within the time fixed for the application.

(v) If he applies on or after July 1, 1943, a schedule, to be attached, containing:

(*a*) The units constituting the fuel oil storage facilities (such as tanks, and where applicant has no stationary facilities, his mobile delivery units).

(*b*) The identifying numbers, letters or other insignia on each unit and in the case of mobile delivery units, the vehicle license number of each.

(c) The fuel oil capacity of, and the fuel oil on hand in, each unit.

(2) Separate application shall be made by each dealer for each place of business within the limitation area where he engages in the business of buying and selling fuel oil, and shall be made at each respective Board having jurisdiction over the area in which such place of business is located. If such dealer has no stationary storage facilities, he shall apply for registration of all his mobile delivery units, with the Board having jurisdiction over the area in which he has his main office. However, any person, any part of whose operations with respect to a given establishment falls within the definition of a primary supplier, shall apply for registration as a primary supplier with respect to such establishment pursuant to paragraph (a) of this section.

(3) Registration certificates shall be issued in accordance with § 1394.5704.

(c) *Secondary suppliers become dealers.* Each registration as a secondary supplier granted prior to July 1, 1943 shall be deemed, without further application, a registration as a dealer.

(d) *Dealers who commingle fuel oil.* Dealers who commingle fuel oil with that of other dealers in stationary storage facilities located within the limitation area shall apply for registration as to such facilities in accordance with the following provisions:

(1) Such dealers shall apply for registration of the facilities on Form OPA

R–1116 (Revised), in duplicate, jointly and on the same application form, with the Board having jurisdiction of the area in which the facilities are located.

(2) Such dealers shall furnish, together with such other information as may be required by such form, their names and addresses, the total fuel oil capacity of the facilities, and their total combined inventory of fuel oil on hand in the facilities as of 12:01 a. m. on October 1, 1942 (and in "Area A" as of 12:01 a. m. on February 1, 1943; and in "Area B" as of 12:01 a. m. on March 14, 1943); if such commingling did not begin until after October 1, 1942 (or after February 1, 1943 in "Area A", or after March 14, 1943 in "Area B"), the total fuel oil capacity of the facilities and their total combined fuel oil on hand in the facilities as of the time when such commingling began. If application is made on or after July 1, 1943, a schedule shall be attached containing the units constituting the facilities, the identifying numbers, letters or other insignia on each unit, the fuel oil capacity of, and the combined fuel oil on hand in, each unit.

(3) If the facilities have theretofore been registered under paragraph (b) of this section, the applicants shall furnish for cancellation, the certificate of registration as to such facilities and coupons and other evidences (or delivery receipts), equal in gallonage value to the total unfilled storage capacity of the facilities before commingling commenced. If other facilities were registered with the facilities in which fuel oil is commingled, separate application for registration of such other facilities under paragraph (b) of this section shall be made on Form OPA R–1116 (Revised), in duplicate.

(4) Such dealers shall designate a person who may receive exchange certificates on their behalf. The Board shall, at the time of granting such application for registration, issue exchange certificates in the amount of the difference between the total registered fuel oil storage capacity and their total amount of fuel oil on hand in the facilities so registered.

(5) Each dealer shall (in addition to any other records required to be kept pursuant to Ration Order No. 11) keep a record showing the date and amount of each delivery into the facilities to him, and each withdrawal therefrom by him.

(6) Where each dealer is entitled to use a fixed portion of the capacity of the facilities, and the sum of such portions does not exceed the total capacity of such facilities, he shall not apply pursuant to this paragraph but shall apply for registration of his portion as a separate place of business, in accordance with paragraph (b) of this section, and shall attach to his application his statement regarding such use of a fixed portion of the facilities.

(7) Upon receipt of an application for registration pursuant to this paragraph, the Board shall prepare and forward a copy of such application to the Control and Audit Section, Fuel Oil Rationing Branch, Washington Office. Registration certificates shall be issued in accordance with § 1394.5704 (a).

(8) Dealers who commingle fuel oil pursuant to Directive No. 59 of the Petroleum Administration for War shall not apply in accordance with this paragraph but in accordance with paragraph (b) of this section.

(e) *Military and Naval agencies not included.* The provisions of this Section do not apply to the Army, Navy, Marine Corps and Coast Guard of the United States.

(f) *Dealers and primary suppliers may not commingle fuel oil.* Unless authorized by the Petroleum Administration for War, no primary supplier may commingle fuel oil in, or apply for registration of, stationary storage facilities registered or required to be registered, by a dealer; and no dealer may commingle fuel oil in, or apply for registration of, stationary storage facilities registered or required to be registered, by a primary supplier.

21. Section 1394.5702 is amended to read as follows:

§ 1394.5702 *What constitutes fuel oil on hand.* Every applicant for registration shall include in his application all fuel oil on hand as of October 1, 1942 (February 1, 1943 in "Area A" and March 14, 1943 in "Area B"), for convenience referred to as "the ration commencement date." If the applicant was not operating as a dealer or primary supplier on the ration commencement date, his application shall show the fuel oil on hand as of the date he became a dealer or primary supplier. For the purposes of registration under § 1394.5701 and the monthly reports required in § 1394.5731, the term "fuel oil on hand" shall include fuel oil in storage tanks, tank trucks, tank cars delivered to railroad sidings, drums, and mobile or non-mobile containers (but not fuel oil in the fuel supply tank of oil burning equipment). Fuel oil in transit shall be included in the inventory of the person who has title to such fuel oil as at the inventory reporting date.

22. Section 1394.5703 is amended to read as follows:

§ 1394.5703 *What constitutes storage capacity.* The applicant shall include the total capacity of all stationary fuel oil storage facilities in use as of the ration commencement date as defined in § 1394.5702. If the applicant was not operating as a dealer or primary supplier on the ration commencement date, his application shall show his storage capacity as of the date he became a dealer or primary supplier. The capacity of tank trucks, tank wagons, drums, or other mobile containers shall be included in the application only if the applicant's registration does not include stationary storage facilities.

23. Section 1394.5704 is amended to read as follows:

§ 1394.5704 *Issuance of registration certificates*—(a) *How applications are granted.* Upon determining that the information submitted by the applicant on Form OPA R–1116 (Revised) is accurate, the Board, where application for registration is made within the time fixed therefor in § 1394.5701 (a), shall b authorized signature grant the application for registration. In the case of a dealer, the Board shall file the duplicate and return the original to the registrant. In the case of a primary supplier, the Board shall at once mail the original and duplicate to the Control and Audit Section, Fuel Oil Rationing Branch, Washington Office. The Control and Audit Section shall assign a registration number to the applicant and return the original to him and the duplicate to the issuing Board.

(b) *Late registrants.* Where a dealer or primary supplier applies for registration after the time fixed therefor by § 1394.5701, the Board shall forward the application, in duplicate, to the District Director having jurisdiction over the area in which the Board is located.

(1) If the District Director is satisfied that the applicant has shown good cause for omitting to apply for registration at the time fixed for such purpose, he shall:

(i) If the applicant is a dealer, approve the application and return it to the Board. The Board shall file the duplicate and forward the original to the dealer.

(ii) If the applicant is a primary supplier, forward the application and his written approval thereof to the Control and Audit Section, Fuel Oil Rationing Branch, Washington Office. The Control and Audit Section shall assign a registration number to the applicant and return the original to him and the duplicate to the Board where the application was submitted.

(2) If the District Director is not satisfied that the applicant has shown good cause for omitting to apply for registration at the time fixed for that purpose, he shall return to the applicant the original of the application with the rejection noted thereon. The duplicate shall be retained for the files of the District Office.

(c) *Registration certificate to be exhibited.* The original of the application for registration, bearing the registration number assigned by the Control and Audit Section in the case of a primary supplier or the authorized signature of the Board in the case of a dealer, shall be retained as a certificate of registration at the business address stated on the application. The certificate shall be presented at any time when requested by a Board or by an authorized representative of the Office of Price Administration.

24. Section 1394.5705 (a) is amended by deleting the phrase "or secondary supplier".

25. Section 1394.5705 (b) is amended by deleting the phrase "or secondary supplier".

26. Section 1394.5705 (c) is amended by deleting the phrase "and supplier".

26a. Section 1394.5705 (d) is amended by deleting the phrase "or supplier".

27. Section 1394.5705 (f) is added as follows:

(f) On and after July 1, 1943, exchange certificates instead of inventory coupons will be issued.

28. Section 1394.5706 is revoked.

29. Section 1394.5707 (a) is amended to read as follows:

§ 1394.5707 *Restriction on transfers.* (a) On and after November 1, 1942 (on and after March 1, 1943 in "Area A", or on and after March 14, 1943 in "Area B"), no primary supplier within or without the limitation area, and no dealer within the limitation area, shall transfer fuel oil to a dealer within the limitation area, and no dealer within the limitation area shall accept such transfer, except in exchange (made at, or at the option of the transferor within fifteen (15) days after or within five (5) days in advance of, the time of the actual transfer of the fuel oil) for valid coupons, or for other evidences, equal in gallonage value to the amount of the fuel oil transferred, or (where transfer is regularly made on a temperature adjustment basis) equal in gallonage value to the adjusted amount of fuel oil transferred. However, no dealer or primary supplier shall knowingly transfer, and no dealer shall accept the transfer of, an amount of fuel oil in exchange for any exchange certificate in excess of the amount of fuel oil transferred for the coupons or exchange certificates for which such exchange certificate was issued.

(1) No exchange of coupons or other evidences shall accompany a transfer of fuel oil directly from without the limitation area to a primary supplier within the limitation area, or a transfer from one primary supplier to another primary supplier.

(2) A transferor of fuel oil who, pursuant to paragraph (a) of this section, receives coupons or other evidences in advance of the transfer shall not use (or if he is a depositor, shall not issue his check against) the coupons or other evidences so received until he has actually transferred the fuel oil to his transferee, and only to the extent of the fuel oil so transferred.

30. Section 1394.5708 is revoked.

31. Section 1394.5709 is amended to read as follows:

§ 1394.5709 *Upstream transfers by dealers.* Any primary supplier who receives a transfer or return of fuel oil from a dealer who is within the limitation area (or any dealer who receives a transfer or return of fuel oil from another dealer who is within the limitation area), when the transfer or return is other than in connection with a transfer of the place of business or mobile facilities of such transferor, shall deliver to the dealer making the transfer or return, coupons or other evidences equal in gallonage value to the amount of fuel oil so transferred or returned.

32. Section 1394.5711 is amended to read as follows:

§ 1394.5711 *Discrimination in transfers to dealers.* On and after January 9, 1943, no dealer or primary supplier shall discriminate, in the transfer of fuel oil, among dealers and primary suppliers entitled to acquire fuel oil under this Ration Order No. 11.

33. Section 1394.5721 is amended to read as follows:

§ 1394.5721 *Affixing coupons.* Each dealer and primary supplier shall, before delivering any coupons to a bank for deposit in a ration bank account, or to a Board, or if he is not a depositor, to his transferor in exchange for a transfer of fuel oil, attach the coupons to gummed sheets (Form OPA R–120), and shall write, stamp, or print upon each sheet his business or firm name as registered at his Board, his business address, the unit value of indefinite value coupons, the number of coupons attached, the total value of the coupons attached, and the date on which the sheet is delivered. Only coupons of the same class, validity period, gallonage value, and from the same zone may be attached to any single sheet. Prior to the delivery by him of a gummed sheet to which coupons have been attached, every dealer and primary supplier shall endorse his business or firm name on the back of the sheet.

34. Section 1394.5722 is amended to read as follows:

§ 1394.5722 *Summary of coupons, other evidences, and delivery receipts.* Each dealer and primary supplier shall, prior to every delivery by him of coupons or other evidences to a Board and, if he is not a depositor, prior to every delivery by him of coupons or other evidences to his transferor, in exchange for a transfer of fuel oil, prepare in duplicate, on Form OPA R–1117, a summary of coupons, other evidences, and delivery receipts, for each zone. The transferee of the fuel oil shall supply the information required by the summary and shall deliver the original of the summary with his coupons (attached as required by the preceding section) or other evidences, and delivery receipts. The transferor of the fuel oil shall retain the original summary at his place of business for a period of not less than one year and the copy shall be retained by the transferee at his place of business for a period of not less than one year. No delivery receipt shall be delivered by a dealer or primary supplier to any person except to a Board pursuant to § 1394.5723 (b).

35. Section 1394.5723 (a) is amended to read as follows:

(a) A primary supplier who is not a depositor may at any time, and a dealer who is not a depositor may on and after July 1, 1943, deliver to any Board in the limitation area, coupons which have not become void pursuant to paragraph (e) of § 1394.5201, or other evidences, including exchange certificates, and obtain in return an exchange certificate or certificates (on Form OPA R–1118) equal to the gallonage value of the coupons or other evidences delivered. A primary supplier or dealer who is a depositor may at any time before October 31, 1943, deliver to any Board in the limitation area, coupons numbered "5" of Class 1 and Class 2 coupon sheets and obtain in return an exchange certificate or certificates equal to the gallonage value of the coupons delivered. Each primary supplier or dealer shall attach to the coupons or other evidences the Summary required by § 1394.5722. The Board shall furnish him in return an exchange certificate equal in gallonage value to the value of the coupons or other evidences delivered. Exchange certificates shall be prepared, in duplicate, by the Board and shall be signed both by the primary supplier or dealer, as the case may be, and by an authorized agent or member of the Board. The duplicate of such certificate shall be retained for the files of the Board. No dealer or primary supplier shall knowingly accept for exchange certificates delivered to the Board another exchange certificate of a gallonage value in excess of the amount of fuel oil transferred for the coupons in exchange for which such exchange certificates were issued. Each primary supplier or dealer shall, prior to the delivery by him of an exchange certificate, endorse his business or firm name on the back of the certificate.

36. Section 1394.5723 (b) is amended by substituting the phrase "primary supplier" for the word "supplier".

37. Section 1394.5724 is amended by deleting the phrase "and secondary suppliers" and the phrase "or secondary supplier", and by inserting the parenthetical phrase "(exchange certificates on and after July 1, 1943)" after the phrase "inventory coupons".

38. The text of § 1394.5731 (a) is amended by substituting the word "Section" for the word "Unit" and by substituting the phrase "exchange certificates or certified ration checks" for the phrase "exchange certificates".

39. Section 1394.5731 (a) (1) is amended to read as follows:

(1) If he is a primary supplier as defined in subdivision (i), (ii), or (iv) of § 1394.5001 (a) (22) and if he is not a consumer, he shall show the total amount of fuel oil transferred by him within the limitation area (and to persons without the limitation area, if he is within the limitation area) during the preceding month, and shall submit exchange certificates (or if he is a depositor, a certified ration check) equal in gallonage value to the total amount of such transfers, less the amount transferred to primary suppliers (and to dealers and primary suppliers without the limitation area, if he is within the limitation area).

40. Section 1394.5731 (a) (2) is amended to read as follows:

(2) If he is a primary supplier as defined in subdivision (i), (ii), or (iv) of § 1394.5001 (a) (22) and if he is also a consumer, he shall comply with the requirements specified in subparagraph (1) of this section, and in addition shall show, and submit exchange certificates (or if he is a depositor, a certified ration check) equal in gallonage value to, the total amount of fuel oil transferred to him for his own use during the preceding month, less the amount of fuel oil transferred to him for his own use by dealers who are within the limitation area.

41. Section 1394.5731 (a) (3) is added to read as follows:

(3) If he is a primary supplier as defined in subdivision (ii) of § 1394.5001 (a) (22) solely by virtue of the fact that he is

a consumer within the limitation area who takes deliveries of fuel oil on direct shipment from without the limitation area by pipeline, barge, tank ship or railroad tank car, he shall show the total amount of fuel oil transferred to him during the preceding month (less the amount of fuel oil transferred to him by dealers within the limitation area) and shall submit exchange certificates (or if he is a depositor, a certified ration check) equal in gallonage value to the amount of such transfers.

42. Section 1394.5731 (a) (4) is added to read as follows:

(4) If he is a primary supplier as defined only in subdivision (iii) of § 1394.5001 (a) (22), he shall show and shall submit exchange certificates (or if he is a depositor, a certified ration check) equal in gallonage value to, the total amount of fuel oil transferred by him to consumers within the limitation area. If he is a primary supplier as defined in subdivision (iii) and also as defined in any other subdivision of paragraph (a) (22) of § 1394.5001, he shall report only in the manner prescribed by subdivision (1) or (2) of paragraph (a) of this section, whichever is applicable.

43. The text of § 1394.5732 is amended by substituting the phrase "primary supplier" for the word "supplier".

44. Section 1394.5741 (a) is amended by deleting the phrase "or supplier" between the word "dealer" and the phrase "a place of business", and by deleting the phrase "or secondary supplier" between the word "dealer" and the phrase "received inventory coupons".

45. Section 1394.5741 (b) is amended by substituting the word "Section" for the word "Unit", wherever appearing.

46. Section 1394.5742 is amended to read as follows:

§ 1394.5742 *Dealer who becomes primary supplier.* Any dealer within the limitation area who becomes a primary supplier as to any place of business shall forthwith deliver to the Board having jurisdiction over the area in which such place of business is located, his certificate of registration, and coupons and other evidences (and delivery receipts), or if he is a depositor, his certified ration check, equal in gallonage value to the total unfilled capacity of his fuel oil storage facilities, and shall thereupon apply for registration as a primary supplier in the manner provided by paragraph (a) of § 1394.5701, or paragraph (b) of § 1394.5741, as the case may be.

47. Section 1394.5743 (a) is amended by substituting the word "Section" for the word "Unit" and by inserting the phrase "or on and after July 1, 1943, certified ration checks," between the phrase "exchange certificates" and the phrase "representing all coupons".

48. Section 1394.5743 (b) is amended by deleting the phrase "or secondary supplier".

49. Section 1394.5743 (c) is amended by substituting the word "Section" for the word "Unit", by inserting the parenthetical phrase "(exchange certificates on and after July 1, 1943)" after the phrase "inventory coupons", and by deleting the phrase "or secondary supplier".

50. The headnote to § 1394.5744 is amended by deleting the phrase "or secondary supplier".

51. Section 1394.5744 is amended by deleting the phrase "or secondary supplier".

52. Section 1394.5745 (a) is amended by substituting the word "Section" for the word "Unit" and by inserting the phrase "or on and after July 1, 1943, a certified ration check," between the phrase "exchange certificate" and the phrase "representing all coupons".

53. Section 1394.5745 (b) is amended by deleting the phrase "or secondary supplier" and by inserting the parenthetical phrase "(exchange certificates on and after July 1, 1943)" after the phrase "inventory coupons".

54. Section 1394.5746 is amended by deleting the phrase "or secondary supplier" wherever appearing in the section, and by inserting the parenthetical phrase "(exchange certificates on and after July 1, 1943)" after the phrase "inventory coupons".

This amendment shall become effective on July 7, 1943.

PART 1499—COMMODITIES AND SERVICES

[Supp. Service Reg. 16 Under MPR 165,[1] Amdt. 1]

LOGGING SERVICES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1499.666 is amended by the addition of the following paragraph (c):

(c) *Contract logging services in Oregon and Washington west of the crest of the Cascade Mountains.* The maximum prices of any contract logging service rendered in the States of Washington and Oregon west of the crest of the Cascade Mountains determined in accordance with § 1499.102 of Maximum Price Regulation No. 165, may be increased under the following conditions:

(i) Persons rendering contract logging services by producing logs for an owner of stumpage which results in the production of logs of the species described in Revised Maximum Price Regulation 161[2]—West Coast Logs, and who operate 48 or more hours per week, may make additions to the maximum prices established for them by Maximum Price Regulation 165, in the same amounts provided for sellers of West Coast Logs in § 1381.156 of Revised Maximum Price Regulation No. 161.

(ii) The right to make the additions provided by this sub-paragraph are subject to all the provisions and conditions of § 1381.156 of Revised Maximum Price Regulation No. 161 which is incorporated herein by reference and may be made only after the contractor has filed the application required and has been authorized by order of the Administrator to make the additions in the manner provided in that section. In filing such an application, the contractor shall submit the name of the person or persons for whom the contract service is rendered and his statement of the maximum price of his contract logging service as computed under the applicable section of Maximum Price Regulation No. 165.

(iii) The overtime additions permitted under the terms of this paragraph may not be added to the maximum prices established under Maximum Price Regulation No. 165, if those maximum prices have already been adjusted on the basis of increased labor cost due to overtime operation.

This amendment shall become effective July 13, 1943.

[SR 14, Amdt. 194]

MILK IN BALTIMORE-ANNAPOLIS AREA, MD., AND OTHER AREAS

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Supplementary Regulation No. 14 to the General Maximum Price Regulation is amended in the following respects:

1. The first sentence of the footnote 2 referred to after the words "whichever is higher" in the first sentence of § 1499.73 (a) (1) (i) is amended to read as follows:

[2] This pricing formula is not applicable to certain retail sales in the New York Metropolitan; Memphis, Tennessee; Chicago, Illinois; and Baltimore-Annapolis, Maryland, areas under subdivisions (*a*), (*n*), (*p*) and (*q*) below.

2. Section 1499.73 (a) (1) (i) (*p*) is amended by inserting a footnote to "Memphis, Tennessee area" to read as follows:

(*p*) Memphis, Tennessee area [1]

[1] Specific maximum prices listed supersede entirely the seller's ceiling prices as determined under § 1499.2, general provisions of the General Maximum Price Regulation.

3. Section 1499.73 (a) (1) (i) (*q*) is added to read as follows:

(*i*) *Out-of-store sales and home deliveries of approved milk in quart containers*

Locality	Special type	Type of delivery	Type of container	Adjusted maximum price (cents)
(*q*) Baltimore, Maryland area.[1]	Selected milk, chocolate milk or buttermilk.	Out-of-store	Glass	14
		To-the-home	Glass	14
		Out-of-store	Paper	13
		To-the-home	Paper	14
	Milk with 4.5 per cent butterfat or more.	Out-of-store	Glass or paper	16
		To-the-home	Glass or paper	16
	Certified milk	Out-of-store	Glass or paper	18
		To-the-home	Glass or paper	18

[1] Specific maximum prices listed supersede entirely the seller's ceiling prices as determined under § 1499.2, general provisions of the General Maximum Price Regulation.

(2) *Certain other retail sales.* Retail sales by hotels, restaurants, soda fountains, cafes, bars, and other eating establishments for consumption on the premises and peddler sales other than to-the-home shall remain subject to § 1499.2, general provisions of the General Maximum Price Regulation.

(3) *Retail sales remaining.* Maximum prices for retail sales other than out-of-store sales, deliveries to-the-home and sales listed in (2) above shall be the maximum wholesale prices fixed in inferior subdivision (*q*) of subdivision (ii) of § 1499.73 (a) (1) below.

4. The first sentence of the footnote [3] referred to after the words "whichever is higher" in the first sentence of § 1499.73 (a) (1) (ii) is amended to read as follows:

[3] This pricing formula is not applicable to certain sales at wholesale in the New York Metropolitan; Memphis, Tennessee; Chicago, Illinois; and Baltimore-Annapolis, Maryland areas under inferior subdivisions (*h*), (*n*), (*p*) and (*q*) below.

5. Section 1499.73 (a) (1) (ii) (*q*) is added to read as follows:

(*ii*) *Sales of approved milk at wholesale to stores, hotels, restaurants, institutions and others (except vendors or subdealers)*

Locality	Special type	Container size	Type of container	Adjusted maximum price (cents)
(*q*) Baltimore, Maryland area.[2]	Selected milk chocolate, milk or buttermilk.	Gallon	Glass or paper	44
		Quart	Glass or paper	12

(2) *Sales at wholesale to vendors or subdealers.* The foregoing specific maximum wholesale prices for sales to stores, hotels, restaurants and institutions are not applicable to sales and deliveries made to vendors or subdealers, i. e., fluid milk distributors who do not operate pasteurizing plants, regardless of whether they operate milk depots. The seller's maximum price for sales to vendors or sub-dealers shall be his established maximum price under § 1499.2, general provisions, of the General Maximum Price Regulation.

(3) *Sales at wholesale in bulk to stores, hotels, restaurants and institutions.* Maximum prices for sales at wholesale, other than in glass or paper containers, to stores, hotels, restaurants and institutions in units of more than one gallon shall be 44 cents per gallon for selected milk, chocolate milk or buttermilk.

6. Section 1499.73 (a) (1) (viii) (*p*) is amended to read as follows:

(*p*) "Chicago, Illinois area" means the territory included in the marketing area geographically defined in Federal Milk Marketing Order No. 0–41, as amended, issued by the Secretary of Agriculture on September 1, 1939.

7. Section 1499.73 (a) (1) (viii) (*s*) is added to read as follows:

(*s*) "Baltimore-Annapolis, Maryland area" means the territory included in the City of Baltimore, Maryland, the Counties of Anne Arundel and Calvert and that portion of the County of Baltimore which is south of the latitude 39°30'.

This amendment shall become effective July 7, 1943.

PART 1499—COMMODITIES AND SERVICES

[Order 24 Under § 1499.3 (c) of GMPR]

DEFENSE SUPPLIES CORPORATION

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, *It is hereby ordered:*

§ 1499.824 *Establishment of a formula for determining the maximum prices for new commercial motor vehicles sold by the Defense Supplies Corporation.* (a) The Defense Supplies Corporation may sell, offer to sell, or deliver a new commercial motor vehicle which has been maintained in accordance with § 1499.73 (a) (19) of Supplementary Regulation No. 14 to the General Maximum Price Regulation at a price no higher than the sum of the following items:

(1) The factory list price as of March 1942—or, if this price is not ascertainable, 133⅓% of the factory net price—less 75% of the retail list price of all equipment removed from the vehicle for which provision is made in the factory list, or factory net, price;

(2) The retail list pice, not to exceed the applicable maximum price, of all equipment attached to the vehicle in lieu of, or in addition to, standard equipment;

(3) An allowance for transportation, which shall not exceed the actual rail freight at carload rates from the factory to the point of sale;

(4) Increment as provided in § 1499.73 (a) (19) (i) of Supplementary Regulation No. 14 to the General Maximum Price Regulation.

(b) The seller shall inform the Office of Price Administration of the price at which any vehicle priced in accordance with this formula is sold, and the maximum price for such a vehicle under the formula, and shall also furnish data adequate to show how the maximum price was determined.

(c) The seller shall inform the purchasers of these vehicles that their resales are subject to the maximum prices established by the applicable provisions of the General Maximum Price Regulation and Supplementary Regulation No. 14 to that regulation.

(d) This Order No. 24 may be revoked or amended by the Office of Price Administration at any time.

This Order No. 24 (§ 1499.824) shall become effective July 7, 1943.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 421]

CEILING PRICES OF CERTAIN FOODS SOLD AT WHOLESALE

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 421 has been issued simultaneously herewith and filed with the Division of the Federal Register.*

So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation. In the judgment of the Price Administrator, the ceiling prices established by this maximum price regulation are and will be generally fair and equitable and comply with the requirements of the Emergency Price Control Act of 1942, as amended, Executive Order 9250, and Executive Order 9328, and will effectuate the purposes of said Act and Executive Orders.

§ 1351.360 *Ceiling prices of certain foods sold at wholesale.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, Executive Order 9250, and Executive Order 9328, Maximum Price Regulation No. 421, which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1351.360 issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

32. Table of mark-up figures. (Table A).

Article I—General Provisions

SECTION 1. *What this regulation does.* This regulation fixes new ceiling prices for the foods listed in Table A for wholesalers selling these food products. These new ceiling prices are to be used on and after August 5, 1943, instead of the ceiling prices figured under any other price regulation or order issued by the Office of Price Administration (hereinafter called OPA), except as otherwise provided in any order fixing dollars and cents ceiling prices, which has been or which may be, issued by the OPA pursuant to General Order No. 51.[1]

SEC. 2. *How you determine to which class your business belongs.* (a) *What wholesalers are covered.* Your business is classified under this regulation if you are a wholesaler the larger part of whose business is the purchase of food products for resale and the distribution from your warehouse, without materially changing their form, of such food products to independent retail stores, or to commercial, industrial or institutional users. This regulation does not apply, however, to "wagon wholesalers", "marine provisioners", or "flour jobbers."

(b) *Classes of wholesalers.* Wholesalers covered by this regulation are defined as follows:

(1) *Class 1: Retailer-owned cooperative wholesaler.* You are a retailer-owned cooperative wholesaler if you are either a non-profit organization or a corporation 51% of the stock of which is owned by your retailer customers.

(2) *Class 2: Cash-and-carry wholesaler.* You are a cash-and-carry wholesaler if you are not in Class 1 and the larger part of your business consists of the sale of food products, without delivery, to independent retail stores.

(3) *Class 3: Service wholesaler.* You are a service wholesaler if you are not in Class 1 and the larger part of your business consists of the sale of food products to independent retail stores, and if you deliver to all customers in a base zone without charge.

(4) *Class 4: Institutional wholesaler.* You are an institutional wholesaler if you are not in Class 1 and the larger part of your business consists of the distribution of food products to commercial, industrial or institutional users.

(If you do business in more than one of the ways outlined above, see Sections 17, 18, 19, and 20.)

SEC. 3. *How and when you figure ceiling prices.* (a) *General rule.* Your ceiling price for each item (that is, for each kind, brand, grade, variety, container type and container size) of food listed in Table A shall be the result of (1) the "net cost" you had to pay for the most recent delivery of the item to you before August 5, 1943, multiplied by (2) the mark-up figure given you for it in Table A.

(b) *When you must figure your ceiling prices.* By the opening of business on August 5, 1943, you must have figured your ceiling price for each item of food covered by this regulation which you have in stock at that time. Between July 26, 1943, and August 5, 1943, you may put into effect the new ceiling price on any item as soon as you figure it; you must put the new ceiling prices into effect on all items not later than August 5, 1943. If you do not put the new price for an item into effect before August 5, 1943, you must continue to use your existing ceiling for that item until August 5. If you receive delivery of any item between July 26, and August 5, for which you have no ceiling price, you must, before selling it, figure your ceiling price according to the rules of this regulation.

SEC. 4. *Directions for applying the rule.* (a) *Net cost.* To figure your ceiling price, first find the "net cost" of the item, based on its most recent delivery to you before August 5, 1943. Your "net cost" will be the amount you paid your supplier less all discounts except the discount for prompt payment and swell and label allowances, plus all transportation charges you paid except local trucking and local unloading. Treat as a separate item each kind, brand, grade, variety, container size and container type.

(1) Your net cost must be figured on purchases of a customary quantity from a customary type of supplier delivered to your usual receiving point by a customary means of delivery. Of course, you must never figure your net cost on a purchase made at a price higher than your supplier's ceiling.

(2) Figure the net cost of the unit in which you receive delivery (i. e. per dozen, per case, per bag, etc.) to the nearest cent.

(3) For items you "manufacture or otherwise process" use the special rules in Section 16.

(b) *Mark-up.* Turn to Table A to find the mark-up figure for the item given your class of wholesaler. Table A lists all the items covered by this regulation by commodity groups.

(c) *Ceiling price.* Next multiply your "net cost" by the mark-up figure in Table A for your class of wholesaler for the item being priced. The resulting amount will be your ceiling price. You must not change this ceiling price unless OPA authorizes you to do so. (Section 6 tells you when you may be allowed to change it.)

(d) *Fractions.* All calculations of ceiling prices resulting in a fraction of a cent shall be reduced to the nearest lower cent if the fraction is less than one-half cent, and shall be increased to the nearest higher cent if the fraction is one-half cent or more.

If you sell an amount less than the unit in which you receive delivery, you must reduce your ceiling price proportionately, rounding any fraction to the next higher cent.

(e) *Invoices.* You must write your net cost per unit either on your invoice or other record of the price you paid for the item or on a separate slip of paper and attached to that invoice or other record.

You must keep separate, or mark or tag plainly, all invoices or records showing the "net cost" of the unit in which you received delivery and which you used in figuring your ceiling prices. The invoices and records you used in figuring your ceiling prices are your means of proving that your ceiling prices are right.

SEC. 5. *How you figure your ceiling prices for "new items."* (a) A "new item" is any item which you did not have in stock at the opening of business on August 5, 1943. You must figure your ceiling price for a "new item" before selling it, following the rules in section 4, basing your "net cost", however, on the first delivery of the item to you on or after August 5, 1943.

In pricing new items it is a violation to use the "net cost" of a first purchase made in a non-customary manner (that is, from a non-customary supplier or in a non-customary quantity) when you know that you will be making future purchases in a customary manner. If your first purchase is of this type you must find out and use, in figuring your ceiling price, what the "net cost" would be of a purchase from a type of supplier usually used for a similar item and of an amount in which a similar item is usually purchased.

*Copies may be obtained from the Office of Price Administration.

SEC. 6. *When you may change a ceiling price.* If OPA changes a supplier's ceiling price for an item covered by this regulation, it may direct wholesalers to refigure their ceiling prices for the item. You may not refigure your ceiling price under this section until you receive written notice requiring you to do so. Ordinarily a written notice telling you to refigure your ceiling price will come to you directly from your supplier or the manufacturer. You will find it inside or attached to the carton, case or barrel containing the item, or it will be sent to you with the invoice. After actually receiving the item for the first time with such a notice, you must, before selling the item, refigure your new ceiling price by following the directions in section 4, figuring your "net cost", however, on that first delivery. If that delivery is from another wholesaler covered by this regulation, you must use the "net cost" of the other wholesaler. You must write this new ceiling price on the invoice covering that delivery. Be sure to keep this notice attached to your invoice or other record showing the price you paid for the item. Even though you receive later shipments with the same notice, you must not change your ceiling price again.

When you make a sale to a retail store at this new ceiling price, you must send with your invoice a copy of the notice received by you from your supplier if the notice is not attached to the item you are selling.

SEC. 7. *Indirect price increases prohibited.* You must not evade any of the provisions of this regulation or any order issued pursuant to it, by any stratagem, scheme, or device. You must not, as a condition of selling any particular food item, require a customer to buy anything else. Any such evasion is punishable as a violation of this regulation.

You may not use an unnecessarily high "net cost" in figuring a ceiling price under this regulation. If you make such a high cost purchase, you must find out what your net cost, as used in section 4, would be and use that net cost to figure your ceiling price.

SEC. 8. *Invoices and receipts.* You must give each of your customers an invoice, receipt, or other evidence of purchase in connection with every sale, retaining a copy for your files. Each such record you prepare and give your customer must show the date of sale, the name and address of your customer, your name and address, each food item sold, and the price you charged for it. Be sure that your description of each item shows the kind, brand, grade, variety, container size and container type.

SEC. 9. *Records.* After July 26, 1943, you must keep for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, all your invoices, freight bills, and other records showing the price you paid for each item and the date you received delivery of each item covered by this regulation. You are required to show all your invoices and records on request of any OPA representative. You are also required to keep available for inspection by any OPA representative the records you used in determining your class. In addition, you are required, on request of any OPA representative, to furnish a written record of your ceiling price for any or all of the items covered by this regulation.

SEC. 10. *Licensing and registration.* The licensing and registration provisions of sections 15 and 16 of the General Maximum Price Regulation[1] shall apply to every person making sales subject to this regulation. Sections 15 and 16 provide, in brief, that a license is required of all persons selling at wholesale commodities for which ceiling prices are established. A license is automatically granted, so do not apply for it. However, all sellers may later be required to register. The license may be suspended for violations in connection with the sale of any commodity for which ceiling prices are established. No person whose license is suspended may sell any such commodity during the period of suspension.

SEC. 11. *Prohibitions.* On and after August 5, 1943, if you sell or deliver or offer to sell or deliver at a price higher than your ceiling price fixed by this regulation or any order issued pursuant to it, or if you otherwise violate any provision of this regulation, or any order issued pursuant to it, you are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended. Also, any person who, in the course of trade or business, buys from you at a price higher than your ceiling price is subject to the criminal penalties and civil enforcement actions provided for by that Act.

SEC. 12. *Dollars-and-cents ceiling prices.* From time to time the OPA may, by order issued pursuant to General Order 51, fix dollars-and-cents ceiling prices for wholesalers for some or all of the food items covered by this regulation. When these dollars-and-cents prices are fixed, you may not thereafter sell at higher prices and these orders may provide that such prices take the place of the ceiling prices which you have under this regulation. If such orders do not provide that they replace your prices under this regulation you must continue to figure your prices under this regulation. If the OPA has, before the effective date of this regulation, established a ceiling price for you for an item pursuant to such an order, you shall use that as your ceiling price and shall not figure a ceiling price for the item under this regulation.

SEC. 13. *Further provisions supplementing or explaining this regulation.* From time to time, the Price Administrator may, by amendment, issue further provisions which will supplement the provisions of this regulation or explain the rights and duties of buyers and sellers under it. These further provisions will become part of this regulation and may be added as paragraphs to this section.

Article II—Special Pricing Provisions

SEC. 14. *Additions to "net cost" for packaging.* If you buy in bulk any item covered by this regulation and then package and sell it in cotton bags, interlined coffee bags, transparent bags or cardboard containers, you may add to your "net cost" whichever of the following allowances applies:

(a) 1½ cents for every such bag or container with a net weight of less than 2 pounds.

(b) 2 cents for every such bag or container with a net weight of 2 pounds or more but less than 5 pounds.

(c) ½ cent *per pound* for every such bag or container with a net weight of 5 pounds or more.

(d) When you package an item which you buy in bulk and the grade of the item is shown on the bulk container, you must show the grade on the bag or container that you sell.

SEC. 15. *Purchases and sales between wholesalers.* If you purchase from another wholesaler covered by this regulation an item for which you have not previously been required to establish a ceiling price under this regulation, you must secure a written record of that wholesaler's "net cost". You will multiply that "net cost" by the mark-up figure for your class of wholesaler and the resulting figure will be your ceiling price.

SEC. 16. *How you figure your ceiling prices for foods you "manufacture or otherwise process."* If you "manufacture or otherwise process" and sell at wholesale any item covered by this regulation you will determine your "net cost" or ceiling price for such an item under whichever of the following provisions applies:

(a) If the item is one for which OPA has issued, or later issues, a regulation naming dollars-and-cents ceiling prices for sales by manufacturers, but the regulation makes no provision for manufacturers selling to retailers, the lowest ceiling price under that regulation for sales delivered to your usual receiving point shall be your "net cost".

(b) If the item is one for which OPA has issued, or later issues, a regulation naming dollars-and-cents ceiling prices for sales by manufacturers and makes a provision for manufacturers selling to retailers, you shall figure your ceiling price for such item as a manufacturer under that regulation. You will not attempt to figure a "net cost" and apply a mark-up figure under this regulation.

(c) If the item is one for which OPA has not issued, or does not later issue, a regulation establishing dollars-and-cents ceiling prices for sales by manufacturers, you shall figure your ceiling price for such item as a manufacturer under the appropriate regulation covering sales of such item by manufacturers.

You will not attempt to figure a "net cost" and apply a mark-up figure under this regulation.

(d) If, after you have established a ceiling price for an item which you "manufacture or otherwise process", the manufacturing regulation which you used in figuring your ceiling price under paragraph (a), (b), or (c) of this section is amended so that either (1) the manufacturer's regulation is no longer the type described in the applicable paragraph of this section or (2) the type of regulation is not changed but the prices set forth therein are changed, you must, within 5 days after the effective date of such amendment, refigure your ceiling price for the item under the applicable paragraph of this section based on the manufacturer's regulation as amended.

(e) For the purpose of this regulation you shall be considered a manufacturer of any item which you "manufacture or otherwise process" directly, or which is manufactured for you by a person to whom you supply the raw material.

SEC. 17. *How a retailer-owned cooperative wholesaler figures ceiling prices for sales to non-members.* If you are a retailer-owned cooperative wholesaler and you sell to non-members (those retailers who have no share or interest in your ownership) your ceiling prices for your sales to non-members without delivery may be figured as a Class 2 wholesaler. If you sell and deliver to non-members, your ceiling prices for such sales may be figured as a Class 3 wholesaler, in which event you may not add to such ceiling prices the additions for delivery allowed in section 21 of this regulation.

SEC. 18. *How a service wholesaler figures ceiling prices for cash-and-carry sales.* If you are a service wholesaler but you also make cash-and-carry sales, you must use for such sales the mark-up figures of a cash-and-carry wholesaler if, during March 1942,

(a) You had a separate department for such sales, or

(b) You had a price list for such sales different from the price list which you used in making other sales.

SEC. 19. *How a service wholesaler figures ceiling prices for sales to commercial, industrial or institutional users.* If you are a service wholesaler and you makes sales to commercial, industrial or institutional users, you may use for such sales the mark-up figures of an institutional wholesaler if, during March 1942,

(a) You had a separate department for such sales to commercial, industrial or institutional users, or

(b) You had a price list for your sales to commercial, industrial or institutional users different from the price list which you used in making sales to retailers.

SEC. 20. *How an institutional wholesaler figures ceiling prices for sales to retailers.* If you are an institutional wholesaler but you also make sales to retail stores, your ceiling prices for such sales made without delivery must be figured as a Class 2 (cash-and-carry) wholesaler and your ceiling prices for such sales made with delivery must be figured as a Class 3 (service) wholesaler.

SEC. 21. *Addition allowed for deliveries by Class 1 and Class 2 wholesalers.* (a) If you are a retailer-owned cooperative wholesaler, or a cash-and-carry wholesaler, and you have customarily added a set amount or percentage to your sales price for delivering to retailers, you may, in figuring your ceiling price for each item you deliver to retailers, add to your ceiling price such set amount or percentage. The resulting figure will be your ceiling price for the item when delivered by you.

(b) If you are a retailer-owned cooperative wholesaler or a cash-and-carry wholesaler and you have not customarily added a set amount or percentage to your sales price for delivering to retailers, you may, in figuring your ceiling price for each item you deliver to retailers, add .01 to your mark-up figure (example: If your mark-up figure is 1.06, you change it to 1.07).

SEC. 22. *Addition allowed for deliveries outside of a base zone*—(a) *Addition allowed to retailer-owned cooperative wholesalers, service wholesalers and institutional wholesalers.* (1) If you are a retailer-owned cooperative wholesaler, a service wholesaler or an institutional wholesaler, who, during March 1942, customarily sold goods on a delivered basis in different zones at established price differentials between zones, you may, in figuring your ceiling prices for items delivered by you to such other zones, add to your "base zone" ceiling prices, the same zone differentials which you added in March 1942. The resulting figures will be your ceiling prices for items delivered by you to such other zones. (Your base zone shall be the area surrounding your warehouse in which you customarily made free deliveries.)

(2) If you are a retailer-owned cooperative wholesaler, you may not, in figuring your ceiling prices under this section, include any addition allowed in section 21.

(3) Before using different delivered prices for different zones under this section, you must report, in writing, to the Distribution Branch, Food Price Division, OPA, Washington, D. C., the amount of such differentials and a description of your base zone and delivery zones.

(b) *Additions by certain wholesalers making f. o. b. sales.* If you are a service wholesaler or an institutional wholesaler who, during March, 1942, customarily sold f. o. b. your warehouse for delivery to zones or delivery points outside of your base zones, and

(1) If you added a freight charge when making such sales or included a freight charge in figuring your selling price, you may add to your ceiling price for each item the same charge or the same freight rate, apportioning the charge or freight rate to each item, in which case the resulting figure will be your ceiling price for the item when sold to such other zones or delivery points, or

(2) If your customer paid the freight bill, you may make such sales at your ceiling prices, the freight bill to be paid by the purchaser.

(c) *Additions by certain wholesalers who did not use a zone delivery system or make f. o. b. sales.* If you are a service wholesaler or an institutional wholesaler, who, during March 1942, customarily sold all customers on a delivered basis at the same price regardless of distance from your warehouse, you may, in figuring your ceiling price for an item delivered by you to a customer located at a distance of 125 miles or more from your warehouse, add to your mark-up figure whichever of the following amounts applies:

(1) If your customer is located at a distance of from 125 through 199 miles from your warehouse, you may add .01 to your mark-up figure (example: If your mark-up on mayonnaise in Table A is 1.16, you change it to 1.17).

(2) If your customer is located at a distance of from 200 miles through 299 miles from your warehouse, you may add .02 to your mark-up figure.

(3) If your customer is located at a distance of from 300 miles through 399 miles from your warehouse, you may add .03 to your mark-up figure.

(4) If your customer is located at a distance of 400 miles or more from your warehouse, you may add .04 to your mark-up figure.

(5) If your method of figuring ceiling prices for items delivered to zones outside of a base zone falls within either paragraph (a) or paragraph (b) of this section, you may not use this paragraph (c) in figuring your ceiling prices for items delivered to such other zones.

SEC. 23. *Special pricing provision for manufacturers selling some commodities at wholesale.* Any person the larger part of whose business consists of the manufacturing or processing of foods but (a) his entire business in connection with a particular commodity consists of the purchase and resale of such commodity without substantially changing its form and (b) the larger part of his sales of such commodity are made to independent retail stores or to commercial, industrial or institutional users (c) may figure his ceiling price for such sales of that commodity under this regulation.

Article III—Adjustment Provisions

SEC. 24. *How retailer-owned cooperative wholesalers may, under certain conditions, apply for permission to use the mark-up figures designated for other wholesalers.* If you are a retailer-owned cooperative wholesaler, you may file an application for permission to use the mark-up figures designated for another class of wholesaler if you can establish:

(a) That you have customarily operated in the same manner as the other class of wholesaler, and

(b) That in 1941 you had an overall gross margin at least as high as the overall gross margin you would realize by using the mark-up figures specified in

this regulation for such other class of wholesaler.

(c) Your application must set forth the following:

(1) A statement as to whether your members received dividends or other proceeds from your organization; the basis for determining the amount of such payments; the amount of such payments for the years 1941, 1942, and, if available, so far in 1943;

(2) The amount and conditions of fees, if any, paid by your members in addition to the invoice price of commodities;

(3) Your profit and loss statement for your fiscal years 1941 and 1942, and so much of 1943 as is available, and balance sheets as of the end of each such accounting period;

(4) Your percentage mark-ups over invoice cost for sales during 1941 to your members for each commodity group listed in this regulation, and if sales were made to non-members, the same information with respect to such sales;

(5) Any evidence you may be able to furnish showing the difference between your operations and functions and those of the usual retailer-owned cooperative wholesaler, including a statement of any special service performed by you, any additional compensation received for such special services, and a reasonable basis for distinction or classification, if any, between you and other retailer-owned cooperative wholesalers.

(d) Such application must be filed in duplicate by July 20, 1943, with your nearest District OPA office. You may not use these requested mark-up figures until you have received specific authorization from your proper OPA office.

(e) If you filed an application under Section 29 of Revised Maximum Price Regulation No. 237,[3] and such application has been denied, you are not eligible for adjustment under this section. If your application has been allowed, you may use the mark-up figures for the class of wholesaler to which you have been adjusted and you are subject to all of the provisions of this regulation applicable to such other class of wholesaler.

(f) *Applications for adjustment.* Any regional office of the OPA or such offices as may be authorized by order issued by the appropriate Regional Office, may act on all applications for adjustment under the provisions of this section. Applications for adjustment are governed by Revised Procedural Regulation No. 1.

SEC. 25. *How service wholesalers may, under certain conditions, apply for permission to use the mark-up figures designated for institutional wholesalers.* If you are a service wholesaler (you must consider each warehouse as a separate wholesaler), you may file an application for permission to use the mark-up figures designated for institutional wholesalers if you can establish:

(a) During your fiscal year 1941 and so far in 1943, you regularly distributed grocery products to at least 12 states; and

(b) The total gross margin on all sales made by you in your fiscal year 1941 was at least 20 percent; and

(c) You offered for sale during 1941 at least 3,500 different items of food.

(d) Your application must set forth the following:

(1) Profit and loss statements for the fiscal years 1941, 1942, and so much of 1943 as is available, and balance sheets as of the end of each such accounting period;

(2) Any evidence you may be able to furnish concerning the difference between your operations and functions and those of the usual service wholesaler, and a reasonable basis for distinction or classification between you and other service wholesalers;

(3) A list of the states to which you regularly distributed grocery products in 1941, 1942, and 1943 and an approximation of the volume of sales made by you in each of the states during 1941, 1942, and 1943; and

(4) The number of food items that you offered for sale in 1941.

(e) Such application must be filed in duplicate by July 20, 1943, with the Distribution Branch, Food Price Division, OPA, Washington, D. C. You may not use these requested mark-up figures until you have received specific authorization from such OPA office. Applications for adjustment are governed by Revised Procedural Regulation No. 1.

Article IV—Miscellaneous Provisions

SEC. 26. *Transfer of business and stock in trade.* If, after August 5, 1943, you acquire in any way the business, assets and stock in trade of any wholesaler covered by this regulation and you carry on the business, or continue to deal in the same type of food products in the same establishment, and you render the same service and sell to the same class of purchaser, your ceiling prices shall be the same as those of the former owner if no transfer had taken place. You must keep all the records needed to verify your ceiling prices. The former owner must either preserve and make available to you or give you all the records of his transactions before you acquired the establishment which you need to comply with the record provisions of this regulation.

If, after the transfer, you fall into a class of wholesaler different from the former owner's, your ceiling prices shall be those for the class of wholesaler in which you fall. (For example: If you acquire the business, assets, and stock in trade of a service wholesaler and you decide to discontinue making deliveries, your ceiling prices must be figured as a cash-and-carry wholesaler, using as your "net cost" the same "net cost" the former owner used in fixing his ceiling prices.)

SEC. 27. *Taxes.* You may collect, in addition to your ceiling price, any tax upon or incident to a sale at wholesale of food covered by this regulation, if you state the tax separately, and if the tax statute or ordinance does not prohibit sellers from stating and collecting the tax separately from the price.

SEC. 28. *Export sales.* The ceiling prices at which a person may export any product covered by this regulation shall be determined in accordance with the Second Revised Maximum Export Price Regulation,[4] as amended, issued by the OPA.

SEC. 29. *Relation to other regulations.* The provisions of this Maximum Price Regulation No. 421, except as otherwise provided in this regulation, shall, on and after August 5, 1943, supersede the provisions of Revised Maximum Price Regulation No. 237, Maximum Price Regulation No. 249,[5] Maximum Price Regulation No. 255,[6] the General Maximum Price Regulation, and any other applicable price regulation or order issued by the OPA except any order issued pursuant to General Order No. 51, with respect to sales and deliveries for which ceiling prices are established by this regulation.

SEC. 30. *Definitions*—(a) *Delivery.* Delivery of any item covered by this regulation shall be considered to have occurred when the item has been received by you at your usual receiving point.

(b) *Usual receiving point.* Your usual receiving point will be the warehouse at which you generally receive the particular item you are pricing under this regulation and from which you generally supply your customers.

(c) *"Manufacture or otherwise process".* "Manufacture or otherwise process" shall mean blending, freezing, canning, preserving, milling, bottling, crushing, straining, roasting, centrifuging, cooking, distilling, purifying with heat, and other similar operations. Packaging as used in Section 14 shall not be considered manufacturing or processing under this regulation.

(d) *Independent retail store.* Independent retail store shall mean one that is not one of four or more stores under one ownership whose combined "annual gross sales" are $500,000 or more.

(e) *"Wagon wholesaler".* A "wagon wholesaler" is a wholesaler who distributes food products to retail stores or to commercial, industrial, or institutional users from an inventory stocked in trucks or other conveyances under the supervision of driver-salesmen who make deliveries at the time and point of sale. A wholesaler is a wagon wholesaler only of the food products he sells in this way.

(f) *"Marine provisioners".* A "marine provisioner" is a seller the larger part of whose business is the sale of food commodities to boat and steamship companies for the provisioning of boats with delivery to the boats from shore locations by the use of truck and launch facilities. A seller is a marine provisioner only of the food commodities he sells in this way.

(g) *Flour jobber.* "Flour jobber" shall mean a "primary distributor" as defined in Maximum Price Regulation No. 296,[7] and a person the larger part of whose business is the purchase and resale of flour without additional processing and in the original containers, to bakers, and commercial, institutional or Governmental users. For sales to retail stores, "flour jobbers" other than "primary distributors" must figure their ceiling prices for flour under this regulation.

SEC. 31. *Geographical applicability.* The provisions of this regulation shall apply to the 48 states of the United States and the District of Columbia.

Article V—Table and Commodity Definitions

SEC. 32. *Table of mark-up figures—(Table A.)*—(a) *Instructions.* Table A (printed below) lists the commodities and the mark-up figures for the four classes of wholesalers covered by this regulation. For a detailed list of the items included in each category of commodities, see "Commodity definitions", printed immediately after Table A. This regulation must not be used to determine ceiling prices for the commodities listed in paragraph (c) of this section.

The commodities covered by this regulation are listed in the column at the extreme left of Table A and the four classes of wholesalers are listed across the top of Table A. To find your proper mark-up figure for any item, first determine the class of wholesaler to which you belong; then find the commodity listed at the left of Table A which includes the item you are pricing. Directly opposite, in the column for your class of wholesaler, you will find the proper mark-up figure for the item. This is the figure by which you should multiply your "net cost" in order to determine your ceiling price. Drop any fraction of a cent which is less than ½ cent; take the next higher cent if the fraction is ½ cent, or more.

For example, you are a Service (Class 3) Wholesaler, and you want to figure your ceiling price for a case of 9-oz. packages of X Brand Spaghetti which you had in stock at the opening of business on August 5, 1943. The amount you paid your customary type of supplier for your last purchase of a customary quantity of this item prior to August 5, 1943, was $1.75 per case after deducting all discounts except the discount for prompt payment and swell and label allowances. In addition, you paid incoming freight, excluding local trucking charges, amounting to 9 cents per case. Your net cost is therefore $1.84 per case. Now refer to Table A. Check the list of commodities and you will find "Macaroni and spaghetti products." This category includes the item you are pricing. Directly opposite "Macaroni and spaghetti products", in the column headed "Class 3 Wholesaler", you will find the figure 1.15. Multiply your net cost by this mark-up figure; the resulting amount is $2.116. By rounding up the fraction of a cent, which is more than ½ cent, you will get your ceiling price of $2.12 per case.

(b) *Commodity definitions.* These definitions apply to both domestic and imported items.

(1) "Baby foods" means "baby" or "junior" soups, fruits, vegetables, meats and mixtures thereof packed in hermetically sealed containers. Excluded are dry baby cereals.

(2) "Cereals, breakfast" means bulk or packaged cereal items of any size commonly used as breakfast foods, both uncooked and ready-to-eat types including, but not limited to, bran flakes, farina, popped rice, and rolled oats. Excluded are barley, corn meal, corn grits, hominy grits and flakes, rice, wheat bran flour, wheat germ, and dry baby cereals.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 422]

CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN GROUP 3 AND GROUP 4 STORES

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 422 has been issued simultaneously herewith and filed with the Division of the Federal Register.*

So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation. In the judgment of the Price Administrator, the ceiling prices established by this maximum price regulation are and will be generally fair and equitable and comply with the requirements of the Emergency Price Control Act of 1942, as amended, Executive Order No. 9250, and Executive Order No. 9328, and will effectuate the purposes of said Act and Executive Orders.

§ 1351.361 *Ceiling prices of certain foods sold at retail in group 3 and group 4 stores.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, Executive Order No. 9250, and Executive Order No. 9328, Maximum Price Regulation No. 422, which is annexed hereto and made a part hereof, is hereby issued.

*Copies may be obtained from the Office of Price Administration.

AUTHORITY: § 1351.361 issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

Article I—General Provisions

SECTION 1. *What this regulation does.* This regulation fixes new ceiling prices for the "dry groceries" listed in Table A and the "perishables" listed in Table B for all retail stores, other than "independent" retail stores, doing an annual business of less than $250,000, and for all retail stores, whether "independent" or not, doing an annual business of more than $250,000. These new ceiling prices are to be used instead of the ceiling prices figured under any other price regulation or order issued by the Office of Price Administration (hereinafter called OPA) except as otherwise provided in any order fixing dollars-and-cents ceiling prices which has been or which may be issued by the OPA pursuant to General Order No. 51.[1] All other retail stores (Group 1 and Group 2 stores) selling these food products are covered by Maximum Price Regulation No. 423.

SEC. 2. *How you find out whether your store is covered by this regulation and what group it is in.*—(a) *What stores are covered.* Your store is covered by this regulation if it is a Group 3 or 4 store as defined below and if you are a retailer who buys and resells food products, generally without materially changing their form, for the most part to ultimate consumers who are not commercial, industrial or institutional users. However, this regulation does not apply to "retail route sellers" or "health food stores", (both defined in section 36), or to automatic vending machines or farmers selling produce grown on their own farms.

(b) *What are Group 3 and 4 stores.* For the purpose of this regulation, Group 3 and 4 stores are defined as follows:

(1) *Group 3.* Your store is in Group 3 if its "annual gross sales" are less than $250,000, and if it is not an "independent" store. Your store is an "independent" store if it is not one of 4 or more stores under one ownership whose combined "annual gross sales" are $500,000 or more.

(2) *Group 4.* Your store is in Group 4 if its "annual gross sales" are $250,000 or more.

(If you are not sure what group your store is in, use the directions in Section 30 for figuring its "annual gross sales". See Section 36 for definitions of Group 1 and 2 stores.)

[1] 8 F.R. 6008, 6071, 8690.

(c) *How to post a sign of the group your store is in.* At all times, you must have the group your store is in under this regulation posted on a sign reading "OPA–3" or "OPA–4", whichever it is, or on a sign which the OPA may furnish to you, except that if under any order issued under General Order No. 51 you are allowed to post the sign of another group, you may do so. The sign must be posted so that it can be clearly seen by your customers. (The word "group" as used in this regulation means the same thing as the word "class" meant in Revised Maximum Price Regulations No. 238 [3] and No. 268 [4].)

(d) *When you may choose to treat your store as a group 4 store.* If your store is a Group 3 store, you may choose to treat it as a Group 4 store and post a sign in your store as a member of that group if you:

(1) Figure your ceiling prices for all the items listed in Tables A and B of this regulation as a Group 4 store;

(2) Use the Group 4 ceiling prices fixed in Maximum Price Regulation No. 390 [4] for all the household soaps and cleansers it covers.

(3) Use all the dollars-and-cents ceiling prices fixed under the OPA community price orders issued for Group (or Class) 4 stores in your community; and

(4) Notify your nearest OPA district office of these facts.

DRY GROCERIES

SEC. 3. *How and when you figure your ceiling prices for "dry groceries"*—(a) *General rule.* Your ceiling price for each item (that is, for each kind, brand, grade, variety, container-type and container-size) of "dry groceries" listed in Table A shall be the total of (1) the "net cost" you had to pay for the most recent delivery of the item to you before August 5, 1943, plus (2) the mark-up given you for it in Table A.

(b) *When you must figure your ceiling prices.* By the opening of business on August 5, 1943, you must have figured your ceiling price for each item of "dry groceries" listed in Table A which you have in stock at that time. (See Section 24 for an exception to this rule if you purchase an item from wholesalers.) Between July 26, 1943, and August 5, 1943, you may put into effect the new ceiling price on any item as soon as you figure it; you must put the new ceiling prices into effect on all items not later than August 5, 1943. If you do not put the new price for an item into effect before August 5, 1943, you must continue to use your existing ceiling for that item until August 5. If you receive delivery of any item between July 26 and August 5 for which you have no ceiling price, you must, before selling it, figure your ceiling price according to the rules of this regulation.

SEC. 4. *Directions for applying the rule for "dry groceries"*—(a) *"Net cost."* To figure your ceiling price, first find the "net cost" of the item based on its most recent delivery to you before August 5, 1943. Your net cost will be the amount you paid your supplier less all discounts except the discount for prompt payment and swell and label allowances, plus all transportation charges you paid except local trucking and local unloading. Treat as a separate item each kind, brand, grade, variety, container-size and container-type of "dry groceries".

(1) Your net cost must be figured on purchases of a customary quantity from a customary type of supplier delivered to your "usual receiving point" by a customary means of delivery. Of course, you must never figure your net cost on a purchase made at a price higher than your supplier's ceiling.

(2) Figure the net cost on a single unit basis (that is, per can, per pound, per package, per jar, etc.), to the nearest half-cent. Your invoice cost may be the cost of a carton, case or barrel for instance, and not the cost of the package, can or other unit you sell. You must get the net cost of the single unit you sell by dividing the cost for the carton, case or barrel by the number of units in the carton, case or barrel.

(3) For items you "manufacture or otherwise process" use the special rules in Section 25.

(b) *Mark-up.* Turn to Table A to find the mark-up for the item given your group of store. Table A lists all the "dry groceries" covered by this regulation by commodity groups.

(c) *Ceiling price.* Next turn to Table C. Using the directions given there, you will get your ceiling price for the item. Post this price as required in section 9. You must not change this ceiling price unless OPA authorizes you to do so. (Section 6 tells you when you can change it.)

(d) *Invoices.* You must write your "net cost" per unit either on your invoice or other record of the price you paid for the item or on a separate slip of paper and attached to that invoice or other record. You must keep separate, or mark or tag plainly, all invoices or records showing the net cost per unit which you used in figuring your ceiling prices. These invoices and records you used in figuring your ceiling prices are your means of proving that your ceiling prices are right.

SEC. 5. *How you figure your ceiling prices for "new items" of "dry groceries".* A "new item" of "dry groceries" is any item of "dry groceries" which you did not have in stock at the opening of business on August 5, 1943. You must figure and post your ceiling price for a new item before selling it, following the rules in section 4, but basing your "net cost" on the first delivery of the item to you on or after August 5, 1943. In pricing new items it is a violation to use the net cost of a first purchase made in a non-customary manner (that is, from a non-customary supplier or in a non-customary quantity) when you know that you will be making future purchases in a customary manner.

If your first purchase is of this type you must find out and use in figuring your ceiling price, what the net cost would be of a purchase from a type of supplier usually used for a similar item and of a quantity in which a similar item is usually purchased.

SEC. 6. *When you may change a ceiling price for "dry groceries".* If OPA changes a supplier's ceiling price for a "dry grocery" item, it may direct retailers to refigure their ceiling prices for the item. You may not refigure your ceiling price under this section until you receive written notice requiring you to do so. Ordinarily a written notice telling you to refigure your ceiling price will come to you directly from your supplier or the manufacturer. You will find it inside, or attached to, the carton, case or barrel containing the item or it will be sent to you with the invoice. After actually receiving the item for the first time with such a notice, you must, before selling the item, refigure your ceiling price for it by following the directions in Section 4, figuring your "net cost", however, on that first delivery. You must write this new ceiling price on the invoice covering that delivery. Be sure to keep this notice attached to your invoice or other record showing the price you paid for the item. Even though you receive later shipments with the same notice, you must not change your ceiling price again.

PERISHABLES

SEC. 7. *How and when you figure your ceiling prices for "perishables"*—(a) *General rule.* Your ceiling price for each item (that is, for each kind, brand, variety, and grade) of "perishables" listed in Table B shall be the total of (1) the "net cost" of the largest delivery of the item to you during the week before, plus (2) the mark-up given you for it in Table B.

(b) *When you must figure your ceiling prices.* By the opening of business on August 5, 1943, you must have figured your ceiling price for each item of "perishables" listed in Table B which you have in stock at that time. These ceiling prices must be checked each week after August 5, 1943, and changed on Thursday of each week for any item if your "net cost" of that item has changed in the preceding seven days. Never change your ceiling price on any day but Thursday.

For items which you receive for the first time or which you have not had in stock for 30 days, you must figure and use a ceiling price at once using the net cost of that first delivery. On each Thursday after that, you must treat the item as you would any other item of perishables covered under this regulation.

Stores under one ownership pricing from a central point may refigure ceiling prices for items so priced based on the net cost of deliveries received during the seven days preceding Tuesday of each week. These prices must not be put into effect until the following Thursday.

[3] 8 F.R. 6125, 6424.
[3] 8 F.R. 6129, 7116.
[4] 8 F.R. 6428.

SEC. 8. *Directions for applying the rule for "perishables"*—(a) *Net cost.* To figure your ceiling price, first find the "net cost" of the largest delivery to you of the item during the seven day period before the Thursday for which you are figuring your price. If you have received more than one delivery of the same largest quantity, use the most recent of these deliveries. Your net cost will be the amount you paid your supplier less all discounts except the discount for prompt payment plus all transportation charges you paid except local trucking and local unloading.

(1) Your net cost must be based on purchases from a customary type of supplier delivered to your usual receiving point by a customary means of delivery. Of course, you must never figure your net cost on a purchase made at a price higher than your supplier's ceiling.

(2) Figure the net cost on the basis of the "selling unit" (for example, 5 lbs., 1 dozen, etc.) listed in Table B for the commodity group which includes the item you are pricing. Always figure net cost to the nearest half-cent.

(3) If you have received no delivery of any item which you have in stock at the opening of business on August 5, 1943, during the week before, you shall, in figuring your first ceiling price for the item on August 5, 1943, base your net cost on its most recent delivery to you.

(b) *Mark-up.* Turn to Table B to find the mark-up for the item given your group of store. Table B lists all the "perishables" covered by this regulation by commodity groups.

(c) *Ceiling price.* Next turn to Table C. Using the directions given there, you will get your ceiling price for the item. Post this price as required in section 9.

If you sell an item in a quantity other than the "selling unit" given in Table B, you must reduce or increase your ceiling price proportionately. If figuring a price for a quantity different from the "selling unit" results in a fraction of a cent, you may charge the next higher cent.

SEC. 9. *Prices which you must post*—(a) *Ceiling prices.* At all times, you must have your ceiling price for each item of food covered by this regulation clearly shown on the item or at the place in your store where the item is offered for sale. You do not have to describe this price with the words "ceiling price".

(b) *Selling prices.* If your selling price of any item is lower than your ceiling price, you must also post this selling price directly below your ceiling price.

SEC. 10. *Indirect price increases prohibited.* You must not evade any of the provisions of this regulation or any order issued pursuant to it by any stratagem, scheme, or device. You must not, as a condition of selling any particular food, require a customer to buy anything else. Any such evasion is punishable as a violation of this regulation.

You may not use an unnecessarily high "net cost" in figuring a ceiling price under this regulation. If you make such a high cost purchase, you must find out what your net cost as used in section 4 or 8 would be and use that net cost to figure your ceiling price. You may never use the net cost of a purchase from another retailer to figure a ceiling price.

SEC. 11. *Sales slips and receipts.* If you have customarily given a purchaser a sales slip, receipt or similar evidence of purchase, you must continue to do so. Furthermore, regardless of your custom, you must give any customer who asks for it a receipt showing the date, your name and address, and each food item sold and the price you charged for it.

SEC. 12. *Records.* After July 26, 1943, you must keep for one year after you receive them all your invoices, freight bills, and other records showing the price you paid and the date you received delivery of each item covered by this regulation.

You are required to show all your invoices on request of any OPA representative and to furnish on request of any OPA representative a written record of your ceiling price in effect at any particular time or times for any or all of the items covered by this regulation. You must also keep available for inspection by an OPA representative the records you used in deciding what group your store is in.

Stores under one ownership pricing from a central point must also keep available at all times in each store a list showing the current selling price, as set at the central point, of each item so priced. These price lists must be kept in each store for one year, and must be shown, on request, to any OPA representative.

SEC. 13. *Licensing and registration.* The licensing and registration provisions of sections 15 and 16 of the General Maximum Price Regulation [5] shall apply to every person subject to this regulation. Sections 15 and 16 provide, in brief, that a license is required of all persons selling at retail commodities for which ceiling prices are established. A license is automatically granted so do not apply for it. However, all sellers may later be required to register. The license may be suspended for violations in connection with the sale of any commodity for which ceiling prices are established. No person whose license is suspended may sell any such commodity during the period of suspension.

SEC. 14. *Prohibitions.* On and after August 5, 1943, if you sell or deliver or offer to sell or deliver at a price higher than your ceiling price fixed by this regulation or any order issued pursuant to it, or if you otherwise violate any provisions of this regulation or any order issued pursuant to it, you are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended. Also, any person, who, in the course of trade or business, buys from you at a price higher than your ceiling price is subject to the criminal penalties and civil enforcement actions provided for by that Act.

SEC. 15. *Notice of dollars-and-cents ceiling prices.* From time to time the OPA may, by order issued pursuant to General Order No. 51, fix in your region or community dollars-and-cents ceiling prices for some or all of the "dry groceries" or "perishables" under this regulation. When these dollars-and-cents prices are fixed, you may not thereafter sell at higher prices, and those orders may provide that such prices take the place of the ceiling prices which you have under this regulation. If such orders do not provide that they replace your prices under this regulation you must continue to figure your prices under this regulation. If the OPA has, before the effective date of this regulation, established a ceiling price for you for an item pursuant to such an order, you shall use that as your ceiling price and shall not figure a ceiling price under this regulation for the item.

SEC. 16. *Further provisions supplementing or explaining this regulation.* From time to time, the Price Administrator may, by amendment, issue further provisions which will supplement the provisions of this regulation or explain the rights and duties of buyers and sellers under it. These further provisions will become part of this regulation and may be added as paragraphs to this section.

Article II—Special Pricing Provisions

SEC. 17 *Additions allowed for deliveries made by you to your customers.* (a) If you deliver to your customers' homes or places of business any of the items covered by this regulation, you may add to the total value of the delivery, as a separate charge, whichever of the following amounts applies:

Value of delivery:	Addition allowed
$0.00–$1.99	No addition
$2.00–$2.99	10¢
$3.00–$4.49	15¢
$4.50–$5.49	20¢
over–$5.49	25¢

(b) If you make such deliveries and add such charges, you are required to keep for one month a copy of each sales slip, itemizing clearly your prices for the items delivered and the amount of the delivery charges permitted under the provisions of this section.

SEC. 18. *Additions to "net cost" for packaging.* (a) If you buy in bulk any item covered by this regulation (except shell eggs) and then package and sell it in cardboard containers, cotton bags, transparent bags, or interlined coffee bags, you may add to your "net cost" whichever of the following allowances applies:

(1) 1½ cents for every such bag or container with a net weight of less than 2 pounds.

(2) 2 cents for every such bag or container with a net weight of 2 pounds or more, but less than 5 pounds.

[5] 8 F.R. 3096, 3849, 4347, 4486, 4724, 4848, 4978, 6047, 6962.

(3) ½ cent per pound for every such bag or container with a net weight of 5 pounds or more.

(b) If you buy shell eggs in bulk and then package and sell them in consumer cartons, you may add to your "net cost" whichever of the following allowances applies:

(1) 1 cent for each carton of a half-dozen eggs.

(2) 2 cents for each carton of a dozen eggs.

(c) When you package any item covered by this regulation which you buy in bulk and the grade of the item is shown on the bulk container, you must show the grade on the bag or container that you sell.

SEC. 19. *Special limitations in figuring your "net cost" in certain cases*—(a) *Cheese: when purchased f. o. b. manufacturer's plant.* If you buy Cheddar cheese f. o. b. manufacturer's plant, you may not, in figuring "net cost", include any freight costs above the lowest published carlot freight rate per pound of gross weight from Plymouth, Wisconsin, to your usual receiving point multiplied by 1.15.

(b) *Butter. When purchased f. o. b. seller's shipping point.* If you buy butter f. o. b. seller's shipping point, your "net cost" may not in any case exceed the ceiling price established under Maximum Price Regulation No. 289 [6] (Dairy Products) for sales of that particular grade (or score) and form of butter delivered to your usual receiving point.

(c) *Fresh fruits and vegetables.* Whenever there is an order in effect in your area or community fixing ceiling prices for sales of fresh fruits and vegetables by wholesalers, your net cost may not in any case exceed the highest ceiling price fixed for wholesalers in your area or community.

SEC. 20. *How you figure your "net cost" in certain cases*—(a) *Fresh bananas bought from importers f. o. b. port of entry.* If you buy fresh bananas directly from an importer, f. o. b. port of entry, figure your "net cost" by the following procedure.

First, increase the importer's maximum price per hundredweight f. o. b. port of entry (as fixed by Maximum Price Regulation No. 285[7]) by either $1.25 or by 29 percent, whichever is greater. To the resulting figure add the cost of getting the bananas to your usual receiving point, which may include costs you have to pay for freight, icing, heating, and messenger service, but which may not include costs for local trucking or local unloading (figure your freight costs at the lowest available common carrier rates). Divide this total by 100 and you will get your net cost per "selling unit" (1 pound). This is the net cost you will use in figuring your ceiling prices and to which you add the markups in Table A for your group of store.

(b) *Fresh bananas bought at auction.* If you buy bananas at an auction market in New York, Philadelphia, or Baltimore, figure your cost the same way as in paragraph (a) of this section except that you can include freight costs only from the port of entry to the auction market. Costs for ferry service may not be included.

(c) *Butter printed by you.* If you package and print butter, you shall figure a ceiling price per pound for each resulting type of print and package and score (or grade) of butter. In figuring your ceiling price for butter of any particular score (or grade), in a print or package you shall use as your "net cost" the lowest ceiling price established under Maximum Price Regulation No. 289 which would apply to sales of that particular score (or grade) of butter in such print or package directly by a creamery to a primary distributor delivered to the city, town, village or hamlet in which your usual receiving point is located, plus ½¢ per pound. When you perform the printing and packaging functions in a butter print division apart from your warehouse or store and then deliver the printed or packaged butter to your warehouse, the warehouse shall be considered your usual receiving point, and when it is delivered directly from the butter print division to your store, the store shall be considered your usual receiving point.

(d) *Eggs candled and graded by you.* If you purchase eggs in other than retail grades and sizes (or weight classes) and then candle and grade them into the retail grades and sizes (or weight classes) set forth in Table B, you shall calculate a maximum price weekly for each resulting grade and size (or weight class) using as your "net cost" the lowest ceiling price fixed by Maximum Price Regulation No. 333 [8] which would apply to sales to a retailer of eggs of that particular grade and size (or weight class) delivered on the Monday of the week in which calculations are made to a receiving point located in the same city, town, village or hamlet as your usual receiving point for the eggs: *Provided, however,* That before eggs which you grade as extra large AA may be sold as such, they must be so certified by the United States Department of Agriculture.

SEC. 21. *Additional charges allowed for slaughtering and plucking poultry.* You may add to your ceiling prices for poultry established by this regulation whichever of the following amounts apply.

(a) 10¢ for a bird killed in accordance with the Hebraic dietary laws, if such killing was done by your employee, or an agent or contractor engaged and paid by you.

(b) 10¢ for plucking a bird which you buy live and sell live, or buy kosher-killed and sell kosher-killed, if such plucking is done by your employee or an agent or contractor engaged and paid by you.

SEC. 22. *Additions for delivery from your warehouse to your store.* If your store is located at a distance of 125 miles or more from your warehouse which is your usual receiving point, you may, in determining your ceiling price for an item delivered from the warehouse to your store, add to your mark-up for the item whichever of the following amounts applies:

(a) If the store is located at a distance of from 125 through 199 miles from such warehouse, you may add 1 to your mark-up figure (example: If your mark-up figure on sugar in Table A is 7%, you change it to 8%).

(b) If the store is located at a distance of from 200 through 299 miles from such warehouse, you may add 2 to your mark-up figure.

(c) If the store is located at a distance of from 300 miles through 399 miles from such warehouse, you may add 3 to your mark-up figure.

(d) If the store is located at a distance of 400 miles or more from such warehouse, you may add 4 to your mark-up figure.

SEC. 23. *How you may figure your ceiling prices for "perishables" on a weighted average basis.* Section 7 of this regulation requires you to use in figuring your ceiling price for "perishables" the net cost of the largest delivery to you in the seven day period before the Thursday (or Tuesday for stores which price from a central point) for which you are figuring your price. If you desire to figure your ceiling prices for all items of "perishables" by using for each item, instead of the net cost of the largest delivery during this seven day period, the weighted average net cost of all deliveries of it to you during this seven day period, you may do so. However, you must apply in writing to the nearest district OPA office for permission. After receiving such permission, you may not use the net cost of the largest delivery during the seven day period to figure your ceiling price for any of the "perishables" listed in Table B. However, you shall continue to use all other provisions of section 8 in figuring your ceiling prices for these items.

SEC. 24 *How you figure your ceiling prices for "dry groceries" you purchase from wholesalers.* If you have customarily made most of your purchases of any item of "dry groceries" listed in Table A from a wholesaler who is now pricing under Maximum Price Regulation No. 421, you may, if you still customarily purchase that item from such a wholesaler, figure your ceiling price for that item on the basis of the "net cost" of your first purchase after August 5, 1943, instead of your most recent purchase before August 5, 1943, as required by Section 42. Such ceiling price shall not be changed except as required by Section 6. Until you make such a purchase you shall keep your present ceiling price.

SEC. 25. *How you figure your ceiling prices for foods you "manufacture or otherwise process".* If you "manufacture or otherwise process" and sell at retail any item covered by this regulation, you will figure you "net cost" or ceiling price for such item under whichever of the following provisions applies:

[6] 7 F.R. 10996; 8 F.R. 490, 1458, 1885, 1972, 3252, 3327, 4335, 4513, 4337, 4338, 4618, 6440.
[7] 8 F.R. 3050.
[8] 8 F.R. 2488, 3002, 3070, 3735, 5342, 5839, 6182, 6476, 6626, 7457.

(a) If the item is one for which the OPA has issued, or later issues, a regulation naming dollars-and-cents ceiling prices for sales by manufacturers, but the regulation makes no provision for manufacturers selling at retail, the lowest ceiling price under that regulation for sales delivered to your usual receiving point shall be your "net cost".

(b) If the item is one for which the OPA has issued, or later issues, a regulation naming dollars-and-cents ceiling prices for sales by manufacturers and makes a provision for manufacturers selling at retail, you shall figure your ceiling price for such item as a manufacturer under that regulation. You will not attempt to figure a "net cost" and apply a mark-up under this regulation.

(c) If the item is one for which the OPA has not issued, or does not later issue, a regulation establishing dollars-and-cents ceiling prices for sales by manufacturers, you shall figure your ceiling price for such item as a manufacturer under the appropriate regulation covering the sales of such item by manufacturers. You will not attempt to figure a "net cost" and apply a mark-up under this regulation.

(d) If, after you have established a ceiling price for an item which you "manufacture or otherwise process", the manufacturer's regulation which you used in figuring your ceiling price under paragraph (a), (b), or (c) of this section is amended so that either (1) the manufacturer's regulation is no longer the type described in the applicable paragraph of this section or (2) the type of regulation is not changed but the prices set forth therein are changed; you must, within 5 days after the effective date of such amendment, refigure your ceiling price for the item under the applicable paragraph of this section based on the manufacturer's regulation as amended.

(e) For the purpose of this regulation you shall be considered a manufacturer of any item which you manufacture or otherwise process directly, or which is manufactured for you by a person to whom you supply the raw material.

SEC. 26. *Mail order sales.* When you make mail order sales, you may add to your ceiling prices determined under this regulation your actual express or mailing expense to the buyer's address.

Article III—Adjustment Provisions

SEC. 27. *How you may, under certain conditions, apply to use Group 1 mark-ups.* (a) If your store meets the gross margin requirements specified in this section and does business in the manner outlined below, you may apply under paragraph (b) of this section to use the mark-ups provided in Maximum Price Regulation No. 423 for Group 1 stores:

(1) Most of your sales in your grocery department are made by sales clerks who assist customers in selecting, collecting, and wrapping merchandise;

(2) Your store generally offers to all its customers the services of taking orders by telephone, carrying monthly charge accounts, and providing delivery service;

(3) The general level of your prices for grocery products was during September 1942 at least as high as the level maintained by Group 1 stores, and was generally higher than that maintained by Group 3 and 4 stores, for such products in your community; and

(4) The total gross margin in your fiscal year 1941 was more than 25% on all sales in your food departments and also, if you are not an "independent" store, more than 25% on the combined sales of the food departments in all the stores in your organization. Do not count a restaurant as a food department. If not in business in 1941, use your most recent fiscal year (or fiscal period, if not in business a full fiscal year).

(b) Your application must be filed in duplicate on or before July 20, 1943, with your nearest district OPA office on a form which you may get from that office. You may combine on one form the applications of more than one of your stores. If your application is finally approved, OPA will tell you when to begin using the Group 1 mark-ups, and from such time on you shall post a sign in your store designating it as a "Group 1" store and it shall be considered a Group 1 store for all orders issued under General Order No. 51.

(c) If you filed an application under Section 26 of Revised Maximum Price Regulation No. 238 [9] or Section 25 of Revised Maximum Price Regulation No. 268 [10] and such application has been denied, you are not eligible for adjustment under this section. If your application has been allowed, you may use the mark-ups for a Group 1 store in Maximum Price Regulation No. 423 and post a Group 1 sign, but you are subject to all other provisions of this regulation.

SEC. 28. *How certain stores, where necessary to assure an adequate supply of food in a locality, may apply for mark-up adjustments.* If your store is necessary to provide an adequate supply of food products in a locality; and by reason of remote location, long-term credit, short selling season, or other such unusual operating conditions, you find it impossible to operate under the mark-ups fixed by this regulation you may apply for an adjustment of such mark-ups by filing with your nearest district OPA office two copies of a signed statement giving for your store: (1) its name and address; (2) its group under this regulation; (3) its type (for example, cash-and-carry; service, delicatessen); (4) the approximate number of its food customers; (5) the total number of stores selling food in its community; (6) its distance from the nearest store selling food and the name and address of that store; and (7) the reasons why you are unable to operate under the mark-ups fixed by this regulation.

[9] See footnote 2 above.
[10] See footnote 3 above.

If you have more than one store you may file one application for all your stores which meet the conditions stated above. Your application must state separately for each store the specific information this section calls for.

SEC. 29. *Applications for adjustment.* Any Regional Office of the OPA, or such offices as may be authorized by order issued by the appropriate Regional Office, may act on all applications for adjustment under the provisions of this regulation. Applications for adjustment are governed by Revised Procedural Regulation No. 1.

Article IV—Miscellaneous Provisions

SEC. 30. *How you find the "annual gross sales" of your store.* (a) To find your "annual gross sales", take your total sales for the calendar year 1942. Include all sales as shown on your books, except sales made by a restaurant operated in conjunction with your store. You can use your Federal Income Tax Return to get your gross sales for all or part of the calendar year 1942 which is covered by such return. If you own more than one store, figure the sales for each store separately, treating each as a separate retailer.

(b) If you were not in business during the entire year 1942, you must divide your total sales from the time you began operation up to July 15, 1943, by the number of weeks you were in business. This will get you your weekly average sales. Multiply this figure by 52, and the result is your "annual gross sales".

SEC. 31. *How you determine your group in certain special cases*—(a) *Department stores.* If you operate a department store, that is, a store in which the greater volume of sales is general merchandise and not foods, and you sell foods in a separate department or departments, you must determine your group by using only the "annual gross sales" of your food department or departments.

(b) *Stores in which more than one retailer operates.* (1) If you sell food in a retail store in which there are other food retailers, none of whom sells a complete line of the same general class of food, you must find your group by taking the combined "annual gross sales" of all the food retailers in that store.

(2) If you sell foods in a retail store in which more than one retailer sells a complete line of the same general class of food, you will be considered as operating a separate retail store of your own, and you must determine your group by using only your own sales.

(c) *New stores.* If you open a retail store after July 15, 1943, you may consider yourself a Group 1 or Group 3 retailer, depending upon whether or not your store is an "independent" store, and you must figure your ceiling prices accordingly. (If you are a Group 1 store, you must figure your ceiling prices under Maximum Price Regulation No. 423). However, after you have been in business for 3 months you must determine again what group your store is in. To do this,

take your total sales for the 3-month period and multiply by 4. Use the result as your "annual gross sales" in determining the group in which your store belongs.

If you find that your store should now be in another group, you may continue to use the Group 1 or 3 mark-ups until the second Thursday following the end of the 3-month period, by which time you must have refigured all your ceiling prices using the mark-ups for your new group. For "dry grocery" items use the same "net cost" which you used in figuring your ceiling prices in effect at the end of the 3-month period. For "perishable" items, you shall use as your "net cost" the same "net cost" which you would have used in refiguring your ceiling prices on that Thursday under section 8. If, under that section, you would not have been required to refigure your ceiling price for any item on that Thursday, you shall use as your "net cost" for that item the same "net cost" on which your existing ceiling price at that time is based.

SEC. 32. *Taxes.* You may collect, in addition to your ceiling price, any tax upon or incident to a sale at retail of food covered by this regulation if you state the tax separately, and if the statute or ordinance does not prohibit sellers from stating and collecting the tax separately from the price.

SEC. 33. *Transfer of business and stock in trade.* If, after August 5, 1943, you acquire in any way the business, assets, and stock in trade of any retail store covered by this regulation and you carry on the business, or continue to deal in the same type of food products in that same store, your ceiling prices shall be the same as those of the former owner if no transfer had taken place. You must keep all the records needed to verify your ceiling prices. The former owner must either preserve and make available to you, or give you, all the records of his transactions before you acquired the store which you need to comply with the record provisions of this regulation.

If the transfer changes the business from one group of retail stores to another, your ceiling prices shall be those for the group of retailer to which you belong under this regulation.

SEC. 34. *Export sales.* The ceiling prices at which a person may export any product covered by this regulation shall be determined in accordance with the Second Revised Maximum Export Price Regulation [11] issued the OPA.

SEC. 35. *Relation to other regulations.* The provisions of this Maximum Price Regulation No. 422, except as otherwise provided in this regulation, shall, on and after August 5, 1943, supersede the provisions of Revised Maximum Price Regulation No. 238,[12] Maximum Price Regulation No. 250,[13] Revised Maximum Price Regulation No. 256,[14] Revised Maximum Price Regulation No. 268,[15] the General Maximum Price Regulation,[16] and any other applicable price regulation or order issued by the OPA except any order issued pursuant to General Order 51 with respect to salese and deliveries for which ceiling prices are established by this regulation.

SEC. 36. *Definitions*—(a) *"Retail route seller."* A "retail route seller" is a retailer who distributes food products to ultimate consumers who are not commercial, industrial or institutional users, either on a future delivery basis or otherwise, from an inventory stocked in trucks or other conveyances operated by driver-salesmen over regular routes. A retailer, most of whose business is the personal solicitation of orders by salesmen calling at the homes or places of business of ultimate consumers, who are not commercial, industrial or institutional users, shall also be considered a retail route seller. A retailer is a "retail route seller" only of the food products he sells in this way.

(b) *Health food stores.* A "health food store" is one whose sales to consumers consist principally of especially prepared vitamin-enriched foods customarily included in the trade term "health foods" which are usually sold for special dietary purposes.

(c) *Delivery.* Delivery of an item covered by this regulation shall be considered to have occurred when the item has been received by you at your usual receiving point.

(d) *Usual receiving point.* Your usual receiving point will be either your retail store or your warehouse from which you supply your retail stores, depending upon where you normally receive the particular item you are pricing under this regulation.

(e) *Item.* You must determine a separate ceiling price for each item; that is, for each kind, brand, size, variety, grade, container-type, and container-size, except for fresh fruits and vegetables. Separate fresh fruit and vegetable items shall be those defined as separate in the definitions accompanying Table B.

(f) *Manufacture or otherwise process.* "Manufacture or otherwise process" shall mean blending, freezing, canning, preserving, bottling, milling, crushing, straining, roasting, centrifuging, cooking, distilling, purifying with heat, and other similar operations.

Packaging as used in section 18, ripening of bananas, printing of butter, candling and grading of eggs, and killing and dressing of poultry shall not be considered manufacturing or processing under this regulation.

(g) *Group 1 retailer.* A retailer is in Group 1 if he is an "independent" retailer with an "annual gross sales" of less than $50,000.

(h) *Group 2 retailer.* A retailer is in Group 2 if he is an "independent" retailer with an "annual gross sales" of $50,000 or more, but less than $250,000.

SEC. 37. *Geographical applicability.* The provisions of this regulation shall apply to the 48 states of the United States and to the District of Columbia.

Poultry bought live and sold dressed weight basis (multiply live cost per pound by applicable figure in table. This establishes selling price per pound, dressed weight.) (No additional mark-ups are allowed for drawing or cutting-up.) When poultry is bought live, dressed or drawn and is sold split or cut-up, the total price received through the sale of the cut-up parts of any bird shall not exceed the amount which could be received through the sale of the whole bird on a live weight basis if bought live, or on a dressed weight basis if bought dressed, or on a drawn basis if bought drawn. When poultry is bought live or dressed and sold drawn, ceiling price must be determined on a dressed weight basis.	26	26	1 pound.
(4) Fish:			
Frozen fish and seafood	26	26	1 pound.

(b) *Commodity definitions.* These definitions apply to both domestic and imported items.

(1) *Dairy products.* "Butter" (packaged or bulk) means only butter from milk, including but not limited to, processed, salted, unsalted, whipped, and honey butter. Excluded are peanut, nut or fruit butters.

"Cheese" shall include all bulk or packaged cheese and products composed of more than fifty per cent cheese.

"Eggs, shell" means chicken eggs sold for human consumption. Ceiling prices shall be figured for each grade and size or weight class of eggs, and the grade and size or weight class shall be posted separately with the selling price. Eggs shall be sold only in the retail grades and sizes or weight classes specified in Maximum Price Regulation No. 333.[17]

(2) *Fresh fruits and vegetables.* "Fresh fruits and vegetables" means all the fresh fruits and vegetables listed, packed or in bulk, which have not been frozen, dried, canned, or otherwise processed. Wrapping, dipping, washing, or crating, shall not be considered processing.

[17] 8 F.R. 2488, 3002, 3070, 3735, 5342, 5839, 6182, 6476, 6626, 7457.

"Bananas". Bananas, from different countries of origin such as, but not limited to, Costa Rica, Honduras, Guatemala, and Mexico, shall be considered different "kinds" of bananas, and must be priced separately. "Bananas, bought in hands", means those which have been sold after being cut away from the stem.

"Citrus fruits" means all fresh citrus fruits including, but not limited to, oranges, lemons, limes, grapefruit and tangerines. Separate ceiling prices shall be figured for each variety, each size, and for fruit from different areas. Varieties shall be oranges, lemons, limes, temple oranges, tangerines, (including tangelos), white seeded grapefruit, pink seeded grapefruit, white seedless grapefruit, pink seedless grapefruit, and ruby red grapefruit. Different areas are California, Arizona, Texas, Indian River Citrus Area of Florida, and the rest of the State of Florida.

"Beans, green and wax" shall not include limas and English, Fava, and Italian broad beans. Green beans and wax beans shall be considered separate items and priced separately.

"Cabbage" means all solid headed cabbage, including Red and Savoy. Excluded are Chinese cabbage, collards, cauliflower, and brussels sprouts. Red cabbage shall be considered as a separate item and priced separately.

"Carrots". Bunched carrots, and topped or clipped carrots, shall be considered separate items and priced separately. California and similar quality bunched carrots shall also be considered a separate item.

"Lettuce" means all head or leaf lettuce, including, but not limited to Iceberg, Big Boston and Romaine. Excluded are escarole, chicory, and endive. Head lettuce and leaf lettuce shall be considered separate items and priced separately. California and similar quality Iceberg shall also be considered a separate item.

"Onions, dry" means all dry onions used for human consumption. Each grade and variety shall be considered separate items and priced separately.

"Peas, green" shall not include Chinese peas. All green peas shall be considered one item.

"Potatoes, white" means all white potatoes used for human consumption or for seed. Seed potatoes which are purchased as such shall not be sold except as seed potatoes for planting, and must be clearly tagged or labelled as seed potatoes for planting. Each grade and variety shall be considered a separate item and priced separately.

"Spinach" means all flat and curly leaf spinach, excluding New Zealand, or other greens. Separate items shall be "washed and packaged" spinach, and all other spinach, and must be priced separately.

"Tomatoes". Each kind, and variety shall be considered a separate item and priced separately.

(3) *Poultry.* "Poultry" means all chickens, ducks, geese, and turkeys, in any form, excluding "started" poultry sold for breeding purposes, canned poultry, and cooked or smoked poultry. "Dressed Poultry" means poultry which has been killed, bled, and plucked. "Kosher-killed Poultry" means poultry which: (1) has been killed and bled in accordance with the requirements of the Hebraic dietary laws and (2) is identified as kosher-killed by a stamp or tag on each bird.

(4) *Frozen fish and seafood.* "Frozen fish and seafood" means any fish or seafood which has been artificially frozen or frozen by exposure to the elements for preservation.

(b) *Instructions for use of Table A, Table B, and Table C.*

Tables A and B contain the percentage mark-ups for all commodities in this regulation. Table C is included to assist you in determining ceiling prices without burdensome calculations.

Table A lists by commodity groups the "dry groceries" covered by this regulation and the percentage mark-ups over "net cost" to be used by Group 3 and Group 4 retailers in figuring their ceiling prices. Table B gives the same information for "perishables". However, in addition, Table B also lists the selling units, on the basis of which retailers must figure their net costs and ceiling prices for "perishables". For a detailed list of the items included in each commodity group, see "Commodity definitions of dry groceries" printed immediately after Table A, and "Commodity definitions of perishables" printed immediately after Table B. After you have determined your "net cost" for an item in accordance with the method set up in this regulation, find your proper mark-up in the commodity group which includes the item you are pricing. Commodity groups are listed at the left of Table A and Table B. Directly opposite each commodity group you will find the percentage mark-up for your group of retailers. To get your ceiling price for an item, turn next to Table C which shows the ceiling price for all items with per unit net costs ranging from ½¢ to 50¢. Percentage mark-ups over net cost are listed in the column at the extreme left of Table C, and "net cost per unit" across the top of the table. "Net cost per unit" means, in the case of dry groceries, the "net cost" of a single unit (one can, one jar, etc.). For perishables it means the "net cost" of the selling unit listed in the last column of Table B.

To determine your ceiling price from Table C, find your net cost at the top of the table. Go down that column until you come to the figure (in that column) on the same line as your mark-up. The figure at that point is your ceiling price for the item.

If your net cost per unit is more than 50¢, you cannot use Table C to get your ceiling price. In those cases, you must (1) multiply your net cost by your percentage mark-up, (2) add the result to your net cost, and (3) round the sum to the nearest whole cent. This figure will be your ceiling price. For perishables, your net cost must be in terms of the selling unit specified in Table B.

Example (1). A Group 3 retailer wishes to figure a new ceiling price for "xx" Brand, No. 2 can tomatoes, 1942 pack, which he must put into effect by August 5, 1943, in accordance with Section 3. His most recent purchase of a customary quantity of this item from a customary type of supplier delivered to his usual receiving point was a carload purchased from a packer and delivered at a cost of $2.00 a case (24 cans) on July 20, 1943. He must first figure, to the nearest half-cent, his "net cost" on a single unit basis, (Sec. 4 (a) (2)), that is, for a single can. He therefore divides the cost for the case, $2.00, by the number of single units in the case, 24, and gets a result of $0.0833, before rounding. Rounding to the nearest half-cent, this becomes $0.085. (If the figure had been $0.0821 before rounding, he would have rounded to $0.080.) He then turns to Table A to find the mark-up to be applied to his net cost. Going down the column at the left of Table A he will find a listing of the commodity group which includes the item he is pricing. For canned tomatoes this group is "Corn, green and wax beans, peas, tomatoes, and tomato juice, canned". Going across the page on that line, he will find his mark-up for the item in the column for Group 3 retailers. In this case his mark-up is 21%. Having his mark-up and net cost, Table C will give him his ceiling price without further computations. Checking across the top of Table C, he will find a column headed by his net cost, $0.085. Going down this $0.085 column until he comes to the figure on the same line as his percentage mark-up of 21% listed in the column at the extreme left of Table C he will find his ceiling price for the item to be 10c per can.

Example (2). A Group 3 retailer wishes to figure a ceiling price for California yellow globe dry onions, U. S. #1, which he must use during the period, August 19, 1943, (Thursday) to August 26, 1943, (Wednesday) inclusive. He must first find the net cost of his selling unit based on his largest purchase during the seven days preceding Thursday, August 19. During the preceding week he made a purchase of 250 bags of 50 pounds each of California yellow globe dry onions, U. S. #1 at a delivered cost of $2.98 per bag, a purchase of 150 bags of the same grade and variety of onions at a delivered cost of $3.02 a bag, and another purchase of the same item of 200 bags at a delivered cost of $2.97 a bag. His largest purchase, therefore, was the purchase of the 250 bags. He must figure his net cost on the basis of the selling unit listed in Table B, which for onions is 3 pounds. He divides his cost per 50 pound bag in his largest purchase, $2.98, by 50, to get a result of $0.0596, which would be his cost per pound. Multiplying this by 3 he gets, before rounding, a figure of $0.1788, his cost for 3 pounds. Since net cost is to be figured to the nearest half-cent, he would then round this figure to $0.180. Having his net cost and his mark-up (obtained from Table B) he finds his ceiling price in Table C the same way as he did in example (1) above. Going to Table C, he will find that 25¢ is the ceiling price for an item with a net cost of $0.180 and a mark-up of 40%.

Effective Date. This regulation shall become effective on the 26th day of July 1943.

NOTE: The record-keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with Federal Reports Act of 1942.

Issued this 8th day of July 1943.

PRENTISS BROWN,
Administrator.

Approved as to action contained herein with respect to agricultural commodities.

MARVIN JONES,
War Food Administrator.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 423]

CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN INDEPENDENT STORES DOING AN ANNUAL BUSINESS OF LESS THAN $250,000 (GROUP 1 AND GROUP 2 STORES)

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 423 has been issued simultaneously herewith and filed with the Division of the Federal Register.*

So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation. In the judgment of the Price Administrator, the ceiling prices established by this maximum price regulation are and will be generally fair and equitable and comply with the requirements of the Emergency Price Control Act of 1942, as amended, Executive Order No. 9250, and Executive Order No. 9328, and will effectuate the purposes of said Act and Executive Orders.

§ 1351.362 *Ceiling prices of certain foods sold at retail in independent stores doing an annual business of less than $250,000 (Group 1 and Group 2 stores).* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, Executive Order No. 9250, and Executive Order No. 9328, Maximum Price Regulation No. 423, which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1351.362 issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

Article I—General Provisions

SECTION 1. *What this regulation does.* This regulation fixes new ceiling prices for the "dry groceries" listed in Table A and the "perishables" listed in Table B for all "independent" retail stores doing an annual business of under $250,000. These new ceiling prices are to be used instead of the ceiling prices figured under any other price regulation or order issued by the Office of Price Administration (hereinafter called OPA), except as otherwise provided in any order fixing dollars-and-cents ceiling prices which has been or which may be issued by the OPA pursuant to General Order No. 51.[1] All other retail stores (Group 3 and Group 4 stores) selling these food products are covered by Maximum Price Regulation No. 422.

SEC. 2. *How you find out whether your store is covered by this regulation and what group it is in.*—(a) *What stores are covered.* Your store is covered by this regulation if it is a Group 1 or 2 store as defined below and if you are a retailer who buys and resells food products, generally without materially changing their form, for the most part to ultimate consumers who are not commercial, industrial or institutional users. However, this regulation shall not apply to "retail route sellers" or "health food stores" (both defined in Section 25) or to automatic vending machines or farmers selling produce grown on their own farms.

(b) *What are Group 1 and 2 stores.* For the purpose of this regulation, Group 1 and 2 stores are defined as follows:

(1) *Group 1.* Your store is in Group 1 if it is an "independent" store with "annual gross sales" of less than $50,000. Your store is an "independent" store if it is *not* one of 4 or more stores under one ownership whose combined "annual gross sales" are $500,000 or more.

(2) *Group 2.* Your store is in Group 2 if it is an "independent" store with "annual gross sales" of $50,000 or more, but less than $250,000.

(If you are not sure what group your store is in, use the directions in section 20 for figuring the "annual gross sales" of your store. See section 25 for definitions of Group 3 and Group 4 retailers.)

(c) *How to post a sign of the group your store is in.* At all times, you must have the group your store is in under this regulation posted on a sign reading "OPA–1" or "OPA–2", whichever it is, or on a sign which the OPA may furnish to you. The sign must be posted so that it can be clearly seen by your customers. (The word "Group" as used in this regulation means the same thing as the word "Class" meant in Revised Maximum Price Regulation No. 238[2] and in Revised Maximum Price Regulation No. 268.[3]

(d) *When you may choose to treat your store as a Group 3 or 4 store.* You may choose to treat your store as either a Group 3 or Group 4 store under Maximum Price Regulation 422 and post a sign in your store as a member of such other group if you:

(1) Figure your ceiling prices for all the items listed in Tables A and B of this regulation as a member of the group you choose;

[1] 8 F.R. 6008, 6071, 8690.

(2) Use the ceiling prices fixed for that group in Maximum Price Regulation No. 390 [1] for all the household soaps and household cleansers it covers;

(3) Use the ceiling prices for "Group 3 and 4" stores fixed in Maximum Price Regulation Nos. 336 [2] and 355 [3] for all the meat items they cover;

(4) Use all the dollars-and-cents ceiling prices fixed under the OPA community price orders issued for stores in the group you choose; and

(5) Notify your nearest OPA District Office of these facts.

DRY GROCERIES

SEC. 3. *How and when you figure your ceiling prices for "dry groceries"*—(a) *General rule.* Your ceiling price for each item (that is, for each kind, brand, grade, variety, container-type and container-size) of "dry groceries" listed in Table A shall be the total of (1) the "net cost" you have to pay for the first delivery to you of the item on or after August 5, 1943, plus (2) the mark-up given you for it in Table A.

(b) *When you must figure your ceiling prices for "dry groceries."* You must figure and put into effect a new ceiling price for each item of "dry groceries" listed in Table A not later than 5 days after receiving the first delivery of the item on or after August 5, 1943. Until then keep your present ceiling prices. Figure your new ceiling price by following the directions in section 4.

SEC. 4. *Directions for applying the rule for "dry groceries"*—(a) *Old prices.* Keep your old ceiling price until you put into effect your new ceiling price based on the first delivery of the item to you on or after August 5, 1943. Treat as a separate item each kind, brand, grade, variety, container-size and container-type of "dry groceries".

(b) *Net cost.* To figure your new ceiling price, first find the "net cost" of the item based on its first delivery to you on or after August 5, 1943. Your net cost will be the amount you pay your supplier less all discounts except the discount for prompt payment plus all transportation charges you pay except local trucking and local unloading.

(1) Your net cost must be figured on purchases of a customary quantity from a customary type of supplier delivered to your "usual receiving point" by a customary means of delivery. If the first delivery of an item to you on or after August 5, 1943, is not one of this type, you shall not use the net cost of that purchase as the basis for figuring your ceiling price. Instead, in that case, you must find out what your net cost would have been if that purchase had been of a customary quantity from your customary type of supplier delivered to your usual receiving point by a customary means of delivery, and use that figure as your net cost in figuring your ceiling price for the item. Of course, you must never figure your net cost on a purchase made at a price higher than your supplier's ceiling.

(2) Figure the net cost on a single unit basis (that is, per can, per pound, per package, per jar, etc.) to the nearest half-cent. Your invoice cost may be the cost of a carton, case or barrel for instance, and not the cost of the package, can, or other unit you sell. Find the net cost of the single unit you sell by dividing the cost for the carton, case or barrel by the number of units in the carton, case or barrel.

(c) *Mark-up.* Turn to Table A to find the mark-up for the item given your group of stores. Table A lists all the "dry groceries" covered by this regulation by commodity groups.

(d) *Ceiling prices.* Next turn to Table C. Using the directions given there, you will get your ceiling price for the item. You must not change this ceiling price unless OPA authorizes you to do so. (Section 6 tells you when you can change it.)

(e) *Invoices.* You must write your "net cost" per unit either on your invoice or other record of the price you paid for the item or on a separate slip of paper and attached to that invoice or other record. You must keep separate, or mark or tag plainly, all invoices or records showing the net cost per unit which you used in figuring your ceiling prices. These invoices and records you used in figuring your ceiling prices are your means of proving that your ceiling prices are right.

SEC. 5. *How you figure your ceiling prices for items of "dry groceries" not kept in stock.* If you have already figured a ceiling price under this regulation for an item of "dry groceries" which you have not had in stock for 60 days, you may, if you wish, figure a new ceiling price when next you purchase it. Do this by following directions in Section 4, using, however, the "net cost" you had to pay for your new purchase.

SEC. 6. *When you may change a ceiling price for "dry groceries".* If OPA changes a supplier's ceiling price for a "dry grocery" item, it may direct retailers to refigure their ceiling prices for the item. You may not refigure your ceiling price under this section until you receive written notice requiring you to do so. Ordinarily a written notice telling you to refigure your ceiling price will come to you directly from your supplier or the manufacturer. You will find it inside, or attached to, the carton, case or barrel containing the item or it will be sent to you with the invoice. After actually receiving the item for the first time with such a notice, you must, before selling the item, refigure your ceiling price for it by following the directions in Section 4, figuring your "net cost" however, on that first delivery. You must write this new ceiling price on the invoice covering that delivery. Be sure to keep this notice attached to your invoice or other record showing the price you paid for the item. Even though you receive later shipments with the same notice, you must not change your ceiling price again.

PERISHABLES

SEC. 7. *How and when you figure your ceiling prices for "perishables"* — (a) *General rule.* Your ceiling price for each item (that is, for each kind, brand, variety, and grade) of "perishables" listed in Table B shall be the total of (1) the "net cost" of the largest delivery of the item to you during the week before, plus (2) the mark-up given you for it in Table B.

(b) *When you must figure your ceiling prices.* By the opening of business on August 5, 1943, you must have figured your ceiling price for each item of "perishables" listed in Table B which you have in stock at that time. These ceiling prices must be checked each week after August 5, 1943, and changed on Thursday of each week for any item if your "net cost" of that item has changed in the preceding seven days. Never change your ceiling price on any day but Thursday.

For items which you receive for the first time or which you have not had in stock for 30 days, you must figure and use a ceiling price at once using the net cost of that first delivery. On each Thursday after that you must treat the item as you would any other item of perishables covered under this regulation.

SEC. 8. *Directions for applying the rule for "perishables".*—(a) *"Net cost".* To figure your ceiling price, first find the "net cost" of the largest delivery to you of the item during the seven day period before the Thursday for which you are figuring your price. If you have received more than one delivery of the same largest quantity, use the most recent of these deliveries. Your net cost will be the amount you paid your supplier less all discounts except the discount for prompt payment plus all transportation charges you paid except local trucking and local unloading. Of course, you must never figure your net cost on a purchase made at price higher than your supplier's ceiling.

(1) Your net cost must be based on purchases delivered to your usual receiving point.

(2) Figure the net cost on the basis of the "selling unit" (for example, 5 lbs., 1 dozen, etc.) listed in Table B for the commodity group which includes the item you are pricing. Always figure net cost to the nearest half cent.

(3) If you have received no delivery of any item which you have in stock at the opening of business on August 5, 1943, during the week before, you shall, in figuring your first ceiling price for the item on August 5, 1943, base your net cost on its most recent delivery to you.

(b) *Mark-up.* Turn to Table B to find the mark-up for the item given your group of store. Table B lists all the "perishables" covered by this regulation by commodity groups.

(c) *Ceiling price.* Next turn to Table C. Using the directions given there, you will get your ceiling price for the item.

If you sell an item in a quantity other than the "selling unit" given in Table B, you must reduce or increase your ceiling price proportionately. (For example, if your ceiling price for an item of potatoes, is 20¢ for 5 lbs., the "selling unit", and you make a sale of 3 lbs. of these potatoes, take three-fifths of your ceiling price for 5 lbs., 20¢, and the resulting figure of 12¢ would be your ceiling price for the 3-lb. sale. If you make a sale of 10 lbs., multiply 20¢ by 2, and the resulting figure of 40¢ would be your ceiling price for the 10-lb. sale.) If figuring a price for a quantity different from the "selling unit" results in a fraction of a cent, you may charge the next higher cent.

SEC. 9. *Prices which you must post*—(a) *Selling prices.* At all times, you must have your current selling price for each item of food covered by this regulation clearly shown on the item or at the place in your store where the item is offered for sale.

(b) *Ceiling prices.* If you are a Group 2 store, and your selling price of any item is lower than your ceiling price you also must post your ceiling price directly above your selling price. You do not have to describe this price with the words "ceiling price."

SEC. 10. *Additions allowed for deliveries made by you to your customers.* (a) If you deliver to your customers' homes or places of business any of the items covered by this regulation, you may add to the total value of the delivery, as a separate charge, whichever of the following amounts applies:

Value of delivery:	*Addition allowed*
$0.00–$1.99	No addition
$2.00–$2.99	10¢
$3.00–$4.49	15¢
$4.50–$5.49	20¢
Over $5.49	25¢

(b) If you make such deliveries and add such charges, you are required to keep for one month a copy of each sales slip or invoice, itemizing clearly your prices for the items delivered and the amount of the delivery charges permitted under the provisions of this section.

SEC. 11. *Indirect price increases prohibited.* You must not evade any of the provisions of this regulation or any order issued pursuant to it by any stratagem, scheme, or device. You must not, as a condition of selling any particular food, require a customer to buy anything else. Any such evasion is punishable as a violation of this regulation.

You must not use an unnecessarily high "net cost" in figuring a ceiling price under this regulation. If you make such a high cost purchase, you must find out what your net cost as used in Section 4 or 8 would be and use that net cost to figure your ceiling price. You may never use the "net cost' of a purchase from another retailer to figure a ceiling price.

SEC. 12. *Sales slips and receipts.* If you have customarily given a purchaser a sales slip, receipt or similar evidence of purchase, you must continue to do so. Furthermore, regardless of your custom, you must give any customer who asks for it a receipt showing the date, your name and address, each food item sold and the price you charged for it.

SEC. 13. *Records.* After August 5, 1943, you must keep for one year after you receive them all your invoices, freight bills, and other records showing the price you paid and the date you received delivery of each item covered by this regulation.

You are required to show all your invoices on request of any OPA representative and to furnish on request of any OPA representative a written record of your ceiling price in effect at any particular time or times for any or all of the items covered by this regulation. You must also keep available for inspection by an OPA representative the records you used in deciding what group your store is in.

SEC. 14. *Licensing and registration.* The licensing and registration provisions of Sections 15 and 16 of the General Maximum Price Regulation [1] shall apply to every person subject to this regulation. Sections 15 and 16 provide, in brief, that a license is required of all persons selling at retail commodities for which ceiling prices are established. A license is automatically granted so it is not necessary to apply for it. However, all sellers may later be required to register. The license may be suspended for violations in connection with the sale of any commodity for which ceiling prices are established. No person whose license is suspended may sell any such commodity during the period of suspension.

SEC. 15. *Prohibitions.* On and after August 5, 1943, if you sell or deliver or offer to sell or deliver at a price higher than your ceiling price fixed by this regulation or any order issued pursuant to it, or if you otherwise violate any provisions of this regulation or any order issued pursuant to it, you are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended. Also, any person, who, in the course of trade or business, buys from you at a price higher than your ceiling price is subject to the criminal penalties and civil enforcement actions provided for by that Act.

SEC. 16. *Notice of dollars-and-cents ceiling prices.* From time to time the OPA may, by order issued pursuant to General Order No. 51, fix in your region or community dollars-and-cents ceiling prices for some or all of the dry groceries or perishables under this regulation. When these dollars-and-cents prices are fixed, you may not thereafter sell at higher prices, and these orders may also provide that such prices take the place of the ceiling prices which you have under this regulation. If such orders do not provide that they replace your prices under this regulation, you must continue to figure your prices under this regulation. If the OPA has, before the effective date of this regulation, established a ceiling price for you for an item pursuant to such an order, you shall use that as your ceiling price and shall not figure a ceiling price under this regulation for the item.

SEC. 17. *Further provisions supplementing or explaining this regulation.* From time to time, the Price Administrator may, by amendment, issue further provisions which will supplement the provisions of this regulation or explain the rights and duties of buyers and sellers under it. These further provisions will become part of this regulation and may be added as paragraphs to this section.

Article II—Special Pricing Provisions

SEC. 18. *Sections in Maximum Price Regulation No. 422 which you must use if they apply to your method of doing business.* Maximum Price Regulation No. 422, which covers the same food items as this regulation, but for Group 3 and 4 stores, contains a number of special pricing provisions which you are required to follow if you perform the operations they cover. (You may obtain a copy of Maximum Price Regulation No. 422 from your nearest OPA District Office.) The sections of that regulation which you must follow if they apply to you are as follows:

(a) Section 18. *Additions to "net cost" for packaging.* (Applies to you if you package any item under this regulation in cardboard containers, cotton bags, transparent bags or interlined coffee bags or if you carton eggs.)

(b) Section 19. *Special limitations in figuring your "net cost" in certain cases.* (Applies to you if you purchase butter or cheese f. o. b. shipping point and not on a delivered basis, and if you buy fresh fruits and vegetables from others than wholesalers.)

(c) Section 20. *How you figure your "net cost" in certain cases.* (Applies to you if you purchase fresh bananas from importers f. o. b. port of entry or at auction; if you package and print butter; or if you candle and grade eggs.)

(d) Section 21. *Additional charges allowed for slaughtering and plucking poultry.* (Applies to you if you slaughter or pluck poultry for your customers.)

(e) Section 22. *Additions for delivery from your warehouse to your store.* (Applies to you if your usual receiving point is a warehouse over 125 miles from your store.)

(f) Section 23. *How you figure your ceiling prices for perishables on a weighted average basis.* (Allows you to apply to use a weekly weighted average as a basis for figuring net cost of perishables instead of the largest single delivery.)

(g) Section 25. *How you figure your ceiling prices for foods you "manufacture or otherwise process."* (Applies to you if you manufacture or process any of the foods covered by this regulation.)

(h) Section 26. *Mail order sales.* (Applies to you if you make mail order sales.)

(i) Section 34. *Export sales.* (Applies to you if you make export sales.)

Article III—Miscellaneous Provisions

SEC. 19. *How certain stores, where necessary to assure an adequate supply of food in a locality, may apply for mark-up adjustments.* (a) If your store is necessary to provide an adequate supply of food products in a locality; and by reason of remote location, long-term credit, short selling season, or other such unusual operating conditions, you find apply for an adjustment of such mark-ups fixed by this regulation you may apply for an adjustment of such mark-ups by filing with your nearest District OPA office two copies of a signed statement giving for your store: (1) its name and address; (2) its group under this regulation; (3) its type (for example, cash-and-carry; service, delicatessen); (4) the approximate number of its food customers; (5) the total number of stores selling food in its community; (6) its distance from the nearest store selling food and the name and address of that store; and (7) the reasons why you are unable to operate under the mark-ups fixed by this regulation.

If you have more than one store you may file one application for all your stores which meet the conditions stated above. Your application must state separately for each store the specific information this section calls for.

(b) Any Regional Office of the OPA, or such offices as may be authorized by order issued by the appropriate Regional Office, may act on all applications for adjustment under the provisions of this regulation. Applications for adjustment are governed by Revised Procedural Regulation No. 1.

SEC. 20. *How you find the "annual gross sales" of your store.* (a) To find your "annual gross sales", take your total sales for the calendar year 1942. Include all sales as shown on your books, except sales made by a restaurant operated in conjunction with your store. You can use your Federal Income Tax Return to get your gross sales for all or any part of the calendar year 1942 which is covered by such return. If you own more than one store, figure the sales for each store separately, treating each as a separate retailer.

(b) If you were not in business during the entire year 1942, you must divide your total sales from the time you began operation up to July 15, 1943, by the number of weeks you were in business. This will get you your weekly average sales. Multiply this figure by 52, and the result is your "annual gross sales".

SEC. 21. *How you determine your group in certain special cases.*—(a) *Department stores.* If you operate a department store, that is, a store in which the greater volume of sales is general merchandise and not foods, and you sell foods in a separate department or departments, you must determine your group by using only the "annual gross sales" of your food department or departments.

(b) *Stores in which more than one retailer operates.* (1) If you sell food in a retail store in which there are other food retailers, none of whom sells a complete line of the same general class of food, you must find your group by taking the combined "annual gross sales" of all the food retailers in that store.

(2) If you sell foods in a retail store in which more than one retailer sells a complete line of the same general class of food, you will be considered as operating a separate retail store of your own, and you must determine your group by using only your own sales.

(c) *New stores.* If you open a retail store after July 15, 1943, you may consider yourself a Group 1 or Group 3 retailer, depending upon whether or not you are an "independent" store, and you must figure your ceiling prices accordingly. (If you are a Group 3 store, you must figure your ceiling prices under Maximum Price Regulation No. 422). However, after you have been in business for 3 months you must determine again what group your store is in. To do this, take your total sales for the 3-month period and multiply by 4. Use the result as your "annual gross sales" in determining the group in which your store belongs.

If you find that your store should now be in another group, you may continue to use the Group 1 or 3 mark-ups until the second Thursday following the end of the 3-month period, by which time you must have refigured all your ceiling prices using the mark-ups for your new group. For "dry grocery" items use the same "net cost" which you used in figuring your ceiling prices in effect at the end of the 3-month period. For "perishable" items, you shall use as your "net cost" the same "net cost" which you would have used in refiguring your ceiling prices on that Thursday under Section 8 of this regulation if a Group 1 store (or under Section 8 of Maximum Price Regulation No. 422 if a Group 3 store.) If, under that section, you would not have been required to refigure your ceiling price for any item on that Thursday, you shall use as your "net cost" for that item the same "net cost" on which your existing ceiling price at that time is based.

SEC. 22. *Taxes.* You may collect, in addition to your ceiling price, any tax upon or incident to a sale at retail of food covered by this regulation, if you state the tax separately, and if the tax statute or ordinance does not prohibit sellers from stating and collecting the tax separately from the price.

SEC. 23. *Transfer of business and stock in trade.* If, after August 5, 1943, you acquire in any way the business, assets, and stock in trade of any retail store covered by this regulation and you carry on the business, or continue to deal in the same type of food products in that same store, your ceiling prices shall be the same as those of the former owner if no transfer had taken place. You must keep all the records needed to verify your ceiling prices. The former owner must either preserve and make available to you, or give you, all the records of his transactions before you acquired the store which you need to comply with the record provisions of this regulation.

If the transfer changes the business from one group of retail store to another, your ceiling prices shall be those for the group of retailers to which you belong under this regulation.

SEC. 24. *Relation to other regulations.* The provisions of this Maximum Price Regulation No. 423, except as otherwise provided in this regulation, shall, on and after August 5, 1943, supersede the provisions of Revised Maximum Price Regulation No. 238 [8], Maximum Price Regulation No. 250 [9], Revised Maximum Price Regulation No. 256 [10], Revised Maximum Price Regulation No. 268 [11], the General Maximum Price Regulation [12], and any other applicable price regulation or order issued by the OPA except any order issued pursuant to General Order 51, with respect to sales and deliveries for which ceiling prices are established by this regulation.

SEC. 25. *Definitions.*—(a) *Retail route seller.* A "retail route seller" is a retailer who distributes food products to ultimate consumers other than commercial, industrial or institutional users, either on a future delivery basis or otherwise, from an inventory stocked in trucks or other conveyances operated by driver-salesmen over regular routes. A retailer, most of whose business is the personal solicitation of orders by salesmen calling at the homes or places of business of ultimate consumers, who are not commercial, industrial or institutional users, shall also be considered a retail route seller. A retailer is a "retail route seller" only of the food products he sells in this way.

(b) *Health food stores.* A "health food store" is one whose sales to consumers consist principally of especially prepared vitamin-enriched foods customarily included in the trade term "health foods" which are usually sold for special dietary purposes.

(c) *Delivery.* Delivery of an item covered by this regulation shall be considered to have occurred when the item has been received by you at your usual receiving point.

(d) *Usual receiving point.* Your usual receiving point will be either your retail store or your warehouse from which you supply your retail stores, depending upon where you normally receive the particular item you are pricing under this regulation.

(e) *Item.* You must determine a separate ceiling price for each item; that is, for each kind, brand, size, variety, grade, container-type, and container-size, except for fresh fruits and vegetables. Separate fresh fruit and vegetable items shall be those defined as separate in the definitions accompanying Table B.

(f) *Manufacture or otherwise process.* "Manufacture or otherwise process" shall mean blending, freezing, canning, preserving, bottling, milling, crushing, straining, roasting, centrifuging, cooking, distilling, purifying with heat, and other similar operations.

Packaging as referred to in section 18, ripening of bananas, printing of butter, candling and grading of eggs, and killing and dressing of poultry shall not be considered manufacturing or processing under this regulation.

(g) *Group 3 retailer.* A retailer is in Group 3 if he has an "annual gross sales" of less than $250,000 and he is not an "independent" retailer.

(h) *Group 4 retailer.* A retailer is in Group 4, whether "independent" or not, if he has an "annual gross sales" of $250,000 or more.

SEC. 26. *Geographical applicability.* The provisions of this regulation shall apply to the 48 states of the United States and to the District of Columbia.

(b) *Commodity definitions.* These definitions apply to both domestic and imported items.

(1) *Dairy products.* "Butter" (packaged or bulk) means only butter from milk, including but not limited to, processed, salted, unsalted, whipped, and honey butter. Excluded are peanut, nut or fruit butters.

"Cheese" shall include all bulk or packaged cheese and products composed of more than fifty per cent cheese.

"Eggs, shell" means chicken eggs sold for human consumption. Ceiling prices shall be figured for each grade and size or weight class of eggs, and the grade and size or weight class shall be posted separately with the selling price. Eggs shall be sold only in the retail grades and sizes or weight classes specified in Maximum Price Regulation No. 333.[11]

(2) *Fresh fruits and vegetables.* "Fresh fruits and vegetables" means all the fresh fruits and vegetables listed, packed or in bulk, which have not been frozen, dried, canned, or otherwise processed. Wrapping, dipping, washing, or crating, shall not be considered processing.

"Bananas". Bananas, from different countries of origin such as, but not limited to, Costa Rica, Honduras, Guatemala, and Mexico, shall be considered different "kinds" of bananas, and must be priced separately. "Bananas, bought in hands", means those which have been sold after being cut away from the stem.

"Citrus fruit" means all fresh citrus fruits including, but not limited to, oranges, lemons, limes, grapefruit and tangerines. Separate ceiling prices shall be figured for each variety, each size, and for fruit from different areas. Varieties shall be oranges, lemons, limes, temple oranges, tangerines, (including tangelos), white seeded grapefruit, pink seeded grapefruit, white seedless grapefruit, pink seedless grapefruit, and ruby red grapefruit. Different areas are California, Arizona, Texas, Indian River Citrus Area of Florida, and the rest of the State of Florida.

"Beans, green and wax" shall not include limas and English, Fava, and Italian broad beans. Green beans and wax beans shall be considered separate items and priced separately.

"Cabbage" means all solid headed cabbage, including Red and Savoy. Excluded are Chinese cabbage, collards, cauliflower, and brussels sprouts. Red cabbage shall be considered as a separate item and priced separately.

"Carrots". Bunched carrots, and topped or clipped carrots, shall be considered separate items and priced separately. California and similar quality bunched carrots shall also be considered a separate item.

"Lettuce" means all head or leaf lettuce, including, but not limited to Iceberg, Big Boston and Romaine. Excluded are escarole, chicory, and endive. Head lettuce and leaf lettuce shall be considered separate items and priced separately. California and similar quality Iceberg shall also be considered a separate item.

"Onions, dry" means all dry onions used for human consumption. Each grade and variety shall be considered separate items and priced separately.

"Peas, green" shall not include Chinese peas. All green peas shall be considered one item.

"Potatoes, white" means all white potatoes used for human consumption or for seed. Seed potatoes which are purchased as such shall not be sold except as seed potatoes for planting, and must be clearly tagged or labelled as seed potatoes for planting. Each grade and variety shall be considered a separate item and priced separately.

"Spinach" means all flat and curly leaf spinach, excluding New Zealand, or other greens. Separate items shall be "washed and packaged" spinach, and all other spinach, and must be priced separately.

"Tomatoes". Each kind and variety shall be considered a separate item and priced separately.

(3) *Poultry.* "Poultry" means all chickens, ducks, geese, and turkeys, in any form, excluding "started" poultry sold for breeding purposes, canned poultry, and cooked or smoked poultry. "Dressed Poultry" means poultry which has been killed, bled, and plucked. "Kosher-killed Poultry" means poultry which: (1) has been killed and bled in accordance with the requirements of the Hebraic dietary laws; and (2) is identified as kosher-killed by a stamp or tag on each bird.

(4) *Frozen fish and seafood.* "Frozen fish and seafood" means any fish or seafood which has been artificially frozen or frozen by exposure to the elements for preservation.

SEC. 29. *Table of ceiling prices based on any given "net cost" and mark-up. (Table C)*—(a) *Table C: Retail ceiling prices obtained by applying any given mark-up to any given net cost.*

(b) *Instructions for use of Table A, Table B, and Table C.*

Tables A and B contain the percentage mark-ups for all commodities in this regulation. Table C is included to assist you in determining ceiling prices without burdensome calculations.

Table A lists by commodity groups the "dry groceries" covered by this regulation and the percentage mark-ups over "net cost" to be used by Group 1 and Group 2 retailers in figuring their ceiling prices. Table B gives the same information for "perishables". However, in addition, Table B also lists the selling units, on the basis of which retailers must figure their net costs and ceiling prices for "perishables". For a detailed list of the items included in each commodity group, see "Commodity definitions of dry groceries" printed immediately after Table A, and "Commodity definitions of perishables" printed immediately after Table B. After you have determined your "net cost" for an item in accordance with the method set up in this regulation, find your proper mark-up in the commodity group which includes the item you are pricing. Commodity groups are listed at the left of Table A and Table B. Directly opposite each commodity group you will find the percentage mark-up for your group of retailer. To get your ceiling price for an item, turn next to Table C which shows the ceiling price for all items with per unit net costs ranging from ½¢ to 50¢. Percentage mark-ups over net cost are listed in the column at the extreme left of Table C, and "net cost per unit" across the top of the table. "Net cost per unit" means, in the case of dry groceries, the "net cost" of a single unit (one can, one jar, etc.). For perishables it means the "net cost" of the selling unit listed in the last column of Table B.

To determine your ceiling price from Table C, find your net cost at the top of the Table. Go down that column until you come to the figure (in that column) on the same line as your mark-up. The figure at that point is your ceiling price for the item.

If your net cost per unit is more than 50¢, you cannot use Table C to get your ceiling price. In those cases, you must (1) multiply your net cost by your percentage mark-up, (2) add the result to your net cost, and (3) round the sum to the nearest whole cent. This figure will be your ceiling price. For perishables, your net cost must be in terms of the selling unit specified in Table B.

Examples of how to use the tables in figuring your ceiling prices for both dry groceries and perishables are as follows:

Example (1). A Group 1 retailer wishes to figure a new ceiling price for "xx" Brand, No. 2 can, golden bantam cream style corn, 1942 pack. Section 3 requires a Group 1 or 2 retailer to keep his present ceiling price for a "dry grocery" item until he puts into effect a new ceiling price for the item based on the first delivery of the item to him after August 5, 1943. This new ceiling price must be put into effect not later than 5 days after receiving such delivery. In figuring this new ceiling price, his "net cost" must be based on a purchase of a customary quantity from a customary type of supplier delivered to his "usual receiving point" by a customary means of delivery. Therefore, if on August 7, 1943, a Group 1 retailer receives at his usual receiving point 5 cases of "xx" Brand, No. 2 can, golden bantam cream style corn, 1942 pack, which he has purchased from a wholesaler (his customary type of supplier), at a delivered cost of $2.37 a case (24 cans) he must under Sections 3 and 4 figure and put into effect a new ceiling price for the item by August 12, 1943. This is the first delivery of a customary quantity of the item he has received since August 5, 1943 (from his customary type of supplier delivered to his usual receiving point by a customary means of delivery). He must first figure, to the nearest half-cent, his "net cost" on a single unit basis, (Sec. 4 (b) (2)), that is, for a single can. He therefore divides the cost for the case, $2.37, by the number of single units in the case, 24, and gets a result of $0.0987, before rounding. Rounding to the nearest half-cent, this becomes $0.10. (If the figure had been $0.0967 before rounding, he would have rounded to $0.095).

He then turns to Table A to find the mark-up to be applied to his net cost. Going down the column at the left of Table A he will find a listing of the commodity group which includes the item he is pricing. For canned corn, this group is "Corn, green and wax beans, peas, tomatoes, and tomato juice, canned". Going across the page on that line, he will find his mark-up for the item in the column for Group 1 retailers. In this case his mark-up is 25%. Having his mark-up and net cost, Table C will give him his ceiling price without further computations. Checking across the top of Table C, he will find a column headed by his net cost, $0.10. Going down this $0.10 column until he comes to the figure on the same line as the 25% mark-up listed in the column at the extreme left of Table C, he will find his ceiling price for the item to be 13¢ per can.

Example (2). A Group 1 retailer wishes to figure a ceiling price for round white potatoes to use during the period August 19, 1943, (Thursday) to August 26, 1943, (Wednesday) inclusive. He must first find the net cost of his selling unit based on his largest purchase during the seven days preceding Thursday, August 19. During the preceding week he made a purchase of 3 bags of 100 pounds each of white round U. S. No. 1 potatoes at a delivered cost of $4.12 per bag, and another purchase of the same item of 1 bag at a delivered cost of $4.33 per bag. His largest purchase, therefore, was the purchase of the 3 bags. He must figure his net cost on the basis of the selling unit listed in Table B, which for potatoes is 5 pounds. He divides his net cost per 100 pound bag in his largest purchase, $4.12, by 100 to get a result of $0.0412, which would be his net cost per pound. Multiplying this by 5 he gets, before rounding, a figure of $0.2060, his cost for 5 pounds. Since net cost is to be figured to the nearest half-cent, he would then round this figure to $.205. Having his net cost and his mark-up (obtained from Table B) he finds his ceiling price in Table C the same way as he did in example (1) above. Going to Table C, he will find that 27¢ is the ceiling price for an item with a net cost of $.205 and a mark-up of 33%.

Effective Date

This regulation shall become effective on the 5th day of August 1943.

NOTE: The record-keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with Federal Reports Act of 1942.

Issued this 8th day of July 1943.

PRENTISS M. BROWN,
Administrator.

Approved as to action contained herein with respect to agricultural commodities.

MARVIN JONES,
War Food Administrator.

PART 1382—HARDWOOD LUMBER

[MPR 155,[1] Amdt. 7]

CENTRAL HARDWOOD LUMBER

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 155 is amended in the following respects:

1. In § 1382.58 (a), the first sentence in subparagraph (3) and the first sentence in subparagraph (4) are amended to read as set forth below:

(3) "North Central hardwood lumber" means lumber;

(i) Produced from the botanical species of yellow poplar (Liriodendron tulipifera), beech (Fagus americana), soft maple (Acer rubrum and Acer saccharinum), hard maple (Acer saccharum), butternut (Juglans cinerea), tough white ash (Fraxinus americana), chestnut (Castanea dentata), and the botanical species included in the genera of red and white oak (Quercus), hackberry (Celtis), hickory (Hicoria), basswood (Tilia), buckeye (Aesculus), and all other hardwood species; and

(ii) Processed into lumber at mills located within the North Central hardwoods area.

* * * * *

(4) "South Central hardwood lumber" means lumber:

(i) Produced from the botanical species of sap sweet gum and red sweet gum (Liquidamber styraciflua), tupelo (Nyssa aquatica), black gum (Nyssa sylvatica), yellow poplar (Liriodendron tulipifera), beech (Fagus americana), sycamore (Platanus occidentalis), tough white ash (Fraxinus americana), soft maple (Acer rubrum and Acer saccharinum), hard maple (Acer saccaharum), butternut (Juglans cinerea), and the botanical species included in the genera of red oak and white oak (Quercus), elm (Ulmus), cottonwood (Populas), hackberry (Celtis), hickory (Hicoria), basswood (Tilia), ash (Fraxinus),

NOTES ON WHITE OAK OR RED OAK—STRUCTURAL STOCK OR SOUND SQUARE EDGE

Random Widths; in 2", 3" and 4" thicknesses—$43.00.

Free of Heart; in 2", 3" and 4" thicknesses—add $6.00 to maximum price for same thickness, width and length in above schedule.

PRICES FOR SPECIFIC SIZES NOT IN SCHEDULE

The maximum price for material of a length not included in this schedule shall be determined by adding to the maximum price for the next shorter length the proportionate amount of the difference between the maximum price of such next shorter length and the maximum price of the next longer length.

In the case of any item for which the thickness or the width is not included in the schedule, the maximum price shall be the maximum price for the material of the next greater thickness or width.

The maximum prices set forth above supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this Regulation.

Free of Heart; in 2" and 3" thicknesses—add $8.00 to maximum price for same thickness, width and length in above schedule.

PRICES FOR SPECIFIC SIZES NOT IN SCHEDULE

The maximum price for material of a length not included in this schedule shall be determined by adding to the maximum price for the next shorter length the proportionate amount of the difference between the maximum price of such next shorter length and the maximum price of the next longer length.

In the case of any item for which the thickness or the width is not included in the schedule, the maximum price shall be the maximum price for the material of the next greater thickness or width.

The maximum prices set forth above supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this Regulation.

4. Section 1382.61 (c) is amended to read as follows:

(c) *Deduction for green.* For North Central hardwood lumber shipped in a "green" condition, deduct from the maximum prices for air-dried lumber established in this Appendix "A", 10% of the maximum price for rough, air-dried material in the same specifications. This deduction, however, shall not apply to the prices for material contained in subparagraphs (20) and (21) of paragraph (b) above.

For the purposes of this paragraph, hardwood lumber shall be considered to be "green" unless it has been stacked on the yard for air-drying.

A purchaser may waive any requirement as to moisture content, in which case, if the lumber has been stacked on the yard, the air-dried price shall be applicable, regardless of the moisture content, but if the lumber has not been stacked on the yard for air-drying the "green" price shall be applicable.

5. In § 1382.61 (e), (h), and (j), the words "North Central hardwood lumber", wherever appearing, are amended to read "Central hardwood lumber".

6. Section 1382.62 is revoked and a new § 1382.62 is added to read as follows:

§ 1382.62 *Appendix B: Maximum prices for North Central hardwood lumber in "standard special" grades or items*—(a) *Standard special widths and lengths.* The f. o. b. mill price for 1,000 feet of North Central hardwood lumber in the species and in the "standard special" widths and lengths listed below shall be as follows:

(1) STANDARD SPECIAL WIDTHS AND LENGTHS—ALL HARDWOOD SPECIES (EXCEPT AS OTHERWISE PROVIDED IN SUBPARAGRAPH 2 BELOW)

(b) *Additions, adjustments, and restrictions.* The additions, adjustments, and restrictions provided in paragraphs (c), (d), (e), (f), (g), (h), (i), and (j) of § 1382.61, Appendix A, shall apply to the prices established in this Appendix B.

(c) *Effect on special prices.* The maximum prices contained in this Appendix B supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this regulation.

7. Section 1382.63 is revoked and a new § 1382.63 is added to read as follows:

§ 1382.63 *Appendix C: Maximum prices for North Central hardwood lumber in grades, specifications, and extras not specifically priced*—(a) *Application of Appendix C.* (1) North Central hardwood lumber sold on special grades or specifications or with special services or other extras not specifically mentioned in Appendices A and B (§§ 1382.61 and 1382.62), is nevertheless subject to this regulation. The maximum price for such lumber shall be determined in accordance with the formula in paragraph (b) below.

(2) For the purposes of this section, the term "North Central hardwood lumber" shall include all items of lumber in the species set forth in § 1382.58 (a) (3), but shall not include the following items (the term "items" includes specifications, workings, and/or extras).

(i) Glued stock.

(ii) Moulding.

(iii) Shiplap.

(iv) Risers, step treads, thresholds, handrails.

(v) Bevel and drop siding.

(vi) Flooring.

(vii) Switch, cross, and mine ties.

(viii) Mine materials.

(ix) Small dimension stock.

(x) Lath.

(xi) Navy oak ship stock (see Maximum Price Regulation No. 281).

(b) *Maximum prices for grades, specifications and extras not specifically priced.* (1) The maximum price for North Central hardwood lumber in grades, specifications, and extras not specifically priced in Appendices A and B, shall be a price which bears the October 1941 relation to the most comparable standard item. The seller should find his price difference between the special item and this most comparable standard item in October 1941 or the first month before that in which he had sales of both items, or if this is impossible, the price differential he would have used. This difference is then added to o. subtracted from the maximum price of the comparable standard grade, and the result is the maximum price for the special grade. This price must be reported to the Office of Price Administration, Washington, D. C., on OPA Form 255:1 revised given in paragraph (3) below. It may be ordered reduced, if it is found excessive. But if the price is not disapproved within 30 days of the receipt of the report, it is approved.

(2) A seller using this pricing section can go ahead with delivery of the lumber and collection of the price he has computed or requested. But he must tell the buyer that the price is subject to revision within the thirty-day period, and, if the price is ordered reduced, must refund any excess over the final approved price.

(3) OPA Form 255:1 revised is as follows:

Notes on White Oak or Red Oak—Structural Stock or Sound Square Edge

Random Widths; in 2", 3" and 4" thicknesses—$43.00.

Free of Heart; in 2", 3" and 4" thicknesses—add $6.00 to maximum price for same thickness, width and length in above schedule.

PRICES FOR SPECIFIC SIZES NOT IN SCHEDULE

The maximum price for material of a length not included in this schedule shall be determined by adding to the maximum price for the next shorter length the proportionate amount of the difference between the maximum price of such next shorter length and the maximum price of the next longer length.

In the case of any item for which the thickness or the width is not included in the schedule, the maximum price shall be the maximum price for the material of the next greater thickness or width.

The maximum prices set forth above supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this Regulation.

Notes on White Oak or Red Oak—Freight Car Stock, Common Dimension, Mine Car Lumber

Random Widths; in 2" and 3" thicknesses—$50.00.

Free of Heart; in 2" and 3" thicknesses—add $8.00 to maximum price for same thickness, width and length in above schedule.

PRICES FOR SPECIFIC SIZES NOT IN SCHEDULE

The maximum price for material of a length not included in this schedule shall be determined by adding to the maximum price for the next shorter length the proportionate amount of the difference between the maximum price of such next shorter length and the maximum price of the next longer length.

In the case of any item for which the thickness or the width is not included in the schedule, the maximum price shall be the maximum price for the material of the next greater thickness or width.

The maximum prices set forth above supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this Regulation.

9. Section 1382.64 (c) is amended to read as follows:

(c) *Deduction for green.* For South Central hardwood lumber shipped in a "green" condition, deduct from the maximum prices for air-dried lumber established in this Appendix "D", 10% of the maximum price for rough, air-dried material in the same specifications. This deduction, however, shall not apply to the prices for material contained in subparagraphs (32) and (33) of paragraph (b) above.

For the purposes of this paragraph, hardwood lumber shall be considered to be "green" unless it has been stacked on the yard for air-drying.

A purchaser may waive any requirement as to moisture content, in which case, if the lumber has been stacked on the yard, the air-dried price shall be applicable, regardless of the moisture content, but if the lumber has not been stacked on the yard for air-drying the "green" price shall be applicable.

10. Section 1382.65 is revoked and a new § 1382.65 is added to read as follows:

§ 1382.65 *Appendix E: Maximum prices for South Central hardwood lumber; "Standard special" grades or items*—(a) *Standard special widths and lengths.* The maximum f. o. b. mill prices for 1,000 feet of South Central hardwood lumber in the species and in the "standard special" widths and lengths listed below shall be as follows:

(b) *Additions, adjustments and restrictions.* The additions, adjustments and restrictions provided in paragraphs (c) and (d) of § 1382.64, Appendix D, and in paragraphs (e), (f), (g), (h), (i), and (j) of § 1382.61, Appendix A, shall apply to the prices established in this Appendix E.

(c) *Effect on special prices.* The maximum prices contained in this Appendix E supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this regulation.

11. Section 1382.66 is revoked and a new § 1382.66 is added to read as follows:

§ 1382.66 *Appendix F: Maximum prices for South Central hardwood lumber in "non-standard special" grades or items*—(a) *Application of Appendix F.* (1) This section shall apply to South Central hardwood lumber which is sold on special specifications not covered by Appendices D and E (§§ 1382.64 and 1382.65).

(2) For the purposes of this section, the term "South Central hardwood lumber" shall include all items of lumber in the species set forth in § 1382.58 (a) (4) but shall not include the following items: (The term "items" includes specifications, workings, services, and/or extras).

(i) Glued stock.
(ii) Moulding.
(iii) Shiplap.
(iv) Risers, step treads, thresholds, handrails.
(v) Bevel and drop siding.
(vi) Flooring.
(vii) Switch, cross, and mine ties.
(viii) Mine material.
(ix) Small dimension stock.
(x) Lath.
(xi) Navy oak ship stock (see Maximum Price Regulation No. 281).

(b) *Maximum prices for grades, specifications and extras not specifically priced.* (1) The maximum price for South Central hardwood lumber in grades, specifications and extras not specifically priced in Appendices D and E, shall be a price which bears the October 1941 relation to the most comparable standard item. The seller should find his price difference between the special item and this most comparable standard item in October 1941 or the first month before that in which he had sales of both items, or if this is impossible, the price differential he would have used. This difference is then added to or subtracted from the maximum price of the comparable standard grade, and the result is the maximum price for the special grade. This price must be reported to the Office of Price Administration, Washington, D. C., on OPA Form 255:2 revised given in paragraph (3) below. It may be ordered reduced, if it is found excessive. But if the price is not disapproved within 30 days of the receipt of the report, it is approved.

(2) A seller using this pricing section can go ahead with delivery of the lumber and collection of the price he has computed or requested. But he must tell the buyer that the price is subject to revision within the thirty-day period, and, if the price is ordered reduced, must refund any excess over the final approved price.

Ration Order 17 is amended in the following respects:

1. A new section 1.4c is added to read as follows:

SEC. 1.4c *Consumers not eligible for War Ration Book may obtain special shoe stamps.* (a) Any individual consumer who does not have, and is not eligible for, a War Ration Book and who is not eligible for shoe rations under section 1.4b or section 1.14 (b) or (d) may apply to any District Office or to a Board designated by a District Office for a special shoe stamp. However, a resident of an institution of involuntary confinement may not apply if shoes are furnished him by the institution, and no consumer may apply if he has been issued a special shoe stamp during the current ration period or has pending any other application for a special shoe stamp.

(b) The application shall be made in person, and a separate application shall be made by each person for whom a special shoe stamp is desired, except that: (1) an eligible applicant appearing personally may make one application for himself and for any members of his family who are eligible, and (2) an application may be made by an agent for any or all eligible consumers who are confined in an institution of involuntary confinement within the United States.

(c) The application shall be made in writing, and need not be made in any prescribed form. The application shall contain: (1) the name and address of the person or persons for whom the application is made; (2) a statement that no person for whom the application is made has, or is eligible for a War Ration Book; that no such person has received a special shoe stamp during the current ration period or has pending any other application for such a stamp; and that no such person is eligible for shoe rations under sections 1.4b, or 1.14 (b) or (d) of this order, and (3) if the application is made for a person confined in an institution of involuntary confinement, a statement that he is not furnished shoes by the institution.

(d) The District Office or authorized Board shall issue one special shoe stamp for each eligible person for whom application is properly made under this section.

2. Section 2.15 (a) (2) is amended to read as follows:

(2) Exported to a foreign country or to a territory or possession of the United States (other than the District of Columbia) or delivered as slop-chest supplies, ships' stores, or to Ships' Service Stores Afloat, pursuant to section 3.5, or transferred to or for the account of an exempt person or agency designated in section 3.6, without getting ration currency, or

3. Section 3.5 is amended to read as follows:

SEC. 3.5 *How shoes may be exported.* (a) Any person may export shoes without receiving ration currency in the following cases, and in accordance with the following provisions:

(1) Shoes may be shipped to a territory, possession, or dependency of the United States (other than the District of Columbia) or transferred to Ships' Service Stores Afloat, or to any person as slopchest supplies or ships' stores for use of crew members aboard any ocean-going vessel operating in foreign, coastwise, or intercoastal trade, without prior consent from any person or agency.

(2) Shoes having a declared value of $25.00 or over may be exported to any foreign country other than Canada under an individual or program license issued by the Board of Economic Warfare.

(3) Shoes may be exported to Canada under a purchase order approved by the Canadian Administrator of Wholesale Trade.

(4) Shoes having a declared value of less than $25.00 may be exported by a registered establishment without prior approval to any foreign country, except to an address in Baja California, Mexico, within 90 kilometers of the border between Mexico and the United States or in any other part of Mexico within 20 kilometers of such border, if the shoes are exported by mail, parcel post, express, or other common carrier.

(b) Shoes having a declared value of less than $25.00 for which ration currency has been obtained and surrendered by an individual consumer or by an agent for him in a manner authorized by this Order, and any shoes acquired by an exempt person or agency in a way permitted by Sec. 3.6, may be exported without further approval.

(c) Nothing in this section shall be deemed to authorize any export of shoes to be made in violation of any other applicable law or regulation.

4. Section 3.6 (b) (11) is amended to read as follows:

(11) Any person, other than an establishment, acquiring shoes for export to and use in any foreign country other than Canada under an individual or program license issued by the Board of Economic Warfare, or for export to and use in Canada under a purchase order approved by the Canadian Administrator of Wholesale Trade.

This amendment shall become effective July 8, 1943.

TITLE 42—PUBLIC HEALTH

Chapter I—Public Health Service, Federal Security Agency

PART 28—PAYMENTS TO PROVIDE TRAINING FOR NURSES

Pursuant to the authority contained in Public Law 74, 78th Congress, approved June 15, 1943, providing for the training of nurses for the armed forces, governmental and civilian hospitals, health agencies and war industries, through grants to institutions providing such training, and for other purposes, and after conference with the Advisory Committee appointed by the Federal Security Administrator to represent the nursing profession, hospitals, and accredited nurses training institutions, the following regulations are hereby prescribed:

Sec.
28.1 Definitions.
28.2 Requirements for participation in student nurse training program.
28.3 Requirements for participation in refresher program.
28.4 Requirements for participation in postgraduate program.
28.5 Approval of plans and determination of allotments.
28.6 Methods of payment for refresher courses.
28.7 Methods of payment for student nurse training programs and postgraduate programs.
28.8 Cancellation of allotment.
28.9 Accounting for funds.

§ 28.1 *Definitions of terms used in the Act and in these Regulations*—(a) *Student nurse training program.* This term refers to a basic program for student nurses which qualifies graduates for licensure or for certification to practice as registered nurses in the State in which the particular nursing school is located. All students enrolled in such student nurse training programs under the pro-

[1] 8 F.R. 3096, 3849, 4347, 4486, 4724, 4978, 4848, 6047, 6962, 8511.

visions of Public Law 74, 78th Congress shall be members of the United States Cadet Nurse Corps.

(b) *Refresher program.* This term refers to courses designed to prepare inactive graduate nurses for the active practice of nursing.

(c) *Postgraduate program.* This term refers to a program designed to prepare graduate nurses in special fields, such as teaching, administration in nursing schools and nursing services, public health nursing, industrial nursing, clinical nursing specialties, anesthesia, and midwifery.

(d) *Institution.* This term refers to an agency operating nurse education facilities such as a school of nursing, a hospital, a public health agency, university, or a college.

(e) *Pre-cadet nurse.* This term refers to the student nurse during the first nine months of the training period.

(f) *Junior cadet nurse.* This term refers to the student nurse who has completed satisfactorily the first nine months of the training period. The student remains in this grade 15–21 months until the required period of combined study and practice is completed.

(g) *Senior cadet nurse.* This term refers to the student nurse who has completed the required period of combined study and practice but has not fulfilled the remaining time requirement for graduation.

(h) *Training period.* This term refers to the combined pre-cadet period, junior cadet period, and senior cadet period. With reference to a basic nursing curriculum for which a degree is given, this training period commences with the beginning of the professional portion of the curriculum and may not exceed 36 months in length.

(i) *Tuition.* This term refers to an established fee, determined by the Surgeon General to be reasonable, which is charged to the student by the school for instructional costs and may include tuition costs of affiliations.

(j) *Fees.* This term refers to all charges other than tuition made by the school for such items as registration, matriculation, indoor uniforms, health and laboratory fees, textbooks, affiliation fees, and in the case of those schools which have reduced to 24 months the combined pre-cadet and junior cadet periods, this term may refer to an acceleration fee.

§ 28.2 *Requirements for participation in student nurse (basic) training program.* To be eligible for participation in the student nurse training program, a school of nursing must meet the following requirements:

(a) The school must be accredited by the appropriate accrediting agency for schools of nursing of the State, Territory, District of Columbia, or Puerto Rico.

(b) An institution offering a degree in nursing must be accredited by the appropriate accrediting agency for universities and colleges.

(c) The school must be connected with a hospital which is approved by the American College of Surgeons, or which maintains standards of nursing equivalent to those required by the American College of Surgeons. In a central school of nursing, the major hospital clinical unit must meet these same standards.

(d) The school of nursing must require for admission not less than graduation from an accredited high school.

(e) The school must maintain an educational staff adequate to provide satisfactory instruction and supervision.

(f) The curriculum of the school must include all those units of instruction necessary to conform with accepted present practices in basic nursing education. It must be arranged so that the required program of combined study and practice will be completed in from 24 to 30 months. In the case of students admitted prior to January 1, 1942, this period may extend to 32 months.

(g) The school must provide adequate clinical experience in the four basic services—medicine, surgery, pediatrics, and obstetrics—for the number of students proposed to be enrolled while the plan is in operation.

(h) The school must provide well-balanced weekly schedules of organized instruction, experience, and study.

(i) The school must provide adequate and well-equipped classrooms, laboratories, library and other necessary facilities for carrying out the educational program.

(j) The school must provide satisfactory living facilities and adequate student health service which must continue throughout the entire period of training.

(k) The school must provide maintenance, and a stipend of not less than $30 per month, for all senior cadet nurses, or where the senior cadet nurse is transferred to some other institution for training, it must require the latter institution to provide such maintenance and stipend, and also to provide supervised experience which will be credited toward graduation. The school will be responsible for making the necessary agreements with Federal or other hospitals or other agencies for this experience. When a student nurse desires transfer to a Federal hospital and the Federal hospital has requested such transfer the school must make such transfer.

(l) In evaluating the adequacy of the facilities of the school to meet the various requirements specified in the foregoing paragraphs, the standards of the National League of Nursing Education will be used as a guide.

(m) The school must certify (1) that all students enrolled in the student nurse (basic) training program will, in the judgment of the director of the school, be available upon graduation for military or other Federal governmental or essential civilian services for the duration of the present war, and must require from each student a statement to that effect, (2) that they are physically fit for the responsibilities of nursing, and (3) that they will not be retained in the school unless they continue to meet the scholastic and other standards of the school.

§ 28.3 *Requirements for participation in refresher program.* To be eligible for participation in the refresher program an institution must:

(a) Be approved by the American College of Surgeons or maintain standards of nursing equivalent to those required by the American College of Surgeons.

(b) Provide facilities for an educational experience in needed clinical fields.

(c) Provide a qualified nurse instructor to be responsible for the program.

(d) Provide a course of not less than six weeks' nor more than than three months' duration, consisting of an acceptable program of theory and practice.

(e) Certify that all students enrolled in refresher courses will, in the judgment of the head of the institution, be available upon completion of the course for military or other Federal governmental or essential civilian services for the duration of the present war, and must require from each such student a statement to that effect.

§ 28.4 *Requirements for participation in postgraduate program.* To be eligible for participation in the postgraduate program, an institution must meet the following requirements:

(a) An institution offering a postgraduate program such as those in supervision, teaching, administration in nursing schools and nursing services, public health nursing and clinical nursing specialties, must have well established programs in nursing education for graduate nurses which meet standards equal to those of the Association of Collegiate Schools of Nursing and the National League of Nursing Education or the National Organization for Public Health Nursing relating to matters such as educational staff, curriculum and educational facilities.

(b) Institutions offering programs for graduate nurses in fields related to nursing, such as anesthesia and midwifery, must provide adequate clinical and other facilities in the specialty and a sufficient number of qualified instructors and supervisors.

(c) The institution must certify that all students enrolled in a postgraduate program will in the judgment of the head of the institution be available, upon completion of the program, for military or other Federal governmental or essential civilian services for the duration of the present war, and must require from each such student a statement to that effect.

§ 28.5 *Approval of plans and determination of allotments.* An institution desiring to receive an allotment under this Act must submit to the Surgeon General, on forms provided by the Public Health Service, a proposed plan for participation in any of the programs defined above, including supporting budgets for the current Federal fiscal year. Students in the school may enroll in the Corps only when the plan goes into effect or on the first day of any succeeding month.

Plans for new programs or revised budgets for existing programs may be submitted for approval at any time during the Federal fiscal year. Consideration and approval of such plans or budgets will be contingent upon availability of funds for allotment.

A plan for training of nurses may be limited to basic student nurse training, or to postgraduate or refresher-nursing programs, or may include any or all of these. A plan submitted by any institution will be approved only if it conforms to the requirements of Public Law 74–78th Congress and to the requirements for participation set forth in §§ 28.2, 28.3 and 28.4, of these regulations. If a plan is approved Federal funds will be allotted by the Surgeon General within the limits of available appropriations.

Allotments will be limited to the following:

(a) *Student nurse (basic) training program.* (1) Reasonable tuition and fees for pre-cadet and junior cadet nurses, and reasonable fees for senior cadet nurses.

(2) Reasonable maintenance for the student's first nine months in the training period: *Provided,* That during such first nine months the hours of student practice in the hospital do not exceed an average of 24 per week and that the hours of combined practice and class do not exceed 48 in any one week.

(3) Stipends of $15 per month for pre-cadet nurses and $20 per month for junior cadet nurses, which shall be paid by the school to the student at the end of each month or semi-monthly, depending upon the fiscal policies of the school. These allotments will not include stipends to senior cadet nurses. These must be paid by the institution to which an allotment was made or to which the senior cadet nurse was transferred for training.

(4) An amount covering the cost of outdoor uniforms and insignia not to exceed a reasonable amount to be determined by the Surgeon General; such allowances for uniforms and insignia may be expended only if such uniforms and insignia conform to the requirements as outlined in "Regulations for uniforms for U. S. Cadet Nurse Corps" as prescribed by the Surgeon General.

(b) *Refresher program.* Reasonable instructional costs and fees.

(c) *Postgraduate program.* Reasonable tuition, fees, and maintenance.

§ 28.6 *Methods of payment for refresher courses.* Payments from an allotment for refresher courses will be made on a reimbursement basis at the completion of the course in accordance with a certified statement from the authorized administrative officer of the institution as to the number of inactive graduate nurses who have completed the course as outlined in the approved plan and as to any other matters specified by the Surgeon General.

§ 28.7 *Methods of payment for student nurse training programs and for postgraduate programs.* (a) Payments from an allotment will be made on a quarterly prepayment basis for estimated expenditures in accordance with the approved plan. The first payment will be made as near as possible to the beginning of the first Federal fiscal quarter of the operation of the approved plan. On the first day of each subsequent quarter the school must submit a certified statement giving the names of all students admitted under the plan during the preceding quarter and full information concerning the present status of all students for whom prepayments were made, and an accounting of all Federal funds received. Upon receipt this account will be audited; and payment for the next quarter will be adjusted on the basis of the total unobligated balance of funds from preceding quarter or quarters, the number of remaining students for whom prepayments are to be made, and the number of students scheduled to enroll during the ensuing quarter.

The term "unobligated balance of funds" includes but is not limited to such items as (1) the full amount of tuition, fees, maintenance, and stipends budgeted for those students who failed to enter the plan, (2) that portion of tuition and fees customarily refundable for those students who have withdrawn during the quarter, (3) maintenance for each such student from the date when he or she withdrew from the plan to the end of the quarter, (4) stipends not earned by and not paid to those students who have withdrawn during the quarter. In computing earned stipends, and maintenance for periods of less than a full month, daily rates amounting to one-thirtieth the monthly rate should be used.

§ 28.8 *Cancellation of allotment.* If the Federal Security Administrator, after reasonable notice and opportunity for hearing, finds that in the submission or administration of any plan there has been a failure to comply substantially with the provisions of Public Law 74—78th Congress or with these Regulations, he shall notify the institution involved that further payments will not be made to it until a plan has been submitted in accordance with said Act and Regulations and that there is no longer any such failure to comply. Until the Federal Security Administrator is satisfied that these conditions have been fulfilled, no further payments to the institution will be certified.

§ 28.9 *Accounting for funds.* The fiscal officer authorized by the grantee institution shall keep an account of funds paid under this Act separate and distinct from those of any other funds, local or Federal. To such account shall be credited receipts from the U. S. Government and refunds against disbursements made hereunder; and to such account shall be charged authorized cash disbursements for stipends and uniforms and/or amounts earned and payable for tuition, fees, and maintenance. Such accounts and all records pertaining thereto shall be available at all times for examination by representatives of the Surgeon General.

Dated: July 5, 1943.

[SEAL] THOMAS PARRAN,
Surgeon General.

Approved: July 7, 1943.

PAUL V. MCNUTT,
Federal Security Administrator.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[No. 3666]

PARTS 72, 73, 75, 82—TRANSPORTATION OF EXPLOSIVES [1]

TRANSPORTATION OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 30th day of June, A. D. 1943.

It appearing, that pursuant to section 233 of the Transportation of Explosives Act approved March 4, 1921, (41 Stat. 1445), and Part II of the Interstate Commerce Act, the Commission has formulated and published certain regulations for transportation of explosives and other dangerous articles;

It further appearing, that in applications received we are asked to amend the aforesaid regulations as set forth in provisions made part hereof;

And it further appearing, that amendments involved in said applications, having been considered and found to be in accord with the best-known practicable means for securing safety in transit:

It is ordered, That the aforesaid regulations for transportation of explosives and other dangerous articles be, and they are hereby, amended as follows:

Part 2—List of Explosives and Other Dangerous Articles

Amending items of list, section 4, order Aug. 16, 1940, or April 13, 1943, as follows:

[1] Parts 2, 3, and 6 in this order appear in CFR as Parts 72, 73, 75, and 82.

Article	Classed as—	Exemptions and packing (section)	Label	Maximum quantity, by express (pounds)

(Change) Sodium azide	Pois. B	352, 361A	Poison	200
(Change) Tear gas grenades	Pois. C	No exemption, 365	Tear gas	75

Part 3—Regulations Applying to Shippers

Superseding and amending paragraph (c) (12) (c), section 64, order Dec. 12, 1942, to read as follows (packing railway fusees flares, or highway signals):

(c) (12) (c) Specification 12B.—Fiberboard boxes, provided that penetration of spikes of fusees through the outside container is prevented by sheet metal of not less than 0.01 inch thickness, or a wooden board of 3-ply birch, or other hardwood, not less than ⅜ inch thick, or by two thicknesses of 0.100-inch, 275-pound test, solid fiberboard, or two thicknesses of 0.090-inch, 450-pound-test, solid fiberboard. Gross weight not to exceed 65 pounds, except as authorized under paragraph 32 of spec. 12B. Use of this container will be permitted because of the present emergency and until further order of the Commission.

Superseding and amending paragraph (g), section 113, order Feb. 10, 1943, to read as follows (packing paint, etc.):

(g) Because of the present emergency and until further order of the Commission, paint (other than aluminum, bronze and gold paint), enamel, varnish, shellac and lacquer, with flash point above 20° F. may be shipped in fiber drums, specification 21B, except that in lieu of the 4 foot drop prescribed by paragraph 6 (a) of specification 21B, the drum must be able to withstand two drops from a height of 2 feet, on a solid concrete floor, the first drop to be made diagonally on bottom chime and the second drop to be flat on top; drums having wooden heads must have grain of wood parallel to concrete surface when dropped diagonally.

Amending paragraph (e), section 247, order Aug. 16, 1940, as follows (packing acetyl chloride, etc.) (add):

NOTE: Because of the present emergency and until further order of the Commission, sulfur chloride in carload or truckload lots may be shipped in specification 5 metal barrels or drums, manufactured prior to May 1, 1943, with flanges for closures welded in place and having no openings over 2.3 inches in diameter.

Superseding and amending head paragraph of addendum to Note 3, paragraph (q) (1), section 303, order Feb. 10, 1943, to read as follows (maximum permitted filling density in tank cars transporting liquefied petroleum gas of specific gravity shown, taken at 60° F.):

Addendum to Note 3. Because of the present emergency and until further order of the Commission, the following filling densities may be used in lieu of those specified in the table, Note 3, as amended:

Superseding and amending section 355, order Nov. 8, 1941, to read as follows (packing arsenical dust, etc.):

355 (a) Arsenical dust and arsenical flue dust not subject to dangerous spontaneous heating and arsenic trioxide, or sodium arsenate, when delivery is made to plants with private sidings, only, may, in addition to containers prescribed in section 354, be shipped in sift-proof, self-clearing, hopper or bottom-outlet steel cars, equipped with waterproof and dust-proof covers well secured in place for all openings. (See section 567 (b).—Cleaning cars.)

NOTE: Because of the present emergency and until further order of the Commission, arsenical dust and arsenical flue dust may also be shipped in sift-proof flat-bottom gondola cars equipped with waterproof and dustproof covers well secured in place for all openings. Such cars, when used exclusively in this service, are not subject to the requirements of section 567 (b).

(b) Arsenical dust and arsenic trioxide may be shipped in bulk in motor vehicles with steel, sift-proof, self-clearing hopper-type or dump-type bodies, with waterproof and dust-proof covers, well secured in place.

Amending order Aug. 16, 1940, as follows (packing sodium azide) (add):

361A (a) Sodium azide must be packed in specification containers as follows:

(b) As prescribed in section 361 (h), except that because of the present emergency and until further order of the Commission, uncreped bags may be used.

Superseding and amending paragraph (a), section 365, order Aug. 16, 1940, to read as follows (packing tear gas grenades, etc.):

365 (a) Tear gas grenades, tear gas candles, or similar devices containing lachrymatory (tear producing) substances, for civil or military use, must be packed in specification containers as follows (see section 66 for packing for tear gas cartridges):

Appendix to Part 3—Shipping Container Specifications

Superseding and amending paragraphs 27 and 30, specification 12B, orders of Feb. 26, 1942, and Aug. 16, 1940, respectively, to read as follows:

27. *Special box—Authorized only for pyroxylin in sheets, rods, or tubes.* Must comply with this specification except as follows: Must be of board at least 275-pound test with lining at least 200-pound test, all being double-faced corrugated fiberboard; 3 metal straps required (see paragraphs 24 and 25); authorized gross weight 90 pounds.

30. *Special box—Authorized only for motion-picture film in metal cans or strong cardboard or fiberboard boxes each containing not over 2,000 feet (approx.) of film.* Must comply with this specification except as follows:

(a) For one inside container: Must be of board at least 275-pound test for a 2,000-foot film and of board at least 200-pound test for a 1,000-foot film; lining and pads not required; closure by taping with strong paper tape authorized.

(b) For more than one inside container: Must be of 1-piece type; authorized gross weight 55 pounds when made of 325-pound test board, 65 pounds when made of 375-pound test board, and 75 pounds when made of 450-pound test board; interior packing required, of fiberboard at least 175-pound test, adequate to support inside containers in center of outside container; lining and top and bottom pads not required.

Amending paragraph 12, spec. 14, order Aug. 16, 1940, as follows (add):

NOTE. Because of the present emergency and until further order of the Commission, the following exception is authorized for nailing tops to boxes:

When 7d and 8d nails are required by paragraph 8, 6d nails are authorized if number of nails used is at least equal to length of end edge divided by 1¾ and length of side edge divided by 6.

Superseding and amending paragraph 2 (b), specs. MC 300, MC 301, MC 302, and MC 303, order Nov. 8, 1941, to read as follows:

(b) *Existing nonspecification tanks of tank motor vehicles.* Tanks of tank motor vehicles used for the transportation of inflammable liquids or poisonous liquids not meeting the requirements set forth in paragraph 2 (a), which shall have been in service prior to June 15, 1940, may be continued in service: *Provided*, That they fulfill the requirements set forth under paragraphs 6, 7 and 8, and that they be provided with the accessories as specified in paragraphs 32, 33 (a), 34, 35, 36, 37, and 38 of specification MC 300.

Part 6—Regulations Applying to Rail Carriers in Baggage Service

Amending paragraph (b) (1), section 703, order Nov. 8, 1941, as follows (add):

Dichlorodifluoromethane: Green gas label: In cylinders not exceeding 12 x 51 inches, and with pressure not exceeding 300 pounds at 70° F.

It is further ordered, That this order amending the aforesaid regulations shall be effective on and after June 30, 1943, and shall remain in full force and effect and be observed until further order of the Commission;

And it is further ordered, That a copy of this order be served upon all the parties of record herein; and that notices of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register, The National Archieves.

(Sec. 233, 41 Stat. 1445, Sec. 204, 49 Stat. 546, Sec. 4, 52 Stat. 1232; Sec. 20, 54 Stat. 992, 56 Stat. 176; 18 U.S.C. 383, 49 U.S.C. 304)

By the Commission, Division 3.

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service

PART 92—ALASKA GAME COMMISSION: GUIDES, POISONS, AND RESIDENT TRAPPING, HUNTING, AND FISHING LICENSES

By virtue of the authority conferred upon the Alaska Game Commission by the Act of January 13, 1925, 43 Stat. 739, as amended, 48 U. S. C., secs. 192–211, the following regulations are made and published, to take effect July 1, 1943:

Sec.
92.1 Employment of guides by nonresidents and aliens.
92.2 Qualifications for guide licenses and issuance thereof.
92.3 Designation and use of poison.

Sec.
92.4 Resident trapping, hunting, and fishing licenses.
92.5 Revocation of prior regulations.

AUTHORITY: §§ 92.1 to 92.5, inclusive, issued under 43 Stat. 739, as amended; 48 U.S.C. 192–211.

§ 92.1 *Employment of guides by nonresidents and aliens.*[1] Nonresidents of the Territory or aliens taking game animals for any purpose, or going afield to photograph large brown or grizzly bears, except nonresident Federal officials engaged in wildlife investigations in Alaska exempted by special permit of the Commission, are required to employ and be accompanied by a guide registered with and licensed by the Commission; but no such guide shall accompany in the field more than one nonresident or alien, except husband and wife and minor child all of whom are in possession of the required hunting licenses.

In cases of actual emergency when a bear is attacking or is about to escape after being wounded, it shall be the duty of the guide to take such action as he deems necessary.

§ 92.2 *Qualifications for guide licenses and issuance thereof.* Only resident citizens who have resided in the Territory for the 5 years immediately preceding application for registration and a guide license will be registered and licensed to act as guides for nonresidents and aliens taking game animals for any purpose, or going afield to photograph large brown or grizzly bears.

The Alaska Game Commission will establish guide districts and maintain a register of such persons as are duly qualified and licensed to act as guides in such districts.

Applications for such registration and guide license shall be made on a form issued by the Commission and shall state applicant's citizenship and resident status, age, physical characteristics, permanent address, and district or districts in which he desires to operate, together with full information relative to his qualifications to act as guide, and shall be subscribed and sworn to by the applicant before an officer authorized to administer oaths.

Upon receipt of such application the Commission, through one of its members or such person as it shall designate, will arrange to determine, by such written and oral examinations and otherwise as it shall require, the qualifications of such applicant to act as a guide and his knowledge of the Alaska Game Law and regulations.

The member of the Commission or other person authorized to conduct such examination shall promptly file his report thereof with the Commission, together with his recommendation thereon, which report and recommendation shall be attached to the application and considered and determined at a regular or special meeting of the Commission.

If the Commission determines that the applicant does not possess sufficient field experience to qualify him to act as a principal guide but has all other qualifications, an assistant guide license may be issued to him, which shall authorize him to act as assistant to a principal guide.

In cases of emergency the Executive Officer of the Commission may, after investigation and satisfying himself of an applicant's qualifications, issue a special guide license to him upon payment of the required fee, authorizing him to guide the nonresident or alien hunter named in the application for such special license.

Extension or renewal of guiding privileges authorized by any guide license shall be made, in the discretion of the Commission, only upon examination and approval as hereinbefore provided.

A registered guide license must bear the signature of the Executive Officer of the Commission. Each license shall expire on June 30 next succeeding its issuance, shall be revocable at the discretion of the Commission, and shall not be transferable.

Each licensed guide shall submit to the Commission, immediately upon completion of a hunting or photographing trip, a report containing the name and address of the nonresident or alien for whom he acted as guide, period covered by his services, number and species of animals taken, wounded and not secured, numbers and localities of each species of big game animal observed on the trip and such other information as the Commission may require.

§ 92.3 *Designation and use of poison.* Pursuant to section 8 of the Alaska Game Law, the following substances are by the Commission designated poisons: Strychnine, arsenic, phosphorus, antimony, barium, the cyanides, corrosive sublimate, or any derivative or derivatives, compound or compounds thereof, which, by said section 8, are forbidden,

(1) To be used at any time to kill any game or fur animal or bird,

(2) To be put out where any game or fur animal or bird may come in contact with it,

(3) To be sold or given to any hunter or trapper, or

(4) To be possessed by any hunter or trapper.

Any person selling or otherwise disposing of any of the aforesaid poisons is required by said section 8 of the Alaska Game Law to keep a record in a special book showing the name and address of each person purchasing or otherwise procuring said poison, and the kind and amount thereof, such record to be, at all times, open to inspection by any wildlife agent or other officer authorized to enforce the Alaska Game Law and information thereof to be transmitted monthly to the Alaska Game Commission.

§ 92.4 *Resident trapping, hunting, and fishing licenses.* No resident of the Territory over 16 years of age, except a native-born Indian or Eskimo, shall take game animals, fur animals, birds, or game fishes in the Territory without first having obtained a resident hunting license for game animals or birds, a trapping license for fur animals, or a fishing license for game fishes, but a person who is the holder of such trapping license shall be entitled to the privilege of hunting game animals or birds or taking game fishes, and a person who is the holder of a resident hunting license shall be entitled to the privilege of taking game fishes during the respective open seasons.

§ 92.5 *Revocation of prior regulations.* On and after July 1, 1943, all former regulations of the Alaska Game Commission relative to guides, poisons, and resident hunting and trapping licenses shall be and are hereby revoked.

In testimony whereof, we have hereunto set our hands and caused the official seal of the Commission to be affixed in the City of Juneau, Territory of Alaska, this 1st day of July 1943.

[Docket No. A-1997]

DISTRICT BOARD 7

ORDER GRANTING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 7 for the establishment of

certain price classifications and minimum prices for the coals of Peerless Coal & Coke Company, Peerless Mine No. 4, Mine Index No. 248.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of Peerless Coal & Coke Company, Peerless Mine No. 4, Mine Index No. 248, in District No. 7 when mechanically cleaned, sized and loaded at the tipple of Mine Index No. 137.

Although insufficient facts are set forth in the petition to warrant the establishment of higher price classifications and minimum prices than those heretofore established for these coals when loaded for shipment at the existing loading facilities of Mine Index No. 248, sufficient facts are stated to justify the granting of temporary relief in the manner hereinafter provided.

It appearing that no final determination should be made at this time with respect to the establishment of permanent price classifications and minimum prices for the coals of the aforesaid mine as requested; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 7 for All Shipments Except Truck is supplemented to include the price classifications, minimum prices and other matters set forth in the schedule designated Supplement R attached hereto and made a part hereof.

It is further ordered, That a hearing in the above-entitled matter under the applicable provisions of the Bituminous Coal Act of 1937 and the rules of the Division be held on August 5, 1943, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street, N. W., Washington, D. C. On such day the Chief of the Records Section will advise as to the room where such hearing will be held.

It is further ordered, That Edward J. Hayes, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before July 31, 1943.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of Peerless Coal & Coke Company requesting that, in addition to the price classifications and minimum prices heretofore established for the coals of its Peerless No. 4 Mine, Mine Index No. 248, in District No. 7, the following price classifications be established for the coals of the said mine when mechanically cleaned, sized and loaded for rail shipments over the tipple of Mine Index No. 137:

Size groups and price classifications requested

1, C; 2, B; 3, A; 4, A; 5, A; 6, B; 7, B; 8, D; 9, D; 10, D.

ELZA PARKE, CODE MEMBER

ORDER POSTPONING HEARING

The above-entitled matter having been heretofore scheduled for hearing on July 20, 1943, at 10:00 a. m., at a hearing room of the Bituminous Coal Division at the County Court House, Evansville, Indiana; and

A Subpoena Ad Testificandum and Deces Tecum having been issued requiring the appearance of Elza Parke, R. F. D. No. 3, Oakland, Indiana, on the 20th day of July, 1943, at 10:00 a. m., at said hearing room or at such other times or places to which the hearing in the above-entitled matter may be postponed; and

The Director deeming it advisable that said hearing should be postponed;

It is accordingly ordered, That the hearing in the above-entitled matter be and the same hereby is postponed from July 20, 1943, at 10:00 a. m., to August 7, 1943, at 10:00 a. m., at a hearing room of the Bituminous Coal Division, at the Commissioner's Room, Court House, Evansville, Indiana; and

It is further ordered, That D. C. McCurtain, vice Charles O. Fowler, or any other duly designated officer or officers of the Bituminous Coal Division, shall preside at the hearing in said matter; and

It is further ordered, That the notice of and order for hearing, dated June 16, 1943, shall, in all other respects, remain in full force and effect; and

It is further ordered, That, instead of the time and place directed in said subpoena, said Elza Parke, R. F. D. No. 3, Oakland, Indiana, be and he hereby is required to appear, to testify, and to give evidence in the above-entitled matter, and to bring with him and produce at the time and place of said postponed hearing, the records and documents described in said subpoena.

Dated: July 6, 1943.

[Docket No. A-2022]

SUMMIT COAL MINING CO.

ORDER GRANTING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of Summit Coal Mining Company, a code member in District No. 1, for permission to mix the coals produced at certain mines for rail shipments.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of minimum prices for the mixture of coals produced at Mine Index Nos. 2394, 833, 2224, 1541, 3675, 3401, 2609 and 2741 in District No. 1 for rail shipments originating at Juneau and Glen Campbell, Pennsylvania.

The records of the Division indicate that Mine Index No. 2224 is at present being operated by J. P. Prushnok (The Arcadia Company) and not by Roy Wetzel, as stated in the petition. Accordingly, no temporary or permanent relief is granted for the coals of Mine Index No. 2224.

With respect to coals of the other mines for which relief is requested, insufficient facts are set forth to justify the granting of permanent relief. However, it appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth.

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending disposition of the above-entitled matter, temporary relief is granted as follows:

Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 1 for All Shipments Except Truck is supplemented to include the price classifications, minimum prices, and other matters in the schedule designated Supplement R attached hereto and made a part hereof.

Notice is hereby given that applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on August 10, 1943, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street, NW., Washington, D. C. On such day the Chief of the Records Section will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Cuff, or any other officer or officers of the Division duly designated for that purpose, shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before August 5, 1943.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, ma concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of Summit Coal Mining Company, requesting the establishment of minimum prices for the mixture of coals at Mine Index Nos. 2394, 833, 2224, 1541, 3675, 2609 and 2741 for rail shipments originating at Juneau, Pennsylvania, on the Baltimore and Ohio Railroad and at Glen Campbell, Pennsylvania, on the Pennsylvania Railroad.

Dated: July 6, 1943.

3. *Public sale.* On Wednesday, October 6, 1943, at 10:00 a. m., a sale at public auction to the highest bidder of the above described lots will be held at the town site. The sale will be conducted from day to day under the supervision of a representative of the Commissioner of the General Land Office until all the lots shall have been offered. The lots will be sold for cash and must be paid for on the date of sale. No lot will be sold for less than the appraised price.

4. *Manner of sale.* Bids may be made either in person or by agent but not by mail or at any time or place other than the time and place at which the lots are offered for sale hereunder. Any person may purchase any number of lots for which he is highest bidder. The bidders will be required to show that they are citizens of the United States or have declared their intention to become such. If bids are made by a corporation, evidence must be furnished, including a certified copy of its articles of incorporation, showing that it is a corporation organized under the laws of the United States or of any State, territory, or possession thereof, and that it is authorized to acquire and hold real estate in the State of New Mexico.

5. *Removal of improvements.* Owners of buildings who do not purchase the lots on which the buildings are located will be allowed six months from date of sale in which to remove their improvements.

6. *Warning.* All persons are warned against forming any combination or agreement which will prevent any lot from selling advantageously or which will in any way hinder or embarass the sale. Any persons so offending will be prosecuted under section 59 of the Criminal Code, U.S.C. Title 18, section 113.

7. *Authority of superintendent.* The Commissioner's representative conducting the sale is hereby authorized to reject any and all bids for any lots and after all lots have been offered he will not close the sale but will suspend the same and make recommendation to this office as to whether the suspension should be continued or the sale closed. In the event the sale should be closed, the unsold lots will them be subject to private sale at the appraised price.

JOEL DAVID WOLFSOHN,
Assistant Commissioner.

Approved: June 26, 1943.

The areas described aggregate 11,600.57 acres, including 543.52 acres of public land, and 11,057.05 acres of lands acquired or in the process of acquisition.

As to any of the above-described lands that are under the primary jurisdiction of the War Department, their reservation and use by the Department of the Interior, and enforcement of laws and regulations thereon by said Department, shall be without interference with any existing or future uses or regulations of the War Department in the operation and maintenance of the Great Salt Plains Dam and Reservoir Flood Control Project, or in any other uses by the War Department for national defense.

In the administration of these lands as a part of the Salt Plains National Wildlife Refuge, the Department of the Interior shall have the authority to utilize and dispose of the economic resources of the land in accordance with the laws and regulations governing national wildlife refuges, and to administer and develop the lands in a manner necessary for the proper management of wildlife, including the construction of administrative buildings, fences, trails, fire breaks, check dams, control structures, boat piers, landings, and other necessary structures, but none of these things shall be done prior to submission of plans to, and approval thereof by, the Secretary of War.

The reservation made by this order supersedes and revokes so far as any of the above-described public lands are affected, the temporary withdrawal for flood control purposes made by Executive Order No. 8089 of April 13, 1939.

The Salt Plains Wildlife Refuge was established by Executive Order No. 5314 of March 26, 1930, and enlarged by Executive Order No. 7925 of July 5, 1938, and the designation thereof was changed to Salt Plains National Wildlife Refuge by Proclamation No. 2416 of July 25, 1940.

Executive Order No. 6964 of February 5, 1935, as amended, withdrawing for classification and other purposes all vacant, unreserved, and unappropriated public lands in the State of Oklahoma and certain other States, is hereby amended to exclude from its provisions the public lands in the above-described area.

ABE FORTAS,
Acting Secretary of the Interior.

DEPARTMENT OF LABOR.

Wage and Hour Division.

[Administrative Order 202]

FRUIT AND VEGETABLE PACKING AND FARM PRODUCTS ASSEMBLING INDUSTRY

APPOINTMENT OF INDUSTRY COMMITTEE NO. 62

1. By virtue of and pursuant to the authority vested in me by the Fair Labor Standards Act of 1938, I, L. Metcalfe Walling, Administrator of the Wage and Hour Division, United States Department of Labor, do hereby appoint and convene for the Fruit and Vegetable Packing and Farm Products Assembling Industry (as such industry is defined in paragraph 2) an industry committee composed of the following representatives:

For the public:
Willard L. Thorp, Chairman, New York, New York.
James E. Chace, Gainesville, Florida.
Robert H. Wettach, Chapel Hill, North Carolina.
Gladys Boone, Sweetbriar, Virginia.
Harold E. Fey, Chicago, Illinois.
For the employers:
N. C. Blackburn, Memphis, Tennessee.
Samuel Fraser, Rochester, New York.
Loring Raoul, Sarasota, Florida.
William M. Durham, Sr., Comanche, Texas.
John Campbell, Leesburg, Florida.
For the employees:
Lewis Bentzley, Memphis, Tennessee.
Conrad Espe, Philadelphia, Pennsylvania.
Sam P. Ming, St. Louis, Missouri.
Boris Shishkin, Washington, D. C.
Hal P. Angus, Oakland, Californ.a.

Such representatives have been chosen with due regard to the geographical regions in which such industry is carried on.

2. For the purpose of this order the term "Fruit and Vegetable Packing and Farm Products Assembling Industry" means:

The assembling and preparing for market of fresh fruits and vegetables, and other farm and related products (including wild and domesticated animals other than those assembled for processing into food for human or animal consumption).

a. It includes, but without limitation:

(1) The packing of fresh fruits and vegetables; the shelling of nuts; the ginning and compressing of cotton; the retting and decorticating of flax and other vegetable fibers; and other similar operations performed on farm and related products.

(2) The gathering or collecting of wild berries, plants, flowers, gums, saps, seeds and other forms of wild plant or animal life.

(3) "The leaf processing branch of the Cigar Industry" as defined in the wage order for the Cigar Industry.

b. *Provided, however,* That this industry does not include:

(1) The assembling of fresh fruits and vegetables or other farm and related products when performed in a marketing or wholesaling establishment which does no preparing for market within the meaning of this definition and which receives directly from gatherers of non-cultivated products or from farmers products constituting less than one-half of all products handled; (2) logging; (3) public warehousing of commodities other than cotton; (4) any products included in the Canned Fruits and Vegetables and Related Products Industry; Cottonseed and Peanut Crushing Industry; Vegetable Fats and Oils Industry; and Meat, Poultry, and Dairy Products Industry (as defined in Administrative Orders Nos. 182, 189, 190, and 201 respectively), or in the Grain Products Industry and the Tobacco Industry (as defined in the wage orders for such industries).

3. The definition of the Fruit and Vegetable Packing and Farm Products Assembling Industry covers all occupations which are necessary to the operations of the industry, including clerical, maintenance, shipping and selling occupations; provided that where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour division.

4. Any person, who, in the opinion of the committee, having a substantial interest in the proceeding and who is prepared to present material pertinent to the question under consideration, may, with the approval of the committee, appear on his own behalf or on behalf of any other person. Moreover, any interested person may submit in writing pertinent data to the committee either through the Administrator or through the chairman of the committee.

5. The industry committee herein created shall meet at 10:00 a. m. on July 27, 1943 in Room 1001 at 165 West 46th Street, New York, New York, and, in accordance with the provisions of the Fair Labor Standards Act of 1938 and rules and regulations promulgated thereunder, shall proceed to investigate conditions in the industry and recommend to the Administrator minimum wage rates for all employees thereof who within the meaning of said Act are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by virtue of the provisions of section 13 (a) and employees coming under the provisions of section 14.

Signed at New York, New York, this 2d day of July 1943.

L. METCALFE WALLING,
Administrator.

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice of issuance of special certificates for the employment of learners under the Fair Labor Standards Act of 1938.

Notice is hereby given that special certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and part 522.5 (b) of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective July 6, 1943.

The employment of learners under these certificates is limited to the terms and conditions as designated opposite the employer's name. These certificates are issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The certificates may be cancelled in the manner provided for in the Regulations and as indicated on the certificate. Any person aggrieved by the issuance of the certificates may seek a review or reconsideration thereof.

FEDERAL POWER COMMISSION.

[Docket No. G–473]

SOUTHERN NATURAL GAS COMPANY

NOTICE OF APPLICATION

JULY 6, 1943.

Notice is hereby given that on June 10, 1943, the Southern Natural Gas Company, a Delaware corporation, filed an application for a certificate of public convenience and necessity under section 7 of the Natural Gas Act as amended.

The application covers the construction and operation of certain additions to applicant's natural gas transmission system consisting of seven transmission line loops and other miscellaneous items.

Applicant also seeks authorization to construct other appurtenant facilities during the year 1943, which include changes in its Perryville and Tarrant Compressor stations.

Any person desiring to be heard or to make any protest in reference to said application should, on or before the 22d day of July, 1943, file with the Federal Power Commission a petition or protest in accordance with the Commission's Rules of Practice and Regulations.

OFFICE OF DEFENSE TRANSPORTATION.

DELIVERY OF MILK IN WEST SALEM, WISCONSIN

RECOMMENDATION OF JOINT ACTION PLAN

Pursuant to a provision of a general order issued by the Office of Defense Transportation for the purpose, among others, of conserving and providently utilizing motor vehicles and vital equipment, materials and supplies, (General Order ODT 17, as amended, 7 F.R. 5678, 7694, 9623; 8 F.R. 8278, 8377), Cora F. Griswold and Fritz Ehlo have filed with the Office of Defense Transportation for approval a joint action plan relating to the transportation and delivery of milk and cream by motor vehicle in West Salem, Wisconsin.

The participants in the plan propose to eliminate wasteful operations in the transportation and delivery of milk and cream in West Salem, Wisconsin, by limiting retail deliveries to an every-other-day basis, and by suspending special deliveries. Both participants will serve their respective customers on the east side of the village on the same day, and on alternate days will serve their west side customers. Joint selling activities are not contemplated.

It appearing that the proposed joint action plan is in conformity with General Order ODT 17, as amended, and that the effectuation thereof will accomplish substantial conservation and efficient utilization of motor trucks and vital materials and supplies, the attainment of which purposes is essential to the successful prosecution of the war, I have approved the plan and recommend that the Chairman of the War Production Board find and certify under section 12 of Public Law No. 603, 77th Congress (56 Stat. 357), that the doing of any act or thing, or the omission to do any act or thing, by any person in compliance with said joint action plan, is requisite to the prosecution of the war (see Certificate 91, *infra*).

Issued at Washington, D. C., this 5th day of July 1943.

JOSEPH B. EASTMAN,
Director,
Office of Defense Transportation.

[Supplementary Order ODT 17–3]

CALUMET-INDIANA-ILLINOIS AREA

RESTRICTION OF MILK DELIVERY OPERATIONS

Pursuant to Executive Orders 8989 and 9156 (6 F.R. 6725, 7 F.R. 3349) and War Production Board Directive 21 (8 F.R. 5834), and in order to effectuate the provisions of General Order ODT 17, as amended (7 F.R. 5678, 7694, 9623, 8 F.R. 8278, 8377), to conserve and providently utilize vital equipment, material, and supplies, and to assure maximum utilization of the facilities, services, and equipment of the carriers named in Appendix No. 1 hereto, and to prevent or alleviate shortages in motor vehicle equipment, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. *General outline.* This order directs the carriers named in Appendix No. 1 hereto to conform their motor vehicle operations, in the delivery of milk in the Calumet-Indiana-Illinois Area, to the terms and provisions of a plan for joint action heretofore filed by such carriers with, and approved by, the Office of Defense Transportation. The order directs the carriers to restrict retail deliveries to an every-other-day basis, to refrain from making special deliveries, call-backs or more than one delivery on any day to any one person, and to make no delivery operations earlier than certain hours fixed by the order.

2. In respect of the delivery of milk, by vehicle, in the Calumet-Indiana-Illinois Area, no private carrier named in Appendix No. 1 hereto shall:

(a) Make retail deliveries to any one customer more frequently than every other day, or make more than one call at the premises of a retail customer in any consecutive two-day period, or make any retail delivery to any customer who has received a retail delivery of milk on that day or the previous day from any milk distributor;

(b) Make any wholesale or retail deliveries before seven (7) o'clock in the morning, or cause any vehicle to leave the premises of such carrier earlier than six (6) o'clock in the morning, for operation over a route on which such deliveries are to be made, during the period between June 15 to September 14, inclusive, of any calendar year, or make any wholesale or retail deliveries before eight (8) o'clock in the morning, or cause any vehicle to leave the premises of such carrier earlier than seven (7) o'clock in the morning, for operation over a route on which such deliveries are to be made, during the period between September 15 to June 14, inclusive, of any calendar year: *Provided*, That the provisions of this paragraph (b) shall not apply to deliveries made to hospitals, the armed forces of the United States, plants engaged in the manufacture or assembly of war materials, or to deliveries made for the protection in emergencies of public health, life, or safety;

(c) Make any special deliveries, call-backs, or more than one delivery on any day to any one customer, except as allowed under any applicable general order of the Office of Defense Transportation.

3. As used in this order, the term:

(a) "Calumet - Indiana - Illinois Area" means and includes the municipalities of Calumet City, Lansing, and Oakglen, all in Cook County, Illinois, and the municipalities of Black Oak, East Chicago, East Gary, Gary, Griffith, Hammond, Highland, Hobart, Merrillville, Munster, Roby, Schererville, and Whiting, and the Township of Ross, all in Lake County, Indiana.

(b) "Retail delivery" means and includes the delivery of milk by vehicle directly to the home of the consumer.

(c) "Wholesale delivery" means and includes the distribution and delivery of milk to stores, restaurants, commissaries, hotels, institutions, or any other distribution or delivery of milk either for resale or for use and consumption on the premises where delivered, other than retail deliveries.

(d) "Milk" means and includes milk, cream, buttermilk, and any and all other products handled and distributed at wholesale or retail by the carriers named in Appendix No. 1 hereto in connection with the handling and distributing of milk at wholesale or retail.

(e) "Special delivery" means a delivery by vehicle made at the special instance and request of a particular person other than as a part of a regular scheduled delivery service.

(f) "Call-back" means a call by a vehicle at the premises of any one person subsequent to the first call on any given day, and includes calls made for the sole purpose of picking up property for return, or for making collections.

(g) "Vehicle" means any rubber-tired vehicle propelled or drawn by mechanical power or by horses.

4. Communications concerning this order should refer to "Supplementary Order ODT 17–3," and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

5. This order shall become effective July 8, 1943, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 8th day of July 1943.

JOSEPH B. EASTMAN,
Director, Office of Defense Transportation.

OFFICE OF PRICE ADMINISTRATION.

[Gen. Order 51,[1] Amdt. 3]

REGIONAL OFFICES

AUTHORIZATION TO FIX COMMUNITY CEILING PRICES

Authorization to Regional Offices and to such offices as may be authorized by Regional Offices to fix community (dollars-and-cents) ceiling prices.

General Order No. 51 is amended in the following respects:

1. In subparagraph (1) of paragraph (a), subparagraph (2) of paragraph (c), and in paragraph (n) the word "group" is substituted for the word "class", "groups" is substituted for "classes", and "Group" is substituted for "Class" wherever used.

2. Subparagraph (3) of paragraph (c) is amended to read as follows:

(3) *Group of store.* All retail stores selling any food items must post the group their store is in, as determined in accordance with the provisions of Revised Maximum Price Regulations Nos. 238 and 268, on a sign reading "OPA–1", "OPA–2", "OPA–3", or "OPA–4", whichever applies, or on a sign which the Office of Price Administration may furnish, so that it can be clearly seen by their customers; except that if under any order issued under paragraph (n) of this General Order No. 51, a retailer is required to post the sign of another group, he must post the sign of such other group.

3. Subparagraph (1) of paragraph (m) is amended to read as follows:

(1) "Group 1 retail store" shall be as defined in Revised Maximum Price Regulations Nos. 238 and 268 and determined in accordance with the provisions of those regulations. The definition of this group is as follows: "Group 1 retail store" is an "independent" retail store with anhual gross sales of less than $50,000. A retail store shall be an "independent" retail store if it is not one of 4 or more stores under one ownership whose combined "annual gross sales" are $500,000 or more.

This amendment shall become effective July 13, 1943.

SECURITIES AND EXCHANGE COMMISSION.

FRED F. PETERSEN CO., INC.

FINDINGS AND ORDER REVOKING REGISTRATION AND DISMISSING PROCEEDINGS IN PART

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 5th day of July, A. D. 1943.

1. Fred F. Petersen Co., Inc., 25 Broad St., N. Y., N. Y., a New York corporation (hereinafter referred to as the "registrant") is registered as a broker and dealer pursuant to section 15 of the Securities Exchange Act of 1934, and was, at the time of the order hereinafter mentioned, a member of the National Association of Securities Dealers, Inc.

2. The Commission, on the basis of facts reported to it, ordered a hearing pursuant to sections 15 (b) and 15A of said Act to determine (among other things) whether or not the allegations of fact set out in said order are true, whether or not said registration should be revoked, and whether or not the registrant should be suspended or expelled from membership in the National Association of Securities Dealers, Inc. The facts alleged, if true, tend to show that the registrant is permanently enjoined by a decree of the Supreme Court of the State of New York, held in and for the County of New York, entered on or about February 3, 1943, from engaging in and continuing certain conduct and practices in connection with the sale of securities.

3. The registrant has acknowledged service of adequate notice, has waived hearings, admitted the facts alleged, and filed its written consent to the revocation of its registration.

4. The Commission finds (a) that the facts so admitted are true, (b) that the registrant has been enjoined by a decree of the Supreme Court of the State of New York from selling securities within the State of New York, and (c) that it is in the public interest to revoke said registration. On the basis of the foregoing, and pursuant to section 15 (b) of the Securities Exchange Act of 1934, *It is ordered*, That the registration of Fred F. Petersen Co., Inc., as a broker and dealer, be, and it hereby is, revoked.

5. The Commission has been informed that the National Association of Securities Dealers, Inc. expelled said registrant from membership in said association for violating certain of its rules of fair practice, and in the light of the fact that our order revoking registrant's registration as a broker and dealer will in the future bar registrant's right to become a member of said association in the absence of approval or direction of the Commission, pursuant to section 15A, *It is ordered*, That the proceeding with respect to suspension or expulsion of the registrant from membership in the National Association of Securities Dealers, Inc., be and it hereby is discontinued.

By the Commission.

Secretary.

IDAHO POWER AND ELECTRIC POWER AND LIGHT CORP.

NOTICE OF FILING AND ORDER FOR HEARING; AND ORDER CONSOLIDATING HEARINGS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 5th day of July, A. D. 1943.

In the matters of Idaho Power Company, Electric Power & Light Corporation, File No. 70–753; and Electric Power & Light Corporation, File No. 70–752.

Notice is hereby given that a joint declaration or application has been filed with this Commission under the Public Utility Holding Company Act of 1935 by Electric Power & Light Corporation (Electric), a registered holding company and a subsidiary of Electric Bond and Share Company, which is likewise a registered holding company, and by Idaho Power Company (Idaho), an electric utility subsidiary of Electric.

Notice is further given that a separate declaration or application together with an amendment thereto have been filed with this Commission under the Public Utility Holding Company Act of 1935 by Electric.

All interested persons are referred to said documents, which are on file in the office of the Commission, for a statement of the transactions therein proposed, which are summarized as follows:

I

The joint declaration or application by Electric and Idaho proposes that:

(a) Electric will contribute to Idaho 60,000 shares of Common Stock and 2,670 shares of Preferred Stock (7%), all of which shares Idaho will cancel, thereby reducing its capital stock liability by $6,267,000. The remaining 90,000 outstanding shares of Idaho Common Stock, all held by Electric, will be split 5 shares for 1 so that Electric will hold 450,000 shares of $20 par value Common Stock, each share having one vote, and the voting power of the remaining outstanding Preferred Stock, all of which is held by the public, will be changed from one to five votes a share.

(b) The holders of Idaho's Preferred Stock (7%) and $6 Preferred Stock will be given the right, whenever dividends payable on such classes of stock shall be accumulated and unpaid in an amount equivalent to four quarterly dividends, to vote as a single class to elect the smallest number of directors necessary to constitute a majority of the Board of Directors of Idaho until all such accumulated and unpaid dividends shall have been eliminated or may reasonably be eliminated.

(c) Idaho will make certain adjustments in its accounts in compliance with orders of the Federal Power Commission, the Public Utilities Commission of Idaho and the Public Utilities Commissioner of Oregon, which orders arise from the reclassification of Idaho's electric plant as provided by the uniform system of accounts of such regulatory bodies. Pursuant to such orders Idaho will dispose of the amount of $9,562,632.88 established in Account 107, Electric Plant Adjustments, by charging $2,602,016.19 to earned surplus, $6,267,000 to the capital surplus created by the contribution and reduction of capital stock described in (a) above, and $693,616.69 to miscellaneous other accounts. Idaho will amortize the amount of $1,905,410.26 established in Account 100.5 Electric Plant Acquisition Adjustments, over a period of 15 years beginning with the year 1943.

(d) Idaho will also provide by amendments to its By-Laws and Certificate of Organization for certain other incidental matters necessary to carry out the transactions described above.

II

Electric further proposes in its separate declaration to sell the 450,000 shares of new Idaho Common Stock of $20 par value to be received by it as a result of the transactions described above. Electric requests an order exempting the proposed sale of the 450,000 shares of new Idaho Common Stock from the competitive bidding requirements of paragraphs (b) and (c) of Rule U-50 and seeks to have its application for such exemption granted at the earliest possible date and in advance of the Commission's determination of the other matters covered by its separate declaration and by the joint declaration mentioned above. Electric proposes to employ the proceeds of sale of said common stock to purchase in the open market or by tenders, its Gold Debentures, 5% Series due 2030, of which $29,178,000 principal amount were outstanding at May 31, 1943 at prices not exceeding the principal amount thereof plus accrued interest.

III

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to such matters, and that such declarations or applications shall not become effective or be granted except pursuant to further order of the Commission, and it further appearing that said applications and declarations have been filed with respect to related transactions and that related questions of law and fact are involved and that hearings thereon should be consolidated.

It is ordered, That the proceedings herein filed as Files Nos. 70–752 and 70–753 be and hereby are consolidated.

It is further ordered, That a consolidated hearing on said declarations and applications under the applicable provisions of said Act and Rules of the Commission thereunder be held on July 21st, 1943, at 10:30 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing room clerk in room 318 will advise as to the room where such hearing will be held. At such consolidated hearing, cause shall be shown why such declarations shall become effective and such applications be granted. Notice is hereby given of said consolidated hearing to Idaho Power Company, Electric Power & Light Corporation and to all interested persons, said notice to be given to said declarants and applicants by registered mail and to all other interested persons by publication in the FEDERAL REGISTER.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That any person desiring to be heard in connection with these proceedings or proposing to intervene herein shall file with the Secretary of the Commission, on or before July 19, 1943, his request or application therefor as provided by Rule XVII of the Rules of Practice of the Commission.

It is further ordered, That without limiting the scope of the issues otherwise to be considered in this consolidated proceeding, particular attention will be directed at the hearing to the following questions and matters:

1. Whether the proposed transactions conform to the applicable provisions of the Act and in particular whether they are necessary and appropriate to effectuate the provisions of Section 11 of the Act.

2. Whether the proposed transactions will result in a fair and equitable distribution of voting power among the security holders of Idaho, and whether in all other respects they will be fair and equitable to such security holders.

3. Whether the reacquisition of its Debentures by Electric and the method proposed therefor, is appropriate and in the public interest and in the interest of investors and consumers.

4. Whether the accounting entries to be recorded on the books of Idaho and Electric in connection with the proposed transactions will be in conformity with the standards of the Act and all Rules and Regulations promulgated thereunder.

5. Whether it is appropriate in the public interest or for the protection of investors or consumers that the proposed sale of the new Common Stock of Idaho be exempted from the requirements of paragraphs (b) and (c) of Rule U-50; and if so, whether such exemption should be granted prior to the entry of any orders with respect to the other proposed transactions.

6. Whether it is necessary or appropriate to impose any terms or conditions in order to assure compliance with the requirements of the Act or any Rules and Regulations promulgated thereunder.

It is further ordered, That the first issue to be considered at the consolidated hearing herein ordered shall be issue 5 with respect to competitive bidding.

By the Commission.

Secretary.

STANDARD POWER AND LIGHT CORPORATION

ORDER GRANTING EXTENSION OF TIME

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 6th day of July 1943.

The Commission having, by an order dated June 19, 1942, entered pursuant to section 11 (b) (2) of the Public Utility Holding Company Act of 1935, directed that Standard Power and Light Corporation, a registered holding company, be liquidated and its existence terminated, and that Standard Power and Light Corporation proceed with due diligence to submit to this Commission a plan for its prompt liquidation; and having by the terms of said order reserved jurisdiction to enter such further orders as it might deem necessary or appropriate; and

Standard Power and Light Corporation having filed an application pursuant to section 11 (c) of said Act requesting

an extension of time for one year within which to comply with said order of June 19, 1942; and

The Commission having found that said corporation has been unable to comply with said order within the initial statutory period of one year from the date of its entry, and that a limited extension of time is necessary and appropriate in the public interest and for the protection of investors; and that under the circumstances an extension should be granted for a period of six months;

It is ordered, That Standard Power and Light Corporation be and is hereby granted an additional period of six months from June 19, 1943, within which to comply with said order of June 19, 1942, without prejudice, however, to the said applicant to apply for an additional extension if the circumstances warrant.

By the Commission.

In the matter of Hugh M. Morris, trustee of the estate of Midland United Company, debtor in reorganization, M. U. Securities Corporation, Clarence A. Southerland and Jay Samuel Hartt, trustees of the estate of Midland Utilities Company, debtor in reorganization, File No. 70-700.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 6th day of July 1943.

Hugh M. Morris, Trustee of the Estate of Midland United Company, Debtor in Reorganization, a registered holding company; its wholly-owned subsidiary, M. U. Securities Corporation; and Clarence A. Southerland and Jay Samuel Hartt, Trustees of the Estate of Midland Utilities Company, Debtor in Reorganization, a registered holding company and a subsidiary of Midland United Company, having filed applications-declarations, as amended, pursuant to sections 9 (a), 10, 12 (c), and 12 (f) of the Public Utility Holding Company Act of 1935, and the relevant rules and regulations promulgated thereunder, concerning proposals that:

1. M. U. Securities Corporation surrender to Clarence A. Southerland and Jay Samuel Hartt, Trustees of the Estate of Midland Utilities Company, for cancellation, 64,009 shares of no par value common stock, 1,337 shares of 7% Cumulative Class A Preferred Stock, and 2,111 shares of 6% Cumulative Class A Preferred Stock of Midland Utilities Company. Clarence A. Southerland and Jay Samuel Hartt, as Trustees of the Estate of Midland Utilities Company, have agreed to accept, for cancellation, such securities;

2. M. U. Securities Corporation transfer to Hugh M. Morris, as Trustee of the Estate of Midland United Company, 1,859 shares of 7% Cumulative Prior Lien Stock and 778 shares of 6% Cumulative Prior Lien Stock of Midland Utilities Company, in consideration of a credit of $20,000 upon the note payable by M. U. Securities Corporation to Midland United Company in the amount of $628,741.70;

3. The $1,394.53 of cash, on hand, of M. U. Securities Corporation, be applied to the payment of expenses of liquidation and to taxes, and then towards the payment, on account, of its indebtedness owed Midland United Company;

4. Any balance then owed Midland United Company by M. U. Securities Corporation on its note payable be forgiven by Midland United Company;

5. The 1,000 shares of common stock of M. U. Securities Corporation, all of which are now held by Midland United Company, be surrendered to M. U. Securities Corporation for cancellation, and M. U. Securities Corporation thereupon be dissolved; and

The Commission having issued a Notice of Filing and Order for Hearing on said joint applications-declarations, as amended, and hearings having been held thereon, and requests for findings, briefs, and oral arguments having been waived; and

The Commission having considered the record of the proceedings and having entered its Findings and Opinion herein, and deeming it appropriate in the public interest and in the interest of investors and consumers to permit the declarations, as amended, to become effective, and to approve the applications, as amended;

It is hereby ordered, That the aforesaid declarations, as amended, be and hereby are permitted to become effective, and the aforesaid applications, as amended, be and hereby are granted forthwith, subject, however, to the terms and conditions prescribed in Rule U-24.

By the Commission.

EXECUTIVE ORDER 9360

SUSPENSION OF EIGHT-HOUR LAW AS TO LABORERS AND MECHANICS EMPLOYED BY THE DEPARTMENT OF THE INTERIOR ON PUBLIC WORKS WITHIN THE UNITED STATES

WHEREAS the Department of the Interior is engaged in public-work activities within the United States which are essential to the prosecution of the war; and

WHEREAS there exists an acute shortage of laborers and mechanics; and

WHEREAS the efficient and speedy accomplishment of such activities requires that laborers and mechanics therefor be employed in excess of eight hours a day; and

WHEREAS, by section 1 of the act of August 1, 1892, 27 Stat. 340, as amended by the act of March 3, 1913, 37 Stat. 726 (U.S.C., title 40, sec. 321), the services of all laborers and mechanics employed by the Government of the United States upon any public work of the United States, is limited to eight hours in any one calendar day, except in case of extraordinary emergency; and

WHEREAS I find that by reason of the foregoing an extraordinary emergency exists:

NOW, THEREFORE, by virtue of the authority vested in me by section 1 of the said act of August 1, 1892, as amended by the said act of March 3, 1913, and as President of the United States, I hereby suspend for the duration of the emergencies proclaimed by me on September 8, 1939,[1] and May 27, 1941,[2] the above-mentioned provisions of law prohibiting more than eight hours of labor in any one day by laborers and mechanics employed by the Government of the United States as to all work performed by laborers and mechanics employed by the Department of the Interior on any public work within the United States which is designated by the Secretary of the Interior as essential to the prosecution of the war: *Provided*, That the wages of all laborers and mechanics so employed by the Department of the Interior shall be computed on a basic day rate of eight hours of work with overtime to be paid at time and one-half for all hours of work in excess of eight hours in any one day.

§ 10.183 *Buildings on which insurance must be maintained by mortgagor; amount and type of insurance.* On all buildings the value of which is a factor in determining the amount of a loan, insurance against fire and any other risks specified by the bank shall be required in amounts which the bank considers adequate. In determining the amount of insurance consideration should be given to the values established in the report of the land bank appraiser upon which the loan was based and to the relationship of the amount of the loan to the value of the farm. In any event, the amount of insurance shall not be less than the amount by which the bank loan exceeds 50 percent of the appraised normal agricultural value of the land. Insurance may be required on any (other) building(s), the value of which was not a factor in determining the amount of a loan, in such amounts and against such risks as shall be deemed advisable for the protection of the mortgagee's interest. In making insurance requirements, amounts of insurance should be specified for each of the principal factor buildings; in the discretion of the bank, an aggregate amount of insurance may be specified to cover a number of other factor buildings provided that each insurable building is insured for a part of the aggregate amount required.

Sections 10.184 and 10.185 are revoked.

§ 10.187 *Acceptable insurers.* Insurance required shall be evidenced by a lawful policy or policies issued by any insurance company, including any State supervised mutual insurance company, which is satisfactory to the bank; *Provided*, That such company be authorized to do such insurance business, and be subject to service of process in suits brought, in the State in which the insured property is located, except that, when insurance is procured and paid for by the bank upon default under the mortgage, such insurance company may be one which is subject to service of process in suits brought in the State where the bank is located. The acceptance by a bank of insurance from an organization other than one provided for by this paragraph shall be subject to the approval of the Commissioner.

§ 10.188 *Losses to be made payable to mortgagee; exception.* Insurance shall be made payable to the bank and Corporation, as mortgagees, as their interests may appear at time of loss, and shall afford the bank and Corporation the same protection they would have under the New York standard mortgage clause but the bank may, in its discretion, permit individual losses of $50 or under to be paid directly to the mortgagor for use in the prompt reconstruction of the buildings destroyed. The provisions of §§ 10.189 to 10.197, inclusive, of these regulations shall not be applicable to losses of $50 or under which are paid directly to the mortgagor, with the permission of the bank, for use in reconstruction.

§ 10.189 *Subsequent owner deemed "mortgagor" under certain circumstances.* When a subsequent owner of a mortgaged farm has assumed the mortgage and, in the case of a land bank loan the stock interests of the original mortgagor in accordance with the provisions of section 12 (Sixth) of the Federal Farm Loan Act (12 U.S.C. 771 (6)), and is primarily liable therefor, the term "mortgagor" shall be deemed for the purposes of these regulations to refer to such subsequent owner.

§ 10.190 *Mortgagor's option to use loss proceeds for reconstruction.* At the option of the mortgagor and subject to the provisions of these regulations any sum received in settlement of a loss covered by insurance required by these regulations may be used to pay for the reconstruction of the buildings involved; *Provided*, That the bank may charge and collect from the mortgagor the reasonable cost of appraisal and of any investigation to determine the priority of the mortgage over any lien by reason of such construction, and may withhold from such sum the amount of any such charge not otherwise paid.

§ 10.190–50 *Circumstances under which mortgagor's option to use loss proceeds does not obtain.* The option of the mortgagor referred to in these regulations shall not apply in the case of any sum received (a) under a policy of insurance which was not provided or paid for by the mortgagor, or (b) in settlement of a loss on buildings not required by these regulations to be insured. Such option shall not apply to any sum with respect to which liability to the mortgagor is denied by the insurer, unless and until such denial be rescinded or until final judgment of a court of competent jurisdiction that the insurer is liable to the mortgagor. In either event the mortgagor shall initiate the steps otherwise necessary under these regulations for the exercise of his option within 30 days after the establishment of the liability of the insurer to him for such loss.

§ 10.191 *Manner in which mortgagor's option to use loss proceeds shall be exercised.* The bank as promptly as possible after the receipt of the sum referred to in § 10.190 shall send to the mortgagor a notice in writing thereof. Within 30 days after such notice is sent, if the mortgagor desires to exercise his option, he shall so notify the bank in writing. With such notice to the bank or within 30 days thereafter, unless such time for good cause be extended by the bank, the mortgagor shall furnish the bank information in such form as shall be satisfactory to it covering the plans of the mortgagor for the reconstruction of the building involved in sound and serviceable form and condition, at least equal to that which existed immediately prior to the loss. Within said 30 days the mortgagor shall also furnish assurance satisfactory to the bank that such reconstruction will be completed within a reasonable time, and that there will be no unsatisfied liens for labor, material, and/or other expenses that will have priority over the mortgage when such reconstruction shall have been completed or when the said sum received shall have been paid by the bank to or for the account of the mortgagor.

§ 10.192 *Reconstruction of improvements in different form.* If the mortgagor desires to use the insurance money, in whole or in part, in order to replace the building involved with an insurable building of less expensive type, or to substitute any other insurable building, the said fund may be used for such purpose, provided the land bank is satisfied that the proposed building will be suitable and adequate to the agricultural needs of the farm.

§ 10.193 *Evidence that mortgagor can supply additional funds; meaning of term "reconstruction."* If the sum received (after making the deductions, if any, authorized by these regulations) be inadequate to enable the mortgagor to reconstruct as herein provided, and he desires nevertheless to do so, he shall furnish the bank assurance satisfactory to it that he will have the necessary additional funds. Where, under these regulations, a building may be repaired, replaced, or substituted, the operations involved shall be deemed to be covered by the words "reconstruct" or "reconstruction," as the case may require.

§ 10.194 *Loss proceeds not to be disbursed in absence of evidence that prior liens will not attach.* No sum so received shall be paid to or for the account of the mortgagor for the purpose of enabling him to reconstruct a building until the bank is satisfied that no lien by reason of reconstruction of the buildings covered by such insurance will have priority over the mortgage thereon. If, however, in any case the sum received be less than $100, the bank may pay over such sum to or for the account of the mortgagor upon assurance satisfactory to the bank that such sum will be used for the reconstruction of the building involved and that there will be no lien against such building which would have priority over the mortgage.

§ 10.195 *Application of loss proceeds to mortgage debt.* If the mortgagor fails or refuses to exercise his option in accordance with these regulations, or to comply with all of the conditions of these regulations with respect thereto, or if the mortgage be in process of foreclosure, or if the mortgagor be in default in such manner that the mortgage is subject to foreclosure, the sum received may be retained for application upon the indebtedness secured by such mortgage or as collateral security therefor. Any portion of the sum received which is not used for reconstruction or withheld for cost of appraisal and investigation in accordance with § 10.190 of these regulations may also be retained for application upon the indebtedness or as collateral security therefor.

Section 10.196 is revoked.

§ 10.197 *Conditional release of loss proceeds.* No insurance proceeds may be released unconditionally to a borrower or a junior lienor except for the purpose and under the conditions hereinbefore set forth, unless the remaining security meets the security requirements for a new loan. Exceptions to this requirement may be made only where it is clearly to the best interest of the mortgagee to do so. Where insurance proceeds are released unconditionally to a borrower or junior lienor the procedure governing the release of funds received from the sale of part of the security shall be followed so far as applicable.

These regulations shall become effective July 16, 1943.

PART 701—AGRICULTURAL CONSERVATION PROGRAM [1]

COTTON

Pursuant to the authority vested in the Secretary of Agriculture under sections

[1] Subpart E-1943.

7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended, and in the War Food Administrator by Executive Order No. 9322 as amended by Executive Order No. 9334, the 1943 Agricultural Conservation Program, as amended, is further amended as follows:

Section 701.401 (b) (4) is amended to read as follows:

§ 701.401 *Allotments, yields, and grazing capacities.* • • •

(b) *Cotton.* • • •

(4) "Acreage planted to cotton" means all land seeded to cotton, except that the acreage planted to cotton on any farm shall not exceed the largest of 110 percent of the cotton allotment, the acreage of cotton on the farm when performance is determined, or the acreage of cotton which reaches the stage of growth at which bolls are first formed: *Provided*, That any acreage on which all of the cotton produced is determined to staple 1⅛ inches or more in length will not be considered as planted to cotton. (Cotton produced from pure strains of Sea Island or American-Egyptian seed will be considered to staple 1⅛ inches or more in length, provided all such cotton is ginned on a roller gin.)

Done at Washington, D. C., this 8th day of July 1943.

TITLE 10—ARMY: WAR DEPARTMENT

Chapter I—Aid of Civil Authorities and Public Relations

PART 7—MANUFACTURE OF DECORATIONS

Sections 7.1 to 7.11 inclusive are rescinded and new §§ 7.1 to 7.6 are substituted as follows:

Sec.
7.1 General.
7.2 Use of designs or likenesses of insignia in manufacture of articles for public sale.
7.3 Sales, to whom authorized.
7.4 Sale by War Department for exhibition purposes.
7.5 Use and possession of articles and devices prescribed by War Department.
7.6 Photographing, printing, etc., of decorations, medals, badges, insignia, and identification cards.

AUTHORITY: §§ 7.1 to 7.6 issued under 42 Stat. 1286 as amended by 45 Stat. 437; 10 U.S.C. 1425; 47 Stat. 342 as amended by 53 Stat. 752; 18 U.S.C. 76a, 76b.

SOURCE: These regulations are also contained in AR 600-90, 26 June 1943, the particular paragraphs being shown in brackets at end of sections.

§ 7.1 *General.* The Quartermaster General is designated as the procurement officer for all insignia used or authorized by the War Department for wear by military personnel. All articles of insignia prescribed for wear by such personnel as may be required to purchase their own insignia will be dispensed through Army exchanges and quartermaster sale stores. [Par. 2]

§ 7.2 *Use of designs or likenesses of insignia in manufacture of articles for public sale.* Designs or likenesses of War Department insignia, as distinguished from decorations, medals, and badges, may be incorporated in the manufacture of articles for public sale only after the designs of the articles to be manufactured have been approved, in writing, by the Secretary of War. No article to be manufactured which incorporates a design or likeness of War Department insignia and which proposes the use of strategic metal, will be approved. [Par. 3]

§ 7.3 *Sales, to whom authorized.* (a) Sales of miniature replicas, the fourragere, lapel buttons, clasps, bronze stars, and ribbons will be made only to persons exhibiting the decoration or service medal awarded by the War Department or the certificate of award or official copy of citation order.

(b) Sales of good conduct and service medals, War Department General Staff identification, aviation badges, badges for marksmanship, gunnery, bombing, etc., will be made only to persons exhibiting some official paper or document, such as discharge certificate or true copy thereof, a letter from an officer of the War Department, or other official document, containing definite proof of service or authority to wear.

(c) If the intending purchaser is unable to furnish the evidence required, he should be directed to make application to The Adjutant General for the required proof.

(d) Insignia, including buttons, as distinguished from decorations, medals, and badges prescribed or authorized by the War Department, may be sold by authorized dealers only to persons who present official War Department identification indicating their right to wear such insignia.

(e) Insignia of grade, arm or service may be purchased by members of the State Guard who present official identification of such membership issued by a State adjutant general. The sale of buttons, cap devices, and other insignia authorized for use on uniforms of Federal forces to members of the State Guard is prohibited. [Par. 4]

§ 7.4 *Sale by War Department for exhibition purposes*—(a) *Decorations.* See § 78.7

(b) *Service medals.* See § 78.30.

(c) *Good Conduct Medals.* See § 78.37. [Par. 5]

§ 7.5 *Use and possession of articles and devices prescribed by War Department.* (a) The wearing of any decoration, medal, badge, or insignia prescribed or authorized by the War Department, by any person for whom such decoration, medal, badge, or insignia is not authorized or prescribed, or their use to misrepresent the identification or status of the person by whom worn, is prohibited. Any person who offends against this provision is subject to punishment by a fine not exceeding $250, or by imprisonment not exceeding 6 months, or both. See act 24 February 1923 (42 Stat. 1286) as amended by act 21 April 1928 (45 Stat. 437); 10 U.S.C. 1425.

(b) Except as prohibited in paragraph (a) above, the possession by any person of any of the articles prescribed by the War Department, specified by the acts cited in paragraph (a) above, is authorized, unless such possession is used to defraud or misrepresent the identification or status of the individual concerned.

(c) The articles specified by the acts cited in paragraph (a) of this section, or any distinctive parts or colorable imitation thereof, will not be used by any organization, society, or other group of persons without prior approval of the Secretary of War. [Par. 6]

§ 7.6 *Photographing, printing, etc., of decorations, medals, badges, insignia, and identification cards.* (a) Unless such reproduction brings discredit upon the military service or is used to defraud or to misrepresent the identification or status of an individual, organization, society, or other group of persons, the photographing, printing, or in any other manner making or executing any engraving, photograph, print, or impression in the likeness of any decoration, medal, badge, insignia, or similar article, or of any colorable imitation thereof, of the design prescribed by the Secretary of War for use by any officer of subordinate of the War Department, is authorized.

(b) The reproduction of the likeness of any identification card prescribed by the War Department is not authorized without prior approval of the Secretary of War.

(c) Except when used to illustrate the particular article offered for sale, the use for advertising purposes of any engraving, photograph, print, or impression in the likeness of any War Department decoration, medal, badge, insignia, or similar article is not authorized without the prior approval of the Secretary of War. [Par. 7]

TITLE 30—MINERAL RESOURCES

Chapter VI—Solid Fuels Administration for War

PART 602—GENERAL ORDERS AND DIRECTIVES

[Order 1]

ORDER DIRECTING PRODUCERS, WHOLESALERS, DISTRIBUTORS AND DOCK OPERATORS, TO MAINTAIN AND FILE CERTAIN RECORDS AND INFORMATION

In order to administer the provisions of Executive Order No. 9332 (8 F.R. 5355) and Solid Fuels Administration for War Regulation No. 1 (8 F.R. 5832), it is necessary that certain records be maintained and information and data hereinafter described be filed with the Solid Fuels Administration for War, Washington, D. C.

Accordingly, this order is issued, pursuant to the provisions of Executive Order No. 9332 and Solid Fuels Administration for War Regulation No. 1.

§ 602.21 *Definitions.* (a) "Anthracite" means that coal generally referred to as Pennsylvania anthracite and which is produced in the following counties in Pennsylvania: Carbon, Columbia, Dauphin, Lebanon, Lackawanna, Luzerne, Northhumberland, Schuylkill, Susquehanna and Wayne.

(b) "Person" means any individual, partnership, association, business trust, corporation, Governmental corporation or agency or any organized group of persons, whether or not incorporated.

(c) "Producer" means all persons engaged in the business of mining or preparing anthracite.

(d) "Wholesaler" or "Distributor" means all persons who purchase any amount of anthracite for resale in not less than carload or bargeload lots, or for resale to others for further resale.

(e) "Dock operator" means all persons who purchase or handle for other persons any amount of anthracite, which has been shipped via water.

§ 602.22 *Information and reports to be filed; records to be maintained.* All producers, wholesalers, distributors and dock operators shall, with respect to anthracite, file not later than July 26, 1943, with the Solid Fuels Administrator for War, Department of the Interior, Washington, D. C., the information and data, required by the forms and in accordance with the instructions attached hereto and made a part hereof, and shall maintain such records, invoices, inventories, slips, copies of journal entries, debit, credit, or other memoranda necessary to file the information and data required by the attached forms.

§ 602.23 *Penalties.* Any person who wilfully violates or fails to comply with any provision of this order, or who by any act or omission, makes any statement or entry false in any material respect in any document or report required to be kept or filed under this Order, is guilty of a crime and on conviction may be punished by fine or imprisonment.

§ 602.24 *Effective date of order.* This order shall take effect on the date of issuance.

AUTHORITY: Regulations in this subchapter issued under P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-358]

B. A. CHAPLOW LUMBER COMPANY

B. A. Chaplow Lumber Company is engaged in business at 8675 East Seven-Mile Road, Detroit, Michigan, as a retail vendor of lumber, coal, coke and builders' supplies.

Between September 8, 1942, and October 27, 1942, the company placed orders for substantial quantities of softwood lumber and extended to those orders preference ratings which had not been applied to any orders received by the company from its customers. The company later accepted a substantial portion of this softwood lumber which it had incorrectly ordered. The erroneous extension of these preference ratings and the acceptance of softwood lumber on orders which did not bear valid preference ratings were violations of Conservation Order M-208 as amended and Priorities Regulation No. 3 as amended.

The company also failed to keep and preserve accurate and complete records of its transactions in lumber, and its inventory records of lumber were also inadequate. These actions constituted a violation of Priorities Regulation No. 1 as amended.

The responsible officers of the company had full knowledge of the provisions of Conservation Order M-208, Priorities Regulation No. 1 and Priorities Regulation No. 3; consequently, the violations of these three orders were wilful and have hampered and impeded the war effort of the United States and have diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing: *It is hereby ordered*, That:

§ 1010.358 *Suspension Order No. S-358.* (a) B. A. Chaplow Lumber Company, its successors and assigns, shall not purchase, order or accept deliveries of any softwood lumber as defined in Conservation Order M-208 as amended, unless hereafter specifically authorized in writing by the War Production Board.

(b) No person shall sell, ship or deliver lumber on orders placed by B. A. Chaplow Lumber Company for delivery to it or to any other person, unless hereafter specifically authorized in writing by the War Production Board.

(c) Deliveries of material on orders or contracts placed directly or indirectly by B. A. Chaplow Lumber Company, its successors or assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(d) No allocations shall be made to B. A. Chaplow Lumber Company, its successors or assigns, of any material, the supply or distribution of which is governed by any order of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(e) Nothing contained in this order shall be deemed to relieve B. A. Chaplow Lumber Company, its successors or assigns from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(f) The provisions of this order shall not be applicable to lumber which is actually in transit to the respondent on the effective date of this order, nor which is received, used or required for use in filling orders bearing preference ratings of AA-1 or higher.

(g) This order shall take effect July 13, 1943 and shall expire October 13,

1943, at which date it shall have no further force and effect.

Issued this 8th day of July 1943.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-359]

J. R. MINER

J. R. Miner of Bakersfield, California, while occupied as a carpenter and building contractor began the construction of a nine unit auto court located on U. S. Highway No. 99 at Garden Acres, near Bakersfield, California. This construction was begun after December 5, 1942 and the estimated cost was approximately $10,000, which exceeded the amount permissible under Conservation Order L-41. At the time that he began construction, J. R. Miner was familiar with the provisions of that Order and hence the beginning of construction as aforesaid constituted a wilful violation of Conservation Order L-41. In view of the foregoing: *It is hereby ordered* That:

§ 1010.359 *Suspension Order No. S-359*—(a) Neither J. R. Miner, nor any other person, shall order, purchase, accept delivery of, withdraw from inventory or in any other manner secure or use material or construction plant to continue or complete construction or alteration of said auto court located at Garden Acres, near Bakersfield, California, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve J. R. Miner from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on July 15, 1943.

Issued this 8th day of July 1943.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-361]

NEWBURGH STEEL COMPANY

Newburgh Steel Company is a Michigan corporation engaged in the business of maintaining and operating a warehouse at 2995 Hubbard Avenue, Detroit, Michigan.

During June and July 1942 Newburgh Steel Company accepted, without having a quota therefor, deliveries of steel plate in the amount of 50 tons, and deliveries of hot rolled bars in the amount of 80 tons.

These violations of Supplementary Order M-21-b have hampered and impeded the war effort of the United States. In view of the foregoing: *It is hereby ordered*, That:

§ 1010.361 *Suspension Order No. S-361.* (a) From the effective date of this order through September 30, 1943 Newburgh Steel Company, its successors and assigns, shall not accept deliveries of steel from any steel producer, for sale or resale in the form received, unless hereafter specifically authorized in writing by the War Production Board.

(b) For the purposes of this order, "steel" as used herein shall bear the same meaning as defined in paragraphs (b) of General Preference Orders No. M-21-b-1 and No. M-21-b-2, and shall include any steel purchased from idle or excess inventories as defined in paragraph (d) of General Preference Order No. M-21-b-1 and paragraph (i) of General Preference Order No. M-21-b-2, the provisions of those paragraphs to the contrary notwithstanding.

(c) Nothing contained in this order shall be deemed to relieve Newburgh Steel Company, its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect as of the date of issuance and shall expire on September 30, 1943.

Issued this 8th day of July 1943.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-362]

MORGAN COUNTY RURAL ELECTRIC ASSOCIATION

Morgan County Rural Electric Association is a non-profit corporation organized in 1937 to furnish electric energy to its members. It operates under the supervision of the Rural Electrification Administration. Its headquarters are at Fort Morgan, Colorado. It has erected about 500 miles of electric lines which serve its members, mostly farmers, located in several adjacent counties. From January 1, 1942, to September 30, 1942, the Association made withdrawals from stores and inventories of materials aggregating $75,728.42, in violation of Preference Rating Order No. P-46. During the same period the Association accepted deliveries of materials before its inventory and stores of items of materials of the same class had been reduced to a practicable working minimum, in violation of Preference Rating Order No. P-46. During each calendar quarterly period from January 1, 1942, to September 30, 1942, the Association accumulated inventories of materials for use in its operations of a value of $105,842.46. Its practicable minimum working inventory reasonably necessary to carry on its operations did not then, and does not now, exceed $10,000. This inventory was increased to $107,838.00 by December 31, 1942, while an investigation of the Association was being made by War Production Board, with the knowledge of the Association. These acts constituted wilful and significant violations of Preference Rating Order No. P-46 and of Priorities Regulation No. 1, with which the superintendents, officers and directors of Morgan County Rural Electric Association were familiar during 1942.

Scarce materials were accumulated by the respondent to an extent unauthorized by the War Production Board, and these violations have hampered and impeded the war effort of the United States. In view of the foregoing: *It is hereby ordered*, That:

§ 1010.362 *Suspension Order No. S-362.* (a) Morgan County Rural Electric Association shall dispose of its inventories of supplies and materials through, or in the manner specifically authorized in writing by, the Denver Regional Office of the Utilities Inventory Control Branch of the Office of War Utilities of the War Production Board, to the extent that the inventories will be reduced to a practicable minimum working inventory, as prescribed in War Production Board Utilities Orders Nos. U-1 and U-1-c: *Provided*, That the reduced inventory shall not at any time exceed $10,000 in the aggregate value, unless hereafter specifically authorized in writing by the War Production Board.

(b) Until the inventories of materials and supplies of Morgan County Rural Electric Association have been reduced to a practicable minimum working inventory, as above provided, deliveries of supplies and materials to the Association, its successors or assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference ratings shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders, or any orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board: *Provided, however*, That if at any time certain items of materials or supplies are not then in the inventory of the Association, and are required in its operations, the Association may be authorized to apply or extend ratings and to issue orders to obtain those items upon receiving specific authorization in writing from the Regional Director of the Denver Regional Office of the War Production Board. The Regional Director of the Denver Regional Office of the War Production Board is hereby delegated authority to authorize the purchase and receipt by Morgan County Rural Electric Association of materials or supplies required for its operations but not in its inventory, and to apply or extend the necessary ratings to consummate such purchases.

(c) Nothing contained in this order shall be deemed to relieve Morgan County Rural Electric Association, its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect as of the date of issuance.

Issued this 8th day of July 1943.

PART 1050—DISTILLED SPIRITS

[Amdt. 1 to General Preference Order M-69, as Amended Oct. 13, 1942]

Section 1050.1 (General Preference Order M-69) is hereby amended in the following respects:

1. By renumbering paragraphs (f) and (g) to read "(g)" and "(h)".

2. By adding a new paragraph (f) reading:

(f) *Directions as to use of materials.* War Production Board may from time to time issue directions to producers as to the kinds of raw materials which may be used in the production of distilled spirits or high wines.

PART 1041—PRODUCTION, TRANSPORTATION, REFINING AND MARKETING OF PETROLEUM

[Preference Rating Order P-98-b as Amended July 9, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of critical materials for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1041.2 *Preference Rating Order P-98-b.*

Purpose and Scope

(a) *Purpose.* The purpose of this order is to make available methods by which an operator may acquire deliveries of material for essential production and construction operations as well as for maintenance or repair purposes or as operating supplies. This order also applies to the use of material in certain construction operations and establishes uniform standards by which operators in the petroleum industry may obtain and use their necessary material requirements for the effective continuance of necessary petroleum industry operations.

From time to time supplementary orders or directions will be issued to operators covering the use of allotment numbers, symbols or preference ratings or the delivery or use of material and informing them of modifications in the programs and policies of the War Production Board or the Petroleum Administration for War.

(b) *Definitions.* (1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Operator" means:

(i) Any person located in the United States, its territories or possessions to the extent that he is engaged in the petroleum industry (Domestic operator); or

(ii) Any person located in the Dominion of Canada to the extent that he is engaged in the petroleum industry and to whom and in whose name a copy of this order or of Preference Rating Order P-98, Extended and Amended, is or has been specifically issued and to whom a serial number has been assigned (Canadian operator).

(3) "Supplier" means any person with whom a delivery order is placed for delivery of material to an operator or to another supplier.

(4) "Petroleum" means petroleum, petroleum products and associated hydrocarbons, including but not limited to natural gas.

(5) Except as provided in Schedule B hereof, "petroleum industry" means any operation directly incident to:

(i) The discovery, development or depletion of petroleum pools (production);

(ii) The extraction or recovery of natural gasoline and associated hydrocarbons (natural gasoline production);

(iii) The transportation, movement, loading or unloading of petroleum other than natural gas (transportation);

(iv) The processing, refining or compounding of finished or unfinished petroleum products (refining);

(v) The distribution or dispensing of petroleum products (other than natural gas) and the storing of petroleum products incident thereto (marketing);

and shall include for each of the above listed branches of the industry, to the extent applicable therein, the investigation into more efficient or more effective methods of conducting petroleum industry operations by means of research or technical laboratories.

(6) "Material" means any commodity, equipment, accessory, part, assembly, or product of any kind.

(7) "Production operation" means any use of material for construction, expansion, improvement, reconstruction, remodeling, alteration, maintenance, repair, or replacement incident to production.

(8) "Construction operation" means any use of material for construction, expansion, improvement, reconstruction, remodeling, alteration, maintenance, repair, or replacement incident to natural gasoline production, transportation, refining or marketing.

(9) "Maintenance or repair" means that use of material specified in Schedule A hereof.

(10) "Operating supplies" means any material (other than material used for maintenance or repair purposes) which is essential to and consumed in the petroleum industry and which is normally carried by an operator as operating supplies or which is normally chargeable to operating expense.

(11) "Research laboratory material" means material used exclusively for the purpose of carrying out investigations into more efficient or more effective methods of conducting petroleum industry operations by means of research or technical laboratories, except that such material shall not include material for use in the construction of laboratory buildings or other structures.

(12) "Controlled material", "Class A product" and "Class B product" shall have the same meanings, respectively, as in CMP Regulation No. 1 of the War Production Board.

(13) "Allotment" means a determination by the Petroleum Administration for War or a further determination by any operator or secondary consumer as to the portion of its allotment of controlled materials which may be received by an operator or a secondary consumer, as the case may be.

(14) "Delivery order" means any purchase order, contract, release or shipping instruction which constitutes a definite and complete instruction from a purchaser to a seller calling for delivery of any material or product. The term does not include any contract, purchase order, or other arrangement which, although specifying the total amount to be delivered, contemplates that further instructions are to be given.

(15) "Authorized controlled material order" means any delivery order for any controlled material as such (as distinct from a product containing controlled material) which is placed pursuant to an allotment as provided in paragraph (j) of this order or which is specifically designated to be such by any regulation or order of the Petroleum Administration for War or the War Production Board.

NOTE: Paragraphs (12) through (15) redesignated July 9, 1943.

(c) *Restrictions on scope of order.* (1) No operator may use an allotment number or symbol or apply a preference rating to secure delivery of any material which may be acquired under this order other than in accordance with the applicable provisions of this order: *Provided, however*, That an operator who, but for the terms of this subparagraph, would be required by Priorities Regulation No. 9 to utilize the method provided in that regulation to obtain priorities assistance for export, shall continue to obtain priorities assistance in the manner provided by Priorities Regulation No. 9, as amended from time to time.

(2) No operator may apply a preference rating to obtain delivery of any material specified or referred to on Schedule "C" except in conformity with the directions set forth on that schedule.

(3) Any allotment number or symbol issued or any preference rating assigned to any operator prior to May 15, 1943 shall not be considered revoked by the provisions of subparagraph (1) of this paragraph (c).

MRO Material

(d) *Method of securing MRO material and laboratory equipment.* (1) To secure delivery of research laboratory material or material for maintenance or repair purposes or as operating supplies—including without limitation controlled materials, Class A, or Class B products—an operator is hereby authorized to use allotment symbol MRO–P–98–b and a preference rating of AA–1, except for such material to be used in retail marketing (service station operations), to secure the delivery of which a preference rating of AA–5 is hereby authorized. Material delivered or to be delivered for use as research laboratory material, or for maintenance or repair purposes or as operating supplies is referred to as "MRO material".

(2) In placing an allotment symbol and preference rating on a delivery order for MRO material, the operator shall endorse upon such delivery order the certification provided in paragraph (l).

(3) Any operator requiring aluminum (in any of the forms or shapes constituting a controlled material) as essential MRO material, where the use of other material for this purpose is impracticable, may obtain such aluminum from a controlled materials producer or from an approved aluminum warehouse in amounts of not to exceed 100 pounds from all sources during any one calendar quarter, only by endorsing upon any delivery order the certification provided in paragraph (l).

Any operator requiring aluminum as essential MRO material (in any of the forms or shapes constituting a controlled material) in amounts in excess of 100 pounds from all sources during any one calendar quarter, where the use of other material for this purpose is impracticable, may apply for an allotment of the amount thereof in excess of 100 pounds during any one calendar quarter by a letter addressed to the Aluminum and Magnesium Division, War Production Board, Washington, D. C., Ref: MRO. Such letter should contain substantially the information called for by paragraphs (d) (1) to (d) (6) of Supplementary Order M–1–l, as amended March 10, 1943. Such operator may place authorized controlled material orders, based on any allotment received pursuant to such application, with a controlled materials producer or an approved aluminum warehouse only by using the certification provided in paragraph (l).

(4) Prior to placing with a supplier a delivery order for MRO material bearing the certification provided in paragraph (l), each operator shall submit copies of delivery orders to the Petroleum Administration for War or the Office of Oil Controller, as follows:

(i) Where Schedule D is applicable, submission shall be made in the manner and to the places specified therein. If Schedule D is not applicable:

(ii) Where the total cost to the operator of all items on the delivery order is $100.00 or more, but less than $1000.00, and the cost of every item on the delivery order is less than $500.00, *one* copy of such delivery order shall be submitted.

(iii) Where the total cost to the operator of all items on the delivery order is $1000.00 or more and the cost of every item on the delivery order is less than $500.00, *two* copies of such delivery order shall be submitted.

(iv) Where the cost to the operator of any item on the delivery order is $500.00 or more, *two* copies of such delivery order shall be submitted.

No delivery order need be submitted by an operator where the total cost to the operator of all items on the delivery order is less than $100.00.

When the delivery order is for MRO material to be used in production, a domestic operator shall submit such delivery order to the district office of the Petroleum Administration for War in the district where the material is to be used. When the delivery order is for MRO material to be used in any other branch of the industry, a domestic operator shall submit such delivery order: (a) to a district Office of the Petroleum Administration for War (in the district in which the material will be used or in which the purchasing office of the operator is located, as the operator may elect) where such delivery order is to be submitted in accordance with paragraphs (d) (4) (ii) or (d) (4) (iii); or (b) to the Washington Office of the Petroleum Administration for War where such delivery order is to be submitted in accordance with paragraph (d) (4) (iv). A Canadian operator shall, in every instance, submit such delivery order to the Office of Oil Controller of the Dominion of Canada.

Each such delivery order submitted to the Petroleum Administration for War or the Office of Oil Controller shall have endorsed upon it or be accompanied by a statement identifying the specific use to which the material is to be put, the branch of the petroleum industry and the PAW District in which the material is to be used, the price, quantity and description of the material on the delivery order (including weight if a controlled material), and, where applicable, such additional information as may be necessary to enable the proper official to make an accurate determination of the operator's needs.

(5) No operator may place with a supplier any delivery order submitted in accordance with paragraph (d) (4) (iii) or (d) (4) (iv) until approval has been received from the Petroleum Administration for War or the Office of Oil Controller.

(6) In placing a delivery order bearing an allotment symbol or preference rating, no operator shall alter the customary designation of any item or subdivide an ordinary purchase of any item or items for the purpose of making it appear that an item costs less than $500.00; that the total cost of all items on the delivery order is less than $1000.00; or that the total cost of all items on the delivery order is less than $100.00.

(e) *Emergency provisions for securing MRO material.* (1) If there has been an actual breakdown or suspension of operations and if the method specified in paragraph (d) for using the allotment symbol, preference rating or certification will not permit an operator to obtain MRO material on the date and in the quantity required, the operator may request authority to obtain delivery of such material by communicating by letter, telegram or telephone with the Petroleum Administration for War, Washington, D. C., Ref: P–98–b, supplying the following information:

(i) Date of actual breakdown or suspension of operations and exact explanation as to what extent operations are affected;

(ii) Description of equipment to be repaired and its function in maintaining continuous operation;

(iii) Price, quantity, and detailed description of necessary material (including weight if a controlled material) and number and date of delivery order(s) therefor.

Whenever any of the above information is furnished by telephone, the operator shall confirm such information within three days by a letter or telegram. No delivery order for MRO material for emergencies need be submitted.

(2) No operator may place with a supplier a delivery order, covering the delivery of material for which approval has been requested pursuant to paragraph (e) (1), until approval has been received from the Petroleum Administration for War or the War Production Board. In placing any such delivery order after receipt of approval, the operator shall use the certification provided in paragraph (l).

Material for Production Operations

(f) *Method of securing material for production operations.* (1) Any domestic operator, who during the year 1942 drilled 40,000 feet of hole or more, may apply for authority to obtain delivery of any material (other than MRO material) requiring the use of an allotment number or preference rating, which material is for a production operation, only by submitting to the district office of the Petroleum Administration for War in the district where the material is to be used Form WPB–2565 [formerly PD–873] at least four months prior to the calendar-quarter in which such material is to be delivered. Notwithstanding this provision, any such operator may request interim assistance to obtain additional quantities of material for a production operation, or any domestic operator who during the year 1942 drilled less than 40,000 feet of hole, may apply for authority to obtain delivery of any material (other than MRO material) requiring the use of an allotment number or preference rating for a production operation, only by submitting to the district office of the Petroleum Administration for War in the district where the material is to be used Form WPB–2565 [formerly PD–873] not less than one month prior to the time the operator proposes to initiate or to obtain delivery of material for such production operation.

(2) Any Canadian operator may apply for authority to obtain delivery of any material (other than MRO material) requiring the use of an allotment number or preference rating, which material is for a production operation, only by submitting to the Office of Oil Controller of the Dominion of Canada Form WPB–2565 [formerly PD–873] not less than one month prior to the time the operator proposes to initiate or to obtain delivery of material for such production operation.

(3) Submission of Form WPB–2565 [formerly PD–873] to the Petroleum Administration for War or the Office of Oil Controller shall constitute an application for an allotment of controlled materials, an application for an allotment number and preference rating, and, subject to the applicable provisions of Petroleum Administrative Order No. 11, as amended and supplemented from time to time, an application for authority to use an allotment number and preference rating to secure delivery of material necessary for the production operation(s) specified on such form. The Petroleum Administration for War or the Office of Oil Controller may thereafter make an allotment and authorize the use of an allotment number and preference rating to secure delivery of material necessary for the production operation(s) specified on such form. Such allotment and authorization will be made on Form WPB–2565 [formerly PD–873].

(4) In the event that authority to use an allotment number and preference rating is granted to the operator, the operator may use such allotment number and preference rating by placing them upon the delivery order for material to be used in the production operation(s) specified on Form WPB–2565 [formerly PD–873] and by certifying the delivery order as provided in paragraph (l).

(5) Prior to placing with a supplier a delivery order bearing an allotment number and preference rating for the delivery of any material (other than MRO material) to be used in a production operation, each operator shall submit copies of delivery orders to the Petroleum Administration for War or the Office of Oil Controller, as follows:

(i) Where the total cost to the operator of all items on the delivery order is $100.00 or more, but less than $1000.00, and the cost of every item on the delivery order is less than $500.00, one copy of such delivery order shall be submitted.

(ii) Where the total cost to the operator of all items on the delivery order is $1000.00 or more or where the cost to the operator of any item on the delivery order is $500.00 or more, two copies of such delivery order shall be submitted.

No delivery order need be submitted by an operator where the total cost to the operator of all items on the delivery order is less than $100.00.

A domestic operator shall submit such delivery order to the District Office of the Petroleum Administration for War in the District where the material is to be used. A Canadian operator shall submit such delivery order to the Office of Oil Controller of the Dominion of Canada.

Each such delivery order submitted to the Petroleum Administration for War or the Office of Oil Controller shall have endorsed upon it or be accompanied by a statement identifying the serial number of the Form WPB 2565 (formerly PD–873) which was returned to him as authority to acquire the material, the specific use to which the material is to be put, and the price, quantity and description of material on the delivery order.

(6) No operator may place with a supplier any delivery order submitted in accordance with paragraph (f) (5) (ii) until approval has been received from the Petroleum Administration for War or the Office of Oil Controller.

(7) In placing a delivery order bearing an allotment number and preference rating for material to be used in a production operation, no operator shall alter the customary designation of any item or subdivide an ordinary purchase of any item or items for the purpose of making it appear that an item costs less than $500.00; the total cost of all items on the delivery order is less than $1000.00; or the total cost of all items on the delivery order is less than $100.00.

Material for Construction Operations

(g) *Authorization required for certain construction operations.* No operator may accept delivery of, acquire, or use material in a construction operation except in accordance with Schedule E hereof.

(h) *Method of securing material for construction operations.* (1) Any domestic operator may apply for authority to obtain delivery of material (other than MRO material) requiring the use of an allotment number or preference rating, which material is for a construction operation, only by submitting to the Petroleum Administration for War those forms at such times as may be specified in Schedule E hereof. Any Canadian operator may apply for authority to obtain delivery of material (other than MRO material) requiring the use of an allotment number or preference rating, which material is for a construction operation, only by submitting to the Office of Oil Controller of the Dominion of Canada those forms at such times as may be specified in Schedule E hereof.

(2) Submission of the proper form for a specific construction operation as specified in Schedule E hereof shall constitute an application for an allotment of controlled material, an application for an allotment number and preference rating, an application for authority to use an allotment number and preference rating, and, subject to the applicable provisions of Schedule E hereof, an application for authorization to accept delivery of or acquire material and to initiate the construction operation(s) specified in the form submitted. The Petroleum Administration for War, the Office of Oil Controller, or the War Production Board may thereafter make an allotment and authorize the use of an allotment number and preference rating to secure delivery of material necessary for the construction operation(s) specified in or authorized pursuant to an application submitted in accordance with Schedule E hereof.

(3) In the event that authority to use an allotment number and preference rating is granted to the operator, the operator may use such allotment number and preference rating by placing them upon the delivery order for material to be used in the specified construction operation(s) and by certifying the delivery order as provided in paragraph (l).

(4) Preference ratings assigned to construction operation(s) may be applied or extended only for the purpose of acquiring those items of material specifically approved in connection with the construction operation(s) specified in or authorized pursuant to an application submitted in accordance with Schedule E hereof; and authorized controlled material orders may be placed only for the purpose of acquiring those items of controlled material specified for use in the construction operation(s).

(5) Any application upon the required form specified in Schedule E hereof for a construction operation located in the United States, its territories or possessions shall be submitted to the Petroleum Administration for War, Washington, D. C., or to such other place as may be specifically designated in Schedule E hereof. Any such application for a construction operation located in the Dominion of Canada shall be submitted to the Office of Oil Controller of the Dominion of Canada.

Allotments, Placement of Orders, General

(i) *Allotments in production or construction operations.* In certain instances an operator, who has obtained the necessary allotment of controlled materials for a production or construction operation, may require the manufacture and installation of certain Class A products or may undertake the construction operation through a construction contractor. In either case it may be necessary for the operator to allot a portion of his allotment to the Class A product manufacturer or to the contractor (each of whom then becomes a secondary consumer) for reallotment or the placement of controlled material orders. Any operator making such an allotment shall follow the procedures established therefor in CMP Regulation No. 1, except as otherwise modified by this order. A secondary consumer who receives any such allotment shall not be bound by the provisions of this order and must rely upon existing procedures other than those established by this order in securing necessary material.

(j) *Placement of delivery orders; application of preference ratings.* (1) An operator who has complied with the provisions of paragraph (d), (e), (f) or (h)

of this order may place a delivery order with any supplier for delivery of material authorized pursuant to such paragraph and may place upon such delivery order the allotment number or symbol and preference rating which have been duly authorized in accordance with the provisions of this order.

(2) Any delivery order rated under this order shall be identified by placing thereon the allotment number or symbol authorized pursuant to the provisions of this order. Any delivery order rated pursuant to this order and bearing the certification provided for in this order shall have the same status as an order bearing an allotment number or symbol and preference rating under CMP Regulation No. 3. The allotment symbol MRO–P–98–b shall constitute an allotment symbol for the purpose of CMP Regulation No. 3.

(3) Any delivery order for controlled materials placed pursuant to this order and bearing the certification provided for in this order shall constitute an authorized controlled material order: *Provided*, That such delivery order must be in sufficient detail to permit entry on mill schedules and must be received by the controlled materials producer at such time in advance as is specified in Schedule III of CMP Regulation No. 1, or at such later time as the controlled materials producer may find it practicable to accept the same.

(4) The allotment number referred to in this paragraph (j) or endorsed upon any delivery order bearing the certification provided for in this order shall be the abbreviated allotment number prescribed by paragraph (c) (6) (ii) of CMP Regulation No. 1, including as the last two digits, the number of the month in which delivery is requested in place of the number identifying the quarter for which the allotment received is valid.

(k) *Use, cancellation, or reduction of allotments.* (1) When an allotment received by an operator is not reallotted, or authorized controlled material orders therefor are not placed, within 30 days of receiving the allotment, the operator shall promptly notify the Petroleum Administration for War in Washington, D. C., or the Office of Oil Controller in Toronto, Canada, of this fact and of the extent to which the allotment has not been reallotted or authorized controlled material orders therefor have not been placed. In the event that an operator elects not to use an allotment which has been received by him, he shall, within 30 days of receiving the allotment, notify the Petroleum Administration for War in Washington, D. C. or the Office of Oil Controller in Toronto, Canada of this fact and of the extent to which he has elected not to use the allotment, together with the reasons therefor.

(2) An operator who has made an allotment may cancel or reduce the same by notice in writing to the person to whom it was made. Where an allotment received by an operator is cancelled, he must cancel all allotments which he has made and all authorized controlled material orders which he has placed, on the basis of the allotment; and where an allotment received by an operator is reduced, he must cancel or reduce allotments which he has made, or authorized controlled material orders which he has placed, to the extent that the same exceed his allotment as reduced. In the event that this course of action is impracticable, the operator shall immediately report to the Petroleum Administration for War or the Office of Oil Controller for instructions.

(l) *Certification.* An operator may use any allotment number or symbol or preference rating authorized pursuant to this order only by endorsing upon his delivery order a certification in substantially the following form, signed manually or as provided in Priorities Regulation No. 7:

> The undersigned purchaser certifies, subject to the penalties of section 35A of the United States Criminal Code, to the seller and to the War Production Board, that, to the best of his knowledge and belief, the undersigned is authorized under applicable War Production Board regulations or orders to place this delivery order, to receive the item(s) ordered for the purpose for which ordered, and to use any preference rating or allotment number or symbol which the undersigned has placed on this order.

This certification may be used in lieu of any other certification required by any CMP regulation to be endorsed on a delivery order or to be furnished therewith. Any certification provided for in this order, so used, shall be construed to be a representation of facts in the same manner and to the same extent as any specific certification required by any CMP regulation.

(m) *Restoration of inventories.* An operator may, subject to the provisions of this order, use the allotment number or symbol and the preference rating duly authorized in accordance with the provisions of this order to restore to a practical working minimum his inventory of material where the inventory has been depleted through use of MRO material or material necessary to a production or construction operation: *Provided*, That no delivery of material which would result in surplus material, as defined in Preference Rating Order P–98–c, may be accepted by any operator.

(n) *Restrictions.* No operator may use the allotment number or symbol or the preference rating duly authorized in accordance with the provisions of this order:

(1) To obtain delivery of material in greater amounts or on earlier dates than required to fulfill the purpose authorized pursuant to the provisions of this order.

(2) To obtain delivery of material for any purpose other than a purpose authorized pursuant to the provisions of this order.

(3) To obtain delivery of material which can be secured without the use of an allotment number or symbol or preference rating.

(4) To obtain delivery of material the use of which could be eliminated without serious loss of efficiency by substitution of less scarce material, or by change of design.

(5) To obtain delivery of material in such amounts or at such dates that receipt of such amounts on the requested dates would result in surplus material, as defined in Preference Rating Order P–98–c.

(6) To obtain deliveries of material on or after August 1, 1943 unless such operator is a participant in the PAW Materials Redistribution Program No. 2 in the event that participation by the operator in such program is required by the terms of the program.

(o) *Applicability of other orders and regulations.* (1) This order and all transactions affected hereby, except as herein otherwise provided, are subject to all applicable orders or regulations of the War Production Board, as amended from time to time.

(2) None of the provisions of CMP Regulation Nos. 2, 5, or 6 (or the limitations incorporated in any CMP regulation which otherwise would subject an operator to the provisions of CMP Regulation Nos. 2, 5, or 6) shall apply to an operator and no operator shall obtain any material under or be limited by the provisions of such regulations or limitations. The provisions of paragraphs (i), (s), (s–1) and (u) of CMP Regulation No. 1 shall not apply to an operator who secures delivery of material in accordance with the provisions of this order and no such operator shall to this extent be limited by the provisions of these paragraphs of CMP Regulation No. 1. None of the provisions of Limitation Order L–41, as amended from time to time, shall apply to an operator as such operator is limited by the provisions of such order.

(p) *Further limitations on use of priorities assistance.* The Petroleum Administration for War may issue in its own name further restrictions or limitations on the use of priorities assistance by operators in the petroleum industry.

(q) *Communications.* All reports which may be required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed:

(1) By any person located in the United States, its territories or possessions to: Petroleum Administration for War, Interior Building, Washington, D. C., Ref: P–98–b.

(2) By any person located in the Dominion of Canada to: Office of Oil Controller, Dominion of Canada, Toronto, Canada, Ref: P–98–b.

Wherever communications are specifically directed to be addressed to a District Office of the Petroleum Administration for War such communications shall be addressed to the District Office for the appropriate area as specified in Schedule F hereof.

(r) *Violations.* Any person who wilfully violates any provision of this order or who wilfully furnishes false information to the Petroleum Administration for War or the War Production Board in connection with this order is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance by the War Production Board.

NOTE: Paragraphs (q) and (r) redesignated July 9, 1943.

Issued this 9th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

"Maintenance or repair" means, without regard to accounting practice, any use of material:

(1) In production, natural gasoline production, transportation or refining for any of the following purposes:

(i) The upkeep of material or equipment in a sound working condition;

(ii) The restoration of material or equipment which has been rendered unsafe or unfit for service by wear and tear, damage, destruction, failure of parts or similar causes; or

(iii) Any other production or construction operation not exceeding in material cost $500 for any one complete operation which has not been subdivided for the purpose of coming within this definition:

Provided, That upkeep or restoration shall not include any use of material for the improvement of material or equipment by the replacement of material which is still serviceable in the existing material or equipment: *And provided further*, That maintenance or repair shall not include the installation or replacement of pumping or other artificial lifting equipment or the deepening or plugging back of any well.

(2) In marketing for any of the following purposes:

(i) The upkeep of any structure or equipment in a sound working condition;

(ii) The restoration of any structure or equipment or part thereof to a sound working condition when such structure or equipment or part thereof has been rendered unsafe or unfit for further service by wear or tear, damage, destruction, failure of parts or similar causes; or

(iii) Any other construction operation in connection with any bulk plant (but not any service station or retail outlet) not exceeding in material cost $500 for any one complete operation which has not been subdivided for the purpose of coming within this definition:

Provided, That upkeep or restoration shall not include any use of material for the improvement of any structure or equipment by the replacement of material which is still serviceable in the existing structure or equipment: *And provided further*, That maintenance or repair shall not include any construction operation in connection with a service station or retail outlet other than for upkeep or restoration purposes.

SCHEDULE B—NON-PETROLEUM INDUSTRY USES OF MATERIAL

Other than as specifically provided for in this schedule, use of the following material shall not be considered as a use of material in the petroleum industry:

(a) Material or equipment which is to be used by consumer accounts for or in the storage or dispensing of petroleum, including liquefied petroleum gas.

(b) Material or equipment which is to be used for transportation by means of a tank truck or trailer, railroad rolling stock, or marine equipment: *Provided*, That:

(1) Where material is to be used on a tank truck or trailer and is specialized petroleum material or equipment which is actually to be attached to the truck or trailer and is necessary to the containing, dispensing, measuring the movement, or distributing of petroleum, such use shall be considered a use of material in the petroleum industry.

(ii) Where material is to be used on railroad rolling stock and the rolling stock is owned or leased by the operator, used on his premises and in the petroleum industry, and is not under the jurisdiction of the Interstate Commerce Commission, such use shall be considered a use of material in the petroleum industry.

(iii) Where material is to be used on marine equipment and the marine equipment is used or chartered by the operator, is used on or in the vicinity of his premises and in the petroleum industry, and is not under the jurisdiction of the United States Maritime Commission, the Navy Department, or any other federal agency for the purpose of establishing methods by which material incident to the operation of the marine equipment may be made available, such use shall be considered a use of material in the petroleum industry.

(c) Material or equipment which is to be used in connection with a construction operation for "residential construction" or "multiple residential construction", as defined in Limitation Order L–41, as amended from time to time.

SCHEDULE C—SPECIAL DIRECTIONS CONCERNING CERTAIN MATERIAL AND EQUIPMENT USED IN THE PETROLEUM INDUSTRY

NOTE: Schedule C amended July 9, 1943.

An operator may apply a preference rating to obtain delivery of the material specified on Lists A, B and C of Priorities Regulation No. 3, as amended from time to time, only in accordance with paragraph (f) of Priorities Regulation No. 3. Each operator should acquaint himself fully with the new Priorities Regulation No. 3, before applying preference ratings made available by P–98–b.

SCHEDULE D

Because of the over-all materials situation, it has been necessary in exceptional instances to develop specialized treatment for certain types of material. In certain instances, special treatment is necessary only for the purpose of developing requirements to assure sufficient supplies to operators. Material of this character is treated in Part I of this schedule.

In other instances, the critical shortage of particular materials and the universal importance of such materials to the war program have required more complete control than ordinarily required by this order. Material of this character is treated in Part II of this schedule.

The schedule has been so arranged as to provide a flexible medium whereby as the status of important classes of material alters, particular classes can be added to or subtracted from the lists—thus adjusting the material demand and supply picture to the needs of petroleum industry operators.

PART I—MATERIAL REQUIRING SUBMISSION OF DELIVERY ORDER FOR INFORMATION ONLY

(a) Prior to placing with a supplier a delivery order (for the MRO material specified in (b) of Part I of this schedule) bearing the certification provided in paragraph (l), each operator shall submit for information purposes only (to the district office of the Petroleum Administration for War in the district where the material is to be used or the Office of Oil Controller) one copy of any delivery order for such material unless the total cost to the operator of all items on the delivery order is less than $100.00. No delivery order need be submitted by an operator where the total cost to the operator of all items on the delivery order is less than $100.00.

(b) Specified MRO material:

(i) Aluminum allotted pursuant to application made to the Aluminum and Magnesium Division of the War Production Board.

(ii) Rotary bits.

(c) In placing a delivery order bearing an allotment symbol or preference rating, no operator shall alter the customary designation of any item specified in Part I, (b) of this schedule or subdivide an ordinary purchase of any item or items specified in Part I, (b) of this schedule for the purpose of making it appear that the total cost of all items on the delivery order is less than $100.00.

PART II—MATERIAL REQUIRING PRE-SUBMISSION OF DELIVERY ORDER

(a) Prior to placing with a supplier a delivery order (for the MRO material specified in (b) of Part II of this schedule) bearing the certification provided in paragraph (l), each operator shall submit for approval two copies of any delivery order for such material where the total cost to the operator of all items on the delivery order is $100.00 or more. No delivery order need be submitted by an operator where the total cost to the operator of all items on the delivery order is less than $100.00.

When the delivery order is for the MRO material specified in Part II, (b) to be used in production, a domestic operator shall submit such delivery order to the district office of the Petroleum Administration for War in the district where the material is to be used. When the delivery order is for such MRO material to be used in any other branch of the industry, a domestic operator shall submit such delivery order: (a) to a district office of the Petroleum Administration for War (in the district in which the material will be used or in which the purchasing office of the operator is located, as the operator may elect) where the total cost of all items on the delivery order is $100.00 or more and the cost of every item on the delivery order is less than $500.00; or (b) to the Washington Office of the Petroleum Administration for War where the cost of any item on the delivery order is $500.00 or more. A Canadian operator shall, in every instance, submit such delivery order to the Office of Oil Controller of the Dominion of Canada.

Each delivery order submitted to the Petroleum Administration for War or the Office of Oil Controller shall have endorsed upon it or be accompanied by a statement identifying the specific use to which the material is to be put, the branch of the petroleum industry and the PAW district in which the material is to be used, the price, quantity and description of the material on the delivery order (including weight if a controlled material), and, where applicable, such additional information as may be necessary to enable the proper official to make an accurate determination of the operator's needs.

(b) Specified MRO material:

(i) Cast iron valves over 12 inches.

(ii) Industrial control instruments including relief and control valves and regulators.

(iii) Steel valves.

(c) No operator may place with a supplier a delivery order, covering the delivery of material for which approval has been requested pursuant to (a) of Part II of this schedule, until approval has been received from the Petroleum Administration for War.

(d) In placing a delivery order bearing an allotment symbol or preference rating, no operator shall alter the customary designation of any item specified in Part II, (b) of this schedule or subdivide an ordinary purchase of any item or items specified in Part II, (b) of this schedule for the purpose of making it appear that an item costs less than $500.00 or that the total cost of all items on the delivery order is less than $100.00.

SCHEDULE E

This schedule both describes and determines how to obtain the delivery of material for and authority to use material in construction operations.

Schedule E shall not determine the methods by which an operator obtains delivery of, acquires or uses MRO material or material for production operations. Requirements governing the use of priorities assistance to secure delivery of and use MRO material are treated in paragraphs (d) and (e) and Schedules A, C, and D. Requirements governing the use of priorities assistance to secure delivery of material for production operations are treated in paragraph (f); the use of material in production operations is covered in PAO No. 11.

The requirements in this schedule with respect to applications for authorization to accept delivery of or acquire material and to initiate a construction operation (but not with respect to obtaining priorities assistance) do not apply to any Canadian operator.

For the purpose of this Schedule E, "material on hand" means any material

(1) which has been or can be obtained without priorities assistance (other than priorities assistance assigned by paragraph (b) (1) of M-208); or

(2) which has been acquired with priorities assistance (other than priorities assistance made available by this order to secure delivery of MRO material) for a purpose other than use in the construction operation for which application must be made on the appropriate form specified in Column (4) below; and

(1) Petroleum industry operations	(2) Construction operations covered by this schedule	(3) Extent of authorization required and method of obtaining authorization	(4) Use form below to obtain authority to engage in a construction operation, if required	(5) Use form below to obtain priorities assistance	(6) Order which governs the need to obtain authority
Marketing	Any construction operation, as defined in P-98-b, to the extent covered by PAO No. 12	(1) Authority is granted by PAO No. 12 to undertake certain construction operations and installations of equipment. As to such operations or installations, no action need be taken. (2) Authority must be obtained before undertaking any construction operation or installation of equipment other than those specifically permitted by PAO No. 12. To request authority, file PAW Form 23 with the District Director of Marketing at the PAW District Office for the District in which the material will be used.	PAW Form 23	Form WPB-617 [formerly PD-200].	PAO No. 12.
Natural gasoline production.	Any construction operation as defined in P-98-b (any production operation as defined in PAO No. 11 directly incident to the extraction or recovery of natural gasoline and associated hydrocarbons).	Authority must be obtained under PAO No. 11 before engaging in any such construction operation. To request authority, file PAW Form 4 as follows: 3 copies with the Director of Natural Gas & Natural Gasoline, Petroleum Administration for War, Washington, D. C. 1 copy with the District Director of Natural Gas & Natural Gasoline, Petroleum Administration for War District Office.	PAW Form 4	Form WPB-617 [formerly PD-200].	PAO No. 11.
Refining or transportation.	(a) Any construction operation, as defined in P-98-b, with an estimated material cost of less than $3,000 for any one complete operation, which can be completed primarily with material on hand.	Any operator, to the extent that he is engaged in refining or transportation, may undertake any construction operation as described and limited in Column (2) (a) without obtaining any authority to do so.	----------	----------	P-98-b Schedule E.
	(b) Any construction operation, as defined in P-98-b, with an estimated material cost of $3,000 or more for any one complete operation, which can be completed primarily with material on hand.	No operator, to the extent that he is engaged in refining or transportation, may undertake any construction operation described and limited in Column (2) (b) unless he obtains prior authority to do so. To request such authority, file Form WPB-617 [formerly PD-200] with the Petroleum Administration for War, Washington, D. C.	Form WPB-617 [formerly PD-200].	----------	P-98-b Schedule E.
	(c) Any construction operation, as defined in P-98-b, the delivery of material for which will require priorities assistance.	No operator, to the extent that he is engaged in refining or transportation, may undertake any construction operation described in Column (2) (c) unless he obtains prior authority to do so from the Petroleum Administration for War. To request such authority, file Form WPB-617 [formerly PD-200] with the Petroleum Administration for War, Washington, D. C.	Form WPB-617 [formerly PD-200].	Form WPB-617 [formerly PD-200].	P-98-b Schedule E.

NOTES—READ CAREFULLY

a. *Use of Form WPB-1548 [formerly PD-200B].* After an operator has filed a Form WPB-617 [formerly PD-200] and has been authorized to construct or has been granted priorities assistance, Form WPB-1548 [formerly PD-200B] should be used (1) to obtain priorities assistance for additional material; (2) to obtain greater quantities of material than authorized by the priorities assistance granted; or (3) to obtain a higher preference rating than the rating granted, if such is necessary to secure delivery of material at the time required.

b. *Form WPB-617 [formerly PD-200] used for both authority and priorities assistance.* Where both authority to initiate a construction operation and priorities assistance are required and Form WPB-617 [formerly PD-200] is prescribed for both purposes, it is only necessary to file such Form WPB-617 [formerly PD-200] once for both purposes.

c. *Where to file Forms WPB-617 [formerly PD-200] and WPB-1548 [formerly PD-200B].* Domestic operators should file with the Washington office of the Petroleum Administration for War; Canadian operators should file with the Office of Oil Controller.

d. *When to file forms.* PAW Form 23, PAW Form 4, and Form WPB-617 [formerly PD-200] (when it is used to obtain authority to initiate a construction operation) must be filed before construction or installation is begun. Where Form WPB-617 [formerly PD-200] is used to obtain priorities assistance only, it should be filed at the earliest possible opportunity and preferably with PAW Form 23 or PAW Form 4, if authority to initiate a construction operation in Marketing or Natural Gasoline Production is to be requested.

e. *Filing of Form CMP-4C.* Not required of operators except where specifically requested by the Petroleum Administration for War or the Office of Oil Controller.

(3) which will not be replaced in the operator's inventory by the use of priorities assistance made available by this order to secure delivery of MRO material.

For further definitions of the terms used in the table below consult the respective orders referred to therein.

In addition to the orders specified, the terms of any other applicable E, L, M, or U order shall apply.

SCHEDULE F—INSTRUCTIONS FOR DIRECTING COMMUNICATIONS TO DISTRICT OFFICES

District 1. (Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware, Pennsylvania, Maryland, Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida, District of Columbia) Direct communications to Petroleum Administration for War, 1104 Chanin Building, 122 East 42nd Street, New York, N. Y. Ref: P-98-b.

District 2. (Ohio, Kentucky, Tennessee, Indiana, Michigan, Illinois, Wisconsin, Minnesota, Iowa, Missouri, Oklahoma, Kansas, Nebraska, South Dakota, North Dakota) Direct communications to Petroleum Administration for War, 1200 Blum Building, 624 South Michigan Avenue, Chicago, Ill., (or) 410 Beacon Building, 406 South Boulder Avenue, Tulsa, Okla. Ref: P-98-b.

District 3. (Alabama, Mississippi, Louisiana, Arkansas, Texas, New Mexico) Direct communications to Petroleum Administration for War, 245 Mellie Esperson Building, Houston, Tex. Ref: P-98-b.

District 4. (Montana, Wyoming, Colorado, Utah, Idaho) Direct communications to Petroleum Administration for War, 320 First National Bank Building, Denver, Colo. Ref: P-98-b.

District 5. (Arizona, California, Nevada, Oregon, Washington, Territories of Alaska or Hawaii) Direct communications to Petroleum Administration for War, 855 Subway Terminal Building, Los Angeles, Calif. Ref: P-98-b.

PART 1041—PRODUCTION, TRANSPORTATION, REFINING AND MARKETING OF PETROLEUM

[Preference Rating Order P-98-c, as Amended July 9, 1943]

To facilitate sales of idle or excess materials, equipment and facilities by persons engaged in the petroleum industry to other persons engaged in the petroleum industry and to control the acquisition of materials by persons engaged in the petroleum industry, the following order is deemed necessary and appropriate in the public interest and to promote the national war effort:

§ 1041.3 *Preference Rating Order P-98-c*—(a) *Definitions.* (1) "Operator" means any person to the extent that he is engaged in the petroleum industry.

(2) "Surplus material" means with respect to each operator that quantity of any item of material, usable for purposes other than scrap, in the operator's possession or under his control which is determined to be surplus critical material in accordance with Schedule A, B, or C; or which (with respect to any material not identified as critical material) exceeds the quantity required or scheduled for use during the succeeding 90 days.

(3) All other definitions of Preference Rating Order P-98-b shall apply in this order.

(b) *Sales of material between operators.* (1) Notwithstanding the provisions of Priorities Regulation No. 1, as amended from time to time, any operator may sell or transfer to any operator material from the seller's or transferor's stocks or inventories, and any such sale or transfer shall be expressly permitted within the terms of Priorities Regulation No. 13, as amended from time to time.

(2) Notwithstanding the provisions of Priorities Regulation Nos. 1 and 13, as amended from time to time, any operator may sell or transfer to any supplier, for direct sale or transfer by the supplier to another operator, material from the stocks or inventories of the operator.

(3) Where any material is to be used by an operator outside of the United States, its territories or possessions, no operator may sell, transfer or accept delivery of such material under the provisions of this paragraph (b) unless Form PD-470 is filed with the Petroleum Administration for War prior to any such sale or transfer. For the purposes of this subparagraph Form PD-470 will be treated as an information form only and not as an application.

(c) *Restrictions on acquisition and use of materials.* (1) The provisions of CMP Regulation No. 2 and paragraph (f) of CMP Regulation No. 5 shall not be applicable to the sale, delivery, or transfer of material or the use of implementing documents under the provisions of this order. The following provisions of this paragraph (c) shall apply.

(2) No operator or supplier may deliver to any operator, and no operator may accept delivery of, any material for ultimate use in the United States, its territories or possessions, or the Dominion of Canada, in a quantity which if accepted by the operator would result in surplus material for that operator.

(3) No operator may submit a contract or purchase order, effect a sale or transfer authorized by the provisions of paragraph (b) of this order, or apply or extend priorities assistance to obtain delivery of any material for ultimate use in the United States, its territories or possessions or the Dominion of Canada in a quantity which if accepted by the operator would result in surplus material for that operator.

(4) On and after August 1, 1943, no operator who is required to make a certification of compliance under the provisions of the PAW-Materials Redistribution Program No. 2 may submit a contract or purchase order, effect a sale or transfer authorized by the provisions of paragraph (b) of this order, or apply priorities assistance to obtain delivery of any material unless such certification has been made.

(5) Any operator or supplier may deliver to any operator, and any operator may accept delivery of, material for ultimate use outside of the United States, its territories or possessions, or the Dominion of Canada only where the operator accepting delivery of such material secures priorities assistance in conformity with the provisions of Priorities Regulation No. 9 and Forms PD-311 or PD-311-c, as they may be amended from time to time.

(d) *Participation in Materials Redistribution Program.* Where any material is to be used by an operator in the United States, its territories or possessions, such operator shall file such applications as are required by the PAW-Materials Redistribution Program No. 2 and shall participate in such program to the extent required by its terms and provisions. Any operator required to make a certification of compliance under the provisions of the PAW-Materials Redistribution Program No. 2 may be deprived of priorities assistance where a determination has been made that such operator has surplus material which he has not made available for redistribution in accordance with such program.

(e) *Communications and appeals.* (1) All reports which may be required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed:

(i) By any person located in the United States, its territories or possessions, or elsewhere other than the Dominion of Canada to: Petroleum Administration for War, Interior Building, Washington, D. C., Ref.: P-98-c.

(ii) By any person located in the Dominion of Canada to: Office of Oil Controller, Dominion of Canada, Toronto, Canada, Ref.: P-98-c.

(2) Any person affected by this order or the applicable provisions of Part 1 of the PAW-Materials Redistribution Program No. 2, who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may file an appeal with the Petroleum Administration for War, setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. Such appeal shall be made by filing a letter in triplicate with the Director of Materials, Petroleum Administration for War, Interior Building, Washington, D. C., Ref.: P-98-c. Action with respect to this order and the PAW-Materials Redistribution Program No. 2 may thereupon be taken as is deemed appropriate.

(f) *Applicability of orders and regulations.* Except as provided in paragraph (c) (1), this order does not authorize acquisition, receipt or use of any material by any person in violation of any inventory, quota or use restrictions imposed by any order or regulation. This order and all transactions affected thereby are subject to the applicable provisions of any regulation issued by the War Production Board, as amended from time to time.

(g) *Violations.* Any person who wilfully violates any provision of this order or who wilfully furnishes false information to the War Production Board in connection with this order is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance by the War Production Board.

(h) *Further limitations on use of priorities assistance.* The Petroleum Administration for War may issue in its own name further restrictions or limitations on the use of priorities assistance by operators in the petroleum industry.

Issued this 9th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

DETERMINATION OF SURPLUS CRITICAL MATERIAL FOR THIS SCHEDULE

To determine surplus critical material for Schedule A: Subtract from the total quantity of any item of critical material (of a type identified on this schedule), that quantity by Item which is required or scheduled for use during the succeeding 90 days.

Critical material:	*Branch of industry used in*
Carbon and alloy steel:	
Tubular goods (oil country):	
Casing	P
Tubing—2" and up	P
Drill pipe	P
Line pipe—2" and up	P, NG, R, T
Wire rope	P
API steel sucker rods	P

SCHEDULE B

DETERMINATION OF SURPLUS CRITICAL MATERIAL FOR THIS SCHEDULE

To determine surplus critical material for Schedule B: Subtract from the total quantity of any item of critical material (of a type identified on this schedule), one-half of the quantity by Item actually installed or put into service (use) in 1942.

	Branch of industry used in
Carbon and alloy steel:	
Condenser tubes	NG, R
Boiler tubes	R
Still tubes	R
Copper:	
Wire (wire mill copper products)	P, NG, R
Pipe and tubing (including tubes)	NG, R
Copper base alloys:	
Pipe and tubing (including tubes)	NG, R
Valves[1] (check, gate, globe, plug, relief, safety):	
Steel 2" and up	P, NG, R, T
Cast iron 12" and up	P, NG, R, T

SCHEDULE C

DETERMINATION OF SURPLUS CRITICAL MATERIAL FOR THIS SCHEDULE

To determine surplus critical material for Schedule C: Total by item all critical material whether or not installed (of a type identified in this Schedule): (a) which has not been in productive service during the past 90 days and is not required or scheduled for such service during the succeeding 30 days; or (b) which has not been in productive service during the past 180 days.

Critical material:	*Branch of industry used in*
Compressors[1]:	
75 HP or more (including direct driven)	P
200 HP or more (direct driven only)	NG, R
7½ HP or less (complete with storage tank)	M
Control instruments[1 2]:	
Industrial (including regulators and control valves)	NG, R
Electric motors:	
10 HP or more	P, NG, R, T
5 HP or more	M
Electric motor controls:	
10 HP or more	P, NG, R, T
5 HP or more	M
Engines:[1]	
Multi-cylinder Gas and Gasoline 10 HP or more	P, NG, T
Diesel 150 HP or more	P, NG, T
Heat exchangers (including complete shells)	NG, R
Line pipe (oil or gas in place) 4" or over	P
Line pipe (in place), 4" or over	NG, T
Meters[1 2] Petroleum displacement type	M
Pressure vessels and towers, 200 or more cubic feet contents	NG, R
Pumps[2 3], Dispensing motor driven meter type	M
Pumps[2 4] (steam or power driven):	
Centrifugal	NG, R, T
Horizontal reciprocating	NG, R, T
Rotary	NG, R, T
Pumps[2 5] (power driven only):	
Centrifugal	M
Rotary	M
Pumping units, Oil well (excluding standard rig front), 10 HP or more	P
Tanks,[3] Steel storage, 65 gallons to 500 bbls	M
Tanks, Steel storage, 10,000 bbls. or larger	P, NG, R, T
Tanks, Steel storage, 500 bbls. or larger	M

Footnotes

(These footnotes are applicable to any footnoted material, regardless of the schedule in which such material is listed.)

Footnoted material is considered "critical material" for the purposes of this program only where:

(a) In the case of footnote [1], the material is unusued, reconditioned or rebuilt.

(b) In the case of footnote [2], the material was sold new to any person (not necessarily to the required participant) at any time since December 31, 1937.

(c) In the case of footnote [3], the material is not actually installed at the time a report under the Program is submitted.

(d) In the case of footnote [4], the material has a new replacement cost (excluding the power unit) of $600 or more.

(e) In the case of footnote [5], the material has a new replacement cost (including the power unit) of $200 or more.

The symbols P, NG, R, T, and M as used in the right-hand column above have the following meanings:

P means Production (oil or gas).
NG means Natural Gasoline Production.
R means Refining.
T means Transportation.
M means marketing.

PART 1071—INDUSTRIAL AND COMMERCIAL REFRIGERATION AND AIR CONDITIONING MACHINERY AND EQUIPMENT

[Schedule I as Amended July 10, 1943, to Limitation Order L-126]

REQUIRED SPECIFICATIONS FOR SELF-CONTAINED DRINKING WATER COOLERS

§ 1071.3 *Schedule I to Limitation Order L-126*—(a) *Definitions.* For the purpose of this schedule:

(1) "Producer" means any person who produces, manufactures, processes, fabricates or assembles self-contained drinking water coolers for supplying drinking water for human consumption.

(2) "Self-contained" means a single cabinet or housing for a drinking water cooler containing or manufactured to contain two or more of the following assemblies:

(i) Water cooling low side or evaporator with or without controls.

(ii) Bubbler valve fountain assembly or assemblies, or glass- or pitcher-filler assembly or assemblies.

(iii) Electric refrigeration condensing unit with or without controls.

(3) "Bubbler type" means any type of self-contained drinking water cooler which is designed primarily for supplying drinking water through or by means of a sanitary bubbler or drinking fountain.

(4) "Design of cabinet enclosure" means a particular combination of cabinet enclosure or housing, low side or evaporator, drain receptor or receptors, bubbler valve assemblies, and glass or pitcher filler assemblies. Any change in the size or location of any of these items constitutes a change in design.

(b) *Required specifications.* Pursuant to Limitation Order L-126 the following required specifications are hereby established for self-contained drinking water coolers:

(1) *Types, sizes, and capacities.* The following types, sizes, and capacities of self-contained drinking water coolers are hereby established:

TYPE A—ELECTRIC BUBBLER STORAGE TYPE (FOR MARINE AND NAVY USE ABOARD SHIP—AIR-COOLED)

Size	Capacity, minimum	Peak load capacity in 15 minute period minimum	Maximum fixture equipment authorized
5	5 g. p. h.	1.87 gals.	1 bubbler assembly and 1 glass-filler.
10	10 g. p. h.	3.75 gals.	2 bubbler assemblies and 1 glass-filler.
20	20 g. p. h.	7.50 gals.	2 bubbler assemblies and 1 glass-filler.

NOTE. Type A cooler capacities are based on the use of a waste water pre-cooler using 60% spill. The above specified capacities are based on an ambient temperature of 100° F. while reducing water from 100° F. inlet to 50° F. outlet drinking water.

(2) *Restrictions of materials.* (i) In the manufacture of self-contained drinking water coolers, no producer shall use:

(*a*) Aluminum;

(*b*) Block tin tubing, or tin coatings;

(*c*) Alloy steel, stainless steel, monel, or other nickel alloy metals, except in refrigerant and lectric controls, and then only provided that such use is limited to the minimum amount practicable;

(ii) In the manufacture of self-contained drinking water coolers (exclusive of condensing units, motors, controls, and wiring) no producer shall use copper or copper base alloy except in the following parts:

(*a*) Low sides,
(*b*) Pre-coolers,
(*c*) Bubblers,
(*d*) Water valves,
(*e*) Water lines,
(*f*) Liquid and suction lines,
(*g*) Refrigerant or temperature controls,
(*h*) Glass- or pitcher-fillers; and the aggregate weight of copper or copper base alloy used in all of such parts contained in any such water coolers shall not exceed the respective maximum quantity set forth below:

TYPE A—ELECTRIC

Size:	*Lbs.*
5	11
10	15
20	20

(c) *General restrictions.* (1) On and after July 3, 1942, no producer may produce more than one design of cabinet enclosure for any one type and size cooler as established in paragraph (b);

(2) On and after April 6, 1943, no self-contained drinking water coolers which do not conform to the type, sizes and capacities established by paragraph (b) hereof shall be produced or delivered by any producer or accepted by any person from such producer.

(3) The foregoing subparagraphs (1) and (2) shall not prohibit:

(i) The delivery by a producer of such self-contained drinking water coolers (and the acceptance thereof) as were in his stock in finished form on July 3, 1942, or the assembly and delivery of such coolers solely from parts which had on said date been cast, fabricated, formed, or processed in such manner that their manufacture or assembly in conformity with this schedule would be impractical; or the delivery of any parts, so fabricated on said date, by any producer to any other producer.

(ii) The production, delivery, and acceptance of self-contained drinking water coolers, for use aboard ship, delivered to or for the account of, and for direct use by, the United States Army, or Navy, the Maritime Commission, or the War Shipping Administration, where (*a*) such coolers are manufactured in accordance with plans which have already (prior to July 3, 1942) been drawn and accepted by or for the account of such an agency, or (*b*) such coolers are manufactured in accordance with the specifications issued prior to July 3, 1942, by such an agency (including performance specifications) requiring construction, design or materials not in accordance with the restrictions of this schedule; but in any case such coolers may vary from the restrictions of the schedule only to the extent required by such plans or specifications.

(iii) The delivery by a producer (and the acceptance thereof) of such self-contained drinking water coolers, designated as Type B, Type C, or Type D, described in paragraph (b) (1) of this Schedule I as it read prior to April 6, 1943, as were in his stock in finished form on such date, or the assembly and delivery of such coolers solely from parts which had on said date been cast, fabricated, formed, or processed in such manner that their manufacture or assembly in conformity with this schedule would be impractical (or the acceptance of such coolers from such a producer).

Issued this 9th day of July 1943.

PART 3020—HEAT EXCHANGERS

[General Limitation Order L-172, as Amended July 9, 1943]

Section 3020.1 *General Limitation Order L-172, as Amended* is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the production of heat exchangers for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3020.1 *General Limitation Order L-172*—(a) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not, and includes the Army and Navy of the United States, the Maritime Commission, the War Shipping Administration, the Office of Lend-Lease Administration and the Board of Economic Warfare.

(2) "Manufacturer" means any person who constructs, manufactures or assembles critical heat exchangers to the extent that he is engaged in such construction, manufacture or assembly; and shall include sales and distribution outlets and agencies controlled by such person. The term shall also include any person who purchases or otherwise acquires materials for manufacture or assembly into critical heat exchangers by his subcontractor, and resale by such person.

(3) "Critical heat exchanger" means any new equipment or apparatus consisting of an assembly, bundle or nest of one or more bare or finned tubes (metallic or non-metallic) or metal plates, and including any shell or pressure vessel to contain the same, designed for the transfer or exchange of heat between two or more fluids (liquids, gases or vapors), except the following:

(i) Any equipment or apparatus which is direct-fired or installed within a flue gas passage;

(ii) Any equipment or apparatus which permits direct contact involving physical mixing of the fluids (other than direct contact boiler feed water heaters);

(iii) Any steam surface condenser designed to condense exhaust steam from a prime mover to maintain a minimum exhaust pressure;

(iv) Any heat exchanger for use on aircraft;

(v) Any radiator-type cooler;

(vi) Unit heaters, convectors, unit ventilators, unit coolers and blast coils, if such items are for space heating or cooling or industrial space heating or drying;

(vii) Any indirect water heater commonly referred to as a storage water heater, submerged water heater, side arm water heater, "below-the-water-line" heater, or any water heater designed to

supply hot water for a hot water space heating system for buildings or ships;

(viii) Any of the following types of new heat exchanger equipment when manufactured and delivered by the manufacturer thereof as a necessary integral part of, and together with, other equipment (not heat exchanger) also manufactured by him, or for replacement in equipment so manufactured and delivered:

(*a*) Compressor intercoolers and aftercoolers; or

(*b*) Lubricating oil coolers for turbines or electric generators or motors; or

(*c*) An air or hydrogen cooler for an electric generator or motor; or

(*d*) Auxiliary air removal equipment for steam surface condensers for use with a prime mover, as described under subparagraph (3) (ii) above; or

(*e*) Heat exchangers having parts which come in direct contact with food or food products; or

(*f*) Rectifier or transformer oil coolers; or

(*g*) Any heat exchanger of non-metallic construction for use in a chemical experimental laboratory.

(ix) Heat exchangers designed for use as part of a refrigerating or air conditioning "system" as defined in General Limitation Order L–38 when fabricated by a manufacturer who currently produces such "systems".

(h) "Group I critical heat exchanger" means any of the following critical heat exchangers:

(i) An assembly, bundle or nest of one or more bare or finned tubes (metallic or non-metallic) installed in, or designed for installation in a shell or pressure vessel, except those for use on shipboard, and also excluding those which are designed for use in a refrigerating or air conditioning "system" as defined in Order L–38; or

(ii) An assembly, bundle or nest of metal plates of any size contained in a shell or pressure vessel for any use other than on shipboard; or

(iii) One or more tube bundles designed for replacement in any new or used equipment or apparatus described in (i) above.

(5) "Group II critical heat exchanger" means any critical heat exchanger which is not a Group I critical heat exchanger. Thus, the term "Group II critical heat exchanger" includes equipment of the type described in paragraph (a) (4) when designed for shipboard use. It also includes so-called "open sections" of either the atmospheric or submerged type; direct contact boiler feed water heaters; heat exchangers designed for use as part of a refrigerating or air conditioning "system" as defined in Order L–38, when fabricated by a manufacturer who does not currently produce such systems; air or hydrogen coolers for electric generators or motors when not manufactured and delivered by the manufacturer thereof as a necessary integral part of, and together with, other equipment (not heat exchanger) also manufactured by him, or for replacement in equipment not so manufactured and delivered.

(6) "Delays beyond control" includes only those unavoidable delays, such as result from plant breakdowns, or changes in production or deliveries required by directions, directives or orders referred to in paragraph (e) below, against which the manufacturer's production or delivery schedules are not protected by the provisions of this order.

(b) *Operations reports.* On or before the 10th day of July, 1943, and the 10th day of each succeeding calendar month, each manufacturer shall file a report on Form WPB–3000 (or PD–900), prepared in accordance with instructions WPB–3000.08 for the form.

(c) *Delivery schedules*—(1) *Monthly reports.* On or before the 10th day of July, 1943, and the 10th day of each succeeding calendar month, each manufacturer shall file a report on Form WPB–1474 (or PD–615B), prepared in accordance with the instructions accompanying such form.

(If and whenever General Scheduling Order M–293 requires or permits the filing of any other form in place of Form WPB–1474, such other form may be used and filed to the extent permitted or required by Order M–293, in place of Form WPB–1474; and in that case any reference in this order to Form WPB–1474 shall also apply to such other form, or to any comparable part of such other form.)

(2) *Required delivery schedule.* Such Form WPB–1474 as filed each month shall show in column 17 the required delivery dates (months of shipment) as specified by the War Production Board (or if such Board has not specified a delivery date for any order, then the delivery date required by the purchaser) for all unfilled orders for Group I or Group II critical heat exchangers previously accepted and reported by the manufacturer, and for each new order for Group I or Group II critical heat exchangers which the manufacturer has accepted subsequent to the filing of his corresponding report for the preceding month. The schedule of deliveries as thus filed shall be deemed a "frozen schedule", within the meaning of Priorities Regulation No. 18, and the dates thus shown in the required delivery schedule on each monthly report shall continue to be shown unchanged on subsequent monthly reports, unless the War Production Board shall subsequently specify a different required delivery date, in which event any new date thus specified shall thereafter constitute the required delivery date and be reported as such. The manufacturer shall deliver critical heat exchangers only in accordance with his required delivery schedule, except for the accelerated deliveries resulting from the permissible increased production permitted in paragraph (c) (5) below, and except that a purchaser may change the point of destination to which any exchanger ordered by him is to be shipped.

(3) *Anticipated shipments.* Such Form WPB–1474 as filed each month shall also show in column 18 the proposed shipping dates (months of delivery) which the manufacturer believes he can meet, for all orders shown on his required delivery schedule reported in column 17 on said form. Such proposed dates shall coincide with the required dates as shown in column 17, or reflect any cancellations, or any permissible increased production and deliveries as provided for under paragraph (c) (5) below. The dates thus reported shall continue to be shown unchanged on subsequent monthly reports until the respective deliveries have been completed. If at any time, due to delays beyond control, the manufacturer no longer believes he can meet any proposed shipping date previously reported by him, he shall immediately notify the War Production Board, by letter or telegram, explaining the reasons for the anticipated delay (or further delay) and the extent of interruption of his proposed delivery schedule which he expects to result (or which has resulted) therefrom; and in filing his next monthly report on Form WPB–1474 he shall show in column 18 the changed date which he believes he can meet, postponed only to the extent required by delays beyond control. He shall also show any proposed accelerated deliveries which will result from any permissible increased production which he proposes to undertake in accordance with paragraph (c) (5) below.

(4) *Production for meeting required delivery schedules.* Each manufacturer shall carry on his production in such manner as may be necessary to assure deliveries in accordance with his required delivery schedule. Unless specifically directed to do so in accordance with paragraph (e) below, he shall not at any time accept any additional orders for critical heat exchangers or for any other products, regardless of any accompanying preference rating or allotment number or symbol, unless he knows or has reasonable cause to believe that, subject to delays beyond control, he can fill such additional orders in accordance with their terms (as authorized), without causing delay in his delivery of any order included in his required delivery schedule.

(5) *Permissible increased production rate.* Any manufacturer may carry on his production of critical heat exchangers at a rate sufficient to enable him to make shipment of any order during the calendar month preceding that in which shipment is required, and may accelerate his deliveries accordingly, but only if he can do so without causing delay in his delivery of any previously or subsequently accepted orders for critical heat exchangers, or orders for other products rated AA–5 or higher or included in a "frozen schedule" as defined in Priorities Regulation No. 18.

(d) *Placing and acceptance of orders for critical heat exchangers*—(1) *Group I exchangers.* (i) No person shall place an order with a manufacturer, and no manufacturer shall commence production or accept an order, for any Group I critical heat exchanger unless accompanied by a specific authorization by the War Production Board on Form WPB–1475 (or PD–615) or on Form PD–615A. Applications for such authorization may be made to the War Production Board by the person seeking to place an order, on Form WPB–1475 in quadruplicate. Such person shall designate his proposed supplied, and the calendar month in which delivery is required, which in no case shall be earlier than is essential for his purposes. No order will be authorized if it fails to specify the month in which delivery is required.

(ii) Any order so authorized shall be accepted by the manufacturer specified in the authorization; except that the manufacturer need not accept such order if it does not meet his regularly established prices and terms of sale or payment: *Provided, however,* That the manufacturer shall not accept such order if he knows or has reasonable cause to believe that he will be unable to make delivery during the calendar month required and without causing delay in his delivery of any previously accepted orders for critical heat exchangers, or orders for other products rated AA–1 or higher or included in a "frozen schedule" as defined in Priorities Regulation No. 18. Any manufacturer who rejects any order, as herein required, shall return the same with the accompanying authorization to the purchaser with a brief explanation in writing of the reasons why it is rejected, and shall furnish the War Production Board with a duplicate copy of such explanation. If the acceptance and filling of such an order would terminate or interrupt a production or delivery schedule so as to cause substantial loss in the manufacturer's production of any other product not referred to above, he shall accept such order, but shall immediately notify the War Production Board of the circumstances and need not terminate or interrupt said schedule until 30 days after acceptance of such order.

(If and whenever General Scheduling Order M–293 requires or permits the filing of any other form in place of Form WPB–1475, then such other form may be used and filed to the extent permitted or required by Order M–293, in place of Form WPB–1475; and in such event, any reference in this order to Form WPB–1475 shall apply also to such other form.)

(2) *Group II exchangers.* (i) No person shall place an order with a manufacturer, and no manufacturer shall accept an order, for any Group II critical heat exchanger unless such order bears a preference rating of AA–5 or higher. Each prospective purchaser shall request delivery during a designated calendar month, which in no case shall be earlier than is essential for his purposes. No manufacturer shall accept any order which fails to specify the month in which delivery is required.

(ii) Any order for a Group II critical heat exchanger bearing a preference rating of AA–5 or higher shall be accepted by the manufacturer with whom it is placed, as required by Priorities Regulation No. 1: *Provided, however,* That the manufacturer shall not accept such an order (unless it is rated AAA) if he knows or has reasonable cause to believe that he will be unable to make delivery during the calendar month required and without causing delay in his delivery of any previously accepted orders for critical heat exchangers. Any person whose order for a Group II critical heat exchanger is rejected and who is unable to find another manufacturer who is in a position to accept his order, may apply to the War Production Board on Form WPB–1475 (or PD–615), explaining therein why such application is made, and an authorization therefor may be issued pursuant to paragraph (d) (1), which shall have the same force and effect as an authorization for a Group I critical heat exchanger.

(3) *Shifting of orders from one manufacturer to another.* If any person (including a manufacturer) desires to have any Group I or Group II critical heat exchanger produced by any person other than the manufacturer who has accepted an order therefor, the order shall not be placed with another person, either by direct contract or through a sub-contract, unless the person desiring to make such change has notified the War Production Board of the reasons therefor and such Board has specifically authorized in writing the production and delivery of such exchanger by the person not previously authorized to deliver the same.

(e) *Other allocation and scheduling action.* With respect to any Group I or Group II critical heat exchangers, the War Production Board may, notwithstanding any order, preference rating, directive, rule or regulation of the War Production Board (except Priorities Regulation No. 18):

(1) Direct the return or cancellation of any order on the books of a manufacturer; or

(2) Direct changes in the delivery or production schedule of a manufacturer; or

(3) Cancel orders placed with one manufacturer and authorize them to be placed with another manufacturer; or

(4) Revoke any authorization to place an order granted by it pursuant to this order; or

(5) Take such other action, as it deems necessary, with respect to the placing of orders for, or production or delivery of Group I and Group II critical heat exchangers.

Any direction, directive or order issued by the War Production Board pursuant to this paragraph (e) will be in the form of a written instrument addressed to a specific manufacturer by such Board, and stating, in accordance with Priorities Regulation No. 18, that it is an amendment of a schedule frozen under Order L–172, and shall be followed, in accordance with the provisions of this order and such regulation, by the manufacturer to whom it is directed.

(f) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as issued and amended from time to time.

(2) *Violations.* Any person who wilfully violates any provisions of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, materials under priority control, and may be deprived of priorities assistance.

(3) *Reports.* The reporting requirements in paragraphs (c) (3), (d) (1) (ii) and (d) (3) above have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(4) *Appeals.* Any appeal from the provisions of this order, or any direction thereunder, shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(5) *Communications.* All reports to be filed and other communications concerning this order should be addressed to: War Production Board, General Industrial Equipment Division, Washington, D. C., Ref.: L–172.

Issued this 9th day of July, 1943.

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[Direction 21 to CMP Reg. 1]

FARMERS COPPER WIRE ALLOTMENT CERTIFICATES

The following direction is issued pursuant to CMP Regulation No. 1 (§ 3175.1).

(a) A retailer who receives an order for copper wire supported by a "Copper Wire Allotment Certificate" issued to a farmer by a County USDA War Board may treat the certificate just as though it were an allotment. He may place an order on a warehouse or mill for the amount of copper wire shown in the certificate and attach the certificate to it. An order with such a certificate attached placed by a retailer with a warehouse or mill is an authorized controlled material order and has the same effect as any other authorized controlled material order under CMP regulations. Or, if the retailer prefers, he may place an authorized controlled material order for the amount of copper wire shown in the certificate by placing on his order the allotment number appearing on the certificate followed by the quarterly identification and endorsing the order with the certificate set out in paragraph (s) (3) of CMP Regulation No. 1 or the form of certificate shown in CMP Regulation No. 7. The retailer may not, however, use both methods of placing authorized controlled material orders on the basis of "Copper Wire Allotment Certificates" during any one calendar month.

(b) A retailer must fill orders accompanied by a "Copper Wire Allotment Certificate" in the order in which received and must give preference to such orders over orders supported by preference ratings alone.

(c) A warehouse who receives an order from a farmer or retailer for copper wire supported by a "Copper Wire Allotment Cer-

tificate" must treat the order just as though it were an authorized controlled material order.

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[Direction 9 to CMP Reg. 5]

HAND TOOLS PURCHASED BY EMPLOYEES

The following direction is issued pursuant to CMP Regulation No. 5 (§ 3175.5).

(a) CMP Regulation No. 5 [§ 3175.5] now permits an employer to buy hand tools for his employees in the following cases: (1) Where the tools will belong to the employer and are only checked out to the employee; (2) Where the tools will be resold by the employer to the employee. Where the employer is unwilling or unable to use one of these two methods, the employee is not permitted to use a preference rating under the regulation, since he is not in business. This direction is issued to provide a way for employees themselves to get hand tools on their employer's ratings.

(b) The employee of any person producing any product or conducting any business listed on Schedule I or Schedule II of CMP Regulation No. 5 may use the preference rating assigned by the regulation to his employer to purchase hand tools (including gages and engineering instruments) which he requires for use exclusively in his employer's business and which his employer requires him to furnish.

(c) The rating will be valid only if the employee gives the seller of the tool the following certificate filled out and signed by his employer and then signed by himself:

Preference rating ---------- (specify rating). The following hand tool ----------

---

(Only one tool may be placed on each certificate; specify type and size of tool)

is required by the undersigned employee as a condition to retaining or obtaining employment with the undersigned employer. The undersigned employee further certifies that he does not own or possess any similar tool which will serve the same purpose.

Name and address of employer

Authorized signature

Signature of employee

Position

(d) The supplier who sells the tool must keep the certificate for two years. He may extend the rating in the manner provided in Priorities Regulation No. 3.

(e) The cost of hand tools bought by an employee by use of the preference rating must be included by the employer in computing the quantity restrictions of paragraph (f) of the regulation, but the employer may not include the cost of hand tools bought by employees during the base period for the purpose of computing his quota under paragraph (f) of the regulation.

For example, an aircraft factory requires its employees to have a wrench. The employee himself is not entitled to use a preference rating assigned by the regulation because he is not in business. The employee finds that he cannot buy the wrench without a preference rating. Aircraft companies are in Schedule I of CMP Regulation No. 5 and consequently may use preference rating AA-1. Under this direction, the employer may fill out the certification, putting down the preference rating "AA-1" and description of the wrench, "¾ inch steel crescent wrench." The proper official of the employer signs the certification and gives it to the employee. The employee then signs the certification and gives it to the seller of the wrench.

PART 3263—CELLULOSE ESTERS

[Supplementary Allocation Order M-326-a as Amended July 9, 1943]

CELLULOSE ESTER SHEETS, RODS, TUBES AND MOLDING POWDER

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of cellulose plastics for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3263.2 *Supplementary Allocation Order M-326-a*—(a) *Definitions.* For the purpose of this order:

(1) "Cellulose plastics" means molding powder, sheets, rods or tubes in primary form, produced from cellulose ester flake, as defined in Order M-326, but not including scrap resulting from molding or fabrication of such cellulose plastics.

(2) "Plastics supplier" means any person who produces cellulose plastics, or who purchases cellulose plastics for resale as cellulose plastics.

(b) *Restrictions on use and delivery.* (1) On and after July 1, 1943, no plastics supplier shall use or deliver cellulose plastics, except as specifically authorized in writing by the War Production Board upon application pursuant to paragraph (f).

(2) Applications and allocations under this supplementary order will be made monthly, and shall be construed to refer to the month when the materials for the production of cellulose plastics are to be put in process, rather than to the month of actual delivery, except when deliveries are to be made from existing stocks. The provisions printed in the WPB 2947 (formerly PD-602) forms for automatic termination of authorizations shall not be applicable to authorized deliveries of cellulose plastics.

(3) Each person furnishing a use certificate pursuant to paragraph (d) with a purchase order for cellulose plastics shall use or dispose of the cellulose plastics delivered on such purchase order, or products made therefrom, only for the purpose specified in such certificate, except as otherwise specifically directed by the War Production Board; provided, however, that any such person may deliver such cellulose plastics to any plastics supplier.

(4) The War Production Board, at its discretion, may from time to time issue special directions to any person with respect to use or delivery of cellulose plastics by such person, or of products made from cellulose plastics allocated to such person, and may issue special directions to any plastics supplier with respect to the kind and quantity of cellulose plastics which he may produce or manufacture.

(c) *Inventory restriction.* No person shall accept delivery of cellulose plastics on orders placed after June 8, 1943 (irrespective of authorization to his plastics supplier to make such delivery), if his inventory of cellulose plastics of the same or equivalent grade or type is, or by virtue of such acceptance would become, greater than a 60-day supply, having regard to his method and rate of processing and sales.

(d) *Use certificate.* (1) Each person placing, or seeking to place, a purchase order for cellulose plastics with a plastics supplier, shall furnish such plastics supplier with a certificate specifying the end use of such plastics, unless such purchase order is placed or such delivery is accepted pursuant to the provisions of paragraph (e). Such certificate may be placed on or attached to the purchase order and shall be in substantially the following form, signed manually or as provided in Priorities Regulation No. 7:

(End Use Description)

Pursuant to Supplementary Order M-326-a, the undersigned hereby certifies to the seller and to the War Production Board that the cellulose plastics covered by the accompanying purchase order will be used solely for the purposes listed above.

(Name of purchaser) ---------- (Address)

By ----------

(Signature and title of duly authorized officer) ---------- (Date)

The above certificate shall constitute a representation to, but shall not be filed with, the War Production Board.

(2) Allocations of cellulose plastics, and of cellulose ester flake to make such plastics, will be based on the essentiality of the end uses stated in the above certificates, and on the accuracy of the end use descriptions. For example, "medical appliances" would not be an acceptable description of end use, whereas "leg splints, Army (contract number)" would be acceptable. The end use description should include the governing military or Lend-Lease contract or specification numbers, if any. Plastics suppliers ordering cellulose plastics from other plastics suppliers for resale may specify as end use "resale, upon specific War Production Board authorization."

(3) In the event that two or more end uses are involved in a single purchase order, the amount of cellulose plastics required for each use shall be listed as a separate item. Each item shall bear an identifying number so that it will be possible for the plastics supplier to advise his customers, by purchase order number and item number, as to the action taken on the plastics supplier's application for authorization to make delivery.

(e) *Small order and experimental exemption.* (1) Any person may order or accept delivery of 100 pounds or less of cellulose plastic molding powder, 50 pounds or less of cellulose plastic sheets, 50 pounds or less of cellulose plastic rods, and 50 pounds or less of cellulose plastic tubes, in the aggregate from all plastics suppliers in any calendar month, without filing a certificate pursuant to paragraph (d), to be used for any purpose not limited by other War Production Board orders (paragraph (j) (2)). Authorization by the War Production Board is required for any plastics supplier to make such small order deliveries, upon application pursuant to paragraph (f) requesting an aggregate quantity of cellulose plastics "for paragraph (e) (1) small orders."

(2) Any plastics supplier may use during any calendar month for any purpose 100 pounds or less of cellulose plastic molding powder, 50 pounds or less of cellulose plastic sheets, 50 pounds or less of cellulose plastic rods, and 50 pounds or less of cellulose plastic tubes, and may use any quantity of cellulose plastics for experimental purposes (not including samples) without specific authorization, notwithstanding the provisions of paragraph (b) (1), but subject to any restrictions on use imposed by other War Production Board orders (paragraph (j) (2)).

(f) *Applications and reports.* (1) Each plastics supplier seeking authorization to deliver cellulose plastics shall file application on Form PD-602 in the manner prescribed therein, subject to the following instructions for the purpose of this order:

Form PD-602. Copies of Form PD-602 may be obtained at local field offices of the War Production Board.

Time. Applications on Form PD-602 shall be filed in time to ensure that copies will have reached the War Production Board on or before the 10th day of the month preceding the month in which the materials are to be put in process for the production of the cellulose plastics ordered (or the month in which the cellulose plastics are to be delivered, if delivery is to be made from existing stocks).

Number of copies. Four copies shall be prepared, of which one shall be retained by the applicant and three certified copies shall be filed with the War Production Board, Washington, D. C., Reference M-326-a.

Number of sets. Each plastics supplier shall file consolidated sets of PD-602 applications for his various plants corresponding to his consolidated applications on Form PD-600 for cellulose ester flake pursuant to Allocation Order M-326. However, separate applications on Form PD-602 shall be made for cellulose plastic sheets, cellulose plastic rods and tubes, and cellulose plastic molding powder.

Heading. Under name of material, specify cellulose plastics; under War Production Board order number, specify M-326-a; specify as grade the particular cellulose plastic referred to in the application, such as cellulose plastic sheets, cellulose plastic rods and tubes, or cellulose plastic molding powder; specify delivery or production month; specify unit of measure as pounds; and otherwise fill in as indicated.

Table I. Fill in as indicated, except for columns 5 and 5a, which may be left blank. Each customer shall be listed who has filed a certificate with the applicant, together with his certified end use description. If the applicant is a producer of cellulose plastics, specify in Column 7 the quantity and grade of cellulose ester flake required to produce the cellulose plastic in question. Request may be made for small order deliveries pursuant to paragraph (e) (1).

Rolling stock requirements. Leave blank columns relating to rolling stock.

Table II. Fill in as indicated. Specify grade as in the heading of the form, without regard to trade names or sales numbers.

(2) Each plastics supplier seeking authorization to use cellulose plastics may apply as follows:

(i) By filing application pursuant to Allocation Order M-326 for cellulose ester flake, stating in such application that such flake is required for certain cellulose plastics (Column 3) for production of specified products for specified end uses (Column 4); or

(ii) By filing application on Form PD-602, in the manner provided in Paragraph (f) (1) above, specifying his own name as customer in Column 1, describing the end use of the cellulose plastic in Column 1a and otherwise filling out the form as indicated therein.

It is recommended that the method described in paragraph (f) (2) (i) above be followed where the cellulose plastic for which authorization to use is requested will be manufactured from cellulose ester flake allocated pursuant to Order M-326, and that the method described in paragraph (f) (2) (ii) above be followed with respect to cellulose plastics which are in the plastics supplier's inventory on July 1, 1943, or which are subsequently manufactured from any stock of cellulose ester flake not subject to allocation under Order M-326.

(3) The War Production Board may require each person affected by this order to file such other reports as may be prescribed, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942, and may issue special instructions to any such person with respect to preparing and filing Form PD-602 and certificates pursuant to paragraph (c).

(g) *Plastics suppliers' intra-company deliveries.* Specific authorization shall not be required for intra-company deliveries of cellulose plastics between subdivisions of a plastics supplier, notwithstanding the provisions of § 944.12 of Priorities Regulation No. 1, as amended.

(h) *Notification of customers.* Each plastics producer is requested to notify his regular customers as soon as possible of the requirements of this order, but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(i) *Special Exemption.* The provisions of paragraph (b) (1) shall not apply to cellulose plastics which were in process of manufacture on or before July 1, 1943.

(j) *Miscellaneous provisions*—(1) *Applicability of regulations.* Subject to the provisions of paragraph (g), this order and all transactions affected hereby are subject to all applicable provisions of War Production Board regulations, as amended from time to time.

(2) *Effect of other orders.* Nothing contained in this order shall be construed to limit the requirements of any other order of the War Production Board, including but not limited to Allocation Order M-326 (Cellulose Ester Flake), Limitation Order L-20 (Cellophane and Similar Transparent Materials Derived from Cellulose), Limitation Order L-233 (Photographic Film and Film Base) and General Preference Order M-154 (Thermoplastics), as amended.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Communications.* All reports required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington, D. C., Ref.: M-326-a.

NOTE: Paragraph (j) redesignated July 9, 1943.

Issued this 9th day of July 1943.

PART 3281—PENICILLIN

[Allocation Order M-338]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of penicillin for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3281.1 *Allocation Order M-338*—(a) *Definitions.* For the purpose of this order:

(1) "Penicillin" means a chemo-therapeutic agent isolated from Penicillium *notatum.* The term includes penicillin in any medicinal tablet, ampoule or other dosage form.

(2) "Supplier" means any person who produces penicillin, imports penicillin, or purchases penicillin for resale as penicillin, but shall not include any retail pharmacist, hospital or physician.

(b) *Restrictions on delivery and use.* (1) On and after July 16, 1943, no supplier shall use or deliver penicillin, except as specifically authorized in writing by the War Production Board.

(2) The War Production Board at its discretion may at any time issue special directions with respect to use, delivery

or production of penicillin by any person.

(c) *Applications and reports.* (1) Each supplier seeking authorization to use or deliver penicillin shall file application on Form WPB–2947 (formerly PD–602), as provided in the instructions in Exhibit A annexed hereto. This reporting form has been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(2) The War Production Board may require each person affected by this order to file such other reports as may be prescribed, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942, and may issue special instructions to any such person with respect to preparing and filing Form WPB–2947 (formerly PD–602).

(d) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable War Production Board regulations, as amended from time to time.

(2) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington, D. C., Ref.: M–338.

Issued this 9th day of July 1943.

WAR PRODUCTION BOARD,

Recording Secretary.

EXHIBIT A

INSTRUCTIONS TO SUPPLIERS FOR PREPARING AND FILING APPLICATIONS

Form WPB 2947 (formerly PD–602). Copies of Form WPB 2947 (formerly PD–602) may be obtained at local field offices of the War Production Board.

Time. Applications on Form WPB–2947 (formerly PD–602) shall be filed in time to ensure that copies will have reached the War Production Board on or before the 25th day of the month preceding the month for which authorization to use or deliver is requested. However, applications for allocation for July, 1943, may be filed as soon as possible after issuance of this order.

Number of copies. Four copies shall be prepared, of which one shall be retained by the applicant supplier and three copies (one certified) shall be filed with the War Production Board, Chemicals Division, Washington, D. C., Ref.: M–338.

Number of sets. Each supplier shall file separate sets of applications for uncompounded penicillin and for penicillin in dosage forms.

Heading. Under name of material, specify uncompounded penicillin, or penicillin in dosage forms, as the case may be; under War Production Board order number, specify M–338; leave grade space blank; specify delivery or use month; specify unit of measure as Florey (Oxford) Units; and otherwise fill in as indicated.

Table I. List each customer in Column 1. In the case of Army, Navy, Maritime Commission, War Shipping Administration, Lend-Lease or export purchase orders, specify in Column 1a the contract or export license number. In the case of other purchase orders, specify briefly in Column 1a whether the customer requires the penicillin for research, resale, or treatment, and, if for treatment, specify the condition to be treated and the urgency of the case. Fill in other columns as indicated.

Leave blank columns relating to rolling stock.

Table II. Fill in as indicated, leaving Column 8 blank.

PART 4600—RUBBER, SYNTHETIC RUBBER, BALATA AND PRODUCTS THEREOF

[Amdt. 1 to Rubber Order R–1]

Rubber Order R–1 is hereby amended in the following respects:

(1) By amending § 4600.16 to read as follows:

§ 4600.16 *Original equipment manufacturers' inventories of tires and tubes.* No person shall deliver any product listed in groups 1 to 14 inclusive of § 4600.14 to any vehicle manufacturer requiring such product as a part of the original equipment of the vehicles he manufactures, unless the vehicle manufacturer shall attach to his purchase order a certification (in addition to any other certification which may be required by regulations of the War Production Board) in substantially the following form signed by an authorized official either manually or as provided in Priorities Regulation No. 7:

The undersigned hereby certifies to _____
_____
(insert name and address of seller) and to the War Production Board that he is familiar with Rubber Order R–1 and that acceptance of delivery of the products listed on this purchase order will not increase his inventory of products within the particular group listed in § 4600.14 of Rubber Order R–1 in which the products fall, in excess of such products required for his production of vehicles during the ensuing 30 days.

_____
Name of purchaser
Address _____
Date _____
By _____
Signature, title of duly authorized officer

(2) By amending Appendix I, Schedule A, Code No. 54, by deleting therefrom the words:

Molded wheels and casters (conductive type) Special authorization required to manufacture

and substituting in lieu thereof the words:

Molded wheels and casters, all types. Where conductive type is required, specific authorization must be obtained

(3) By amending Appendix I, Schedule B, Group I, by deleting therefrom the words:

Molded casters (except hospital and surgical equipment)

Issued this 9th day of July 1943.

Chapter XI—Office of Price Administration

PART 1305—ADMINISTRATION

[Gen. RO 3,[1] Amdt. 3]

RATION BANKING: BANKS

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

General Ration Order 3 is amended in the following respects:

1. Section 1305.405 (c) is amended by deleting the word "non-transferable".

2. Section 1305.411 (c) is amended by designating the first two sentences in the undesignated paragraph following subparagraph (5) (v) as subparagraph (6), and designating the last sentence of such undesignated paragraph as subparagraph (7).

3. Section 1305.412 (a) (1) is amended to read as follows:

(1) *Opening of accounts.* Open an account for any person authorized by the Office of Price Administration to maintain an account, except a retailer of food who is authorized but not required to have an account, upon receipt of a proper application. A bank may elect whether or not to continue the accounts which such retailers now have, and to reopen the accounts of such retailers which have been closed pursuant to the requirement of a ration order; if it continues or reopens any such account, it must continue, and on application reopen, such accounts for all such retailers. A bank which carries such optional accounts may also elect whether or not to permit such retailers who have accounts for one food ration program to have accounts for any other food ration program; if it opens any such additional account, it must open such additional accounts for all such retailers upon proper application. A bank shall investigate the identity of each depositor and report to the district office upon any depositor whose identity has not been verified.

4. Section 1305.412 (a) (2) is amended to read as follows:

(2) *Acceptance of deposits.* Accept deposits of all evidences presented in proper form for deposit. Credit the proper accounts with the amounts of all apparently valid evidences deposited. Verify the evidences deposited in the manner and to the extent that the Office of Price Administration may from time to time in writing direct. Maintain proper control over all evidences deposited.

5. In § 1305.412 (a) (4) the headnote is amended to read as follows:

(4) *Acceptance of checks: overdrafts.*

6. Section 1305.412 (a) (12) is amended by deleting the words "or transfer".

7. Section 1305.416 is added to read as follows:

§ 1305.416 *Nebraska cooperative credit associations.* (a) A cooperative credit association organized under the laws of the State of Nebraska, if authorized in writing by the Office of Price Administration, may participate in ration banking as a bank.

(b) A cooperative credit association organized under the laws of the State of Nebraska shall not open any account until it has been authorized in writing by the Office of Price Administration to participate in ration banking. Such written authorization shall be given by the district office of the Office of Price Administration in the area in which the association is located, upon written application made to such district office by the association, if the district office finds that the association possesses qualified and adequate administrative personnel and bookkeeping and accounting facilities to participate effectively in ration banking.

(c) Any such association now participating in ration banking without written authorization from the Office of Price Administration shall, within ten days after the effective date of this order, file an application with the district office in the area in which the association is located. If the district office finds that the association has qualified and adequate administrative personnel and bookkeeping and accounting facilities, it shall authorize the association in writing to continue to participate in ration banking, which authorization shall constitute an approval, confirmation, and ratification of all acts of the association during the time it participated in ration banking prior to the written authorization from the Office of Price Administration. If it finds that the association does not have qualified and adequate administrative personnel and bookkeeping and accounting facilities, it shall send to the association by registered mail written notices, requiring it forthwith to withdraw from participation in ration banking; and upon receipt of such notice the association shall not open any new accounts, shall close out its existing accounts in such manner as the district office shall direct, shall deliver its ration banking records and forms to the district office, and shall take all other steps which the district office deems necessary to complete its withdrawal from ration banking.

This amendment shall become effective July 14, 1943.

(Pub. Laws 421, 507, 729, 77th Cong., E.O. 9125, 7 F.R. 2719; WPB Dir. 1, 7 F.R. 562)

Issued this 8th day of July 1943.

PRENTISS M. BROWN,
Administrator.

MILEAGE RATIONING: GASOLINE REGULATIONS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order 5C is amended in the following respects:

1. Section 1394.7551 (a) (44) is amended by substituting for the phrase "except the portion which lies within the corporate limits of the City of Rossville," the phrase "except the portions which lie within the corporate limits of the Cities of Rossville and West Point,".

2. Section 1394.8215 (p) is added to read as follows:

(p) On and after July 14, 1943, but not later than July 20, 1943, each dealer who operates a place of business within the corporate limits of the City of West Point in the State of Georgia, who has in his possession or control Class A, B, or C ration coupons received by him in exchange for transfers of gasoline at a time when such coupons had a value at the place of transfer of three (3) gallons of gasoline each, shall list all such coupons on Form OPA R–541 at a value of three (3) gallons each and deliver them to the Board having jurisdiction over the place of business at which such coupons were received. The Board shall issue to the dealer, in exchange for such coupons, inventory coupons equal in gallonage value to the listed value of coupons surrendered.

3. Section 1394.8215 (q) is added to read as follows:

(q) On and after July 14, 1943, but not later than July 20, 1943, each distributor who has in his possession or control Class A, B, or C ration coupons received by him in exchange for transfers of gasoline made within the corporate limits of the City of West Point in the State of Georgia, at a time when such coupons had, at the place of transfer a value of three (3) gallons of gasoline each, shall list all coupons on a separate deposit slip and deposit them for credit at a value of three (3) gallons each, in appropriate ration bank accounts maintained by him.

This amendment shall become effective at 12:01 A. M., July 14, 1943.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[RO 3,[1] Amdt. 72]

SUGAR RATIONING REGULATIONS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Rationing Order No. 3 is amended in the following respect:

Section 1407.141 (b) is amended to read as follows:

(b) Each stamp authorizes delivery of sugar to a consumer only during the ration period assigned to such stamp in § 1407.243. A stamp received in accordance with Rationing Order No. 3 by a registering unit, which is neither a depositor nor required to be one, authorizes the registering unit to take delivery of sugar in an amount equal to the weight value of the stamp if such stamp is surrendered to another registering unit or a primary distributor within a month of the close of the ration period assigned to such stamp. A stamp surrendered to a depositor shall be valid for deposit in his account for a period of a month and ten days after the close of the ration period assigned to such stamp: *Provided, however,* That, notwithstanding anything to the contrary contained in Rationing Order No. 3, Stamp No. 12 may, on or before July 31, 1943, be surrendered by a registering unit which is not and is not required to be a depositor to authorize the registering unit to take delivery of sugar and may be deposited on or before August 10, 1943. Except as provided in paragraph (f) of § 1407.140, a depositor may issue checks at any time, against credits created by the deposit of a stamp. Stamps numbered one through eleven shall not be valid for deposit. If the ration period assigned to a stamp ends on a day which is not the last day of a calendar month and the next calendar month has a day which corresponds thereto, then a "month", as used in this paragraph, is the period from the last day of the ration period to and including the corresponding day of the next calendar month; otherwise it is the period from the last day of the ration period to and including the last day of the next calendar month.

This amendment shall become effective July 14, 1943.

[RO 12,[1] Amdt. 46]

COFFEE RATIONING REGULATIONS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order No. 12 is amended in the following respect:

Section 1407.1020 (b) is amended to read as follows:

(b) Each coffee stamp authorizes the transfer of one pound of roasted coffee to a consumer only during the ration period assigned to that coffee stamp in § 1407.1091. A coffee stamp received in accordance with Ration Order No. 12, by a retailer, who is not and is not required to be a depositor, and against which such retailer has transferred roasted coffee, authorizes such retailer to acquire roasted coffee therewith from another retailer or wholesaler, if such stamp is surrendered to such other retailer or wholesaler within a month of the close of the ration period assigned to such coffee stamp. Coffee stamps surrendered to a depositor shall be valid for deposit in his account for a period of a month and ten days after the close of the ration period assigned to such coffee stamp: *Provided, however,* That notwithstanding anything to the contrary contained in Ration Order No. 12, on or before February 15, 1943, Coffee Stamp No. 27, and, on or before March 15, 1943, Coffee Stamp No. 28, may be deposited, or may be surrendered in order to authorize the transfer of roasted coffee to a retailer who is not and is not required to be a depositor, and Coffee Stamp No. 23 may, on or before July 31, 1943, be surrendered by a retailer who is not and is not required to be a depositor to authorize the transfer of roasted coffee to him and may be deposited on or before August 10, 1943. Except as provided in paragraph (f) of § 1407.1032, a depositor may issue checks at any time against credits created by the deposit of a stamp. If the ration period assigned to a coffee stamp ends on a day which is not the last day of a calendar month and the next calendar month has a day which corresponds thereto, then a "month", as used in this paragraph, is the period from the last day of the ration period to and including the corresponding day of the next calendar month; otherwise it is the period from the last day of the ration period to and including the last day of the next calendar month.

PART 1351—FOOD AND FOOD PRODUCTS

[Rev. MPR 268,[1] Amdt. 7]

PERISHABLE FOODS AT RETAIL; EGGS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 268 is amended in the following respects:

1. In section 13 (b) after the phrase "When a retailer purchases" and before the phrase "and then candles and grades such eggs", the phrase "eggs in other than retail grades and sizes (or weight classes)" is substituted for the phrase "assorted eggs".

2. Paragraph (c) of section 13 is redesignated paragraph (d).

3. A new paragraph (c) is added to section 13 to read as follows:

(c) *Eggs sold by you as "ungraded eggs".* When a retailer purchases eggs in other than retail grades and sizes (or weight classes) and does not candle and grade them into the retail grades and sizes (or weight classes) set forth in Appendix A, he must sell them as "ungraded eggs". He shall calculate a maximum price weekly for such eggs using as his "net cost" the lowest maximum price established by Maximum Price Regulation No. 333 which would apply to sales to a retailer of large Grade C eggs delivered on the Monday of the week in which calculations are made to a receiving point located in the same city, town, village or hamlet as the customary receiving point for the eggs of the retailer pricing hereunder.

4. Subparagraph (10) of paragraph (b) of Appendix A is amended to read as follows:

(10) "Eggs" or "shell hen eggs" means all shell eggs of the fowl known as the domestic or barnyard hen used for human consumption. Maximum prices shall be calculated and posted for each grade and size (or weight class) of eggs. The grade and size (or weight class) shall be clearly posted with the maximum price, except that "ungraded eggs" are to be designated only as "ungraded eggs." Eggs shall be sold at retail only in the retail grades and sizes (or weight classes) specified in Maximum Price Regulation No. 333, or as "ungraded eggs" which may contain no inedible eggs.

This amendment shall become effective July 15, 1943.

Chapter XIII—Petroleum Administration for War

PART 1575—PETROLEUM INDUSTRY

PAW MATERIALS REDISTRIBUTION PROGRAM NO. 2

The fulfillment of the requirements for the defense of the United States has created a shortage of materials necessary for the production of petroleum for defense, for private account, and for export; and the following program is deemed necessary in the public interest, to promote the national defense, and to provide adequate supplies of petroleum for military and other essential purposes by making possible the fullest utilization of existing materials in the petroleum industry:

§ 1575.2 *PAW Materials Redistribution Program No. 2*—(a) *Purpose.* The purpose of this program is to effect a redistribution of certain critical materials among petroleum operators, so as to assure maximum efficient use of these materials and continued effective operation of the petroleum industry. In addition this program is designed as a method for determining the extent to which overall surpluses of material exist in the petroleum industry and are available for other uses in this country's war program. These purposes are to be accomplished through the establishment of uniform procedures for the reporting and sale or exchange of surplus stocks owned or controlled by petroleum industry operators.

The issuance of this program supersedes the previously operative "Tubular Goods Program" and establishes uniform standards for the recording and redistribution of those items of material essential to the war program which from time to time may become critical.

(b) *Definitions.* (1) "Operator" means any person to the extent that he is engaged in the petroleum industry.

(2) "Petroleum industry" means any operation directly incident to:

(i) The discovery, development or depletion of petroleum pools (production);

(ii) The extraction or recovery of natural gasoline and associated hydrocarbons (natural gasoline production);

(iii) The transportation, movement, loading or unloading of petroleum other than natural gas (transportation);

(iv) The processing, refining or compounding of finished or unfinished petroleum products (refining);

(v) The distribution or dispensing of petroleum products (other than natural gas) and the storing of petroleum products incident thereto (marketing);

and shall include for each of the above listed branches of the industry, to the extent applicable therein, the investigation into more efficient or more effective methods of conducting petroleum industry operations by means of research or technical laboratories.

(3) "Material" means any commodity, equipment, accessory, part, assembly, or product of any kind.

(4) "Surplus material" means with respect to each operator that quantity of any item of material, usable for purposes other than scrap, in the operator's possession or under his control which is determined to be surplus critical material in accordance with Schedules A, B, or C; or which (with respect to any material not identified as critical material) exceeds the quantity required or scheduled for use during the succeeding 90 days.

(5) "Critical material" means the material identified as critical on Schedules A, B, or C of this program.

(c) *Participation in the redistribution program*—(1) *Required participation.* Every operator (except marketing operators who neither operate five or more more bulk plants nor own or control marketing equipment with a new replacement cost of $300 or more at each of 25 or more retail outlets) who after July 31, 1943, acquires any material through the use of priorities assistance, for use in the United States, its territories or possessions must participate in the redistribution program.

(2) *Voluntary participation.* Any operator, domestic or foreign (although not a required participant), and any supplier may participate in this program by following the provisions of the redistribution program as if he were a required participant.

(3) *Classes of participation.* At any time the Petroleum Administration for War may include or exclude any operator or class of operators from required participation in the redistribution program.

(4) *Required certification.* At the time of filing this first report, or in the case of a required participant having no surplus material to report, on or before July 31, 1943, each operator shall file with the District Office for each District in which he operates a certification in triplicate in substantially the following form:

This is to certify that I am acquainted with the provisions of PAW Materials Redistribution Program No. 2 and have filed and will file all reports required thereunder.

Name of Required Participant

Date

Address

Branch or Branches of Industry in which Operations are Conducted in District.

(d) *Material covered by the redistribution program.* (1) The redistribution program covers all critical material which exists in the petroleum industry.

(2) Only surplus critical material must be reported. However, any item of critical material may be reported when a substantial quantity of such item exists at any location. In the event that critical material is reported, whether or not such material is surplus material, it shall be considered as surplus critical material for the purpose of this redistribution program.

(3) Where surplus critical material is jointly owned or controlled by two or more operators, such material shall be included in the program and reports as to such material shall be made by the operating owner.

(e) *Surplus critical material reporting*—(1) *Initial inventory.* As soon as possible, every required participant shall make surveys of his critical material to

determine what surplus critical material he has in his possession or subject to his control. A separate survey shall be conducted for each PAW District.

(2) *Critical material to be reported.* Surplus critical material must be listed on PAW Form No. MA–3–A, and reported on this form to the District Office of the Petroleum Administration for War for the District in which the surplus critical material is located. The first report shall be made on or before July 31, 1943.

The operator must fill out a separate PAW Form No. MA–3–A for each item or group of identical items which are owned or controlled by a required participant and are located at one place. However, where the required participant has like items of material located at two or more places in the PAW District, he may submit one report for all like items and list the identifying locations of the critical material on the back of the form. Three copies of Form No. MA–3–A shall be sent to the appropriate District Office and one shall be retained by the operator to be maintained as an inventory record so established that he can conveniently answer inquiries concerning his surplus critical material.

(3) *Maintaining current records*—(i) *Adjustment of schedules.* In the event that an item of critical material is added to or withdrawn by the Petroleum Administration for War from Schedule A, B, or C, an appropriate adjustment is required. Where an item is added, a required participant must immediately conduct a survey (in the manner prescribed in subparagraph (1) above) of that item to determine whether or not with respect to that item he has in his possession or subject to his control any surplus critical material. If the survey reveals the existence of surplus critical material, he shall immediately notify the appropriate District Office on PAW Form No. MA–3–A in accordance with subparagraph (2) above.

Where an item of critical material is withdrawn from Schedules A, B, and C, the required participant need not conduct periodic surveys of that item as described in (ii) below, nor will that item continue to be considered as subject to the requirements of the redistribution program which are applicable to critical material.

(ii) *Periodic reports.* In order that the records of the Petroleum Administration for War may be maintained on a current basis the following interim reporting procedure should be used:

(a) When any item of critical material is acquired by a required participant in an amount which will result in surplus critical material for that item, he will immediately notify the appropriate District Office of this fact on PAW Form No. MA–3–A, in accordance with subparagraph (2) above.

(b) When any item of critical material is used or disposed of by a required participant and as a result there no longer exists surplus critical material with respect to that item, he will immediately notify the appropriate District Office of this fact on PAW Form No. MA–3–A in accordance with subparagraph (2) above.

(c) When the quantity of any item of surplus critical material reported by a required participant is altered in an amount greater than 25% of the total reported surplus of that item, the required participant will immediately notify the appropriate District Office of this fact on PAW Form No. MA–3–A in accordance with subparagraph (2) above.

In any event, a required participant will review his stock position and list or report any alterations in his surplus critical material inventory position at least once every 90 days. The first of these reviews and reports will be completed and submitted (to the appropriate District Office on PAW Form No. MA–3–A, in accordance with subparagraph (2) above) on or before October 31, 1943.

(iii) *Current records.* The inventory and inventory records of any required participant may be reviewed by representatives of the Petroleum Administration for War at any time to determine conformity with the requirements of this redistribution program.

(f) *Use of inventory records to obtain critical materials*—(1) *Action to be taken by an operator requiring critical material.* (i) Whenever a required participant requires the delivery of any critical material, the operator must, in an effort to locate the material, first consult his own inventory records for the District in which the critical material is to be used.

(ii) When, under Preference Rating Order P–98–b or other applicable order, the delivery order or application form must be approved or an authorization granted prior to the use of priorities assistance, an operator before submitting the order or using authorized priorities assistance (other than MRO assistance for which an approved delivery order is necessary) should inquire of the appropriate District Office as to whether or not the critical material for which priorities assistance has been requested is available in the stocks of another operator.

(2) *Notification of existence of surplus critical material.* Before processing a request for priorities assistance, a check will be made by the Petroleum Administration for War of its inventory records to determine whether or not the particular item or items of critical material are otherwise available as surplus material in the hands of other operators. In the event that a determination is made that this is the case, the applicant for priorities assistance will be informed of this fact by letter, or collect telephone, or collect telegram, depending upon the expressed preference of the operator and the urgency. Letter notification will be on PAW Form No. MA–3–C entitled "Notification of Sources of Surplus Critical Material".

(3) *Negotiation for sale or transfer of critical material.* Upon receipt of a notification of possible available supplies of critical material, the operator requiring the critical material will communicate with the operators indicated as possessing possible supplies and negotiate with them for the sale or transfer of the material. If the operator cannot obtain the critical material from any of the indicated sources, he will so notify the Petroleum Administration for War on a copy of PAW Form No. MA–3–C, entitled "Notification of Sources of Surplus Critical Material", giving a full explanation of the reasons why the purchase or transfer could not be consummated. A supply of these forms may be obtained from any Petroleum Administration for War District Office for use as replies when notification is made by telephone or telegraph.

Where inquiry is made by transmitting a copy of the delivery order or an application for priorities assistance, and the Petroleum Administration for War determines that the required critical material is listed as surplus stock by other operators and so notifies the operator on PAW Form No. MA–3–C, the purchase order or application will be held in abeyance for 15 days from the date of notification to the operator of the possible sources of the critical material. If the operator is unsuccessful in obtaining the critical material from the suggested sources, the original request for priorities assistance will be processed where information to this effect is received from the operator within 15 days of the date of notification. Unless the Petroleum Administration for War is so notified within the 15 days, a new copy of the delivery order or application for priorities assistance must be submitted if priorities assistance is necessary.

Before transmitting an application for priorities assistance which under Order P–98–b must be sent directly to Washington, the required participant shall, unless emergency conditions prevent, request information of the appropriate District Office as to available supplies of surplus critical material located in the District and shall attempt to obtain such material without the use of priorities assistance. If material is not available the operator shall so notify the District Office and place upon his application to Washington, a statement in substantially the following form:

Cleared with Surplus Critical Material Unit, Materials Division, Petroleum Administration for War District No. ___.

In the event that no contact is made with the District Office, the Petroleum Administration for War in Washington will determine from its inventory records whether or not there exists surplus material in hands of other operators in the District and based upon the determination will, if appropriate, return to the operator PAW Form No. MA–3–C for processing by the operator in the manner specified above.

(g) *Price negotiation.* The Petroleum Administration for War will not negotiate prices in any sales or transfers effected under this redistribution program nor in any way act as a collecting agency for any seller or transferor. Although the price charged should not exceed the present new replacement cost of the critical material at its present location or the applicable established maximum price, if any, of the Office of Price Administration, the Petroleum Administration for War will not check any price against such limits. The negotiation of prices and the conformity of prices with governmental regulations is the responsibility of the operator.

(h) *Form.* Sample copies of all forms referred to in this program and

instructions for their use will be attached to the Materials Redistribution Program as distributed. Additional copies of the forms for use in carrying out the provisions of this Program may be obtained from any District Office of the Petroleum Administration for War.

(i) *Sales and transfers within the petroleum industry.* The terms and provisions of Prefernce Rating Order P–98–c, as amended, permit sales and transfers of material within an operator's company or between operators, and in addition permit sales or transfers by an operator to a supplier for direct sale or transfer by the supplier to another operator. However, no material may be delivered to any operator by either an operator or a supplier (where the material is ultimately to be used in the United States, its territories or possessions, or the Dominion of Canada) in a quantity "which if accepted by the operator would result in surplus material for the operator". Likewise, no operator may submit a delivery order, purchase order or contract, effect a sale or transfer of material otherwise authorized under Preference Rating Order P–98–c, or use priorities assistance, to obtain delivery of material for ultimate use in the United States, its territories or possessions, or the Dominion of Canada in a quantity which if accepted by the operator would result in surplus material.

These provisions, making possible the full utilization of this Materials Redistribution Program, also limit the quantities of material which may be accepted; and it should be the direct concern of every operator to acquaint himself fully with the provisions of the P–98–c Order in working under the Materials Redistribution Program.

(j) *Appeals.* Any operator who is subject to any requirement of any regulation, direction, or other action under this redistribution program may appeal for relief by filing a letter in triplicate with the District Director of Materials, Petroleum Administration for War, at the District Office for the District in which relief is sought, Ref: MRP–2, setting forth the pertinent facts, and the reasons why the operator considers that he is entitled to relief.

NOTE: This program has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 9th day of July 1943.

RALPH K. DAVIES,
Deputy Petroleum Administrator for War.

SCHEDULE A

DETERMINATION OF SURPLUS CRITICAL MATERIAL FOR THIS SCHEDULE

To determine surplus critical material for Schedule A: Subtract from the total quantity of any item of critical material (of a type identified on this Schedule), that quantity by item which is required or scheduled for use during the succeeding 90 days.

Critical material used in—

Production (oil or gas)	Natural gasoline production	Refining	Transportation	Marketing
Carbon and alloy steel	*Carbon and alloy steel*	*Carbon and alloy steel*	*Carbon and alloy steel*	
Tubular Goods (oil country): Casing. Tubing–2" and up. Drill pipe. Line Pipe–2" and up. Wire Rope. *API steel sucker rods*	Line Pipe–2" and up.	Line Pipe–2" and up.	Line Pipe–2" and up.	

SCHEDULE B

DETERMINATION OF SURPLUS CRITICAL MATERIAL FOR THIS SCHEDULE

To determine surplus critical material for Schedule B: Subtract from the total quantity of any item of critical material (of a type identified on this Schedule), one-half of the quantity by item actually installed or put into service (use) in 1942.

Critical material used in—

Production (oil or gas)	Natural gasoline production	Refining	Transportation	Marketing

FOOTNOTES

(These footnotes are applicable to any footnoted material, regardless of the schedule in which such material is listed.)

Footnoted material is considered "critical material" for the purposes of this program only where:

(a) In the case of footnote [1], the material is unused, reconditioned or rebuilt.

(b) In the case of footnote [2], the material was sold new to any person (not necessarily to the required participant) at any time since December 31, 1937.

(c) In the case of footnote [3], the material is not actually installed at the time a report under the Program is submitted.

(d) In the case of footnote [4] the material has a new replacement cost (excluding the power unit) of $600 or more.

(e) In the case of footnote [5], the material has a new replacement cost (including the power unit) of $200 or more.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 3—RULES GOVERNING STANDARD AND HIGH FREQUENCY BROADCAST STATIONS

NOTICE TO LICENSEES OF HIGH FREQUENCY (FM) BROADCAST STATIONS

Because the demands of the military services have greatly decreased available trained personnel for operating broadcast stations, Order No. 111-A has been adopted to further modify the provisions of § 3.261 of the Federal Communications Commission Rules with respect to minimum operating requirements of high frequency (FM) broadcast stations.

Under Order 111-A each high frequency (FM) station shall continue to render at least 6 hours program service each day, except Sundays, between 6 a. m. and midnight. The requirement that two hours of this service shall be devoted to programs not duplicated simultaneously as primary service in the same area by any standard or any high frequency broadcast station, has been suspended. Thus high frequency (FM) station licensees that have available (a. m.) programs of good quality, may use those available programs. However, it should not be overlooked that the Commission has not suspended or waived paragraph (c) of § 3.261, which places upon each licensee the duty to develop, in so far as possible, a distinct and separate service from that otherwise available in the service area.

Dated: July 6, 1943.

[SEAL] FEDERAL COMMUNICATIONS COMMISSION, T. J. SLOWIE, *Secretary*.

[Order No. 111-A]

PART 3—RULES GOVERNING STANDARD AND HIGH FREQUENCY BROADCAST STATIONS

NOTICE TO LICENSEES OF HIGH FREQUENCY (FM) BROADCAST STATIONS

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 6th day of July 1943;

It appearing (1) that the demand by the military service has decreased the supply of trained personnel available for the operation of broadcast stations, and

(2) that there is a searcity of materials for the maintenance of broadcast stations, and

It further appearing that a relaxation of the Commission's Rules, Regulations and other requirements with respect to minimum operating schedules for broadcast stations will serve the public interest;

Now, therefore, *It is ordered:* That until further order of the Commission paragraphs (a) and (b) of § 3.261 of the Rules and Regulations governing the minimum operating schedules of high frequency (FM) broadcast stations be, and they are hereby, suspended; and in lieu thereof, except Sundays, the minimum operating schedule of high frequency (FM) broadcast stations shall be six hours during the period from 6 a. m. to midnight, local standard time; except that if in any emergency, due to causes beyond the control of the licensee, it becomes impossible to continue operating, the station may cease operation for a period not to exceed 10 days: *Provided,* That the Commission and the inspector in charge shall be notified in writing immediately after the emergency develops.

This order supersedes Order 111.

[SEAL] FEDERAL COMMUNICATIONS COMMISSION, T. J. SLOWIE, *Secretary*.

PART 3—RULES GOVERNING STANDARD AND HIGH FREQUENCY BROADCAST STATIONS

PART 4—RULES GOVERNING BROADCAST SERVICES OTHER THAN STANDARD BROADCAST

NOTICE TO LICENSEES OF HIGH FREQUENCY (FM), TELEVISION, AND NONCOMMERCIAL EDUCATIONAL BROADCAST STATIONS

To assist in maintaining the service of high frequency (FM), television, and noncommercial educational broadcast stations, the Federal Communications Commission has announced that technical adjustments and changes in operation of such stations may be made where desirable for the conservation of equipment, particularly vacuum tubes, if consistent with maintenance of a substantial service or if necessary to permit continued operation. Under this arrangement licensees may file informal requests to reduce operating power or to make other changes in the operation of authorized equipment. Previously announced policies of the Commission regarding wartime licensing and operation remain unchanged, and this notice does not affect the procedure for authorizing over short periods such technical changes as are made necessary by emergency situations.

Licensees desiring to make changes in operating conditions should submit a statement of the changes proposed, the need therefor, the extent of time required or desired (not to exceed the license period, although such request may be repeated), and the change, if any, in service which would be provided.

Requests involving changes in equipment, to be handled by the procedure outlined herein, must be limited to those made necessary by existing conditions and required for the maintenance of service, such as the use of a temporary antenna to replace one damaged by storm or the operation of a transmitter without the final amplifier stage. Requests will not be considered, however, if inconsistent with the limitations on use of equipment contained in the wartime "freeze" policy announced by the Memorandum Opinion of April 27, 1942 (7 F.R. 3248).

Dated: July 6, 1943.

[Docket No. 36-FD]

VALIER COAL COMPANY

ORDER EXTENDING EFFECTIVE DATE OF DENIAL OF APPLICATION FOR EXEMPTION

In the matter of the application of Valier Coal Company for exemption of all coal produced by it and delivered to the Chicago, Burlington & Quincy Railroad Company and applicant's employees from the provisions of section 4 and the first paragraph of section 4-A of the Bituminous Coal Act of 1937.

An order was issued in this proceeding on May 21, 1943, denying an application for exemption of Valier Coal Company, code member in District No. 10, effective June 5, 1943. Thereafter, on June 11, 1943, at the request of the Valier Coal Company, the effective date of the order denying its application for exemption was extended to July 1, 1943.

By application filed with the Division on July 1, 1943, Valier Coal Company requested that the effective date of the order of the Director of May 21, 1943 denying its application for exemption be extended to July 31, 1943. Applicant alleges that on June 25, 1943 it requested District Board No. 10 to file application on its behalf with the Bituminous Coal Division for the establishment of a minimum price for coal produced by Valier Coal Company and sold for all railroad uses to Chicago, Burlington & Quincy Railroad Company. Applicant further alleges that District Board No. 10 has advised it that it will be unable to secure the establishment of a minimum price prior to July 1, 1943, the present effective date of the aforementioned order of the Director.

In these circumstances I believe that the requested relief is appropriate and that the third paragraph of the order denying the application of Valier Coal Company for exemption dated May 21, 1943 should accordingly be amended to read as follows:

It is hereby further ordered, That effective July 31, 1943, the application of Valier Coal Company is denied.

It is so ordered.

Dated: July 8, 1943.

DISTRICT BOARD 12

ORDER POSTPONING HEARING

In the matter of the petition of District Board No. 12 for establishment of a new size group and the establishment of price classifications and minimum prices.

Petitioner having moved that the hearing in the above-entitled matter heretofore scheduled for July 8, 1943, be postponed until July 15, 1943, and good cause having been advanced for the postponement of the said hearing and

It appearing appropriate, however, that the said hearing be postponed to July 16, 1943, rather than to July 15, 1943, as requested by petitioner

Now, therefore, it is ordered, That the hearing in the above-entitled matter be and the same is hereby postponed from July 8, 1943 to 10 o'clock in the forenoon of July 16, 1943 at the place and before the officers heretofore designated.

Dated: July 7, 1943.

NOTICE OF HEARING

In re application of KCMO Broadcasting Company (KCMO); dated: March 26, 1943; for modification of license; class of service, broadcast, class of station, broadcast; location, Kansas City, Missouri: operating assignment specified: frequency, 1480 kc. (directional antenna); power, 5 kw. (day and night); hours of operation, unlimited.

You are hereby notified that the Commission has examined the above-described application and has designated the matter for hearing for the following reasons:

1. To determine whether the granting of this application would be consistent with the policy announced by the Commission in its memorandum opinion dated April 27, 1942.

2. To determine the extent of any interference which would result from the simultaneous operation of Station KCMO as proposed, and Station KGCX, Sidney Montana, and KTBS, Shreveport, Louisiana.

3. To determine the areas and populations which may be expected to lose primary service, particularly from Stations KGCX and KTBS, should Station KCMO operate as proposed, and what other broadcast services are available to these areas and populations.

4. To determine the areas and populations which may be expected to gain primary service should Station KCMO operate as proposed, and what other broadcast services are available to these areas and populations.

5. To determine whether the operation of Station KCMO as proposed would be consistent with the Standards of Good the population residing within the "Blanket Area" (250 mv/m contour).

6. To determine whether, in view of the facts adduced under the foregoing issues, public interest, convenience or necessity would be served through the Engineering Practice, particularly as to granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's rules of practice and procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's rules of practice and procedure.

The applicant's address is as follows: KCMO Broadcasting Company, Radio Station KCMO, 1515 Commerce Trust Building, 922 Walnut Street, Kansas City, Missouri.

Dated at Washington, D. C., July 7, 1943.

By the Commission.

WASHINGTON GAS LIGHT COMPANY

NOTICE OF APPLICATION

JULY 9, 1943.

Notice is hereby given that on July 3, 1943, the Washington Gas Light Company, a corporation organized under the laws of the United States, filed an application for a certificate of public convenience and necessity under section 7 of the Natural Gas Act as amended.

The application embraces the construction of a 16" pipeline extending from a point on the Maryland-District of Columbia boundary line in Northwest Washington, D. C., in a general southeasterly direction to the applicant's West Station located on the Potomac River, Washington, D. C.

The application also covers the construction of a 16" pipeline extending from the Washington Gas Light Company's East Station on the Anacostia River in the District of Columbia, crossing the Anacostia River and continuing in a southerly direction to a point opposite the City of Alexandria, Virginia, and thence crossing the Potomac River and connecting with the Rosslyn Gas Company's distribution system on the Virginia bank of the Potomac River.

Any person desiring to be heard or to make any protest in reference to said application should, on or before the 26th day of July 1943, file with the Federal Power Commission a petition or protest in accordance with the Commission's Rules of Practice and Regulations.

[Docket No. FDO-35 (a)]

CERTIFICATION OF BATCHES OF DRUGS COMPOSED WHOLLY OR PARTLY OF INSULIN

NOTICE OF HEARING ON PROPOSED AMENDMENTS

The Federal Security Administrator, pursuant to section 506 of the Federal Food, Drug, and Cosmetic Act, as amended by Public Law 366, 77th Cong., 1st Sess. (1941), will hold an informal hearing on proposed amendments to the regulations providing for the certification of batches of drugs composed wholly or partly of insulin (7 F.R. 777), commencing at 10 o'clock in the morning of July 28, 1943, in Room 2862, South Building, United States Department of Agriculture, Independence Avenue between 12th and 14th Streets SW., Washington, D. C. The proposed amendments are as follows:

Section 144.1 is amended:

I. By changing paragraph (b) to read:

The term "insulin U. S. P." means the insulin injection recognized in the United States Pharmacopoeia, Twelfth Revision.

II. By redesignating paragraphs (d) to (j), inclusive, respectively as (e) to (k), inclusive, and inserting the following new paragraph:

(d) The term "globin insulin (with zinc)" means the insulin preparation described in § 144.12 of the regulations in this part.

Section 144.2 is amended:

I. By changing paragraph (d) (2) to read:

(2) A trial dilution made from such master lot or mixture, glycerin, phenol or cresol, and hydrochloric acid, which dilution conforms to the standard of identity, strength, quality, and purity for insulin U. S. P., containing 20 U. S. P. units or 40 U. S. P. units of insulin per cubic centimeter; in a quantity containing approximately 2,500 U. S. P. units of insulin.

II. By changing paragraph (d) (3) to read:

(3) If the batch is to be insulin U. S. P., the bulk dilution made from such master lot or mixture, glycerin, phenol or cresol, and hydrochloric acid, which dilution, without further change, is intended to be filled into the containers of the finished batch; in a quantity containing approximately 2,500 U. S. P. units of insulin.

III. By changing paragraph (d) (4) to read:

(4) If the batch is to be protamine zinc insulin, the bulk dilution made from such master lot or mixture, protamine, zinc chloride, glycerin, phenol or cresol, and hydrochloric acid, which dilution is the sole insulin-containing ingredient intended to be filled into the containers of the finished batch, and which is intended to be so filled without further change; in a quantity containing approximately 2,500 U. S. P. units of insulin.

IV. By changing paragraph (d) (6) to read:

(6) If the batch is to be protamine zinc insulin, the buffer solution (solution of disodium phosphate) which, without further change, is intended to be filled into the container of the finished batch; in a quantity not less in volume than the volume of the sample submitted pursuant to subparagraph (4) of this paragraph.

V. By striking paragraph (d) (8) and adding the following new subparagraphs to paragraph (d):

(8) If the batch is to be globin insulin (with zinc), the lot of globin hydrochloride from which the globin is to be prepared for use as an ingredient of the bulk dilution referred to in subparagraph (10) of this paragraph; in a quantity of approximately 5 grams.

(9) If the batch is to be globin insulin (with zinc), a trial mixture made from the master lot or mixture referred to in subparagraph (1) of this paragraph, globin, zinc chloride, hydrochloric acid, and phenol or cresol, which mixture is intended to be accurately representative of the mixture which will constitute the finished batch; in a quantity containing approximately 2,500 U. S. P. units of insulin.

(10) If the batch is to be globin insulin (with zinc), the bulk dilution made from such master lot or mixture, globin, zinc chloride, hydrochloric acid, and phenol or cresol, which dilution without further change, is intended to be filled into the containers of the finished batch; in a quantity containing approximately 2,500 U. S. P. units of insulin.

(11) The finished batch; in a quantity not less than 5 packages, but in no case containing less than a total of 700 U. S. P. units of insulin.

VI. By changing paragraph (c) (7) to read:

(7) If the batch is to be protamine zinc insulin, the trial mixture referred to in paragraph (d) (7) of this section: nitrogen, reaction, zinc, and biological reactions (by the tests prescribed in § 144.13 (b) or (c), and (d)).

VII. By changing the designation of paragraph (e) (8) to (11), and inserting the following new subparagraphs:

(8) If the batch is to be globin insulin (with zinc), the globin hydrochloride referred to in paragraph (d) (8) of this section: Moisture, nitrogen, chloride, and ash.

(9) If the batch is to be globin insulin (with zinc), the trial mixture referred to in paragraph (d) (9) of this section: Nitrogen, reaction, zinc, and biological reaction (by the test prescribed in § 144.13 (e)).

(10) If the batch is to be globin insulin (with zinc), the bulk dilution referred to in paragraph (d) (10) of this section: Nitrogen, reaction, sterility, and zinc.

VIII. By changing paragraph (f) to read:

(f) The results of tests and assays for the following shall be reported in the terms indicated:

Ash (except globin hydrochloride)—milligrams per 1,000 U. S. P. units of insulin.

Ash in globin hydrochloride—percent by weight.

Chloride—percent by weight as HCl.

Moisture—percent by weight.

Nitrogen (except in globin hydrochloride and protamine)—milligrams per cubic centimeter in the cases of solutions and suspensions, and percent by weight in the case of solids.

Nitrogen in globin hydrochloride—percent by weight calculated to a moisture-free, ash-free, chloride-free basis.

Nitrogen in protamine—percent by weight, calculated to a moisture-free basis.

Potency—U. S. P. units of insulin per cubic centimeter.

Reaction—hydrogen ion concentration (pH).

Sulfate—percent by weight, as SO_4, calculated to a moisture-free basis.

Zinc—milligrams per cubic centimeter in the cases of solutions and suspensions, and percent by weight in the case of solids.

IX. By changing paragraph (g) to read:

(g) (1) No sample referred to in paragraph (d) (1) to (10) of this section, inclusive, and no result referred to in paragraph (e) (1) to (10) of this section, inclusive, is required (i) if such sample or result has been submitted in connection with a previous request for certification, or (ii) if the batch is to be protamine zinc insulin of 80 unit strength, and the Commissioner has previously approved a trial mixture referred to in paragraph (d) (7) of this section of 40 unit strength, prepared from the same materials and in the same manner (except for adjustment of reaction of the buffer solution) as such batch of 80 unit strength is to be made.

(2) Each sample submitted pursuant to this section shall be so packaged as to maintain its representative character, and in the case of any solution or suspension, shall be collected and packaged under aseptic conditions. Each package shall be clearly identified as to its contents and shall bear the name and post office address of the person submitting the request.

(3) The packages constituting the samples submitted pursuant to paragraph (d) (11) of this section shall be collected at such intervals that the quantities packaged between collections are approximately equal; in no case shall any such quantity be more than 10,000 packages. The collections shall cover the entire period of packaging.

(4) Each sample submitted pursuant to paragraph (d) (2), (3), (4), (6), (7), (9), and (10) of this section shall be accompanied by a statement showing the identity, quality, and quantity of each substance used as an ingredient or as a component of an ingredient in the material from which the sample was taken. Each sample submitted pursuant to paragraph (d) (11) of this section shall be accompanied by a statement showing the quantity of the bulk dilution and, if the batch is protamine zinc insulin, the quantity of buffer solution used in the batch.

(5) If the tests and assays, results of which are submitted pursuant to paragraph (e) (2) of this section, were not made on the same trial dilution as that from which the sample submitted pursuant to paragraph (d) (2) of this section was taken, such sample shall be accompanied by a statement showing the identity, quality, and quantity of each substance used as an ingredient or as a component of an ingredient of the trial dilution on which such tests and assays were made.

(6) The value for each of the components ash, nitrogen, and zinc submitted pursuant to subparagraphs (1), (2), and (3) of paragraph (e) may be calculated from the result of a test therefor submitted pursuant to either subparagraph (1) or (2) of such paragraph. The result on potency required under subparagraph (1) of such paragraph may be calculated from the result of an assay therefor submitted pursuant to subparagraph (2) of such paragraph. The value for each of the components nitrogen and zinc, to the extent required under subparagraphs (4), (7), and (11) of such paragraph, may be calculated from the result of a test therefor submitted pursuant to either subparagraph (4) or (7) of such paragraph. The value for each of the components nitrogen and zinc, to the extent required under subparagraphs (9), (10), and (11) of such paragraph, may be calculated from the result of a test therefor submitted pursuant to either subparagraph (9) or (10) of such paragraph. The value for each of the components ash, nitrogen, and zinc required under subparagraph (11) of such paragraph may, if the batch is insulin U. S. P., be calculated from the result of a test therefor submitted pursuant to subparagraphs (1), (2), or (3) of such paragraph. Each calculated value shall be indicated as such.

(7) The information required under paragraph (c) (1), (2) and (3) of this section, and the samples and results of tests and assays required under paragraphs (d) (1) and (2) and (e) (1) and (2) of this section should be submitted before submission of the samples and results required in paragraphs (d) (3) to (10) of this section, inclusive, and (e) (3) to (10) of this section, inclusive; and the samples and results required under paragraphs (d) (3) to (10), inclusive, and (e) (3) to (10), inclusive, should be submitted before submission of the information, samples, and results required under paragraphs (c) (4) and (5), (d) (11), and (e) (11) of this section. All information, including results of tests and assays (except results of tests for sterility), required under this section should be submitted at the same time as the samples to which they relate are submitted.

X. By changing paragraph (k) to read:

(k) In like manner, the Commissioner shall notify the person who submits samples pursuant to paragraph (d) (3) to (10) of this section, inclusive, of his approval or refusal to approve the use of the materials represented by such samples in completing the manufacture of the batch. In case of a refusal to approve, the Commissioner shall state his reasons therefor.

Section 144.3 is amended by changing paragraph (a) (2) to read:

(2) The batch complies with these regulations and conforms to the standards of identity, strength, quality, and purity for insulin U.S.P., protamine zinc insulin, or globin insulin (with zinc);

Section 144.4 is amended by changing the designations of paragraphs (b) (3) and (b) (4) to (b) (4) and (b) (5), respectively, and inserting the following new subparagraph:

(3) with respect to any package of globin insulin (with zinc), 2 years after the immediate container therein was filled, but in no case shall a certificate remain effective with respect to any package more than 18 months after it is removed from the storage required by § 144.2 (i);

Section 144.6 is amended:

I. By changing paragraph (b) (1) to read:

(1) The statement "Expiration date ———", the blank being filled in with the date on which the certificate applicable to such batch expires with respect to such package, as provided in § 144.4 (b) (1), (2), or (3); and

II. By adding the following new paragraph:

(g) On the circular or other labeling of the retail package, if the batch is globin insulin (with zinc), (in addition to the information required by paragraphs (a), (b), and (c) of this section):

(1) An explanation of the difference, as compared with insulin U. S. P. and with protamine zinc insulin, in onset of action, duration, and the time and frequency of administration;

(2) A caution that it is not to be substituted for insulin U. S. P. or protamine zinc insulin, except on the advice and direction of the physician; and

(3) A caution against use if any turbidity or precipitate has developed in the solution.

Section 144.7 is amended by adding the following new paragraph:

(c) The outside containers or wrappers of the packages, and the labels on the immediate containers, of globin insulin (with zinc) shall be distinguished by the following colors: Green and brown.

Section 144.10 is amended by changing paragraph (c) to read:

(c) Each sample of trial mixture submitted pursuant to § 144.2 (d) (7) or (9) shall be accompanied by an advance deposit of $350 to cover the fee, unless the results of the tests for biological reactions made by the laboratory referred to in § 144.3 (c), are submitted or are to be submitted.

Section 144.12 is redesignated as § 144.13 and a new § 144.12 is inserted as follows:

§ 144.12 *Standards of identity, strength, quality, and purity for globin insulin (with zinc).* Globin insulin (with zinc) is a preparation, in a hydrochloric acid medium, of insulin modified by the addition of globin and zinc chloride. The quantity of insulin used is such that each cubic centimeter of the finished preparation contains 80 U. S. P. units of insulin. The quantity of globin used (calculated as 6.0 times its nitrogen content) is not less than 3.6 milligrams and not more than 4.0 milligrams for each 100 U. S. P. units of insulin used. The preparation also contains, for each 100 U. S. P. units of insulin used, not less than 0.25 milligram and not more than

0.35 milligram zinc and not more than 1.50 milligrams total nitrogen. The pH of the finished preparation is not less than 3.4 and not more than 3.8. If necessary, either hydrochloric acid or sodium hydroxide may be added to attain the required pH. The finished preparation also contains not less than 0.15 and not more than 0.20 percent (w/v) cresol U. S. P., or not less than 0.20 percent and not more than 0.26 percent (w/v) phenol U. S. P. The preparation is sterile. The globin used is obtained from globin hydrochloride prepared from beef blood. The ash content of the globin hydrochloride is not more than 0.3 percent; its nitrogen content, calculated to a moisture, ash, and hydrochloric acid free basis, is not less than 16.0 percent and not more than 17.5 percent.

The section newly designated as § 144.13 is amended as follows:

I. By redesignating paragraph (e) as (f), (f) as (h); (g), (h), and (i) as (j), (k), and (l), respectively; (j), (k), and (l) as (n), (o), and (p), respectively.

II. By inserting the following new paragraph (e):

(e) *Biological reaction for globin insulin (with zinc).* The rate, amount, and duration of effect in lowering the blood sugar of rabbits by globin insulin (with zinc) is determined by comparing the average blood sugar concentrations at various intervals during not less than a 10-hour observation period following the administration of globin insulin (with zinc) subcutaneously into rabbits, with the average blood sugar concentrations similarly obtained by administration of globin insulin (with zinc) reference material prepared as hereinafter set forth.

(1) *Globin insulin (with zinc) reference material.* Prepare the globin insulin (with zinc) reference material to contain 80 U. S. P. units of insulin per cubic centimeter from the following component solutions (or solutions of the same proportionate composition per cubic centimeter) by adding, with gentle shaking, to a suitable volume of Solution 2, accurately measured at room temperature, such volume of Solution 3 that the resulting mixture contains 38 milligrams of globin to each 1,000 U. S. P. units of insulin. Dilute with distilled water to 1%0 of the final volume required and adjust the reaction with solutions of hydrochloric acid or sodium hydroxide until the reaction is within the limits of pH 3.4 to pH 3.8. Make up to the final volume required by adding distilled water. Store in a refrigerator and do not use after 6 months have elapsed from the date of preparation.

The solutions referred to above are:

Solution 1. Dissolve 0.5975 gram zinc oxide in 245 cubic centimeters of approximately tenth-normal hydrochloric acid. Add 3.5 grams of cresol (or 4.6 grams of phenol) and sufficient distilled water to make the final volume 1000 cubic centimeters.

Solution 2. Weigh accurately a suitable quantity of U. S. P. Zinc-Insulin Crystals Reference Standard and dissolve in such quantity of Solution 1 as to obtain a concentration of 160 U. S. P. units of insulin per cubic centimeter. If necessary, add 1 drop of hydrochloric acid to effect complete solution. Store in a refrigerator; do not use after 3 months from the date of preparation.

Solution 3. With careful stirring dissolve globin hydrochloride in distilled water to make a 5 percent solution. Determine the least amount of tenth-normal sodium hydroxide necessary to cause a precipitate in a small, accurately measured sample of this solution, and calculate the amount required for the remaining solution. Add about 70 percent of the calculated amount of sodium hydroxide in the form of a normal sodium hydroxide solution very slowly, with gentle stirring over a period of 1½ hours. Allow the mixture to stand about ½ hour or longer and slowly add the remainder of sodium hydroxide as a tenth-normal solution. Centrifuge and carefully add small amounts of tenth-normal sodium hydroxide until no further precipitate forms. This occurs when the pH is approximately 6.3. Allow to stand for 1 hour and centrifuge. Determine the amount of nitrogen present in the supernatant liquid by the Kjeldahl method. Calculate the globin content by mutiplying the nitrogen by 6.0. This solution should be freshly prepared before use.

(2) *Test animal.* The test animal shall be the same as described in the United States Pharmacopoeia for the assay of insulin U. S. P. except that the minimum weight shall be 2½ kilograms.

(3) *Volume of the globin insulin (with zinc) reference material to be injected.* The volume of the preparation to be injected shall be such that at a period of from 6 to 8 hours after the administration of the test material, the blood sugar is not greater than approximately 90 percent of the initial value but the volume is not so great as to cause convulsions in more than 25 percent of the animals. Do not dilute the preparations to be injected to attain the above requirements. Make injections with a micrometer syringe in order to obtain greater accuracy.

(4) *Conduct of the test, blood sugar determination, and interpretation of the data.* Proceed as directed under paragraph (b) (4), (5) and (6) of this section for protamine zinc insulin, except that the samples of blood for the determination of blood sugar concentrations are obtained over a period of not less than 10 hours, instead of 11 hours, after the injection, and in the interpretation of the data the index for each bleeding time other than the last is between 0.85 and 1.15 and the average of the indexes is between 0.90 and 1.10.

III. By changing the paragraph newly designated as (f) to read:

(f) *Identification of protamine zinc insulin.* Acidify protamine zinc insulin so that the pH is not less than 2.5 and not more than 3.5. The precipitate dissolves giving a clear colorless liquid. Inject subcutaneously into 6 rabbits, from which food has been withheld for the previous 18 to 24 hours and which weigh 1.8 to 2.2 kilograms each, a quantity of this clear liquid which causes convulsions in at least 3 animals. Immediately after convulsions occur in an animal, inject intravenously into that animal 5 cubic centimeters of a 50 percent aqueous solution of dextrose. The convulsion is relieved and a majority of the animals which have shown convulsions remain alive for at least 3 days.

IV. By inserting the following new paragraph:

(g) *Identification of globin insulin (with zinc).* Adjust the acidity of globin insulin (with zinc) so that the pH is not less than 4.5 and not more than 5.5. A precipitate forms. Divide the sample containing the precipitate into two portions. Adjust the acidity of the first sample to a pH not less than 2.5 and not more than 3.5 and adjust the second sample to a reaction more alkaline than pH 11.0. In each case the precipitate dissolves giving a clear solution.

Inject subcutaneously into 6 rabbits, from which food has been withheld for the previous 18 to 24 hours and which weigh 1.8 to 2.2 kilograms each, a quantity of globin insulin (with zinc) which will cause convulsions in at least 3 animals. Immediately after convulsions occur in an animal, inject intravenously into that animal 5 cubic centimeters of a 50 percent aqueous solution of dextrose. The convulsion is relieved and a majority of the animals which have shown convulsions remain alive for at least 3 days.

V. By changing the paragraph newly designated as (h) as follows:

A. Change the first two lines to read:

(h) *Sterility of protamine zinc insulin and globin insulin (with zinc)*—(1) *Preparation of media.* Use one of the following media:

B. Change the fourth paragraph of subparagraph (2) to read:

Test the sterility of protamine zinc insulin and globin insulin (with zinc) by inoculating 1 cubic centimeter thereof into each tube of medium used, under strict aseptic precautions. Incubate all tubes at 37° C. for seven days and examine on the second, fourth, and seventh days after inoculation. Agitate only after 48 hours' incubation to insure initial anaerobiosis. If at the end of the seven days 50 percent or more of the medium in any tube has changed from the color of the fresh medium to a green color, discard the test.

VI. By inserting the following new paragraph:

(i) *Chloride in globin hydrochloride*—(1) *Conduct of the test.* Weigh accurately approximately 0.5 gram of globin hydrochloride into a small beaker and dissolve in 10–15 cubic centimeters of distilled water. Add 10 cubic centimeters of tenth-normal silver nitrate, 5 cubic centimeters of nitric acid, and 5 cubic centimeters of a saturated solution of potassium permanganate. Stir and place on a steam bath for approximately one hour. If any brown color remains, stir again, rinse the sides of the beaker with distilled water and place on the steam bath until the brown color disappears. Transfer quantitatively to a 50-cubic centimeter volumetric flask and fill the flask to the mark with distilled water. Mix and filter through a dry filter paper into a dry vessel. Transfer exactly 40 cubic centimeters of the filtrate to a flask, add 2 cubic centimeters of ferric ammonium sulfate Test Solution and titrate with tenth-normal ammonium thiocyanate. To obtain the percent chloride as HCl, subtract 1.25 times the number of cubic centimeters of ammonium thiocyanate used from 10; multiply this difference by 0.365 and divide by the weight of the sample in grams.

(2) *Reagents.* The reagents used are those described in the United States Pharmacopoeia.

VII. By changing the paragraph newly designated as (l) to read:

(l) *Total nitrogen in protamine zinc insulin and globin insulin (with zinc).* Determine total nitrogen by the method described in the United States Pharmacopoeia for insulin U. S. P.

VIII. By inserting the following new paragraph:

(m) *Total nitrogen in protamine and globin hydrochloride.* Determine total nitrogen by the method described in the United States Pharmacopoeia for insulin U. S. P., except that the sample taken for analysis is approximately 25 milligrams and the quantity of fiftieth-normal acid used is 25 cubic centimeters.

IX. By changing the paragraph newly designated as (n) to read:

(n) *Zinc in insulin-containing solutions, in protamine zinc insulin, and in globin insulin (with zinc).* Use the method described in the United States Pharmacopoeia for insulin U. S. P.

X. By changing the paragraph newly designated as (p) to read:

(p) The Commissioner shall, for the purposes of the tests and assays prescribed under this section, provide a suitable reference protamine and a suitable reference globin hydrochloride, and shall, at cost, furnish any person making written request therefor a sample thereof.

All interested persons are invited to attend the hearing in person or by representative, and to offer comments upon the whole or any part of the proposed amendments. Written statements may be submitted at or prior to the opening of the hearing and may be addressed to the Hearing Clerk, Office of the General Counsel, Federal Security Agency, Room 2242, South Building, Independence Avenue between 12th and 14th Streets, SW., Washington, D. C.

The proposed amendments are subject to adoption, rejection or amendment, in whole or in part.

[Vesting Order 238]

FUJII JUNICHI SHOTEN, LIMITED

Re: 65.07% of the captal stock of Fujii Junichi Shoten, Limited.

Under the authority of the Trading With the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

1,952 shares (which constitute a substantial part, namely, 65.07%, of all outstanding shares) of $50 par value common capital stock of Fujii Junichi Shoten, Limited, a Hawaiian corporation, Honolulu, Territory of Hawaii, which is a business enterprise within the United States, the names and last known addresses of the registered owners of which, and the number of shares owned by them respectively, are as follows:

Names and last known addresses:	Number of shares
Junichi Fujii, Hiroshima, Japan	581
Junso Fujii, Hiroshima, Japan	571
Yoichi Fujii, Hiroshima, Japan	390
Haruo Fujii, Hiroshima, Japan	150
Katsuyo Fujii, Hiroshima, Japan	150
Shigeo Oshima (alien detention camp)	110
Total	1,952

is property of nationals, and represents control of said business enterprise which is a national, of a designated enemy country (Japan), and determining that to the extent that any or all of such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C. on October 15, 1942.

[Amendment of Vesting Order 350]

AMBER MINES, INC.

Vesting Order Number 350, dated November 11, 1942, is hereby amended as follows and not otherwise:

By deleting paragraphs (a) and (c) thereof and substituting therefor, respectively, the following:

(a) Finding that Preussische Bernstein Manufactur, whose last known address is represented to the undersigned as being Koenigsberg, Germany, and Staatliche Bernstein Manufactur GmbH, whose last known address is represented to the undersigned as being Danzig, Germany, are nationals of a designated enemy country (Germany);

(c) Finding that all right, title, interest and claim of any name or nature whatsoever of Preussische Bernstein Manufactur and/or Staatliche Bernstein Manufactur GmbH in and to all indebtedness, contingent or otherwise, and whether or not matured, owing to them, or each of them, by said Amber Mines, Inc., including but not limited to all security rights in and to any and all collateral for any or all of such indebtedness and the right to sue for and collect such indebtedness, is an interest in the aforesaid business enterprise held by a national or nationals of an enemy country, and also is property within the United States owned or controlled by a national or nationals of a designated enemy country (Germany);

All other provisions of such Vesting Order Number 350 and all action taken on behalf of the undersigned in reliance thereon, pursuant thereto and under the authority thereof are hereby ratified and confirmed.

Executed at Washington, D. C. on July 1, 1943.

[Vesting Order 1045]

S. HATA SHOTEN, LIMITED

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Having found in Vesting Order Number 62 of July 28, 1942, that S. Hata Shoten, Limited, a Hawaiian corporation, Hilo, Hawaii, Territory of Hawaii, is a business enterprise within the United States and is a national of a designated enemy country (Japan);

2. Finding that Katsujiro Kagawa is a subject of Japan interned at Sand Island, Territory of Hawaii, and is a national of a designated enemy country (Japan);

3. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Japan);

4. Finding that 10 shares of $100 par value common capital stock of said S. Hata Shoten, Limited, are registered in the name of, and owned by, said Katsujiro Kagawa, and represent an interest in said business enterprise;

5. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

6. Deeming it necessary in the national interest;

hereby (i) vests in the Alien Property Custodian the 10 shares of stock re-

ferred to in subparagraph 4 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States, and (ii) undertakes the direction, management, supervision and control of such business enterprise to the extent deemed necessary or advisable from time to time by the undersigned.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, or to vary the extent of such direction, management, supervision or control or to terminate the same, if and when it should be determined that any of such action should be taken.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C. on March 11, 1943.

FUJII JUNICHI SHOTEN, LIMITED

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Having found in Vesting Order Number 238 of October 15, 1942, that Fujii Junichi Shoten, Limited, a Hawaiian corporation, Honolulu, Territory of Hawaii, is a business enterprise within the United States and is a national of a designated enemy country (Japan);

2. Finding that Juro Fujikawa, Hiroshi Fujii, Shuzo Wada and Haruno Fujikawa, whose last known addresses are Hiroshima, Japan, are nationals of a designated enemy country (Japan);

3. Finding that 132 shares of $50 par value common capital stock of Fujii Junichi Shoten, Limited, are registered in the names of, and owned by, the aforesaid individuals in the following respective amounts:

Names:	*Number of shares*
Juro Fujikawa	51
Hiroshi Fujii	50
Shuzo Wada	20
Haruno Fujikawa	11
Total	132;

4. Finding therefore that said 132 shares are property of nationals of a designated enemy country (Japan) and represent an interest in said business enterprise;

5. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Japan);

6. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

7. Deeming it necessary in the national interest;

hereby (i) vests in the Alien Property Custodian the 132 shares of stock referred to in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States, and (ii) undertakes the direction, management, supervision and control of such business enterprise to the extent deemed necessary or advisable from time to time by the undersigned.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof or to indicate that compensation will not be paid in lieu thereof, or to vary the extent of such direction, management, supervision or control or to terminate the same, if and when it should be determined that any of such action should be taken.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

K. SASAOKA

Re: Personal property located at Dallas, Texas, owned by K. Sasaoka.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that K. Sasaoka is a subject of Japan, within Japan, and is a national of a designated enemy country (Japan);

2. Finding that K. Sasaoka is the owner of the personal property described in subparagraph 3 hereof;

3. Finding that the property described as follows:

The personal effects owned by K. Sasaoka, located at the residence at 5309 Ross Avenue, Dallas, Texas, and set forth in detail in Exhibit A attached hereto and by reference made a part hereof,

is property within the United States owned or controlled by a national of a designated enemy country (Japan);

4. Determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of the aforesaid designated enemy country (Japan);

5. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

6. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

CHRISTIAN F. AHRENKIEL AND ANNE AHRENKIEL

Re: Certain property owned by Christian F. Ahrenkiel and Anne Ahrenkiel, his wife.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that Christian F. Ahrenkiel and Anne Ahrenkiel, his wife, are residents of Germany and are nationals of a designated enemy country (Germany);

2. Finding that Christian F. Ahrenkiel and Anne Ahrenkiel, his wife, are the owners of the property described in subparagraph 3 hereof;

3. Finding, therefore, that the property described as follows:

a. The furniture and personal effects, particularly described in Exhibit "A" attached hereto and by reference made a part hereof, stored in the warehouse of Santini Bros., Inc., 1405 Jerome Avenue, Bronx, New York, and

b. All right, interest and claim of Christian F. Ahrenkiel and Anne Ahrenkiel, his wife, and each of them, and of every other national of a designated enemy country, in and to fire insurance policy No. 368,269, issued by the Northern Assurance Co. Ltd., covering the property described in subparagraph 3-a hereof,

is property within the United States owned or controlled by nationals of a designated enemy country (Germany);

4. Determining that the property described in subparagraph 3-b hereof is necessary for the maintenance and safeguarding of other property (namely, that hereinbefore described in subparagraph 3-a) belonging to the same nationals of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to Section 2 of said Executive Order;

5. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Germany);

6. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

7 Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

[Vesting Order 1584]

MIDEUROPEAN FOOD PACKAGE SERVICE, INC.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that Carl J. Duncker, whose last known address is Germany, is a national of a designated enemy country (Germany);

2. Finding that Mideuropean Food Package Service, Inc. is a corporation organized under the laws of the State of New York, presently in the process of voluntary dissolution and is continuing as a corporation and a business enterprise in accordance with the laws of the State of New York, and is a business enterprise within the United States;

3. Finding that 50 shares of no par value common capital stock of Mideuropean Food Package Service, Inc. are registered in the name of and owned by Carl J. Duncker;

4. Finding that said 50 shares constitute a substantial part (namely, 50%) of the issued and outstanding capital stock of said business enterprise and represent control thereof;

5. Finding, therefore, that Mideuropean Food Package Service, Inc. is a national of a designated enemy country (Germany);

6. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Germany);

7. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

8. Deeming it necessary in the national interest;

hereby (i) vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States, and (ii) undertakes the direction, management, supervision and control of Mideuropean Food Package Service, Inc. to the extent deemed necessary or advisable from time to time by the undersigned.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof or to indicate that compensation will not be paid in lieu thereof, or to vary the extent of such direction, management, supervision or control or to terminate the same, if and when it should be determined that any of such action should be taken.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on May 29, 1943.

KUMEO KATO

Re: Ford automobile owned by Kumeo Kato.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that Kumeo Kato is a resident of Japan, whose last known address is Japan, and is, therefore, a national of a designated enemy country (Japan);

2. Finding that the property described in subparagraph 3 hereof is owned by Kumeo Kato;

3. Finding, therefore, that the property described as follows:

One Ford cabriolet automobile and equipment, 1936 model, motor and serial No. 182467679, owned by Kumeo Kato and presently stored at the garage of William J. Dever, 12 William Street, Englewood, New Jersey,

is property within the United States owned by a national of a designated enemy country (Japan);

4. Determining that to the extent that such national is a person not within a designated enemy country the national interest of the United States requires that such person be treated as a national of the aforesaid enemy country (Japan);

5. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act, or otherwise; and

6. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C. on May 29, 1943.

WILLY LUCKMANN AND KAETHE LUCKMANN

Re: Certain property owned by Willy Luckmann and Kaethe Luckmann, his wife.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that Willy Luckmann and Kaethe Luckmann, his wife, are residents of Germany, and are nationals of a designated enemy country (Germany);

2. Finding that Willy Luckmann and Kaethe Luckmann, his wife, are the owners of the property described in subparagraph 3 hereof;

3. Finding, therefore, that the property described as follows:

Certain furniture and personal effects, particularly described in Exhibit "A" attached hereto and by reference made a part hereof, stored in the warehouse of Frank Richter Co., 58-11 Park Avenue, West New York, New Jersey,

is property within the United States owned or controlled by nationals of a designated enemy country (Germany);

4. Determining that to the extent that such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of the aforesaid enemy country (Germany);

5. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act, or otherwise; and

6. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

HEINRICH KEMPF AND WIFE

Re: Certain property owned by Heinrich Kempf and Mrs. Heinrich Kempf.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that Heinrich Kempf, also known as Captain Heinrich Kempf, also known as Capt. H. Kempf, and his wife, Mrs. Heinrich Kempf, are residents of Germany and are nationals of a designated enemy country (Germany);

2. Finding that Heinrich Kempf and Mrs. Heinrich Kempf are the owners of the property described in subparagraph 3 hereof;

3. Finding, therefore, that the property described as follows:

Certain furniture and personal effects, particularly described in Exhibit "A" attached hereto and by reference made a part hereof, and stored in the warehouse of Frank Richter Co., 58-11 Park Avenue, West New York, New Jersey, in the name of Capt. & Mrs. H. Kempf, Lot No. B-1021,

is property within the United States owned or controlled by nationals of a designated enemy country (Germany);

4. Determining that to the extent that such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of the aforesaid enemy country (Germany);

5. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act, or otherwise; and

6. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. [Supplementary Order ODT 3, Revised-37]

RED BALL TRANSFER COMPANY AND DARLING TRANSFER

COORDINATED OPERATIONS BETWEEN POINTS IN NEBRASKA, KANSAS, AND MISSOURI

Upon consideration of the application for authority to coordinate operations as common carriers by motor vehicle in the transportation of property between points in Nebraska, Kansas, and Missouri, filed with the Office of Defense Transportation by Matthew Leo McKeone, doing business as Red Ball Transfer Company, Omaha, Nebraska, and Charles W. Darling, doing business as Darling Transfer, Auburn, Nebraska, designated herein as Red Ball and Darling, respectively, as governed by § 501.9 of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660), and

It appearing that such coordination is necessary in order to assure maximum utilization of the facilities, services, and equipment and to conserve and providently utilize vital equipment, materials, and supplies of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. Red Ball shall:

(a) Suspend the transportation, on its route between Omaha, Nebraska, and Kansas City, Missouri, over U. S. Highways 75, 73, and 40, of shipments moving to or from all points intermediate thereto, except Atchison and Leavenworth, Kansas, and divert such shipments to Darling; and

(b) Suspend the transportation, on its routes between Beatrice, Nebraska, and the junction of Nebraska State Highway 3 and U. S. Highway 75, and between Beatrice and the junction of Nebraska State Highway 4 and U. S. Highway 75, of shipments moving to or from all intermediate points on both routes, and divert such shipments to Darling.

2. Darling shall accept and transport all shipments diverted to it under this order pursuant to the lawfully applicable rates, charges, rules, and regulations of Red Ball.

3. Except as may be otherwise provided by agreement between the carriers, or prescribed by the Interstate Commerce Commission or by an appropriate State regulatory body, the division of revenues derived from the transportation performed pursuant hereto shall be as determined by the Office of Defense Transportation.

4. All records of the carriers pertaining to any transportation performed pursuant to this order shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

5. The provisions of this order shall not be so construed or applied as to require either carrier named herein to perform any service beyond its transportation capacity, or to permit either carrier to alter its legal liability to any shipper. In the event compliance with any term of this order would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of either carrier named herein, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

6. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

7. Contractual arrangements made by the carriers to effectuate the terms of this order shall not extend beyond the effective period of this order.

8. Communications concerning this order should refer to "Supplementary Order ODT 3, Revised-37", and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

9. This order shall become effective July 23, 1943, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 9th day of July, 1943.

RED BALL TRANSFER COMPANY, ET AL.

COORDINATED OPERATIONS BETWEEN ST. JOSEPH, MISSOURI, AND HIAWATHA, KANSAS

Upon consideration of the application for authority to coordinate operations as common carriers by motor vehicle in the transportation of property between Hiawatha, Kansas, and St. Joseph, Missouri, filed with the Office of Defense Transportation by Matthew Leo McKeone, doing business as Red Ball Transfer Company, Omaha, Nebraska; Charles W. Darling, doing business as Darling Transfer, Auburn, Nebraska; and Leonard Ragland, St. Joseph, Missouri; designated herein as Red Ball, Darling, and Ragland, respectively, as governed by § 501.9 of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660), and

It appearing that such coordination is necessary in order to assure maximum utilization of the facilities, services, and equipment and to conserve and providently utilize vital equipment, materials, and supplies of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purpose is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. Red Ball and Darling shall suspend the transportation, on their routes between St. Joseph and Hiawatha, of shipments moving in interstate commerce between St. Joseph, or through that gateway, and intermediate points on such routes, and divert such shipments to Ragland for transportation from or to the terminals of Red Ball or Darling, respectively, at St. Joseph.

2. Ragland shall accept and transport all shipments diverted to him under this order pursuant to the lawfully applicable rates, charges, rules, and regulations of the diverting carrier.

3. Except as may be otherwise provided by agreement between the carriers, or prescribed by the Interstate Commerce Commission or by an appropriate State regulatory body, the division of revenues derived from the transportation performed pursuant hereto shall be as determined by the Office of Defense Transportation.

4. All records of the carriers pertaining to any transportation performed pursuant to this order shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

5. The provisions of this order shall not be so construed or applied as to require any carrier named herein to perform any service beyond its transportation capacity, or to permit any carrier to alter its legal liability to any shipper. In the event compliance with any term of this order would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of any carrier named herein, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

6. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

7. Contractual arrangements made by the carriers to effectuate the terms of this order shall not extend beyond the effective period of this order.

8. Communications concerning this order should refer to "Supplementary Order ODT 3, Revised—38", and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

9. This order shall become effective July 23, 1943, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 9th day of July 1943.

[Region VIII Order G-2 Under MPR 280]

FLUID MILK IN ARIZONA, CALIFORNIA, OREGON AND WASHINGTON

Order No. G-2 under § 1351.807 of Maximum Price Regulation No. 280 as Amended—Maximum Prices for Specific Food Products (formerly Order No. 3).

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to and under the authority vested in the Regional Administrator by the Emergency Price Control Act of 1942 and § 1351.807 of Maximum Price Regulation No. 280 as amended, *It is hereby ordered:*

(1) The maximum price for fluid milk sold and delivered at wholesale other than in glass or fiber containers to stores, hotels, restaurants and institutions in the States of Arizona, California, Oregon and Washington, shall be the seller's maximum price as established under Maximum Price Regulation No. 280 as amended, or an adjusted maximum price computed as follows, which ever is higher:

The seller's maximum price for fluid milk of the same milk fat content sold at wholesale in quart glass containers or, if no maximum price for such sales in quart glass containers can be computed, then in quart fiber containers, whether such maximum wholesale price for fluid milk is established under Section 1499.2 or Section 1499.3 of the General Maximum Price Regulation or under any order heretofore or hereafter issued by the Regional Administrator pursuant to any provision authorizing the Regional Administrator to make adjustments of fluid milk prices in quart containers, shall be multiplied by 4, and the following amount shall be deducted:

	Cents
Where the quantity being sold is 5 gallons or less	4
Where the quantity being sold is more than 5 gallons but not more than 10 gallons	5
Where the quantity being sold is more than 10 gallons	6

The resulting figure shall constitute the seller's adjusted maximum price.

(2) For purposes of this order:

(a) The "quantity being sold" means the quantity being delivered by a given seller to a given purchaser upon a single day.

(b) All terms used in this order and also used in Maximum Price Regulation No. 280 as amended, shall have the same meanings in this order as in Maximum Price Regulation No. 280 as amended.

(c) The term "institutions" does not include the Armed forces of the United States or other purchasers at retail within the meaning of the General Maximum Price Regulation, but includes only those institutions whose purchases of fluid milk in bulk are covered by Maximum Price Regulation No. 280 as amended.

(3) Any adjusted maximum price established under this order shall be subject to further adjustment by the Office of Price Administration at any time.

(4) This order may be revoked or amended by the Office of Price Administration at any time.

(5) This order shall become effective on January 15, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

Issued this 15th day of January 1943.

[Amdt. 1 to Region VIII Order G-2 Under MPR 280]

FLUID MILK IN ARIZONA, CALIFORNIA, OREGON, WASHINGTON AND A PORTION OF IDAHO

Amendment No. 1 to Order No. G-2 (formerly Order No. 3) under Maximum Price Regulation No. 280—Maximum Prices for Specific Food Products; fluid milk prices in bulk in the States of Arizona, California, Oregon, Washington and the portion of the State of Idaho contained within Region VIII.

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to authority vested in the Regional Administrator by the Emergency Price Control Act of 1942 and § 1351.807 of Maximum Price Regulation No. 280, as amended, the said Order No. G-2 is hereby amended in the following particulars:

(1) The title of said Order No. G-2 is hereby amended to read as follows: Fluid Milk Prices in Bulk in the States of Arizona, California, Oregon, Washington, and that portion of the State of Idaho contained within Region VIII.

(2) Section (1) of said Order No. G-2 is hereby amended to read as follows: The maximum price for fluid milk sold and delivered at wholesale other than in glass or fiber containers to stores, hotels, restaurants, and institutions in the States of Arizona, California, Oregon, Washington, and that portion of the State of Idaho contained within Region VIII shall be the seller's maximum price as established under Maximum Price Regulation No. 280 as amended, or an adjusted maximum price computed as follows, whichever is higher:

The seller's Maximum price for fluid milk of the same milk fat content sold at wholesale in quart glass containers or, if no maximum price for such sales in quart glass containers can be computed, then in quart fiber containers, whether such maximum wholesale price for fluid milk is established under § 1499.2 or § 1499.3 of the General Maximum Price Regulation or under any order heretofore or hereafter issued by the Regional Administrator pursuant to any provision authorizing the Regional Administrator to make adjustments of fluid milk prices in quart containers, shall be multiplied by 4, and the following amount shall be deducted:

	Cents
Where the quantity being sold is 5 gallons or less	4
Where the quantity being sold is more than 5 gallons but not more than 10 gallons	5
Where the quantity being sold is more than 10 gallons	6

The resulting figure shall constitute the seller's adjusted maximum price per gallon.

(3) Section (2) of said Order No. G-2 is hereby amended by adding new subsection (d) as follows.

(d) The term "That portion of the State of Idaho contained within Region VIII" refers to the following counties in the State of Idaho: Benewah, Bonner, Boundary, Clearwater, Idaho, Kootenai, Latah, Lewis, Nez Perce, and Shoshone.

(4) This Amendment No. 1 may be amended or revoked by the Office of Price Administration at any time.

(5) This Amendment No. 1 shall become effective upon its issuance.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

Issued this 7th day of April 1943.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-730]

OGDEN CORPORATION

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 6th day of July, A. D. 1943.

Acquisition of Public Utility Securities by Registered Holding Company

Application by registered holding company pursuant to sections 9 (a) and 10 regarding the acquisition of certain minority stock of its public utility subsidiary *granted*, the Commission finding the tendency required by section 10 (c) (2) and observing no basis for an adverse order.

Appearances

Maurice C. Kaplan, of the Public Utilities Division of the Commission.

Simpson Thatcher & Bartlett, by Richard Jones, for Ogden Corporation.

Ogden Corporation, a registered holding company, has filed an application, pursuant to sections 9 (a) and 10 of the Public Utility Holding Company Act, regarding the acquisition from The North American Company, also a registered holding company, of 3,336 shares of the common stock of Laclede Power & Light Company, a public utility subsidiary of Ogden, for a cash consideration of $330,000.

After appropriate notice, a public hearing was held. No member of the public has objected to the proposal.

Laclede Power operates electric utility properties in St. Louis, Mo., which compete with Union Electric Company of Missouri, a subsidiary of North American, and which supply approximately 15% of the electric energy used in that city. It has presently outstanding a total of 35,993 shares of common stock, of which Ogden is the holder of 32,391 shares, or approximately 90%. The holdings of North American in Lacelede Power which Ogden now proposes to purchase amount to approximately 9% of the total outstanding, and the remainder—less than 1%—is scattered among some forty individual holders.

We have recently approved a plan, general in nature, filed by Ogden and subsidiaries pursuant to section 11 (e), which proposed the objectives of disposition by Ogden of all of its interests, held directly or indirectly, in holding and public utility companies, including Laclede Power, and the recapitalization of The Laclede Gas Light Company, also a subsidiary of Ogden, which owns and has leased certain electric utility assets to Laclede Power; we have also ordered Ogden to take such action pursuant to the requirements of section 11 (b) (File Nos. 54-69 and 59-63).[1] A detailed plan, as amended, providing for the sale of the electric utility assets operated by Laclede Power to Union Electric Company of Missouri, and the recapitalization of Laclede Gas is now before this Commission for hearing (File No. 54-39).[2]

Under such amended plan of reorganization of Laclede Gas, the net assets of Laclede Power, including the proceeds derived from the sale of its electric properties, will be turned over to Laclede Gas in exchange for new common stock of that company. The proposed acquisition by Ogden of almost the entire minority interest of Laclede Power will remove the possibility of a time-consuming and costly contest as to the allocation of such new Laclede Gas common stock between Ogden and North American, thus facilitating the carrying out of Laclede Gas's reorganization and the transactions related to the sale of the electric properties. For these reasons, and in the light of Ogden's stipulation that the securities which are now proposed to be acquired will be disposed of in accordance with the Commission's aforesaid order under section 11 (b) in regard to Ogden's interests in Laclede Power and within the period of time provided by such order,[3] we find that the proposed acquisition has the tendency required by section 10 (c) (2).

The record indicates that negotiations leading to the contract for the purchase of the holdings of North American in Laclede Power were conducted over a period of months and were at arm's-length. The proposed price to be paid by Ogden for such stock is somewhat high on a times earnings basis but is comparably low in relationship to the treatment proposed to be given the public minority holders of Laclede Power, who own less than 1% of its stock, in the reorganization plan of Laclede Gas presently pending before us. The relatively more generous treatment proposed to be accorded the small group of public security holders is justified by Ogden on a de minimus basis and is based on the assumption that the North American holdings in Laclede Power would first have been purchased at the lesser price. We are not now passing on that plan, but we see no reason why the arm's-length terms for the larger transaction with North American should necessarily involve identical treatment to that proposed for the small minority interest.

We have examined the conditions of the proposed acquisition, including the consideration to be paid, disclosure of interests, and similar matters, and we observe no basis for adverse findings under section 10 of the Act.

It is therefore ordered, That, pursuant to the applicable provisions of the Act, the said application be, and hereby is, granted, subject, however, to the terms and conditions prescribed in Rule U-24 of the General Rules and Regulations under the Act.

By the Commission.

ORVAL L. DUBOIS,
Secretary.

FRANCES J. LUBBE

FINDINGS AND ORDER REVOKING REGISTRATION AND EXPELLING MEMBER OF NATIONAL SECUPITIES ASSOCIATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 6th day of July, A. D. 1943.

In the matter of Frances J. Lubbe, 509 Western Catholic Union Bldg., Quincy, Illinois.

1. Frances J. Lubbe, the respondent herein, is registered as a broker and dealer under section 15 of the Securities Exchange Act of 1934, and is a member of the National Association of Securities Dealers, Inc. ("NASD"), a national securities association registered under section 15A of said Act.

2. The Commission instituted proceedings under sections 15 (b) and 15A (*l*) (2) of said Act to determine whether or not the registration of the respondent as a broker and dealer should be revoked, and whether or not the respondent should be suspended or expelled from the NASD.

3. The respondent has admitted the facts and statutory violations set forth in the order for hearing and has consented to revocation of her registration and to expulsion from the NASD.

4. On the basis of the admissions of the respondent, the Commission finds:

(a) From approximately February 1, 1942, to the date of our order for hearing, the respondent transacted a business in securities through the medium of a member of a national securities exchange. During said period the respondent: (1) in the ordinary course of her business as a broker, became indebted to various customers and others at times when she had

4. On the basis of the admissions of the respondent, the Commission finds:

(a) The respondent is permanently enjoined by a decree of the District Court for the Southern District of Illinois, entered on or about March 13, 1943, from engaging in or continuing certain conduct and practices in connection with her activities as an investment adviser and in connection with the purchase and sale of securities.

(b) The respondent willfully made untrue statements of material facts in her registration application and reports filed under sections 203 and 204 of said Act, and willfully omitted to state therein material facts required to be stated therein.

5. The Commission further finds that the respondent has violated section 207 of said Act and that it is in the public interest to revoke her registration as an investment adviser. Accordingly,

It is ordered, That the registration of Frances J. Lubbe as an investment adviser be and it hereby is revoked.

FRANCES J. LUBBE

FINDINGS AND ORDER REVOKING REGISTRATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 6th day of July, A. D. 1943.

In the matter of Frances J. Lubbe, 509 Western Catholic Union Bldg., Quincy, Illinois.

1. Frances J. Lubbe, the respondent herein, is registered as an investment adviser under section 203 (c) of the Investment Advisers Act of 1940.

2. The Commission instituted a proceeding under section 203 (d) of said Act to determine whether or not the registration of the respondent as an investment adviser should be revoked or suspended.

3. The respondent has admitted the facts set forth in the order for hearing and has consented to the revocation of her registration.

no net capital employed in her business; (ii) hypothecated customers' securities at times when no sums were owed to her by customers; and (iii) sold customers' securities without the knowledge or consent of such customers and at times when they were not indebted to her, and converted the proceeds to her own use and benefit.

(b) The respondent, as broker, has purchased and sold securities for the accounts of various persons and falsely represented to them the prices at which such purchases and sales had been effected, retaining secret profits thereon.

(c) The respondent, as broker, has accepted orders from customers for the purchase of securities for their accounts, accepted payment therefor, and thereafter confirmed execution of such orders when the respondent had not in fact executed such orders.

(d) The respondent willfully made false and misleading statements with respect to material facts in her application for registration, and willfully failed to make and keep certain books and records as required by law.

(e) The respondent is permanently enjoined by a decree of the District Court for the Southern District of Illinois, entered on or about March 15, 1943, from engaging in or continuing certain acts and practices in connection with the purchase and sale of securities.

(f) The respondent used the mails and instrumentalities of interstate commerce in effecting transactions described in subparagraphs (a), (b) and (c) above, and in inducing the purchase and sale of securities.

5. The Commission further finds that the respondent, in acting and failing to act in the manner described in paragraph 4 above, has willfully violated section 17 (a) of the Securities Act of 1933 and sections 8 (b), 8 (c), 10 (b), 15 (b), 15 (c) (1) and (17) (a) of the Securities Exchange Act of 1934, and it is in the public interest to revoke her registration as a broker and dealer and to expel her from the NASD. Accordingly

It is ordered, That the registration of Frances J. Lubbe as a broker and dealer be and it hereby is revoked; and

It is further ordered, That Frances J. Lubbe be and she hereby is expelled from the National Association of Securities Dealers, Inc.

By the Commission.

[Instruction 1-A]

PRINCIPLES AND PROCEDURE GOVERNING DETERMINATIONS AS TO VOCATIONAL HANDICAP AND AWARDING OF PENSION DURING PERIOD OF VOCATIONAL REHABILITATION

1. Instruction No. 1, Public No. 16, 78th Congress, paragraph 5, is hereby amended to read as follows:

5. Written notice of the decision of the rating board or central disability board, will include a statement as to whether the World War II service-connected pensionable disability produces a vocational handicap.

(a) In the event the determination is in the affirmative, the statement should be substantially as follows:

Public No. 16, 78th Congress, amended Veterans Regulation No. 1 (a), as amended, to provide among other things that "any person who served in the active military or naval service at any time after December 6, 1941, and prior to the termination of the present war, who is honorably discharged therefrom and who has a disability incurred in or aggravated by such service for which pension is payable under laws administered by the Veterans Administration or would be but for receipt of retirement pay, and is in need of vocational rehabilitation to overcome the handicap of such disability, shall be entitled to such vocational rehabilitation as may be prescribed by the Administrator of Veterans Affairs to fit him for employment consistent with the degree of disablement . . .". In the event you are interested and consider vocational rehabilitation is necessary to overcome the handicap of your service-connected disability, the enclosed Form 1900, Application for Vocational Rehabilitation, should be prepared and returned to this office for consideration and determination as to whether you are in need of vocational rehabilitation.

(b) Should the determination be in the negative, the statement should be substantially as follows:

Public No. 16, 78th Congress, amended Veterans Regulation No. 1 (a), as amended, to provide among other things that "any person who served in the active military or naval service at any time after December 6, 1941, and prior to the termination of the present war, who is honorably discharged therefrom and who has a disability incurred in or aggravated by such service for which pension is payable under laws administered by the Veterans Administration or would be but for receipt of retirement pay, and is in need of vocational rehabilitation to overcome the handicap of such disability, shall be entitled to such vocational rehabilitation as may be prescribed by the Administrator of Veterans Affairs to fit him for employment consistent with the degree of disablement . . .". It has been determined that the service-connected pensionable disability does not constitute such a vocational handicap as to require vocational rehabilitation to overcome.

(See paragraph 11 of V. A. Instruction No. 1, Public No. 16, 78th Congress, regarding notification to veteran of his right of appeal.)

(c) When Form 1900, Application for Vocational Rehabilitation, is received from the veteran, it will be attached to the claims folder and forwarded to the vocational rehabilitation division.

[P. & S. Docket No. 1558]

MISSISSIPPI VALLEY STOCK YARDS CO.

ORDER EXTENDING PERIOD OF SUSPENSION

On June 8, 1943, an order was entered in this proceeding under the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 1940 ed. 181 et seq.), which, among other things, suspended and deferred the operation and use of a schedule of rates and charges, designated as Tariff No. 6, for a period of thirty days beyond its effective date. Since the hearing in this proceeding cannot be concluded within the period of suspension, the time of suspension should be extended for another period of thirty days.

It is ordered, That the operation and use of Tariff No. 6 of Carroll P. Poland, doing business as the Mississippi Valley Stock Yards Company, Respondent, be, and it hereby is, suspended and deferred for a further period of thirty days beyond the date when the tariff would otherwise become effective.

It is further ordered, That a copy of this order be served upon the respondent by registered mail.

Chapter I—Civil Service Commission

PART 20—WAR OVERTIME PAY REGULATIONS

PAYMENT OF OVERTIME COMPENSATION

Section 20.9 is amended to read as follows:

§ 20.9 *Overtime compensation.* In addition to his regular earned basic compensation, an employee shall be paid overtime compensation, computed as provided in § 20.12 of this chapter, for such employment officially ordered or approved as exceeds forty hours a week: *Provided, however,* That heads of departments and agencies may, in their discretion, elect to grant full-time per annum employees compensatory time off from duty without loss of pay in lieu of overtime compensation for such employment as may exceed forty-eight hours in any week. In the event that compensatory time off from duty for employment in excess of forty-eight hours in any week is not granted within ninety calendar days after such employment is performed, the employee shall be entitled, in lieu of such compensatory time off, to overtime compensation for such employment computed as provided in these regulations at the rate or rates of compensation which the employee received during the period of such employment: *Provided, however,* That in the case of seasonal employees, such compensatory time off may, in the discretion of the head of the department or agency concerned, be granted at the completion of the season during which the employment is performed.

Heads of departments and agencies may delegate to any officer or employee authority to order or approve overtime in excess of the administrative work-week and to elect to grant compensatory time off from duty without loss of pay in lieu of overtime compensation as provided in this section. No overtime in excess of the administrative work-week shall be ordered or approved except by an officer or employee to whom such authority has been specifically delegated by the head of the department or agency.

PART 1460—FATS AND OILS

RESTRICTIONS ON USE

Food Distribution Order 42 (8 F.R. 4147) issued by the Secretary of Agriculture on March 31, 1943, is hereby amended to read as follows:

§ 1460.1 *Use of fats and oils*—(a) *Definitions.* (1) "Fats and oils" means all the raw, crude, refined, and pressed fats and oils whether vegetable, animal, fish, or other marine animal, their by-products and derivatives, including grease (lard) oil, sulfonated and similarly processed fats and oils, fatty acids, and lard and rendered pork fat, but not including cocoa butter, butter, wool greases, essential oils, tall oil, mineral oils, and vitamin bearing oils derived from fish or other marine animal livers or viscera.

(2) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons whether incorporated or not.

(3) "Manufacturer" means any person who uses any fats or oils in the manufacture of any finished product, and shall include all other persons directly controlling or controlled by such person and all persons under direct or indirect common control with such person. The term shall also include a soap converter. Soap converter means any person who uses soap made by others as

a raw material, and by addition of other materials, including, but not limited to, silicates, phosphates, abrasives, borax, corn meal, and soda ash, makes a finished product which is sold for detergent uses. The term "soap converter" shall not include those persons who merely add small amounts of color or perfume to the original soap, or persons who merely dissolve paste or other soaps in water to make liquid soaps without adding other non-soap detergent materials. The term "manufacturer" shall not include any crusher, renderer, refiner, or other processor except as and to the extent that his operations result in the production of a finished product, and also shall not include any person who uses fats and oils in the home in the preparation of food for household consumption. Blending alone shall not constitute a person a manufacturer.

(4) The "inventory" of a manufacturer at any time shall include all fats and oils held or controlled by him and all fats and oils purchased by him for future delivery. The inventory of a soap converter also shall include his supply of unprocessed soap and soap purchased by him for future delivery.

(5) "Finished product" means any product of a manufacturer produced for sale as his finished product and carried on his books as his finished product. Other than for the purposes of paragraph (d) hereof, "finished product" shall not include:

(i) Grease (lard) oil;

(ii) Sulphonated or similarly processed fat or oil;

(iii) Fatty acids;

(iv) Lard or rendered pork fat;

(v) Any fat or oil product intended for sale to another manufacturer for further processing in the manufacture of, or for inclusion in, any product (excepting a product falling within paragraph (a) (5) (vi) hereof);

(vi) Any edible product of which a fat or oil is not the principal ingredient;

(vii) Any edible product produced by any hotel or restaurant for consumption on the premises;

(viii) Any medicinal preparation, including vitamin preparation, other than medicated soap;

(ix) Olive oil;

(x) Poultry fat; or

(xi) Soap sold to soap converters for further processing.

(6) "Crusher" means any person who presses, expels, or extracts oils from any seed, bean, nut, or corn or other oil-bearing materials.

(7) "Principal ingredient" as used in paragraph (a) (5) (vi) hereof means the largest single ingredient by weight, subject to the qualification that mayonnaise and salad dressing are to be considered products of which a fat or oil is not the principal ingredient regardless of the fat or oil composition thereof in the particular case.

(8) "Soap" means the water soluble product formed by the saponification or neutralization of fats, oils, rosins, or their fatty acids with organic, sodium or potassium bases; or any detergent composition containing such products, including all types of shaving soap and shaving cream. The term does not include, however, soap used for non-detergent purposes or for the processing of textiles. "Non-detergent purposes" means uses in which the function of the soap is not to clean, wash, scour, or remove dirt, grit, grease, or any other foreign material from any surface, material, assembly, part or product.

(9) "Foots" means the by-product residue obtained in the refining of any fat or oil where such refining is accomplished by treatment of such fat or oil with any alkaline material. The term does not include "tank bottoms", catch basins skimmings, recovered fats and oils obtained from bleaching earth, deodorizer distillate, or other fatty residue obtained by a process other than alkali refining.

(10) "Base period use" means the average use during the corresponding calendar quarter of the years 1940 and 1941.

(11) "Director" means the Director of Food Distribution, War Food Administrator, or any employee of the War Food Administration designated by such Director.

(b) *Restrictions on manufacture.* (1) No manufacturer, except as provided in paragraph (b) (5) hereof, shall, in any calendar quarter, use or consume any fat or oil in any class of use listed in Schedule A, annexed hereto, in a quantity in excess of a quota equal to the percentage specified in such Schedule A of his average quarterly use or consumption of fats and oils in such class of use during the corresponding calendar quarters of the two years, 1940 and 1941. Any manufacturer who manufactured paste water paint, dry casein paint, or dry protein paint, as such, may determine an oil quota on the basis of one pound of oil for each gallon of paste water paint manufactured by him during the base period, and one pound of oil for each eight pounds of dry casein or dry protein paint, as such, manufactured by him during the base period. This oil quota shall only be used by him for the manufacture of paint containing not more than one pound of oil per gallon of paint.

(2) If any manufacturer does not, in any calendar quarter, use or consume the quantity of fat or oil permitted by paragraph (b) (1) hereof, the unused part of his quota for such quarter (beginning with the second quarter of 1943) may, for the purposes of paragraph (b) (1), be carried forward and used only in the succeeding quarter and then only after the regular quota for such quarter has been used.

(3) For the purpose of determining the quantity of raw "foots" which may be used or consumed, use or consumption shall be calculated on the basis of total fatty acid content.

(4) The restrictions on the use or consumption of fats and oils imposed hereby are imposed with respect to the use or consumption of fats and oils in the aggregate, and such restrictions are not to be construed to limit a manufacturer to the use or consumption of the same fat or oil used or consumed by him in the base period.

(5) Nothing in paragraph (b) (1) hereof shall restrict:

(i) The use or consumption of fats and oils in any calendar quarter by any manufacturer, who was using fats or oils prior to July 1, 1943, and whose aggregate use or consumption of fats and oils in such period is less than 6,000 pounds; or the use or consumption of fats and oils in any calendar quarter by any manufacturer, whose use of fats and oils did not start until on or after July 1, 1943, and whose aggregate use or consumption of fats and oils in such period is less than 1,000 pounds.

(ii) The use of fats and oils in the manufacture of any edible product or soap delivered or to be delivered to:

(*a*) The Army, Navy, Marine Corps, and Coast Guard of the United States;

(*b*) The Food Distribution Administration, War Food Administration (including, but not restricted to, the Federal Surplus Commodity Corporation);

(*c*) The War Shipping Administration;

(*d*) The Veterans Administration;

(*e*) The Panama Railroad Company;

(*f*) The United States Maritime Commission for use on vessels operated under its control;

(*g*) Any contract school or ship operator, as defined in Food Distribution Regulation 2 (8 F.R. 7523);

(*h*) Any person using an edible product in the preparation of meals to be served on vessels operated by the United States Maritime Commission;

(*i*) Any manufacturer for use in the manufacture of any edible products to be delivered to any of the persons or agencies named in this paragraph (b) (5) (ii); or,

(*j*) Any wholesaler or jobber for delivery to any of the persons or agencies named in this paragraph (b) (5) (ii):

Provided, however, That deliveries to the persons named in paragraphs (b) (5) (ii) (*g*), (*h*), (*i*), and (*j*) hereof, shall be nonquota only if supported by a certificate issued to the person having the prime contract with the agencies named in paragraph (b) (5) (ii) (*a*), (*b*), (*c*), (*d*), (*e*), and (*f*) hereof. This certificate shall be issued by the Quartermaster General of the Army, the Chief of the Bureau of Supplies and Accounts or the Chief of Naval Personnel of the Navy, the Commandant of the United States Coast Guard, the Quartermaster of the United States Marines, any duly authorized Army exchange officer, any duly authorized Navy ship's service officer, any duly authorized Marine Corps exchange officer, any duly authorized Coast Guard ship's service officer, the Administrator of the War Shipping Administration, the Administrator of Lend-Lease, the Director of the Veterans Administration, the Chairman of the United States Maritime Commission, the Vice President of the Panama Railroad Company, the Director, or the duly authorized representative of any of them. The certificate shall specify the name of the manufacturer supplying such fats and oils or soap, and shall state that the final products are for direct Army, Navy, Coast Guard, or Marine Corps issue or for sale in post exchanges or ships' serv-

ice departments, for contract feeding of Army, Navy, Coast Guard, or Marine Corps personnel, for consumption on ships operated under the War Shipping Administration or the Maritime Commission and for use by the Veterans' Administration, for consumption in the Panama Canal Zone, for export or shipment to any territory or possession of the United States, or for delivery pursuant to the Act of March 11, 1941 (Lend-Lease Act); and that the delivery or manufacture of such products will require a stated quantity of fats and oils or soap. The prime contractor shall furnish copies of such certificate, certified by him to be true and correct, to the persons from whom he obtains such products, and such certified copies shall be transmitted through trade channels to the manufacturer named thereon.

(iii) The use of fats and oils in the manufacture of all protective coatings, coated fabrics, linoleum, oilcloth, and felt base floor coverings, delivered or to be delivered to, or used on or incorporated in material and equipment delivered or to be delivered to, the Army, Navy, Marine Corps, or Coast Guard of the United States, the United States Maritime Commission, or to the War Shipping Administration, or delivered pursuant to the Act of March 11, 1941 (Lend-Lease Act): *Provided, however,* That no fats or oils used or delivered pursuant to the terms of this paragraph (b) (5) (iii) by any manufacturer shall be exempt from such manufacturer's quota under the terms of this order unless, on or before the 15th day of the month succeeding the month in which the fats and oils were so used, he shall mail to the Director a report of such use on Form FDA-478, or such other forms as the Director may prescribe.

(iv) The use of fats and oils in the manufacture of edible finished products and soaps to be exported to the Dominion of Canada where such Dominion has granted a license for the import of such products, or to any other country pursuant to an export license issued by the Board of Economic Warfare.

(6) A manufacturer's use of fats and oils pursuant to paragraphs (b) (5) (ii), (iii), and (iv) shall not be charged against his quota under paragraph (b) (1) hereof, and any fats or oils used or consumed by a manufacturer in the base period for any use set forth in paragraphs (b) (5) (ii), (iii), and for the manufacture of edible finished products and soap for export to a foreign country shall be excluded in determining his quota under paragraph (b) (1) hereof.

(7) A person who acquires all the manufacturing facilities of another person in a particular class of use shall thereby become entitled to the quota of such other person in such class of use, whether or not he continues to operate such facilities in whole or in part: *Provided, however,* That he shall within 30 days following such acquisition inform the Director of the facilities acquired, their location, whether or not operation will be continued in the same or another location, and the amount of quota which he claims to have acquired in each class of use.

(8) Fats and oils owned by one person, which are processed by another person, shall be charged against the quota of the owner and not the processor: *Provided, however,* That the title to the product resulting from the processing shall remain in the owner of the fats and oils and such owner shall market the product and shall invoice and collect for such product through his own organization, and the processor shall not buy directly or indirectly any product so produced. Otherwise, such fats and oils shall be chargeable against the quota of the processor.

(9) Each manufacturer of soap may, in any calendar quarter, substitute, in whole or in part, for the fats and oils (other than foots made from domestic vegetable oils or the fatty acids made from such foots) which he would be entitled to use under Schedule A in such manufacture, foots made from domestic vegetable oils or the fatty acids made from such foots. The quantity of such foots or their fatty acids which may be used or consumed shall be 80 percent of the base period use of fats and oils.

(c) *Restrictions on processing and inventories.* (1) No person shall accept delivery of fats and oils for his raw material inventory if the fats and oils in his raw material inventory are, or would through such acceptance become, in excess of a practicable working minimum inventory. This paragraph (c) (1) does not, however, restrict the inventories of any fat or oil in the form in which it is first produced by the crusher or renderer, or of any vegetable oil foots or their fatty acids.

(2) No manufacturer shall hereafter change the condition of any fat or oil in his raw materials inventory, or add any additional materials thereto, except to the extent necessary to store any such fat or oil in his raw materials inventory in a form necessary to prevent deterioration thereof, or except to put such fats or oils into process for the manufacture of his products subject to the limitations of paragraph (c) (3).

(3) No manufacturer shall hereafter increase the rate at which fats and oils are put into process by him, except to the extent necessary to meet the required deliveries of his finished products within the limitations established by this order and to maintain only a practicable minimum working inventory of such finished products. The term "practicable minimum working inventory", as used in paragraph (c) (1) and (3), shall be strictly construed. The mere fact that the turn-over has increased, or that materials are difficult to obtain, does not justify maintaining inventories above the minimum at which his operations can be continued.

(d) *Prohibited uses of fats and oils.* (1) No person shall use or consume any butter or any of the following fats and oils in any class of use listed in Schedule A other than the manufacture of margarine or the manufacture of other edible finished products: Oleo oil, Edible olive oil, Peanut oil, Sunflower oil, Sesame seed oil, Raisin seed oil, Tomato seed oil, Cottonseed oil, Corn oil.

(2) Nothing in paragraph (d) (1) hereof shall restrict the use of any fat or oil in any inedible product or soap where and to the extent that:

(i) The quantity of any such fat or oil owned by such person on December 31, 1942, was less than 60,000 lbs;

(ii) Any such fat or oil is used in the manufacture, preparation, or finishing of protective coatings and coated fabrics under the provisions of paragraph (b) (5) (iii) hereof, or in the manufacture of USP XII soap for medicinal use; or soft soap, hospital grade, according to United States Army specifications No. 4-1027A (February 5, 1941) for delivery to the United States Army;

(iii) Any such fat or oil is a by-product or residue (except stearine) of the permitted processing of any fat or oil, or consists of tank bottoms of any fat or oil;

(iv) The use by any person of any such fat or oil in any class of use which has been specifically authorized by the Director, where such person establishes, to the satisfaction of the Director, by letter that such fat or oil was owned by him on December 31, 1942, and was on such date unfit for edible use.

(e) *Existing contracts.* The restrictions of this order concerning delivery, acceptance, use, processing, and consumption of fats and oils shall be observed without regard to existing contracts or any rights accrued or payments made thereunder.

(f) *Records and reports.* (1) Each manufacturer, other than a soap converter, who, in any calendar quarter, uses or consumes more than 6,000 lbs. of fats and oils in the aggregate, shall file with the Bureau of the Census, Washington 25, D. C., each of the following reports in the following manner:

(i) He shall file, on or before the 15th day of each month, Bureau of Census Form BM 1, or such other form or forms as may be prescribed by the Director, showing the consumption of fats and oils during the preceding month; and

(ii) He shall file, on or before the 15th day of the second month of the succeeding quarter, Bureau of Census Form BM 2, or such other form or forms as may be prescribed by the Director, showing the consumption of fats and oils during the preceding quarter.

(2) The Director shall be entitled to obtain such information from, and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(g) *Bureau of the Budget approval.* The reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942. Subsequent specific record-keeping or reporting requirements by the Director will be subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(h) *Audits and inspections.* The Director shall be entitled to make such audit or inspection of the books, records and other writings, premises or stocks of fats and oils of any person, and to make such investigations, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(i) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him may petition in writing for relief to the Director, setting forth all pertinent facts and the nature of relief sought. The Director may thereupon take such action as he deems appropriate and such action shall be final.

(j) *Violations.* The War Food Administrator may, by suspension order, prohibit any person who violates any provision of this order upon receiving, making any deliveries of, or using fats and oils, or any other material subject to priority or allocation control by the War Food Administrator, and may recommend that any such person be prohibited from receiving, making any deliveries of, or using materials subject to the priority or allocation control of other governmental agencies. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(k) *Communications.* Except as hereinbefore provided, all reports required to be filed hereunder and all communications concerning this order shall, unless instructions to the contrary are issued by the Director, be addressed to the War Food Administrator, United States Department of Agriculture, Washington 25, D. C., Ref. FD-42.

(l) *Effect of other orders.* Insofar as any other order of the Secretary of Agriculture, the War Food Administrator, or the Director, heretofore or hereafter issued, limits or curtails to a greater extent than herein provided the use, acquisition, or disposition of any fat or oil, the limitations of such other order shall control.

(m) *Territorial extent.* This order shall apply only to the forty-eight States of the United States, the District of Columbia, and the Territory of Alaska.

(n) *Effective date.* This amendment shall become effective on the 10th day of July 1943, at 12:01 a. m., e. w. t. However, with respect to violations of Food Distribution Order 42, or rights accrued, or liabilities incurred hereunder, prior to said date, said Food Distribution Order 42 shall be deemed in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right or liability.

Issued this 10th day of July 1943.

MARVIN JONES,
War Food Administrator.

PART 1460—FATS AND OILS

RESTRICTIONS ON DELIVERY OF LINSEED OIL

The fulfillment of requirements for the defense of the United States will result in a shortage in the supply of linseed oil for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1460.20 *Delivery of linseed oil restricted.*—(a) *Definitions.* (1) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons whether incorporated or not.

(2) "Linseed oil" means the oil pressed, expelled, or otherwise extracted from flaxseed, whether raw, bodied, or otherwise processed, and includes the linseed oil content of the linseed oil not restricted under paragraph (c) (1) of War Production Board Order M-332 (8 F.R. 8356).

(3) "Crusher" means any person who presses, expels, or extracts linseed oil from flaxseed.

(4) "Processor" means a person who blends, cooks, or otherwise processes linseed oil for sale.

(5) "Manufacturer" means any person who uses linseed oil in the manufacture of another product. However, blending alone shall not constitute manufacturing.

(6) "Wholesale distributor" means a person who buys linseed oil from a crusher or processor and resells such oil, without further processing, to manufacturers or resellers (including processors).

(7) "Calendar quarter" means the several three-month periods of the year beginning on January 1, April 1, July 1, and October 1.

(8) "Director" means the Director of Food Distribution, War Food Administration, or any employee of the United States Department of Agriculture designated by such Director.

(b) *Restrictions on delivery.* (1) No crusher shall deliver linseed oil, in any calendar quarter, in the aggregate, to persons, other than manufacturers, processors, or wholesale distributors, in excess of a quota equal to 50 percent of the average quarterly amount of linseed oil delivered by him to persons, other than manufacturers, processors, and wholesale distributors, during the corresponding calendar quarters of the two years 1940 and 1941. For the purposes of this paragraph (b) (1), a crusher may make deliveries of linseed oil to a person who is both a retail distributor and a manufacturer, processor, or wholesale distributor the same as if such person were only a manufacturer, processor, or wholesale distributor. However, any oil so delivered shall be entered by the deliveree on his books as having been received by him as a manufacturer, processor, or wholesale distributor. A subsequent delivery of such oil to any person, intra-company or otherwise, by him, shall be subject, in accordance with such entry, to the restrictions of this order with respect to delivery by a manufacturer, processor, or wholesale distributor, as the case may be.

(2) No processor shall deliver linseed oil, in any calendar quarter, in the aggregate, to persons, other than processors, manufacturers, or wholesale distributors, in excess of a quota equal to 50 percent of the average quarterly amount of linseed oil delivered by him to persons, other than processors, manufacturers, and wholesale distributors during the corresponding calendar quarters of the two years 1940 and 1941. For the purposes of this paragraph (b) (2), a processor may make deliveries of linseed oil to a person who is both a retail distributor and a processor, manufacturer, or wholesale distributor the same as if such person were only a processor, manufacturer, or wholesale distributor. However, any oil so delivered shall be entered by the deliveree on his books as having been received by him as a manufacturer, processor, or wholesale distributor. A subsequent delivery of such oil to any person, intra-company or otherwise, by him, shall be subject, in accordance with such entry, to the restrictions of this order with respect to delivery by a manufacturer, processor, or wholesale distributor, as the case may be.

(3) No wholesale distributor shall deliver linseed oil, in any calendar quarter, in the aggregate, to persons, other than manufacturers or processors, in excess of a quota equal to 50 percent of the average quarterly amount of linseed oil delivered by him to persons, other than manufacturers and processors, during the corresponding calendar quarters of the two years 1940 and 1941. For the purpose of this paragraph (b) (3), a wholesale distributor may make deliveries to a person who is both a retail distributor (or wholesale distributor) and a manufacturer or processor the same as if such person were only a manufacturer or processor. However, any oil so delivered shall be entered by the deliverees on his books as having been received by him as a manufacturer or processor. Any subsequent delivery of

such oil to any person, intracompany or otherwise, by him, shall be subject, in accordance with such entry, to the restrictions of this order with respect to deliveries by a manufacturer or processor, as the case may be.

(4) No manufacturer shall deliver to any person, intra-company or otherwise, any linseed oil (excluding linseed oil contained in another product manufactured by him) received by him as a manufacturer, or entered on his books as having been received by him as a manufacturer, except as specifically authorized or directed by the Director.

(5) In making deliveries of linseed oil, the deliveror shall be classified in accordance with his relationship to the oil, under the terms of this order, at the time of making delivery. For example:

(i) If a person extracts linseed oil from flaxseed and delivers such oil without processing, he shall be classified as a crusher with respect to such delivery;

(ii) If the same person processes some of the oil produced by him, as a crusher, and then sells and delivers the processed oil, he shall be classified as a processor with respect to such delivery;

(iii) If the same person receives raw linseed oil from another crusher, and enters it on his books as having been received by him as a processor, and then delivers such oil, either with or without processing, he shall be classified as a processor with respect to such delivery.

(6) Notwithstanding any other provision of this order, linseed oil delivered by a crusher, processor, or wholesale distributor to any person, in response to a written request by such person, specifying that the oil be charged against the quota of the deliveror, shall be so charged, and the deliveree may deliver such oil without charging it to any quota he may have under the terms of this order.

(c) *Exceptions.* Notwithstanding the provisions of paragraphs (b) (1), (2), (3), and (4) hereof, linseed oil may be delivered, without restriction, to the Army, Navy, Marine Corps, or Coast Guard of the United States, the United States Maritime Commission, the United States War Shipping Administration, Food Distribution Administration, War Food Administration, any agency of the United States acting pursuant to the Act of March 11, 1941 (Lend-Lease Act), or to any person who exports such oil to a foreign country. No oil delivered to any of the foregoing persons or agencies, in the years 1940 and 1941, by any person, whether as a crusher, processor, manufacturer, wholesale distributor, retail distributor, or otherwise, shall be included in determining his quota under paragraphs (b) (1), (2), or (3) hereof, and any oil delivered to such persons or agencies, after the effective date of this order by a crusher, processor, or wholesale distributor shall not be charged against his quota. However, no linseed oil delivered pursuant to the provisions of paragraph (c) shall be quota exempt, unless, on or before the fifteenth of the calendar month following the calendar month in which the oil is delivered, the person making the delivery shall mail to the War Food Administrator a report showing the amount of linseed oil delivered, the person or agency to whom it was delivered, and the date of delivery. For the purposes of this paragraph (c), post exchanges, service men's clubs, ship's service stores, sales commissaries and similar organizations shall not be deemed part of the Army, Navy, Marine Corps or Coast Guard of the United States.

(d) *Intra-company deliveries.* The restrictions contained in this order with respect to deliveries shall, unless otherwise ordered by the Director, apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division, or section of a single enterprise to another branch, division, or section of the same or any other enterprise under common ownership or control.

(e) *Reports from crushers, processors, and wholesale distributors.* Every crusher and processor shall on or before July 15, 1943, file a report with the War Food Administrator showing the names and addresses of all wholesale distributors to whom he delivered linseed oil in the years 1940 and 1941, and the quantity delivered to each wholesale distributor in such period. The report shall also include the names and addresses of any other wholesale distributors to whom he has delivered linseed oil in 1942 or the first half of 1943. Every crusher, processor, and wholesale distributor shall also on or before July 15, 1943, file a report with the War Food Administrator showing the amount of his quota under the terms of this order for each calendar quarter.

(f) *Contracts.* The restrictions of this order shall be observed without regard to contracts heretofore or hereafter entered into, or any rights accrued, or payments made thereunder.

(g) *Audits and inspections.* The Director shall be entitled to make such audit or inspection of the books, records and other writings, premises or stocks of linseed oil of any person, and to make such investigations, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(h) *Records and reports.* The Director shall be entitled to obtain such information from, and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(i) *Bureau of the Budget approval.* The reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942. Subsequent specific record-keeping or reporting requirements by the Director will be subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(j) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may apply in writing for relief to the Director, setting forth in such petition all pertinent facts and the nature of the relief sought. The Director may thereupon take such action as he deems appropriate, which action shall be final.

(k) *Violations.* The War Food Administrator may, by suspension order, prohibit any person who violates any provision of this order from receiving, making any deliveries of, or using linseed oil, or any other material subject to priority or allocation control by the War Food Administrator, and may recommend that any such person be prohibited from receiving, making any deliveries of, or using materials subject to the priority or allocation control of other governmental agencies. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(l) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless instructions to the contrary are issued by the Director, be addressed to the War Food Administrator, United States Department of Agriculture, Washington, D. C., Ref. FD–63.

(m) *Territorial extent.* This order shall apply only to the forty-eight States of the United States, and the District of Columbia.

(n) *Paragraph (c) of Food Distribution Order 42 superseded.* This order supersedes in all respects paragraph (c) of § 1460.1 of Food Distribution Order 42 (8 F.R. 4147), issued by the Secretary of Agriculture on March 31, 1943, except that, as to violations of said paragraph (c) of said order, or rights accrued, liabilities incurred, or appeals taken under said order, said paragraph (c) of Food Distribution Order 42 shall be deemed in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, or liability. Any appeal pending under said Food Distribution Order 42 in connection with said paragraph (c) thereof shall be considered under paragraph (j) hereof.

(o) *Effective date.* This order shall become effective on July 10, 1943, at 12:01 a. m., e. w. t.

(E.O. 9280, 7 F.R. 10179; E.O. 9322, 8 F.R. 3807; E.O. 9334, 8 F.R. 5423)

Issued this 10th day of July 1943.

PART 1465—FISH AND SHELLFISH

FILING OF REPORTS

Pursuant to the authority vested in me by Food Distribution Order No. 44, dated April 1, 1943, as amended (8 F. R. 8797), Director Food Distribution Order No. 44–1, dated May 4, 1943 (8 F. R. 5825), is amended to read as follows:

§ 1465.21 *Reports in connection with restricted fish and shellfish—(a) Definitions.* When used in this order, unless otherwise distinctly expressed or manifestly incompatible with the intent thereof:

(1) The term "fish and shellfish" means fish and shellfish of the species designated in § 1465.20 (b) (1) of Food Distribution Order No. 44, as amended: *Provided*, That the albacore, yellowfin tuna, skipjack tuna, bluefin tuna, bonito, and yellowtail packed after June 27, 1943, shall not be subject to the reporting requirements contained in this order.

(2) The term "packing season" means the period from the time when a canner first commences to pack fish and shellfish on or after April 1, 1943, until the date that such canner ceases to pack fish and shellfish, or February 29, 1944, whichever date is the earlier.

(b) *Weekly reports.* Each canner shall report on Form FDO–44–1, entitled "Canned Fish and Shellfish: Weekly Pack Report", the quantity of each species of fish or shellfish packed by him in each calendar week of his packing season. Such reports shall be submitted for each calendar week during the respective canner's packing season, and such reports shall be submitted even though no fish or shellfish may be packed by such canner during a particular week. Reports for the calendar weeks or parts of calendar weeks subsequent to the effective date hereof shall be submitted as aforesaid within four days after the last day of each such calendar week.

(c) *Seasonal reports.* In addition to the weekly reports described in paragraph (b) hereof, each canner shall report on Form FDO–44–1 the total quantity of each species of fish and shellfish, respectively, which were packed by him during his packing season, and submit such report within 15 days after the termination of such packing season.

(b) *Completion of reports.* All reports submitted pursuant to paragraphs (b) and (c) hereof shall be completed pursuant to the instructions contained on Form FDO–44–1. The reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(e) *Filing of reports.* All reports covering fish and shellfish packed after July 10, 1943, to be submitted pursuant to this order by canners in the Territory of Alaska and in the States of Washington, Oregon, and California shall be addressed to Regional Administrator, Food Distribution Administration, Ref. FD–44, 821 Market Street, San Francisco 3, California; reports by canners in other States shall be addressed to the Director of Food Distribution, United States Department of Agriculture, Washington 25, D. C., Ref. FD–44.

(f) *Previous requirements continued in effect.* With respect to violations of Director Food Distribution Order No. 44–1, rights accrued or liabilities incurred prior to the effective date of this amendment, said Director Food Distribution Order No. 44–1 shall be deemed to be in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, or liability.

(g) *Effective date.* This order shall take effect at 12:01 a. m., e. w. t., July 15, 1943.

(E.O. 9280, 7 F.R. 10179; E.O. 9322, 8 F.R. 3807; E.O. 9334, 8 F.R. 5423; FDO 44, 8 F.R. 4227, 8797)

Issued this 10th day of July 1943.

ROY F. HENDRICKSON,
Director of Food Distribution.

TITLE 14—CIVIL AVIATION

Chapter II—Administrator of Civil Aeronautics, Department of Commerce

[Amdt. 2 of Part 525]

PART 525—NOTICE OF CONSTRUCTION OR ALTERATION OF STRUCTURES ON OR NEAR CIVIL AIRWAYS

NOTICE REQUIRED

JULY 5, 1943.

Acting pursuant to the authority vested in me by the Civil Aeronautics Act of 1938, as amended, particularly sections 308 and 1101 of said Act, I hereby amend Part 525 of the Regulations of the Administrator of Civil Aeronautics as follows:

1. By amending § 525.1 to read as follows:

§ 525.1 *Notice required.* Any person before engaging in the construction or alteration of any structure along or within 20 miles of a civil airway, in other than congested parts of cities, towns, or settlements, shall give notice thereof to the Administrator of Civil Aeronautics if the top or any part of such structure is, or may become, by reason of such construction or alteration greater than 150 feet above ground level, or above mean water level where the structure is, or will be, situated in or over navigable water. Like notice shall also be given to the Administrator of Civil Aeronautics if the top or any part of such structure is, or may become, by reason of such construction or alteration, greater than 5 feet above ground level, or above the mean water level where the structure is or will be situated in or over navigable water, for each 500 feet, or fraction thereof, of the distance that the structure is, or will be, situated from the nearest boundary of a landing area.

By striking in § 525.2 the word "duplicate", appearing in the second line, and substituting in lieu thereof the word "triplicate".

This amendment shall become effective 0001 e. w. t., July 15, 1943.

C. I. STANTON,
Administrator.

PART 601—DESIGNATION OF AIRWAY TRAFFIC CONTROL AREAS, CONTROL ZONES OF INTERSECTION, CONTROL AIRPORTS, AND RADIO FIXES

DESIGNATION OF COEUR D'ALENE AIR TERMINAL, IDAHO, AS CONTROL AIRPORT

JULY 5, 1943.

Acting pursuant to the authority vested in me by section 308 of the Civil Aeronautics Act of 1938, as amended, and § 60.21 of the Civil Air Regulations, I hereby amend Part 601 of the Regulations of the Administrator of Civil Aeronautics as follows:

By amending § 601.3 so as to include in the proper alphabetical order the designation of the following airport as a control airport:

City:	*Name of airport*
Coeur d'Alene, Idaho	Coeur d'Alene Air Terminal.

This amendment shall become effective 0001 e. w. t., July 15, 1943.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, United Art Studios, et al., Docket 4924, June 25, 1943]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 25th day of June, A. D. 1943.

In the Matter of Victor Klein, Trading as United Art Studios and Benjamin Kadet and Ada Kadet, Trading as Kadet Art & Frame Company

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer

of the respondents Benjamin Kadet and Ada Kadet, and stipulations as to the facts entered into between the respondent Victor Klein, trading as United Art Studios and the respondent Benjamin Kadet, trading as Kadet Art & Frame Company, and the respondent Ada Kadet, an individual, and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provide, among other things, that without other evidence or other intervening procedure, the Commission may issue and serve upon the respondents herein findings as to the facts and conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and conclusion that said respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent Victor Klein trading as United Art Studios, or doing business under any other name or style, his representatives, agents and employees, directly or through any corporate or other device, in connection with the sale and offering for sale, and sale and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of tinted or colored photographic enlargements of photographs and snapshots and of frames therefor, do forthwith cease and desist from:

(a) Representing, directly or in any manner, that colored or tinted photographs or colored or tinted photographic enlargements are hand-painted or are paintings;

(b) Using the terms "paintings", "hand-painted", "oil paintings on canvas", or the word "painting", either alone or in conjunction with any other words or terms in any way to designate, describe or refer to tinted or colored pictures, photographs, or photographic enlargements, or for pictures produced from a photographic base or impression;

(c) Representing that pictures being sold in the regular course of business at the usual and customary prices therefor are or will be sold only to a limited number of customers, or as a "special introductory offer" or "special advertising offer" to a "selected few"; or representing in any manner that a purchaser is receiving an advantage in price or other consideration not ordinarily available;

(d) Representing that any specified sum in excess of the actual cost of production is merely the "cost of production";

(e) Representing that the picture to be made and delivered will be a reproduction or duplicate of the sample displayed to the customer unless in fact the picture thereafter delivered is of the same quality, design and workmanship as said sample;

(f) Representing as the customary or regular prices or values for frames, prices and values which are in fact greatly in excess of the prices at which said frames are customarily offered for sale and sold in the normal and usual course of business.

(g) Concealing from or failing to disclose to customers at the time pictures are ordered that the finished picture, when delivered, will be so shaped and designed that it can only be used in a specially designed odd-style frame which can be procured only from respondent at prices fixed by him;

(h) Using a "draw", "draw contest", or so-called "lucky" blanks, trade checks, certificates or coupons, or any other device, plan or scheme or any prize contest or special introductory or advertising offer, so as to represent, indicate or imply that any customer will obtain a financial advantage thereby or be entitled to receive any picture free or to receive a substantial discount or reduction in the price of any picture or pictures;

(i) Failing or refusing, in cases where a picture ordered has been completed and paid for, to deliver to the customer the completed picture or the original photograph or snapshot previously loaned by the customer for use in producing the picture;

(j) Using the trade name "Art Studios" or any other fictitious name of similar import unless the respondent actually owns, operates, conducts or controls an organization or establishment of the character indicated and comprehended by the trade name so used; and from representing that respondent maintains or conducts a school of art where students are given instruction in art unless and until respondent has in his employ or under his control or direction artists operators or other persons skilled or acquiring skill in photographic technique or in the use of the air brush or paint brush, and in doing color work essential in the production of tinted or colored enlargements of photographs and snapshots.

It is further ordered, That the respondents Benjamin Kadet, individually and trading as Kadet Art & Frame Company, or doing business under any other trade name or style, and the respondent Ada Kadet, an individual, their representatives, salesmen and employees, directly or through any corporate or other device, in connection with the offering for sale, and sale and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of tinted or colored photographs and snapshots and frames therefor, do forthwith cease and desist from:

Representing or authorizing or cooperating in the representation that the business address of said respondents is that of the respondent Victor Klein or, in anywise, cooperating with said respondent Victor Klein in misrepresenting the nature, character or extent of the business conducted by him.

It is further ordered, That all of said respondents shall, within sixty days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

[SEAL] OTIS B. JOHNSON,
Secretary.

TITLE 20—EMPLOYEES' BENEFITS

Chapter III—Social Security Board, Federal Security Agency

[Regulations 3,[1] Amendment]

PART 403—FEDERAL OLD-AGE AND SURVIVORS INSURANCE[2]

EXTENSION OF TIME AND REVISION

This regulation, effective December 1, 1942, amends Regulations No. 3[3] (Part 403, Title 20, Code of Federal Regulations, 1940 Supp.), by amending § 403.711 *Extension of time and revision* of Regulations No. 3, as amended, as follows:

1. Paragraph (a) *Extension of time* of § 403.711 is amended by changing the second subparagraph thereof to read as follows:

Any party to an initial determination, a reconsidered determination, a revised determination of the Bureau in a remanded case (see § 403.709 (k)), a decision of a referee, or a decision of the Appeals Council may petition for an extension of time for filing a request for hearing or review or commencing a civil action in a district court, as the case may be, although the time for filing such request or commencing such action (see §§ 403.709 (b) and 403.710 (b) and section 205 (g) of the Act) has passed. Such petition may be filed with a referee or the Appeals Council if an extension of the time fixed by § 403.709 (b) for requesting a hearing before such referee is sought, and shall be filed with the Appeals Council in any other case. The petition shall be in writing and shall state the reasons why the request or action was not filed within the required time. For good cause shown a referee or the Appeals Council, as the case may be, may extend the time for filing such request or action.

2. Paragraph (b) *Revision for error* of § 403.711 is amended by changing the second subparagraph thereof to read as follows:

Either upon the referee's or the Appeals Council's own motion, as the case may be, or upon the petition of any party to a hearing, any decision of a referee provided for in § 403.709 (k) may be revised by such referee or the Appeals Council, and any decision of the Appeals Council provided for in § 403.710 (d) may be revised by the Appeals Council, when it clearly appears that there was an error of fact or law in such decision or that such decision was procured by fraud or misrepresentation. However, no decision as to the wages of an individual will be revised, except for the purposes provided in section 205 (c) (4) of the Act, after the fourth calendar

[1] 5 F.R. 1849.

[2] Under title II of the Social Security Act, as amended, effective January 1, 1940.

[3] For a chronological description of the statutory basis for the old-age and survivors insurance system under title II of the Social Security Act, as amended, and the regulations which have been issued thereunder, see § 403.1 of Regulations No. 3 of the Social Security Board. (§ 403.1, Title 20, Code of Federal Regulations, 1940 Supp.)

year following the year in which wages were paid or are alleged to have been paid, unless a party's petition for such revision was filed prior to the expiration of such fourth year and 60 days thereafter.

(Sec. 205 (a), 53 Stat. 1368, sec. 1102, 49 Stat. 647; 42 U.S.C. sec. 405 (a), 1302)

In pursuance of sections 205 (a) and 1102 of the Social Security Act, as amended, the foregoing regulation adopted by the Board is hereby prescribed this 5th day of July, 1943.

[SEAL] SOCIAL SECURITY BOARD,
A. J. ALTMEYER,
Chairman.

Approved: July 7, 1943.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-354]

VESCERA DISTRIBUTING COMPANY

Michael Vescera, doing business as Vescera Distributing Company, 456-60 North Salina Street, Syracuse, New York, is in the retail plumbing, heating, electrical and hardware supply business. Michael Vescera has been engaged in this business since 1925. Between June 18 and October 28, 1942, the respondent transferred six new electric domestic ranges having a total value of $940.25, in violation of Limitation Order L-23-b.

Between April 21 and October 30, 1942, the respondent sold four coal fired warm air furnaces and made forty-six sales of new plumbing and heating equipment having a value of $4975.74, in violation of General Limitation Order L-79. Respondent further advertised furnaces for sale in a newspaper having general public circulation over the statement that no priority was required. Respondent knew of the regulations and orders affecting him and his violations must be deemed wilful.

These wilful violations of General Limitation Order L-79 and Supplementary Limitation Order L-23-b as amended have diverted critical materials to uses unauthorized by the War Production Board and have hampered and impeded the war effort of the United States. In view of the foregoing: *It is hereby ordered,* That:

§ 1010.354 *Suspension Order S-354.* (a) Deliveries of material to Michael Vescera, whether doing business as Vescera Distributing Company, or otherwise, his or its successors or assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation or allotment shall be made to Michael Vescera, whether doing business as Vescera Distributing Company or otherwise, his or its successors or assigns, of any material or product, the supply or distribution of which is governed by any Order of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve Michael Vescera, whether doing business as Vescera Distributing Company or otherwise, from any prohibition, restriction, or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on July 14, 1943, and shall expire on October 14, 1943, at which time the restrictions contained in this order shall be of no further effect.

Issued this 9th day of July 1943.

Recording Secretary.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-360]

GUARDIAN STEEL CORPORATION

Guardian Steel Corporation is a Michigan corporation doing business at 11675 East Eight Mile Road, Detroit, Michigan, and is engaged in the business of maintaining and operating a steel warehouse at that address. Guardian Steel Corporation filed with the War Production Board its PD-83-a steel warehouse statement dated September 13, 1941, representing that in 1941 its principal sources of supply were 22 different producers listed thereon, as a result of which it obtained a quota for 2802.6 tons of steel, whereas it received no steel from said listed producers during 1941. Having received no steel from any producers whatever in 1941, the respondent was not entitled to a steel warehouse quota.

In its PD-298 report dated April 21, 1942, the company represented it had customers orders for 204,288 pounds of steel on orders bearing preference rating A-1-a, whereas said orders were for 153,208 pounds of steel and 8 of the orders bore ratings of A-1-d.

On April 1, 1942 the company issued a purchase order to Great Lakes Steel Corporation for 100 tons of steel plate, extending thereto a preference rating of A-1-a, whereas the lowest rating received by it to support such extension was A-1-d. This act was in contravention of M-21-b, as amended February 28, 1942.

The furnishing of false information to the War Production Board, thereby obtaining a quota as a steel warehouse, and thereby obtaining deliveries, constituted violations of Priorities Regulation No. 1. The action of the company as above described has hampered and impeded the war effort of the United States. In view of the foregoing, *It is hereby ordered,* That:

§ 1010.360 *Suspension Order S-360.* (a) Guardian Steel Corporation, its successors and assigns, shall not operate as a steel warehouse, as the same is defined in M-21-b-1, as amended June 26, 1943, unless prior written authority to do so has been obtained from the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Guardian Steel Corporation, its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on July 14, 1943.

Issued this 9th day of July 1943.

Recording Secretary.

PART 970—CHLORINATED HYDROCARBON REFRIGERANTS

[Conservation Order M-28, as Amended July 10, 1943]

Section 970.1 *Conservation Order M-28* is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of chlorinated hydrocarbon refrigerants for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 970.1 *Conservation Order M-28.*—(a) *Definitions.* For the purpose of this order:

(1) "Chlorinated hydrocarbon refrigerants" means trichloromono-fluoromethane, dichlorodifluoromethane, dichloromonofluoromethane, trichlorotrifluoroethane, and dichlorotetrafluoroethane.

(2) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency or any organized group of persons whether incorporated or not.

(3) "Producer" means any person engaged in the production of chlorinated hydrocarbon refrigerants.

(4) "Contract agent" means any person engaged in the business of accepting orders for chlorinated hydrocarbon refrigerants on behalf of and as agent for a producer.

(5) "Supplier" means any person engaged in the business of distributing chlorinated hydrocarbon refrigerants to persons using the same for installation in a refrigerating or air conditioning "system". The term shall include an equipment manufacturer to the extent that he engages in the sale of such refrigerants to distributors or dealers handling "systems". "System" means any "system" as defined in General Limitation Order L-38.

(6) "Equipment manufacturer" means any person who uses chlorinated hydrocarbon refrigerants for charging new refrigerating or air conditioning systems manufactured by him.

(7) "Insecticide manufacturer" means any person who uses chlorinated hydrocarbon refrigerants in the production of insecticides.

(8) "User" means any person who installs chlorinated hydrocarbon refrigerants in a refrigerating or air conditioning system, other than an equipment manufacturer.

(9) "Comfort cooling system" means any air conditioning system of a type described on List A, made a part of this order.

(b) *Classification of uses of chlorinated hydrocarbon refrigerants.* The uses of chlorinated hydrocarbon refrigerants are hereby classified as follows:

Class I: Army, for use in new or existing refrigeration and air conditioning systems.

Class II: Navy, for use in new or existing refrigeration and air conditioning systems.

Class III: Maritime Commission or War Shipping Administration, for use in new or existing refrigeration and air conditioning systems.

Class IV: Maintenance and repair of all refrigeration and air conditioning systems except those owned and operated by the Army, Navy, Maritime Commission and War Shipping Administration. This class includes household refrigeration but excludes refrigeration equipment used solely for storing or dispensing carbonated or malt beverages and comfort cooling systems as defined in List A.

Class V: Charging new refrigeration and air conditioning systems in the field except those systems owned and operated by the Army, Navy, Maritime Commission and War Shipping Administration, and excluding comfort cooling systems.

Class VI: Charging new equipment by an equipment manufacturer, exclusive of comfort cooling systems. This class does not include charging systems for Army, Navy, Maritime Commission and War Shipping Administration.

Class VII: Maintenance and repair of comfort cooling systems and maintenance and repair of refrigeration equipment used solely for storing or dispensing carbonated or malt beverages. This class does not include systems owned and operated by Army, Navy, Maritime Commission or War Shipping Administration.

Class VIII: Inventory—Surplus refrigerants in excess of one month's anticipated requirements.

(c) *Certification of orders by users, and deliveries thereunder.*—(1) *Orders must be certified.* On and after July 15, 1943, no user shall place an order with a supplier or any other person, and no supplier or other person shall accept such an order, for any chlorinated hydrocarbon refrigerants unless such order (or vendor's delivery receipt) is accompanied by a certificate endorsed thereon, or attached to it, showing the uses for which the refrigerants are required, and in substantially the following form:

The undersigned purchaser hereby certifies to the seller and to the War Production Board that he has no empty or surplus cylinders, and that, to the best of his knowledge, information and belief, the quantities of chlorinated hydrocarbon refrigerants covered by this order will be required during the next thirty days for use for the following classified purposes, as described in Conservation Order M-28:

Classification (Here list classifications included in the purchase order)	*Quantity required* (Here list quantity, in pounds, ordered for each classification)

Such certificate shall in every case be signed by the user or his authorized official, either manually or as provided in Priorities Regulation No. 7. It shall constitute a representation to the War Production Board, as well as to the supplier, that the facts stated therein are true. No supplier shall make any delivery under such an order if he knows, or has reason to believe, that such certificate contains any false, inaccurate or incomplete statement. He may rely thereon if he does not know or have any reason to believe that a certificate is inaccurate, incomplete or false.

On and after July 15, 1943, no supplier shall deliver any chlorinated hydrocarbon refrigerants except pursuant to an order accompanied by such a certificate as provided for above.

(2) *Deliveries to be subject to restriction.* If and whenever any use shall be prohibited, as provided in (g) below, no user shall install or use any chlorinated hydrocarbon refrigerants for such a use, regardless of the purpose for which it was acquired.

(d) *Certification of orders by suppliers; records; deliveries by suppliers* (1) *Orders must be certified.* On or before July 16, 1943 and on or before the 10th day of each calendar month thereafter, each supplier who wishes to secure delivery of chlorinated hydrocarbon refrigerants through any contract agent during the next calendar month, shall place his order for such refrigerants with the contract agent. No supplier shall place such an order with a contract agent, and no contract agent shall

accept such an order unless it is accompanied by a certificate endorsed thereon or attached thereto showing the uses for which the refrigerants are acquired, and the supplier's deliveries during the preceding month, in substantially the following form (except that deliveries made prior to July 15, 1943, may be estimated).

The undersigned purchaser hereby certifies to the seller and to the War Production Board that to the best of his knowledge, information and belief, the quantities of chlorinated hydrocarbon refrigerants covered by this order will be required during the next calendar month for deliveries by him for the following classified purposes, as described in Conservation Order M-28; and that he made deliveries during the preceding month of ---------- as shown below:

Classification	Quantities required	Deliveries in preceding month
(Here list classifications included in all purchase orders.)	(Here list quantity, in pounds, ordered for each classification.)	(Here show quantities delivered in preceding month for each classification.)

Such certificate shall in every case be signed by the supplier or his authorized official, either manually or as provided in Priorities Regulation No. 7. It shall constitute a representation to the War Production Board as well as to the contract agent, that the facts stated therein are true. No contract agent shall approve or request any such delivery if he knows, or has reason to believe, that such certificate contains any false, inaccurate or incomplete statement. He may rely thereon if he does not know or have any reason to believe that a certificate is inaccurate, incomplete or false.

On and after August 1, 1943, no contract agent shall approve or request delivery of any chlorinated hydrocarbon refrigerants to any supplier except pursuant to an order placed, and accompanied by such a certificate, as provided for above.

(2) *Records must be kept.* Each supplier shall keep records showing the quantities of chlorinated hydrocarbon refrigerants delivered by him during each month for the various uses as classified in paragraph (b) above and the quantities of such refrigerants allocated to him each month for deliveries in each of such classifications.

(3) *Deliveries by suppliers during July, 1943.* During the remainder of the month of July, 1943, only, each supplier shall give primary preference to deliveries for classifications I, II, III, and IV (without preference among such classes). If it appears that his available supply will exceed the amount estimated to be required for classifications I, II, III, and IV, then the residual supply shall be divided among classifications V and VI (without preference).

(4) *Deliveries by suppliers during August 1943 and subsequent months.* (i) During the month of August, 1943, and each succeeding calendar month, no supplier shall deliver for any use a greater quantity of refrigerants than is allocated to him during such month for that use, except as provided in (ii) below. A supplier shall rely upon the notification given him, by the contract agent with whom his order was placed, as to the quantities allocated the supplier for each of such uses during each calendar month, unless he knows or has reason to believe that such notification is incorrect, incomplete or false.

(ii) If a supplier has exhausted the quantity allocated him for classifications I, II, III, or IV during any calendar month, he may use his supply in classification VIII for the classification exhausted. If classifications IV and VIII become exhausted, he may then draw upon the supply allocated for classifications V or VI.

(iii) No supplier shall deliver during any month any such refrigerants allocated to him for delivery to or for use by the Army, Navy, Maritime Commission, or War Shipping Administration (Classes I, II and III) for use by any other person during that month; and no supplier shall deliver to or for use by any of such agencies any refrigerants which were allocated to him for civilian uses (Classes IV, V, and VI) during that month.

(iv) Any chlorinated hydrocarbon refrigerants allocated for classifications I through VII during any month and not delivered by the supplier during the month shall be transferred by him to classification VIII (Inventory), at the end of such month. If notice of his allocations for the following month has not been received by the first day of the month, the amount transferred to Class VIII (Inventory) from any classification may continue to be used for such classification; provided that the amount so used is restored to Class VIII, by deduction from the new allocation for that classification, as soon as notice of the new allocation for such month is received.

(e) *Certification of orders by contract agents, equipment manufacturers, and insecticide manufacturers*—(1) *By contract agents.* On or before the 20th day of each calendar month, commencing with the month of July, 1943, each contract agent who transmits orders for chlorinated hydrocarbon refrigerants from suppliers to a producer, for delivery during the next calendar month, shall place a written request for shipments, covering all of such orders, with the producer. No contract agent shall place such orders with a producer, and no producer shall accept such orders unless accompanied by the request with a certificate endorsed thereon or attached thereto, showing the uses for which the refrigerants are ordered, and deliveries made during the preceding month by suppliers placing orders through the agent, and in substantially the following form (except that deliveries prior to July 15, 1943 may be estimated):

The undersigned contract agent hereby certifies to the producer and to the War Production Board that he has received orders for shipment of the quantities of chlorinated hydrocarbon refrigerants covered by this request for shipments, for the following classified purposes as described in Conservation Order M-28; and that deliveries during the preceding month of ---------- were made as shown below:

Classification	Quantities requested	Deliveries in preceding month
(Here list classifications included in all purchase orders)	(Here list aggregate quantity in pounds ordered for each classification by suppliers)	(Here show aggregate quantities delivered in preceding month for each classification, as shown by suppliers' certificates)

Such certificate shall in every case be signed by the contract agent or his authorized official, either manually or as provided in Priorities Regulation No. 7. It shall constitute a representation to the War Production Board as well as to the producer, that the facts stated therein are true. No producer shall make any such shipment or delivery if he knows, or has reason to believe, that such certificate contains any false, inaccurate or incomplete statement. He may rely thereon if he does not know or have any reason to believe that a certificate is inaccurate, incomplete or false.

(2) *By equipment and insecticide manufacturers.* On or before the 20th day of each calendar month, commencing with the month of July, 1943, each equipment manufacturer or insecticide manufacturer who wishes to secure delivery of chlorinated hydrocarbon refrigerants from a producer during the next calendar month shall place his order for such refrigerants with the producer. No such manufacturer shall place such an order with a producer, and no producer shall accept such an order unless it is accompanied by a certificate endorsed thereon or attached thereto, showing the uses for which the refrigerants are acquired, and the quantities used during the preceding month, in substantially the following form:

The undersigned purchaser hereby certifies to the seller and to the War Production Board that, to the best of his knowledge, information and belief, the quantities of chlorinated hydrocarbon refrigerants covered by this order will be required by him during the month of ---------- for the following purposes, according to the classifications described in Conservation Order M-28 (or for the production of insecticide for the Army or for the Navy); and that he used such refrigerants during the preceding month of ---------- as shown below:

Proposed use	Quantities required	Used in preceding month
(Here show whether proposed use is for insecticide, or for classifications under M-28, or for each.)	(Here list quantity, in pounds, ordered for each use, or classification.)	(Here show quantities used in preceding month for each.)

Such certificate shall in every case be signed by the equipment or insecticide manufacturer or his authorized official, either manually or as provided in Priorities Regulation No. 7. It shall constitute a representation to the War Production Board, as well as the seller, that the facts stated therein are true. No producer shall make any delivery under such an order if he knows, or has reason to believe, that such certificate contains any false, inaccurate or incomplete statement. He may rely thereon if he does not know or have any reason to believe that a certificate is inaccurate, incomplete or false.

On and after August 1, 1943, no producer shall deliver any chlorinated hydrocarbon refrigerants to any equipment manufacturer or insecticide manufacturer except pursuant to an order placed, and accompanied by such a certificate, as provided for above.

(f) *Shipments by producers*—(1) *Statement of requested shipments.* On or before the 25th day of each calendar month, commencing with the month of July 1943, each producer shall file with the War Production Board a statement showing: the orders for chlorinated hydrocarbon refrigerants which have been transmitted to him by contract agents, or which have been placed with him by equipment and insecticide manufacturers, for delivery during the next calendar month, and the uses for which the refrigerants are ordered, as indicated by the certificates accompanying the orders; the quantity of such refrigerants which will be available for delivery by him, during such month; and his deliveries of such refrigerants to the suppliers and equipment and insecticide manufacturers, during the preceding calendar month (except that deliveries to suppliers prior to August 1, 1943, need not be shown by classifications).

(2) *Deliveries by producers.* On and after July 10, 1943, no producer shall deliver any chlorinated hydrocarbon refrigerants to any person, or for any use, except in accordance with specific directions from the War Production Board. Such directions will be issued primarily to insure the meeting of defense requirements, and of the more essential needs if and whenever all cannot be met. Such directions may specify the aggregate quantities of such refrigerants which shall be delivered by the producer during any calendar month (or other period) for any of the classifications of uses established by this order or for other requirements (including Lend-Lease, and the production of insecticide, separately, for Army and Navy use), or the proportion of the available supply among all or any part of the various classifications and other requirements, or establish a reserve or emergency stock to be held by the producer. Such directions may also direct the producer to make such adjustments in his deliveries as may appear reasonable and appropriate to equalize the inventories held by suppliers, so as to more nearly assure all suppliers of a minimum working inventory whenever practicable. Directions issued under this order to a producer and directing deliveries to be made by him for specified uses or in specified quantities shall be deemed allocations of the refrigerants for the purposes specified and, subject to the provisions of this order, no producer, supplier, equipment manufacturer or insecticide manufacturer shall make or receive delivery for any other purpose.

(g) *Prohibited uses (List B), emergency cases.* (1) No user, supplier, contract agent, or producer shall deliver or cause to be delivered to the owner of any system, any chlorinated hydrocarbon refrigerants for use in, or for resale for use in any system of the types described on List B, made a part of this order. Such list may be changed from time to time (from month to month, or otherwise) by amendments to this order, as the War Production Board may consider necessary to assure sufficient supplies of such refrigerants in all areas and for the uses which are deemed most essential to the national defense.

(2) An authorization for an exemption from the terms of paragraph (g) (1) above may be allowed by the War Production Board when an air conditioning system must be operated (i) to avoid intolerable conditions in sealed or substantially airtight rooms or enclosures used for essential purposes, or (ii) to protect the life or health of a person under care of a licensed physician. An exemption from the requirement of paragraph (d) that a supplier's order must be placed by the 10th of the month preceding that in which delivery is required, may be allowed when the supplier demonstrates that, due to causes beyond his control, it will be impossible for a delivery in classifications I, II, III or IV to be met by him or any other supplier or user unless an exemption is allowed. Application for such an authorization may be made by or on behalf of the person affected by such restriction, by letter or telegram or other communication addressed to the General Industrial Equipment Division, War Production Board, stating facts sufficient to enable the Board to determine the necessity for such authorization. If granted, the authorization may be by letter or telegram, and shall be transmitted by the applicant to the person who will supply such refrigerants, and shall be deemed an authorization to any user or supplier to furnish or install the minimum operating charge necessary to maintain such system in adequate operation.

(h) *Notification of customers.* Any producer, contract agent, supplier, or person who is prohibited from or restricted in making deliveries of any chlorinated hydrocarbon refrigerants by the provisions of this order, and any producer who is prohibited from or restricted in making any such deliveries by any directions issued hereunder and received by him from the War Production Board, shall as soon as practicable notify each of his regular customers of the requirements of this order or of such directions; but the failure to give such notice shall not excuse any customer from the obligation of complying with any requirement of this order, or of any such directions applicable to such customer and of which he has notice.

(i) *Effect of preference ratings.* The provisions of this order shall be followed by every producer, contract agent, supplier, user, equipment manufacturer, insecticide manufacturer, and any other person buying, selling or delivering chlorinated hydrocarbon refrigerants, without any regard to any preference ratings which have been assigned or which may hereafter be assigned to particular contracts or orders.

(j) *Miscellaneous provisions* — (1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as issued and amended from time to time.

(2) *Monthly reports.* Each person (including a producer, contract agent, supplier, equipment manufacturer, insecticide manufacturer, user, or owner of refrigerating or air conditioning systems) who has in his possession on the 15th day of any calendar month in excess of 500 pounds of any type of chlorinated hydrocarbon refrigerants, and any person who sold in excess of 2000 pounds of any type of such refrigerants during the preceding calendar month, shall file with the War Production Board, on or before the 20th day of each month, commencing with the month of July 1943, a report on Form WPB-3054 prepared in accordance with the instructions for such form.

(3) *Violations.* Any person who wilfully violates any provisions of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, materials under priority control, and may be deprived of priorities assistance.

(4) *Appeals.* Any appeal from the provisions of this order, or any direction thereunder, shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(5) *Communications.* All reports to be filed and other communications concerning this order should be addressed to: War Production Board, General Industrial Equipment Division, Washington, D. C., Ref: M-28.

NOTE: The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 10th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

LIST A: "Comfort cooling system" means any system, of any size, operated or installed for the purpose of lowering the temperature and/or humidity of air in any building, room or other enclosure used as, or located in any of the following:

Amusement parks.
Animal hospitals.
Auditoriums.
Ballrooms, dancing studios and dance halls.
Bank and loan associations.
Bars, cocktail lounges, and beer parlors.

PART 1046—SUPPLIERS

[Limitation Order L-63, as Amended July 10, 1943]

§ 1046.1 *Suppliers' Inventory Limitation Order L-63*—(a) *Definitions.* (1) "Supplies" means all the supplies listed below:

(i) Automotive supplies.
(ii) Aviation supplies.
(iii) Builders' supplies.
(iv) Construction supplies.
(v) Dairy supplies.
(vi) Electrical supplies.
(vii) Farm supplies.
(viii) Foundry supplies.
(ix) Grain elevator supplies.
(x) Hardware supplies.
(xi) Industrial supplies.
(xii) Plumbing & heating supplies.
(xiii) Refrigeration supplies.
(xiv) Restaurant supplies.
(xv) Textile mill supplies.
(xvi) Transmission supplies.
(xvii) Welding & cutting supplies.

even though such items or materials may be "consumers' goods" within the meaning of that term as used in Limitation Order L-219; but supplies shall not be deemed to include any of the items or materials set forth in List A.

(2) "Supplier" means any person (other than a producer) located in the 48 states or the District of Columbia, whose business consists, in whole or in part, of the sale from stock or inventory of supplies. "Supplier" includes wholesalers, distributors, jobbers, dealers, retailers, branch warehouses of producers and other persons performing a similar function.

(3) "Producer" means any person including any branch, division or section of any enterprise, which manufactures, processes, fabricates, assembles or otherwise physically changes any material.

(4) "Sales" means sales from stock, including consigned stocks and excluding direct shipments (i. e., excluding sales made by a supplier of supplies which such supplier has never received delivery of but has ordered from the producer thereof with instructions that they be shipped directly to the supplier's customer).

(5) "Seasonal lines" means any line of supplies in which a minimum of 40% of the supplier's total annual sales are made during a period of 90 days, or less.

(6) "Maximum permissible inventory" means

(i) In the case of a supplier located in Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma and Texas, an inventory (owned or consigned to him) of supplies of a total dollar value at cost (by physical or book inventory, at the option of the supplier) equal to the sales of such supplies at net sales figures, shipped from his inventory, during the four preceding calendar months.

(ii) In the case of a supplier located in the District of Columbia or any of the forty-eight states not enumerated in paragraph (a) (6) (i) above, an inventory (owned or consigned to him) of supplies of a total dollar value at cost (by physical or book inventory, at the option of the supplier) equal to sales of such supplies at net sales figures shipped from his inventory during the three preceding calendar months.

(b) *Limitation of supplier's inventories.* (1) Except as provided in paragraph (b) (3), (4), (5), and (6), no supplier shall accept any delivery of supplies from any person which will effect an increase in the inventories of the supplier above his maximum permissible inventory; and

(2) Except as provided in paragraphs (b) (3), (4), (5) and (6), no person shall make to any supplier any delivery of supplies which such person knows or has reason to believe will effect an increase in such supplier's inventory of supplies above the supplier's maximum permissible inventory.

(3) Any supplier, regardless of where located, shall be permitted to purchase and store an amount of seasonal lines equal to those which he purchased in the peak period of a comparable period of the previous year, but this peak period shall not exceed 120 days.

(4) A supplier may accept delivery of supplies which will increase his stock above the maximum permissible inventory, if such supplier's inventory of supplies is at the time of delivery less than his maximum permissible inventory and the delivery is of the minimum quantity of such supplies that can be commercially procured.

(5) A supplier may accept delivery of specific items of supplies when his stock of all items in the aggregate exceeds, or will by virtue of such acceptance exceed, his maximum permissible inventory, but only to the extent necessary to bring such supplier's inventory of those specific items (owned or consigned to him) up to a total dollar value equal to the sales of such items shipped from such supplier's inventories during the preceding month.

(6) The War Production Board may, from time to time, exempt specified suppliers or classes of suppliers from the provisions of this order, subject to such restrictions as the War Production Board may impose.

(7) The provisions of this order shall not apply to any supplier whose total inventory at cost, including consigned stocks, of all supplies is less than $35,000.

(c) *Provisions of other orders.* No provision of this order shall be construed to permit the accumulation of inventories of any item of material in contravention of the provisions of any other applicable order or orders issued by the War Production Board or heretofore issued by the Office of Production Management.

(d) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(e) *Records and reports.* (1) Each supplier (other than those suppliers who are exempt from the provisions of this order pursuant to paragraph (b) (6) or (7)) shall, on or before the twentieth day of each month make proper entry of inventory (book or physical at cost), sales of direct shipments, sales from stock, and total sales of each type of supplies as set forth in paragraph (a) (1) of this order, during the previous calendar month on Form WPB-825 (formerly PD-336). This form must be retained for a period of at least two years for inspection by representatives of the War Production Board.

(2) The War Production Board may at any time call for the submission of these reports.

(f) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(g) *Communications.* All communications concerning this order shall be addressed to War Production Board, Wholesale and Retail Trade Division, Industrial and Hardware Supplies Branch, Washington, D. C., Ref.: L-63.

Issued this 10th day of July 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

LIST A

NOTE: Paragraph (9) added July 10, 1943.

The types of material set forth below are not deemed to be supplies within the meaning of paragraph (a) (1). Accordingly, these materials may be excluded from the monthly report required by paragraph (e), and are not subject to the inventory restrictions required by paragraph (b), provided that sales of such materials are not included in computing maximum permissible inventory as defined in paragraph (a) (6).

(1) All General Steel Products listed in Schedule A of General Preference Order M-21-b-1 and all Merchant Trade Products listed in Schedule I of General Preference Order M-21-b-2.

(2) Materials made of aluminum, provided such materials were acquired by the supplier pursuant to allocation or other specific authorization of the War Production Board

(3) Automotive replacement parts as defined in Limitation Order L-158, and Automotive replacement batteries as defined in Limitation Order L-180.

(4) Functional replacement parts for machinery and equipment: *Provided*, That in no event shall the supplier accept delivery of any such parts where his inventory thereof is, or will by virtue of such delivery become in excess of six times his sales of such parts during the second preceding calendar month;

(5) Machinery or equipment which is purchased by the supplier at a cost per unit in excess of $500;

(6) Any material which is subject to rationing by the Office of Price Administration;

(7) The following building materials: Portland and natural cement, lime, gypsum and gypsum products, bituminous roofing materials, concrete pipe, cut stone, sand and gravel, crushed stone, clay products, insulation board, acoustical materials, mineral wool, paving materials, concrete products, glass, lumber, wooden mill work.

(8) Domestic mechanical refrigerators, as defined in Limitation Order L-5-d.

(9) Bare or insulated wire or cable for electrical conduction made from copper or copper base alloy.

PART 1161—OIL BURNERS

[Limitation Order L-74, as Amended July 10, 1943]

§ 1161.1 *General Limitation Order L-74*—(a) *Definitions.* For the purpose of this order:

(1) "Oil burner" means any devise which is designed for burning fuel oil for furnishing heat. It includes, but is not limited to the following types:

(i) Mechanical, steam or air atomizer oil burner.

(ii) Vertical or horizontal rotary oil burner.

(iii) Mechanical vaporizing oil burner.

(iv) Pot type vaporizing oil burner.

It shall include any oil burner for any boiler burner unit or for any furnace burner unit, any oil burner used as part of any water heater and any combination oil and gas burner, but does not include any oil burner used as a part of any domestic cooking appliance or of any domestic heating stove as defined in L-23-c, or any oil burner used in connection with any locomotive scheduled under L-97, or any oil burner used as a part of any commercial cooking and food and plate warming equipment as defined in L-182.

(2) "Class A oil burner" means any oil burner which is designed by the producer or approved by the Underwriters Laboratory to burn No. 5, No. 6 or heavier fuel oil, or which regardless of what grade fuel oil it burns, is designed or manufactured specifically for shipboard use or for heat processing.

(3) "Class B oil burner" means any oil burner which is designed by the producer or approved by the Underwriters Laboratory to burn No. 1 (except a Class C oil burner), No. 2, No. 3, or No. 4 fuel oil, but does not include any oil burner designed or manufactured specifically for shipboard use or for heat processing.

(4) "Class C oil burner" means any pot type vaporizing oil burner which is designed by the producer or approved by the Underwriters Laboratory to burn No. 1 fuel oil, but does not include any oil burner designed or manufactured specifically for shipboard use or for heat processing.

(5) "Fuel oil" means any liquid petroleum product commonly known as fuel oil, including Numbers 1, 2, 3, 4, 5, and 6, bunker C, diesel oil, kerosene, range oil, gas oil, or any other liquid petroleum product used for the same purposes as the above designated grades.

(6) "Approved order" means any order for:

(i) A Class A or Class C oil burner which:

(*a*) Has been ordered by or placed for the account of any claimant agency as defined in CMP Regulation 1, as such may be amended from time to time, or

(*b*) Has been ordered for use in a building or project authorized under P-55-b, or rated under Preference Rating Order P-55, or any order in the P-19 series, or

(*c*) Has been authorized by the War Production Board on Form WPB-2727, filed by the prospective purchaser with the War Production Board, Plumbing and Heating Division, Washington, D. C.

(ii) A Class B oil burner which has been authorized by the War Production Board on Form WPB-2727, filed by the prospective purchaser with the War Production Board, Plumbing and Heating Division, Washington, D. C.

(7) "Emergency replacement" means a replacement of an oil burner which has actually broken down and is beyond repair or which will be out of service during a period necessary to effect a repair.

(8) "Producer" means any person who manufactures, fabricates or assembles oil burners.
